It is interesting to note that those first meetings were held in the homes of members. At that time there were only 14 officers: (No Associate Patron, Chaplain, Marshal, or Organist). In those early days of Eastern Star, the male members paid twice the initiation fee and dues, and were not allowed to vote. Also aprons were worn in the meetings; each Chapter having its own individual style.

Nettie Ransford became Worthy Matron of her Chapter three years after she was initiated and served in this office in 1875, 1876, 1877, and in 1885. She served as Secretary in 1887-1889; also from 1892 to 1928.

During those early days the officers went to the Temple and opened Chapter prior to a funeral ceremony, then took a street car to the cemetery where the ceremony was completed. Events were time consuming.

In 1874, with the help of Willis Engle, an Episcopal Minister and a member of Queen Esther Chapter, the Indiana Grand Chapter was organized. In 1875 the first meeting was held in Anderson with 11 Chapters represented. The second meeting was held in Greencastle, and the third in Indianapolis. From that time on Indianapolis has served as our meeting place.

In 1875 General Grand Chapter was organized with representatives from California, Illinois, Indiana, Missouri and New Jersey, meeting in Indianapolis. A committee of seven was appointed to draw up a Constitution; and to formulate a Ritual. Sister Nettie served on the Ritual Committee.

The second meeting of the General Grand Chapter was held in Chicago in May of 1878. Sister Nettie was appointed to serve on the Appeal and Grievances Committee. From then on, she was active and became the Most Worthy Grand Matron 11 years later, serving from 1889 to 1892.

In 1888 Nettie Ransford conceived the idea of printing an Eastern Star paper and set up her printing establishment with very limited capital. At first she did nearly all the work herself and she continued to work at these duties until 1918 when her other duties in Eastern Star became quite heavy. She had to relinquish some of her work to hands less busy than hers. Sister Martha Zoercher took over the editing work. At this time, Sister Nettie was 80 years old.

She also organized the Past Matrons and Past Patrons Association of Marion County in the year 1917 and served as its first President.

Her one big project in life was to have a home, a shelter for the old folks, a refuge for the children of Master Masons left without parental guidance. For years she worked on this idea, and at last, in 1909 she was successful in convincing the Lodge Brothers of the need for a Masonic Home. She started a penny fund in various Chapters throughout the state. It is told how she always had a bank on the Secretary's desk of her own Chapter, and at every meeting she would remind the members to

Brethren: The installation ceremony for our officers was held Saturday, January 6. Attendance was good despite the cold and snow.

Again I want to thank Past Masters Delbert R. Dennis, LeRoy M. Roberts, Albert J. Fisher and Brother LaVerne E. Amstutz for a very splendid job. It makes a person proud to be a Mason when you see the work of these Brothers in the lodge room.

Our February schedule will be very full.

February 5 — Visitation Veterans Hospital 7:00-8:00 p.m.
(I'm sure the brothers at the hospital enjoy these visits)

February 6 — Master Mason Degree. Lodge opens 5:30 p.m. Dinner at 6:30 p.m.

February 13 — Stated Meeting, 7:30 p.m.

February 20 — Entered Apprentice Degree, 7:00 p.m.

February 27 — Fellowcraft Degree, 7:00 p.m.

March 5 — Master Mason Degree. Lodge opens 5:30 p.m. Dinner at 6:30 p.m.

Our annual Smorgasbord and Square Dance will be Saturday, February 24. Dinner at 6:30 p.m. Three Rivers will be host to the Corinthian Club. All Master Masons and friends are invited.

Our sincere sympathy goes to the widow and family of Brother John M. Davidson who took his place in that house not made with hands, eternal in the heavens.

Brethren it will do us good to labor for the benefit of mankind, to remember our vows, to uphold the traditions of masonry, to speak truthfully, to live gracefully, to act courteously.

Hope to see you in lodge and why not bring a Brother with you.

A few months ago, the chairmanship of the Veteran's Hospital Masonic Visitation Service for all the Fort Wayne area Blue Lodges was vacated. I am very happy to announce that one of our members, Brother Henry Lindeman assumed the responsibility of this worthy service. I commend him for his initiative and enthusiasm in this task. Brothers Lowell Alkire and William Maxwell are co-chairmen of Summit City's visitation committee. Many members have asked if only Masons are visited on these nights. While the prime purpose of the visitation is to converse with a Masonic brother, who is confined to the hospital, the only patients not visited are the isolated, extremely ill or those who are in the recreational areas enjoying television or otherwise visiting. In most all instances, the response is a warm and friendly experience enjoyed with these brothers and other men for a few minutes. Since no one particular lodge normally visits the hospital every month, the patients visited are usually new ones, the others having been discharged or transferred to other veteran's hospitals. Summit City will visit again on February 26 at 7:15 p.m. Come and be a part of this work.

Four members, Brothers Burton Ault, John DeYoung Sr., Henry Nicholson and V. Scott Dingman, will no longer travel this vale with us. To their family and friends we extend our sympathy. Brothers Burton Ault and John DeYoung Sr. were members of Summit City Lodge for more than 50 years. Brother Dingman was buried in Winston Salem, N.C., Salem Lodge No. 289 F&AM of Winston Salem performed the memorial services.

On Jan. 20th, Senior Warden Jack Brunson, Junior Warden Cledith Martz and I attended the fifth annual Grand Lodge Founder's Day Conference at Indianapolis. This conference is one of the high points of the Masonic year program to help your officers to better serve you in this year dedicated to Free Masonry.

Important dates to remember as part of the Juhilee Year; February 22, at Scottish Rite Auditorium, the Masonic play John Brent, and April 13th, Free Masonry's Salute to Tradition. While our Secretary is on vacation, Past Master Brother Robert H. Miller is keeping the ledger posted, accepting annual dues and 10 for 10 contributions for the Masonic Home in addition to answering the youthful Worshipful Master's questions.

Since the last writing of this column, Ned Yingst has been appointed to the line as S.S. Ned along with Dick Barkley and Max Zimmerman make up the three new officers in our line for the year 1968. I wish to congratulate you three brothers on accepting a position as an officer of the Lodge, and wish you much success.

By the time you read this article the Wardens, Secretary and myself will have attended Founder's Day in Indianapolis January 20th. Founder's Day was established in 1963, as a means of bringing newly installed Worshipful Masters, Wardens and Secretaries together for 1 day "short course" in Lodge administration. Carlos Porter the Junior Warden furnished the transportation.

We have some petitions to vote on at the stated meeting February 6th. If they are accepted, we should have degree work in February. Be sure to watch the Masonic calendar in the Sunday morning paper for the proper dates.

I would like again to call your attention to our Ladies night, which will be held Saturday, April 27th. Please mark that date on your calendar, and plan to attend.

On January 8th, 1968 we lost Brother Roy Lemmel to the celestial Lodge above. He was raised to the sublime degree of a Master Mason in September 1945. To his family we send our condolences.

Brethren it is with a saddened heart I inform you of the passing of Mary Miller, who was the wife of P.M. Laurence Miller. I have a special place in my heart for Laurence, for it was he who appointed me to the line as Chaplain and gave me the opportunity to become Master of Home Lodge. Brother Miller you have my deepest sympathy.

Brethren: We had a good installation — well attended. Thanks for attending. Our thanks to the installing officers Past Masters: Max Poorman; Ralph K. Sparks; Kenneth M. McGraw. Thanks Celia for a lovely refreshment table and service.

Our first stated meeting was held New Years' Night. Organization and planning meetings were held through January. We also conferred Fellowcraft and Master Mason degree on our December hold over Candidate. Thanks to the many brothers who returned their questionnaires. Hope to hear from others soon.

Our program "More Light on Masonry" will be presented through Demonstrations of Masonic Laws, Precedents, customs and films. We have a Mentor Committee this year working with the education committee. They will give answers to the new Candidates queries, as he progresses through the three degrees, to fan the flames of his interests, to show him the way to become a well informed Mason and thereby a better Mason. We must do our best to drive home to the Candidates heart the "Light of Masonry". The future of the lodge rests upon this aim and accomplishment.

When was the last time that you were asked why you are a Mason? What did you answer? What do you answer? We gain no worldly wealth or honors, we reap no benefits that would tempt others to join our ranks. How often when questioned have we remained silent? Why do we besitate to say that we are just men, in searcb of something better in our lives. We seek after truth, light of knowledge, and the answers to our questions. We receive teachings tbat are not new, light that covers many subjects and ages, and sign posts point the way that our questions lead us. It is not for any man to set down the answers for our questions about life and our Great Creator. These are things that we must find for ourselves, because only we know deep within our hearts and minds when the questions are finally answered and we are in tune with tbe Great Creator. It is an individual task to build our spiritual building, that place that God alone can enter and commune with us. Perbaps it is because we do not wisb to profane something so holy by showing it to the world. I can only wonder at the outcome of everyone showing divine inspiration to tbe world.

For the month of February we will have one candidate, so we will have EA Degree at 7 p.m. on the 14th, FC Degree at 7 p.m. on the 21st, and MM Degree at 7 p.m. on the 28th.

Brethren: Just a sbort note this month to remind you of some of tbe coming events.

We should have degree work for the month of February.

Veteran's Hospital visitation will be February 19.

Our annual Past Masters and Ladies night will be beld this year on Saturday, March 23. Our plans for this are moving along rather well and we would like to see a good turnout this year.

Keep in mind the date of April 13, as this night bas been set aside for a "Salute to Tradition" by the Grand Lodge. Summit City Lodge will be host for all tbe lodges in Allen County, and it would be nice to bave a good representation from Wayne Lodge No. 25, F. and A. M., since we are the oldest lodge in this county.

As you probably know by now, Simon Hartsing, P.M. has taken over the Craft this year. We are so happy to have him in this capacity, and he could use your belp, and I do mean you.

To those who are ill, we wish a speedy recovery and to those who have suffered a bereavement, we extend our heartfelt sympathy.

Hope to see you in Lodge and do bring along a brother who may be besitating.

P.S. I want to again thank all those who made our installation so impressive this year. My special thanks to the installing team, Brother Joseph McDowell, Brother Simon Hartsing, and Brother Cbarles Bandy. They did an excellent job.

The officers for the 1968 Spring Term were installed in formal ceremonies at the Masonic Temple on January 3, 7:30 p.m. Dad Emery E. Tucker presided as installing officer and Dr. James Fry, Mr. Albert Spencer, District governor Dad Mel Ehrman, Rev. Marvin Isley, and Jr. Past Master Councilor Jim Steeg served on the installing team. I would like to extend a special thanks to these men for their very impressive ceremony. I also would like to express thanks to my parents for tbeir belp in making the installation a success, and all the other people who were involved in the installation in any way. Tbe officers installed for tbe ensuing term are the following: Master Councilor, David Gregg; Senior Councilor, Steven Crook; Junior Councilor, Doug Knauer; Treasurer, George Strawbridge; Scribe, Mike Isley; Senior Deacon, Stan Parrish; Junior Deacon, Jim Steele; Senior Steward, Ron Haver; Junior Steward, Doug Perry; Cbaplain, Martin Procise; Sentinel, Bill Zurhrugg; Standard Bearer, David Zurbrugg; Almoner, Jim Castor; Marsball, Duncan Whyte; Orator, Jim Duncan; 1st Preceptor, Larry Stange; 2nd Preceptor, John Kinast; 3rd Preceptor, Larry Eister; 4th Preceptor, Bernard Tew; 5th Preceptor, Cbuck Nelson; 6th Preceptor, Art Johnson; 7tb Preceptor, Mike Roe. At the first meeting on January 10, the officers did quite well for their first time in their new offices and I would like to compliment them.

Tbe DeMolay basketball tournament bas started and Fort Wayne Cbapter is determined to clinch the state title. The boys have been practicing long and hard hours so that they can be ready for the stiff competition. Coach Rudy Finderson has high hopes for the team and so does Fort Wayne Cbapter. The Sectionals were played on January 27 witb Fort Wayne being host for tbe chapters in tbe vicinity of Fort Wayne. The Regionals will be played on February 3 and the winners of these contests will converge on Richmond, Indiana, for the State Finals on February 10. We're backing you team, so tear 'em apart.

I would like to remind all the members that February 28 is the first Initiatory degree and flower talk. If you bave a friend who is not in DeMolay, why not bring him in for membersbip? Petitions have started to come in and from the looks of things this next class is going to be a large one.

Let's not let all the good food and entertainment go to waste! Get busy and bring in those petitions and see tbat Jim has to meet his cballenge more than once.

14 Errors of Life

The fourteen mistakes of life listed by Judge Rentoul are:

To attempt to set up our own standard of right and wrong and expect everybody to conform to it.

To try to measure the enjoyment of others by our own.

To expect uniformity of opinion in this world.

To look for judgment and experience in youth.

To endeavor to mold all dispositions alike.

Not to yield to unimportant trifles.

To look for perfection in our own actions.

To worry ourselves and others about what cannot be remedied.

Not to alleviate if we can all that needs alleviation.

Not to make allowances for tbe weakness of others.

To consider anytbing impossible that we cannot ourselves perform.

To believe only what our finite minds can grasp.

To live as if the moment, the time, the day were so important that it would live forever.

To estimate people by some outside quality, for it is that within which makes the man.

It really is the little things
That mean the most of all . . .
The "let me help you with that" things
That may seem very small,
The "I'll be glad to do it" things
That make your cares much lighter,
The "laugh with me, it's funny" things
That make your outlook brighter . . .
The "never mind the trouble" things,
The "yes I understand,"
The interest and encouragement
In everything you've planned . . .
It really is the little things,
The friendly word or smile,
That add such happiness to life
And make it more worthwhile.

This is what I have found to be true of each of you — YOU have made this year seem more worthwhile.

On January 12th, the Shrine Patrol presented the new look — the nightgown patrol — We had a great deal of fun and many laughs. The new members of our Shrine presented a musical program and served the members refreshments. A great time was had by all. We can expect great things from these new members in future years.

January 26th was Advanced Officers Night, a preview of the year 1968-1969.

February 9th will be the Valentine Party — King and Queen Night. We hope you will join us for the party.

February 23rd will be the night we recognize the committees for their efforts in making this a great year. Your Worthy High Priestess and Watchman of Shepherds will aerve the refreshments.

A very special Thank You to Soj. Velma Freeze and her committee for the successful card party. It takes time and effort to make any project a success. Thanks again.

Don't forget Sojourners this is dues paying time again. We hope you will also send in your 52¢ for the Material Objective Fund.

There is only one thing for us to do, and that is to do our level best right where we are, every day of our lives; to use our best judgements, and then to trust the rest to that Power which holds the focus of the universe in His hands and which doeth all things well.

Everything is running smoothly at Bethel No. 8. On Jan. 17 we had Past Honored Queen Nite. It was good to have so many P.H.Q.'s with us. Our first money making project was a paper drive on Jan. 27. I would like to thank everyone who helped, especially those who were not Jobies, hut still donated their papers. Now everyone can save the papers for the next drive which will be in May. We hope to make it an even higger success than the last one.

I would like to compliment my officers on a wonderful display of the initiatory work on Feb. 7. Remember girls, we have inspection on March g, so, keep your part in mind.

I'm very pleased with the choir. All girls are encouraged to the choir. Also, any girls interested in taking the pre test are to contact Jane (745-3705).

I would like to remind mothers of the Mother's Clubings. They meet the second of every month. The next is on Feb. 12 at the home Blue, 2409 Springfield.

In closing I would like to you with this thought: He knows not, and knows not knows not, is a fool. Shun He who knows not, and know knows not, is a child. Teach He who knows, and knows no he knows, is asleep. Wake He who knows, and knows th knows, is wise. Follow him.

February is the month of surprises —we have set up Chapter and the snow came down in such bunches and the wind blew with such velocity, no one could go anywhere — so we approach it with some awareness of what has been and what could happen again. — But —

Never once since the world began,
Has the sun ever stopped shining,
His face often we could not see,
And we grumbled at His inconsistency,
But the clouds were really to blame, not He,
For behind them, He was shining,
And so behind life's darkest clouds
God's love is always shining.

This is the month in which we recognize and bonor two of our greatest statesmen; George Washington, with great courage and faith founded this America we love and our Homeland; Abraham Lincoln the greatest humanitarian who lifted from our soil the stigma of slavery; Let us remember these men and many others and remember the principles that make our great Chapter the fourth largest in tbe State in numbers and help us to make it at the top with faitb and love shining through. Come out to Chapter and make your membership meaningful to yourself and to your leader.

We just climaxed the month of January with the special party known to Shiloh tradition as the "Points Party", held January 30th on the first floor of the Temple at 7:30 p.m. The party was planned by tbe Star Points of the year to honor the Worthy Matron and Patron.

We are pleased to announce that the month of January brought us three new members — Mrs. Jean Rotbharr by iniation and Mrs. Gertrude Kennedy and Mr. Hugh Brittenham by affiliation.

Also, our Worthy Matron and Patron, Sister Jessie and Phil accompanied by sister Delta Schmoe, drove to the Masonic Home on January 9th to take Sister Caroline Lillian Phillips to be admitted to the Home where she will take up her residence. Sister Verna Bloom, cbairman of Relief Committee was instrumental in preparation for her needs.

Election of officers is always the important thing that lifts Febrnary to tbe front in activity of importance and we invite your attendance and your vote of confidence in the future officers of our Cbapter. Feb. 8th is the date.

Committee reports and recognition of the importance of each member of our committees who are behind all activity of the Chapter will be on February 22nd. Be tbere and show your loyalty.

Committee meetings for February are as follows:

Feb. 6tb — Soutb West Social, hostess Ruth Petty, 1:30 p.m.

Feb. 7th — Sunshine Committee with Thelma Bailey as hostess, 1:00 p.m.

Feb. 8th — Officers will meet with Shirley Brunson at 8:00 p.m. Margaret Anderson, assisting.

We began this New Year by honoring our chapter and 25-year members. Due to the bitter cold and so much illness, our number was small. We missed baving a charter member (we still have four) but were happy to bave 25-year members Sisters Bertha Irons, Cbloe McCarthy, Helen Herrick, Elsie Brown, Donna Jessie, Francile Gambrell, Vera Eizinger and Ethel Weikel present. The cboir serenaded them with "Memories" and they sbared some of these memories with us as they introduced themselves.

We are bappy to welcome Deanna Bishop and Sue Costello as sisters. Andy and Eleanor might bave a little trouble addressing Sue as sister, for at home she is their daughter and tbe wife of their son Arthur.

Sister Vera read the annual membership report and disclosed a loss in number this past year. As of December 31, 1967 our chapter membership was 1038. We have so much to offer in our beautiful order that we each should give some serious thought to sharing membership with others. Remember, granddaughters are now eligible.

Variety is the spice of life and our men certainly seasoned well the evening of January 18 when they joined in presenting a variety show for our entertainment. Clayton Herrick was the M.C. and with Del Proctor at the organ we were treated to music, comedy, song and dancing "girls" (how could so much masculinity look so feminine?) — can those men ever can-can! Forrie Finnell and Bob Biedenweg were the hawkers wbo must have had some "carney" experience. Under that clown make-up was Marion Baney; Max Poorman was the Irish ballad songster; and Duane McQueen was tbe soft-sboe specialty dancer. It was a program of slap stick comedy and sing-a-long fun put on by the best "talent" any cbapter can boast of. The men concluded their program by singing "Good Nigbt, Ladies" and the ladies say, thank you, gentlemen, for being tbe men you are.

The most important night of any year is election of officers. February 1st is the night we each should be present to vote our convictions and support.

On the 15th we hope to host a large delegation from Muncie cbapter as we return their bospitality. When these visitors are in our chapter, remember that Fort Wayne chapter is known as a friendly chapter. Introduce yourselves to these sisters and brothers and make them feel welcome aod glad tbey made the trip. Sister Eleanor's program will bonor those wbo have served as cbaplains, the station from which she began her journey East.

Sister Blancbe Rasmus served Fort Wayne Cbapter in 1930 as Worthy Matron and for many years was a faithful sideliner and has always been a loyal supporter of our cbapter. She now lives away from us and can't attend meetings so we're sending this little greeting to her.

A Valentine birthday!
How very nice,
And how appropriate, too,
That life began
on Valentine's Day
For a "sweetheart" like you!

Members Ill: Bessie Bishop, Helen Hickman, Mary McIntosh, Ruby Macy, Reta Faylor, H. Frances Bobn and Howard Hickman. Esther and Spencer Scbaberg were injured in an auto accident.

Illness in Families: Daughter of Carol and Dick Munk, son of Mary Jane Hamrick and busband of Edna Ditton Reager.

Deaths in Families: Daughter of Fern Leeth, mother of Irene Wooldridge, motber of Louella Goller, sister of Feraba Dailey, brother of Ray Jacot, and husband of Elizabeth Beach.

THE THINGS I GET

Do you get everything you want? You don't? Well, I'll declare that's strange — I have the same complaint. Perhaps it's not so rare.

The things we don't want come to us, in bunches, every day; but when we really like a thing, it seems to stay away.

We hope and wish and pray and cry and scheme and work and plan; while our desires remain beyond the reach of mortal men.

So after years of fruitless hopes, I think I'll cease to fret — and when I get things I don't like, I'll like the things I get!

January was a busy month for us. The "Brothers" gave their version of a Chapter meeting for our Star Pals. There were some beautiful Sisters? on parade. Our Past Matrons and Patrons were entertained with a smorgasbord dinner on Jan. 19th. Jan. 31st was our Points Party. The mezzanine was decorated to represent a Dude Ranch with Lady Bird Estber and Ranchero Mark at home on the S. and S. Ranch.

The only year end party we have news of is Sewing and Decorating on Feb. 19th on the mezzanine of the Temple with a catered dinner.

Illness in Chapter: Clarissa Baker, Bonnie Groves, Robert McClure, Dorothy White and Mabel Robinette ill at home. Nettie Maxwell at St. Josepb hospital, Nora Bryan and Daught Lasswell both had surgery at Park View.

Illness in families: Husband of Ann Bartelle at Parkview and granddaughter of Mae Ernst at St. Joseph.

Deaths in families: Mothers of Nettie Maxwell and Ruth Langkamp, Sister of Milton and Sarah Jay.

To those who are ill we wish a speedy recovery and to those in sorrow our deepest sympathy.

MEN OF COURAGE

Men of courage throughout the years
Have laid the sure foundation
Upon which was proudly built
Our great and mighty nation.

Men of courage crossed the seas
To search for a better land,
And it took such men as these
For a nation that would stand.

Men of courage bore the burdens
And the problems of their day,
Ever seeking for the wisdom
To work and serve a finer way.

Men of courage are still needed
To lend the best they have to give,
That all our forefathers founded
May nobly and staunchly live.

During the month of February we are reminded of the birthdays of two great men — Lincoln and Washington — surely men of courage and conviction. As you read the words above I hope you too were reminded of the courage the early members of our beloved order had. As they were seeking the wisdom to work and serve our order long ago may we continue in their footsteps.

Look over the calendar below and plan to attend some meetings.

8th — Ways and Means committee, 7:30. H.L. Mildred Walden, hostess.

The last stated meeting of Truth Court No. 21 was one of the busiest of the year. It was the night set aside for Anthony Wayne Nite, an annual observance which we feel helps to cement the bonds of friendship between our two Courts, H.L. Frances Adams and S.K. Al Schell were Guests on our throne and a lovely tribute was paid to them, and to the other friends and members of Anthony Wayne in attendance together with a gift for the occasion.

A tribute was also given by our Royal Matron to the Master Masons and to the Past Royal Matrons of our own Court.

Among those reported ill in our Court are H.L. Bonnie Groves who has pneumonia and H.L. Lucy Shedron who is still confined to her home. Deaths in the families were the mother of H.L. Nettie Maxwell, and cousin of H.L. Geraldine Boldt.

Our February meeting is the Annual Advance nite for our officers. All line officers will advance to the next years work which they will be doing. Come and give them your support.

An invitation was received from Hamilton Court No. 10 for the Official Visit of H.L. Gladys Hawbee and S.K. Harold Garrett on February 13th. This will also be their Friends Nite. Come and help them initiate their new candidates.

Coming Events:

Officers Meeting, February 1st, place to be announced.

Advance Nite, February 14th.

Nettie Ransford . . .

put in their pennies because a Home was needed for charitable purposes.

In 1912, by unanimous vote, the Grand Lodge F. & A. M. of Indiana resolved to build and maintain a Home and be willing to be assisted by the Order of the Eastern Star in this great undertaking. The next year a Building Committee was appointed to choose the site, prepare plans and to proceed in the creation of this Home. Records show that one lone woman, Sister Nettie Ransford, was on that committee. And when the committee reported funds were necessary, Sister Nettie had a contribution of $30,000 ready from the penny collection fund. In 1914 the site was selected at Franklin—about 224 acres. The following year the cornerstone was set. By this time the Stars had accumulated $32,000 through the Penny Fund. This was a great day in the history of Indiana Masons, as well as in the life of Nettie Ransford. A parade was held amidst great rejoicing. Through Nettie Ransford's efforts the rooms were furnished by the various Chapters of the State.

Nettie Ransford lived in an apartment on Illinois Street, just south of the Masonic Temple and many members came to her home to sew pillow slips, sheets, dresser scarfs, etc. to be used at the new Home.

A wonderful dream had come true. These were happy times when the first guests were admitted in 1916. Sister Nettie remained active until 1928; and spent the last few remaining months of her life in the beloved Home that she saw come into reality. She died November 20, 1928, just after her 90th birthday and was buried in Crown Hill cemetery in Indianapolis. Her husband had passed away in 1902. Each year the Indiana Grand Chapter fills a beautiful urn with flowers in memory of this Queen of Eastern Star in Indiana.

Just six years prior to her death a large evergreen tree was planted on the lawn of the Home in her honor; and on her 84th birthday it was decorated with a lighted Star and many colored lights. The children at the Home sang songs and presented Sister Nettie with flowers. This became an annual custom for each November and we still honor this much loved and very unselfish lady with a party in her honor at the Home. This November, as we went to the Home for Nettie Ransford Day we remembered her great conviction and loyalty to our purposes and reasons for existence; and gave thanks to Him who saw fit to create a person as wonderful as our P.M. W.G.M., Sister Nettie Ransford.

Many of the Eastern Stars who knew her also helped with her projects. We are particularly aware of the work Sister Alberta Huffman did in helping to create a movie which was shown at many theaters in the state—showing Nettie Ransford conducting a tour through the Masonic Home buildings and grounds. The proceeds from this movie were used for construction of the Nettie Ransford Chapel at the Home. This story about the Chapel was taken from the Indianapolis News on July 9, 1926:

"Members of the O.E.S., believing that a monument to the deeds of the living is better than a memorial to the dead, recently conceived the idea of placing upon the ground of the Masonic Home in Franklin, Ind., a Chapel that would stand as an impressive reminder of the service rendered by Mrs. Nettie Ransford to Masonry and the Eastern Star.

In looking at Nettie Ransford's life we realize that she lived a full and useful life; that her standards were extremely high and that everyone respected her judgment. Her sincere desire to have the Ritualistic work performed perfectly sometimes did cause embarrassment, or even worry when she would stop everything to make a correction. She had a way of impressing new officers with their responsibilities, the honor and the earnestness of their stations. She often stopped and told an officer to please place feet flat on the floor and she showed her love for children by encouraging her Chapter to give a Christmas party for the children of the Home.

In conclusion, we say:

"She slipped away to follow the Star—
In a land beyond our sight
And we know that she journeys there as here—
In the beautiful Eastern Sky of light.
No matter how winding the Labyrinth—
She knew each step of the way
With her face toward the East she is glorified—
In the land of Eternal Day."

And so ends some of the bright lights of a truly remarkable woman —one who was most certainly "FAIREST AMONG THOUSANDS AND ALTOGETHER LOVELY."

(This inspiring and informative article was written for Star-Life in 1964 and we felt that since we have many new members in our Order, as well as new subscribers to our magazine they would appreciate knowing just who "Aunt Nettie Ransford," or she is affectionately called is, and what she means to Indiana Grand Chapter.)

Indiana Grand Chapter has been represented on the Board of Directors of the Indiana Masonic Home from the beginning and Nettie Ransford was the first one to serve in that capacity, as she served from 1918 to 1928.

Brethren: I would again at this time like to thank you all for the honor of serving as your master this year.

Past Masters Leonard Fletter and Harold L. J. Shie, and Brother Richard Sauder did an excellent job as my installing officers, January 4, 1968. We had a fine turn-out and everyone enjoyed the refreshments and social hour after installation. Thank you Brother Edward Hager and Leah.

Your Master, Secretary, Senior Warden and Junior Warden attended the Founders Day conference at Indianapolis, January 20, 1968. The trip was made by bus with officers from several of the Lodges in the area. I am sure that all in attendance were greatly enlightened by the program presented by our Grand Lodge.

Brothers, don't forget our dues are due for 1968 and don't forget your contribution to the ten-for-ten Masonic Home program; this is such a worth-while program and I know Leo Lodge will do their share.

Since one of the Masters main duties is to set the Craft to work and give them good and wholesome instructions for their labors, there was an officers meeting held January 18, 1968. So, Brothers, if and when you are called to labor your cooperation will be deeply appreciated by all.

Our new Junior Steward John W. Anderson and our new Tyler Richard H. Luellen have been appointed and installed for 1968. Congratulations Brothers.

Support your officers by attending Lodge.

Brethren: As the master of Huntertown Lodge, I wish to take this opportunity to thank the members and officers who saw fit to elect me to this high honor. It is with deep humility that I accept the duties of Worshipful Master and I will do my best to serve my lodge well.

The public Installation of Officers was held following our regular stated meeting, January 4th. Installing officers were; Jesse Jeffries, P.M., Installing Officer; Rodney Lansaw, P.M., Marshall, and John Lare, P.M., Chaplain. The officers were duly installed in a very impressive manner.

I would like to take this opportunity to congratulate Robert Wentz on being raised to the Sublime Degree of a Master Mason, December 21, 1967.

On December 27, 1967 our Lodge held its annual Feast of St. John Table Lodge. We enjoyed a fine meal and an inspiring message was delivered by Brother Herschel McCord, Pastor of the Huntertown Methodist Church. The Box of Fraternal Assistance was passed for a worthy family in distress.

We do have degree work in January and February. At the time of this writing your Worshipful Master, Senior and Junior Wardens and Secretary are looking forward to attending Founders Day at Indianapolis, which is always an inspirational meeting.

We would like to see more of our members at stated and called meetings. I am sure they will get something out of each meeting.

Since most people like to make a good investment, may I suggest that every brother contribute as liberally as possible to the Indiana Masonic Home. May I also remind you brethren, that dues are now overdue.

See you in Lodge.

Brethren: We had our regular stated meeting and installation of officers on January 3rd. The installation was performed by Bros. Delbert Dennis, Lavern Amstutz and Leroy Roberts of Three Rivers Lodge from Fort Wayne. This was not their first installation at New Haven and I might add that they did a very commendable job.

Tuesday evening, January 10, we had Entered Apprentice degree work with our Junior Warden Harold Eddy conducting the Master's work. I would like to compliment him and the other officers on a job well done. We will also have Entered Apprentice work the 14th of February providing the ballot is clear. February the 21st will be Fellowcraft degree night with Master Mason night March 27th.

On January 18th, the Order of Eastern Star had a night to honor Master Masons and a very enjoyable evening was had by all.

January 20th was Founder's Day and I am sure everyone enjoyed the day as much as I did. It is good that Masons can get together for a day of Masonic education and fellowship.

New Haven Lodge is off to a wonderful start this year and I am sure the officers would appreciate any support that can be offered.

Brethren: I would first like to report our new lodge officers for 1968. They are Elmer Strautman, W.M.; Lester Luttrell, S.W.; Ronald Smith, J.W.; Roland Johnson, Treasurer; Stan Love, Secretary; Bob Hissong, S.D.; Kenneth James, J.D.; Roland Dorsey, S.S.; Kenneth Stotler, J.S.; Jake Guston, Chaplain; and Walt Love, Tyler.

My first month as your Master has been fast and busy. Founders Day Jan. 20, 1968 was rewarding and educational. Another fascinating project was looking up the charter members of our lodge. The lodge history of charter member, Jofata Samuel Sellers, was being sought by relatives, and your master and secretary spent many interesting hours looking through the archives.

During the month of January we tried to keep our meetings short and to the point. In the coming months, events are now being planned. They are the showing of the Sesquicentennial film titled "House Not Made with Hands", a Father and Son banquet, and degree work.

Brethren, I leave you with this thought, "If you wish to be perfect follow the advice you give others."

See you in lodge.

Brethren: As I stated in last month's issue, it looks like a busy year and January was just the start.

At our stated meeting, a petition was read and will be acted upon next month. On January 12, our old carpet was removed and the lodge hall was prepared for our new one which was installed the week of the fifteenth. I would like to thank all of the Brothers that gave so freely of their time and talents. I am sure that you will agree with me that we truly have a lodge hall of which we can be proud.

On January 22 we held a Fellow Craft degree, no date has been set as of this writing for the Master Mason degree.

It is with deep regret that I must report the loss of two of our members, Lester R. Henline, and Herman D. Polhemus. Our sympathy is with the families of these departed Brothers.

Let's not forget to send in that check for the 10 for 10 campaign, or better yet bring it to our next meeting and renew old friendships.

With this group of officers at the helm it looks like Olive Branch is in good hands and I am looking forward to a good year.

After installation we enjoyed delicious refreshments served by some of the sisters from St. Mary's O.E.S. (Masons will reciprocate when St. Mary's has its installation.) The refreshments and the social period that followed made our installation a complete success. Thanks to those who made this all possible.

Last month I said I would tell you all about our Seventeen Club, but due to colds, weather, time, and other events, your committee has not been able to make the final arrangements. I am hoping we can have this all done by next month.

January 11 was our first meeting. The attendance was good, but I would like to see a lot more next month. Business was on as usual. A lot of plans are made for the future and I will you informed.

One thing for us all to be ing about is "What will we do the house now that the proper longs to us?" We now own 120 x 120 feet with a house that should be removed. An Average American Speaks

By Ellsworth Clark, Jr., 32°
(In The Ohio Mason)

I BELIEVE in America. It is my country; I love it. Fortunately for me, I was born here. I say fortunately because being born here required no effort on my part. This much, and this much alone, was my inheritance; from there on I had to work at becoming and remaining an American in the true sense of the word. It wasn't easy; it isn't now; and, it never will be easy! To be an American is to be a free man; who can stand on his own two feet; accept his responsibilities along with his privileges; and who is willing to take the bad along with the good.

I have no desire to become a part of any crusade to save the world or remake it in America's image. I do not contend that all peoples should become like Americans—or even try to—unless it is their desire to do so. My duty is to be the best American that I can; to help it in my small way to become a better place in which to live. I know of no better way to do this than to become a better citizen, neighbor, husband and father.

The greater part of accomplishing this consists of actions which will never gain public acclaim, fame, or recognition. They are actions performed for which no medals are given; no fanfares made nor ticker tape parades held. These are the deeds performed because of the excellence of the results; integrity built into a product; children well rounded in basic moral principles; love of and respect for country; loyalty to friends and fairness in all dealings; deeds not performed as requirements, but as being the right things to do. All of this requires adherence to one's principles previously established on the foundation of prudence and experience and making no compromise concerning them because of expediency.

We cannot all be famous; we cannot all be world renowned; such prestige is for the few. There is only so much room at the top. Nevertheless, the rest of us, we average Americans, are important. It takes millions of us to keep the relatively few V.I.P.'s at the top. We are the foundation, we and the rule book, upon which the whole structure rests. If any of it erodes away, the collapse of the entire structure is inevitable. It is important, therefore, that such erosion — the lowering of standards, increasing lack of integity, loss of ethics, misguided rationalization, bypassing the Constitution, and such — not be permitted to debilitate us. We are the base of the pyramid.

We are aware of what our American policy should be; accordingly, we should make it known to elected representatives that if they do not carry out our wishes within the framework of their political duties they can and will be removed from office by us, the alert, informed, and determined electorate who has the courage of its convictions and who will exercise its tremendous power to make the system work the way it was intended to work. Thus, it takes millions of us, each standing on his own two feet — unafraid — to make and keep this a great and free America.

The Times Are Different

These words are often used to invalidate the past; to dispense with moral laws, and to indulge the desires.

Progress is generally identified with any change. But there are sad experiences when we find that a change in fundamental principles is anything but progress.

Of course times are different. Even a short span of time marks many changes. Science moves us along at a dizzy pace. We find it difficult to keep up with the many strange gadgets which are offered as "the new and different."

But what of Truth, of Justice, of Tolerance, of Integrity, of Love, or Moral Responsibility?

Years, decades and centuries cannot obscure that which is of far greater importance to man's existence than all that may be called progress.

When these elements of character are strangers to the age it is then the age which must make readjustments to make room for the unchangeable.

America

God built a continent with glory, and filled it with treasures untold. He bedecked it with soft, rolling prairies, and pillared it with thundering mountains. He studded it with sweet flowing fountains, and encompassed it with long, winding streams. He graced it with deep, shadowed forests, and filled them with song. These treasures would have meant little if myriads of people, the bravest of the races, had not come, each bearing a gift and a hope. They had the glow of adventure in their eyes, and the glory of hope in their souls; and out of them was fashioned a nation, blessed with a purpose sublime. They called it AMERICA! —Exchange

The Spring Term is highlighted by the upcoming events planned in the month of March. The high point of the month is International DeMolay Week, March 17 to March 24. This year DeMolays all over the world will celebrate the 49th anniversary of the founding of the Organization by Dad Land and the nine charter members. Also, this week is significant to Fort Wayne Chapter. Years ago the chapter received its charter. During the week of March 17, the members of Fort Wayne Chapter will carry out the seven cardinal virtues of a DeMolay. Each day of the week symbolizes one of the virtues, and on these designated days members will perform a service that is represented by the virtue. All members of Fort Wayne Chapter are urged to attend and participate in the "special" events planned for this upcoming DeMolay Week.

Fort Wayne Chapter's basketball team directed by Coach Rudy Finderson captured the sectional and regional championships in the state-wide tournament by defeating Marion, Huntington, and defending state champs, Union City. In the semi-finals, they defeated Michigan City and advanced to the final game held at Indianapolis on February 10. Although they were upended in the final game by a tough Washington team, they brought glory and honor to Fort Wayne Chapter. These boys deserve a lot of thanks and congratulations on a job well done. They gave up long hours and great effort to make Fort Wayne known in the state. Even though the boys had the physical workout, Coach Rudy Finderson had more of a strenuous workout. Those close games and close calls by the officials are enough to make any coach have gray hairs, but Coach Finderson withstood this pressure and led the boys to a great season. The members of Fort Wayne Chapter would like to thank Rudy for a job well done!

On February 28, the first initiatory degree was conferred. I would like to congratulate the officers on a fine job of ritualistic work. We're looking forward to the next initiatory degree.

The schedule for DeMolay Week is as follows:

Sunday, March 17 — Officers and members will attend the 11:00 service at the Wayne Street Methodist Church. If you plan to attend please be at the church by 10:00 so that instructions might be given.

Monday, March 18 — Special ceremony. Members meet at the temple. Time will be disclosed at a later date.

Tuesday, March 19 — Members will take cookies and cakes to the children's home. Meet at the Temple before going to the Children's Home.

Wednesday, March 20 — Members will attend night court. Those wishing to go should meet at the Temple. Time will be disclosed at a later date.

Thursday, March 21 — A new attraction to DeMolay Week. Members will wash an airplane at the Air Force base at Baer Field.

Friday, March 22 — Promotion of Historical Society.

Saturday, March 23 — Father-Son Breakfast at Kentucky Ranch House in Downtown Fort Wayne. A meeting for prospective members and fathers will be held at Masonic Temple following the breakfast.

Sunday, March 24 — Plans for this day will remain a surprise. Those wanting to find out should attend the meetings in March.

A final bulletin will be sent out the first week in March. Any changes will be disclosed, and times and places announced.

If there are any questions regarding the activities during DeMolay Week, members are urged to call either David Gregg, 747-0903; Steve Crook, 747-6948, or Doug Knauer, 483-1436.

Let's make this DeMolay Week a memorable one! Remember: Be Active, Be a DeMolay.

Brethren: Our first two months have gone by. We have been very active which makes a good lodge. Congratulations to our newly raised brother, Marvin Heiny. I am sure Brother Marvin will be a great asset to the fraternity.

We want to extend our thanks to the ladies who prepared and served the delicious dinner at our Master Mason Degree, February 6.

It was with pleasure we were able to give the three degrees in February as a courtesy to a friend from New York.

Your secretary, wardens and worshipful master, with several brothers of other local lodges, traveled to Indianapolis, Saturday, January 20, for a Founders Day meeting. The meeting was very informative and there was a large representation from all Indiana lodges. It is good to be with brother masons and enjoy their fellowship.

We hope and pray for a speedy recovery for Brothers Kenneth Perkins and Otis Dull who have been ill.

We had a very good attendance at the Veteran's hospital, Monday, February 5. The brothers present enjoyed the fellowship with the patients and I am sure the patients appreciated the visits. Three Rivers Lodge would like to Congratulate Brother Lindemann, our new chairman at the hospital. He is doing a wonderful joh and is to be commended very highly. Our next visitation will be Monday, March 25.

The Man Who's Square

There is something in the twinkle
Of an honest fellow's eye
That can never be mistaken
And can never be passed by;
Be his station high or lowly,
There's that doubtless, upright air,
That convinces all beholders,
That the man they see is Square.
Heaven gives such men influence,
Over those they daily meet;
If they see a fallen Brother
They will help him on his feet.
Make the Sneaks a bit uneasy,
Make the False act kind of fair,
For the greatest rogue on record
Will respect the man who's Square.
—Arthur unknown

Please come to lodge and hring a brother with you. We are enjoying the fraternity very much. Are you? See you in lodge.

I should really direct the first part of this news item to the ladies of the brothers of our Summit City Lodge membership.

Summit City's annual Ladies Night Banquet will be on Friday, March 29, at 6:30 p.m. in the Temple hanquet hall. All the officers and members of the Fellowcraft Club have tickets for sale. Tickets may also be obtained from Mrs. Doris Leiter at the trustee's office in the Masonic Temple during the week from 3 to 10 p.m., or at Past Master Harlan Miller's office on East Washington and Barr Streets or from Senior Warden Jack Brunson's office at 3409 East State Street. No tickets will be sold at the door the evening of the hanquet. Tickets will be available until March 26.

The ladies of our departed brothers will receive letters of invitation to be our guests for this evening.

The plans for Freemasonry's Salute to Tradition celebration to be held on Saturday night, April 13, in the Masonic Temple are nearly completed. On this date, your lodge, Summit City No. 170, will be the host lodge for all Allen County Blue Lodges for this celebration. We will he only one of the 92 host lodges for the 550 Blue Lodges of Indiana in the 92 counties of Indiana. Masonry in Indiana is more than 150 years old. This celebration is only one of many of the Grand Lodge Sesquicentennial Celebrations; however, this is the celebration in which you and I can be the major participants. The heritage of 150 years of Freemasonry is worthy of our recognition. The opportunity for us to meet together with nearly all of our brother Masons of the other Blue Lodges of Allen County can be more than an idle dream of the Masters of these lodges.

The Master of each lodge in Allen County is working with us to encourage a large attendance for this occasion.

Summit City Lodge will open lodge on the Master Mason degree at 5:00 p.m. and will confer this degree during the evening. It is hoped to have the senlor officers of all the Allen County Blue Lodges participating. Dinner will be served at 6:30 p.m. Within the next few days one of our brethren, who will be representing your Worshipful Master, will call you to ask if you will be part of this celebration.

Many members will be needed to assist in the program for that evening; your favorable response is welcomed.

Plan to bring another Mason with you. If you haven't been tn lodge for some time and if you have a friend or co-worker or both who is a brother Mason, invite them to participate with you in this celebration.

We mourn the loss of brothers Earl F. Blauvelt and Raymond P. Davis. To their family and friends we extend our sympathy.

Our Secretary, Past Master Dwight M. Myers, has returned from a vacation in Florida. Our quill and scroll have been in the capable hands of Past Master Robert H. Miller during his absence.

A gentle reminder brothers, open your wallet, check your dues card and date of the renewal of your driver's license. I bope neither are past due.

"Our Sacred Obligations"

Brethren: As the husy days come to a close and We retire to the Portals of Spiritual thoughts, we thank the Supreme Architect of the Universe for another day of life, health and happiness. We do not feel that we deserve the good fortune that is ours; the joy of home; love of wife and children; the confidence of friends; freedom of worship in the Church of our choice. In the quiet and peace we resolve to do more for others and to try to fulfill "Our Sacred Obligations" such as, a visit to a sick Brother. These Brothers who love Masonry, hut due to age or infirmity are unable to get to meetings, can be given a bit of Masonic cheer through a visit thus letting him know the lodge cares and has not forgotten him. The cost to us is only a little time, but to our brother Mason a happier day. Yes, as we rest comfortahly in medltation, we remember all too well; we remember the things we should have done and failed to do — "OUR UNFILLED OBLIGATIONS."

Brethren: We welcome a new Brother, Carl V. Lake who was raised to the Sublime Degree of a Master Mason January 22. Our February stated meeting was well attended. I would like to thank a group of men who do a fine joh in our lodge, and ask if there are any who would like to join them? I am speaking of the Fellowcraft Club. For those who have taken part in the second section of the MM Degree yon know what a fine piece of work is performed by the members of our FC Club. If you would like an opportunity to perform a needed service, receive heartfelt thanks for payment, and feel satisfaction over a job well done, then the Fellowcraft Club is for you. It should be unnecessary to say that we could not get along without them, as we should all remember the work given us. If we stop to think of the many benefits that we have received we would want to help in passing on to incoming masons the work which we all enjoy. If there are any who would like to help out in the presentation of the degree work please call Bob Moore at 743-8846 or Harold Longsworth at 442-8882. Brethren: It was gratifying to see so many members out for Master Mason night in January. The dinner was very good, thanks to the efforts of Ivan Planck and Donald Marvel, our Senior and Junior Wardens. My sincere thanks to all the brothers who worked in the kitchen! If we could have just a few more volunteers to help, this work would be lighter and everyone would have an opportunity to become hetter acquainted — thus gaining that feeling of true fellowship. Why don't you come out for the next Master Mason night and we'll see what our Senior and Junior Wardens have "cooked up" for us then.

By the time you read this, the month of February will he history, hut we are looking forward to the month of March when we should again have degree work. Also, don't forget Saturday, March 23, our Past Masters and Ladies night — get your tickets early and come see what we have planned for you.

Plans are going forward for the Pascal full moon meeting — this will be held on Saturday evening, April 13 — brothers be sure to mark this date on your calendar and plan to come spend the evening with ns.

Also, we wish a speedy recovery to all those who are ill.

I'm sorry to have to say this, but I have received some complaints recently as to the quality of our "investigations of petitioners". If, for some reason, when you receive one of these investigations, you feel unable to do a thorough job, would you please be kind enough to return the petition immediately, so that another brother will have ample time to do a thorough investigation. I would ask the cooperation of each and every one of you in carrying out this task. Thank you.

See you in Lodge, I hope.

Brethren: Our February stated meeting was well attended and we received two new petitions aod one for affiliation by transfer. It looks as though we will have degree work during March.

On January 20th your Master and Wardens attended the Founders Day Conference at the Scottish Rite in Indianapolis. The trip was made by bus with the officers of many of the Lodges in this area. I am sure that all that attended were enlightened by the program presented by the Grand Lodge. It was a most enjoyahle day for your officers.

Brethren, Waynedale Lodge has been asked, and has agreed to participate in the visitations with the patients at the Veterans Hospital. The other Fort Wayne Lodges have been making these visitations for several years and New Haven and Waynedale have now been invited to join in this worthwhile project. We will join together with the Brothers of Maumee Lodge on March 18th to make our first calls on the guests at the Hospital.

This is an opportunity to display Masonic Charity in its true sense. Please call your Junior Warden, John Conahan, and receive more information about this project.

At this writing there are plans for a "Fellowship Nite", Wednesday, Feh. 21st. If you did not bring a friend or brother to this meeting you missed an evening of Masonic fellowship, (and some good snacks).

Do not forget the stated meeting, Wednesday, March 6th. See you in Lodge.

Brethren: The first 2 months of 1968 have sped on the swift wings of time. The members of South Gate have heen busy and are pleased to announce that two new Brothers have been raised to the Sublime Degree of a Master Mason. Brothers Ernest Thompson and John Zion were sincere candidates aod welcomed into the Fraternity warmly on February 5. Brothers Wilbur Shown, William Kemp, and Al Samra spread a festive board to which all the brethren present did justice.

It has been a pleasure for South Gate to examine and find proficient, several visiting brothers and to share the Fellowship of each others company, — all of which leads to the one point I wish to emphasize, relative to the Worshipful Master's program for 1968.

It is my firm helief that the immediate needs of Freemasonry is not to be concerned with the number of new petitions we hope to have read

at our stated meetings, — but rather —what should we do to be more concerned about the needs of the present membership of our Fraternityl

Ohserving from a relatively oew Mason's point of view, it is my opinion, that for the money, the First Three Degrees of Masonry are a hargain. Nowhere else can you get so much for so little, in so short a time. And what did you get — a course in moral instruction, an education, religous teaching veiled io allegory, and an obligation to perform your duties to God, your country, your neighbor, and yourself hy the dictates of Brotherly Love, Relief, and Truth through Faith, Hope, and Charity. I say, quite a bargain.

But, how many present day Masons realize the benefits of being accepted into the Fellowship of their Lodges, and the rewards of being enabled and entitled, by their own endeavors, of returning to their own Lodges and visiting other Lodges and finding all of the above benefits and Fellowship on a common plane?

In 1968 it will he the objective of South Gate Lodge to re-extend the warm hand of Brotherly Love and Fellowship to the entire membership and to the Fraternity to unite in the basic principles and ideals of Freemasonry and to work for the common goal of Further light in Masonry.

The first requisite of a Mason is his steadfast belief in God, so let bim serve his Church as well as his Lodge.

The man who will regularly attend and Worship at the Church of his faith and who will support his lodge, will truly be a Christian and a Mason. Preserve our ancient landmarks, and review them, listen well to the Grand Master and bis Lodge and support them in their endeavors for the good of Mankind. The Grand Lodge 10 for 10 program; we all know what it is. Do we support it? Remember — every Master Mason has experienced the rite of Destitution, and also remember — Charity extends beyond the grave, through the boundless realms of eternity.

To the families of Brothers George Bessmer and Joseph Havlin, who recently passed to the Celestial Lodge above, we extend sincere sympathy. We also share the sorrow of Brother Roy Lemmel in the death of his father, who was also his Masonic brother. Brethren, it is our province and our duty to remember the widows and orphans of members of our Fraternity, who have departed to that House not made with hands, Eternal in the Heavens.

Brother Paul Muller has served South Gate faithfully in the role of chairman of the Veterans hospital visitation committee and will serve again this year. These efforts have been very rewarding to members making those visits and comforting to the patients, to know someone takes the time to show an expression of caring for their welfare. It is an excellent opportunity to serve others.

Brothers Hubert Steinbacher and Carey Baker have generously consented to serve the Lodge in the role of home visitation for the ill and member visitation in the public hospitals.

April 29 will be Charter Member Recognition and Past Masters night in conjunction with an actual Master Mason degree. Dinner will be served after the first section of the degree and recognitioo paid our charter members, after which the Past Masters will present the secood sectioo. Due and timely ootice will sooo be sent each PM informing him of his part.

Watch your Sunday paper for Lodge schedules. Don't forget — Attend your Church. See you in Lodge.

Like the end of a pleasant journey
The trail of the old year ends;
The days and the ways made easy
By the help of you—faithful friends.
My thanks, dear friends, for the help you have been
In many and many a way:
My wish is for everything good for you all
Through many and many a day.

Dear Sojourners: These are fond memories that I would like to share with each of you — just one more time — before our year is through—

As the lingering melody of "Let There Be Peace On Earth" filled the Shrine room — the memory of being escorted by my son, Randy, around the Cross the night of my installation, is still very vivid. The feeling of excitement, as I looked into the faces of our many friends, cannot be described. Our hopes and aims of dedieated service through faith, love and charity were attained.

The first money making project in the form of a rummage sale was a huge success thanks to Fanny Bickel. Many sojourners attended our Supreme Session in Kansas City, Mo. The school of instruction was very informative. Faith Sbrine has five Supreme Appointments by "Supreme". We had Memorial Ceremonial for six departed sojourners.

On June the 9th, the 14th birthday of Faith Shrine, fourteen candidates became sojourners. We also honored our Past Officers that evening.

With summer over — September 8th, we opened our Fall meetings with a potluck dinner. "Back To Shrine" we honored our side liners. We were honored with a surprise visit from P.S.W.H.P. Zelma Kah Stamper and her husband and also Berniee Geyer, Sup. Comm. Member from South Bend.

State Assoeiation at Indianapolis was attended and enjoyed by 39 members of Faith Shrine. The bus trip was one of relaxed and sociable atmosphere. Ten candidates became sojourners on October 27th in the Shrine Room. Another rummage sale held in November was successful as the one held in the Fall. One hundred and twenty two sojourners were present when we honored State President Lavon Reim. The men of Shrine proved themselves perfect hosts on Men's Night — not only in preparing and serving the refreshments but also in setting the tables, doing dishes and leaving the dining hall spic and span. The montb of December included Line Officers Night when we had 100 sojourners present including 21 officers from other Shrines over the state. Ceremonial was held in December for 13 candidates who were our honored guests at a very lovely Christmas dinner.

New Members Night was held January 12th. The Shrioe Patrol presented the new look — The Night Gown Patrol — you just couldn't believe your eyes. The new members had a song fest enjoyed by all — climaxing the evenings fun with delicious refreshments. Advanced Officers Night was January 26th, a preview of 1968-1969. A card party and style show and hair styling was held at the Auditorium of the Glenbrook Mall — it was a sell out — enjoyed by all who attended. Paul and Florence Wolf were honored February 9th at our Valentine Party by being crowned King and Queen of Faith Shrine. A large heart was formed on the Shrine floor with red crepe paper streamers by the Queen and King and other officers — with the arrow through the middle of the heart. Sojourners Paul and Florence were presented in the West, inside the heart, acknowledged and escorted by our King and Queen to the East, where they were crowned and presented a gift and seated on either side of the King and Queen. The Valentine King and Queen thanked the W.H.P. and W.O.S. for such a pleasant surprise —

"Adieu kind friends Adieu" was the theme for the Committee Recognization Night. Refreshments were served in the dining hall by the W.H.P. and W.O.S.

March 8th, is election night. The results are still unknown as of the present writing.

In conclusion, I wish to thank each member who had even the smallest part in making this year a happy memory — not soon to be forgotten — I have no regrets what so ever of giving my time to Faith Shrine—

Farewell: Sisters and Brothers of Star of The East Chapter, the close of our fraternal year is here, and with it closes for me a delightful, never-to-be forgotten year.

My period of service as your Worthy Matron is finished, the record closed. Whether or not I have fulfilled the pledges I made one year ago, whether I have conscientiously and consistently exemplified the principles upon which Our Order is founded is for you to Judge. I can only say, "I have tried."

Your co-operation has been given to me in full measure.

Our officers have been Proficieot in their work, faithful in the performance of the duties of their respective stations, and to the best of my belief the relations between officers and members have been fraternal and cordial.

For all of this receive my heartfelt thanks.

I want to thank the Chapter for giving me the hooor of serving as your Worthy Matron. Your frieodship will be among the choicest pearls in my "Memories Treasure Chest."

As I leave this rose hued Eastern Star Trail which I have been traversing let me say to you in all sincerity that:

As I view this pathway I've traversed,
And scan the whole year through,
My heart is full of contentment
And stored with sweet memories too.
Somewhere within earths regions,
There may he skies more hlue,
But not in countless legions
Can there he hearts more true,
My Heart has sensed no bitterness,
But — if bitter had been the hrew
I would still take the hitter with the sweet,
If I just might share it with you.

Your Worthy Matron,
Ruby Mowery

Dear Members, Jnst let me say as the year ends, Thanks for the Honor of serving our Chapter the past two years.

I have not tried to do wonderful things, hut through out these years, my one thought has been to teach the principles of our order.

In closing I would like to leave this thought with you:

The future's like a Winding road
We know not What's before
Surprises wait at every turn
Some had — Some good in store
So as we walk Life's Winding road
We'll find life more sublime
If we will keep our Faith and take
One turning at a time.

Your Worthy Patron
Sheldon Leiter

Time is slowly and surely running out for the officers of 1967-1968 and in a few short weeks we will again be facing installation and a new group of officers to lead our chapter in all its activities. Election was held on Thursday evening and it is with pleasure that we announce the following: Worthy Matron, Jeanette Stonehreaker; Worthy Patron, Richard Stonehreaker; Associate Matron, Kathryn Vonderau; Associate Patron, Arthur Vonderau; Conductress, Geraldine Crouch and Associate Conductress, Vancha Collins; Secretary, Rose McGraw and Treasurer, Dorothy Adler.

Installation has been set for March 29th at 7:30 p.m. in the Commandery Room on Fifth floor. We certainly extend to Sister Jeanette and Brother Dick, our most sincere wishes for a year of successes in all your efforts for the welfare of Shiloh Chapter.

As I journeyed from one committee to another during this past year and heard over and over the reading of my opening thought:

"May you have faith on your troubled days;
And hope that lasts till all shadows fade away.
Then Courage you will soon find,
To light the way to Charity and PEACE OF MIND."

These words have had a way of helping me to see and feel the need of those who are making all the plans and preparations for projects and pleasures of our year and to so very many we owe a very special "Thank You" and in the words of all Worthy Matron's and Patrons, "No one goes this way alone"; it must include not only the chairman of our General Family, Sister Louise McCoy and Sister Fanny Bickel with the plans for all our social activity. Morea Fisher whose duties were to plan for all the money making projects and we say a special Thank you to you and your group. The Committee chairman and Secretaries have a never ending task to keep their groups in touch with all the activities and secure the needed help and your efforts are rewarded in knowing you have earned that familiar phrase, "A joh well done," must he carried hack to the members of each and every committee. The Sunshine committee has done a marvelous joh of keeping in touch with all who are ill and to each of you a special thank you. The keeping in touch with all our shut-ins was master-minded hy Alice Schaeffer. We are sorry to report that Caroline Lillian Phillips did not get to enjoy her lovely surroundings at the Masonic Home hut a few weeks as she passed away and this we regret very much.

Your Worthy Patron and I wish to extend hearts filled to overflowing with gratitude for the faithfulness and loyalty of officers; whose stations signify their purpose in our order; it has indeed heen a pleasure to have worked with you and feel rewarded with your friendship.

To my fraternal Mom and Pop, Sister Lucille and brother Ben Thompson, the hest friends any Worthy Matron and Patron have; to walk heside you and their help to keep things running smoothly for you when understanding is the sixty four dollar word in your vocahulary. Thank you both for the many times you have come to my rescue and the help you have given along the way; your friendship is valued highly.

Our opportunity to become a part of the M & M'a of District No. 14, have given us many friendships throughout the past four years as we worked together in doing our part in helping our Grand Worthy Matron Sister Maxine and Worthy Grand Patron, Brother Jim to realize their goals for this year. This has heen a very special privilege.

March 6th will close our year of leadership and the committees will meet together in the Dining Room on first floor with a dinner meeting at 6:30 p.m. Sister Ilo Wyatt is chairman of the many hostesses for the party.

March 14th is also a special day as we meet together on the Mezzanine with a Pot-Luck dinner at 6:15. Meat, rolls and coffee will be furnished; hring your table service and a favorite dish so others may eojoy it too. Come out and have a happy time together.

The Hospital Committee have set their March Party at 12:30 at the Rose Marie Hotel Dining Room on the Landing at 119 W. Columhia. Sister Beulah Wood and Mahle Carhaugh are planning this and the usual good time is expected.

The Past Matrons will meet on their regular meeting day, the 16th of March at the home of Sister Justine Miller with assisting hostesses, Amelia Brown, Mary Ellen Sihle and Ethel Felger.

Soon we will come to the parting of our ways, our mission to our Chapter, fulfilled; and pass on our duties to others, with a wish their joys will be as great as ours have heen and true friendship the outcome of your labors.

The world holds many hlessings
But few of them can compare
To the hlessings of a Friendship
Like the one that we have shared.

Your Worthy Matron and Worthy Patroo.

If you were in chapter January 18 and then read the write-up of Men's Night, you know the intentions of our men were more than you witnessed, hut illness had its nasty grip on some of our top talent. Those men who were there gallantly put on their part of the program and we did enjoy it. Our thanks to Claude Howard for taking over the M.C. spot, and to the men who made and served those lucious sandwiches after chapter. Thirty-seven men assemhled in the West, introduced themselves and were treated to a parade to the tune of "Sugar In The Morning" hy the choir. They truly are "God's Gift To Women" as our Worthy Matron expressed in her greeting.

February 1st we chose Marjorie Rodemeyer to serve as Worthy Matron and Robert Waldo as Worthy Patron of our chapter this next year. Elected to serve with them were Louise Biedenweg, Associate Matron; Robert Biedenweg, Associate Patron; Vera Hayden, Secretary; Helen Helms, Treasurer; Marguerite Arnos, Conductress; and Elsie Brown was elected from the Electa point to Associate Conductress.

May many joys be yours
and future years fulfill
Every hope and dream for you
the way you hope they will.
Congratulations and hest wishes.

On February 15 we paid honor to all past chaplains. Sister Eleanor, who served as chaplain in 1963, welcomed about twenty who have also served in this station. Following a lovely program, they formed a semi-circle in the West, introduced themselves and were presented a gift.

We were especially happy to have some forty friends from Muncie Chapter as our special guests that night. We hope they enjoyed being with us as much as we enjoyed having them.

The All Committee Party was held February 19 with our Conductress Louise Biedenweg serving as chairman. An Irish theme aod the colors, flowers and emblems associated with this year were used to fete our Worthy Matron and Patroo.

After a bountiful dinner, the program suggested a vacation for Eleanor and Andy now that their year is nearly over. Pat McKinney and two little hoys portrayed Eleanor and sons waving goodbye to Andy as they enplaned for Ireland. With a

Those bonnie lassies with the Scotch hats and drapes were Evelyn Lewis, Marjorie Isley, Margaret English, Ethel Daub, Virginia Curtis and Elsie Brown.

The backdrop behind the head table displayed the Heart of Gold emblem surrounded by shamrocks and the tables were centered with white roses, shamrocks and gold hearts.

The committees gift of love aod appreciation to our Irish colleen and Scotch laddie was a portable TV, which we hope will bring them many pleasant hours. Followiog the program, hingo was enjoyed to conclude a grand evening.

Little Paths of Sunshine
Little paths of sunshine
Surround us every day,
To make our lives worthwhile
In a very special way.
They begin at dawning
When you awake to see
The wonders and the glory
Set on earth for you and me.
The smile of a loved one,
The greeting of a friend;
Kind deeds you do for others
Are sunny paths which never end.
They lead into the twilight,
So still and restful there;
Little paths of sunshine
Are truly everywhere.
In the laughter of the children,
In the daily work you do,
In your quiet prayers at bedtime,
They are always close to yon.
Little paths of sunshine
Make your heart a happy one
From the moment you awake
Until the day is one.

Fellow Companions: I was very proud of the proficiency of our new corps of officers, as exhibited in the opening ceremony at our first meeting in January. I am certain that the initiatory work this year will follow the same commendable pattern. On the 15th of March, we will confer the Past Master degree upon brother Shockley Lockridge. Attend this meeting and give us your support.

Companion Claude Warner is the Master of the First Veil for the ensuing year. I am happy to announce that Paul Dunn, Past Master of Leo Lodge, is demitting from the Chapter at Wabash in order to apply for affiliation with us.

There are several things I would like to see accomplished this year. I am going to concentrate my efforts on the two things we need most. First, we need two more good men to complete our line of officers. Next, I want each officer to do his best, and be as proficient as possible when we are conferring the degrees upon candidates. Companions Meyers, Popp, and I are working on a three year program which should help us to attain this goal.

Roy N. Bates, P.H.P., is in Room 303, at the St. Joseph's Hospital. Several weeks ago, he slipped on the ice and fell, broke his wrist, and badly damaged his hip. He would appreciate a visit, or getting a card from you.

Every good Mason has a code of ethics or morals, which helps to guide his footsteps through life. Whatever these guide-posts may be, they are all inspired by the greatest light in Masonry, the Holy Bible. Because I am human, I often-times fall short of the aims set forth in my own Philosophy of life. It is as follows:

I shall always endeavor to conduct my life in such a manner, that I will ever have the good-will and respect — of my employer — my fellow workers — and of all mankind.

Happiness does not depend upon what happens outside of you, but on what happens inside of you; it is measured by the spirit in which you meet the problems of life. Happiness is a state of mind. We are as happy as we make up our minds to be. Happiness doesn't come from doing what we like to do but from liking what we have to do. Happiness comes from putting our hearts in our work and doing it with joy and enthusiasm. Happiness grows out of harmonious relationships with others based on attitudes of good will, tolerance, understanding and love.

The master secret of happiness is to meet the challenge of each new day with the serene faith that: "All things work together for good to them that love God."

We do welcome petitions for new members to our beautiful Order from the Wives of the York Rite Masons. Contact one of the members of the Social Order of the Beauceant for a petition.

We are planning to have Initiation the 5th of March. The meeting of March 19th, the Job's Daughters will have a program for us. There will also be refreshments following the program.

The Benevolent Sewing will be held each month to make Cancer pads for the Cancer Society. They need these pads very badly, so Please come join us to help for a very needy cause. The February 26th meeting was held with our Chairman, Sister Della Weesner, 4218 Winter St.

Illness in families: The Son of Virginal Dale was in Ball Memorial Hospital at Muncie, but has been released to his home.

Deaths: The Father of Hilda Fuzy, Robert Crump, passed away and the Grandson of Eugenia Wood was killed in Vietnam.

Hi Jobies! It gives me more and more pleasure each meeting to see how my sideline and choir are increasing. Keep it up!

On Feb. 21 we had a splendid time honoring our Master Masons and Eastern Star. It is always so good to know that there are adults backing us. I hope that you will come to our meeting often.

March the sixth found us sharing our meeting with other Joble friends. It is always great fun to have Jobies from surrounding betbels to be with us.

On March 2 we were busily practicing for our joint inspection with Waynedale, Bethel No. 128. We are eagerly awaiting the visit of our Grand Guardian, Mrs. Estella Krajkoski and Associate Grand Guardian, Mr. Gilbert Coffey. We will see them again when we go to Evansville for our Grand Council in June. The price this year will be around $30. Come to the meeting to find out more.

We are looking forward to our bakesale on the 16th of March. Plan to come out and buy some goodies.

The month of March is always special to the Job's Daughters for this is the month in which we honor our founder Mrs. Ethel T. Wead Mick. As a special tribute to her I would like to leave with this poem:

Little drops of water, Little grains of sand,
Make the mighty ocean And the pleasant land.
Thus the little minutes, Humble though they be,
Make the mighty ages of eternity.

I am truly grateful to see our attendance on the increase. At our February meeting we had 20% of our members in attendance. Let's see if we can't make it 30% io March.

Business was carried on an usual. The disposal of the house and the erection of a flag pole and some landscaping were discussed. The flagpole would be in accordance with our Grand Lodge's wishes during our Sesquicentennial year. For the next few years, at least, there will be quite a bit of attention given toward our new location, and I would like to have our lot made presentable and attractive for the coming events.

Brother Ewing Kleinknight was presented with his silver award and our secretary read the minutes of the meeting from which this event was perpetuated. It was surprising to note that quite a few members were present for the silver award who were there on the night he was raised. Congratulations again, Brother Ewing, for 25 years well spent.

Our committee is still working on our Seventeen Club and from what I hear it will be something special. As soon as I can, I will give you all the particulars.

Our secretary presented us with a copy of the book "Goodly Heritage" written by our Grand Secretary, Brother Dwight L. Smith (no relation to writer). He gave us a short report on it, and it sounds like some very interesting reading. There will be special recognition given to the first seventeen who read it. This book is available to all who wish to read it. Please make your request known to me and we will schedule it for you. Grand Lodge has placed a copy of this book in every public library in the state of Indiana, so it must be good.

There is one important thing I have been neglecting to write in this column and that is to report that Brother Ierry Pettibone has been ill for quite some time. He has been undergoing extensive tests and examinations and is now home and unable to work. I know that this cao be very depressing and I would like to have you send him cards and letters to let him know that we are pulling for him and hoping that he will soon be up and around with us again. Better than that, why don't we take a little time off and drop in and sce him. Brother Jerry, we hope you get hetter soon.

At the close of our meeting Brother Lloyd Brown read a selection on "Persecution" which was one of many of Ben Franklin's favorites. This selection was very good and provoked quite a bit of thought to this writer and I hope to all others who heard it.

Brethren: It was a good feeling to see so many Brethren at our stated meeting. Some of these Brothers haven't been too active lately and we all enjoyed having them join with us in our meeting and fellowship.

Our Junior Warden, Harold Eddy, did a very commendable joh of presiding in the East at our Fehruary 14th Entered Apprentice mceting. On February 21st, Don Stark, our Senior Warden did a wonderful joh of putting on the Fellowcraft Degree as well as did all of the Officers.

New Haven Lodge is now going to make regular visits to the Veterans Hospital in Fort Wayne. This is a very worth while endeavor on everyones part and it does so much to cheer up and hreak the monotony for the patients. Many of these patients are Brother Masons from all parts of the country and talking to them can he a very enlightening experience. If you can, plan to attend these visitations and share in the experiences of sharing hrotherly love and affeetion.

We also have great plans for our DeMolay boys this year and I am sure that Maurice Pfeiffer, the Chapter Dad, will do an outstanding joh of guiding and counciling these boys. He has choosen his staff of assistants wisely and I am sure he would appreciate having and welcome you to the DeMolay mcetings. These young men will he our tomorrow's Masons and we should do all we can to shape them into perfeet Ashlars for the foundation of our great fraternity.

Don't forget, if you haven't paid your dues, our Secretary would appreciate receiving them from you so he can procede with his records. Remember also your 10 for 10 contribution to the Masonic Home.

See you in lodge.

Brethren: Our February stated meeting was held February 12, and in addition to the usual business the plans were discussed for the April 13th sesquicentennial year celebration. As Ossian Lodge 297 is the host lodge for Wells County, this is a celebration which will take a lot of planning and co-operation on the part of all members. Be sure to mark your calendars so that you will be able to join us in this observance. You will receive a separate correspondence regarding this evening.

As of this writing, tentative plans are for a banquet, speaker and the presentation of the third degree. All of the lodges in Wells County will be invited to attend this celebration, and it should be one of the high lights of the sesquicentennial year.

Your Worshipful Master, Senior Warden, Junior Warden and Secretary attended the Founder's Day celebration at Grand Lodge January 20, and I am sure all of the brothers present went home with a more thorough understanding of the workings and problems of the Masonic Order in Indiana.

Brothers, one of the subjects which were discussed in the short time allotted us was the expansion of the Masonic Home at Franklin. The management of the home is doing a marvelous joh, especially in view of the increase in expenses and number of people in the home. After hearing the facts, figures and finances of our institution, I find it extremely difficult to see how a brother can call himself a true Mason and not support the Masonic Home teo for ten campaign. $5.20 a year is a very small amount, and yet it can do so much when placed in the right hands, so lets get those checks in to the secretary.

We have some important decisions to make at our March 11 stated meeting, so if at all possible please attend.

I would like to take this opportunity on behalf of Leo Lodge to congratulate Brother Robert Eugene Hough on his transfer to Leo Lodge.

Our kindest Sympathy is extended to Brother Owen Esterline in the loss of his father.

WAYNEDALE MASONS TO BUILD LODGE

Pictured above is an artist's conception of the new lodge home of Waynedale Lodge No. 739 Free and Accepted Masons, to be constructed on the property owned by the Lodge on Elzey Avenue across from the Waynedale Memorial Park. The facade will be of Indiana limestone with two stained glass windows and marble trim. The lodge hall will be used by Bethel No. 128 Jobs Daughters and perhaps an Easter Star and DeMolay unit when they are organized in the future. Estimated cost of the building and equipment will be $65,000. A canopied walk is planned from a hard surface parking area which will hold 100 cars.

EASTER SERVICES

Fort Wayne Commandery No. 4, Knights Templar, extends to all Master Masons, their families, and guests (Masonic affiliation not required) a very cordial invitation to attend its annual Easter Sunrise Service and Breakfast.

This impressive observance will be held Sunday, April 14, 1968 in the Fort Wayne Scottish Rite Auditorium, 411 West Berry Street.

A beautiful organ prelude will be given by Bro. John Conser starting at 6:40 a.m. The Religious service will start promptly at 7:00 a.m. It is suggested that you plan to arrive early so as to enjoy the prelude and also to help avoid any seating delay which could result from the usual large attendance.

Our guest speaker is Rev. Phillip Philbrook, pastor of the First Baptist Church. Right Eminent Past Grand Commander, Sir Knight Samuel S. Geake will also assist in our service. We will also be privileged to have the Fort Wayne Scottish Rite Choir in attendance.

Immediately following the religious observance, our traditional "Ham and Egg" breakfast will be served to all present. Tickets may be obtained Easter Morning in the lobby of the auditorium.

The "Senior Citizens" of the Allen County Home will again be the Guests of Fort Wayne Commandery No. 4 Band and Drill Corps, and personally served by the ladies of the Social Order of the Beauceant.

It has been planned so that both the religious service and breakfast will be completed in time to allow all to attend the church of their choice.

Olive Branch Organizes "Seventeen Fund Club"

In 1859, one hundred and nine years ago, seventeen men started Olive Branch Lodge at Middletown, Indiana, now extinct.

In 1890, thirty-one years later, a different seventeen men petitioned Grand Lodge and received approval to move Olive Branch Lodge to Williamsport, Indiana (now Poe).

In reading back through the years via the old records and minutes, the history of Olive Branch begins to unfold. One thing has been noted—on numerous occasions the number 'seventeen has appeared. This is why we decided to name our club the "Seventeen Fund Club." Please note that there are also seventeen letters in the name. How do you join? It is very easy. All you have to do is donate one hundred dollars or more to our new building fund and you are in. Pledge cards will soon be available, and as soon as you reach one hundred dollars, your name will be added. Each month new members will appear in our column. Special recognition will be reserved for the first seventeen members. Plaques will be issued for five hundred and one thousand dollar donations. Please direct your donations to our Secretary, Lloyd Brown, Hoagland, Indiana 46745, and a receipt will be returned to you.

I wish tn thank the officers and nther members nf the lodge for making nur Ladies Banquet a successful event.

Plans are completed for the celebration of Freemasonry's Salute to Traditinn on Saturday evening, April 13, 1968, in the temple. By now most nf you have indicated ynur desire to jnio your brother Masnns nf Allen Cnunty nn this evening. If ynu have not decided, it is not ton late to call me or any nf the other officers.

We welcnme nur two newly made Master Masons, Brnthers Charles R. Bier and David E. Smith and our affiliate Brother Herman Schall.

I know Spring is soon tn arrive because nur Secretary, Worshipful Brnther Dwight Meyers, and nur Seninr Warden, Jack Brunson, have returned from vacations io Florida. Senior Steward Tom Nuss is vacatioo-ing in Acapulco.

Ynu are all invited to come and help me mind the store this month. On April 15, at 7:00 p.m., we will visit the Veteran's Hospital. Your respnnse has been excellent this year.

I have a habit of saving bits and scraps of paper on which are scribbled notes. When my desk at work and at home get too messy, I am forced to reshuffle. In the reshuffling, I fnund amnng other items, a yellowed scrap of paper with a rifle serial number I had to memnrize and a part of a quotation attributed to Stephen Grellet which is:

"I expect to pass thrnugh this world but once. Any good therefore that I can do, nr any kindness that I can shnw to any fellow creature, let me do it now. Let me nnt defer nr neglect it, fnr I shall not pass this way again."

As I sit at my desk, trying to assemble the material for these news items, I find myself reflecting upon the heritage of the lodge from the events that have occurred between news items. I often find my pen poised above the paper as I reminisce of those who have passed our way, never to pass this way again.

We mourn the loss of Charles Beaty who despite his age faithfully drove many miles to come to lodge, and Past Master, Worshipful Brother Irvin H. Almond. Brother Almnnd had an abundance of brotherly love and friendship which he extended to everyone whom he met both in lodge and in business.

"The Lord giveth and the Lord taketh away."

My brothers, we have work to do this mooth, and I am almost certain that the kitchen crew will need help. If you are nnt sure if you have paid your anoual dues, check your membership card.

The sick committee tries to follow-up and visit the members who are ill at home or who are hospitalized. Snmetimes their efforts scem to be in vain because they are not notified or the lodge is not notified. I have snmetimes found the person asleep when I stopped in at the hospital, so I drnp a nnte nn his table or at the desk. Perhaps if the brother who is going intn the hospital or if one of his family would drop a nnte to the Secretary nr to me, we will not be caught sleeping.

Congratulations to our newly raised brother from New York, Brother George J. B. Saucier. It is with great pleasure we were able tn present the cnurtesy degrees for Brother George and raise him to the sublime degree of a Master Mason. Good luck George and I feel sure ynu will make a gnod Mason. I know we will see ynu in lodge often.

On May 11 will be Ladies Night, Dinner at 6:30 p.m. Presentation of 25 year awards.

Brotherhood

When ynu get to knnw a fellow,
Know his joys and know his cares;
When you've come to understand him,
And the burdens that he bears;
Aod you learn the fight he's making
And the troubles in his way,
Then you find that he is different
Than you thought him yesterday.
You find his faults are trivial, and
There's not so much to blame,
In the brother that you jeered at,
When you only knew his name.

Brethren do not forget Free Masonry's Salute to Tradition, April 13. Summit City Lodge will be host to the lodges in Allen Cnunty. I can not think of a better time to bring a Brother Sojourner or a Brnther that comes to lodge but seldom. The Master Mason Degree will be given in full form.

The Worshipful Masters of the lodges of Allen County will fill the Craft. This should prove to be a good evening of entertainment and fellnwship.

Wheo you get to know people you do not fear them. Come to lodge and let us get acquainted.

Brethren, as we come to the close of a season that many of us hold holy let us recall some of the teachings that were given us by our Lord and many of the same teachings that have been handed down through the ages of Masonic Light. First we acknowledge that there is one true Creator, hy whatever name we call him, and that we owe allegiance and loyalty to him for our creation and preservation, as well as our heartfelt thanks for the many blessings he has bestowed upon us. Next we are taught Truth, Morality, Justice and Faith. We realize that all men are brothers and must treat them equally. All men will not believe exactly as we, so tolerance is something that we must have if we are to live in harmony. These things should take on added meaning when we realize that tbese principles bave been in existence for hundreds of years and that generations of Brother Masons have found solace in these ideals.

Once again I remind you of another event in the Indiana Jubilee Year, the Salute to Tradition, that will be presented Saturday evening, April 13th. Doors will open at 5 p.m. and the evening includes dinner and the presentation of the Master Mason Degree, with officers of the Allen County and Fort Wayne Lodges taking part.

May I remind you our Past Masters and Charter Members Banquet is coming on Wednesday evening, May 15th, be sure to mark your calendars. We are making plans for our annual "Spring Fling" with golf for those who desire and a dinner in the evening for all of the members and their ladies aod guests. It will be on Saturday, June 8th.

April promises to be a busy month for the lodge, we have five candidates to initiate so we will open a lodge of EA at 4:30 p.m. on April 10th, a lodge of FC at 7 p.m. on April 17th and a FC Club practice that evening, and a lodge of MM at 4 p.m. on April 24th.

Remember Brothers, we don't know all the answers, we are only seeking the answers ourselves.

Brethren: Waynedale Lodge is going to huild a Temple — How Soon? That's up to you. We are now in the process of our pledge drive and around 15% of our membership have made their pledge as of tbis writing. If you bave not already been contacted, a brother will be calling upon you soon for your commitment. Please do your best to support this new Temple, and add your building block to tbe construction of our own Temple and to the promotion of Free Masonry.

Let us stop for just a moment and ask ourselves this question, "From Whence Come You?" How long has it been since you have stopped long enough to look back, to take inventory of yourself, or to gain from yesterdays experiences or mistakes? Let us take another moment and consider "And Whither Are Yon Traveling." Do you have a plan or goal, and are you striving to reach that goal? If you bave, do stop and re-set your sights from time to time as conditions change? Do your plans include time to stop and belp a fallen brother along the way or are they for "self" only? Do you stop and take time to notice the change of the seasons, the appearance of the flower sprouts, and the return of the birds from a warmer clime? Or do you plod away working all the time, thinking that this is the only way to get ahead, too busy to enjoy life, family, and friends until you find that it is too late and they have slipped away. Take the time to review "From Wheoce Come You" and decide "Whither are you Traveling" and perhaps re-establish your goals before life itself has slipped nway.

Brethren we have had good attendence at our stated meetings and we will have degree work during April. Notice of our meetings will be published in the Sunday newspaper under the Masonic Calendar. Watch for them.

March 18th Waynedale Lodge joined with the Brothers from Maumee Lodge for our first visitation at the Veterans Hospital.

Saturday night, April 27th is our annual Ladies Nite banquet. Mark your calendar. You will be receiving details about this later in the month.

We regret the loss of our brother Gerald Dean Trainer who has gone before us to his eternal rest. We extend our sincere sympathy to bis family.

To those in sorrow we extend onr heartfelt sympathy, to those wbo are sick a speedy recovery.

Wm. Starling is home and eager to have visitors. Bro. Blaine Jones is at Lutheran hospital, room 320 Medical West. Our best wishes to him for a speedy recovery. To Bro. S. Curt McCollum we send best wishes from South Gate Lodge and hope they find him in good spirits.

Our Secretary, P.M. Franklin I. Bryan, has sent notices to our members who have not as yet paid their dues for the current year. The time is approaching, when it will he necessary for the Lodge to render prescribed action on those members who have not paid their annual dues. In these busy times I am confident these are simply neglected chores.

By the time this issue of Square and Compass is published, South Gate will have observed the following schedule: EA 18 March, FC 21 March, MM 25 March, MM 1 April. 11 March was Veterans Hospital visitation and Brothers Paul Muller and James Smith conducted this in conjunction with W.M. Garl Miles and the members of Leo Lodge 224. It is unfortunate this program takes place the same night of the week as our Lodge activities and it is therefore a challenge for South Gate to support these two activities when they both fall on the same date. It is at the same time gratifying to note that this lodge led the Fort Wayne lodges for 12 years in the participation in bospitalization visitation, a tribute to Chairman Muller and also the members of the lodge in their fine support of his efforts.

At the 11 Marcb Stated meeting, Bro. Howard C. LeClaire was installed as Tyler and Bro. Eugene E. Pierce installed as Chaplain. Tbe installation of these two Brothers, who were unable to be present at the regular installation meeting, completes the officer line of the Lodge.

Upon my graduation from high school 'some time back', the superintendent enclosed with each graduate's diploma, an expression which I have never forgotten and which I would like to share with you —

'You have each been given a bag of tools
A formless rock and a book of rules
And each must make 'ere life has flown
A stumbling block or a stepping stone'.

Our tentative schedule for April will he:

8—Stated meeting 7:30.
15—E.A. 7:30 p.m.
22—FC 7:30 p.m.
29—MM 6:00 p.m.

Don't forget — Attend your church, see you in Lodge — Each Brother bring a Brother.

Installation of officers of Shiloh Chapter No. 141, O.E.S., was held on March 29th in the Commandery Room of the Masonic Temple, opening at 7:30 p.m. The East was beautifully decorated in keeping with the Worthy Matron's colors of pink to purple with silver. Her motto "Joy scattered reflects sunshine" was hung in the south in large orchid letters edged with silver and above a shining sun reflected its joy. A Cross of purple velvet with a star of silver showed brightly on the north. In front of the podium could be seen a treasure chest showing the Crown and Scepter in mounds of purple net; the emblem of the Esther station which she served and together with the Cross are her emblems of the year. In the West, The Bible gave forth her scripture, John 1-7 and Psalms 72-19. The flower standards behind each point station were filled with white roses —her choice of flower for her year; these combined with shades of purple lilacs were lovely.

March 21 meeting being Sister Eleanor's last meeting, she was taken on a treasure hunt. At the various Point stations, she found gold booties to rest her feet, a gold apron to wear as she takes up cooking again, a gold trowel to work in her flowers, a gold flower pot, a gold heart with a gavel resting in it and last, a gold hankie to cry in. Then she was escorted to the Marshall's Station.

Sister Marjorie and Brother Bob were then escorted by the Conductress and Associate conductress to the five points and as they carried a basket, "Orchids" were given them for the coming year.

On March 22nd, sister Eleanor retired from the East and was escorted by her son, Drew, who walked with her through an isle formed hy her officers. They formed an arch of green net covered with white roses and gold hearts. She was met by Brother Andy who sang "My Wild Irish Rose" to her. Many beautiful and lasting memories go with you Sister Eleanor and Brother Andy as you retire from the East.

The Commandery Room was again very heautifully decorated for the installation of the new officers. The backdrop with the watch words: "Faith, Fidelity, Love" above the fence and trellis; the flowers, the vines, the foreground of palms, the pedestal of flowers, the sword, veil and open Bible on a standard covered with white satin, all reminded us of Marjorie's journey from the Adah station. In the West was the Motto "To be happy and he kind". The Scripture: "and be not faithless hut believing" John 20:37. Beauty vases of flowers of point colors were behind each point station. Marjorie's emblem is the Open Holy Bible with the Sword and Veil. Her flowers, violets and all other flowers of God's garden. Her colors are Blue with a touch of Silver and Gold.

For the installation, Brother Clayton Herrick, Past Grand Patron of Indiana, served as Installing Grand Officer. He was assisted hy Sister Helen Howard, Installing Grand Chaplain, Sister Dorothy Finnell, Installing Grand Marshall, Brother Del Proctor, Installing Grand Organist and Sister Carol Munk gave the Obligation.

Sister Marjorie was presented at the altar for installation and Sister Carol Munk sang "Oh The Wonder of it All". She was then met hy her husband, Brother Richard and escorted through an isle formed by her officers and sister points. Her two daughters, Vicki and Tonda met her and presented her a gavel and a beautiful bouquet.

Brother Bob Waldo was presented at the altar. Sister Patricia Walker sang and sister Mildred Waldo escorted Brother Bob through an aisle formed by Brothers of our chapter. That was quite a collection of motor parts, Brother Andy!

Other officers installed were: Louise Biedenweg, Associate Matron; Robert Biedenweg, Associate Patron; Vera Hayden, Secretary; Helen Helms, Treasurer; Marguerite Arnos, Conductress; Elsie Brown, Associate Conductress; Helen Parrott, Chaplain; Eleanor Costello, Marshal; Lucille Mumaugh, Organist; Carol Botteron, Adah; Jeanette Cereghino, Ruth; Mildred Waldo, Esther; Jeraldine Cook, Martha; Gertrude Campbell, Electa; Owen Arnos, Warder, and Louis Cereghino, sentinel.

Hi Jobies! Everything is settled down and back to normal at Bethel No. 8. On March 8, we had joint inspection with Waynedale, Bethel No. 128. It was indeed a great pleasure to have Mrs. Estella Krajkoski with us. It is always so much of a pleasure to have our Grand Guardian visit. I was very pleased to see the sidelines filled. There was a small banqnet before hand at the YMCA. A good time was had by all.

Next in March we found ourselves busily working at our bakesale. This was a great success. We had many goodies to sell. Every one should remember that our next money making project is in April when we have the Return of JD#8. Come to our April 3rd meeting and pick up your JD#8 envelope. Also remember that this meeting is our Birthday Party. Everyone is to bring a gift which could be used for a child of any age. They will be going to the Allen County Children's Home. You will also find out about the Egg contest.

Getting back to our March schedule, ceremony for Beauceant. We enjoy showing our work and are happy to do it whenever we can.

On the next night, March 20, we had Past Guardian and Past Associate Guardian Night. It gives us many fond memories to have these people with us. It's their hard work which has built up our bethel. We also took this meeting to honor Mrs. Ethel T. Wead Mick and Mother Jacobs, the founders of Daughters.

Beatitudes for Members

Blessed are those who attend meetings regularly and on time, and who remind or invite others to come.

Blessed are those who speak up at meetings, to bring out the points and to contribute their own experience.

Blessed are the brief, because they win the good will of the others.

Blessed are those whose participation is good-humored, for they brighten up the meetings and prevent disruption, despite any differences in opinion.

Blessed are those with perspective, who acknowledge to themselves, if not to others, that conditions of others may be different and hence, their points of view.

Blessed are those who can face opposition without taking offence or feeling a personal criticism where none was intended.

Blessed are those who volunteer willingly, for they gain in influence and position with each added service.

Blessed are those who, having accepted a responsibility, discharge it promptly and give a good accounting of their performance.

Blessed are those who voice appreciation in front of their fellow members so that those who have earned approval may enjoy it in good season and feel rewarded.

The Drill Corps is hard at work under the direction of the Commandant, S.K. Jim Johnston, getting ready for the drill competition at Grand Commandery at Columbus, Indiana May 11, 1968. We are happy to welcome three new members, S.K. John Inches, Howard Carr and Bob Bogenschuetz. There is still need for more active members, so if you are interested, just come up every Tuesday Nite to the Fifth Floor of the Temple and we will put you to work.

S.K. Phil McCague is accepting donations for Boys Camp this summer. If you can spare a couple of 'Bucks' you can help send some boy to Camp Crosley for a week, who under ordinary circumstances would not have this privilege.

Grand Commandery is stressing the importance of Life Sponsors to the Eye Foundation. A Life Sponsor cost $30.00, is tax deductible and can really serve a worthwhile cause, the demands on the Eye Foundation far exceed the money available. If you are interested, call me at 449-2093 and I will send you an application.

Don't forget the Stated Conclave, the third Thursday of each month with dinner at 6:15 p.m. Come on up and be sure and bring a petition for the Orders from a friend.

The Commandery Band is in dire need of Templar Uniforms if any of you Sir Knights have a uniform that is just hanging in a Locker or a closet and would like to donate or sell to the Band call S.K. Brown Cooper at 744-3162 and he will be glad to take it off your hands. The Band is planning to attend Grand Commandery in May and will need uniforms prior to that time.

Another month of the year is past but the memories of it still remain with us. On March 13 at a public ceremony, Junior Past Master Councilor, James H. Steeg was presented the distinguished Representative DeMolay Award, the highest self-achieved award available to a DeMolay. The earning of this award is based on a persons all-around self-achievement and to earn this award is one of the greatest honors in DeMolay. Fort Wayne Chapter congratulates Jim on his high honor and knows that he is truly a representative of the ideals of DeMolay from his work in all pbases of DeMolay.

The new members initiated in the February degree were Gary Allen Byers, Gary Steven Frost, Brian Gates, Douglass Alan Hackbarth, James Robert Harter, Jeffery M. Hockemeyer, Joseph Eliot Pattison, Gary Alan Thomas, Thomas Louis Vance, and Gregory Dean Yager. These ten young men are on the membership committee for 90 days and during this time they are to relate DeMolay to their friends and bring in new members.

On April 10, the second iniatory degree will be held with a flower talk following the degree. Before the degree a free dinner will be given for DeMolays and new candidates. This last dinner was a success and thoroughly enjoyed by all those attending, so be sure to attend the meeting and the dinner.

The date of the money making activity of Fort Wayne Chapter is rapidly approaching. During the month of April, members of Fort Wayne Chapter will sell tickets good for a dollars worth of gas. These tickets may be redeemed on April 27 at either Phillips Stellhorn Service Center, 510 Lower Huntington Road. or at Northcrest Phillips 66, Leo Road and U.S. 30 By-pass. Members will be helping at the stations, so if you want to see how efficient Fort Wayne Chapter is, stop at either one of the stations.

The results of DeMolay Week will be in the May issue of the Square and Compass, due to the early publication date of the April issue. A last reminder to DeMolay members: Keep talking DeMolay and give your friends a chance to reap the benefits of being a member of DeMolay!

Our March meeting was very enjoyable and business was conducted as usual. A proposal was made by our secretary that a flag pole be erected and suitable bronze plaques be provided at the base; one plaque to bear the names of the seventeen men who first organized our lodge some 109 ears ago, another plaque for the names of those who donate one hundred dollars or more for our new building, another for Eastern Stars and others who donate a substantial amount towards our new building. This, I believe, would be a fine way to express our thanks and appreciation for their thoughtfulness and concern.

Brother Jack Lybarger was home for a visit. We were glad to have him back.

Light refreshments were served after the meeting.

The "Seventeen Fund Club" bas been organized and the particulars are on the front page. Donation and pledge cards will be forthcoming.

I have not heard of any proposals as to how we will dispose of the house on the property. Any one who has any ideas please contact me as soon as you can. The property should be cleared before we start our flag pole construction. Everyone is interested and we hope we can soon start on this project.

Funeral services were held for Brother John McMahon, a fifty year member, March 17, 7:30 p.m. at the Cbalfant-Perry-Klaehn Funeral Home, with Brother Robert Mix as Worshipful Master. The officers and members of Olive Branch wish to extend our sympathy and condolences to the McMabon family and share with them the loss of a loved one.

Olive Branch has joined with the area lodges in the Veterans Hospital visitations. Our first visit will be on April 15 at 7:30 along with Summit City Lodge. This will be a new experience for most of us and time well spent, I assure you. Anyone who wishes to join us please be in the lobby on that date.

On March 23 St. Mary's Chapter 203 had their installation of officers. Marilyn Shultz, W.M., Brother Russell Neireiter, W.P., Margetta Gottschalk, A.M., and Brother Cecil Gottschalk, A.P. The installing matron was Bea Gottschalk. Olive Branch extends their heartiest congratulations and hopes you have a very successful year. A light luncheon was held afterwards which was served by the Masonic Brothers.

Our congratulations to Brother Clarence Lybarger for being the first member of the Seventeen Fund Club. Other names are soon to follow, I hope.

Congratulations to Decatur Lodge on the dedication of your beautiful new temple April 13, 1968.

Brethren: March was a busy month for us and I was pleased with the attendance we have had at our meetings. Our attendance has increased and this is a very good feeling for all the officers.

We had Entered Apprentice degree work on March 13th and Fellowcraft work on March 20th. Both degrees were very well done, as usual, and Brother Mervel Smith, Master of Olive Branch Lodge No. 248, gave the Stair lecture for us. It is always a pleasure to hear Brother Smith give this lecture.

March 27th was our Master Mason degree night and the work in the East was shared by Brother Mervel Smith of Olive Branch Lodge and Brother Past Master Leonard Fletter of Leo Lodge. These two Bretbren did a marvelous job and I appreciated their assistance very much.

New Haven Lodge will bold their Heritage Appreciation Banquet on Friday, April 19th at 6:30 p.m. This will he a pot luck supper with all members and their wives invited. We will also honor the Past Masters for their contribution to the Lodge while serving as Master. Brother Kenneth Gibson will give us a run down on tbe history of Masonry in New Haven. He has spent a lot of time compiling this information and I am sure it will he of great interest to all.

I also have some other dates which will be of interest to the members of New Haven Lodge and their wives. June 16th: picnic at Franke Park; August 11th: picnic and outing at Brother Roy Weaver's cottage at Big Turkey Lake; October 30th: party in Lodge basement. Mark these dates on your calendars and plan to attend these gatherings. I am sure that a good time will be had by all.

The Lodge purchased a pool table a few weeks ago and to further the fellowship of the lodge, we are planning a pool tournament. Any of the members wishing to participate in the fun and fellowship may contact me or any of the officers.

March 4th was our scheduled visitation at the Veteran's Hospital and I was very pleased witb the attendance. There were nine members present from our Lodge and I look for a larger turn out at our next visitation. This is a very worthwhile endeavor and a beartwarming experience to see the good which comes from these visitations.

Our Lodge has been quite busy so far this year and I am anticipating a very fruitful year of work and fellowship. Plan to attend our meetings and bring another member along.

See you in Lodge.

VOL. 34 NO. 5 SQUARE & COMPASS, 8423 ILLINOIS ROAD, FORT WAYNE, INDIANA MAY, 1968

Dwight L. Smith Elected President of Conference Of Grand Secretaries

(Washington, D. C., February 20, 1968) — Dwight L. Smith, Franklin, Indiana, Grand Secretary of the Grand Lodge of Free and Accepted Masons of Indiana, today was elected and installed as President of the Conference of Masonic Grand Secretaries in North America, during the organization's annual meeting here at the Shoreham Hotel.

Smith becomes the 19th person to serve as President of the conference since it was organized in 1928, and is the first Hoosier to be so honored. It is composed of the Grand Secretaries of the Masonic Grand Lodges in the United States, Canada, Mexico and Puerto Rico, and the Secretaries of several national Masonic-related organizations in the United States. Among many other activities, the conference serves as a clearing house for information about Masonic policy in each state. Smith has heen Secretary of the Conference since 1954, and during the past year also served as Vice President. Carl R .Greisen, Grand Secretary of the Grand Lodge of Nebraska was installed as Vice President of the Conference, and Lyman E. Smith, Grand Secretary of the Grand Lodge of Montana, was installed as Secretary.

Also last Sunday, at the Hotel Washington here, Dwight L. Smith was the recipient of another Masonic honor when he was appointed a Blue Friar, during the annual consistory of the Society of Blue Friars. That society, organized in 1932, is for the purpose of recognizing eminent Masonic authors. Its membership nationally is limited to twenty, and new appointments are made only when vacancies are caused by the death of a member. Smith's Masonic writings have won him wide acclaim. His most recent book, Goodly Heritage, was published last January 12 on the exact 150th anniversary of the founding of the Grand Lodge of Indiana. Other works have included Why This Confusion in the Temple, and Whither are We Traveling.

Smith's home is at Banta Place, in Franklin. Formerly, he lived at Salem and is a native of Pennville (Jay County). He became a Mason in 1934 and was Grand Master of Masons in Indiana during 1945-46. He has served as Grand Secretary of the Indiana Grand Lodge since 1947. At the present time he is also general chairman of the Grand Lodge's Sesquicentennial Commission.

What Then Is Masonry?

If Masonry could answer this question, the answer would he—"I am rooted in the mist of antiquity and point to God and eternity. I am past, present and future. I belong to the ages, I circle the globe and stand at the crossroads of the world. I am steeped in tradition and traced in the pages of history. I have rites and words that have heauty and rhythm. I have knowledge, wisdom and secrets locked in my bosom which I give to men who come to me desiring me in their hearts. I place upon my altars the Holy Writ and turn to Deity in prayer. I hold a Square and Compass in my hands and contemplate a line from earth to heaven. I speculate with all tools of operative Masons I translate their use into moral values and spiritual huildings. I await all free men of lawful age and good report and solicit none. I admit them of their own free will and accord and teach them hrotherhood and unity. I make huilders of men who are willing, and give them my tools that they may work. I stoop to raise the fallen hrother and cast out the unworthy. I walk in the way of charity and travel in peace and harmony. I render aid to the poor, the sick and the distressed. I answer the cry of the orphans and sustain the widow and the aged. I commit to the earth hrethren who travel to the undiscovered country from whose hourne no traveler returns. I ponder at the moment on the ages of time as I stand at the door of eternity. I am a way of life that teaches immortality. I raise men from darkness to light." This is Masonry.

WE MUST LEARN THE PURPOSE OF LIFE FROM LIFE

The F. C. Degree heautifully tells in language of symbolism ahout the wonderful gifts of life. They are ours to the extent that we use them to return to life all that we can in service for what we have received from The Giver of all Good Gifts and Graces.

First must come the sincere desire to learn the purpose of life, coupled with the desire to contrihute something of value while we are learning.

Whoever has faced up to life courageously when courage was demanded knows the purpose of life.

Whoever has met misfortune and has hecome stronger because of it, knows the purpose of life.

Whoever has met defeat and who has turned defeat into victory, knows the purpose of life.

Whoever has loved both friend and enemy, knows the purpose of life.

Whoever has experienced darkness and has moved forward to light, knows the purpose of life.

Whoever has held to his faith long after logic has become weary of the struggle, knows the purpose of life.

The purpose of life cannot be found in some easy and convenient slogan. It is found hy the individual in the arena of life's experiences.

—Masonic Messenger

The Role Of The Mason

(Masonic Tidings)

When one is made a Master Mason he immediately assumes a dual role. He is an individual as before, hut he is also ohligated to represent in his life all that Masonry has placed in his care.

The wearer of the Square and Compass is forever expected to so live that the principles and teaching of Freemasonry will be unmistakably interpreted to the world.

We cannot avoid the idle criticism hurled hy the ignorant, nor can we achieve perfection. But it is our profound duty to so live and act that nothing we do will reflect harm to our ancient and honorahle fraternity.

We should not want to present to the world an "image." It should be our purpose to present to the world through our lives the truth of Masonic principles and teachings.

Many times the question is asked: "What can the Mason tell the non-Mason about Masonry?"

Nothing that we can say to the non-Mason will be more effective than the actual living of Masonry by Masons.

We are bound by duty, honor and gratitude to be faithful to our trust.

Mastership

We were raised to the Sublime Degree of Master Mason in conformity with the regulations and requirements of Masonry. Such an honor should forever he cherished hy every man who hears the title.

But there follows a long and difficult path to attain in reality what we have experienced in ritual. We were taught to acquire wisdom by degrees. There is so much to learn and our time is so limited. But Masonry teaches the virtue of patience, and the proper application of time. There are pitfalls, disappointments, failures. But this, too, is part of our Masonic training. Mastership was not to he attained without the effort and determination to go forward in the face of all difficulties.

There are forces of evil which seem too great to overcome. But Masonry teaches the strength of goodness, the power of prayer, and the truth that there is no defeat when the cause one espouses is a worthy one.

Out of the lodge room there are ahuses of power, the worship of material adornments, success measured hy artificial standards. But Masonry teaches us that as individuals we should oppose oppression, evaluate hy the standards of morality, apply the tools we have for the huilding of a more noble and glorious edifice, and he concerned primarily about our own mental and spiritual development.

Gradually we come to know that mastership cannot be denied the Mason whose deeds and acts are in accord with Masonic principles, that mastership comes as the result of integrity of mind and heart, from humility and patience, and from strict adherence to sacred ohligations.

The Art Of Getting Along

Sooner or later a man, if he is wise, discovers that life is a mixture of good days and had, victory and defeat, give and take.

He learns that it doesn't pay to he a sensitive soul — that he should let some things go over his head like water off a duck's back.

He learns that he who loses hiis temper usually loses.

He learns that men have burnt toast for breakfast now and then, and that he shouldn't take the other fellow's grouch too seriously.

He learns that carrying a chip on his shoulder is the easiest way to get into a fight.

He learns that the quickest way to become unpopular is to carry tales and gossip ahout others.

He learns that most people are human and that it doesn't do any harm to smile and say "good morning" even if it is raining.

He learns that most of the other fellows are as ambitious as he is, that they have hrains that are as good or better, and that hard work, and not cleverness, is the secret of success.

He learns that it doesn't matter so much who gets the credit so long as the husiness shows a profit.

He comes to realize that the husiness could run along perfectly without him.

He learns not to worry about the youngsters coming into the husiness, hecause he remembers how bewildered he was when he first started out.

He learns not to worry when he does not make a hit every time, because experience has shown if he always gives his best, his average will hreak pretty well.

He learns that no man ever got to first hase alone, that it is only through cooperative effort that we move on to hetter things.

He learns that the fellows are not any harder to get along with in one place than another, and that "getting along" depends about 9g per cent on himself. — Exchange.

Forget His Faults

If you would increase your happiness and prolong your life, forget your hrother's faults. Forget the slander you have heard, forget the temptations, forget the fault-finding, and give more thought to the cause that provoked it. Forget the peculiarities of your friends, and only remember the good points that make you fond of them. Forget all personal quarrels you may have heard by accident, and which if repeated would seem a thousand times worse than they really are. Ohliterate everything disagreeahle from yesterday; start out with a clean sheet for today, and write upon it for sweet memory's sake, only the things which are lovely and lovahle.

It must have been Spring or the grass must have gotten out of hand for many brethren on the evening of April 13. This was the night that Summit City was host to all the lodges of Allen County in the celebration of Free Masonry's Salute to Tradition. So many brothers responded in the affirmative when we called them that I had high hopes of filling the banquet hall. Vain hope, yet it was the first time in ten years that all seats in the Summit City lodge room were occupied. Chairs were needed on the floor of the lodge to handle the overflow. There were brothers representing all the 14 lodges of Allen county and some from Illinois, Ohio, Wisconsin, and Michigan who fellowshipped together at the dinner table and witnessed both sections of the third degree in which Brother John M. Butler became a Master Mason in our lodge.

Nine worshipful masters from an equal number of the Allen County lodges assisted in conferring the second section of the degree. Summit City Lodge Past Masters, Worshipful Brothers Bruno Belbutoski, Robert E. Lee, and Abner Wolverton gave of their time and talents in the degree work and elsewhere about lodge. Their efforts have been the strength and support which has made our lodge successful in undertaking such events as this. Worshipful Brother Elmer Barcus, Past Master of Home Lodge, was the organist for both sections of the degree. His music provided the inspirational setting prior to the opening of the lodge and during the degree. To many brothers attending, this was a reunion for them as they returned to their lodge after many years of absence. I wish you could have been there and welcomed them too.

And God said "Let there be light". I am convinced that Masonry was renewed in many hearts that night from the experience of being a part of the third degree again. I am certain that a few months of hard work in the lodge must transpire before the chair in the East becomes partially comfortable for the Master. As I sit in the East and look out into the body of the lodge I see the places formerly occupied by those who have gone before me, and one empty seat which may have been occupied by a young veteran when he became of age or so I dreamed. It is an awesome but honored place sitting there in the East. It is occupied in sorrow and joy. As I sat there and saw every available seat filled, I asked God to help me keep the ritual all sorted out in the right order and to help me to remember the words of the ritual because those brethren who had returned again to the lodge after so many years absence and nur candidate, and the visiting brethren deserved more than I could hope to do alone.

If my celestial line of communication was cluttered and weak, it may have been some other brother who asked a similar blessing and received it because the craft and the other members of the second section team including the lecturers later were outstanding in their work. It was probably a Past Master who had a better connection and previous experience in these matters.

The requirements in the kitchen and dining room were accomplished by many brothers who labored in tasks that were their first experience. The work of our Junior Warden, Brother Cledith Martz, in his first attempt as a baker of cornbread is fast becoming a legend in Summit City Lodge. We had at the start of the dinner a hundred more meals of cornbread mix on hand than we expected to use but we ate a hundred more meals of the cornbread than the number attending the dinner. The cornbread was all consumed at one sitting. Need I elaborate on such talent in the kitchen. I do wish to inform you that Brother Aron Gerhardt was the valuable assistant in the kitchen for a major portion of the day. Without his help the dinner would have been a disaster.

We have degree work this month. Watch the news, or better yet don't wait for the news. Come down to lodge on the stated meeting night and learn at the source the tasks to be done, then take part to help accomplish them. The light of Freemasonry will burn a bit brighter for our efforts, yours and mine. My grass will have to wait on Fridays, but a few of my neighbors know where the Master of Summit City lives.

Brethren: I have often said a busy lodge makes a good lodge. The past two months we have been without a candidate. Are we losing interest in masonry?

On April 2, we planned an all degree practice and fellowship night. It was very disappointing to see such a small attendance at this important meeting. The ritual committee did a very good job and we had a very enlightening and educational meeting. I expect the brothers that were present to pass the light in masonry that we received on to our brothers that were unable to attend. Sorry you missed this good evening of fellowship and education in masonry.

Congratulations to Worshipful Master Lawrence Baker and Summit City Lodge for the Freemasonry's Salute to Tradition celebration on April 13. It is very inspiring to see so many brethren together. I was thankful to have a small part in the Craft. The degree work was very proficient. This was a big job well done by Summit City Lodge No. 170.

Do not forget our ladies night, May 11. Dinner will be served at 6:30 p.m. Silver awards for 25 years as a Master Mason will be presented. There will he no charge for the dinner but please let us know if you plan to attend so that we can plan accordingly.

Stated meeting May 14 at 7:30 p.m.

A man who wants a garden fair,
Or small or very big,
With flowers blooming here and there,
Must bend his back and dig.

The things are mighty few on earth
That wishes can obtain.
Whate'er we want of any worth
We sure must work to gain.

It matters not what goal you aeek,
Its secret here reposes:
You've got to dig from week to week,
To get results, or roscs.

Each morning look back upon
your work of yesterday and then
try to beat it.

See you in lodge.

I AM A MASTER MASON

The NAME itself stands as a symbol of the wisdom of the ages. I am part of an institution that has forever followed the Glorious Light in the East. I am part of the hopes, the yearnings and the efforts of a world-wide group of men who are meeting and working in the name of The Almighty One. I have a share in the spreading of ideals of Justice, of Tolerance and of Kindness. To me is given the opportunity for unveiling symbols which impart Golden Truths.

I have the opportunity to grow morally in an atmosphere of sacred silence.

I am a member of an institution which throughout the ages has taught and followed the ways of peace, yet never for a moment has capitulated to the demand of dictatorship. I am a member of an institution which has forever inspired men to engage vigorously in the struggle for the preservation of God-given rights — Freedom of Worship and Freedom of Thought.

My Masonic membership offers the greatest blessing that is given to man — the opportunity to be serviceable to my fellow creatures.

Great are my privileges. Great are my responsibilities.

I am happy to say that our Ladies Night was a success. This was made possible with much effort by the officers of Home Lodge. I wish to thank them for helping me.

On March 26th Richard A. Nitterauer was raised to the sublime degree of a Master Mason. This new brother is a speech therapist at South Side High School. I would like to welcome him in Home Lodge.

On April 9th we lost Brother Harold E. Young to the Celestial Lodge above. He was raised to the sublime degree of a Master Mason in April 1946. A master Mason for 22 years. To his family we send our sympathy.

As of this writing Brother Charles Sprinkle is in the Lutheran Hospital. I'm sure he would appreciate hearing from you Brethren, either by card or in person.

Grand Lodge will be held May 21 and 22. This will bring an end to our Celestial Centennial Celebration. I am happy to have a part of this jubilee year.

On May 7th there will be a change of line officers in our Lodge. Richard Barkley will be installed as Senior Deacon, Max Zimmerman as Junior Steward, Keith Wehner as Chaplain. Past Master James T. Peters will be installing officer.

Our next event is Tri State, which will be held Sept. 28 and 29th. Past Master Irv Burelison is chairman of the Tri State Committee and Past Master Lloyd Bouillon and Brother Jess Lewis are co-chairmen. To make this a success the committee needs the support of all the officers and brethren of the lodge.

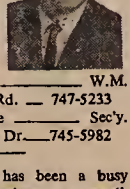
Brethren, one of the greatest compliments that we can give a man is that he has integrity. If we are to learn anything from our ancient brethren it is that a man must have integrity. These men who were the builders, traveled widely in pursuit of their labors. Traveling and working in foreign countries, where their only credentials was their reputation for honesty, integrity and morality. Are not these three bound up together? Integrity means to be whole, pure and undivided with yourself, does not honesty and morality fit into this picture? Of himself a man has only his integrity, ideas and ideals to offer, sometimes we are given other gifts of position, power, and wealth, but these do not come from within the man, to be born, cherished, and upheld by himself. These same qualities so necessary for our ancient brethren to travel and work are just as vital for us today. Business, industry, and all the professions are looking for men who will hold their integrity, honesty, and morality. In times when it is so easy to stumble, to give our word and then back out, to promise and then forget, it is easy to spot the man who believes in truth and virtue, honesty, integrity and morality, for he stands higher than most other men in the sight of God and man. If we are unable to return to the lodge to converse with other masons, let us at least pause and reflect the lessons that were taught us at home, at church, and in the lodge room. Let us remember that we are all travelling upon a road of time to a place where only our honesty, integrity, and morality will make us fit to abide there.



Let me remind you of our Past Masters and Charter Members Banquet to be held on Wednesday, May 15th. Dinner will be served at 6:30 p.m. Our own Past Master Bill Gingher will serve as Master of Ceremonies for the evening and harmony will be given us by a Barbershop Quartet.

Grand Lodge will be held on May 21st and 22nd. Your Master and Wardens are planning to attend, along with many of the Past Masters and other interested brothers.

We will be having our annual "Spring Fling" at Foster Park this year. We have reserved Foster Park Shelter House Number 1 for Saturday, June 8th. Dinner will be a catered meal of Kentucky Fried Chicken and all the trimmings. Dinner will be served at 6 p.m. and cost $1.50 per person. Members of Maumee, their ladies and guests are invited. Tickets are available from any of the officers and many other brothers. Arrangements for our golf will be made individually at the Foster Park Golf Course.

Having two candidates for May, we will open a lodge of EA at 5:15 p.m. May 8th, dinner served at 6:30 p.m.; FC lodge will open at 7 p.m. on May 22nd; and MM lodge will open at 5 p.m. on May 29th, with dinner served at 6:30 p.m.

Remember brothers, in traveling upon this road of time, we are all without cover or concealment, our actions can all be seen.

Entered Apprentice degree will be at 7:00 p.m. May 8th, Fellowcraft at 7:30 p.m. on May 15th, and Master Mason degree at 5:30 p.m. on May 29, followed by dinner at 6:30, with the second section at 7:30.

Brethren: There has been so many times in the past when a brother has said, "I haven't been to Lodge for so long that I could not work myself in". To these brethren I would like to say, "Do you have a current dues card? If so, come on down any Thursday night that we have Lodge and I will see that you are admitted." There is no better way to refresh your memory than to attend Lodge!

We should have degree work in the month of May. This will be climaxed by the presentation of Awards of Gold for two of our brothers, William Karbach, P.M. and Hugh Renz. The awards will be presented on May 23, 1968 by Orvis Dellinger, Past Grand Master. We will open at 5:00 p.m. and dinner will be served at 6:30 p.m.

Your Master and Wardens are planning on attending Grand Lodge on May 21 and 22. This will mark the close of the Sesquicentennial year of our Grand Lodge. We are looking forward to this event with a great deal of pleasure.

I would again like to thank Brother Si Hartsing, P.M. for the fine job he has been doing with the Fellowcraft Club. The response and co-operation he has been getting this year makes me very proud to be a member of Wayne Lodge.

As this year progresses, I am more convinced than ever that no Master can hope for a good year without two good Wardens. I know I would be lost without mine.

I would like to welcome Brother Roy Chambers into Wayne Lodge No. 25. Brother Chambers is our newest Master Mason.

To the families of those who have lost loved ones, we extend our heartfelt sympathy.

To those who are ill, may they have a speedy recovery.

Again, let me remind you of our meeting on May 23. We hope you will plan to attend. See you in Lodge!

Hil Iohies. Now that spring is in full swing and summer is coming closer, I realize that my term as Honored Queen is quickly ending. In the meantime we are all keeping busy.

On April 17 we had an Easter Party with the Royalty from our surrounding Bethels. It adds much dignity to see all the flowing purple capes and sparkling crowns filling the floor. When other Bethels visit, it is always fun to make new friends and refresh old friendships.

On May 1, we enjoyed having our parents share the evening with us. These folks do much work for the girls which we appreciate.

On May 13 the Mother Club will have their Annual Picnic at 6:30 p.m. in Conklin Pavillion at Shoaff Park. There will be much fun, so I hope all will attend. Bring a covered dish and your own place settings. This event is for the whole family.

Coming up on May 25 we have another paper drive. If you wish to have your papers picked up call Margo Bleeke (744-4528).

Remember that Grand Council is in June. If you are planning to go see Mrs. Frederick for reservations.

In closing I would like to leave this thought by Albert Einstein:

"The most important motive for work is the school and in life is the pleasure in work, pleasure in its results and the knowledge of the value of the result to the community . . ."

The Worthy High Priestess and Watchman of Shepherds wish for you a happy May Day. Spring, with all its beauty and awesome wonder at the miracle of every growing new life, has brought, for you, a beautiful basket of blossoms and buds to behold and to watch unfold.

What more beautiful thing to watch unfold, petal by petal, than our Worthy High Priestess's chosen flower — the red rose? They, along with the Lily-of-the-Valley, were used in abundance throughout the Shrine Room on installation night for the following Honorary Officers: American Flag Bearer, Arthur Vonderau, with escorts Mertie Cowan and Gladys Miller; Christian Flag Bearer, Fletcher Cumbey, with escorts Ina Pflieger nnd Catherine Glick; Shrine Flag Bearer, Marion Shroyer, with escorts Erma Cumbey and Justine Miller; Shrine Banner Bearer, Elwood Parent, with escorts Esther Mossburg and Mabel Aker; Madonna, Althea Pontius; Courier, Florence Spencer; Queen's Attendants are Betty Whiting, Evelyn Miller, Geraldine Crouch, Katherine Vonderau, Beulah Butler, Barbara Eddy; Matron of Honor, Florene Garrison; King's Guards are Van Whysong, Donald Miller, Denton Manecke, Harold Garrett, Willard Stephen, Harold Eddy, John Smith and Al Munson; Ceremonial Mistress, Mae Husted; Soloist, Betty Garmire; Prompters, Tama Christopher and Fanny Bickel; Stereoptican, Clarence Christopher; Make-up, Arthur Gardt, Arnett Bickel and Rodney Snook; and Pro-Tem Officer is Vancha Collins.

It's particularly gratifying to see some of our new members accepting these positions. These Honorary Officers are so vitally important in the unfolding of our ritualistic work and the support they lend to the presiding officers at each meeting doing so is greatly appreciated.

Indiana State Association Day last month was well attended by our Sojourners and visitors from the 31 Indiana Shrines. Several Supreme Officers were in attendance namely, Ed Meyer, P.S.W.O.S., Zelma Stamper, P.S.W.H.P., Dorothy Green, S.W. Guide, Lenore Wolfe, secretary for the Supreme Material Objective Board and Irma Meyer, S. Queen. We were sorry to learn of the illness of the First Vice President, Erma White, and wish a speedy recovery. The buffet dinner at Lighted Acres was enjoyed by all and the tables were decorated with spring blossoms using the color scheme of pink and green. I, as President, and Robert Stanley as Sponsor, do wish to say THANK YOU to all the committees who assisted to make the day so memorable. Also a big Thank You to the Sojourners who supported our efforts by their attendance. We're looking forward to seeing you in Detroit on May 13. The Indiana Breakfast will be in Stouffer's Restaurant at 8:00 a.m. We do invite you to come and join in the fun. Chloey Lee, Chairman, our Worthy Scribe and the Assistant Secretary, Pat Nehls, have all pertinent information concerning reservations.

The Worthy High Priestess extends an invitation to all to attend our Mother's Day meeting on May 10. Refreshments will be served and it will also be the day before our officers and Sojourners leave for Supreme Session. Our Patrol expects to attend for their very first time and to take part in the Patrol Evening on Wednesday, May 15 in Cobo Hall. Do come to wish them well and give them a rousing "send off"! Memorial services will be May 24 and the officers are asked to wear white for this evening.

The Sunshine Committee report Sojourners Louella Bogenschuetz confined at home, Florence Dornte is recuperating at home after ear surgery, Gertrude Boegli back to work after a bad fall, Fanny Bickel and Martha Newell in the Lutheran Hospital. Deaths in Shrine were Charlotte Schell and Fannie Hemrick.

May I remind you that — Petitions are now acceptable for the June 28 Ceremonial?

—'Tis time to send in results of your "Cup-O-Tea" on April 14?

—A Tupperware party, a Ways and Means project, is to be held at the home of Pat Nehls, W.H.P., on June 19?

—'Tis time for Chairmen of all Committees to forward committee meeting hostesses to Publicity Chairman?

The May Calendar:

May 2 — Decorating Committee at Violet Parent's.

6 — Patrol Practice.

7 — Ways and Means Committee at Mary Howard's.

10 — Stated Meeting, Mother's Day Program.

12 — Supreme Session starts in Detroit.

27 — Evening Social Committee at Florence Wolf's.

You know what? I was afraid to miss a meeting last year — they were all so interesting — because I just had to go and see how things were done and hear all the news and listen to all the programs! After looking at all the above, sounds like this year is going to be another "You-Don't-Want-To-Miss-It-Year"!

CHRIST IS RISEN

"They were then overcome with great joy and went to do the angel's bidding. Let us give thanks."

April 4 meeting, which was the first for Sister Marjorie and Brother Bob, was well attended and deeply enjoyed. You may all be most proud of the beautiful work of your new officers. Sister Carol Munk, our Worthy Matron's "fraternal mom" was escorted to the East, introduced and given a hearty welcome. New committees for the coming year were announced by our Worthy Patron, Brother Bob Waldo. Chapter was declared at ease and the officers were led hy the Marshall to a semi-circle in the West, then introduced by Sister Carol. Brother Boh Mumaugh wished the best to our new officers and the support of chapter was given them. The response was given by Brother Bob. Choir sang the "Best Wishes" of all of us and officers were escorted back to their stations.

Past Matron, Sister Patricia Walker escorted Junior Past Matron, Sister Eleanor Costello to the various points into the Alumni Club of Past Matrons by way of 'Star College' from Freshman through Graduation. Sister Eleanor's "A" grades representing ability, ambition, aptness, accomplishmeots, alertness and agreeability, assured her of admissioo to the Past Matron's Club. She was presented her diploma and the traditional candle. This beautiful candle, as well as those presented in past years, was made by our own Past Matron, Sister Esther Schaberg.

Sister Carol Munk reminded us that in these 'trying times' when power and greed seem so strong, it is the love of Christ that is needed so desperately and that the principles of our order must be taken to our hearts and our lives so lived that the world will know we have that love of Christ in us. Jesus must he the foundation!

The new officers formed a receiving line on the mezzanine and were extended best wishes individually by the sideliners.

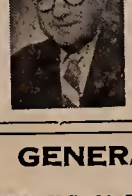
Past Matrons were in charge of the Officers Reception and the beautiful table arrangements.

Members ill: Beatrice Proctor, Gertrude Coffey, Joyce Bidlack, LuWilda Doty, Evelyn Kissinger, Fannie Hemrick and Cora Conkle.

Illness in families: mother of Donnabelle Taylor, father of June Trulock and daughter of Esther and Spencer Schaberg.

Deaths in family: sister of Gladys Gifford.

New Grandparents: Frieda Mathias bas a new granddaughter, Ruth Ann Larimore Blaiker is a new grandmother and Alberta Hickman is a new great grandmother.



To those who are ill we wish a speedy recovery, to those in sorrow our deepest heartfelt sympathy and to the new grandparents our heartiest congratulations.

"The happiness we give to others, Makes us happier too, we find, just as friendship returns to the friendly, and kindness comes back to the kind."

Don't forget, Fort Wayne Chapter will celebrate its 50th birthday, the first meeting in June. Do come and help us celebrate.

Recipe for the year—with servings for all:
One half cup of friendship
add a cup of thoughtfulness;
Cream together with a pinch
of powdered tenderness
Very lightly beaten
in a bowl of loyalty
With a cup of faith,
One of hope and one of charity.
Be sure to add a spoonful each
of gaiety that sings
And also the ability
to laugh at little things.
Moisten with sudden tears
of heartfelt sympathy
And bake in a good-natured pan
and serve repeatly.
Let us serve this recipe of the Worthy Matron Sister Beth's often.

There is always something thrilling about the first stated meeting of the new officers. It was a wonderful meeting. The new officers conducted their work in a splendid manner.

The room was lovely with Sister Beth's emblems in the East. A shadow box with a Harp, angels and a Music Lyre.

A large Lyre was placed in the West. Behind each Star Point chair was a music stand with opened hymnals of the opening song, "He keeps me singing".

An inspiring Easter program of "At Easter" was presented by the Worthy Matron, Worthy Patron, and the Star Points assisted by Sister Eugenia Wood, Soloist.

A hearty greeting and welcome was given to our new affiliate Jay Rippe of Harmony Chapter, Garrett, Indiana.

After Closing of Chapter a reception was held for the new officers in the dining room of the Temple. An archway of roses was over the entrance to the room. The tables were lovely with candles, angels and harps.

Fellow Companions: We are happy to welcome our new companion, Shockley Lockridge. Several of us accompanied him to Auburn on April 18, when he completed the Chapter degrees. We had a very enjoyable evening with Auburn Chapter. Now I wish to thank Charles E. Cook and Richard Deuter for their help in conferring the Past Master degree.

At the April meeting we had a ceremony to complete the installation of officers for this year. This duty was performed very nicely by Marvin L. Isley, the new Right Excellent Grand Scribe of Indiana Grand Chapter.

The officers installed were: Paul Dunn, Royal Arch Capt.; Claude Warner, 3rd Veil; Robert E. Haines, 2nd Veil; Byron Weilbaker, 1st Veil; Byron Fleming, Chaplain.

Several months ago, I set forth two goals for our chapter this year. We have now accomplished our first one, a complete line of good officers. As for the second one, I am sure that we will be able to confer any and all of the degrees, when the occasion arises for us to do so.

We now are ready for a new project. We need 20 new members for our Chapter in '68. This will take the cooperation of all our members. I challenge each of you to help in this endeavor.

Saturday evening, June 15, is the date for the Quarry Festival at Bloomington. This would be a good time to have at least 10 candidates for the Mark Master degree. We will pick up the dinner tab for each member of the new class. This will be a good way for you to introduce a Masonic friend to the beauties of York Rite Masonry. So, for now, let us concentrate on petitions for Thomas R. Marshall. The fee is just $20.00. When you support this movement, you will be giving our Chapter a much needed boost, and every member should be interested in the result of our efforts. We need your support.

The incoming month of May is symbolic of the last month of the Spring term. It has been a great honor to serve Fort Wayne Chapter as Master Councilor. I have thoroughly enjoyed working with those connected with DeMolay. I would like to commend the officers on an excellent term of ritual and thank them for their support. With their help and the support of the active members, Fort Wayne Chapter has attained a commendable term. I would like to give special thanks to Dad Walter Arick, and the Advisory Council for their aid and guidance.

DeMolay Week was a complete success and made Fort Wayne Chapter and DeMolay known to the public. I would like to thank those participating in the week long activities. Our scraphook has been sent to Indianapolis for the state and national contest.

On April 10, 1968, the second Initiatory Degree was conferred for the Spring term. A dinner was served for the members, candidates and their fathers by the Mother's Circle at 6:15. Those receiving the degree from Fort Wayne Chapter were Clayton David Crum, Fredrick William Davidson, James Duffey, Daniel Albert Nagel, Tommy Rex White and Robert John Wray. Two candidates from New Haven Chapter, Mike Lough and Doug Brouwer, also received the degree.

The highlight of May will be on Saturday, May 11, at the Masonic Temple at 1:30 p.m. The Initiatory and very impressive DeMolay Degree will be conferred. The class of young men receiving the degrees will be named in honor of the Past Dads. Now is the time to bring in your friends' petitions so that they will be able to be in this special class.

The traveling Flower Talk team of Fort Wayne Chapter will be presenting the talk on May 1st for the Job's Daughters, Bethel No. 8; on May 4th for the Sol D. Bayless Lodge on their annual Ladies Night and on May 7th for Job's Daughters, Bethel No. 128.

To all members: State Conclave is coming this summer. It will give you a chance to meet other DeMolays and win state recognition. Applications are in, so pick one up at the next meeting. Information will be given at that time.

Events and Activities to keep in mind:

May 8th: Election of officers for the 1968 Fall Term. Nominate your candidates in the best interest of Fort Wayne Chapter. Members must have dues card and obligation card with them to vote.

May 13th: Mothers Day. DeMolays and their mothers are invited to attend either church service at the Waynedale Methodist church. A flower talk will be given and robes provided for members attending. Call David Gregg if you have any questions.

May 14th: Mother-Son Banquet at the Masonic Temple. Miss Irene Meyers, a well known speaker in the Fort Wayne area, will speak. Plan to attend this special event! Tickets are now on sale; call David Gregg for reservations.

May 22nd: Awards and Installation of new officers.

If questions arise on any material in the article, please call David Gregg, 747-0903.

The last meeting of the Mother's Circle will be held on May 20th, at the home of Gladys Coe. The new officers will be installed at this time, so plan to attend. — Mrs. Marvin Isley, Chapter "Mom."

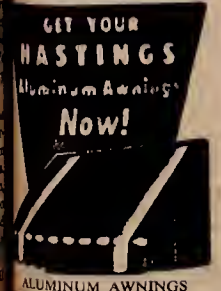
BECOME WHAT? . . . FOR WHAT?

from "Masonic Chronicler", Chicago

The Masonic future of most of the new members is largely determined during the first year of membership. That is when they are putting down roots.

Over the years there seems to have developed a widely accepted idea that once the degrees have been conferred responsibility for the newly obligated brother has been fulfilled. The situation is not a local one but it is national — to say the least. From publications often we read that when a man becomes a Master Mason he is flatly told that if he gets nothing out of Masonry the fault is his own. It declares that in giving the candidate the three degrees the lodge has done all it can for him. Thereafter any progress he made was up to him.

The average candidate speedily discovers that all of this is true. In many jurisdictions a candidate can become a Master Mason in three days. But even though some take three months to raise a candidate to degrees of a Master Mason, how thoroughly can he become grounded in the principles, history, policies and obligations of the Craft in that time? And what becomes of his ideas of fraternal brotherhood, fellowship and kindly assistance when he is told, "Brother you are in; now it is up to you to dig and scratch to get something out of it if you can. If you don't, the fault is yours." Is it any wonder then that many conclude that the initiation fee and the dues are all that was really wanted?



That is barren, eroded soil, and if now and then a strong healthy plant develops in it a miracle has been wrought. If he has sense enough to be a Mason he knows that any reordering of his life will take time, a lot of it. And he expects some help. When he learns that the major work of the lodge seems to be conferring still more degrees, giving parties, banquets, making special demonstrations for visiting dignitaries with little or no further teaching, training or instruction, is it strange then that many of them figure they have joined a rather ineffective social club?

But suppose the new brother is persistent and enters an instruction club. What does he get? Mostly ritual. He learns how to carry rods, bow to display the lights, bow to enter and leave a lodge, how to conduct a candidate, bow to greet and salute officers and visiting important members — all form, all dealing with physical aspects of the work, nothing at all on what Masonry means and how to apply it to personal problems. Is it any wonder that a serious-minded man in search of light and understanding decides that he can get more of it at home with a good book than be can in such a lodge?

When we admit that all a lodge can do for a new member is to give him the three degrees which will enable him to visit ohter lodges, and that whatever else he gets he will have to dig out for himself, we make the monstrous confession that our lodge is so badly eroded that no real spiritual growth can be expected from it. And until we get that soil thoroughly refertilized with Masonic truth and practice we can expect to lose members as fast or faster than we can make them.

Our Seventeen Fund Club is now in full swing. Every one is interested in seeing it grow. Our secretary informs me that already money is coming in, so I am glad the idea was well taken and our brothers are responding to our call. Money is a thing that I do not like to ask for, but in this case I don't mind so much. We are going to build a new building and we will need quite a bit of money to build it, but if you look at it as a once-in-a-lifetime chance to be part of building a landmark, an edifice to Free Masonry if you will, something that will stand as an example for us to say "I helped to build that building," then the sacrifices we make now will be long remembered and well worth while.

Here is a date you don't want to miss; May 18 is John Beck night. A wonderful meal will be prepared by the Poe United Methodist Women's Society and will be served in the church basement at 6:30 p.m. After dinner we will celebrate the fiftieth anniversary of Brother John E. Beck — fifty years of Masonry well spent. Brother John will be our guest of honor and after dinner we will give his Masonic history and present him with his award of gold. You will soon receive a letter with reservation cards. Reservations must be in by May 11, so please be prompt, as we must know bow many to expect for dinner. Brethren: New Haven Lodge held their Heritage Appreciation banquet on April 19th and it was enjoyed to the fullest. Along with the New Haven High School Cboir and the Honorable mentioning of all the Past Masters, was a report on the past history of Masonry in New Haven, Indiana. This information was compiled and presented by our Junior Deacon, Kenneth Gibson. Brother Gibson bas spent many bours putting this information togetber and I am sure that everyone enjoyed the fine job done by bim.

The Fellowcraft degree was conferred on April 17th by our Senior Warden, Donald Stark. The work was very well done and I was quite pleased with the side line attendance. Our attendanee bas increased since the first of the year and this indicates that the officers and craft team are doing a good job. When the work is performed at top level proficiency, there is an interest created and thus an increase in attendance. Keep up the good work.

On April 13th New Haven Lodge was a guest of Summit City Lodge in Fort Wayne for the conferring of the Master Masons degree. This was done with the assistance of the surrounding Lodges to celebrate the Jubilee Year. This was a very fruitful day and was enjoyed to the fullest by everyone.

If all goes well we will be putting on the Master Mason degree in New Haven Lodge on May 22nd. I bope to have a large turn out for this event as it may be the last work we have before going dark. However, from indications I have beard we may bave a very busy fall.

Brothers Donald Stark and Gordon Lough have put the old bell in the tower back to work again. It bas been idle for many years and these two men did the work required to put it into working condition again. Now it can be heard before each Lodge meeting and I think many are glad to hear it ring again.

See you in lodge.

Each New Day

Life is a journey and not a home; a road, not a city of babitation. And the enjoyments and blessings we have along the way are but little inns on the roadside where we may be refreshed for a moment, that we may with new strength press on to the goal.

You will meet today ten men or women; perhaps twenty, or perhaps a hundred. Every one of them will have his or ber day brightened or darkened by the tone and manner of your greeting. You can put a little more spring into the step and a little more joy into the heart of every one of them by a cheerful salutation.

Every worthwbile accomplishment, big or little, has its stages of drudgery and triumpb; a beginning, a struggle, and a victory.

A few wise friends with whom to counsel, a few good books to read and absorb, and with courage and faitb we are well equipped for the facing of life's difficulties and disappointments, as well as its pleasures and successes.

Lives are made of chapters. After one is written it cannot be revised, but we can write a new chapter with eacb new day. —Pbillips Brooks

The Statue of Liberty

Dr. Willard E. Givens, 33°
Director of Education,
House of the Temple

Our Statue of Liberty holds special significance for Masons. This famous statue in the New York Harbor was designed by a Mason, Frederic Bartboldi, and it was a labor of love, representing the suggestions and opinions of the members of Masonic Lodge Alsace-Lorraine, in France.

Bartholdi was one of the early members of the Lodge which was composed of prominent intellectuals, writers and government representatives. We do not know for sure who first proposed the statue as a gift to the Free World of America, but the suggestion undoubtedly came from the Masonic Lodge, Alsace-Lorraine, in France. The members of this Lodge who were government officials put tbrough the necessary legislation and selected Bartboldi to design the statue, "Liberty Enlightening the World."

While Bartboldi was designing this masterpiece, be frequently brought sketches to his Lodge and his Lodge Brothers made suggestions and helpful observations concerning it. When the statue was completed, Bartholdi convened the Masonic Lodge to study it. They made suggestions concerning it before he sbowed it to the United States Committee.

In June of 1884 the Lodge went in a body to review the work of art, which was to he a gift of the French people to the free people of the United States. In November 1884 Bartholdi delivered a lecture and gave a report on the history and various methods used in making this statue.

When Bartholdi returned from his visit to the United States in 1887, he addressed his Masonic Lodge in France with emotion, and told the members of the welcome reception be had received in the United States and of the wide enthusiasm created by the Statue of Liberty.

Bartholdi was born in 1834 at Colmar, Alsace, France, and died in 1904.

I Am An American Guardian of the Nation

Kenneth C. Mathews, 32°

I am an American, tberefore I am also an enemy of tyranny, a defender of freedom and liberty, and finally in so being, I am guardian of the Nation.

I believe that our nation was founded "under God" and bold that as stated in our Declaration of Independence, ". . . all men are created equal, that they are endowed by their Creator witb certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness. . . .

As an American, I should have a right to do anything I please, anywhere I please, in any manner I please, provided, I in no way interfere witb the same freedom of action on any other person in even the slightest degree. I recognize that to the extent I do interfere with another's freedom to that extent my own freedom is thereby lost.

These rights do not stand alone, they are hut a part of my responsibility as a free citizen. Witbout such responsibility there can be no rights. I must obey all laws of our government which has the sole purpose of securing my rights, recognizing that the only true purpose of our government is to "keep the peace." In obedience to such law, I will obey even those laws in which I may not be in agreement, until such time as I, or others, may eliminate tbem.

I believe God did not give me happiness, only the right to pursue it, and provided that my life, and liberty are not restrained, I shall find happiness in the pursuit tbereof.

Tberefore, inasmuch as God has given me tbe right to life, I should not be interfered with in my efforts in sustaining my life, and tbat liberty and the pursuit of happiness are essential parts of the sustenance of life. My greatest responsibility is to insure that I do not in any way interfere with the life, liberty, or pursuit of happiness of any other person. —The New Age

What Is A Boy

He is a person wbo is going to carry on wbat you bave started. He is going to sit where you are sitting and when you are gone, attend to those things you tbink so important. You can adopt all the policies you please but bow they will be carried out depends upon him. Even if you make leagues and treaties he will have to manage them. He will assume control of your cities, states and nation. He is going to move in and take over your prisons, churches, schools, universities and corporations. All your work is going to be judged and praised or condemned by him. Your reputation and your future are in his hands. So it might he well to pay him some attention.

Youth

Youtb is not a time of life . . . it is a state of mind. It is not a matter of ripe cheeks, red lips and supple knees; it is a temper of the will, a quality of the imagination, a vigor of the emotions; it is a freshness of the deep springs of life.

Youth means a temperamental predominance of courage over timidity, of the appetite for adventure over love of ease. This often exists in a man of fifty more than a boy of twenty.

Nobody grows old merely living a number of years; people grow old only by deserting their ideals. Years wrinkle the skin, but to give up enthusiasm wrinkles the soul. Worry, doubt, self-distrust, fear and despair . . . these are the long, long years that bow the head and turn the growing spirit back to dust.

Whether seventy or sixteen, there is in every being's heart the love of wonder, the sweet amazement of the stars and starlike things and tboughts, tbe undaunted challenge of events, the unfailing cbildlike appetite for what next, and the joy and game of life.

You are as young as your faith, as old as your doubt; as young as your self-confidence, as old as your fear; as young as your bope, as old as your despair.

In the central place of your heart tbere is a wireless station; so long as it receives messages of beauty, hope, cheer, courage, grandeur and power from the eartb, from men and from the Infinite, so long are you young.

When the wires are all down and all the central place of your heart is covered with tbe snows of pessimism and the ice of cynicism, then are you grown old indeed and may God have mercy on your soul.

Brothers, whereas all Master Masons are urged to join with their Masonic Brethren and participate in divine worship on June 23, 1968 in the observance of Feast of St. John the Baptist, I am pleased to inform you that Salem United Church of Christ bere in Fort Wayne bas invited our lodge to participate in its worship on this day.

The church is located on Lake Avenue next to the Veterans Hospital.

I urge you to attend with me and the other brethren on this occasion.

The vacation season is soon to become a reality for most of us. The dreams of far off places which were so welcome during those wintery nights a few months ago are getting nearer. Looking back to some of the high points of our own travels, I recall tbe time my wife told me to pull off the road and stop the car. She had seen a square and compass on top of the church spire in this little villege we passed through in our wandering through West Virginia. We turned around and now have this in our slides at home.

The ghost town of Cripple Creek, Colorado bas an impressive ghostly Masonic Temple standing amid the row of tumble down ruins of deserted buildings. The gold whicb made the town famous close to a century ago probably helped to make the temple a thing of beauty. Today, it stands as a reminder of some of the enduring work from that period. One lodge still was meeting there, although the memhership was dying like the rest of the remaining town. As my wife and I strolled down tbe old plank sidewalks along side the deep rock filled gutters after baving eaten in the only remaining restaurant in tbe area, the old town window blinds flapping out of tbe bollow window frames joined in witb the noises of tbe old rusted pieces of sheet roofing rattling among the framework of the buildings. These sights and sounds hurried us along to the only street light burning near the temple.

It was bere that we had left our car in the early evening hours to find someplace to eat. I think the mountain trout were caugbt out in the deeper parts of the creek when we placed our order. Our bost that night, at the only motel in tbe town, was a member of the lodge meeting in that temple. I learned some of tbe history of town tbat night, hut left without learning too much of tbe Masonic bistory of Cripple Creek.

On another trip, my wife finally pushed me along the streets of Fredericksburg, Virginia after having visited the mother lodge of George Washington, the Masonic cemetery, where the inscriptions on some of the stones are reminders of the lessons taught in Masonry. The Civil War battlegrounds were a problem for her also. There is a plaque at the top of the main stairway in the home of the 17th President which is in Greenville, Tennessee. His Masonic role is inscribed thereon for all to see.

In Lancaster, Pennsylvania, one cannot miss the bronze plaque with the square and compass and the Masonic bistory thereon of the 15th President of these United States. We bave seen color slides of a gbost town Masonic Temple in the Klondike regions of the North.

Perbaps some day if the ravages of time do not lay waste to it and to us, its bistory may be learned at its birthplace.

Meanwhile, back to the almanacs to discover wbose names were engraved on those two plaques. We didn't miss the Hermitage eitber, but we only saw the raised initials J A painted red upon tbe white cast iron gutters at the top corners of the bouse.

Last summer we walked across many old village squares out East to admire the churches and Masonic Temples. Some of the temples we saw were the stately old white weather-worn frame building typical of the locale and period. Others were of stone, covered witb green moss and vines. Some were of white stone, others of the familiar brown sand stone. Mucb of the emblem and letters were showing tbeir age, in like manner tbe doorsteps bore tbe marks of those who had gone that way before.

Still other temples, discovered in the larger towns at their main street intersections, had cast-iron Masonic emblems on lodge's corner stones. Some were higb up on the corners or in the middle of the buildings. Usually these lodges bad their members ascend a flight of stairs to tbe second or third floor to attend to their work. No, Indiana has not missed our wanderings. Some places are yet to be visited for the first time.

Perhaps the historian wbo bas seen some of the bistorical significance of Masonry in tbis country will write of the builders of the temples and their work. I am certain that the builders wbo met in Virginia in white wigs and with buckles upon their slippers could follow in the dust of the gold campers boots and hoth equally as well with the Masons in the homespun clothes of the midwest farmer to provide the modern Mason with some good literature. No doubt, some lodges still bave a tall hrass spitoon, a pot bellied stove, and a cold preparation room. And, they also probably bave some brother attending these who tries to vote them out of the lodge at least once during the new masters year. Don't pass through all the towns this summer without taking a few seconds to look up at tbe corners of the buildings or at the village square. Masonry has left its mark for all to see in many a place if one will but stop to look.

We welcome two new Master Masons from last month, Brothers Oren Leroy Collins and Howard D. Teddy. Brother Gerald Paul Henry has affiliated with us from anotber lodge, we too welcome him to our lodge.

We mourn the loss of Brothers Terry Clark and William F. Beyer, The Lord Giveth and the Lord Taketh Away.

See you in church June 23rd.

MY CREED

To live as gently as I can,
To be, no matter wbere a MAN.
To take what comes of good or ill
And cling to faith and bonor still.
To do my best and let that stand
The record of my hrain and hand.
And then should failure come to me,
Still work and bope for victory.
To bave no secret place wherein
I stoop unseen to sbame or sin.
To be the same when I'm alone
As when my every deed is known.
To live undaunted and unafraid
Of any step that I have made.
To be, without pretense or sbam,
Exactly wbat men think I am.

The feel of your hand in mine,
That will quicken the heart and further the plan
Of Him who is divine."

"There's a heap of consolation
In the handclasp of a friend;
It can wipe out desolation,
An' bring heartaches to an end;
It can soothe a troubled spirit
Like no magic in the land:
Heaven? You are pretty near it
When a good friend grips your hand."

Brethren, let us remember something that masonry bas never forgotten, that it is not the quantity of a brother's material goods, his deeds of pnblic good will, his worldly wealth or honors, nor the number of titles that be might be able to attach to his name, that we honor. These iems do not count as far as the Masonic fraternity is concerned, but ratber the inward quality of a man that renders him worthy of honor in our Masonic brotherbood. It is true that worldly wealth or honor can help a man to do tbings that sbould be done toward promoting peace and happiness, it is not alone the act of helping that must be considered, we must also look to the reason for the help. It is not surprising that the qualities that make a man worthy of our honor and respect as a brother Mason are also the same qualities that help to win for that same man worldly wealth and honor. I would remiod you that we seek not what the world seeks, but the world seeks what we seek.

June promises to be a busy month for Maumee Lodge. First on Saturday, June 8th, Maumee members, their ladies and guests will bave our annual "Spring Fling". Eacb member will be responsible for making his own golf arrangements at the Foster Park Municipal Golf Course, we will have a registration sheet for those competing for the golf prizes. Dinner, which will be served at 6:30 p.m., promises to be delightful for those who enjoy a catered meal of Kentucky Fried Cbicken, potato salad, baked beans and other good things to eat. There will be no formal evening program, but cards and music will be available for those desiring them, and everyone will be eligible to win one of our attendance prizes. Cost is $1.50 per person, tickets are available from any of the officers or many of the members of the lodge.

The members of Maumee and their families are invited to attend St. Jobn the Baptist Day Church Service at 10:30 a.m. at the Calvary Presbyterian Church, 1701 Capitol Ave. The church is located at the corner of Capitol and So. Anthony Blvd. Capitol Avenue is located midway between McKinney and Pettit Streets. This visit is an annual event by the members of the lodge to a church service, and is a recognized event by the Grand Lodge.

There will be two candidates for the month of June, so I will call a lodge of EA for 5:30 p.m. on June 12th; a lodge of FC at 7 p.m. on June 19th; and a lodge of MM at 5 p.m. on June 26th. Dinner will be served at 6:30 p.m. on June 12th and 26th.

Again I remind you of what I said earlier in this article, we seek not what the world seeks, but the world seeks what we seek.

Brethren: May has been a busy month. The First was our stated meeting, we elected two to receive the degrees and read two new petitions. Monday, May 6th we visited the guests at the V.A. Hospital. We did not have a very good turnout. Mark your calendar now to be present at our next visitation, Monday, June 24 at 7:15. Wednesday, May 8th was the Entered Apprentice degree for our newly elected candidates. We also took this opportunity to present Bro. Earnest T. Earhart an honorary membership as our appreciation of bis efforts to assist our lodge and installing our officers over the past years. May 15th found us busy with the Fellowcraft degree. On May 21 and 22 your W.M. and Wardens were in Indianapolis attending Grand Lodge. This being the completion of the One Hundred Fiftieth Year of the Grand Lodge in the State of Indiana it was a meeting that your officers will long remember. May 29th was Master Mason nite and our J.W. provided us with a fine supper between the 1st and 2nd sections.

We will have two petitions to vote on at our June Stated meeting. Plan to attend some of the degree work during June as we will be dark during July and August.

Congratulations to our newly raised Master Masons, Carlton W. Lochner and Kenneth L. Keep, who were raised in March, and Glen "Chuck" Waldridge, raised in April. We also received George H. Landree by transfer. Welcome these brothers to Waynedale Lodge.

April 26 Bro. William O. Sanroch was called to his Heavenly reward. Waynedale Lodge conducted services at Klaehn's Funeral Home on Sunday, April 28. Bro. Sanroch was a charter member of our lodge and built the altar and other lodge furniture. We extend our deepest sympathy to Mrs. Sanroch.

Brethren: Greetings from the hall of South Gate Lodge.

The soft blush of Spring has given way to the early bloom of Summer and caught the writer of this column asleep — for the space of one issue of the Square and Compass. Not exactly, for we did have two special membership mailings which announced two events now past, but not forgotten.

This Lodge was very fortunate to have a Charter Member and Past Master Recognition gathering which was very warming and conveyed a true spirit of Fellowship. Two Brothers of South Gate Lodge received their 25 year pins at the event and it was witb genuine sincerity that we made these awards to Brother Samuel F. Stern and Brother John W. Click. Two other members were mailed 25 year pins. Brother Orland M. Scott of Plainville, N.Y. and Brother Robert M. Cherrington of Indianapolis. Congratulations to these Brethren also.

The 50 year award of gold will be presented to Brother Paul Anderson, residing in Pboenix, Arizona. Our Secretary bas requested the Grand Secretary, Brother Dwight Smith to arrange for the Grand Lodge of Arizona to perform this courtesy presentation for us and Brother Aoderson will be receiving this distinguished award in the near future. We were pleased to have several visiting Masters and their Wardens with us at the Recognition night Lodge function. Our Past Masters performed nobly in conferring the second section of the Master Mason degree upon Brother Donald E. West. We welcome this newly raised Master Mason and trust that be will find a sustaining strength in his character as such.

Saturday, May 4, at 7:00 a.m., Lodge was opened on the Fellowcraft degree and Brother David Lawrence Dill gave his proficiency to the Lodge in that degree. I must say that a letter perfect proficiency in open Lodge, was very gratifying. Lodge was then closed in form on the Fellowcraft degree and opened on the Master Mason degree. After the first section, Lodge was called from labor to refreshment and Past Master Ed Fleck and the kitchen crew tamed our early morning appetites by spreading a festive board with pancakes, sausage, applesauce and lots of good coffee. Again, several Brethren visited with us and some of our own Brothers who find normal lodge hours inconvenient, joined us for a very well conferred degree. We were pleased and honored to have with us Most Worshipful Brother Orvis A. Dellinger, Past Grand Master and Honorary Member of South Gate Lodge, who complimented Brother Dill on his proficiency. Incidentally, David is the son and Masonic Brotber of Lawrence Dill of South Gate, another Father-Son Masonic Brother team. Before returning to campus Sunday afternoon, David bad given his Master Mason proficiency. On behalf of the Fraternity, we welcome this new Brother.

This Saturday morning degree proves that it pays to take a turn down the road of new ventures occasionally.

The May 6 Lodge for Instruction under the direction of Past Master Guy I. Mausteller, was not well attended. Some of this could be attributed to the fact that this was also our night for Hospital visitation and so our attendance was split. I do not feel however, this justifies the poor showing in attendance of this event. For those Brethren who bave forgotten, this was tbe opportunity you should not have missed.

A membership telepbone committee will be functioning in the near future and I hope this will enable the Brethren to be more aware of Lodge functions and to establisb a positive communication link which will result in a higher interest level in the affairs of tbe Fraternity.

Brother Ben Kurzner is ill and I am certain would appreciate, for the present time, a postal greeting. He is in Parkview, room 712. Our best

to you Bro. Ben.

The anniversary of St. John the Baptist is June 24. It bas been the custom of Lodges to attend Church in a body on the Sunday nearest this date or as directed by the Grand Master. On Sunday, June 23, the members of South Gate Lodge bave been issued an invitation by Rev. William Meddock, Pastor of Christ United Methodist Church, 1100 McKinnie Ave., to attend church in a body at the 9:00 a.m. worship service. I would also add to tbis invitation and request the Brethren to assemble in the Narthex at 8:45 a.m.

"Freemasonry takes all good men by the hand and leading them to its altars, points to the open bible thereon—"

My Bretbren, the same Bible is open upon the altars of our churches and be who does not direct his steps to the Altar of the Church of bis acceptance and beed the Ministry of this Great Light, must surely feel a Spiritual void.

Let us pledge therefore and willfully endeavor to attend and support our Christian House of Worship; attend and support tbe Blue Lodge Temples of Freemasonry.

"— and while a Mason keeps himself thus circumscribed, it is impossible that he should materially err."

This missle, which follows, was presented at our Past Masters Night by our most devout Chaplain, Brother Eugene E. Pierce, and typifies true Christian and Masonic virtue—

"Worshipful Master": Tbis week marks my 4tb anniversary which the lodge through the grace of God working through officers past and present, overcome eertain limitations and bestowed upon me one of tbe highest honors man can receive when I was raised to the sublime degree of a Master Mason. I wish to again express my appreciation that you found me worthy and aince bestowed upon me additional honor as your Chaplain these past three years. My brothers — there is a power governing us, caring for us and sustaining us whicb "Goes before us to make the crooked places straight" — God —the law of our being, the source of our good. — We recognize tbis lodge as God's temple — the place on which we stand is Holy Ground. May we ever remember the two great Commandments "Thou shalt love the Lord thy God with all thy heart and all thy mind — and thou shalt love thy neighbor as thyself." Love is the answer to this troubled world— to love all men with a love that stems from the realization of our union with the Master Supreme. Our function always is to sbow forth His Glory."

It would appear tbat South Gate will be busy and the Craft are ready to assemble and turn to their pleasant labors.

Two petitioners were elected at the May Stated meeting and 3 petitions read and sent to investigating committees which would indicate the following schedule:

May 27 EA; June 3 FC; June 10 Stated; June 17 EA; June 24 FC; July 1 MM.

In the meantime, Grand Lodge will bave opened and closed, and the Sesquicentennial of Freemasonry in Indiana will have passed; but will not have heen forgotten.

Don't forget — Attend your Church, attend your Lodge.

Brethren: As you all know by now, we had only one called Lodge in the month of April. We had, as usual, a decided falling off in attendance because of this. I would like to request the presence of each and everyone of you at our meetings in June. We will probably have three called meetings. We have one petition to vote on. And we will have a Master Mason degree as I intend to hold one candidate over.

June is the month we celebrate St. John the Baptist day by attending church in a body. On June 23rd, we have an invitation to join the members of West Creighton Avenue Christian Church in their worship service. Time: 10:10 a.m. Won't you join us?

By the time you read this, Grand Lodge for 1968 will he history and we will have said farewell to our Sesquicentennial Year. It bas been a good year, and I would like to thank all those who bave made it such hy their faithful attendance. I should have some reports to hring to you from Grand Lodge.

This being my last article until September, I would like to wish all of our members and their families a safe and restful vacation. See you in September!

June-June-June-

A montb of beginnings — a month of endings — young people who are ending various phases of their formal education and heginning a new period of their lives; political campaigns hopefully beginning a new way of life for those aspiring for office — may God grant us all wisdom in eboosing a leader wbo will endeavor to hring about peace. A leader wbo remembers June 14, Flag Day. A day to remember — the beginning of our Country and a part of the American Creed — "I therefore believe it is my duty to my Country to love it, to support its Constitution, to obey its laws, to respect its Flag and to defend it against all enemies." — William Tayler Page. And an anniversary ending 15 years for Faith Shrine. 'Tis the "Crystal" year so gaze into your crystal ball and reminisce a bit. How far have we progressed? What have we accomplished? Fifteen years seem long, but what does the Crystal Ball bold for the future?

It will be interesting to note, in the not too distant future, whether or not the Master Mason Sojouroers meet the cballenge offered them hy the Past Grand Master who responded to an inquiry from one of our P.S.W.O.S. at the close of tbe dinner meeting on April 20, State Association Day. Those wbo were absent may wisb to discuss this with our Watcbman of Shepberds.

The Past Worthy High Priestess Club will assist in the beginning of our 16th year and extends an invitation to the Sojourners to attend the Birthday Party on June 14 after tbe stated meeting on that date. Our Worthy High Priestess invites all "Dads" to attend.

Our W.H.P. also wishes to remind ALL officers of the ceremonial practice on June 23 at 1:30 p.m. in the Artisan's Organ Studios on Road 1, nortb. This will be in preparation for the Ceremonial to be held June 28 along with East-West Officers' Night. Incidentally, the robes should be especially pretty tbat night—they've been sent out for refurbishing. The Social Committee says to drop hy for a bit of cool refresbment and a chat with our visiting officers.

Another beginning with excellent results was tbe Ways and Means project of a Rummage Sale held May 1. Our W.H.P. and project committee wish to say thank you to all donors and workers. The second effort of the Ways and Means Committee is a Tupper Ware party on June 19 at 7:30 p.m. in the bome of Mary Howard, 822 Nuttman with Pat Nebls, W.H.P. as bostess. Do plan to attend. You'll be pleasantly surprised. They have fun!

The Supreme Session at Detroit during week of May 12 was an interesting one. The informal opening of the Garden of Love Session was held in Cobo Hall, with a setting of a Garden Scene using white, wrought iron garden furniture groupings around fountains and floral arrangements. The Supreme East backdrop held a large, lighted, red rose beart through whicb the Supreme Officers entered, were introduced and took their places in the "Garden".

On Tuesday evening tbe Supreme Officers exemplified the Ceremonial for 21 Sojourners. It was one of the best ever portrayed and was well received.

Wednesday, election day, resulted with all line officers advancing and then adding Helen Johnson of Montana as S.W. Guide and R. C. Wilson from Covington, Ky. as S.P.W.O.S. The Ind. candidate, Bernice Geyer, placed fourth in competition with 18 nominees.

In tbe evening 17 Patrols demonstrated their marching talents with ours drawing sixth position to march. Their drill was very well received and their Captain accepted the award they received for their participation. They will long be remembered, believe me! Those wbo participated with the Patrol were Arnett Bickel, American Flag Bearer; Grover Scott, Shrine Flag Bearer; Paul Wolf, Banner Bearer; and Zelma K. Stamper, P.S.W.H.P., who carried the insignia of the Nightgown Brigade — the mirror and the puff.

The highlight on Thursday eve was the Installation of the 196 Supreme Officers and assistants. W.H.P. and W.O.S. formed the hlem which S.W.H.P. is using. W dressed in white made the c the W.O.S. dressed in black the erook; around them the rem W.H.P. dressed in red, formed "St. Louis Arcb" again bordered the W.O.S. in hlack. The Apex of Arch consisted of the W.O.S. Pennsylvania who were gowned dark green velvet formals. It truly beautiful, but the most in ing event was the presentation of

THE TEN COMMANDMENTS OF HUMAN RELATIONS

1. Speak to people. There is nothing as nice as a cheerful word of greeting.

2. Smile at people. It takes 72 muscles to frown, only 14 to smile.

3. Call people by name. The sweetest music to anyone's ears is the sound of his own name.

4. Be friendly and helpful. If you would have friends, be friendly.

5. Be cordial. Speak and act as if everytbing you do were a genuine pleasure.

6. Be genuinely interested in people. You can like everybody if you try.

7. Be generous with praise — cautious with criticism.

8. Be considerate with the feelings of others. It will be appreciated.

9. Be thoughtful of the opinions of others. There are three sides to a controversy — yours, the other fellow's, and the right one.

10. Be alert to give service. What counts most in life is what we do for others.

"Hello" only lasts for a minute,
It's a short, brisk, queer little word,
But, say! there's a lot of cheer in it;
In spring when the hilltops are
It's like the first chirp of a bird greening,
Right after the cold and the snow
I think when it comes to real meaning
There isn't a word like "Hello!"

Sister Shirley Burson and her Ways and Means Committee are fairly beaming at the success of their first project — the May Breakfast and White Elephant sale. The coming card party on Tuesday evening, June 4 on the Mezzanine at the Masonic Temple will be in charge of Night Ways and Means Committee. Tickets have been distributed to the various committees for your convenience in securing same. The Present Hour

Find happiness along your way
Or you will never find it;
Renew your heart with love each day
Or life will often blind it.
Find happiness with morning's dawn
A thousand voices sing it;
Reach for your share ere day is gone
For few tomorrows bring it.
Find happiness in daily things
Or you will never know it;
Go sow some joy that this day brings
Or new days will not grow it.
Find happiness . . . that is your goal,
Let attitude prove power;
End futile searching of your soul . . .
Just find the present hour.

Let Us Smile

The thing that goes the farthest
toward making life worthwhile,
That costs the least and does the most
is just a pleasant smile.
The smile that bubbles from the heart,
that loves its fellowmen
Will drive away the clouds of gloom
and coax the sun again.
It's full of worth and goodness too,
with human kindness blent . . .
It's worth a million dollars and it
doesn't cost a cent.

A smile comes easily enough,
a twinkle in the eye
Is natural, and does more good
than any long-drawn sigh!
It touches on the beartstrings till
they quiver hlithe and long,
And always leaves an echo that
is very like a song.
So, smile away! Folks understand
what by a smile is meant . . .
It's worth a million dollars and it
doesn't cost a cent.

Drill Corps News

It's with great pleasure to pass nn to each of yon the good oews from the Grand Commandery Knights Templar State Conclave Competitive Drill, held Saturday, May 11th at Cnlumbus, Ind.

We all are real happy abont our team winning the 2nd place trophy In their competitinn class. Our salute goes to our very able leader Sir Knight James P. Johnston and his dedicated team.

The hnurs of practice and much shne leather tn place a team in this competitinn has beco well rewarding.

Sir Knight Schuble Boggs had the honor of posting a perfect scnre. "Nice gning Schuble," hut we can't all be perfect, or Knightstown wnuld have been unhappy. So next year with some luck and some of Schuble's ego maybe we can win 1st. How about it Sir Knights.

The fnllnwing Sir Knights made up the drill team. James P. Inhnston, Schuble Bnggs, Hnmer Stevensnn, Jim Farrar, Richard Peden, Bernard Smith, Harlao Miller, Edward Wold-ridge, Ray Swinford, Robert Gahman, Myroo Millhorn, Roger Shaffer, Ahner Wolvertoo, Virgil Holsworth, Harold Hamrick, John Inches, Don Smith, Francis Studler, Howard Carr, Art Gardt, Phillip McCague, Albert Unger, Walt Reyoolds, George Cherry and Fritz Ruoff.

We also want to add our appre-ciations to our Fort Wayne Com-mandery Band. The one and only Commandery Band in Indiana for going along to Columbus. A salute to Russell Whartoo and members.

The band played a coocert follow-ing the drill competitioo and was eojoyed by many, under the directioo of the assistant, Bob Kreckman.

By the way our Past Graod Com-mander of Indiana Sir Knight Harold R. Hoolihao has added a oew title due to the heavy rain and a leaky gym roof. Beatrice did you know Harold is a real Swah Jockey too?

It surely was a rainy day and the parade was called off. But many happy memories will loog be remem-bered nf this years conclave.

Please stop by our 5th floor trophy showcase and see our many trophies. Any Blue Lodge member feel free to join our York Rite Bodies. The Drill Cnrps welcomes you.

The members and friends of Olive Branch Lodge wish again to congratulate Bro. John E. Beck upon receiving his Award of Gold. It was a memorable occasion and one that we won't soon forget. I hope that Br. John will always remember it for the friendship and fellowship that was displayed in his honor. The event represented fifty years of Masonry well spent, and we hope that it will continue for a long, long time.

A delicious ham dinner was prepared and served hy the Poe Methodist W.S.C.S. and was enjoyed hy all.

After dinner we were entertained hy Gary Link, his wife, Marilyn and brother David. We enjoyed their program very much and would like to have them hack again sometime.

You know, I think it is a shame that so much time, effort, and money spent in preparing an eveoing such as this is not enjoyed hy more people. Cards, letters and news ahout John Beck Night were sent out, the night was chosen with care so as nnt to conflict too much with other events. Everything was done to have a good celehration and yet enjoyed by so few people. I know that each of us are looking forward to the time when we will receive our Award of Gold, that a hig celehration will he held for us. I am sure that we are justified in feeling this way. I hope we will not be disappointed; for how can we have such a celehration as this without attendance?

At our June meeting I will have a report on Grand Lodge. This is our one-hundred and fiftieth year of Masonry in Indiana and there will be maoy interesting items to report.

There has been no increase in our "Seventeen Fund Club" this month hut I am sure that there will be in the near future.

Please Note: This article was written four days before "John Beck Night" due to the S and C deadline and was hased upon the reservation response you have given us. I hope that the statement I made in this article ahout our attendance was all wrong, and that I will be forced to write a retraction next month.

Brethren: At our May stated meeting we received two petitions for transfer and one for the degrees of Masonry. If all goes well and the hallot is clear, we will have Entered Apprentice work June 12th.

On May 15th the Master Mason degree was conferred upon Brother Robert Frock. The work was very well done and the supper before the degree work was well worth attending.

We held our Heritage Appreciation Banquet on April 19th and I would like to thank Brother Kenneth Gibson for his discussion on the past history of Masonry in New Haven as well as Brother Carl Nickolas and the memhers of his choir. This was a most enjoyahle evening to all who were present and the pot luck supper was one to remember.

New Haven visited the Veteran's Hospital in Fort Wayne last month aod I was a little disappointed with the attendance we had. I hope that the next visitation on the 10th of June will he a little better attended. The various Masonic Lodges making these visitations have made quite an impression upon the patients there and I thank everyone who has so generously donated their time to help spread fellowship and cheerful wishes among the patients.

On May 21st and 22nd Brother Don Stark and I attendad Grand Lodge at Indianapolis. I think this was the most informative and constructive Grand Lodge meeting that I have attended. There have heen many inspiring and educational meetings during this 150th year of Masonry and I am proud to have heen a part of it.

Brethren don't forget the picnic we have scheduled for June 16th at Franke Park in Fort Wayne. Bring enough food and table service for your own family.

See you in Lodge.

"Contemplation"

I sat hy the edge of the deep, and my heing was sad, for my heart hungered. And I cried out to the Master, "Tell me, that which I have sought and strived in vain to find—what is "Compassion?" And a voice echoed back from out of the depths saying, "Behold, When you stop to straighten a flower trod down by the careless foot that it may grow to bloom and offer beauty — this is Compassion. And when you stop to return a fallen fledgling sparrow to its nest that it may live to soar to azure heights — this is Compassion. And when you help the lowly earthworm climbing the garden wall to reach the top that it may lift its head with giant men — this is Compassion. And when you weep for all of those who strive for good yet left this world unwept for — all these selfless gestures — these are Compassion." And when I heard all this I wept, for I had suffered all these things. And I arose and left the edge of the deep and went my way content.

John W. Stuart, 32°

God Is Good

Masonry teaches that God is infinitely good. What motive, what reason, and, morally speaking, what possihility can there he to Infinite Power and Infinite Wisdom, to be anything hut good?

Our very sorrows, proclaiming the loss of objects inexpressibly dear to us, demonstrates His Goodness. The Being that made us intelligent cannot Himself he without intelligence; and He who has made us so to love and to sorrow for what we love, must numher love for the creatures He has made, among His infinite attrihutes.

Amid all our sorrows, we take refuge in the assurance that He loves us; that He does not capriciously, or through indifference, and still less in mere anger, grieve and afflict us; that He chastens us, in order that hy His chastisements, which are hy His universal law only the consequences of our acts, we may be profited, and that He could not show so much love for His creatures, hy leaving them unchastened, untried, undisciplined. We have faith in the Infinite; faith in God's Infinite Love; and it is that faith that must save us.

Albert Pike

The Task Before Us

It is my conviction that speculative Freemasonry had for many years, a social monopoly on the time, efforts, attentions and energies of men. This was purely because other avenues of activity had not heen opened; and for the further reason that absence of easy, cheap and rapid transportation limited man in choice of his activities. Technological progress has removed it. Multiplication of fields of human activity has removed it. The loss in members is certainly related to these changes.

We must now face the fact that we are in competition for the time and energies of men. There being a much greater range of choices open to men concerning the employment of free time, that choice in this day, when made in favor of this Fraternity will he a free choice; thus upon a sounder hasis than in past times.

Our function and task is ,therefore, no different than it has ever been; although now more clearly stated. It is to provide for the minds, time and energies of man a pursuit and quest of a kind and quality nowhere else availahle.

—George H. Bovington, Grand Master of Masons in Washington, 1966.

Be Victorious!

To hold at hay fierce passions of the flesh with the will of steadfast resolution; to believe the best when the worst has sunk its poisonous fangs into the heart; to be high-minded amid vulgar words and deeds—

Behold, this is what it means to he victorious!

To retain the dignity of labor while doing menial tasks; to keep principle unsullied when its price is requested; to act on deep-founded conviction while others are swayed hy prejudice; to see more than mud in a wayside puddle, and more than sin in the face of a wretched creature—

Behold, this is what it means to he victorious!

To rely on the vindication of right when all the world justifies itself with tottering wrong; to trust without hesitation that hehind he scheme of things there is a solicitude keeping constant vigil, to stand with broken wings amid life's crags, yet fix one's eyes upon the heights, mold one's lips to a song, and raise one's heart in triumphant faith—

Behold, that is what it means to he victorious!

— Dr. W. Waldemar W. Argow (1891-1961) in Kleinknecht Encyclopedia.

Masonic Temple, Fort Wayne

"Summer's almost gone and Winter's coming on." Vacation for most of us has been placed in our storehouse of memories. Time to return to the business of conferring degrees which is on the September schedule.

Plans are being completed for the annual homecoming to be held on October 25 in the newly decorated banquet-ballroom. Brother Sheldon Leiter and his maintenance crew have finished a summer of painting and cleaning in the temple. This is but one of the many improvemeots made by the house committee in the past few years to make the temple one you can point to with pride. There is a church in our neighborhood whose bulletin reads "We expect visitors." Perhaps the temple should have one which states "We expect members."

During our recent ramblings, we drove through Sandusky, Ohio. My wife, as wives frequently do in beavy traffic, asked me if I had seen the Masonic emblem back there. I hadn't, but on our return it was directly in front of us as we followed route 6 downtown. It was a beautiful floral garden arrangement of the Square and Compass. The entire park was made up of emblems in floral arrangements, but the Masonic arrangement was placed at the end of the street where the traffie had to slow down to turn. The arrangement was inclined on a raised embankment and was of impressive size. Many of the cities we traveled through this summer were less impressive with groups of dirty, long haired, unshaven young men and equally filthy female companions occuping the street corners and park sites.

Early this summer, my wife and I attended the reception for the new Grand Master of Masons of Indiana which was held in Brown County State Park at Nashville, Indiana. It was a real good Hoosier get-together. We also visited the new, air-conditioned Masonic temple there. It is a beautiful temple with many original oil paintings of the surrounding countryside. The ebarming, enthusiastic young daughter of the Grand Master conducted us about the temple. The hospitality of the Nashville folks will be remembered for a long time.

In June, several members of Summit City joined with me in the observance of St. John the Baptist celebration by worshipping together at Salem United Church of Christ. Reverend Willard Zinke gave an outstanding sermon concerning Masonic light. Perhaps next year attendance will increase.

We welcome four new Master Masons since the last issue of the Square and Compass, Brothers Allen D. Johnson, Paul Durnell and David A. Durnell, father and son, and Jeffery H. Tigges. Brother Kenneth W. Finch has affiliated with us from another lodge. To these Brothers, Welcome.

This is just a reminder, the first Friday of every month is the stated meeting with the degree work the remaining Friday nights. See you Friday, September 6.

Brethren: September is under way and so it's back to work again. The Officers and W.M. hope that everyone enjoyed the summer months and their vacations. Our St. John the Baptist Church Service at Trinity United Methodist Church on June 23 was well attended. Senior Warden Bobbie Warner counted 27 members in attendance. Rev. Carl C. On July 7th, the officers and their families enjoyed a pot luck dinner at the cottage of Past Master Vincent Westfall at Lake George. Past Masters Max L. Poorman and Robert Stute and their families were also present. An enjoyable day was had by all.

The following brothers were hospitalized for a time during the summer period. Guy Miller - Veterans Hospital; Ford Hall - Lutheran Hospital; Delbert Wartzok - St. Joseph Hospital. We are happy to report they are now at bome and getting along fine. Still at Parkview Hospital is Past Master George R. Gawehn. Geo. served as Master of Sol D. Bayless in 1925. My brethren how happy these brothers would be were they to receive a get-well greeting; a phooe call or a visit from you.

We extend our sympathy to those families who passed through sorrow during these summer months. Called to the Celestial Lodge above were: Brothers Wm. P. Tucker, a 50 year member; Herbert M. Loomis; Martin P. Elberson, Past Master in 1944, who passed away in Arizona.

A happy Birthday to our Treasurer, Howard J. Anderson, Sept. 25.

Brethren:

I trust that you have enjoyed a restful vacation and as we look ahead to the coming of fall, we anticipate renewing our labors with zest and enthusiasm.

While we set a record for the number of stated meetings without having a petition the first balf of the year, we still have hopes of degree work before the year is over.

On Saturday, June 22 Three Rivers brothers were invited by Anderson Fellowship Lodge No. 681 to present the play "A Rose upon the Altar." We were welcomed by our host and served a delicious steak dinner. The play was accepted by a standing ovation by approximately 150 brethren. Two brothers received their gold awards for fifty years as Master Masons. Due to vacations and other activities we bad trouble in securing the cast and my special thanks to Worsbipful Brother Curtis Heston — who memorized a part of the play in one day — we were able to present the play in good form.

Our lodge extends its deepest sympathy to the family of Brother Jobn H. Bowyer who was called to his heavenly reward Saturday, August 10. Services were conducted by Three Rivers Lodge at McComb Funeral Home on Monday, August 12.

At the September 10, stated meeting we will try to create some fellowship by baving dinner at 6:30. Lodge will open at 7:30. Bring a brother with you for this special evening.

Saturday, September 28, is our annual Corinthian Club Stag Fish Fry. It will be beld at the Shoaff Park River Lodge. We open at 4:00 p.m. and eat at 6:00 p.m. Brother Lee Garrison and his faithful staff of retirees will prepare the fish. Johnny Hamrick's Variety Show will present the entertainment. All Master Masons employed at or retired from the Harvester Company are cordially invited. Complimentary tickets to all retirees. Please come early for an evening of fellowship.

October 1 we will honor our Past Masters. Three Rivers Lodge is deeply indebted to all of our Worshipful Brethren who bave done a wonderful job over the past twenty years. We are grateful and would like to show our appreciation by a special invitation to a dinner at p.m., Tuesday, October 1. A labor of love, bow often bave we beard that statement? Maybe we sbould turn it around and say a love of labor. Masons bave ever been taught that we sbould work for wbat we get, and perform a good days labor for the wages we receive. The man that does not work for wbat he gets or wants everything given to bim without bis effort is a man to be pitied, but sbould not be condoned. Man is created for an active life, botb work and social, and he that would not attempt to contribute something to the common good of men by working and endeavoring to raise the sights of men is worthy only of our pity. Tbe man that will not work by his own choice has no self dignity, because through our work is one of the ways that we can sbow our praise to the Grand Arcbitect of the Universe.

It is with regret tbat I announce the acceptance of the resignation of our Junior Warden, Brother Robert Whyte. The office of Junior Warden is being filled with the temporary appointment of Brother Robert Nickerson. We will bave an election to fill the office of Junior Warden on our stated meeting on Sept. 4tb.

Tbe month of September promises to be a busy one for Maumee. We are going to bave five candidates for tbe EA, so we will open lodge at 4:30 p.m. on Sept. 11th. We are going to bave FC at 7 p.m. on Sept. 18tb. We bave not yet decided the opening time for the MM to be beld on Sept. 25th.

Remind your ladies that you have a date on Wednesday evening, Oct. 30th for the Annual Maumee Ladies Night. More information about this next month.

Brethren: With tbe summer doldrums fast receding, we will open the fall season witb a burst of activity.

Of paramount import: The Grand Lodge Supervisory Board bas approved our request for authority to construct our new Temple, and we expect to start excavation and primary construction soon. We will announce definite plans at the stated meeting September 4th.

Our Building Fund is in fine shape, with about four-fifths of the required construction costs paid or pledged, including important pledges of materials and services. Brethren, those of you who have not yet been contacted by our Finance Committee, or have deferred sending in your pledge cards, please get in touch with me, the Secretary, or any officer. I know that every member, within the lengtb of bis cable tow, will want to have a part in tbis great and important undertaking.

Our September calendar, successive Wednesdays:

September 4 — Stated meeting, 8:00 p.m. (Two petitions).

September 11 — Entered Apprentice, 7:00 p.m.

September 18 — Fellow Craft, 7:30 p.m.

September 25 — Master Mason, open 5:30 p.m., dinner 6:30, second section, 7:30. (Possibly three candidates to be raised!)

In spite of the beat and humidity, we had excellent and enthusiastic attendance at our meetings in July and August. Parenthetically, the air conditioners did a great job.

I hope that each of you is rounding out a good summer, including a pleasant and refreshing vacation time. See you at Lodge!

Here it is, September already. Time to set the craft to work.

I hope you all bad a nice restful vacation and are ready to get back in tbe harness again, for it looks like we will be busy. We bave two petitions to vote on this month and three boldover E.A.'s, so we are going to need all the belp we can get. Below are some dates you sbould mark on your calendar:

September 15 — Masonic Home Visitation.
September 16 — Veteran's Hospital.
September 19 — Fellowcraft.

The Cleckner car will be heading tbat way and there is room for two other couples. How about picnicing along tbe way?

On Saturday, October 19, we will have our Annual Dinner Dance. This is a little earlier than usual but I am sure that it will work out well. The Tru-Tones will be with us again —I'm sure you will all want to come dance to their music. Get your tickets early — either from one of the officers or from Mrs. Leiter at the desk. No tickets at the door tbis year.

Blessed are those who have the gift of making friends, for it is one of God's best gifts. It involves many things, but above all, the power of going out of one's self, and appreciating whatever is noble and loving in another.

Vacation time is almost over. We hope each of you had a safe, pleasant and restful vacation and are now ready to come back to chapter and join the officers and committees for the full and busy season ahead. It will be nice to see all our chapter friends again for we have missed each and everyone of you.

It was a very warm night in August but the warmth inside was also that of friendship and fellowship. This was August the 7th when we had the official visit of the Grand Worthy Matron and the Grand Worthy Patron, along with Ft. Wayne Chapter. A delicious chicken dinner was served at 6 p.m. Baby dedication was held at 7:15 the meeting was opened at 7:30. Trinity officers gave the opening and the closing. Fort Wayne Chapter gave the initiatory work.

The commandery room was beautifully decorated. In the East was a billside with artificial grass and the appearance of white wild flowers growing on the hillside on one side was a white dogwood blossom tree and blue birds floating in the air. In front of the pedestal was a pink dogwood tree with violets around the base. Pink rose trees were behind each star point chair. A small table with an open Bible was in the West.

A large group of Grand Officers attended. We were honored with the presence of the Grand Worthy Patron Glenn Gallayher of Ohio, his wife. Also the Grand Warder and several other members of Ohio. The officers of botb chapters presented the work in a very fine manner. A reception was held in the dining room with Past Matrons of botb chapters as hostesses.

Sept. 6th will be back to chapter with a potluck dinner in the ballroom at 6:30 p.m. Bring covered dish and own tableservice. Please come and enjoy this fellowship together and the meeting at 8:00 p.m.

Sept. 20tb will be a stated meeting and Sister Betb will honor those who have birthdays in Aug. and Sept. Come and see what she has planned for you.

The Happiest Man

The happiest man in the world is the common everyday chap who makes his own living, pays his hills, has a little money as he goes along, hut doesn't strive to get a corner on the local output, and is a slave neither to ambition nor society. He loves his God and his fellow man; finds "there is no place like home," haven of rest; prefers the company of his family to that of anyone else; never has to sit up nights to ponder his conscience; helieves in the doctrine of live and let live, and, when he encounters one of the needy, doesn't stutter with his pocketbook. The plain man is happy to be satisfied and does not spend the best of his life yearning for things in sizes too large for him.

Freedom or Interdependence

P. A. Horton, 32°, K.T.
4543 Avocado Street
Los Angeles, California 90027

Eremy Bentham, the English philosopher and jurist, once said, "The word 'Independence' is united to the ideas of dignity and virtue. The word 'Dependence' is united to the ideas of inferiority and corruption."

When the Pilgrims arrived at Plymouth, they enjoyed a freedom under the Mayflower Compact such as they have never hefore experienced. It was not long, however, before the long arm of despotic government reached out with its demands and restrictions. As the Colonies grew, the demands became greater with each mail from far-off England. They were dependent upon Britain for their clothing, most of their supplies, and all their luxuries. In time they huilt their own mills to weave their cloth, forged their own tools, and printed their own books. They developed such men as Paul Revere who could make false teeth, delicate jewelry of silver and gold or cast a two-ton bell of metal.

They had acquired an initiative and self-sufficiency that made their dependence upon British restrictions, unjust laws, and excessive taxes, most unhearahle. They were compelled to quarter and feed British troops, to furnish sailors to man their ships, and to trade only with Great Britain.

They were proud to be English and had no desire to sever their relations with the Mother Country. For 156 years they had suffered as a dependent, subject to the will and whim of kings, parliaments, and colonial Governors. With the enactment of the five Abominable Laws and the closing of the Port of Boston, their patience was exhausted. They formed athe Continental Congress; they petitioned the King for justice to no avail. They fought the Battle of Lexington to resist the arrest of John Hancock, who was the President of the Congress, and Samuel Adams, its organizer. On June 7, 1776, Richard Henry Lee of Virginia introduced his resolution in Congress, "that these united Colonies are, and of right ought to be, free and independent States." John Adams quickly seconded the resolution. On June 10 a committee was appointed to study and prepare a preamble to the resolution. The committee was composed of Adams, Franklin, Sherman, Livingston and young Jefferson of Virginia. On the 2nd of July, the resolution was passed, and after a brilliant dehate by Adams, the Declaration was passed on July 4. This date has become our greatest secular holiday. It was first celebrated in Boston in 1782 and has spread to other cities and is now a national holiday in every State and territory.

For over a century, fifteen decades and five generations, they had lived under dependence and interdependence and wanted no more of it. They wanted and deserved to be independent, free. In their Declaration they had set up their grievances in a clear and concise manner. No longer would they be interdependent, or dependent upon the will of others, or subordinate to any other man or people. They believed that all men are created equal, that we are endowed with certain rights hy our Creator, that no human power should take away these rights.

They believed that under the laws of nature and nature's God they were entitled to be free and equal to any other man or nation. They were determined to defend these ideals with their lives, their fortunes, and their sacred honor. History has recorded that most of those who signed the Declaration did give their lives and their fortunes in defense of these principles, hut not a one sacrificed his sacred honor.

The building where these patriots met and enacted the Declaration is one of the most honored and photographed huildings in our country. A short time ago it was my honor and privilege to be chairman of a meeting held in this historic building. Around me on all sides, the walls, the chairs, the desks and the old Liberty Bell were teeming with historic recollections. On this spot no true American can fail to be thrilled with the thought that here was the spot where our Nation was born. Here in this very room John Adams stood when he debated the Declaration to win its approval. They knew full well the penalty if they were captured by the British. There is the spot where Franklin stood when he said, "We must all hang together, or assuredly we shall all hang separately."

And here, at my elbow where that desk stands, sat the chairman of that meeting. Hancock was the one in that room with the most worldly goods to lose and had signed the Declaration with large bold letters. When asked why he had signed in such large letters, he remarked, "So that King George can read it without his glasses." Yes, the President of that Congress, John Hancock, was a determined patriot as well as all the men in that room. They were courageous men, strong men, the only kind of men that are respected. From the beginning they built a strong Nation of strong men, confident of their strength and with a will to win over every obstacle.

Today we must not forget the courage, determination, and the ideals of these great Americans. In a world swept by violence, hatred, and insecurity, we must remember what made America strong so that we may make her stronger.

Tomorrow's Masons

John W. Stuart, 32°

Denver, Colorado 80218

There are men horn into every generation of humanity who are possessed of an insatiable desire to wrest from nature the secrets of life. From the age of reason to the hrink of the grave, these men are driven hy an inner force to search and study every philosophy known to man in their effort to find answers to the eternal questions — "Where do we come from, why are we here, where are we going?"

As these seekers advance in spiritual development towards an understanding of the hidden truths, an almost imperceptible transformation comes over their lives.

They are first conscious that they are no longer satisfied with mankind's standards of human values; they become poignantly aware of the gap existing between the true meaning and the practical application of such ideals as love, mercy, compassion, brotherhood, and justice. For the first time their eyes are opened to man's inhumanity to man and civilization's systematic and wanton destruction of many of the creations of nature.

A new awareness comes to them that man's mortal voyage is hut a brief proximity of three score years and ten and that somehow, because of civilization's standards of behavior and scale of values, mankind has become blinded to its true heritage and purpose. An all-consuming hunger, a yearning, is born deep in their hearts for a better world and the good life.

With the love and service and dedication of innocence, they draw the plans on the trestle-hoard for that better world of tomorrow; hut, even as they labor, the conflicting forces that surround them converge, and soon the guitlelines on the trestle-board become dim phantoms in the fading light as despair and abandonment and futility descend.

The shadows of horrible doubt fall upon their souls, and darkness follows them through labyrinths of confusion.

Finally, as these seekers pass through the vale of realization, their souls are born anew with a celestial hope, a depthless faith, that tells them that it no longer makes any difference what mankind's, or civilization's, or conventional society's standards of human values might be. From that moment on, they strive for a life which they know to be their heritage, a life which brings peace and contentment to the voice within.

It is from the ranks of men such as these that come the candidates and future leaders of Masonry. When at last admitted to the sanctuary, when on their knees before the altar of Reason in the presence of God, they find within the Temple the promised Brotherhood of Man under the Fathership of God.

A canny Scot was engaged in an argument with the conductor as to whether the fare was to be fifteen or twenty-five cents. Finally the disgusted conductor picked up the Scot's suitcase and tossed it off the train, just as they were crossing a long bridge. It landed with a mighty splash.

"Hoot Mon," screamed Sandy. "First you try to rob me and now you've drowned my boy."

I hope everyone had as good a vacation as I did. The only thing wrong with it was that it wasn't long enough.

There are a few things I could write about for this issue, but by the time the news is received the events will have already passed.

Cecil Gottschalk and I promised this spring that we would put on a fish fry this fall if we caught enough fish. Well, the fishing was good and we will have a fish fry. The fish really were caught, we didn't buy them, and no one gave them to us.

We are inviting the Eastern Stars of St. Mary's Chapter to enjoy this event with us. We intend to have fish, cole slaw, hashed brown potatoes, and whatever else we can find. The proceeds will go into our building fund, so I would like to see a large turn-out. Cecil will do all of the cooking, so this should be a special treat for all of us. A home movie will be shown after the dinner showing the beautiful lakes where the fish were caught. There are a few unidentified characters in the movie who bear some resemblance to some people we know, but as to their real identity I dare not say for reasons of personal safety!

A letter will be sent out when the exact date and time will be. Don't miss this event.

Our Seventeen Fund Club membership drive is still on, but our membership has not increased this summer. I hope that it will take a big jump now that summer is almost gone. Those of you who have been putting off joining should join as soon as possible.

September will be a busy month. We have a called meeting on the 12th, a picnic on the 14th, and a Lodge for Instructions at Poe on the 16th. I hope our vacations have given all of us renewed power to start this fall with vigor and that we can continue till next summer with renewed hope that sometime in the near future we will see the dream of our new temple become a reality.

Brethren I hope this message finds each and every member in good health after a wonderful summer. It is hard to think time is passing so fast and we are past the half way mark for this year, but much is in store for us so we must start our preparations.

June 22nd we celebrated the anniversary of St. John the Baptist. We attended church Sunday, June 23rd in a group. June 27th we had a dinner which was followed by M.M. Degree. This completed degree work and we congratulate our new Brothers, Brother Don Bauer and Brother Phil Bergen.

Our regular meetings were held during July and August. Sept. 5th is our next Stated meeting and Sept. 18th we will have Lodge of Inspection and will be joined by Churubusco Lodge. This is not just for officers, any brethren are welcome to come. We want to thank the brethren of Huntertown Lodge who donated their time and experience on our new ceiling which was badly needed.

A word in closing Brethren. Let us give some thought to Ten for Ten. Ten cents per week for ten years for the Masonic Home. It is a small sum and can do so much. There is strength in number, think it over Brethren. See you in Lodge.

Brethren: The warm summer months will soon be over and winter will be upon us. I am sure everyone hates to see winter snows come. However, we all have a few things we can remember which happened during the summer. There was a picnic at Franke Park on June 16 and an outing at Roy Weaver's cottage on Big Turkey Lake for the members of New Haven Lodge and their families. A good time was had by all and a lot of delicious food was consumed. There is still one more family night planned for this year and that will be at the Lodge on October 30th. This will probably be a Halloween party with costumes.

There will be a Lodge of Instructions held at New Haven Lodge with Monroeville on September 17th. The instructions this year will be on the Fellowcraft Degree and I am sure all of the officers would welcome some side line support.

We will have a candidate to receive the Fellowcraft Degree on September 18th. This will be our first work after the summer dark period so come down to the Lodge for a night of work and fellowship.

See you in Lodge,

Brethren:

It is a pleasure to again be able to inform you of the actions of your Lodge. As Ossian Lodge was not called from labor to refreshment for the summer, we were quite active despite the hot weather.

I would like to welcome a new Brother, who was raised to the sublime degree of Master Mason on August 26. Brother Kenneth Eugene Deam is the son of Past Master Charles Deam. It was a pleasure indeed working with Brother Deam, and I am sure that Brother Deam was indeed proud as he saw his son go through the various degrees this summer.

We also had the privilege of presenting an honorary membership to Wilbur D. Ross. Brother Ross was Past Master of Ossian Lodge in 1944 and has been very active in all phases of lodge functions. Brother Ross recently moved to Avilla and demitted to their lodge. We are in hopes that Brother Ross still regards Ossian Lodge as his home lodge and will visit it frequently.

In the last few stated meetings we have investigated the problem of the roof on the lodge hall, which has developed some leaks which could prove disastrous to our newly refurnished hall. Thanks to the Lodge Trustees who secured several estimates, the decision was made to replace the roof.

The work on the new roof should be completed no later than the end of the first week in September.

The only sad note I have to report is the loss of three Brothers. Brothers Rev. George A. Snider, Arthur H. Fisher and Donald B. Burke were called to join the Grand Architect of the Universe. The sympathies of the Lodge go out to the families of these Brothers.

Be sure to mark your calendars for November 6, which is the date for our annual homecoming. We have many gold and silver pins to award that evening, so I am sure that all the Brothers will want to be in attendance. I will keep you informed of the final arrangements for the evening.

Hoping to see you in lodge next meeting.

Summer has just passed and fall is upon us once again. It is now time for us to return to our labors. The officers trust that each of you had a pleasant summer. During this past summer our temple roof was sealed by a committee headed by our Senior Warden, Lester Luttrell. Others who gave a helping hand to this project were Walt Love, Al Applegate, and your Worshipful Master.

September Calendar Datcs

3rd — Stated Meeting 8:00.

17th — Stated Meeting 8:00 with E.A. Degree.

30th — Lodge of Instruction 7:30, E.A. Degree.

Oct. 1 — Stated Meeting 8:00, Past Master's Night. M.M. Degree (second section by Past Masters).

This fall your Master has been informed there will be two more petitions presented to the lodge. The rich heritage of masonry will continue to be passed on. Yes, the burning torch of Masonic Heritage is getting brighter and brighter. Masonry in our lodge will not cease. Officers cannot do it alone but often they have to. The burning torch in our temple is going to keep getting brighter because you, the members, are going to make sure of that. See you in lodge. Remember Oct. 1, Past Masters's Night with a Master Mason Degree. Another candidate will be brought from darkness to light. Plan to attend on Oct. 1.

Masonic Progress

The march to civilization is accomplished only along the paths of progress.

The Masonic Fraternity in all its years of existence has been a guiding factor in the fight for truth, knowledge and light.

The spiritual guidance that is so essential to the welfare of the world has been exploited by the various Masonic Bodies.

One has only to scan the pages of Masonic history to find the names of men historically famous who have given their all for the causes of freedom and humanity.

Such names as those of George Washington, the "Father of his Country;" Paul Revere, whose famous ride was eulogized by Longfellow in his poem and known by every school child in the United States, and John Paul Jones, the "Father of the American Navy," are names that will always remain as outstanding lights in the annals of Freemasonry.

The Brotherhood of Man and the Fatherhood of God incorporated in the rituals of Freemasonry are ideals that truly emphasize the real spirit of the Craft.

In the building of hospitals, donations to charities, welfare work in behalf of the poor and distressed brethren and families, and endowments to educational institutions, the Fraternity has more than done its part.

Let us all work together for a better understanding; a better unity, and a better cooperation.

Let us make our conduct and actions truly Masonic in a way that will reflect credit to the Fraternity.

Veterans Hospital Visitation

October 7 — Southgate Lodge No. 731 and Leo Lodge No. 224.

October 14 — Maumee Lodge No. 725 and Waynedale Lodge No. 739.

October 21 — Three Rivers Lodge No. 733 and Huntertown Lodge No. 689.

October 28 — Home Lodge No. 342 and Harlan Lodge No. 296.

First Obligation

We who are members of those organizations which predicate membership in the Blue Lodge, have a due appreciation of wbat these Bodies are doing in the interest and welfare of Masonry. We have nothing but praise for such organizations.

However, in these critical times we should center our attention and efforts on the work of the Blue Lodge. We sbould present a united Masonry, and that can only be done by discharging our duties to the Blue Lodge.

To the world outside Masonry means Ancient Craft Masonry, three degrees and three only.

This is the foundation of Masonry. Its strength determines the strength of all appendant bodies. If we do our work well we give strength to tbose organizations which depend entirely upon Ancient Craft Masonry for their very existence.

All will admit that we are facing critical issues. Therefore, it is essentially necessary that we do not neglect our obligations to the very foundation of Masonry. — Excbange

Leo Lodge Ladies Night

Leo Lodge No. 224 will have Ladies Night and 25-year award presentations October 25th.

What Is Important

In the work of Masonry there are many fields of endeavor, all a part of our plan "to improve ourselves in the way of life." One Brother may outline in appropriate words the duties that are ours as Masons. His words inspire us.

Another Brother may not have the same ability to put his ideas into words, but he knows with equal certainty about his duties as a man and a Mason. If be learns of a Brother who is sick, or in distress, he understands, and it is more than an understanding of duty, it is the understanding of the principles of Love and Brotherhood, which quickens the desire into action and sends him to the sick or the distressed.

Our Brother may he a good ritualist, another a student of symbolism, and still another a good worker on any committee.

Eacb Brother doing the special task for which he has the greatest ability results in the success of the Lodge and Masonry.

George Washington— Marshal Of France

A little known fact about George Washington is that he was a Marshal of France. The story is found in a copy of The Missouri Intelligencer, for September 20, 1830, in old and yellowed pages that have been long overlooked.

"George Washington," the Watertown Register says, "it is a fact not generally known to Americans that the Father of this country held the office of Marshal of France, under Louis XVI. At tbe same time he was performing here the duties of Lieutenant General of tbe Revolutionary Army.

He was created Marshal, to enable bim to command Rochamheau, who in rank was a very old General, and could only he commanded by a Marshal of France. On a picture presented to him by the Earl of Buchan, was written, "To Marshal General Washington."

Every day we seem to uncover new facts and activities of George Washington, all of which testify to the integrity and worth of this great man. — Philalethes

One of the most frequent comments usually exchanged with the incumbent master these days is the comment concerning the few months left in his year in the East. It is true, the year is burrying along all too fast. Each month seems to be nudged along by the postal card from Mrs. Lee, the editor of this news, with reminder that another month's news item deadline has arrived.

October will be a busy month for all of us. On the 2nd of October a lodge of instruction will be opened on the Fellowcraft degree with South Gate Lodge serving as the host lodge. This instruction is not restricted to the officers of the lodge alone. Every member can attend and share in the instruction and become a better informed Mason.

Then, on October 25, our annual Homecoming Banquet will be held in the Temple Banquet Hall. At this time, the following brethren who have attained fifty years of membership during the past year, will be awarded the Grand Lodge 50-year pins. Ezmark Amos Bolt, Charles William Dixon, Harry Emmerson, William Louis Heim, George Alfred Hibbins, John Bailey Fowler, Harry August Neff, Harry Brocbal, Herbert Gustave Siebold, Albert Russell Spencer, Walter Louis Wiegman. During the intervening Friday nights, the craft will be set to work conferring the three degrees.

On Saturday morning, November 2 at 7:00 a.m., the past masters of Summit City Lodge will be honored with a breakfast served by the line officers and members of the Fellowcraft team. Immediately following the breakfast, the Master Mason degree will be conferred upon the Fellowcrafts held over from October.

Mrs. Faye Brennan, who has supervised the preparation of our degree night dinners and the annual Ladies Night and Homecoming Banquet dinners has retired this fall. I wish to extend to her our gratitude and appreciation for her many years of service to Summit City, and wish her a happy retirement.

A few weeks ago, the annual pilgrimage to the Indiana Masonic Home was made by my family. Many of the Masons in Indiana are now enrolled in the "Ten-for-Ten Voluntary Contribution Program" for building the addition to the Indiana Masonic Home Hospital. Many will renew their annual pledge and others will contribute generously without pledging; even so, the average contribution is far short of the $5.20 per member goal needed for this worthy cause. If it were possible for each of us in Summit City Lodge to visit the Masonic Home in Franklin, we would better understand the urgency of meeting and supporting the Ten-for-Ten Program.

The following deaths in Summit City have occurred since the last publication. Earl H. Roe, Paul E. Ruple, Carl Kronmiller, Russell J. Sloan.

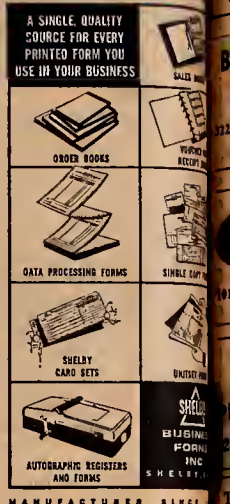
Success

Success is speaking words of praise,
In cheering other people's ways,
In doing just the best you can
With every task and every plan,
It's silence when your speech would hurt,
Politeness when your neighbor's curt,
It's deafness when the scandal flows
And sympathy with others' woes.
It's loyalty when duty calls,
It's courage when disaster falls,
It's patience when the hours are long,
It's found in laughter and in song;
It's in the silent time of prayer,
In happiness and in despair.
In all of life and nothing less
We find the thing we call success.

Don't look for the flaws as you go through life, and even when you find them, it's wise and kind to be somewhat blind, and look for the virtue behind them.

See you in lodge.

Mystery



I stood in a lovely garden one
And I marveled at the ecstasy
sight!
When lo! There, in the Calm
like hush
I heard the swish of a
brush.
I saw the flowers and the
prayer,
And knew the Great Gardener
working there!

— Frances A...

Hope to see you in lodge.

Brethren: As this issue of the Square and Compass is printed, the September song will have been sung and a glance at the calendar tells us that another year is rapidly drawing to a close.

Our Ladies Night Fall banquet is past history and was fairly well attended. Brother Wm. Schwartz, Past Master of Maumee spoke on "Weather, Women, and Crabgrass." It is always a pleasure to have Bill attend a lodge function and bring his wit and wisdom.

Brother Peter G. Mallers was presented his award of gold at this occasion and his pin was affixed to his lapel by his son and Masonic brother, George. It is our sincere wish that Brother Mallers will wear this award with as much pride as the Lodge experienced in presenting it.

In August, Brother Eugene A. Barrett was called to the Celestial Lodge above. To his family, the Lodge wishes to express a sincere condolence in their loss.

As we look to the future we see October 26, our annual Family Night dinner. Plan now to attend this event and enjoy an evening of Family fun, Fellowship and Food.

On October 2 Southgate and Summit City will have Lodge for Instruction with Brother Bennett.

In November we will have a full load of work for three anticipated candidates. Check your Sunday Masonic calendar in the newspaper for schedules.

And so that is all for now. Don't forget — attend your church, see you in lodge.

Brethren: Good news, our Temple has been started, thanks to the efforts of several devoted brothers. The ground breaking was Saturday, Sept. 7th. The following week the excavating and sewers were completed. At this writing the foundations are being framed. The sounds of construction are being heard on Elzey Ave., and they are good sounds. Now is the time for those brethren who have not yet made your pledge for this Temple to contact your Master, Secretary, or one of the other officers and establish your dedication to Masonry thru your pledge. Also to those brethren who have pledged and are in a position to pay a part of that pledge, we will soon have need for these monies.

Drive by and stop at our Temple site, view for yourself your own Temple under construction — and offer your services where they can be used. Call Bill K. Winans P.M., chairman of the building committee, and let him know where you can help. Brethren, lets see if we cannot own our Temple, debt free, at the time it is ready for occupancy.

We started September off in good form. We presented the degrees to two candidates and the degree work went smoothly after a quiet summer.

If you have not been to lodge lately and watched the degree work, you are missing one of the best parts of Masonry.

The calendar for October is as follows:

2nd: Stated meeting 8:00 p.m.

3rd: Lodge of Instruction at Three Rivers Lodge 7:30 p.m.

14th: Visit of V.A. hospital — we need your support here. Call Wayne Mitchell, P.M., if you will join with other members of our lodge and Maumee to visit the guests there. 7:00 p.m.

19th: Keep this date open — it is our annual Past Masters nite. This year it will be held at Calvary United Methodist Church on the Winchester Road at 6:30. You will be contacted.

23rd: Tonight the DeMolay are presenting their degree work for us at the Waynedale Methodist Church. This is worth seeing. Lets have a good turnout.

Dues notice will be mailed in October. Lets all be paid up (with our Masonic Home donation included) by the end of the year.

Look around you my brethren and see if honds are being broken. The honds that I am referring to are the promises that are often made and almost as often denied or forgotten. Times were when a man made a promise he kept it, no matter what else might happen. Masons down through the ages have been men that kept their hargains and promises, men that knew when to talk up and when to be discreet. The fact that Masons could be trusted to do their johs and keep their promises is one of the main reasons that Masons of today enjoy such a high reputation among the world at large. Masons of today should try as hard as their ancient brethren to leave a favorahle reputation for the future. Masons and all good men try their hardest to keep their hargains and fulfill their promises. This means keeping your appointments, being on time, doing the joh that you prnmised to do for your church or community, ever keeping in mind that as you do so you influence others, for good or evil.

October has two important dates other than our candidate work. On Monday evening, Oct. 14th we will visit the VA Hospital. The visitation begins at 7:30 p.m., please join with the officers and many other brethren for this important masonic function. The second important date is Wednesday, October 30th, when we will invite our ladies to join us for our annual Ladies Night. The hanquet will begin at 6:30 p.m. and continue until approximately 9 p.m. The tickets are $1.50 per couple, tickets are now available from any of the officers and many other brethren. Remember all tickets must be purchased hy Oct. 23rd in order that we will have enough for everyone.

There will he two candidates for the EA Degree so we will open Lodge at 5:30 p.m. on Oct. 9th. A lodge of FC will open at 7 p.m. on Oct. 16th. A lodge of MM will open at 5 p.m. on Oct. 23rd. We will he eating on hoth the EA and MM degree nights.

Remember what I said earlier, to keep your promises, ever keeping in mind that as you do so you influenee others, for good or evil.

I am happy to he ahle to inform you that the 19th annual Tri-State reunion held here in Fort Wayne Sept. 28 and 29 was a success. It was a success because of the efforts put forth hy the Tri-State Chairman P.M. Irv Burelison and his committee which consisted of S.W. Gilford Plummer, P.M. Lloyd Bouillon and Brother Jess Lewis. Next year we travel to Chicago and any brother that has never attended a Tri State reunion, should plan now to go and enjoy the fellowship.

On September 6, 1968, we lost brother Andrew P. Carrington to that celestial lodge above. Brother Carrington was raised to the suhlime degree of a Master Mason on Oct. 25, 1910. He received his 50 year award of gold Oct. 25, 1960. I would like to offer a special Thank You to hrother S. Boggs for conducting the funeral services for me.

We hope to have degree work in Octoher. Please plan to attend or help and watch the work be performed.

On Oct. 4th we will have our Lodge of Inspection. Wayne Lodge is the host for this event. It will be on the E.A. degree. If you have never attended one of these inspections, it would be well worth your while to come down and watch.

I would like to take this opportunity to say hello to my friend Dr. John Humphreys who is now retired and living in Charlotte, N. Carolina and to thank him for his letters.

The Highest Wisdom

The highest wisdom is established not on reason alone, not on those worldly sciences, physics, history, chemistry, and the like, on which intellectual knowledge stumhles. The highest wisdom has one science, the science of the All, the universal scienee which explains all creation, and the plaee which man occupies in It. In order to absorh this science, it is absolutely essential to purify and renovate the inner man, and, therefore, hefore one can know it one must helieve and accomplish perfection. And to attain this end, our souls must he filled with that Divine light which is called conscienee . . . Look with the eyes of your spirit at your inner man, and then ask yourself if you are content with your life. — Leo Tolstoi

October's here! Would that I could paint you a picture of the beauty of the country side! The ripening fruit hanging on trees and vines; the harvest of all the ripened vegetables; the fields of green, winter rye making a perfect background for the shocks of corn and wheat in the fields; the last blooms of summer flowers which always make one sad to see them part; the occasional red of the turning of the leaves; and the blue, blue sky piled high with drifting white clouds. All this beauty —and some think God is dead?

Some of the Indiana Sojourners enjoyed these beauties on their trip to St. Paul to attend the reception of the Supreme Worthy Shepherdess, Dorothy Green. Approximately 325 were at the banquet. The background for the head table was a large rectangle shaped background of dark green satin on which were mounted two crossed, white Shepherd's Crooks. Between the heads of the crooks in gold, English capital letters, was the quotation "The Lord is My Shepherd". Palms and ferns were banked on either side of the tableau. The table ·ccnter pieces were dolls wearing green satin capes fastened with a white crook. The principle speaker who received a standing ovation, was the Mayor of the city of St. Paul. He admonished us to become Shepherds of our fellowmen. We people must become involved with the happenings of the day; but not to crush the individuals, for, if we tear down the individual efforts of a people, we become an anarchy. Strive for inner peace and by so doing our Order will achieve its goal and spread peace and happiness.

It was also announced that the Grand Lodge of Nebraska has recognized the Order of the White Shrine of Jerusalem as a dependent Masonic body.

Now that you've all heen officially welcomed to the fall season by our Worthy High Priestess and Watchman of Shepherds as well as having enjoyed the delicious potluck at our first meeting, and the salad har on Friend's Night, try coming to the Social Committee's Beef and Noodle Supper on October 11. Tickets may be obtained from any Social Committee member or your Committee's Secretary. Serving hours are 5 to 7 p.m.

October 12 — Columbus Day — He took a chance, why don't you? It's State Association Day in Indianapolis. This will be the last meeting of this State year with Faith as hostess. Make your bus reservations with Soj. Betty Scott. The bus will leave from Calhoun and Baker Street at 7:30 a.m. on October 12. Parking space for cars is available. Dinner reservations may be made with Esther Mossburg and Velma Freeze. A letter with all pertinent information about the meeting is on file with the Worthy Scribe and the Worthy High Priestess.

As you know, it bas been made a Standing Rule that each Worthy High Priestess provide some funds toward the printing of new rosters when needed. The present W.H.P. has announced that she plans on using the Birthday collections for this fund.

The Sunshine Committee reports Soj. Clara Koch in the Lutheran Hospital for treatment of broken ribs; Sojs. June Freeman, Fletcher Cumbey and Harold Garret are all home from hospitals; Soj. Dorothy DeForest has a broken wrist. The husband of Mertie Cowan is in the Lutheran Hospital. The son-in-law of Elwood and Violet Parent is in a Chicago Hospital. Donna Schie's mother is ill. DEATHS: Sojourner Fanny Bickel, P.W.H.P. died September 9. Faith Shrine had services September 11 as she requested. Her faithfulness and willingness to serve will long he remembered and her absence deeply felt. The sister of Irene Braunegal died August 30. Sojs. Robert and Florence Dornte have a new grandson and Althea Pontius a granddaughter.

Congratulations to the new grandparents, best wishes for an early recovery to those ill and our deepest sympathy extended to those in sorrow.

"Autumn Tapestry"

With just a whisper of wintry chill,
And a sprinkling of frost-diamonds over the hill,
A hlazing new sun in the hlue sky above,
Autumn has come to the mountains I love.

The mountains are vistas of beauty untold;
Warm shades of hurgundy, red, green and gold.
Leaves of all colors come scurrying by,
Racing the clouds that scamper on high.

The white of a church apire, meadows of brown,
Hills misty purple, with clouds for a crown;
God shows us heauty in so many ways,
Each golden moment of bright autumn days.

"Never do I think of the month of October without recalling to mind the Glory of God — the beautiful, beautiful colors in His world and how much He bas done to make this place enjoyable for us to see and a wonderful place to live.

Like tired lids, the leaves drop down—
Earth, drowsy grows; and on her breast—
Beneath a blanket of red and brown—
The weary year begins to take rest."

— Edith Brownell

Friendship is a blessed ship,
It sails both calm and storm;
It weathers well, its course is true,
It makes the heart grow warm.

Its crew is love and joy and good,
Kindness, mercy, smiles and cheer;
It sails quite boldly everywhere
Casting out dividing fear.

It's launched and blessed by God above
Who fills His children with His love;
It's nourished by dear kindly thoughts
Good deeds are often by it wrought.

Yes, gracious is the bounty
That God to man does send;
Then as a crowning glory
God gave to man . . . a friend.

ONLY LOANED

God didn't say that I might keep
This lovely autumn day,
Nor did he mean that through all time
The world could look this way . . .

He sent the beauty of the fall,
The changing autumn leaves,
And yet I know within my heart,
God only loaned me these.

I marvelled at the reds and golds,
The mountains smiling fair,
And I filled my mind with wondrous sights
I found most everywhere . . .
So much in beauty to behold —
October's pleasantries —
And yet so soon will change, I know
God only loaned me these.

God only lends life's lovely things,
However large or small;
He keeps them ever in his power,
Then lends a share to all . . .

Old Mother Nature's golden days—
The mountains, plains and trees,
The joys and gladness they impart—
God only lends us these.

Fellow Companions: On Saturday, September 7, Companion Claude Warner and I had the pleasure of attending the York Rite Festival at Muncie, Indiana. This was a special meeting, designed to confer the entire York Rite in one day. Four Thomas R. Marshall candidates participated in this historical event. Garl Edwin Miles received all the degrees of York Rite. Ronald L. Coil and Robert Waldo received the first three degrees, and then at our stated meeting on September 20, the officers of Thomas R. Marshall conferred the Royal Arch degree on them. The fourth candidate will be our actual candidate for the R.A.° at our inspection on Nov. 1, 1968. On this date, Right Excellent Grand Scribe, Marvin L. Isley will conduct a joint visitation with our Chapter and Garrett Chapter No. 129. Plan to attend this meeting and enjoy an evening of fellowship with us.

I wish to thank P.H.P. Langdon Mansfield and P.H.P. Charles M. Cook for their help when we conferred the Royal Arch degree.

Two dates to remember:
Oct. 18, Stated Meeting 7:30.
Nov. 1: Inspection 7:30.

September has come and gone, and October is now knocking on our door. Before outlining the plans of October, I would like to congratulate Steve Duncan on receiving the Chevalier Award, which was so grandly conferred by the Scottish Rite men. The initiatory and Flower Talk on October 23rd will be given in the Waynedale Methodist Church under the invitation of the Waynedale Lodge of Masons. Be there for a start at 7:15 p.m., with the public invited for the Flower Talk at 8:15.

On November 2nd, a Saturday, at 1 p.m., Chapters from Angola, Warsaw, New Haven, Auburn, Columbia City, join with Fort Wayne in having a combined Initiatory, with the cast selected from the various chapters. No Flower Talk this time. This is a part of "Operation Moonshot", which is a membership drive and for which the International Supreme Council will give an award to the State which brings in the largest number of new members. Our State Master Councilor, Tim Mains, says it will take 1800 new members for Indiana in order for us to grab this award. The outline of the campaign is quite intriguing, and Fort Wayne has a quota of 100 new members to be attained before the campaign ends. It is a case of Every DeMolay, and Every Mason in our area, seeing that the man who is not a DeMolay becomes one and joins in this grand fellowship. The Order will be 50 years old next year, Dad Frank Land having master-minded the founding of it in 1919. Get blank petitions from any DeMolay or at the Temple.

Those of us who went to the Masonic Home on the annual visitation Sunday, September 15th were so pleased we are already making plans for next years trip.

DeMolays are assisting the U.S. Olympic Committee to help defray expenses of athletes going to the Olympic Games in Mexico City. Buy decals, plaques and pins from any DeMolay or at the desk in the Temple.

The speaker at the November 22nd Fish Fry will be R. E. Finderson, personnel director of I.T.T.

At the last meeting of the DeMolay Mothers Circle in May 1968, the following officers were elected for the coming year.

Mrs. Gene Auer, President; Mrs. Rex Perry, Vice-President; Mrs. Don Haver, Secretary-Treasurer.

According to latest information, Mrs. Auer is recovering satisfactorily from a hospital "trip" September 11th.

Mrs. Haver was also appointed DeMolay Chapter "Mom" for the coming year.

Freemasonry, Notwithstanding, Has Still Survived

Freemasonry is very old — and very tough. It has survived for centuries because it is founded upon eternal truths, because its teachings are timeless and relevant to every age, and because it satisfies some of the deepest of all human needs. It has repeatedly demonstrated its ability to adapt itself to changing conditions. It readily adjusted to the great changes wrought by the Protestant Reformation, and derived new spiritual strength and vigor from the movement. In the seventeenth century it successfully transformed itself from an operative society of working stone masons into the purely speculative society which we know today. Since that transition, it has survived both political and industrial revolutions, has withstood the strains and stresses of civil wars, has weathered the storms of persecution, and has proved its ability to function equally well in monarchies and in republics, in metropolitan areas and on the remote frontier, in times of peace and in times of war, in periods of prosperity and in periods of depression, in a simple agricultural society and in a complex industrialized civilization. It has successfully met every challenge of the past, and there is no reason to doubt that it will successfully meet every challenge of the future.

We must remember, however, that Freemasonry, like all similar institutions, must sell itself anew to each successive generation. It can not exist forever upon its past history alone, nor upon the acomplishments of those great men who have been members of the Fraternity in the past. To survive, Freemasonry must continue to merit and to enjoy the respect and confidence of society, and attract to itself men of the right type and calibre to appreciate and understand its teachings and to carry on its work.

Individual Freemasons, Lodges and Grand Lodges all have a responsibility in this matter . . . We must never forget . . . that the world judges Freemasonry very largely by the conduct and character of its members. Whenever an individual Mason fails to live under the tongue of good report, whenever a local Lodge accepts an unworthy person as a candidate, whenever some affiliated group indulges in cooduct which brings the good name of Freemasonry into disrepute, and whenever a regular Grand Lodge remains in amity with one of those apostate groups which have ceased to require a belief in God or to display the Holy Bible upon the Altar, irreparable damage is being done to the reputation of the Fraternity, and the general public can be pardoned if it loses faith in the moral worth of our Institution. —Ralph J. Pollard, P.G.M., Maine.

The Letter 'G'

A non-Mason entering a Masonic lodge room, as he may do on a public occasion, is likely to ponder the mysterious letter which is suspeoded from the ceiling or otherwise prominently displayed. Probably no one need tell him its meaning. It is a letter of light and tells its own story, but I am sure that very few Masons are aware of all it implies, either as symbol or history. It is a focus of faith and fellowship, the emblem of the Divine Presence in the lodge and heart of each brother composing it. The letter "G" shines in the center of the ceiling of the room and the lodge is grouped around it. It is the light of Divine Guidance and blessing, so much needed in our mortal journey.

In the degrees its use is more impressive. In the First and Second Degrees the symbol is visible in the ceiling, or sky, of the lodge, like benediction, in the Third degree it is hidden, but its presence is still manifest — as every Mason knows —since the light of God is inextinguishable even in the darkest hours.

Masonry does not seek to hide the fact that it rests on God, lives in God, and seeks to lead men to God.

Everything in Masonry has reference to God, every lesson and every lecture, from the first step to the last charge. Without God it has no meaning and no mission among men. Yet, as a fact a Mason rarely uses the name of God, but uses instead the phrase, the Great Architect of the Universe. It is because Masons believe in God so deeply that they do not repeat His name frequently and I am sure we all prefer the Masonic way in the matter.

A deep, fine feeling keeps us from using the name of the Diety too often, lest it lose some of its awe in our minds. For in Masonry, God is the first truth and the final reality. — Exchange

We were very fortunate to have had a beautiful day for our annual Masonic-Eastern Star picnic held at my home. There were approximately thirty in attendance including the children. Basehall, horseshoes, and Jarts were enjoyed hy some, while others were content just to sit and watch and visit. The food was delicious, with eacb family bringing their own hot dogs plus an extra disb for the picnic potluck. I wish more had been present to enjoy the fellowship.

Some of the younger set, ineluding the Worthy Matron and Junior Past Worthy Matron enjoyed a "thrilling" (?) tractor ride through the orchard.

Mr. and Mrs. Gayle Sheets were presented with a beautiful set of TV tahles from the lodge and cbapter as a going away gift. They are moving to Fortville, Indiana. We hope they will be ahle to visit us occasionally.

A Lodge for Instruction was held at Olive Branch with Decatur Lodge as our guests. Most of our officers were in their respective stations and did their usual good work.

We regret the loss of Brother Carl J. Pettibone and extend our heartfelt sympathy to bis family. A heautiful graveside ceremony was held for Brother Carl on September 9 at the Poe Cemetery hy Brother Rohert Mix assisted by Brothers Clarence Lyharger and Mervel Smith.

We will have our fish fry sometime in Octoher, so watch for the date.

Brethren: The summer vacation time has once again passed and it is work time in the Lodge Hall. On Sept. 11th the Entered Apprentice degree was conferred. Sept. 17th was the Lodge of Instruction meeting with Monroeville Lodge. The officers are all to be commended on a job well done.

Septemher 30th was our evening of visitation at the Veterans Hospital in Fort Wayne. We had a good showing of visitors from our Lodge, hut I would like to see even more Brethren for the next scheduled visitation.

The members of the New Haven Masonic committee have heen working quite hard trying to contact our members concerning the dissolving of the Lodge Hall mortgage. This is a very worthwhile endeavor on everyone's part and will result in a sizeahle savings for the Lodge. If you have any questions concerning this project, contact one of the Temple Committee members and I am sure he can help you. The last report I heard on the amount already taken in and the amount promised, was that we are getting close to our goal. This, I am sure, is good news to all concerned.

On Wednesday, Oct. 30th, there will he a carry-in supper at the Lodge for members and their families. Bring your own table service. The Lodge will furnish the coffee. Supper will start at 7:00 p.m.

Fundamentals

In an address to the Grand Lodge of Texas, R. W. Bro. J. Carroll Hinsley, P.G.M., referred to the loss of nearly 100,000 of the total membership of United States Grand Lodges over five years and said: "Is there a solution to these problems? I do not believe it lies in any magic formula or in any number of innovations to change the nature of our Order. I believe it lies simply in a return to fundamental principles long clearly stated and recognized as inherent in Freemasonry." An address on this subject was given to the Grand Lodge of New Mexico by the Grand Orator, Dr. Roy E. Howes. He said we quite rightly gloried in our historic past because that was where our roots were hut this should only serve as a foundation for the work necessary to achieve our future destiny. An unprecedented revolution was shaking the world and in that process the most eberished human institutions and the most sacred traditions were heing rudely shaken. Masons going forward guided hy their hasic religious beliefs and the teachings of Freemasonry bad the responsihility of acting as God's instruments in carving out and building the future. Many real sacrifices and radical alterations in our mode of life were neeessary if we were to carry out God's will and teaching in this respect.

Masonic Education

(Masonic Messenger, Georgia)

Although we use the word education frequently in Masonry, it does not earry the same meaning as is generally implied.

When one enters upon the study of Masonry, be does not expect to receive a special degree or a diploma. One never comes to the end of the great teachings of Freemasonry, so his reward for study must be that which he acquires as the result of such study.

Education in Masonry means that one is making some daily advancement in the knowledge of [illegible] masonry.

The real purpose of learning in Masonry is that each brother may create from the teachings and [illegible] of the Craft, standards for [illegible] and grasp the truth, that by study and practice of the [illegible] teachings of the Craft, he will discover the path to enduring happiness. He thus attains a reward which [illegible] not be measured in terms of material possessions.

The process of learning in Masonry is reflected in one's outlook on life and upon death, in adherence to the principles of morality, in the spontaneous response to the needs of others, and in his capacity to be a hrother and love as a brother.

Whatever phrase may be used—Masonic Education or Masonic Training, or Masonic Learning, or [illegible] is the essential necessity for building an ever-stronger Freemasonry, and this can only he achieved by the determination of the individual person to have and to receive his portion of the vast wisdom of the Craft.

The Meaning Of Initiation

The whole meaning of initiation is, of course, an analogy of [illegible] hirth, awakening and growth of the soul; its discovery of the purpose of life and the nature of the world and conditions in which it is to be lived. The lodge is meant to represent the world as it was thought to be in ancient times, with a square, flat surface and canopy of sky its dark North and night, East, its center, and altar of obligation and prayer.

Our initiation also symbolizes progress from the darkness of ignorance to the light of moral truth and spiritual faith. From the lonely isolation suffered hy so many, it opens the gate to a new world of friendship and happiness; and on those who will earn them, it bestows [illegible] and privilege unprocurable elsewhere.

Road To Maturity

James Harvey Rohinson, who wrote The Mind in the Making, told us that in order to attain intellectual and moral maturity we must he history-minded, must use the experience of those who have lived before us as a background for our thinking. The study of history, however, is barren if it serves only to fix in our minds an inventory of facts and dates. Every historical occurrence worth recording ought to teach more than just a knowledge of the events themselves. Each should he examined to determine what moral lesson it teaches posterity.

Experience, including the experience of other people at other times, is the arch upon which our concepts of right and wrong are huilt. Even as we scan our daily papers we ought to maintain this perspective. Journalism is history in a hurry.

Be Glad of Life

Be glad of life because it gives you the chance to love and to work and to play and to look up at the stars: be satisfied with your possessions hut not cootented with yourself uotil you have made the hest of them; despise nothing in the world except falsehood and meanness, and fear nothing except cowardice; be governed by your admirations rather than hy your disgusts, covet nothing that is your oeighbor's except his kindness of heart and gentleness of manners; think seldom of your enemies, often of your friends.

Henry Van Dyke

The Vanishing Individual

As centralized power grows, the stress is placed on groups and factions. The identity of the individual is lost in the process of dividing hy labels.

The strength of America has been in the right of the individual to think, to worship, to speak as an individual, and in his acceptance of his personal responsibility to God, to country and to self.

The progress that we boast of is the result of the development of individual thought, of the pooling of the thoughts of many individuals, of creating an atmosphere conducive to freedom and hased upon the pride of the individual in communicating his personality as one created in the image of his Creator.

To accept a prefahricated idea in order to he relievcd of the responsibility of thinking is to forfeit freedom.

We cannot have freedom without the acceptance of responsihility and we cannot relegate responsihility to the group without relinquishing our rights as individuals.

The alternative to mediocrity, obscurity and servitude is to be ao individual and to he unwilling to hlindly follow the crowd.

REST

A certain man, the head of a large husiness, tremhled on the verge of a nervous breakdown. He had a beautiful home replete with comforts and luxuries, out in a country district, hut he could not get rest. His mind seemed in perpctual motion. At length he visited a nerve specialist. In the quietness of that physician's consulting room an intimate conversation took place.

"You must leave the city and go into the country," said the doctor.

"I do live in the country," was the man's reply. "There are miles and miles of woods and hills and air about me."

"You must have ease and comfort," were the doctor's next words.

"I am surrounded with it in my home."

"Well, then, get some relaxation. Go to concerts and theatres."

"I've got tickets for everything and have heen so often that I have grown weary of it all."

A strange quietness followed that. Then the doctor looked serious and said. "You've come to the wroog physician. It is rest of soul that you need. I cannot give you that."

Sincerity Aids Ritual Accuracy

To know the origins of some of the fine phases in the ritual and with that knowledge to flavour their teachings with a spiritual insight into the depths of their meaning, is vastly more important than the most exact repetition of words like the outpourings of an automatic phonograph.

Accuracy should be the objective of every good ritualist, hut it should be accuracy with knowledge of the inner meaning of the words spoken.

Only thus can the ritualist he sincere, only thus can he learn the reward of hearing his Brethren say, "He gives that just as if he were making it up as he goes along." That is the highest praise and is born only hy accuracy, knowledge and sincerity. As you present to the neophyte these masterpieces of the ages, do you have an inward feeling they contain wisdom that has never heen excelled? That they are delivering to the candidate a message that should he to him the most farreaching, inspiring, character-huilding plan of life, that only the Chief Architect of the Universe could draw? If so, you will not he concerned with oratory or the entertainment of those on the sidelines. You will he thinking only of your duty to God and the candidate. Your sincerity will be so felt that a misspoken word will be unnoticed, and when you will have finished, everyone will feel he has been in tbe presence of God.

Study Should Go On After School

The person who stops studying the day he finishes his formal schooling will never become an educated person, no matter how much knowledge he may acquire while he is going to school.

In additional to his personal study, every man needs some source through which he can associate with his neighhor under circumstances that will enahle him to exchange thought with them for the sake of mutual nnderstanding and friendship.

It is well to helong to some group which has for its purpose the teaching of men in ways that lead to good character and a life that is worth while. The important thing is the teaching of a life of cleao manhood, a life worth living for the world and for our fellowmen. A Masonic Lodge is an outstanding organization for that purpose.

If I am friendly, folks are too.
But let me change my little tune
And sing and smile, then pretty soon
The folks around me sing and smile:
I guess 'twas catching all the while.
Yes, it is a funny thing, hut true.
The folks you like will surely like you.

Something Life Teaches a Man

Sooner or later a man, if he is wise, discovers that husiness life is a mixture of good days and had, victory and defeat, give and take.

He learns that it doesn't pay to be a sensitive soul — that he should let some things go over his head like water off a duck's back.

He learns that he who loses his temper usually loses.

He learns that all men have hurnt toast for hreakfast now and then, and that he shouldn't take the other fellow's grouch too seriously.

He learns that carrying a chip on his shoulder is the easiest way to get into a fight.

He learns that the quickest way to become nnpopular is to carry tales and gossip about others.

He learns that huck-passing always turns out to he a hoomerang and that it never pays.

He learns that even the janitor is human and that it doesn't do any harm to smile and say "Good morning" even if it is raining.

He learns that most of the other fellows are as amhitious as he is — that they have hrains and are as good or better than he — and that hard work and not cleverness is the secret of success.

Have you ever made any nostalgic wanderings along the paths and back along roadways of yesterdays experiences, sort of half curious about seeing the changes made during the lapse of some 25 years.

We vacationed in Florida a few days ago while this news item was being generated. During this time I returned to an old army camp site which was in the immediate area of what is the now famous Weeki Wachee Springs where today beautiful girls perform an underwater ballet. This is an improvement over the year of 1943 when I swam and bathed there as a service man. Then it was only the huge crystal clear, bubbling spring with a couple of old tumbled down shacks which had been made into a crude diving tower. Nature still dominates the Weeki Wachee river formed by this spring, but the addition of the underwater theater and the beautiful grounds has really changed the picture. A shopping center at the nearby town of Brooksville and the debris of junk cars and fishing shacks which had accumulated along the roadsides through the years confused me. During the evening meal, I inquired of the waitress, who was probably in my age bracket, if the old army air base was still down the road. She brightened up and told me that it was the city's airport now. She, in the discussion, told me that she married one of the G.I.'s out there during those days but had been visiting him on weekends for more than 20 years in the mental ward at a nearby Veterans Hospital. Her last remarks to us as we left were a remorseful "You can be thankful you were one of the lucky ones."

My wife had asked me as we were driving down Southward if I had considered writing something about Thanksgiving, I hadn't; but after meeting that lady the rest of the trip seemed especially important.

As we were walking quietly, bare footed, in the Atlantic tide water late one night, I couldn't help but think that a day of Thanksgiving should begin each morning upon waking and end only upon falling asleep at evening's end. Most of us have so much to be thankful for each day. Seeing the Appalachian mountains rohed in the red, brown, and golden colors of fall, smelling the hickory wood smoke from the fireplace chimney of the inn in which we stayed along with the aroma of the country cured ham, hot biscuits and the fresh brewed coffee brought back memories of the days which will surely date me, but never-the-less were the days in which one thanked God for the food and shelter provided for each day. No one really wants to go back to the old days because of the challenge of the future and the affluent life which is expected. Most people say "You never had it so good." If this is true, then this is all the more reason to stop and meditate and thank God. This is the traditional month of Thanksgiving, may we express ourselves accordingly.

We welcome two newly made Master Masons of September, Brothers William Frederick Baulkey and Larry Kenneth Quisenberry.

I wish to thank the officers, Past Masters, and the other brethren who assisted me in making our annual Homecoming a success. I also wish to thank our speaker, Brother William H. Schwartz and Past Grand Master Clyde E. Flowers for their participation in this event. We congratulate those members, who were presented the Grand Lodge Award of Gold for their 50 years of Masonry, on having attained these number of years and wish them many more.

Remember on Saturday morning, November 2, at 7:00 a.m. breakfast will be served to the Past Masters of Summit City Lodge to honor them for their contribution to the Craft. It is expected that the months of November and December will be busy ones; therefore make every effort to attend the stated meetings for further instruction and information.

"TWILIGHT"

How fine to view the sun's departing ray
Fling back a lingering lovely afterday;
The moon of summer glides serenely by,
And sheds a light enchantment o'er the sky.
These, sweetly mingling, pour upon the sight
A pencill'd shadowing, and a dewy light —
A softened day, a half-unconscious night
Alas! too finely pure on earth to stay,
It faintly spots the hill, and dies away.

Brethren: Several events highlighted the busy month of October: The Education Forum, presented by the Grand Lodge Education Committee, Wednesday evening, Oct. 9th. We had a good response from the fifty area counties that were invited; Family nite was well attended. Every one enjoyed the program by the Leo Harmonettes. Also Rev. Carl C. Bosse gave an interesting talk on the family and its relative importance in Masonry today.

We welcome and congratulate Everett Yerger on being raised to the subline degree of a M.M. on October 28th. The officers all enjoyed getting back in the routine again. Novemher will be dark, but we hope to have practice sessions.

We want to express our sympathies to the families of P. B. Arnold; Victor O. Walker on the passing of their loved ones to the Celestial Lodge above. Also, to Brother Earl Lambert and family whose Father-in-law, Herbert Erickson passed to the Celestial Lodge. Mr. Erickson was a member of Palace Lodge in Chicago. He had lived in Ft. Wayne these past ten years and did attend Sol D. Bayless No. 359 on many occasions with Earl. Many of you, no doubt, knew him.

November 4th — Stated meeting.

November 25th — Past Masters Nite. This year we have 10-50 year members and 40-25 year members to honor and present pins to.

Howard Walker has been transferred to Veterans Hospital at Indianapolis for surgery of a bad disc. He will be returned to Veterans Hospital here within a few weeks. Our Senior Deacon Ray Davis is resting and recuperating from a pulled tendon in his leg. Elliot L. Cole has been in Veterans Hospital but is now at home and Frank E. Hickman was in Lutheran Hospital but is now at home.

The statement of dues for 1969 have been mailed to all members. May we contribute to Our Masonic Home or Ten for Ten program to the best of our ability.

May the spirit of this Thanksgiving season be with each and everyone of you and yours. Let us count our blessings for we all have much to be thankful for.

OUR OWN BUSINESS

If you were busy being kind
Before you knew it, you would find
You'd soon forget to think "poor man"
That someone was unkind to you.

If I were busy being glad
And cheering people who are sad
Although my heart might ache with pain
I'd soon forget to notice it.

If you were busy being good
And doing just the best you could
You'd not have time to blame your fellow man
Who's doing just the best he can.

If I were busy being true
To what I know I ought to do
I'd be so busy, I'd forget
The blunders of the folk I've met.

If we were busy being right
We'd find ourselves too busy quite
To criticise our neighbors low
Because they're busy being so.

I am looking forward to seeing a large attendance at our degree work the rest of the year.

Brethren: Many events have heen planned, projects discussed, and some have come to fruition; all in the space of a year which seemed to fly on the winged hands of time.

At our Octoher stated meeting S.W. Brose gave the Lodge a report on the Area Masonic Education Forum hosted by Sol D. Bayless Lodge No. 359 and the ideas hrought out in the Forum discussion were excellent material for planning a solid, worthwhile program for Lodge officers.

Our Family night Banquet of October 26 is past history now. Those attending were entertained hy Dick Stoner, a magician of many talents, and the Scottish Rite Choir provided an evening of delightful musical varieties.

October 2, Brother Alan Bennett, Assistant Grand Lecturer, examined Summit City Lodge No. 170 and South Gate Lodge No. 731. As the Master of South Gate, I was well pleased with the ritual work performed hy both Lodges and I am certain that Bro. Larry Baker, W.M. of Summit City was equally pleased.

Our tentative schedule for November will he:

Nov. 4, MM°.
Nov. 11, Stated Meeting.
Nov. 18, EA°, 7:30 p.m.
Nov. 25, FC°, 7:30 p.m.
Dec. 2, MM°.

Check your Sunday Masonic newspaper calendar for times.

The annual meeting of the Lodge will he held December 9. This is your meeting, so plan to attend.

"I shall pass this way hut once. Any good or kindness therefore I can show, let me not neglect or defer it, for I shall not pass this way again."

These words have a deep and purposeful meaning and help us to remember that life is a quick, short journey and every opportunity we have to display the tenants of Brotherly Love, Relief or Truth should not he neglected — to our God, our Country, our Families, our Neighhors, or Ourselves.

Don't forget — attend your church —see you in Lodge.

Two of the most ancient and traditional duties that a Mason has are to his God and his country. We are particularly fortunate that in this month we are ahle to give outward sign and service for these two duties. To God, we may give the thanks due to him for the hountiful hlessings that we enjoy. Masons are taught that these hlessings flow from God to men, not necessarily good men, but that sooner or later we all receive our just reward, from God and men. On Thanksgiving Day let us how our heads and hearts in unadorned praise for God and thanks for the many hlessings that he has given to us personally and to this great country in which we live.

To our country we owe the duty that all good citizens owe, that of living peaceahly and in harmony with our neighhors. We also owe the duty of telling our government, in a peaceful manner what we want them to do. In the election booth we may, in a quiet, diginified manner tell the government what we want them to do to represent us fairly. Masons have always heen taught that the quiet, reasoning way will accomplish all things, both for God and for our country. Let us give whole heartedly in these services to God and our country.

I would remind you that our annual stated meeting is coming up the first Wednesday in December, this is the meeting that the hrethren tell the officers of the lodge what they wish, and elect the Worshipful Master, Senior and Junior Warden, Secretary, Treasurer, and a Trustee. Our hrother, PM Wm. Gingher, who died in late Septemher, is the trustee whose term would have expired at the end of 1968.

For the month of November, it looks like we will only have one candidate, so I will call a lodge of EA at 7 p.m. on Nov. 13th; a lodge of FC at 7 p.m. on Nov. 20th; we are not sure how many candidates we will have for the MM degree so please check the Sunday paper for the correct time. I would remind the hrethren to always check the Sunday paper for the correct time for the opening of lodge.

Let us give whole-heartedly in the service to both Ood and our country.

Brethren: These deadlines surely do roll around. By the time you read this our Annual Dinner Dance will be past history, and I hope that all will have had a good time.

I would like to congratulate our two newly made Master Masons, Brother David Lorenzen and Brother Jerry Rathhurn and welcome them to Wayne Lodge. We're happy to have them with us.

We have two petitions to vote on at our November Stated meeting. This should keep us husy in Novemher. Also the following are some dates to mark on your calendar:

Monday, Nov. 4 — Veteran's Hospital Visitation.
Thursday, Nov. 7 — Stated Meeting, Refreshments.
Thursday, Nov. 14 — E. A.
Thursday, Nov. 21 — F. C.
Wednesday, Nov. 27 — M. M. — open at 5:00 p.m., dinner at 6:00 p.m.
Thursday, Dec. 5 — Annual Stated Meeting. Dinner at 6:30 p.m. Meeting at 7:30 p.m.

At our Annual Stated Meeting, we should have four Gold Awards. Come one, come all.

Brethren, it is with deepest regret that I must report to you that our Tyler is resigning effective January 1, 1969. Brother Jim has faithfully discharged the duties of this office for the last-ten years; we want him to know just how much all of us appreciate his efforts. We will miss having him "out there".

This means of course, the new Worshipful Master must find a new Tyler, so if you know of anyone in Wayne Lodge who would like this station, will you let our Senior Warden know.

TOGETHER

Ho, hrother, it's the hand clasp and
the good word and the smile
That does the most and helps the
most to make the world worthwhile!
It's all of us together, or it's only
you and I—
A ringing song of friendship, and
a word or two of cheer,
Then all the world is gladder, and
the bending sky is clear.
It's you and I together — and we're
hrothers one and all
Whenever through good fellowship
we hear the subtle call.
Whenever in the ruck of things we
feel the helping hand
Or see the deeper glow that none
hut we may understand—
Then all the world is good to us
and all is worth the while;
Ho, hrother, it's the hand clasp and
the good word and the smile!

Happy Thanksgiving everyone. See you in lodge.

Ding, Dong—come-a-long. School Time is here!

No, I haven't either got bees in my honnet! It is SO school time — time for our "Official School" by Supreme Worthy High Priestess, Mildred Bleck of Big Rock, Illinois. She will conduct a School of Instruction for the Sojourners of Miriam, Mary-Martha, and Faith Shrines on November 8. We are hostessing the School and our W.H.P. and W.O.S. say you won't have to pack your "lunch huckets" if you will just make your reservations for another delicious dinner by the Social Committee by November 4 with Florence Wolf. The expected donation is $2.25 each.

And if the Social Committee produces more gourmet delicacies, as on October 11, it should prove to be most enjoyable. Their beef and home made noodles (made by Florence Wolf and Louella Bogenschuetz) were delicious. We Sojourners ALWAYS look forward to that annual treat.

Another treat was the greeting of Soj. Helen Patty, P.S.W.H.P., on September 21. She attended the reception given for R. C. Wilson, S.A.W.O.S. in Louisville. She can not make some of the long trips since her accident and attends very few of the Supreme activities. She is missed and those of you who have not seen her will find her somewhat changed. Her faith and courage are to be admired. She now lives in Columbus, Ohio and asked to be remembered to all of you.

The Wilson reception at the Brown Hotel was well attended and the table decorations were carried out in the Derby Theme. Since Soj. Francis Aunger, S.N.P., was the guest of honor, the head table was placed in front of a back drop bearing her symbol of the pink TriAngle. Sojs. Wilson and Aunger announced they will have their supreme receptions as a joint affair on October 11, 1969 in Cincinnati, Ohio.

Our W.H.P. and W.O.S. join with the Ways and Means Committee in thanking all who helped to make the Rummage Sale such a success. As always there were some humorous incidents to relieve the task, hut no one sold their own coat this time —only sold one item twice!

On October 11, we were pleased to have some visitors from St. Louis, Missouri. Soj. Hilda Hibbler, Chairman of Patrols for the Supreme Session next spring and Soj. Elaine Ledergerher, 2nd Vice President of Mildred Bleck's International Club. Soj. Hilda announced the Patrols would perform on Wednesday evening of the Supreme Session and plans are under way to bave a midnight snack for them. Our own W.H.P. will he serving on the committee. She also announced there would be some memorial trihute to Scotty McCreadie the former Patrols' Director for Supreme Shrine.

We have two hrand new officers who were installed on Octoher 11 hy Soj. Hildor Manecke, P.W.H.P. Kathryn Vonderau was installed as First Hand Maid and Audrey Snook as Worthy Guardian. Congratulations to both. The officers of Faith were very husy during October not only with their local duties hut visiting other Shrines as guest officers. They have visited Middletown, Portland, Elkhart and Muncie. It's interesting to overhear some of their comments when they return to Faith. They all agree on one thing though — they seem to feel partial toward our floor work! It certainly has given many of them food for thought. For some it has been a first time experience and they are surprised at the interpretation others give the ritual. But the friendships formed and the fraternal fellowship shared has been a rewarding experience.

State Association Day in Indianapolis was well attended hy Faith Sojourners and the hus brought home some weary, hut happy Sojourners. Our Shrine will again he represented in the Association with Betty Scott serving as an Assistant Membership Secretary. She will be assisted by the A.W.O.S., Grover Scott. Chloey Lee will be Worthy Herald and Tama Christopher and Mae Husted will serve as Pages. Virginia Wassell of Galilee Shrine, Terre Haute, will be president; Kenneth Gauker of Ruth Shrine, New Castle will serve as Sponsor; the second and third Vice Presidents are Rosetta Cannedy of Tarum at Bedford and Lulu Andrews of Hope, Mishawaka, respectively. The Associate Sponsor is Arthur Edwards of Bethesda, Anderson; Ruth Yates of Terre Haute is Secretary; and Carl Long of Naomi, Logansport is Treasurer. Two of the more important events that took place was the suggestion. that the Assoc. Sponsor serve as Chairman to contact the Associate Watchmen of Shepherds of Indiana Shrines to work in conjunction with the Junior Wardens in becoming better acquainted with the White Shrine Order; the other was the raising of the State Dues from 25¢ to 50¢ per year.

I, as retiring President, wish to thank each and everyone of you (and especially Pat Manecke, my Secretary) for all your assistance and support during my terms of office. My very best wishes go to you and those serving as officers. Continue to support the State group and stand united before all and put Indiana "On Top". My thanks also to Soj. Pat Nehls, our W.H.P., and to her Watchman wbo put Faith Shrine in the lime light for membership. Betty Herrod at Muncie came in second.

The Sunshine Committee reports Soj. Florence Subzda confined at home; Soj. Pearl Geiger in the Moellering Unit at Lutheran Hospital; Soj. Mary Crahh had eye surgery and our WHP Pat Nehls had minor surgery. Soj. Clara Koch is home from the hospital. The brother of Jane Gregory was in an auto accident and is in the hospital at Denver, Colorado; the father of Gwen Shroyer is home from hospital. Deaths in Family were the husband of Ruby Gingher, the hrother of Evelyn Hinton, the hrother-in-law of Betty Scott, and the mother of Frances Rackeweg.

Our Patrol, who was invited to attend the Supreme Session hy Soj. Hibbler during her visit with us, wishes to announce their new officers. Advisors are Sojs. Hazel Reithmiller and Mildred Steinbacher; President, Ilo Wyatt; Vice President, Mabel Aker; Secretary, Ruth Petty; Treasurer, Mary Howard; Captain, Wanda Gething. They will have a practice on November 4 at Franke Park School.

The autumn leaves are scurrying to and fro; first in your yard — then in your neighbors; then off they go as though going to a party in their festive dress of shades of gold and brown — I'm sure our chapter activities have been trying to keep up with them.

Well, October really caught up with us in a whirl of activity and we are still reeling! Our Smorgasbord dinner is now in the past — all our committee members outdid themselves in food preparation and many thanks to all who worked and donated to all those who came to enjoy it. All reports are the food was wonderful. Friends night followed on Oct. 24th at the stated meeting.

Those who were unable to attend the October 10th, Diamond Jubilee meeting of Shiloh Chapter indeed missed a very memorable meeting in the history of our Chapter. At 6 p.m. a most delicious dinner was served in the dining room of the Masonic Temple. Tables were decorated in colors of purple and white with diamond shaped crystal used to commemorate the 75th anniversary of the Chapter. At 8 p.m. a short business meeting was held in the Commandery room. Vouchers were of purple velvet ribbon with a tiny imitation diamond in center. Each member was presented a lovely ball point pen as a souvenir. Again predominate in this fine room were colors of purple and white. The east was a picture with topiary trees of purple. Garden gate decorated with purple and white roses. We were honored with the presence of Sister Sonoma Woodruff, Past Grand Matron, Brother Clayton Herrick, Grand Trustee and Past Grand Patron, Sister Evelyn Fry, District Deputy No. 14, Sister Evelyn Fry and Brother Donald Fry, Worthy Matron and Worthy Patron of Columbia City. Columbia City instituted Shiloh Chapter in 1893. Each of these guests were properly escorted and honored. Sister Eva Magner who has been a faithful member of Shiloh Chapter for sixty five years was also escorted and honored. After the meeting was closed the many friends were invited to enter and enjoy the program which was given in honor of Shiloh Past Matrons and Patrons. As Sister Vera Strodel who served as Worthy Matron in 1934, narrated the most outstanding events of each year the Past Matron and Patron of that year stepped from backstage into a spot light. It was interesting to hear the happenings in Chapter in years past. Some humorous and of course some sad. Sisters Rose McGraw, Secretary and Pat Manecke were also honored for their assistance in arranging the program. There were twenty nine Past Matrons and eleven Past Patrons present. Two affiliated Past Matrons and Sister Mary Ellen Sible, a member of Huntertown Chapter and who is an honorary member of Shiloh Chapter and a member of our Past Matrons Club. At the close of the program the Past Matrons and Patrons held a memorial for Sisters Effie Gawehn, Elsie Brooks Past Matrons and Brother Sloan Past Patron who have passed away during the past year.

How sorry we are to report the resignation of Aletha Feaser (Electa). Her letter of resigning has been received. Mrs. Ethna Hasty, past Matron, has consented to fill the vacancy for the remainder of the year and was installed Sept. 26 by Mrs. Justine Miller, Presiding Officer.

Just another reminder — the yearly card party and Bazaar will be held Nov. 20 at the Temple. All committees will be participating and there will be many articles to choose from for gifts to suit every occasion.

The Calendar of Committees for November are:

Nov. 5, 1:30 p.m. Southwest Social Committee with Gleta Wright, 4623 Calhoun.

"October's bright blue weather"! And hasn't it been beautiful!

Our first meeting in October was a lovely meeting with so many 25-year members present. It was a real joy to honor them. Brother Clayton Herrick presented each with a 25-year pin and choir sang. The smiles of satisfaction on the faces of those members truly reminds us that "On life's busy thoroughfares, we meet with Angels unawares, So, Father, make us kind and wise, So we will always recognize, The blessings that are ours to take, The friendships that are ours to make, If we open our heart's door wide, To let the sunshine of "Love" inside."

Were you at the card party? Seems everyone had a great time!

October 17th our chapter observed Past Matron and Past Patron's night, which was preceded by a banquet. So happy to see so many of our Grand Representatives and Brother Clayton and Sister Sonoma. The theme "Sands of Time" was carried throughout. Stations were held by Past Matrons and Past Patrons with Brother Del and Sister Bea Proctor presiding in the East. 5 candidates were initiated.

All Past Matrons and Past Patrons were escorted to a semi-circle in the west, introduced and presented a "token of love and appreciation" from the chapter.

Sunday, Oct. 13th, our Matron and Patron attended the O.K. meeting, which consists of the present Matrons and Patrons of the 14th District. Our own worthy matron, Sister Marjorie was elected president, Sister Beth Smith, Trinity Chapter, Vice President and Sister Dorothy Haney, Churubusco, Secretary-Treasurer.

Congratulations Shiloh Chapter on your Diamond Jubilee. It was great.

Remember November 7th, Friends Night. It will be a night full of surprises!

It isn't too early to mark your calendar for December 5th! That's Choir Night, remember? A night of good entertainment!

Officers will meet Nov. 26th with sister Jerry Cook, Brother Bob Biedenweg assisting. Choir's November meeting will be held at the home of Sister Bea and Brother Del Proctor. Visiting committee will meet Nov. 11th with Sisters Ruth Uebelhour, Clara Cooper, Bessie Douglas and Anna Weaver in charge.

Members ill: Sisters Helen Brokaw, Emma Dunton, Blanche Lowsley, Dennie Moore, Josephine Plank, Mildred Nichols, Bessie Bishop, Luetta Tippy, Sue Irwin and Brother Frank Hickman. Illness in families: Daughter of Ruth Uebelhoer, husband of Josephine Grieser, mother of June Trulock and daughter of Joan and Roland Coil.

Deaths in families: Husband of Flossie DePew and husband of Lenna Arnold.

New parents: Sister Judith Clifton.

New grandparents: Lavera Harshbarger, Lucille Eastes and Marie Cook.

Birthdays: Sister Bessie Bishop, Sept. 27th and Sister Estella Jacobs, Oct. 15th.

Thanksgiving is the golden bond
Of friendship tried and true,
Giving strength and courage
And happiness to you.

Thanksgiving is hope and faith
Throughout the passing years,
And though your plans sometime fail,
Smiling through our tears.

Thanksgiving is acceptance of
The task we have to do,
And being grateful for each day,
With special dreams in view.

Thanksgiving is a silent prayer
We say on bended knee,
To thank God for the blessings
He bestows on you and me.

It is with grateful hearts that we approach this season. We rejoice that we are free people, that we may worship God according to our own consience and on this Thanksgiving day our hearts openly proclaim our gratitude for the countless blessings that our Heavenly Father has bestowed upon us.

Thanksgiving

Perhaps we have not counted all our hlessings one hy ooe;
Perhaps we have not bothered
To remember whenoe they come;
And maybe we have takeo
Just for granted all the things
That the good Lord has created
Aod the hand of Nature hrings;

The autumn hills in glory rohed,
A goldeo field of graio;
A sunset's dazzling splendor or
The Milky Way's great plain,
The starry sky's sublimity,
The ocean's mighty power,
The wonder of creation in
The petal of a flower.

And so if we have failed to show
By word or act or deed
That we are thaokful unto Him
Who fills our daily need,
May this day show we're grateful
When we add up all the sum
Of the hlessings we remember,
As we count them one by one.

Fellow Companions: My humble thanks to each and everyone of you who had a part in making our inspection a very successful and happy occasion. We were very pleased to share this evening with Garrett Chapter No. 129. Especially did we enjoy the coffee hour, and the fellowship with the companions from our neighboring city. I was very happy to have our friend, Companion Isley, as the representative of Grand Chapter for this Inspection. His title is Right Excellent Grand Scribe of the Indiana Grand Chapter.

Do you have a Master Mason friend whom you would like to have as a fellow Companion? If you do, bring his signed petition to our stated meeting on November 15. He can then take part in all degree day at Huntington on November 30. Thomas R. Marshall Chapter will confer the Past Master degree on all the candidates. Let's all help to make this a memorable occasion for Group 3 of York Rite.

THE AGE OF CRITICISM

Lawrence H. Leader, 32°
2641 University Blvd. N., Apt. 101
Jacksonville, Florida 32211

The word criticism has many meanings. Criticism has been defined as the act of making judgments; the expression of these judgments; finding fault; the art or method of a critic; and scientific investigation to discover the background of a given occurrence or thought.

Mankind has evolved from the stone age through our time which has been labeled the "atomic age." But I submit that a better label would be the "age of criticism." Criticism in the United States of America has in recent times become not only a state of affairs, but a way of life. It behooves each one of us to ask what good end this critical spirit serves. Since criticism takes essentially two forms, namely, constructive and destructive, we may then by strict examination find out to what good or to what evil end criticism shall carry our Nation.

The very forming of our country began with criticism when our honored forefathers spoke out against actions forced upon them by a foreign power. This led to our Declaration of Independence and the beginnings of America. Since those early formative years our country, under God, has flourished and has grown at an unbelievably rapid pace until it has become the greatest and most prolific source of freedom and wealth in the world.

In its growing years our country was criticized by its inhabitants. But this criticism was of the constructive form, for America waxed great and survived because of the useful prodding of dissenters, dissenters who had only one thing in mind — a stronger and more productive America. Undoubtedly their criticisms were expressed after thorough investigation and rational judgment. Men loved and supported this Nation, and in their efforts to make it better and then best among all nations, they offered its leaders constructive criticism. Now America has grown from the age of wonden plowshares to that of electronic computer systems. But it appears that the progress of America has taken a backward trend, a trend that weakens and subverts the very warp and woof that wove America into the fine and great Nation that it is today. Yes, we have reached the age of criticism — the destructive form. Loyalty and devotion, attributes which have carried this country onward and upward, have been replaced by apathy and destructive criticism. Without the slightest investigation of the issues and with emotional rather than rational judgments, critics confuse America's most valuable asset, its people. The criticism offered is invariably "destructive". Many offer their dislikes, but few indeed offer wholesome ideas.

I submit that it is difficult, if not impossible, to please everyone all of the time. No one is perfect; we know that there was one One on earth who was so divinely perfect. Mortal man makes mistakes, and, hopefully, by doing so he improves himself with the aid of constructive criticism.

We of the Masonic Fraternity should remember now, more than ever, the "Perfect Ashlar," and we should endeavor to inculcate in the minds of the uninitiated as well as our brethren that none of us is perfect. We must aid and assist one another in bringing ourselves and our country toward the goal of perfection, but this must be done by the use of constructive rather than destructive criticism, or the ashlar shall most assuredly crumble.

The Best That We Can Give

Although we may be confused by events, astronomical figures, and the wonders of science, we must never drift into a fatalistic attitude toward life.

The strength of Masonry is, and has always been, in the stress that it places on the individual.

This emphasis points to the vast void that exists between the Philosophy of Freemasonry and the philosophy of those who are the eternal enemies of Freemasonry.

The dictator state is concerned with the masses. The many can be controlled by the iron hand of despotism. The strong individual will always resist tyranny.

More and more there will be the struggle between the right of man to fulfill his mission on earth as an individual, and the insistence of the few in power that man must delegate his birthright to an impersonal state.

Today we must extend our efforts, teach and practice Masonry in every department of life, and proudly proclaim to the world the principles that we stand for. We must give our best, for the things that we value most.

Exchange

Unfinished

The wisdom of God is shown in that he left the world unfinished that we might have the interest and delight in taking the Raw Material and putting the world together. He left the oil in the tap rock, the aluminum in the clay, the paper in the pulp, the electricity in the clouds. He left the forest unfelled, the mountains unsurveyed, the canals undug, the tunnels unbored.

He left the fields unplowed and unplanted. He left the music unwritten, the pretty undreamed, and the dramas unplayed. He left inventions unapplied and cities unbuilt. He left mind and character unperfected, that we might really be the children of God — created in His own image, with latent powers to take the Raw Materials and put the old world together.

What Is Meant By Time Wasted

Time wasted is existence; when used, it is life. It is your ability to know what is waste of time that enables you to use it correctly. Dreaming is no waste of time if you strive to make the dream come true.

Playing games is no waste of time if you find in them relaxation and delight. Dancing is no waste of time if you listen to the music and renew the harmony in your soul by keeping the rhythm.

Movie-going is no waste of time if it permits you to escape from yourself. Reading is no waste of time if you choose your literary menu wisely. Autoing is no waste of time if it allows you to accomplish more or if it takes you to clear, fresh air.

Talking is no waste of time if you think and evaluate before you speak.

Feasting is no waste of time when you enjoy it.

Work is no waste of time if in your work there is an element of art — something to make the world better.

Envy is a waste of time! Revenge is a waste of time! For envy saps your vitality and revenge hinders progress. Envy retards and revenge weakens.

The great do not envy. And the successful are too busy for revenge.

Time wasted is existence; used it is life.

Our October meeting was one I have waited for a long, long time. We are now about to complete all transactions which will make our new property all ours. All that remains to be done is to record the deeds, abstracts, affidavits, and pay our taxes. I wished so much to see the lots cleared and a flagpole erected before I left office, hut I am afraid this is asking too much, as my time has almost run out.

I wish to thank all of those who were responsihle for making all of this possihle. I know that it took a lot of time and work, hut the task is done and well worth every bit of it.

We will hold our fish fry on November 2 from 5:00 p.m. until 7:00 p.m. when we will present a movie of beautiful northern Minnesota where the fish were caught.

There will he no charge for the fish fry, hut a kitty will be kept handy for all contrihutions. The money will go into our hulding fund.

Everyone is invited to attend. The members of St. Mary's O.E.S. will he our special guests.

Come and enjoy our fish and our fellowship.

Now that Autumn days are here it will not be long before winter ushers in the New Year. This seems like a good time to think hack over the year's accomplishments, both Masonic and otherwise, and resolve to make use of the last two months to do those things we have left undone, or to finish the tasks still to be completed.

November heing the month in which Thanksgiving falls, let's not forget to give thanks for all of our freedoms. The two most wonderful freedoms we as Masons possess are religion and free Masonry. So many times we take these for granted, hut think of the many countries who are not so fortunate. Let us each take time from the festivities of Thanksgiving and give thanks to the Supreme Ruler of the Univcrse for these freedoms.

Huntertown Lodge had Lodge of Instructions with Churuhusco Lodge. I would like to congratulate the Brothers for a joh well done.

Brethren, please keep in mind our Grand Master Ten for Ten program. The Nced is great and let's support this program hy equal sacrificing.

Wednesday, Novemher 6, 1968 at 7:00 p.m. Huntertown Lodge will host the DeMolay Boys from Fort Wayne. They will put on Degree Work in a tyled room. The public is invited to attend the Flower Talk which will conclude the meeting. It will be held in the Huntertown High School Gym. Your attendance will he greatly appreciated.

Brethren don't forget our annual "Oyster Stew" dinner, and election of officers at the stated meeting of December. Again Huntertown Lodge is going to celebrate the Feast of St. John the Evangelist "Table Lodge" on Friday, December 27. Make an effort to attend.

I will leave ynu with these Masonic words of wisdom. "Each today, well lived, makes every yesterday a dream of happiness."

Brethren: I am very happy to announce that the drive put forth hy the Temple Committee to raise funds to retire our Lodge mortgage has been most successful. The committee members all put in a lot of their evenings and weekends to see that our intentions were accomplished. The money needed to retire the mortgage has heen raised. A joh well done and I am proud of everyone of the committee memhers.

On October the 9th the Fellowcraft Degree was conferred upon Brother Tom Murphy. He also received his Master Mason's degree on October 16th. The officers again did a wonderful joh of putting on the degree work.

I received a letter from the Grand Lodge with comments concerning our work with Monroeville Lodge in the Lodge of Instruction Efforts the 17th of September. The comments were all very good and again I would like to thank all of the officers for a joh well done.

Don't forget our scheduled visits at the Veteran's Hospital in Fort Wayne. The response has been very good for our first year thus far. Our next visitation will be November 18th.

The end of the year is fast approaching and I am sure the Secretary would appreciate receiving your dues and Masonic Home donations as quickly as possible. The New Haven Lodge has heen placing quite high on the Masonic Home donation honor roll and I think we can even do better. I would like to see next year be our best year ever.

It seems as only yesterday that the hour glass was full of sand for your Master. During this past year I have tried to generate life and interest in our lodge. The master feels that if no life is stimulated the doors will he closed. We get out of Masonry what ever we put into it. Masonry has so much to offer all of us, if we would only allow ourselves to receive it. I have become a better Mason through this year.

Here are the upcoming events to look for: F. C. Degree, Family Night, Work night on the building, and Election of Officers.

Brethren: As 1968 progresses, we find ourselves surrounded hy signs that this year is rapidly drawing to a close. As nature displays a variety of scenes to the discerning eye, we can also see the signs that the end of our Masonic year is rapidly approaching.

By now you have received your 1969 dues card; please return these to your secretary as soon as possible, as this makes his work easier at the close of the year.

One more sign of fall is our Inspection hy Grand Lodge on October 15, jointly with Bluffton Lodge 145 on the Fellowcraft Degree. I am very pleased to inform you that all Officers were present and that the Assistant Grand Lecturer congratulated them for a very excellent presentation. I would like to add my personal congratulations and thanks to the Brethren who have served so ahly and efficiently in their various posts and made the evening a success.

One last reminder, when you pay your 1969 dues please do not forget your ten for ten contrihutions which are so vitally needed to maintain our Masonic Home. The expenses of maintaining the Home have risen along with the price increase of everything else, and each and everyone of us should he willing to contrihute as liberally as he can to help a Worthy Brother, their widows and orphans.

The Lodge now has a new roof, carpet and celling, so if you have not been to Lodge recently, come to your nice dry Lodge hall and renew old friendships. You helped pay for it, so why not enjoy it.

CARRY THE MESSAGE TO GARCIA

Ned E. Wick, 32°, K.C.C.H.
Post Office Box 438
Deadwood, South Dakota 57732

What values do we place on society or on others? Constantly, we read in newspapers and in magazines about the conditions of our day. The "government is doing this," the "teenagers are turning delinquent," "what price glory in Vietnam?" — where is this talk leading us?

Where are we led and hy whom? Sitting there right now, reading this article, can you honestly think of men you trust? Men you would trust absolutely in your husiness or in your private affairs?

Is there a man among your acquaintances that you could honestly say is able to "carry the message to Garcia?" Can you? Would you be able to hc another Rowan?

Perhaps you have forgotten the story of the message to Garcia and the writer who, after publishing a philosophical treatise on the event, made it one of the most well-known and read articles in our century. The story is well worth retelling.

In 1898, when war hroke out hetween Spain and the United States, it was necessary to communicate quickly with Garcia, the leader of the Insurgents, somewhere in [illegible]. No one knew where he was, no mail or wireless could reach him. Someone told President McKinley that there was a lieutenant by the name of Andrew S. Rowan who could contact Garcia. Rowan was summoned to the President to do just that. When he took the letter, landed by night on Cuha from an open boat, disappeared into the jungle, and came out the other side of the island three weeks, having delivered the letter, is a matter of history.

That Rowan delivered the letter was not important to Elbert Hubbard, the writer of "A Message to Garcia." What was important to Hubbard was the fact that there was a man who, without questions, and, armed with fortitude, was faced with a seemingly impossihle task, and did it. Hubhard was appalled by what he thought that man is, on the one hand, unwilling or unahle to concentrate on a thing and do it. "Slipshod inattance, foolish inattention, dowdy indifference, and half-hearted work seem the rule," Hubhard declared, and he went further to ask this tough question: "If men will not work for themselves, what will they do when the benefit of their efforts is for all?" This thought is as pertinent today as it was in 1913 when Hubbard wrote his essay.

Who is the man who thinks for himself? Who is the man who sees only his interests and his work at stake? Is he the man "to carry the message to Garcia?" You know he isn't. The Rowans, the men we can see an ideal and work and live for it are few, hut they are the most valuable and trusted men on earth. As Hubhard stated, "Civilization is one long, anxous search" for individuals to carry the message to Garcia. It was Rowan who had to go alone and "done the deed."

Indeed, the world cries out for such a man, for the individual who will quietly judge and accept values and, in turn, impart those values to others when called on.

Let a man like Hubbard live for us once again, as he did to over a half a dozen countries and in many translations, when he told the story of Rowan. When called upon, let us learn and respect the true meaning of the words: "Carry the Message to Garcia."

THE MAGIC WITHIN

A famous motion picture actress, asked what she would wish for if she could have a single wish with the assurance that it would be granted, answered, "I would wish that all men might know that God is impartial," and with this answer preached one of the greatest sermons of this or any other generation.

Our Creator is impartial. His laws and forces apply to all. There are no "reserved" signs on any of them. Bad people can — and do unconsciously — use them as well as good people. It is how we use them — oven whether we use them — that determines the kind of persons we are. The same power of gravity that enables men to sink piles to build bridges is available for an evil man to hurl another off a cliff. The same force that enables your TV to bring you beautiful pictures and lovely music is available to bring lying propaganda to millions. The same atomic energy that some day will light and heat our homes can blow our civilization to smithereens.

Spiritual power is as available to you as it is to anybody else. You need only ask for it — wordlessly, continuously — and let it work through you with quiet, humble confidence.

An Open Letter

Dr. Calvin B. Clarke
Tbrice Potent Master
Ancient Accepted Scottish Rite

Re: DeMolay Foundation

Dear Dr. Clarke:

Thanks for your letter dated October, 1968, pertaining to tho great order, DeMolay, and contributions to the DeMolay Foundation.

Dr. Clarke, I am glad to report that I was commissloned a DeMolay Uncle (for my life) several years ago at a meeting of those fine young members of DeMolay and their relatives. Subsequent to that happy occasion, I was honored when the members voted to have their next class bear my name, and for which, of course, I was very grateful.

I have always believed that DeMolay and the high character of its members has given a major support to Masonry, and is a factor in ereating a substantial potential for the growth of our membership which is especially most welcome today.

Yes Dr. Clarke, these fine young men most assuredly merit all the support we can and should give them.

Relative to contributions suggested in your letter, I enclose herewith my check for $10.00 for this most worthy cause, whicb I am happy to supplement by my further support of DeMolay; i.e., being a firm believer in reciprocity, and DeMolay having made me an Uncle for my life, I have made DeMolay a beneficiary (during its life) in my will; wbich provides that a check be sent annually by my Trustee, Lincoln National Bank and Trust Company of Fort Wayne, depending only on the laws of the land permitting and the management of my Trust Estate having the funds from which to be contributed.

Sincerely and Fraternally,
Edgar H. Kilbourne

THE REASON

Of various groups of people and of nations the question is asked: "If men so sincerely desire to be friends and to live in peace, why is there strife and war in our world of today?" To the Mason the answer must be obvious. First, men must enjoy freedom under law before the ideal of friendship can be a reality. Brotherhood cannot be developed when men live under the whip and heel of dictatorships. It is a falso assumption that brotherhood can prevail in an atmosphere of fear and a state of serfdon.

The desire of man to develop his talents, to speak his opinions, to worship as he pleases is the substance of political freedom. Men who are enslaved mentally and physically become totally indifferent to the ideals of brotherly love and friendship. The urge to survive under the heavy hand of despotism halts the development of man and his higher aspirations.

Then again the answer to the question is the training for brotherhood, which is an essential factor in the realization of the ideal of friendship among men and among nations.

If brotherhood is to have meaning, it must he the result of training, of the understanding on the part of the individual of his own being and his spiritual nature. It is a mistake to think that all men have a natural capacity for brotherhood.

To refuse to face reality does not change the condition of reality. Masonry is selective. Its way is slow, hut ever upward. What it works for and hopes for, it waits for in patience. What it has acbieved in the past is the best proof of what it may achieve in the future. Brotherhood is never the result of wishful thinking.

Masonry, through Masons, can give the pattern to the world, and in time, the world may find its way to an enduring brotherhood.

Ability to Forgive

A sure sign of spiritual and emotional maturity is the ability to forgive — not only the deep hurts that we sometimes experience but also the little, everyday vexations tbat cause irritation or delay in the course of our daily activities. Often we get upset by the thoughless or careless actions of those with whom we live and work, and before we realize what has happened an attitude of resentment has moved into our mind and heart. In the tug and pull of our busy living, a forgiving spirit and a sense of humor are priceless assets in preserving our poise and well-being.

Brethren: As I take my pen in hand and write this my last article for the Square and Compass, I sense a feeling of mixed emotions.

We have just passed through the time of Thanksgiving whereby we expressed our gratitude to God for the manifold blessings with which we have been endowed.

Christmas, the most reverent and sacred season has been so commercially exploited by the vendors and the buyers, that only a few of the present day generation know the true event that took place to bring about the observance of Christmas.

I have a fecling that this can only go on so long — until Christian people the world over revert to a genuine old time Christmas Season whose Spiritual benefits last all through the year.

South Gate Lodge has this year had a variety of functions and a variety of responses.

Our past Master and Charter Banquet was excellent with fair attendance. The June Observance of St. John was excellent with very poor attendance. A Lodge for Instruction was excellent with deplorable attendance. The Ladies Nite Banquet was good with fair attendance. Our Family Nite was excellent with good attendance. Our degrees have been conferred very well with mediocre attendance.

Our officers have worked together with commendable zeal and sincerity and I wish to express my thanks to all who have assisted me in endeavoring to fill my responsibilities.

To all the other Lodges of the Fraternity, I wish to express my sincere thanks for their Fraternal invitations and the Fellowship of shared events, with the wish for a continuance and betterment for all their endeavors.

To the widows of Master Masons of South Gate Lodge, I wish to extend the Lodge's expression of concern at your loss and to assure you that you have not been dismissed from our thoughts. This year Brothers, George Bessmer, Joseph Havlin, and Eugene Barrett departed their labors of this world and ascended to that Celestial Lodge from whose bourne no traveler returns. I wish to convey my deepest appreciation for their labors.

Never before in our times has the opportunity to serve been so important. By the same token, never before has this opportunity been so difficult to fulfill because of the increased demands on our personal time. That is the reason every family who has a Masonic Officer must learn to accept Dad's reason for unscheduled events which are sometimes a deviation from planned activities.

To Brother Phillip Palmer, we extend our sympathy upon the passing of his father to the Celestial Lodge above.

Brother Robert Roddy, our J.D. is about to leave Parkview Hospital as is Brother Dorsey Powers. To those of South Oate, who are ill, that we do not know about, our best wishes are with you.

The year is not yet finished however. December 9 will be the Annual Stated meeting of the Lodge. You will elect your new officers for the year and have an opportunity to be a part of a very fine year ahead in Soute Gate Lodge. I urge every member, who can do so, to attend this meeting, to elect and display your support of their efforts for the year to come.

December 20 will be the day for conferring the Actual Past Masters Degree upon the Masters Elect of the Allen County Lodges.

December 21, will be public installation of South Gate Officers in the Ionic Room. Plan now to attend and see your officers assume their duties.

December 27 will be the feast of St. John. A tyled Table lodge by direction of Grand Master Robert M. Seibel. Contingent upon approval by the Grand Master, South Gate will attend Table Lodge with Leo Lodge No. 224 and Harlan Lodge No. 296. Further information will be sent you relative to this event.

I trust that each member in his support of the 10 for 10 program draws a measure of humble satisfaction at being a part of the Grand Lodge project of providing care for those Masonic individuals who seek aid and succor in their later years at the Masonic Home at Franklin. This is truly something which can only be measured by the gratitude expressed by those who find aid and companionship in this fine environment.

And so I come to the close of this year as the Worshipful Master of South Gate Lodge No. 731. I find myself a little wiser, much more humble in believing in accomplishment of self, and extremely appreciative of the bond of human Fellowship and Fraternal assistance.

From Freemasonry's Great Light, The Holy Bible, comes the message of the Season of Christmas, "Unto you is born this day in the city of David a Savior, which is Christ the Lord."

May your Christmas season be warmed by our Savior's love and may you face the New Year confident in His abiding Faith.

Dwight M. Myers _____ Sec'y
Masonic Temple, Fort Wayne

The end of the year is hut a few short weeks away. This month of December will be a busy month for us. Friday, December 6th at the stated meeting, the annual election and appointment of officers for the year of 1969 will be held.

On December 13, the Entered Apprentice degree will be conferred, followed by the Fellowcraft degree on December 20. Then on Saturday morning, December 28 an early breakfast will be served and the Master Mason degree conferred. At three o'clock on December 28th, the installation of the officers for 1969 will be held. All members, families aod friends are invited to this installation. Immediately following the installation, a reception will be held with refreshments to be served.

The past year has moved swiftly through the months, almost too fast, to accomplish all the things planned. Each year, the progression through the various stations seemed to have gained momentum. New faces have appeared in the lodge, many of the older have faded and passed out of this earthly lodge. Austin Dobson in his Paradox of Time probably expresses my musings as I am about to become the outgoing master of the lodge.

Time goes you say? Ah no!
Alas, Time stays, we go.

It has been a year of accomplishment mingled with pleasure and sadness in the lodge. The support of those faithful brethren who are ever present to participate in the degree work, visit the sick in the hospitals and homes, and serve on the various committees has made my year a memorable experience of brotherly love and friendship. I wish also to extend my sincere gratitude and appreciation for those members who have offered their kind words of encouragement and commendatory remarks. I am especially thankful for the Past Masters who have responded when I needed counseling and required assistance in conducting the memorial services and degree work.

I have tossed more scraps of paper in the wastebasket trying to write this article. The deadline is near, I am looking forward to a busy work load this month. Will you share it with me? Then as Longfellow said of his village blacksmith:
Each evening sees it close;
Something attempted, something done,
Has earned a night's repose.

Masons in their own quiet way have always been seekers of truth, goodness, knowledge and justice. Let me ask you brethren to continue this ancient and good custom. Men of all ages have decried the conditions of the particular generation that tbey have endured, some bave called for a return to tbe old days and ways, others have said that we must look toward the future and train our children to do better than we have. Let us do both by returning to the tried and tested patterns of the old ways and train our children to look forward from the solid foundation that has been prepared for them. Let us continually seek truth, goodness, knowledge and justice, for these are the very cement of civilization. Without these virtues our society as we know it would bave died long ago.

Let me take this opportunity to thank you brethren for tbe bonor that you have granted unto me, by letting me serve you this past year as your Worshipful Master. There are many expressions to say what I feel at this time, but I prefer a big heartfelt thanks for the honor tbat you conferred to me. My thanks also, to the officers and committee heads and members that served so well this past year. Without their help, our lodge would not have functioned as well as it has.

Again I urge you to attend our annual stated meeting on Wednesday, Dec. 4th, at 7:30 p.m. This is your opportunity to select the leadership of the lodge for the coming year, and to hear the report on the condition of the lodge at the close of this past year.

Let me again say, be sure and check the newspaper over the weekends, they have the latest dates and times. We will open a lodge of EA on Dec. 11th at 4:30 p.m.; a lodge of FC on Dec. 18tb at 7 p.m. We will not have a lodge of MM because it would fall on Christmas Day. We are planning a public installation on Saturday evening, Dec. 28th at 7:30 p.m., members and their wives are invited to attend.

May you and your family enjoy a very Merry Christmas and a prosperous New Year.

Thank you again for the bonor of serving you and our wonderful lodge this past year.

Let us remember to follow the way of our gentle craft and continue to seek truth, goodness, knowledge and justice.

Brethren: This issue of the Square and Compass is my last article as Master of Three Rivers Lodge. This past year has been an experience unequalled by any other in my life. I have been brought to more and further light in Masonry by working in the lodge so regularly and relearning again and again the valuable lessons taught there so vividly.

I am very well pleased with the officers work tbis year. I am sure we would have done better if we bad more candidates to work with. A busy lodge in my opinion is best. I want to thank all the Past Masters, officers and members for the good help they bave given me in the year 1968.

My sincere thanks to Mrs. James Bowser and Mrs. Lee Garrison who have labored untold bours io the kitchen securing and preparing those delicious meals. My thanks also to Mrs. Ralph Blair, Mrs. Kenneth Disler, Mrs. Ted Arthur, Mrs. Jack List, Mrs. Barbara Walker, my wife Ruth and any other ladies that helped in the kitchen this year.

We wish to extend a hand of welcome to our newest Master Mason, Brother Willard Tom Johnson. I am sure he will be an asset to the fraternity.

December 3 — Master Mason. Lodge opens at 5:30 p.m. Dinner at 6:30.

December 10 is our stated meeting. At this meeting we will bave election of officers for the year 1969. This meeting is one of the most important in the year's history, for at this time you decide to wbom you will entrust the destinies of the lodge for the next twelve months. Yours is the final choice, so I would urge you to give it your most careful consideration and then exercise your rigbt through your attendance. Support your new line of officers by coming to lodge often and making yourself available for active participation.

Our lodge extends its deepest sympathy to the family of Brotber Fred Huett wbo was called to his heavenly reward, Tuesday, October 29. Services were conducted by Three Rivers Lodge at the McComb Funeral Home on Thursday evening, October 31. Brother Huett was a member of Green Leaf Lodge No. 349, Kinderhook, Michigan.

Tbe next issue of the Square and Compass will bring you a message from a newly elected Worsbipful Master. Your new officers will be installed on Tuesday, January 7, 1969 at 7:00 p.m. This will be a public installation in the Corinthian Room. Bring the family and come and get acquainted with your new officers.

POEM

A Thought As We Enter Upon A New Year of Building

Some one has blended the plaster,
And some one has carried the stone.
Neither the man nor the Master ever has builded alone.
Making a roof for the weather,
Building a house for the King,
Only by working together, men have accomplished a thing.
All have a share in the beauty;
All have a part in the plan;
What does it matter what duty falls to the lot of a man?
Each has a hand in the building; no one has builded alone—
Whether a cross he was gilting, whether be carried the stone.

—Author Unknown

Thanks again for making such a fine year possible. May every blessing be yours through the days of the coming year. Merry Christmas.

As I write this, it is doing nothing but pouring rain, but maybe by the time you read this, it will be snowing. And with snow comes that time of year again, the seasoo of good cheer, the end of the year — tbe end of my year as your master. The fellowship has been such that I can truly say I will miss being your master, but I'm also looking forward to relaxing a bit and letting another carry on. I bope you will offer him the same loyal support you have offered me. It has been tremendous — the cooperatioo I have had from my officers, my trustees, my committees, and last but not least my members. I would like to thank each and every one of you for your help and support — you have made my year worthwhile. I would also like to thank my friends and my family for their loyal support and cooperation. Without the help of each and everyone of you, my year would have been less memorable. I would also like to thank those Masters who took time to attend our social functions and for the invitations so cordially extended to me this year.

Remember — our Annual Stated Meeting is Thursday, December 5, 1968. Dinner at 6:30, meeting at 7:30. There will be a presentation of three Gold Awards at this meeting. The other Wayne Lodge Gold Award will be presented by a Florida Lodge as a courtesy. Be there to help our brotbers celebrate their Golden Anniversary as members of Wayne Lodge No. 25 F. & A.M.

On November 11, 1968, Brother Charles Alexander was called to the Celestial Lodge above. He was our oldest member and our oldest Past Master, having served Wayne Lodge as Master in 1906 and 1907. Masonic Memorial Services were held

Brethren:

Behold how swiftly the sands run, and how rapidly this year is drawing to a close. It is a year that has had its disappointments, but it bas bad its many joys. We have started some programs this year that I bope can be continued and improved in years to come. Among tbese are tbe visitation to the V.A. Hospital, and a family nite. During 1967 under the direction of P.M. Bill Winans our lodge firmed up its plans to construct its own Temple. This year we conducted our finance drive, received the necessary approval from Grand Lodge, and began the actual construction. The work is far from finished, and it is going to require additional cooperation and support to complete this Temple. Please attend the stated meetings and discover wbere you can belp, and don't neglect your pledge payments.

I want to thank the officers and brothers who have been so faithful in assisting in the degree work during this past year. Without this type of help and support your Master could do nothing. I trust that the newly elected Master will receive the same cooperation.

Looking forward to the Holiday season let me leave you with this tbought —

"IN those days a decree went out from Caesar Augustus that all the world should be enrolled. And Iosepb went up from Galilee to Betblehem to be enrolled with Mary, his betrothed, who was with child. And while they were there, she gave birtb to her firstborn son, and wrapped him in swaddling clothes, and laid bim in a manger, because there was no place for them in the inn.

And in that region there were sbepherds out in the field, keeping watch over their flock by night. And an angel of the Lord came . . ."

When one reads over St. Luke's account of the birth of Cbrist, he searches in vain for tbe kind of high drama which would ordinarily accompany an event of such magnitude.

Tax-paying time in a second-rate kingdom . . . certainly no occasion for celebration. An unknown couple from a fisbing village, in an unfriendly town on a winter's night. Her time is upon ber, but her son must be delivered in the corner of a stable amidst the lowing of cattle and the obeisance of unexpected visitors. Some scruffy shepherds claim to have seen a vision, but nobody believes them.

And yet . . . incredibly . . . this is the night, and this is tbe place where God has chosen to break into history. And from this night on, the event has stood sentinel . . . dividing all of recorded time into B.C. and A.D.

WE who live more than nineteen centuries this side of that event often do forget the simplicity and humility wbich marked that first Cbristmas eve, and became bopelessly ensnared in the activism that characterizes tbis Holy Day. And in doing so, we miss tbe real message of Christmas.

And so my Christmas wisb for you whom I value as personal friends and brothers, is not only for happiness and joy, but even more for a renewed sense of that personal peace and quietness of spirit which for many of us has become but a memory of a former, better day.

Thank you for the Honor you have given me throughout this past year. But more important, join me in looking forward bopefully and prayerfully to a New Year wbicb may truly bring peace to all men.

Happy, Happy Holiday! And what a nice way to start tbe Season — The District Inspection by our Supreme Worthy High Priestess, Mildred Bleck, of Big Rock, Illinois was attended by 150 guests and Sojourners from this District. Guests came from Muncie, Indianapolis, Bedford, Logansport, Coldwater, Fairborn, Kettering and Anderson and Richmond.

The Supreme was entertained at dinner with the tables decorated with her flowers, the Poinsettias and Silver Bells in the centerpieces. The bell-sbaped programs marked each place along with a miniature basket filled with poinsettias.

The flowers were used again in the Shrine room along with the Peacock wbicb the Supreme Worthy High Priestess says, to her, means the harmonious blending of beauty and friendship. Sojourner Evelyn Hinton, PWHP of Faith Shrine, sang her favorite song, Open Mine Eyes, while sbe and other Supreme Officers were escorted East. Eacb Sojourner received the Silver Bell voucher.

In the absence of the Worthy High Priestess Mary Wilson of Miriam Shrine who was assigned tbe closing, Joan Walters, N. P. presided during that part. Faith Shrine had the opening and Soj. Hazel Emerick of Kendallville presided during the escorting. Refreshments were served following the meeting to greet those Sojourners who were unable to attend the dinner. Favorable comments were received by the three Worthy High Priestesses of our District from the Supreme Officer and the District Deputy was also thanked for ber efforts of assistance to all in tbo Inspection. The W.H. Priestesses wish to express their tbanks to all who assisted to make the evening such a success.

The reception for the Supreme Worthy Chaplain, Mildred Shepheard, held in Oklahoma City was well attended too. August Kuhn, Supreme Trustee, was the Master of Ceremonies and did an excellent job. The Mayor was the guest speaker and invited all Sojourners to return for Mildred's Supreme Session in 1971. Do make plans to go — the city and accomodations looked inviting. Mildred is another Supreme Officer who is able to introduce everyone by name and Sbrine. We'll all bave to get her recipe!!

The Shrine Christmas Party will be on December 13th, and the Christmas Ceremonial will be held December 27. It will be preceded by a dinner at 6 p.m. Donations are $1.50 and should be made by December 23 with Florence Wolf or your Committee Chairman.

WHEN CHRISTMAS COMES

When Christmas comes — there is
so much rejoicing:
With voices raised in song, the happy
smiles of Children
When Santa comes along.
The wreaths within the windows
And trees transformed with light
As families gather closely upon a
winter night.
There's something very peaceful —
there's something in the air,
That brings us close to Heaven and
lifts our hearts from care —
When Christmas comes.

We are again rapidly approaching the Holiday Season. It seems such a short time since we were preparing for last Christmas. We all hope you had a good year and are looking forward to another. From the whispering that is going around it sounds like the committees are planning a nice Christmas Party. The Party will be Dec. 3rd at the Temple. The dinner will be served at 6:30 p.m. followed by specially planned entertainment along with 50¢ gift exchange. Emily Gates will be at the organ with Christmas Music.

Friends Night was a most enjoyable evening with the many guests from far and near as well as all the faithful members on the sidelines. So many nice things are always said of friends and I suddenly begin to wonder just what is the best thing that ever was said about a person. By far the best thing ever said is truly from the Book of Genesis, chapter 1, verse 26: "And God said, Let us make man in our image, after our likeness:" Yes, that is a lofty picture! A description to really make us think! And something we must never forget! And as this, another Thanksgiving and Christmas Season arrives, may we go about in the name of the blessed Jesus and exercise our God given gift!

JUST A FEW REMINDERS: Our first meeting in December will be 'Choir Night'. Don't miss it! The second meeting, Santa Claus comes. Don't miss that night either! The first meeting in January, we will have Muncie as our guests. The second meeting in January will be 'Men's Night'. Many surprises and much good fellowship are in store for everyone.

Various committees planning Christmas meetings for December are: Social Committee which will meet at Bethany Presbyterian Church Dec. 9th, 6:30 p.m.; Visiting Committee will meet Dec. 9th 6:30 p.m. at the Y.W.C.A.; Past Matrons will meet Dec. 10th, 6:30 p.m. at the home of Helen Herrick; Officers will meet Dec. 16; Non Pariel will meet Dec. 17th at 6:30 p.m. at the North Anthony Hobby Ranch House with Gertrude Coffey and her committee in charge of arrangements. And, it's a great big Happy Thanksgiving and a Merry Christmas that your Worthy Matron and Worthy Patron wish you, the members, janitors and everyone connected in any way with our wonderful order.

On December 22nd we will be looking forward to the arrival of our Adah, Carol (Botteron) Bakker, who with her husband Gerard, are planning to fly from Amsterdam, The Netherlands, by way of London, England, New York City and arriving at Baer Field. Sister Carol will have completed a course in the Dutch language, been an active member of the "American Women of Amsterdam" Club and made color slides of her many experiences. Carol and Gerard wish to thank everyone for their many cards and letters. A reception is being planned in their honor, Dec. 28th from 8:00 to 11:00 at the Shrine Ballroom.

"A BLESSED CHRISTMAS"

May the star that shone in triumph
O'er the manger where Christ lay,
Be your guiding light to happiness
This blessed Christmas Day.
May each gift exchanged with fondness,
As a token of your love,
Bring remembrance of the blessed gift
God sent from heaven above.
So the gentle Christmas spirit may
As Yuletide days depart,
Leave a glow of everlasting joy
To linger in your heart.

—Poem and Greetings of your Worthy Matron and Worthy Patron.

As we are on the threshold of another yuletide season let us renew our faith in mankind and let us rededicate ourselves that great task of making this world a greater place in which we live and this year whatever we give let it be with genuine love and joy. In the spirit of Him whose birthday we are about to celebrate. Let it be a part of ourselves, for then the receiver and giver will be blest.

Our Past Matrons and Past Patrons night Nov. 1st was well attended. A delicious dinner preceded the meeting. The decorations in the chapter room were lovely. Large broken columns were behind each Star Points chair. A small broken column with a small white bible was on a pedestal in the East.

Dec. 6th will be a stated meeting all those having birthdays in December will be honored. Dec. 20th will be a stated meeting with a special Christmas program. The Officers will entertain the chapter after the meeting.

Do not forget our card party and Christmas bazaar December 13th. Let us all give our loyal support to the chapter and the Ways and Means committee.

What is Christmas?
It's a feeling . . .
Warm and friendly, kind and true.
It's a light that is rekindled
When the world is born anew.
Where is Christmas?
All around us . . .
Falling snowflakes, chiming bells,
In the pleasures that surround us
And within our hearts as well.
What is Christmas?
It's forever!
Just as long as men will show
Love and friendship and compassion,
Will the lights of Christmas glow.

Truth Court held its regular stated meeting on November 13th and welcomed the annual visit of our Grand Lecturer. Lucinda Sheafer of South Bend, Indiana is Grand Lecturer this year and everyone enjoyed her being here and are most grateful for her assistance in all ways. She was accompanied by her husband Eldon, who has many friends in our Court also; therefore a very enjoyable visit was had and friendships brightened by their smiles and hits of news from other Courts and friends about the state.

S.K. William Maxwell and S.K. Eldon Sheafer were our acting candidates and it was a pleasure to give degree work to these fine gentlemen, who are both sueh loyal members and willing to assist in any way at all times.

Our Grand Lecturer was presented with an Honorary Membership in Truth Court, along with her gift and R.P. Schuble Boggs then escorted her to the Altar to sign our Bible. A very lovely salad bar was arranged after the meeting and an enjoyable evening was had by all.

On October 9th Truth Court enjoyed their annual Friends Nite and welcomed friends both old and new. The court was beautifully decorated in the theme of red roses and later the tables upstairs were found to be attractively decorated with small flower plants of varlous fall variety. These were gifts from H.L. Audrey and S.K. Rodney Snook. We thank you gratefully for these as we thank you for all your help in many ways. The serving table was centered with red roses, white candles and the white dove, where a very good luncheon was served to our many guests before their departure.

It was a very fulfilling evening that began with a stated meeting. Our Royal Matron later turned the entertainmenn over to our Royal Patron, Schuble Boggs. S.K. Schuble did a tremendous job as always, by first presenting a tribute to our Flag, our fellow beings and our God. At this time S.K. Alfred Schell was escorted to the Altar S.K. Schuble then approached the altar and honored his friend of long standing, with a brief history of S.K. Schells Masonic life and presented S.K. Schell with a Personal gift, Masonie Bible. Miniature Bibles were then presented to each guest officer as they were introduced. D.D. Supreme Deputy Jeannette Hartsough of Indianapolis was Guest Royal Matron and S.K. Alfred Schell was Guest Royal Patron.

All Past Grand Royal Matrons and Past Grand Royal Patrons were escorted in a semi-circle and presented red rose corsages and boutonnieres. Eleven were present. G.R.M. Gerrie Boldt sang "The End Of A Perfect Day" as a very fitting close to a very wonderful and enjoyable Friends Night that will long he remembered. H.L. Wilma Binns in speaking for the Past Grands stated this was one of the most beautiful and most impressive Friends Night that she had ever attended. For this and all the nice things we have heard since; We are Proud, we are Happy and we are sincerely Grateful, to everyone that took part in making it a memorable evening. Our Royal Matron closed the meeting with a beautiful reflection — "As Charity is the golden chain that reaches from Heaven to earth; Our Friends are the golden links that reach around the world".

Official Visit of the Grand Royal Matron and Grand Royal Patron will be January 8, 1969. Everyone welcome — Dinner at 6:30.

Illness in court; Nettie Maxwell is at St. Joe Hospital extremely ill. Lucy Shedron is still quite ill at home. Cards will be appreciated by both. We sincerely wish them better health.

Have a wonderful Thanksgiving and see you all in December.

It seems impossible that I could be writing my last article for the Square and Compass because the time has gone so quickly. I'll never he able to give enough thanks to those people who have helped make my term a success. First of all there are three people who have helped me more than anyone else. They have been there when I had very difficult problems to solve and questions to answer. They have given me confidence when I have been depressed. Those people who have pulled me through all situations are my parents and my sister, Elizabeth. Thanks Mom, Dad and Liz for everything.

Next I would like to thank the DeMolay and Dad Arick for all of their kind services. Thank you Mr. and Mrs. Leiter for all your help. Last but not least, I would like to Thank the House Committee for our lovely room to meet in and for all their courtesies.

November 20 was our election. I would like to extend congratulations to the newly elected officers and remind everyone that the installation of the new officers will he on Dec. 20 at 7:30 p.m. on the fifth floor of the Masonic Temple.

The projects for last Month all went very well. On Nov. 16 we picked up a great deal of News Paper and had a lot of fun doing it! I'm not sure exactly how much we made on the paper drives this term but it is around $200, and I would like to thank all who donated as well as those who picked it up. My Church Sunday was Nov. 24. I would like to thank all of the girls and friends who came. I would also like to thank my Church and Dr. Siberal for letting us come and partieipate in the service.

As I look at my calendar for next month, I see our first meeting is on Dec. 4. This is Eastern Star and Dad's Night, so I hope the sidelines will be filled with Eastern Stars and Dads. At this mecting we will honor all members of Eastern Star and all dads of Job's Daughters. I'm looking forward to seeing many of you there. My last meeting is Dec. 18. This is the night when of my officers retire from their fices. This is also Majority Mem Night. I would like to take opportunity to invite all Ma Members to the meeting. All of Majority Members of Bethel No will be honored at this meeting.

Now as I look back and of all the fun I have had this I think about my motto "Do others as you would have others unto you". Many girls must practiced my motto, because I think of any hard feelings might have had. My Song, Impossible Dream" is another way to express my feelings. as though I have really experi an impossible dream. When I into Job's Daughters five years I conld have never dreamed that day I would be Honored Queen has meant a great deal to me I will never forget its teach Thank you once more from the tom of my heart, and may bless every one of you.

This month Mothers Club will held on Dec. 9 at 7:30 p.m. at home of Mrs. Gloria Heuer, Tacoma Avenue. We urge all mo of Job's Daughters to come.

Fellow Companioos: At our November 15 Stated meeting, we were sorry to hear of the death of Companion A. Lee Johns. He was the first Companioo to be elected to serve as High Priest of our Chapter. The year was 1927. May God give comfort to his family in this time of sorrow.

The all degree day at Huntington oo November 30 was a huge success. More days like that will give a big boost to York Rite Masonry. Thomas R. Marshall Chapter conferred the Past Master degree on all the candidates. Companioo Marvin Isley, Right Excelleot Graod Scribe of the Indiana Grand Chapter, took an active part in helping us to put oo this degree. It was indeed a pleasure to work with him. I wish to welcome Floyd Mettler into our Chapter. He is our newest Exalted Companion.

I wish to thank the membership of Thomas R. Marshall for the privilege of serving as your High Priest in 1968. This has been a rich and rewarding experience for me. If I have cootributed any good to our Chapter, much of the credit should be given to the fine support I had from P.H.P. Howard Carr and all of my line officers.

I hope to see a good turnout for our Annual Stated Meetiog. We will honor our Past High Priests and theo have the election and installation of a new corps of officers. We will eat dinner at 6:30 p.m. with the Actual Past Masters Association. No charge to you, because Thomas R. Marshall will pay for all Companions who are not members of the associatioo.

I will take this opportunity to wish all of you a Merry Christmas and a Happy and Prosperous New Year.

Happiness is a way statioo between too little — and too much.

Let us give to others every right that we claim for ourselves.

Brethren: My term as Master of New Haven Lodge is just about over and it bas definitely been a memorable year for me. I bave had wonderful cooperation from my officers and timely assistance from the past masters. I feel as though we have accomplished a great deal this past year and I know that next year will be even better. By the time you have read this article the new officers will bave been elected and performing their many tasks. I would like to take this opportunity to congratulate all of them on their new assignments and wish them all a very successful year ahead.

On October 30th we had a family night affair at the lodge and I was well pleased with the results. There was plenty to eat and everyone seemed to enjoy themselves. That was our last family get together fnr this year, but I hope not the last for the lodge.

November 18th was our regular scheduled visit to the Veteran's Hospital and probably one of our best attended ones. I have heard many comments from various people concerning the wonderful job we bave been doing in spreading fellowship and good cheer amnng the patients. Keep up tbe good work.

New Haven Lodge will celebrate the Feast of Saint John the Evangelist nn Friday evening, December 27th. There will be a supper at 6:30 p.m. and a guest speaker with a message to fit the occasion. Mark the date on your calendar and plan to attend as I am sure this will be an evening of fellowship and enjoyment for all.

If all goes well, and the ballot is clear, there will be Entered Apprentice work in December. I am sure the officers would welcome some side line attendance.

Again I want to thank everyone for allowing me the opportunity to serve as Master of New Haven Lodge for the past year. It has been a great experience for me and I appreciate all of the help and assistance I have had. Without this help and assistance I could bave occomplished very little.

See you in Lodge.

Brethren:

Before stepping down from Leo's East for the final time, I should like to take a moment to thank all the Brethren of our Lodge for helping to make my year a pleasant one. In particular I should like to thank my officers for the splendid cooperation they have given me throughout the year. Without a competent membership no Master could justly govern a Lodge; I have been more than fortunate in having such a fine group of assistants.

The Supreme Architect of the Universe has called Brothers: Herman A. Conrad and Ora E. Hoffman to the Celestial Lodge above. May the same fraternal tie which united us to these Brethren continue to bind us to their afflicted and bereaved families.

The "Square and Compass" has printed several articles about the "Ten for Ten" program since its start in late 1965. An increase in the hospital facilities at our Masonic Home is urgently needed. Your liberal contributions are appreciated and it helps you fullfill your obligation — to help poor distressed brethren, their widows and orphans.

The election of officers for the year 1969 will be held at the Stated Meeting December 5, 1968. A new Secretary will be elected for 1969. Watch the Square and Compass for his address.

Master Mason Degree will be conferred December 14, 1968. Lodge will open at 5:00 p.m. Entered Apprentice Degree will be conferred December 19, 1968. Lodge will open at 7:30 p.m. Past Masters Degree Day will be December 20, 1968 at the Masonic Temple in Fort Wayne.

Table Lodge Observance of the Feast of St. Jnhn the Evangelist will be December 27, 1968 at 6:30 p.m. in the lodge dining room with Harlan Lodge No. 296 our guests. Installation of officers will be December 30, 1968. Oyster Stew and Carry-in Potluck will be at 6:30 p.m. with installation following dinner at 7:30 p.m.

In elosing I wish to extend my congratulations to our new Master and Officers for tbe coming year. I know they will bave a splendid year. Remember, although I bave completed my year as Master, I bave no intention of losing interest in Leo Lodge, and will be enthusiastically supporting you from the sidellnes.

I just cannot find the words to express my appreciation for the response that was given to nur November 2 Fish Fry. I never expected sucb a turnout. We fried about fifty pounds of fish and had plenty of fish left over. Everyone bad all they wanted to eat, and even if I did help cook them, everyone said they were good and wanted to know wben we would have another one. Everything was donated, so every dollar was clear. As a result, our building fund really got off the ground. Yes. we caught all our own fish and we had the movie to prove it. This is the first time anything of this nature bas ever been attempted at Olive Branch and I am convinced that with this kind of response it will not be the last.

My deepest thanks to all wbo attended, and a special thanks to Cecil Gottschalk and Clarence Lybarger for their assistance in cooking and serving the dinner.

Our Seventeen Fund Club shows an increase of two new members. Welcome and tbank you, Brothers Albert Hiser and Herbert Jesse. It is rewarding to see your enthusiasm in this project.

The new property is now all clear and we have a free rein to go ahead with our plans. The Trustees have been requested to make their recommendations on the disposal of the buildings.

A building committee was also appointed to investigate the requirements, size of building, and approximate cost and submit their recommendations to the lodge as soon as time will permit. The members of this committee are Cecil Gottschalk, Chairman, Robert Mix, John Snarr, and Earl Hamrick.

Our Auditing Committee is Clarence Lybarger and William North. They will audit our books before our December meeting.

The December meeting will be our election of officers. All members are urged to attend. This is one of the most important meetings of the year and should be attended by all.

Our secretary asked me to remind you that our 1969 dues are now payable and that be would appreciate your promptness. Don't forget our Masonic Home and the Ten for Ten program.

Brethren: This is the last time that I will have the opportunity to address you as your Worshipful Master, and as this has been a very full and rewarding year, I knnw not where to begin. As I write this article, I have just returned from our Homecoming Banquet. The turnout of the Brothers and distinguished guests was far in excess of my greatest expectations. We were privileged to have as distinguished guests Illustrious Brothers, Samuel S. Geake, Arthur W. Rodemeyer, Josepb S. Anderson, Harvey A. Ault and William H. Schwartz who was the speaker for the evening.

After an excellent steak dinner, I had the privilege of presenting 25 year Silver pins to thirtcen deserving Brothers. Ill. Brother Harvey A. Ault, acting as a special Deputy of the Grand Lodge of the State of Indiana, presented Gold pins to Brothers Raymnnd Hendry and Raymond Goshorn. After which both Brothers shared some of their experiences which they bave had in the past fifty years as Masons. My congratulations to all these deserving Brotbers. It was indeed a privilege to be a part of this ceremony whicb I hope they will remember as I know I will.

Ill. Brother William H. Schwartz took over at this point and proceeded to complete an evening whicb I, as Worshipful Master, will never forget. The text of the Ill. Brother Schwartz's speech was, Are We As Masons All That We Think We Are —And If Not—How Can We Fulfill These Duties and Obligations. I know that a great many Brothers did as I did, sat back and made a more thorough analysis of themselves. I only wish that all of these Brothers of Ossian Lodge could bave heard this inspiring speech.

By the time you read this issue, the election of officers for 1964 will have been held, please give your support to your new Worshipful Master and his Officers as you did to me throughout the past year. It is only through this fraternal cooperation that Free Masonry will survivc and flourish.

On December 16, we will have our children's Christmas party, witb Dick Stoner supplying the entertainment.

On Decemher 27, Ossian Lodge and Bluffton Lodge 145 will jointly participate in a Table Lodge in a celebration of St. John's Day. I would like to see as many Brothers present at Bluffton as possible.

It is the intention at this time to have the installation of 1969 Officers January 4, 1969. I'm sure that many of the Brothers will w... attend. The installation will ... companied by the traditional ... and chili dinner.

Master should put his heart into work. If his attitude is one of his job only because he has e result will be a cold, empty, hetic Lodge. If on the other he attacks his work with energy interest then his Lodge will life and vigor, for enthusiasm ntagious. If the Master goes of his way to make all feel at e by being cordial and friendly member and visitor alike, then Lodge will gain a reputation for rship. Like so many other things, character and tone of a Lodge t by the actions of its Worshipful er.

he Master should not be shy, or backward. He should not behind his pedestal, but he ld be upright and confident. He d not besitate, nor make ex- , nor offer long explanations for actions. He should have authority the tone of his voice and in the of his gavel. Order and har- y will prevail for the good of the Fraternity, if the Master will act like a leader.

The operative Master of old could not set his craft to work and give them instructions for their labors without a comprebensive and detailed plan for the erection of a building. The Master of today has but one year in which to build a speculative cathedral. Well before taking office be should study the needs and wants of his Lodge and seek consultation from knowledgable Past Masters. Then, with his goals set, he should make plans on how best to achieve them. If possible, these aims should be announced to the Lodge along with a time table for their completion. Responsibilities should be delegated to carefully selected committees and it should be made clear to them that their progress will be checked. The "same old crowd" shouldn't be always drawn upon for committee membership. That capable but "bored with idleness" Brother should be challenged before he slips away, rarely to be seen again.

The Master should be a leader in seeing to it that appointments to tbe line are made with careful consideration. Poor appointments breed more poor appointments. Mediocrity feeds upon mediocrity. Look for quality. Sights sbould be set high. Brethren with proven talents for leadersbip should be sought out. An appointment to the line should never be regarded as a reward for tbe good and faithful; it should come only to those who will provide real leadership from tbo East.

And so to the prospective Worshipful Master I would say, when the gavel is handed to you, be prepared for it. Look like a leader. Act like a leader, and bave a clear set of objectives. You will then be a Master in fact as well as in name.

— The Indiana Freemason

HEADS UP!

Astronomers have been making some pretty startling guesses as to the age and extent of the universe. It is far older than they realized, and a thousand times bigger. They think now that it is at least ten billion years old, and that some of its stars are five billion trillion miles away!

We ought not to let ourselves be overwhelmed by such figures, nor should we be underwhelmed by them. We should not throw up our mental hands and refuse even to think about such things. On the contrary, we should be impressed anew by the scope of the Master Intelligence that has created all this. We should realize more deeply than ever that however tiny our world is, measured in such terms, and however infinitesimal we human beings on it may seem, there must be some good reason for our being here. We can only speculate on what it is, but is it not likely that purpose is to give the human race an opportunity to develop, to improve, to become? If so, each of us fits into the eternal picture. Each of us has a part to play. We ought to make up our minds to play it well, and with confidence and self-respect, so that when the time comes for us to move on we can leave with our heads up.

The Little Gazette

"That They May See." A Great Humanitarian Charity

Among the many humanitarian efforts in our midst today is one which operates in relative obscurity. In a day when men seem to be bent on destroying each other, tho oldest organization actively promoting the idea of the brotherbood of man, Freemasonry, tbrough one of its allied orders, is the sponsor of this effort. This is to introduce the Knights Templar Eye Foundation, Inc., sponsored by the some 400,000 Freemasons who belong to the Grand Encampment of Knights Templar of the United States of America. Its purpose is to promote and assist in research, surgical treatment, and hospitalization for diseases or injuries of the eye to prevent blindness, and for the correction of Strabismus-Cross Eyes in children up to 16 years of age, for those who are unable to pay for such services. This assistance is for all, regardless of race, creed, sex, age or national origin. To date, this non-profit Foundation has expended more than $500,000 for research in pathology and over $3,000,000 for surgery and hospitalization.

It is not necessary that one be a Knight Templar, a Mason, or a member of a Masonic-Allied organization to be proud of, benefit by, or share in what has been accomplished by the Knights Templar Eye Foundation, Inc., in the relative few years it has been in existence. No appeal is made to the general public for funds, bence no solicitors, or collectors of funds are employed and no money is thus paid out in fees, percentages, or commissions. Finances are derived from the following sources: fixed annual contributions from each Knight Templar in the United States; life sponsors (any Knight Templar becomes a life sponsor on contributions of $30.00 to this fund); patrons (any individual, Masonic or Masonically Allied Organization contributing $100.00); endowment fund — this consists of bequests, devises, and charitable contributions which are specifically restricted to their use; wills and bequests; and Commandery Fund Raising.

All applicants for the services rendered by the Knights Templar Eye Foundation, Inc., are required to fill out a set of forms, including one from their attending ophthalmologist. These forms are obtainable upon request from the local Commandery of Knights Templar or from the office of the Knights Templar Eye Foundation, Inc., P. O. Box 191, Rhinebeck, New York 12572. Approximately seven thousand applications have been processed to date. Some 95 per cent of those applying for assistance have qualified and received. All this without a long wait. This Foundation is dedicated to the preservation of sight and is truly a Great Humanitarian Charity.

Determining The Size of a Man

What is the size of a man? Is it how he stands above the ground or the width of his sboulders? Is it the weight he balances on a scale or tbe area of bis shadow? Materially speaking, these are the physical dimensions of a man, but they do not delineate the man within.

Goodness of heart and generosity are not restricted to the physical features of a man. Understanding and tolerance may extend far beyond external appearances, or may be tightly squeezed into a remote and seldom opened chamber of the mind.

Consideration of others before consideration of self, sacrifice of pride to show others the way into harmony, and the manifestation of brotherly love instead of speaking empty words about it are measurements of the man within.

Tbe small man within must always be right because any concession would reduce further his smallness, but the big man within has so much consideration, understanding, tolerance, generosity, and goodness of heart that can grant concession without loss to himself, in fact each concession that he grants makes him a still bigger man within.

No, it is not the physical dimensions of a man that determines his real size. It is the image that a man creates in the eyes of his brothers that determines his true size.

As Masons we live and act according to the dictates of our inner selves. Let us re-examine our Masonic deeds and estimate the size of the man within and tho image we create in tbe eyes of our Brothers.

A Letter of Appreciation

Since this is my first experience as a patient in the Veterans Administration Hospital I am learning very much. I have found the Doctors, Nurses and every one else to be very efficient, the equipment is of the very best as far as I can see.

But the most astonishing thing to me is the interest taken in the welfare of the patients by the various organizations of this vicinity. I am not going to try to name all of them, but will take the Scottish Rite Choir, sponsored by the Masonic Service Association as an example. Thursday evening, Oct. 31st the Scottish Rite Choir furnished the entertainment. They did a very good job. The thing that amazed me was this: some of the members live outside of Fort Wayne. They have to drive considerable distance both for rehearsals and engagements. All of them, both in Fort Wayne and out of town, give up their evenings that could be spent in so many different ways. They "HAVE" to be dedicated people and also very unselfish. I believe I can speak for all patients. Everyone I have talked to was very pleased to know the Veterans of all Wars are not forgotten.

This thing that they have done may seem a small thing to some people, but to us it is of tbe utmost magnitude.

THANKS TO THEM
Waldo E. Grimm,
Garrett, Indiana

Greetings Brethren from your new Worshipful Master. As you read this article another installation of officers will be history as another new slate of officers will bave been installed.

As this is my first writing I would like to take this opportunity to say tbat it makes one feel very very proud to have been selected to serve as Master of a Lodge such as this one. When you think that a membership the size of Sol D. Bayless and the caliber of men that have served as Masters and that you have been selected to join this rank of very fine men, you have a feeling that words cannot express. I only bope that during the year 1969 I can prove myself worthy of one of the highest honors that can be bestowed upon a Free and Accepted Mason.

Congratulations to the following Brethren for accepting their election or appointment to the line for 1969: Robert I. Holmberg, Senior Warden; Raymond J. Davis, Junior Warden; Howard J. Anderson, Treasurer; Arthur C. Slane, Secretary; William H. Hardy, Jr., Senior Deacon; George J. Correa, Junior Deacon; Roger W. Shafer, Senior Steward; Karl E. Reid, Junior Steward; Robert C. Waldo, Chaplain; Fred R. Knapp, Tyler; James R. Pocock, Organist. The trustees are Past Masters Ralph K. Sparks, Delmar J. Proctor, and Max L. Poorman.

Thanks to brother James A. Timmons, Past Master, for giving me the privilege of serving as Master of this lodge by appointing me to the line of officers and for being my installing officer. Also, thanks to Past Masters Clayton L. Herrick, Marshall, and Ercil C. Steward, Chaplain, for their part in the installation. A very special thanks to my wife and family for allowing me tbese years of their time and for the fine reception which tbey provided.

Congratulations for a fine year to our now Past Master Dale Brown. I bave known Dale many years through church work but serving as his Senior Warden bas been a rewarding experience for me.

We welcome our three new Master Masons who were raised to the sublime degree December 23: Brothers John H. Kepler, Cbarles N. Knox, and Beryl A. Lantz.

Brethren, we are in for a very busy January. Our stated meeting is January 6; Entered Apprentice, January 13; Fellowcraft, January 20; and Master Mason, January 27. We bave four petitions being investigated for this month. On January 11, your Worshipful Master along with the Wardens and Secretary will travel to Indianapolis for the seventh annual Founders Day convocation.

Saturday, February 22, will be our dinner dance. I know you will want to get this date on your calendar. More on this next month.

Brothers Robert H. Keller, Herbert C. Lemmel, and Edward M. Arnold have been summoned by the Grand Master of the Universe to the Celestial Lodge above. We extend to the family and friends our sincere sympathy, and may the ties that bound us to our brothers continue to unite to their families and loved ones.

Brother Harold Henry was in the bospital this past month for observation. We bope tbat Harold is home and back in the swing of things.

I hope that many of you that have not been able to find your way back to lodge for a while will do so. I am sure you will be impressed with the fine ritualistic work by your officers, the faithful attending brethren, and the Past Masters. Perbaps you could find a part you would like to take in the lodge. If so, all you need do is notify one of the officers and he will see to it that you get your wish. Over the years I have heard many times the statement "I don't think I could even get in lodge." Brethren, may I inform you that all that is needed is a paid up dues card.

Most of us know that January is inventory month for most business houses. I think at this point Masonry could be considered a business. I believe that we should each conduct our own inventory of what our Masonry is meaning to us other than advertising the fact tbat we are Masons. Advertising with nothing to offer to the lodge I consider false advertising. I honestly believe that if each of us would inventory our lives we would find many ways in which we could become better informed Master Masons and more reasons why we should be qualified to travel and work as one. I ask you Brethren, will you be conducting your Masonic inventory along with your new Worshipful Master? I bope you will! See you in lodge!

Brethren: Another year is upon us. 1969 is here, and to us who grow older witb each passing year they seem to come with increasing tempo. We tend to look backward to the Dear old days beyond recall rather than forward to the opportunities that are before us. The past is prologue, Brethren, so let us proceed with the things at hand.

First I want to express to each of you, on behalf of myself and the officers of your lodge, warm felicitations and hope that each of you enjoy a Happy and Prosperous year.

The officers for the year 1969 are as follows — Senior Warden, Carlos C. Porter; Junior Warden, Richard E. Barkley; Senior Deacon, Richard Stresser; Junior Deacon, Ned E. Yingst; Senior Steward, Max E. Zimmerman Jr.; Junior Steward, Robert (Keith) Webner; Chaplain, Richard Friddle; Secretary, James W. Lucas; Treasurer, Herman H. Rausch; Tyler, Robert L. Dawkins.

With the above officers and all of the competent Brothers who are heading up our different committees working together in harmony we can go but one way — forward. I would like to express my grateful appreciation to all of those faithful members of the Craft who were always on hand and ready to belp us witb the Master Mason Degree during the year 1968. We will pay tribute to them during this year.

We will have more on our plans for this year in the next issue of Square and Compass. We have a busy year ahead of us.

As some of you are aware our Lodge in the year 1970 will be 100 years old. Plans are already being made for this event wbich will be celebrated in November of 1970. Brother James Peters is general chairman of the Planning Committee.

The Most Worshipful Grand Master will be here to celebrate with us along with as many of the other Grand Lodge officers as will be able to come.

Brother James Farrar is already busy on the History of our Lodge and could use a lot of help. We will keep the Craft informed on the progress we are making.

I am bumbly grateful for the confidence my Brothers bave reposed in me in electing me Master of this Lodge, and I believe I can speak for all of the officers when I say that, though we may on occasion, we will do our be to merit that confidence.

As we enter upon a new year, we must abolish pessimism and look forward to that great light, for our trust is in God, and truly goodness and mercy will surely be our treasure to enjoy. I am deeply grateful for the privilege of serving as your master for the coming year. As I reflect on the years coming up through the line, I realize I have learned but little, and as I look forward, I pray I may have the wisdom to guide our Lodge to the glory of the Grand Architect of the Universe. It gives me great pleasure to know that I will have as trustee, our Past Master Jim Bolyard, who appointed me to the line. Jim's counsel and ready assistance in all things will be a timely crutch for a neophyte master. Jim was elected to the Trustee position, which was vacated by the deatb of our dearly beloved Past Master Bill Gingher, and which would have been up for election tbis year. Our highly competent holdover Trustees are Shirley Scholer and Herb Foreman. Our Secretary, Dick English, and Treasurer, Fred Raake have consented to serve another year, and with assistance from these brothers, my task should be an easy one. Otber elected officers are Senior Warden, Bob Nickerson, and Junior Warden Rhys Cook. Junior officers appointed are: SD Charles Taylor, JD Grover Scott, SS Tony Dunbam, JS Frank Dales, and Chaplain John Levick.

I believe we have a well balanced group who will be able to present the degree work in the true Maumee tradition.

Our Fellowcraft Club will again be co-chaired by Hal Longsworth and Bob Moore. Immediate Past Master Bob Mathisen has consented to be ritualistic Adviser and Liaison officer. We have planned at least two visitations to other lodges this year, and we are currently working on the details. We will establish a calling committee for the club, and if you would like to be a part of this fine group, give your name to one of the officers and we will be pleased to bave you. We have also established a calling committee for funerals, and will contact approximately 65 members for each service. If you are not on this list, but would like to be notified, give your name to one of the officers.

Embarking upon the duties of Master, is almost enough to overwbelm the one you have honored to serve you during this year 1969. The response of the craft and especially the Past Masters to committee assignments has been most gratifying.

The annual meeting and election on December 5 was well attended. Awards of gold were presented to brothers Adolph H. Welker, Clarence Aiken, and Otto Makey by Orvis Dellinger, P.G.M. acting on behalf of the Grand Lodge. Brother John A. Hansen was also eligible for the award, but being in Florida, will be presented the award there.

Elections resulted in Dr. I. A. Planck being elected Master; Donald Marvel, S.W.; William Doctor, J.W.; Nile Hake, Treasurer; Bernard Smith, Secretary; Wayde D. Cleckner, Trustee. Appointed officers are: F. Nathan Roembke, S.D.; William J. Alfen, J.D.; William C. Branstrator, S.S.; Robert J. Koerber, J.S.; Malcolm W. Kestner, Chaplain. The officers were installed on January 1, 1969 in a public ceremony.

Founders Day will be observed in Indianapolis on January 11; Veterans Hospital visitation on January 13. A Masonic Education Night will be beld on January 30 at 7:30 followed by refreshments.

Plans are being made to honor our Past Masters on March 27. A night to entertain our ladies is planned for May 17th. Please mark the dates on your calendar and plan to be present.

Our sincere sympathy is extended to those who are in sorrow, and prayers for a speedy recovery of those who are ill.

Brother Jim Pollos retired as Tyler on January 1, and this important post needs to be filled soon. Brother Jim served for 10 years, and we bope he will attend lodge as often as he is able.

This is the 120th anniversary of the chartering of our Lodge. On May 29 the Lodge will observe this event with a Charter Night. Watcb for further developments.

Seasons Greetings Brethren:

Another New Year has come and with it another Master Elect takes pen in hand and tries to express his gratitude to the brethren for the confidence they have shown in him.

Were it not for the good wishes of many of the Brethren, the timely advice of many Past Masters and the knowledge that God will help us through a rigorous year, I might well shirk from accepting the demanding duties as Master of Waynedale Lodge, but with the fine slate of officers for the ensuing year I know the job will be easier. I will do my best to live up to your expectations. Thank you for your confidence.

My best wishes and congratulations go to the following officers for 1969:

S.W. John C. Conahon, J.W. Clifton Hugh Bassett, Sec. Shockley Lockridge, Treas. T. Mack Fehman, S.D. Thomas B. Woodward, J.D. John E. LoVerde, S.S. James K. Lucas, J.S. Michael W. Heaston, Chap. Richard E. Krinn, Tyler Leroy G. Vulgamatt, Trustee 1969-70-71 Bill K. Winans, Trustee 1969-70 Wayne T. Mitchell, Trustee 1969 John R. Capin.

Congratulations to P.M. Richard C. Fisher for a fine job in 1968. The Lodge will certainly notice a large void in 1969 as you follow your vocation to Nevada. Best wishes to you and your family on your new venture.

Many thanks to Richard Fisher and his Finance Committee for the building fund and Bill Winans and his Building Committee. Both committees, with help of other brethren, did a fine job in 1968. They have given us a solid foundation to build on in 1969. Thanks to all who helped.

Work starts early in 1969. Installation of officers will be January 1, at 6:30 p.m. Honorary member Ernest Earhart officiating. Our stated meeting will follow at 8:00 o'clock, with the possibility of work on the next three Wednesdays. On Saturday, Jan. 11, your Master, Senior Warden, Junior Warden, and Secretary plan to travel to Indianapolis to attend the annual Founders Day Program. Plan now to attend the February stated meeting for a report.

Your Secretary has been busy accepting 1969 dues and donations for the 10 for 10 program. Let's all do our part in this program and make our Lodge 100% this year. The small sum of $5.20 a year is such a small amount to buy so much happiness and security for our needy "Masonic Friends", that every brother should feel it a privilege to be asked to contribute to such a fine program.

In closing, let me again thank you for the honor and opportunity to serve you as Master of Waynedale Lodge for 1969. I wish every member and his family a very prosperous and happy New Year!

'Tis time, 'tis time for 1969! A whole new year so full of time, that Father Time of '68 took one last look — then met his fate! ('Twill be my fate, too, if I don't get on with this here epistle and forget the rhymes').

The Season of Advent has come and gone, but it has been a refreshing celebration of rekindling the light which does so shine through out the world. Those of us in White Shrine should strive to always keep that light aglow.

The light of that Star which shone so brilliantly so long ago and the tableau of our Savior's birth portrayed by the officers during the Ceremonial in December surely inspire one to strive for better brotherly love.

And the Order of DeMolay are striving to do just that during the coming of their 50th Anniversary Year. We extend to them congratulations and wish them success in their efforts during the Commemoration. Remember Faith Shrine was honored to have as one of its Sojourners an honored "Dad" — Harry Riethmiller.

The challenge of the New Year brings forth the idea that maybe it's to be The Men's Year, for with a new President at the helm, who knows what statesmen and educators may offer?

The men of Faith, under the direction of our Watchman of Shepherds, are busily plannnig a night for us on January 10. Mueh is due them for our heritage of Masonry and an invitation to attend is extended you.

Speaking of men — are they and you all helping State Association Sponsor, Arthur Edwards, to spread the word about White Shrine? Remember — dis is de year — here cum de judge!!

Annudder way to tell dis is de year is that all those sages of yesteryears are extended a special invitation to attend our meeting on January 24 when the Wisemen are to be honored. Come join the "judges" on the side-benches and judge fer yerself the stories they tell. The program "House Not Made with Hands" courtesy of the Indiana Grand Lodge. Santa may even have left a spare sugar plum or two for your enjoyment.

Then just a week later — All Sojourners and friends get their chance to mingle. Know where? Why at the coming Card Party, of course. It's to be in the Glenbrook Community Center on January 30 at 7:30 p.m. Sojourners Velma Freeze and Evelyn Hanes are co-chairmen and donations of $1.00 can be made to them or the Ways and Means Committee.

The Sunshine Committee reports all shut-ins were remembered in December. The shut-ins sent their Best Wishes to us — now, will you remember to call on them? Illness in Shrine: Tama Christopher in Lutheran Hospital for tests; Carmen Gardt was also confined a few days and is back to work. Many Sojourners have had the flu but Velma Freeze had more than one bout with it. Hope all are well now. Sojourner Chloey Lee is still confined at home, but improving. Betty Scott is confined at home. Soj. Pearl Geiger has been moved to the Roanoke Nursing Home.

Illness in Family: The brother of Violet Parent is a hospital patient.

Soj. Verna Smith has a granddaughter.

THE NEW YEAR

The year 1969 like a book lies before you,
On its cover two words, "My Life," you see.
You open the covers and look between —
Each page is empty, no words can be seen.
For you are the writer, you hold the pen,
That'll fill these pages to be read by men.

Just what kind of book will your book be?
Your life written there for others to see.
Each day a page written, one by one-
Will it be worthwhile when finished and done?
Lord, help us keep these pages clean and fair
By living the life you'd have written there.

Our Christmas activities are behind us but will be long remembered in our hearts. The fine fellowship was really something.

The Shrine Officers party was at Hall's Smorgasbord Restaurant Dec. 14th, and the Past Officers their Christmas Party and exchange at the home of Soj. and Erma White on Sunday Dec. 29,

As the Christmas Season has now
so rapidly slipped into just memories,
tbe ornaments and beautiful decor-
ations all packed away, wouldn't you
just like to keep Christmas always!
Yes, it can be for always, if we only
remember the teachings of our beau-
tiful order and as the New Year
opens a-new for each of us, only
remember that our fellow men are
just as real as we are and try to
look behind their faces to their bearts
—they too are hungry for joy. We
must all close our books of com-
plaints against the management of
our universe and look for places to
sow our seeds of happiness. In so
doing, Christmas has been real and
lasting instead of only a card now
filed away in a box. May this New
Year be the Best Ever!

A sincere 'thanks' to Choir for
their presentation of "Choir Mem-
ories". It was truly enjoyed by every-
one present. Then Santa's visit to
Chapter and the presentation of the
Flag to Our Chapter by Brother
Clayton and Sister Helen Herrick is
so deeply appreciated by each and
every member. A great big 'thanks'
again.

Our first meeting in January is
the night set aside as 'Muncie Night'.
We do hope the weatherman is good
to us and everyone can come out
for a night of good fellowship.

Our second meeting in January
is 'Men's Night' with brother Bob
Biedenweg in charge. Just a little
reminder to all our men — see broth-
er Bob Waldo or brother Owen
Arnos and help them on this special
night.

A bright new year, a promised dawn,
Ring new year bells, ring on, ring on!

OPPORTUNITY IN EACH NEW DAY

Life is a journey and not a home; a road, not a city of babitation. And the enjoyments and blessings we have along the way are but little inns on the roadside where we may be refresbed for a moment, that we may with new strength press on to the goal.

You will meet today ten men or women; perbaps twenty, or perhaps a bundred. Every one of them will have his or her day brightened or darkened by the tone and manner of your greeting. You can put a little more spring into the step and a little more joy into the beart of every one of them by a cheerful salutation.

Every worthwhile accomplisbment, big or little, has its stages of drudgery and triumph; a beginning, a struggle, and a victory.

A few wise friends with whom to counsel, a few good books to read and absorb, and with courage and faith we are well equipped for the facing of life's difficulties and disappointments, as well as its pleasures and successes.

Lives are made of chapters. After one is written it cannot be revised, but we can write a new chapter with each new day.

Indian Museum Enhances New Eagle Creek Park

A vast new recreation area is being developed at Eagle Creek Reservoir in northwestern Marion County. Enhancing the park — which is a part of the extensive Marion County recreation system — is the Museum of American Heritage recently established hy the Foundation of North American Indian Culture.

The project was launched at an all-continent meeting of Indian leaders at Bismarck, North Dakota. Numerous states offered themselves as sites for the museum hut Indiana won. At first the project was assigned to Vernon, in southeastern Indiana. Then the Marion County Metropolitan Park Department offered a lease of 35 acres at new Eagle Creek Park, and so the museum was opened there in October, 1967.

The new Eagle Creek Park will include 1,300 acres of water in its total of 2,600 acres. It is planned to be in full use hy 1970 with some facilities availahle in 1969.

This park is separate and apart from the proposed State Park farther north up Eagle Creek in Boone County.

The temporary site is at 6040 Delong Road, which is northwest of the 56th Street interchange of Interstate Highway 465, and south of the 71st Street interchange. Approaches to the Museum are well-marked.

In a few years, if present plans materialize the Museum will he housed in larger and permanent quarters overlooking the headwaters of the Reservoir nearer to the 71st Street interchange.

This scenic and hilly part of Marion County was formerly a property of J. K. Lilly, Indianapolis philantropist and manufacturer. Adjoining the Park is a rapidly developing forest reserve. The entire project, including the Indian Museum, is the sort of local recreation and educational effort which is enthusiastically encouraged hy the Indiana Department of Natural Resources.

Prehistoric Indiana was the crossroads of nomadic wanderings of the Mound Builders, and more recently of Eastern Woodland Indians. The new Museum includes exhihits and depictions of the four major geographical Indian cultures existing when the American colonies were established. These were the Eastern Woodland, Plains, Southwestern and Northwest Coast.

Outside the Museum huilding are wigwams and totem poles that are popular with the many school groups which flock there from 10 a.m. to 5 p.m. daily except Mondays. Inside are seven rooms full of Indian ohjects and exhihits.

Eskimo life and Arctic culture are explained hy the guides and depicted by a Walt Disney film as visitors sit in front of an authentic Cheyenne teepee. Then the tour includes an 18-foot hirchhark canoe, more than 100 years old, and a male mannequin dressed from head to foot in the garh of the Indians as the early Hoosier settlers found them.

Included in the Eastern Woodland display is the beaded vest of Chief Pokagon, the Pottawatomi Chief from whom Pokagon State Park in Steuhen County was named.

The tours progress through explanations and exhihits of the other Indian cultures, ending in a room filled with unusual artifacts that represent Indian life in Indiana from the prehistoric era of the mound huilders until the early 19th century.

The exhihits of relics are unusual in that they are classified hy age cultures instead of hy categories, such as war clubs, arrow heads, etc. They serve to remind visitors — who already are coming from all parts of the world — that the Indiana Department of Natural Resources outdoor recreation system includes Mounds State Park near Anderson and Angel Mounds State Memorial east of Evansville.

James H. Lawton, who grew up at South Bend and then lived in the Southwest where he became an expert on Indian history, is Executive Director of the Museum of Indian Heritage. He is presently assisted hy members of his energetic and well-informed family.

When the new Museum is established about 1½ miles north of the present operation, the center will include two Indian villages (Eastern Woodland and Plaines), an amphi theater for outdoor demonstrations, and the most extensive Indian collection in the world.

The Museum was originally proposed hy the late Judge Frank B. Zahn, a leader of the Upper Yankton Sioux at Bismarck, N. D. Zahn's father was a native of Marshall County, Indiana, who became an Indian agent among the Sioux after serving with General George Custer's fmous U. S. 7th Cavalry. Judge Zahn lived to see his project formally indorsed in 1963 hy the National Congress of American Indians.

The Foundation is a nonprofit educational corporation. Many of its exhihits are on loan from private donors or such institutions as Culver Military Academy.

There are other Indian Museums in New York and the Southwest. The one in Hoosierland's Marion County is the only one in the Midwest.

Tour guides gear their talks to the age level of their visitors. Thus kindergarten and elementary school groups receive hasic presentations. The older groups get more advanced information. Questions are encouraged, whether from the young children or from well-versed adults.

It is possihle under one roof to study archaeological discoveries covering the Hopewell-Adena mound huilder age as far hack as 500 B.C. to modern handicraft work hy Indians living on reservations today.

Among the 12,000 visitors who already have come to the Museum are numerous Indians and the descendants of Indians. They express particular pleasure that their race has heen thus recognized — and what could he a more fitting location than on Eagle Creek near Indianapolis, Indiana!

It is possihle to huy Indian-made products at the Museum's gift shop. They are hand-produced and authentically designed. None of the historical exhihits, however, are for sale.

The response already indicates that this may become a major yearround Hoosier tourist attraction. Meanwhile, it is within motoring distance of every Hoosier family. When the new Eagle Creek County Park is in operation the Museum will he even more widely known.

The Worshipful Master surprised everyone by presenting Clarence Lyharger with a "Seventeen Fund Club" combination tie-tac — lapel pin. The pin has a gold seventeen with a gold circle on a hlack background mounted on a clear plastic disc, and presents quite a unique conversation piece. This pin will he presented to all Seventeen Club members when time permits. It was designed and engraved by your Worshipful Master with assistance from Jim Irwin and they are prepared to make a thousand or more of them if oeeded.

Our lodge has elected me to serve as your Worshipful Master again for another year. To me this is a vote of confidence and I shall continue to do the best I cao for the interest of our lodge. Olive Branch is moving forward and I am going to soap the skids and push a little harder and I expect a lot of help from all of you. I am not going to let op until I see a new building on the horizon. We can and will do it. Let us see if we can have a better attendance in this new year.

We have a oew petition to work on and I hope this is a new beginning.

Do not forget installation of officers January 4, and also our stated meetings are still on the second Thursday of each month.

In All Walks of Life

There is one virtue which no man or woman in the business world should neglect to cultivate. It is graciousness.

A service rendered with graciousness is magnified to the persoo served until it seems — as indeed it is — a far greater service. Graciousness isn't todayism; it isn't fawning upon superiors and condescending to inferiors.

True graciousness is not an assumed thing put on and laid off like a garment. It is a trait of character which grows as it is cultivated. It is courtesy, kindness, helpfulness, understanding.

Be gracious always — becanse It is an attribote to gentlemen and gentlewomen everywhere.

And, If that is not reason enough, then be gracious because it pays.

STRANGERS

A wise man has said: "[illegible] the tragedy of our race — not men are poor, all men know thing of poverty; not that men wicked, who can claim to be not that men are ignorant, who boast that he is wise — but men are strangers."

One of the finest tenets of masonry, taught in every line of rituals, found in every precept the Crafts, and constituting the fundamental principles of fraternity, is that men should each other and cease to be Thus Freemasonry seeks to ciliate true friendship among who might otherwise have at a perpetual distance."

Yet we may attach a deeper cance to men really knowing another than is to be found in quaintances, and value them as and brothers, yet they are to us unless we are in time with ideals, their aspirations and views — not necessarily in with them, hut with a broad sympathetic tolerance and respect their viewpoints. More than tolerance is required — to know man we must be ahle to see eyes, judge with his heart and and respect his views as we own.

Here lies the factor that keeps strangers to each other. Whether in business, religion, politics any of the varied activities of we find it difficult to concede others what we demand for ourselves the right to exercise freedom thought and action. Nations in war, races persecute each religions condemn each other individuals quarrel because they not know each other. We determine in our own minds what is right what is wrong and then seek to our conclusions upon our fellow creatures.

This is a mission of the institution of Freemasonry — to make know each other, understand, and sympathize with their fellow creatures and to grant to all right of self-determination and liberty of conscience.

Seventeen Fund Club Has Own Pin

Almost one hundred and ten years ago seventeen men with a deep love for the craft and an eye on the future organized Olive Branch Lodge No. 248 F. & A.M. at Middletown, Indiana. Middletown was a point approximately half-way between Fort Wayne and Decatur and was located about one quarter mile south of the junction of 27 and Poe-Hoagland Roads.

In the year 1890, thirty-one years later, a different seventeen men petitioned Grand Lodge and received approval to move Olive Branch Lodge to Williamsport, Indiana. The name of Williamsport was later changed to Poe.

Last year a new building fund drive was started at Olive Branch and it was decided to give it the name of "Seventeen Fund Club" to commemorate and honor these two groups of seventeen that have played such an important part in the history of Olive Branch.

In reading back through the years by way of old records and minutes this history began to unfold. One thing in particular had been noted; on numerous occasions the number seventeen has appeared. This is another reason why we decided to name our new club "Seventeen Fund Club." Please note that there are also seventeen letters in the name. How do you join? It is very easy. All you have to do is donate one hundred dollars or more to the building fund and you are a member.

This is not an honor reserved for Olive Branch members only — it is open to all generous persons who desire affiliation.

A club like this must have a pin. A search was made for a suitable pin, but none could be found so the Worshipful Master designed and engraved the pins himself. The pin is a gold seventeen in bold relief within a gold circle on a black background and mounted upon a clear plastic disc. The pin is designed to be used as a lapel pin or tie tac, is unique, and presents quite a conversation piece. The pin is presented to all new "Seventeen Fund Club" members as soon as time permits. The Worshipful Master claims he is prepared to make a thousand or more of these pins if necessary.

Please send all contributions to Lloyd C. Brown, P. O. Box 31, Hoagland, Indiana 46745.

The Bridge of Memory

The way back home's not half as far
As it may seem to be,
For time and distance disappear
On the bridge of memory.

It spans the years with happiness
Recalled from bygone days,
The joys and dreams a family shares
In many special ways.

This bridge is built from carefree hours
From warmth and comfort too,
A mother's love, a father's strength
That last a lifetime through.

It links the past to present
With laughter, songs and smiles.
Yes, home is just a thought away.
When memories bridge the mile.

Masonry's Place In The World

A study of the purposes and goals of Masonry will reveal Masonry's place in the world.

Hundreds of books have been written on George Washington and only a few perhaps mention anything about Washington as a Mason. It cannot be denied, however, that Masonry's place in the world is made known through the life and deeds of Washington.

The works of great composers may not always point directly to Masonry's place in the world. But when the compositions of a Mozart include Masonic thought and feeling, there is no question of Masonry's place in the world.

The poems of Robert Burns may not reveal Masonry to the non-Mason. But a study of the part that Masonry and Masons had in the life of Burns, tells the place that Masonry has in the world.

The lives of Masons are marked with the signature of honesty and integrity. This vast body of men create Masonry's place in the world. The place that Masonry has in the world is not established on numerical strength. It has no place based on political or military strength. It cannot boast of power through wealth.

Masonry's place in the world is the place where the influence of the individual Mason is brought to bear on the side of right, on the side of freedom, on the side of righteousness, on the side of morality, on the side of humanity.

A few weeks ago one of the newer members of our fraternity stated that one of the main reasons assigned by the opponents of Masonry for their antagonism is the alleged secrecy of the institution, and be asked me to give him the reason why Masonry, whose purposes are of the very best, should place so mucb empbasis on the principle of secrecy. It is a curious fact that most of this opposition comes from the atheist on the one band and certain Christian denominations on the other. It was an atheist who said, "I am of the opinion that nothing useful to be known should be made a secret, and the mere profession of baving such a secret is a vice."

On the other band, a churchman once said, "Secrecy has well-nigh become a synonym of evil. Men rarely move secretly when their object is good." Often the following Biblical passages have been quoted as proof that Christ was opposed to secrecy: Matt. 10:26-27; Matt. 5:14-16; John 18:20. That such arguments could be advanced at all sbows that there is a fundamental misconception of the Masonic principle of secrecy. They erroneously assume first, that secrecy is in itself a vice; that nothing wbich is not to be kept a secret; third, that condemns secrecy under all stances.

It is a well known fact Bible is used to support of doctrines, by quoting outside of their connection texts, so that tbey are made press a tbought that was tended by the Bible writer must be interpreted as a not by a few passages taken dom. That it advocates some circumstances is shown following passages: Prov. 3 20:19; 25:9; Job 15:8; Matt. 6:4. Christ spoke to the multitudes, but gave planation only to his disciples he said: "It is given unto know the mystery of the of Heaven but to them it given." (Matt. 13:11). teaching of the Bible, that the question of secrecy upon the circumstances.

The fallacy of the contention secrecy is in itself a vice is apparent when we ask ourselves the gossipmonger, the scandal and the betrayer of confidence to be commended. The answer this question shows that under circumstances, publicity rather secrecy is an evil. If secrecy is it is wrong for the doctor, the and the preacher to keep sacred violable the confidences reposed them by their patients, clients parishioners; family affairs made public knowledge, as banker should make known the combination of his safe.

No, secrecy is not a vice, is of the best means of growth forces of good as well as evil best in secrecy. To condemn just because it is used as an evil would be as fallacious insist tbat no one should eat because it nourishes the evil

Masonry, therefore, is not condemned for its secrecy unless things which it keeps secret which should be proclaimed or unless the purpose of its

is to aid evil. Every Mason knows that the secrets of Masonry do not involve anything contrary to the duties we owe to God, our country, our neighbor, or ourselves. The mission, the purpose, the principles, the teaching of the Fraternity are not secret. Anyone may learn them if be so wishes. Our obligations and modes of recognition are secret, not because there is anything in them of which we need be ashamed, but because the very fact that they are secret binds the members of the Fraternity more closely together, and the obligations are more deeply impressed on the mind. The modes of recognition would fail their purpose if they were known to all the world, just as the combination of a safe would cease to be of value if it were not a secret known only to those who are entitled to have access to the contents thereof.

The lessons of the degrees and all the ceremonies may be taught to the entire world. They are not secret, but the experience of the ages has shown that they too often fall on deaf ears and the element of secrecy is one of the best means of preparing the mind for the reception and development of the truths. Masonry teaches by symbols, but symbols pass before our eyes unheeded unless by some means they are called to our attention and firmly impressed upon the mind. Thomas Carlyle, in bis "Sartor Resartus," expressed it with words: "In a symbol there is concealment and yet revelation: here, therefore, by silence and by speech acting together, comes a double significance."

Highlighting the month of February will be Past Masters night on February 28th. We will have a ten-year reunion, with Harlan J. Miller Jr., PM, serving as Worshipful Master with his line officers. The duties of the Fellowcraft Club and lecturers will also be carried out by Past Masters. We will have dinner at 6:30 for this meeting as well as for the Entered Apprentice degree.

Activities of other lodges in which you might enjoy taking part are as follows: February 15th, Three Rivers Lodge will have a Smorgasbord and Square Dance, with tickets on sale at the door; on February 21st, Southgate Lodge will have a dinner dance, with Harold Lash, 484-4689, in charge of reservations; and on February 22nd, Sol D. Bayless Lodge has planned a dinner dance, with Bobbie Warner, 436-8825, accepting reservations. All three of these functions will take place in the ballroom.

Brethren: This month we commemorate the birthday of probably our most Illustrious Mason, George Washington.

Not only was be unanimously chosen the first President of the United States in 1789, but one year earlier he had been chosen first as charter Master of Alexandria Lodge No. 22 of Virginia and guided both the young nation and new lodge in their infancies. While president and with the Grand Master of Virginia and the Worshipful Master of Alexandria Lodge No. 22 George Washington laid the cornerstone of the National Capital only 13 months before his death in 1799. He wrote to the Grand Lodge of Maryland as follows "So far as I am acquainted with the Doctrines of Freemasonry I conceive them to be founded in Benevolence and to be exercised only for the Good of mankind."

George Washington was a mason for 46 years.

Brethren we are frequently criticised for neglecting our Brothers who are ill, both at home and in the hospital. Sometimes this criticism is justified and again it may not be, for we do not always know about each case of sickness.

Home Lodge consists of 780 members and the only way we can learn of these cases is from a member of the family, a friend or another Brother.

So if those of you who know of these cases of sickness will inform either myself or the secretary it will be appreciated.

We are beginning to look forward to our Annual Ladies Night which will be held on April 26. Our Senior Warden Brother Carlos Porter assures me tbat we will have an evening of excellent entertainment. So keep this date in mind.

We expect to honor not only the ladies but will pay tribute also to the Past Masters and all members of the craft who so faithfully helped us with the Degree work during the year 1968.

This column will advise you when tickets are available.

This column intends during the year to give in each issue some sort of data as information which I believe will be of interest to the members of our Lodge and which everyone should know.

For instance did you know that Grand Master Robert M. Seibel issued a decree on Nov. 27, 1968 ordering Fraternal Relations with the Grand Lodge of Cuba be withdrawn as of tbat date.

Since the advent of tbe Castro Government it is no longer possible to determine whether Cuban Masons enjoy sufficient freedom to practice their ancient craft according to the tenets of our profession.

Did you know that in addition to George Washington tbe following notable Americans were also Masons: Kit Carson, Henry Ford, Benjamin Franklin, John Paul Jones, Will Rogers and Theodore Roosevelt.

See you next month.

Another month rolls around and our work in the temple is going forward. While we are teaching the principles of Morality and Virtue, Life and Death continue in the cycle prescribed by the Grand Architect of the Universe. We were recently saddened by the passing of the second Worsbipful Master of Maumee Lodge, Brotber Lloyd S. Hartzler. A distinguished attorney and Judge, Brother Lloyd retired approximately a year ago. Our newly organized calling committee was initiated for the Memorial service and did a fine job of notifying the Craft. We know it is difficult for the members to keep up with Lodge affairs, and particularly funerals, as we have 1050 members, therefore if you wish to be informed of our funerals please give your name to one of the officers and we will see to it you are notified. By the same thinking, if you wish to be removed from the list, please advise the person who is contacting you. Many times we have heard the remark "Gee — I didn't know he died — I would surely have attended services", or "I have never seen a Masonic Service — I would bave attended". Our committee is attempting to remedy this. Our good Secretary asks me to remind some of you that dues are payable on or before December 1st. And also to remind you how important it is to keep him informed of any change in address. While we are on the subject of dues — I would like to remind you of the Masonic Home, and ask that you contribute whatever you can to this worthy cause. The "Ten for Ten" program of $5.20 per year (or ten cents per week for ten years) is not meant to be a minimum figure, nor a maximum. Please include any amount you feel you can spare, large or small. Your contribution is tax deductible, and even though it weren't, we should all remember those valuable lessons we have learned; That should we ever after meet a brother in like circumstances . . .; To relieve the distressed is a duty incumbent on all men, particularly Masons; That universal benevolence we are always to inculcate; and "to your neighbor, in acting upon the Square, and doing unto him as you wish he should do unto you". I am sure you will find a great deal of satisfaction in knowing that you are contributing to the well being of those less fortunate.

If all goes as planned (this article must be written before the 15th), we will have two newly raised Master Masons. One of them received the Entered Apprentice and Fellowcraft Degrees in December and was held over because of the holidays. Present plans for February call for the StatedMeeting on February 5 at 7:30 p.m., Entered Apprentice at 7:00 p.m. on February 12, and a real old fashioned Oyster Stew for the Fellowcraft Club and members who wish to attend at 6:00 p.m. on February 19. The Fellow craft degree work will get under way at 7:00 p.m. and the club will practice during the second section of the degree. The Master Mason Degree will be held on February 26 at 5:15 p.m. Be sure to check your Sunday paper for last minute changes in this tentative schedule. It isn't too late to join the Fellowcraft Club for this year, all you do is .contact Bob Moore at 743-8876, Hal Longsworth at 442-8882, or any of the Officers and we will be extremely pleased to have you help out. We have a couple of trips planned for the club, and the membership of the club will be invested with considerably more responsibility this year.

We have been taught to recognize a Brother in the dark as well as the light, but how will non-Masons know us . . . are you doing your part to preserve the dignity of the fraternity in the world abroad? Perhaps a minute a day dedicated to silent, self examination might be very revealing. We have been taught to wear the badge of a mason as an emblem of innocence. Do we so wear it? Are we presenting a good picture of Masonry to the uninitiated? Our lapel pins, tie bar, cuff links, etc. sbould be constant reminders of valuable Masonic lessons instead of decorative jewelry; A constant reminder that we are privileged to participate in the labors of our age old institution, and Brethren, will you join us on Wednesady evenings to do just that?

One candidate was elected to receive the degrees of masonry and is well on his way at this time. He will receive the Master Mason Degree on Tuesday, Feb. 4th. Lodge will open at 5:30 p.m. and there will be a dinner at 6:30 p.m. This will give all the Brethren the first opportunity to see the new officers put on the Master Mason Degree.

Leroy Roberts P.M. conducted the first Masonic Education this year. His talk was on the Charge of each degree and suggested each Mason should pick up his Indiana Monitor and review the duties he is charged with. He also pointed out that hearing them in lodge is not like learning them.

Ralph Blair, Senior Warden; Theodore Arthur, Junior Warden; and Curtis Heston, Secretary, along with the Worshipful Master traveled to Indianapolis on January 11th to the Grand Lodge Founders Day Conference. This Conference is designed to be a training session for these officers. Several of the lodges in Allen County, including Three Rivers, traveled by bus. This gave the officers a chance to get together and discuss many things of interest to all the lodges. As a result of this discussion there will be a family picnic at the Jack and Jill Amusement Park on June 7th. Admission will be $1.00 a person which will pay for unlimited number of rides between the hours of 1:00 p.m. and 5:00 p.m. There is a large pavilion with excellent facilities for those who wish to bring a picnic lunch.

Another result of this discussion is the listing of social functions of other lodges in this column. Anyone wishing to attend any of these functions can make reservations by contacting the Worshipful Master of the lodge or by purchasing tickets at the door.

Three Rivers Lodge will again host the Corinthian Club at the annual smorgasbord and square dance on Saturday, Feb. 15th. The smorgasbord will be at 6:00 p.m. Dancing will be from 8:00 p.m. till 11:00 p.m. with Joe Taylor and the Red Birds providing the music. Junior Warden Ted Arthur is in charge of the ticket sales and all the officers have tickets available.

On February 21st South Gate Lodge is having a dinner dance.

February 22 Sol D. Bayless Lodge is having a dinner dance.

February Calendar

Feb. 4 — 5:30 Master Mason with dinner at 6:30.

Feb. 11—7:30 Stated Meeting.

Feb. 15—6:00 Smorgasbord and square dance.

Brethren: The entire universe was recent witness to the proclamation of one of our firmest beliefs when the astronauts broadcast the first chapter of Genesis from their tiny platform in space. This quotation from Scripture is not new to Masons, but to hear it again under such circumstances should have renewed our beliefs, if they were faltering, and to cause us to review our Masonic commitments.

One of the best ways to review those commitments is to regularly attend lodge. With the membership of Wayne No. 25 being nearly 600 we should have a good attendance at every stated and called meeting. "Are you an active member, the kind that would be missed,
Or are you just contented that your name is on the list?
Do you attend the meetings and mingle with the flock,
Or do you stay at home and merely criticize and knock?"

Your Master and the Wardens attended the 7th Annual Founders Conference on Saturday, January 11. Those officers at the Conference were informed on new insurance plans which appear to be quite good and could result in large savings to the Indiana Lodges. Most of the time was devoted to a great Masonic cause, the Masonic Home at Franklin. Problems have arisen which should be the concern of every Master Mason. The welfare of every destitute Master Mason, their widows and their orphans are our concern. Let us resolve to support the 10-10 program of the Grand Lodge. Give until it hurts. Our Secretary and our Treasurer constitute the lodge's 10-10 committee. Contact them today.

The Vets Hospital Committee, with Ken Rayl as chairman, is active already with a visitation on Jan. 13. The next visitation is March 3.

The Masonic Education committee with Duane Cole as chairman have planned a short program for each of our lodge meetings, with a special program for Masonic Education Night given on Jan. 30.

The one committee we pray will have no duties is the Committee for the Sick. We are sorry to report that Brothers Fred Roembke, Clayton Dunton and Gerald Monroe bave been ill and we pray for a speedy recovery.

Keep in mind the Past Masters Night planned for March 27. On that night come out and see the degree work exemplified by Wayne's Past Masters.

Another date to look forward to will be June 7. On that date a family picnic and kids day will be held at Jack and Jill amusement park for the Fort Wayne area lodges. Details will be announced later.

Watch the Masonic Calendar for announcements of lodge activities.

Brethren, January 1969 is now history, so before we get too far into February let me review some of the events that you may have missed:

Waynedale's first open installation. What a treat it was seeing so many attractive ladies on the side lines, knowing that for many of them it was their first chance to see our Lodge Hall and discover what we do on Wednesday nights.

Proclamation of a Past Masters Year at Waynedale Lodge in 1969. The first honored guest in this program was our immediate Past Master, Richard Fisher. At future stated meetings we plan to spend more time with our Past Masters and discuss highlights of their year in the East.

Wednesday, January 22, your Junior Warden, Hugh Bassett provided a fine meal after which Shockley Lockridge of our Masonic Education Committee was asked to discuss the Ancient Land Marks of Masonry.

A lively discussion followed, concerning the Fellowcraft Social Club. Ideas and plans for several projects are under consideration. Anyone interested? Call John Conahan for more information. The evening was closed with a fine mvoie.

Feb. 5 at our stated meeting we will be honoring P.M. Phillip Carsten and Wayne Mitchell. Special invitations have been sent to the Brethren who were raised to sublime degree of a Master Mason during 1955 and 1956. Come join the fun, help the Lodge honor these fine Past Masters.

Degree work will follow the next three Wednesdays.

February 10, at 7:15 p.m., P.M. Wayne Mitchell will be at the Veterans Hospital. Come join him in spreading a little joy to the fellows who have served their country.

Valentines Day is Feb. 14. Don't forget your loved ones. If you want to win a little place in our Secretary's heart just send your dues and a donation for the Indiana Masonic Home. He will enjoy that more than a Valentine.

"Behold, I have set before thee an open door, and no man can shut it; for thou hast a little strength and hast kept my word, and hast not denied my name. (Revelation 3:8)."

Truly this new year of 1969 might be compared with that 'open door'. How rapidly we are traveling through it! May each one of you look ahead with the Faith we have learned and are reminded of in our beautiful order. As the 'things' of the new year roll in upon us, may we never cease to pray.

Men's night is now only a memory but all men sincerely hope their efforts of initiating you into their 'Order of Real He-Men, Cave No. 432' was sincerely enjoyed.

Remember — the first meeting of February, the 6th, will be election night.

Our second meeting in February will be 'Ada Night' with all of our past Adas of Fort Wayne Chapter to be honored as 'special guests'.

Due to much illness and bad weather, many committee meetings were called off in January, but remember everything will continue for February as previously planned.

A Reminder: There are still a few delinquent dues. We ask you to take care of our dues before it is too late.

There have been many members ill and we are unable to list all names but here are the names of those more seriously ill: Sisters Marjorie Rodemeyer, Violet Coley, Cora and Brother Frank Hickman, Brother Clayton Herrick. Sisters Dorothy Finnell, and Mable McCorkle, also Sister Glennys and brother Bill Schwartz.

Sister Mary Miller had eye surgery.

Illness in families: Mother of Sister Irene Kincaid.

Deaths in families: Step-father of sister Irene Kincaid.

To the many members and their families who have had illness, we do wish a speedy recovery, to those in sorrow, our heartfelt sympathy.

May the months ahead become brighter and we will see you all in Chapter.

A Date To Remember: The All Committee Party, February 24th.

A little bit of heaven
Comes earthward every day,
And you can sense its presence
When it comes along your way.

If your thoughts are pure and wholesome
And your heart is full of love,
And you're glad you are living,
And that there's a God above.

A little bit of heaven
Can be seen the whole day through
From early dawn till nightfall,
In the kind acts that we do.

Just an impulse put in action
To do something for man's good
Adds another stone so noble
To the shrine of brotherhood.

A little bit of heaven
Comes to us in song of bird,
In the babbling brook's sweet music,
Or in kindly spoken word:

In a friendly smile or handclasp . .
Oh, how wonderful to know
That a little bit of heaven
Is sent to earth below.

We sincerely hope that the first month of the new year has been a good one for you and has given you an opportunity to recover from the many activities of the holiday season and you are ready for the busy chapter activities ahead. Your Worthy Matron and Worthy Patron have only four meetings and they would love to see you at these meetings.

Jan. 17th was a well attended meeting. The Star Pals were honored also those who had birthdays in January. A short program was held for our eight affiliates who affiliated with our chapter this year.

A lovely party was given Jan. 24th at 7:30 p.m. on the mezzanine by the present appointive officers honoring the Worthy Matron Beth Smith and the Worthy Patron Claude Hoover. This party was attended by the officers, chairmen, co-chairmen and members of all committees. The chairmen and their co-chairmen of all groups are to be commended on the work they did and the many hours they gave as well as all the members of the chapter to have made it a wonderful and successful year for Trinity Chapter. All this could not have been possible without the wonderful guidance and support of our Worthy Matron and Worthy Patron. The appointed officers presented a lovely program.

Feb. 7th will be election of officers. Come and cast your vote for the eleetive officers of your choice.

Feb. 21st will be Master Mason night this is another important night when we honor our Master Masons for without them we could not have our wonderful chapters. May God bless each and everyone of them.

Another month is here — are your New Year Resolutions being followed? January, of course, is followed by February. The month of observances, commemorations and poetry.

That little ole Ground Hog had just better he observant on "that there day" when he comes out of winter storage and pokes his bead out to observe if the sun's a shining or not. At this writing, it's co-o-ld and sno-o-wy. Maybe he'll be good this year and make a resolution to hring us Spring sooner.

Resolutions were made a plenty hy some of our famous statesmen of yester year, and commemorating their birthdays hrings forth somber thoughts of their aims and dreams for this country, its future and us. As leaders the heritage they left offers us a challenge for posterity.

As officers, both elective and appointive, bave you thought of it — posterity, I mean. As White Shriners what can we leave or give? Our President Washington left a new country whicb he and others fought to preserve, to unite. And in that union to be free. Lincoln, too, fought for that freedom whicb teaches man that all are created equal. If you refer to your January issue of the Square & Compass on the front page, there are two articles whicb should instill in eacb and every White Shriner — officers and side-liners alike — tbe desire to join this country's conquest for freedom for all people. Did you read Leadersbip From tbe Master's Station and Determining the Size of a Man? A poem on a Christmas card was "The Friendsbip of those we serve is the Foundation of our Progress." Toss that around — sort of good, don't you think?

If you weren't able to slide down to Shrine last month and be entertained hy the Men Sojourners, and the Scottish Rite Choir under the direction of Bill Wetzel, do try to come this month. The Worthy High Priestess bas planned a party for yon and your Valentines on February 14. Course if you were so tired after all tbe Holiday Season and trumped your partner's ace too many times during the January Card Party, you'll bave to do something about it. What better time than to come and see what has been planned for you?

AND a special invitation is extended to all committee members to attend on February 28 which is the Committee Recognition Night. Please support your chairman and assist with her.

The Instruction Committee under the direction of Sojourners Wolf, W.O.S. and Vancha Cox, P.W.H.P., wish to report they have met with the new candidates and given them all their instructions. Good luck to the candidates and we all be looking forward to seeing them at the meetings.

The Sunshine Committee reports that Soj. Dale Christman is recuperating at home after having been in an auto accident. Soj. Avon Jacobs is now at home after a visit to the hospital. Soj. Chloey La... improving hut still at home. I'm happy to report that the flu epidemic seem to be receding, but we do have some Sojourners suffering from it, namely Della Allread, H... Sir Knights: The officers of your Commandery were installed on January 4, in a very fine ceremony. Thanks again Sir Knights James DeMond, Myron Millhorn, Phil McCague, Bernard Smith and Arthur Popp. Congratulations to Sir Knight Schuble Boggs on being awarded the Sir Knight of the year. Schuble has worked many years for good of the Commandery, and is really deserving of this award.

The Sweethearts Ball will be held on Feb. 8. There is much work to be done by the drill corps, and they will need all the help they can muster.

As the officers have moved to new stations in the conferral of the order of the Temple, I urge you to learn your work early, since we should confer the order in February.

I ask that each and every Sir Knight give some thought to becoming a Life Sponsor in the K. T. Eye Foundation. There are funds available, in the Samuel S. Geake Fund, to be loaned for this purpose, if the Sir Knight would need time to make the payment.

Remember the third Thursday of each month is our stated meeting, with dinner at 6:30.

My Fellow Companions: The January meeting was a plan making meeting for Thomas R. Marshall Chapter which included assignments for oncoming degree work, rehearsals for proficiency in opening and closing lodge and some social functions during the year which included the annual barbecue pot luck at the Artisan Studio in the month of August.

Companions, a great task lies before us. The great secret and word which was promised for the substituted word has been revealed to you and this word properly applied to our lives can change our lives and reflect with power throughout the whole world. It can make a better citizen. It can make a better neigbbor. It is bound to make a good Christian and the kind of leadership that the whole world is in need of to-day.

Companions, I beseech you to convey this message to all Blue Lodge Brethren. Let us put our great knowledge to work.

Greetings Companions, I hope most of you escaped the flu bug and that those who didn't have fully recovered. They tell us that we didn't have the Hong Kong variety but whatever kind we had it hits you the same way.

At the time I am writing this article the weather isn't too hot either. For my part I have had enough sliding around and pushing snow around for this year. But since we can't do anything about the weather we will talk about the Chapter.

Last year we did real well in meeting our goal for membership in fact I believe we made our quota set for the Chapter for the year. Principally, we have Brown Cooper and Russ Wharton and the members of the band to thank for a good share of this number.

But this year we cannot expect this help as the band has other plans. So it is up to us to get after our Blue Lodge Brethren and bring in their petitions. York Rite Masonry has much to offer in the way of further light. Up to a few years ago most Masons who took the Scottish Rite or became members of the Shrine were required to have taken all of the York Rite orders. But for the convenience of a few this was changed in most states so that at the present time very few states still maintain this requirement. So it is up to us to enlighten our Brothers to York Rite. Much of our York Rite, at least the Royal Arch was once a part of the Blue Lodge. But in the United States this part of the work was dropped probably because of the length of time required to give the work. In some countries it took about a year to give the work.

At the present time plans are under way to hold a York Rite Festival in the early part of May. I do not have the dates or where it is to be held. Next month I can give you this information. But bring in the petitions as we will give the work here in our Chapter whenever the occasion arises.

Our stated meetings are held the third Thursday of each month preceded by a dinner in the kitchen prepared by our chefs the Dan Dales and Francis Studler. Come down for the fellowship and attend our meetings. We would be happy to put you to work. See you in York Rite and bring in the petitions.

I would like to congratulate my officers on a job well done. Our first meeting was January 15th and was started off with a potluck. I would like to thank the mothers who helped set up. Our bethel has come up with a new money making project. I know what a chore it is for mothers with small children to give birthday parties. How would you like to hire a small group of Job's Daughters to come into your home and give a party. The girls will do everything you want done. If you are interested either call Mrs. Frederick or myself for more details.

Inspection will be on March 19 at 7:30 p.m. This is a joint inspection with Leo. Practice for inspection will be March 15. I would like to offer a challenge to all the girls. I am having a membership drive. I will take the person who brings in the most petitions to dinner as my guest. Get busy girls. Our second meeting was January 29. I would like to thank the people who came. It's always good to see people on the sidelines. I would like to make one correction from last months article. In my line of officers Cheryle Kneusons name was left out. She is our new inner guard. I guess that's about all for this month.

I AM — WHO?

I am the printing press, born of the mother earth. My heart is of steel, my limbs are of iron, and my fingers are of brass.

I sing the songs of the world, the oratorios of history, the symphonies of all time.

I am the voice of today, the herald of tomorrow. I weave into the warp of the past the woof of the future. I tell the stories of peace and war alike.

I make the human heart beat with passion or tenderness. I stir the pulse of nations, and make brave men do braver deeds, and soldiers die.

I inspire the midnight toiler, weary at his loom, to lift his head again and gaze, with fearlessness, into the vast beyond, seeking the consolation of a hope eternal.

When I speak, a myriad people listen to my voice. The Saxon, the Latin, the Celt, the Hun, the Slav, the Hindu, all comprehend me. I am the tireless clarion of the news.

I cry your joys and sorrows every hour. I fill the dullard's mind with thoughts unlifting. I am light, knowledge, power. I epitomize the conquests of mind over matter. I am the record of all things mankind has achieved.

My offspring comes to you in the candle's glow, amid the dim lamps of poverty, the splendor of riches; at sunrise, at high noon and in the waning evening.

I am the laughter and tears of the world, and I shall never die until all things return to the immutable dust. I am the printing press — Robert Hobart Davis in Kleinknecht Encyclopedia.

Receptive Heart A Masonic Need

Masonry offers its mighty truths to all of its initiates without partiality or favor. But there is also the demand that the Mason have a receptive heart, the willingness to place himself in position to receive that which is spiritual.

Without the innate urge to be of help to others, without a sincere concern for the welfare of others, the beauty of Masonry and teachings cannot be discovered.

The well informed brother can only teach the earnest seeker of light.

The brother who sees no point in searching for an intangible, for that which does not have a definite form, will remain a stranger to the lessons of Freemasonry.

On the other hand, the Mason who is willing to make the search, who by faith follows his guide, who travels in the right direction supported by trust and understanding will discover within himself that which is ample reward for his patient study and unceasing labors.

There is no failure in seeking for truth though we may never fully attain the desired goal.

Let us approach Masonry in a spirit of humility, in the silence of the Eternal, with a mental attitude that is the forerunner of victory and with smiling hearts.

—Exchange

Time and Change

All that has reference to all that is eternal, all that in our earthly life by way of image or parable suggests what is imperishable, should rightly be made the subject of debate, difficult though such exclusion may be. For, in so far as we translate our ways of thinking and feeling into terms of outward circumstance, in so far as we form a society about us or join such a one, something belonging to the inner world becomes externalized. What is thus established whether received with favor or disfavor, must be maintained and defended. And so, despite ourselves, we have made a retreat from the realm of the spiritual to that of the secular, from the celestial to the earthly and from the eternal and immutable to that which is subject to the laws of time and change.

Brethren: New Haven Lodge held the first meeting of the year on "New Year's Day" which was first Wednesday of the month. I would like to thank those who called "time out" from the Rose Bowl Game to attend lodge.

On Jan. 11 your Worshipful Master, Wardens and Secretary attended Founder's Day at the Murat Temple in Indianapolis. Many informative issues were discussed. I am sure some of these will come to the floor at Grand Lodge.

The officers annual dinner was held on Wednesday, Ian. 29 for the purpose of setting up a program for the year. I hope the members will come and enjoy the social activities that the officers have set up for the year.

It is the intent of the officers to have the doors of the lodge open every Wednesday evening. This will be for work on the building, the ritual and just good old fellowship. Come down and join in! SEE YOU IN LODGE!

Brethren: I wish to report that the new year is starting out as a busy one and I hope it will continue that way. We have two candidates who have been elected to receive the degrees, one is serving in the armed forces. We will not be able to set his degree work until the time of his furlough.

I would also like to report that Bro. Harold Bremer, is home from the hospital after suffering a heart attack. He is getting along fine and is now in his new home on the Gump Road, and I know he would welcome visitors.

Now Brethren mark your calendars for the following events.

Feb. 13th F.C. degree at 7:30 p.m.

Feb. 17th at 7:30 p.m. Veterans Hospital Visitation. Let us all back Bro. Clovis Grims, in this worth while cause.

Feb. 25th at 7:30 p.m. Huntertown Eastern Stars will honor Helen Warner, who has served her chapter as Secretary for 25 years. I hope it will be well attended by all our brethren who are Eastern Stars.

Feb. 27th at 6:00 p.m. we will serve a Ham and Bean Supper, the Lodge will then open on the Master Masons Degree at 7:30 p.m.

I would like to close with this thought.

A horse can't pull while kicking,
This fact I merely mention.
And he can't kick while pulling,
Which is my chief contention.
Let's imitate the good old horse
And lead a life that's fitting;
Just pull an honest load, and then
There'll be no time for kicking.

See you in Lodge.

Leo Lodge No. 224 F. & A.M. has been a beehive of activity in January, since the new officers were installed. We have had three called meetings for degree work.

Leo Lodge was represented at the Founders Day Conference Saturday, January 11, 1969, at Indianapolis, Indiana, by Byron W. Fleming, Worshipful Master, G. Edward Hager, Senior Warden, Melvin C. Stuart, Junior Warden, and Paul E. Dunn, Secretary. We travelled to Indianapolis by bus with brothers from several other lodges in this area. We always enjoy our breakfast at Pendleton, Indiana. The Founders Day Conference is an inspiration to every brother who attends, as the training enables each officer to serve his lodge more effectively.

We have planned a Valentine's Day Box Social to be held in the dining room of the Temple at 6:45 p.m., February 15, 1969. This is an old fashioned box social. The wives and sweethearts of the brothers will prepare a delicious box dinner for two people. These gaily decorated boxes will be auctioned off to the highest bidder. The high bidder will have the privilege of eating dinner with the lady who prepared the food. The proceeds from this box social will be donated to our Temple Building Fund.

We extend an invitation to brothers, their wives and sweethearts from other lodges in this area to join with us in this gala affair.

Too often a brother will forget what is old and familiar to them is strange and new to the newly raised brother. Too often we leave him to learn for himself, slowly, painfully, over a long time, the simple everyday facts about masonry and lodge life, which are second nature to us who are old in the craft.

Leo Lodge intends to instruct each new brother thoroughly and properly, so that he will understand the work and be at ease when he attends lodge. We intend to instruct our new brothers in the structure of the lodge, and explain the system of appointments, the ancient landmarks, and all of the various facets of masonry, so that our brothers can visit other lodges and be at ease and thoroughly enjoy the fraternity.

Our first meeting of the new year was held January 9 with nearly all of our new officers present. In addition to the elected officers listed in last month's column, the appointed officers are: Don Chaffin, Chaplain; Vaughn Myers, S.D.; Phil Lydy, I.D.; John Snarr, S.S.; Dallas Ake, J.S., and Jim Laisure, Tyler. Business was conducted as usual and a discussion was held on the disposal of the old buildings on our lots. We hope they will be razed by spring and cleared away for new landscaping. The trees will be saved and it is hoped that we will have an attractive corner for our new building.

Our meeting was highlighted by presenting a "Seventeen Fund Club" pin to Brother Howard Morton. Congratulations, Howard, and thank you for your support. Other memberships have been received, but these Brothers have not yet received their pins. These will be presented as soon as they attend a meeting with the exception of out-of-town Brothers, who will receive their pins by mail. The membership now consists of Brothers Clarence Lybarger, Herbert Iesse, Albert Heiser, Cecil Jamison, Don Chaffin, Charles Alsman, and our newest member, Howard Morton. It is indeed encouraging to see such good response. Congratulations to all of you and thank you all for your support.

The Entered Apprentice Degree was conferred on Saturday, January 25.

Our February 13 stated meeting will start at 6:00 o'clock with Oyster Stew. Be sure to bring your own bowl if you want any stew. The cooks tell me that this year they will put some oysters in the stew.

Brethren: I'd like to start by thanking all the brethren who attended Installation and the stated meeting, for all the assistance I have received. By working together is the only way Masonry can grow or develop.

We recognized several in Indianapolis when the Secretary, Ir. Warden and myself attended Founders Day Conference January 11th. The main topic was our Masonic Home, which was built by one of the basic principles of Masonry, Charity. They stressed much more was needed for remodeling and new additions.

We see several of you brethren during the week with our occupation or pleasures, but it would be much more inspiring to see you in Lodge soon.

Some of the dues still have not been paid. Please help our lodge by paying them. For those who have paid I would like to ask did you give all you could to charity. Remember our Masonic Home needs every dollar available.

See you in lodge.

Knowledge

Knowledge that has been gathered and stored in a systematic way enables a man to discharge his duties so as to contribute to his success. There is a difference between specialized knowledge and systematized knowledge. Specialized knowledge is narrow; systematized knowledge may be as wide as the world, and its elements combine to form the generalized knowledge which business requires. —Exchange

Masonry Seeks No Outside Help

For more than two centuries, Freemasonry, as we know it, has pursued its peaceful way alone. It has sought no public acclaim; it has asked no help from outside its circle; it has permitted the world to think what it may about its object and its work. Its best advertisement has been the fact that it does not advertise itself or its works. It has had, and today has, only one job to perform, only one reason for its existence.

That job is to take the material that comes to it and make better men out of that material. Everything else, our charities, all our works, are incidental to the one purpose.

If Masonry does that job — if it works at it honestly, even if with only a measure of efficiency, it has lived up to its purpose and fulfilled its highest ideals.

Enduring

Is there a nation intact today that has lived since the time of the building of King Solomon's Temple? Not one. Hundreds have risen to power and disintegrated through the confusions they brought upon themselves in trying to keep the evils that grew up within them. Their hopes, prides, ambition and deeds lie buried in the ashes of antiquity.

But what about the noble Fraternity of Masonry? Nations have bestowed honors, degrees, titles and ranks since time immemorial. All have been swept away in the constantly rising tides of human avarice, passion and greed. Yet, Masonry itself and the honors conferred by it stand more firmly today than ever before. It has not changed. The whirlpools of hate and the torments of war passed over it — and yet it stood immovable and fixed. Why is that so?

Again the answer is simple, brethren. The Masonry we practice was erected according to the rules and designs laid down by the Supreme Arcbitect of the Universe in the Book of Life. That book is our Trestle Board. The rules and the designs are plain and clear — Properly trained to observe it (the pattern) man needs no law more complex than the Ten Commandments. —Selected

Attendance at Meetings, Brethren; No man, and in particular no Master can guide an organization by himself. He must have able assistants to do the job well. I am fortunate in tbat the Officers of South Gate Lodge comprise a core of willing and able workers to aid me in my task. But beyond this, my officers and myself need something more. The Support and the Enlbusiasm of All the Members of the Lodge — Brethren without your support, we are as nothing, for our sole purpose is to carry out your wishes, and if we are to do so, you must make your wishes known to us. The best way to voice your desires and at the samc time support your officers, is to come to our meetings. Nothing is more gratifying to your officers than your attendance and participation at meetings. As Master of your lodge, I ask that you give serious consideration regarding better attendance at lodge and am looking forward to having you with us to share in Masonic fellowship through the year.

My Brothers, as you know, a salesman is the communications link between his company and prospective purchasers. It is his duty to merchandise and promote his products to the huyers. If he promotes his product well, his company will prosper and create more jobs. If he fails to create sales, his company will have economic problems and will suffer a recession.

Masonry has suffered a recession in the last few years because we as Masons have not promoted our fraternity.

Our problem has heen a lack of communication hctween Masons and non-Masons. For example, many of our Brothers have sons who are between the ages of 21 and 35 who are not Masons. Why aren't they? Because we as fathers have not communicated to our sons the moral virtues of Masonry through symbolism and ritual. Many of us who bave communicated with our sons may have failed to tell them that we cannot solicit their membersbip but that they must ask us for a petition. They simply don't know how to get into our fraternity.

Another example we encounter of a lack of salesmanship is friends and co-workers who have high morals and would be good prospects for Masonry. These people fall into two categories, extroverts and introverts. The extrovert would freely ask about Masonry and would easily ask for a petition. The introvert, who is shy and does not have an out-going personality, will ask one question and stop. Encourage bim to ask more questions, go into detail, and explain things about Masonry. Go one step further and inform him that you cannot solicit his membership. Tell him he must ask you for a petition. Don't make it difficult for a prospective member to petition.

My Brothers, be salesmen and communicate with non-Masons of high morals. Promote your fraternity with dignity and decorum, so that our fraternity beacon will burn brightly in the eyes of man as it bas in the past since King Solomon's time.

A reminder to the ladies of Summit City — Friday, March 28th, is your night at Summit City, the annual Ladies Night banquet. Get on your hest bib and tucker, pry Hiram away from the hooh tube and hring him along. The featured speaker will be a young, enlbusiastic humorist, Rev. Joseph Wick, speaking on "The Therapy of Laughter." We will be further entertained by the "Sing Out Fort Wayne" group. Tickets are available through all officers and through the Fellowcraft Club members, or you may call me for reservations. Please gel your tickets early, as there will be no tickets on sale at the door.

President Kenneth Rasor announces that the Fellowcraft Club and officers will be the guests of Tippecanoe Lodge No. 492 of Lafayette on April 5th, to put on the second section and lectures of the Master Mason degree. Tippecanoe Lodge will have a similar trip here on May 3rd.

Following our stated meeting on Friday, May 2nd, around 8:30, we will have a Masonic guest evening for prospective Masons. The Fellowcraft Club and officers have secured the services of a noted traveler and explorer, Edgar Keefer, who will present a travelog on Alaska, to be followed by refresbments. Please join us and bring a guest.

My Brothers, come to the meetings and support your local Blue Lodge.

Greetings Brethren: My how time flies. By the time you read tbis article there ought to be some signs of spring. Or at least we know it is just around the corner. I believe that this is one of the most favorite seasons, especially after we have passed througb a hectic winter. True this has heen one of the more mild ones, but I still believe most of us are ready to see the trees start to bud, and take on new life, also tbe flowers blooming, and the grass begining to green. This ought to be an example for all of us masons that maybe we ought to take on new life and start to bloom. I think that we all realize there are many of us that have laid dormant for years as do the trees, grass, and flowers. Why don't you get out and enjoy the sunshine of the outdoors, and also make an effort to enjoy the sunshine of your lodge? You know you might really enjoy it once you have tried.

We welcome brother Harvey V. Whitlow as our newest member. Brother Whitlow was raised on February 24th. We also welcome brother Carl C. Bosse who bas transferred to Sol D. Bayless. I am sure that these hrethren will enjoy the work and the fellowship of Sol D. Bayless and we enjoy having them.

Since my last writing brothers Glen O. Wolfcale, Harry D. Wineland, and Clarence Miller have been summoned by Grand Master of the Universe. We extend to the families and friends of these brethren our most sincere sympathy.

Brother Fred J. Figel is in Parkview Hospital room 537, and Past Master William I. Butz is in the constant care unit at Parkview. We wish these brethren well and hope that they will soon return to their normal activities. Also any otbers that might he ill or in the hospital that maybe we were not notified about.

schools. A great number of prayers attended the Inaugural in various ceremonies, and I was particularly appalled to witness complete and total disregard of respect during the prayers of the actual swearing in ceremonies in particular, and later, at the parade, to observe how our flag is ignored, and how people apparently do not even know how to show the proper respect. May be this is a lesson of our times, and may be we should be teaching courtesy, and respect for prayer and the flag in our schools instead of so many sex courses. I firmly believe that we, as Free Masons, should be sure to set an example for those less informed, and if the situation calls for it, instruct those who do not know about matters of respect and courtesy.

The Senior Masons Club meets every Monday at the Temple about 1 p.m., and on the first Monday of each month, they meet earlier for lunch at the YMCA. If you have not attended or been contacted, and wish to attend, our good Brothers Jim Oswald and Bernie Ginther will be glad to "initiate" you. Give either a call for exact details.

We are pleased to have two new Master Masons, Ed Innes and Orrin Sessions. These two Brothers were Raised on January 22, and we have them working in the degree work already. We have petitions, and will probably have two to initiate on the Entered Apprentice Degree on March 12. Remember that New Year Resolution . . . Get to Lodge more this year. As a footnote — It seems there has been a practice among the Masters to not include in the article, items of sickness and death among the members and their families, the main reason being that if some one is missed, some one may be miffed, so I shall continue that practice this year. Our best wishes always go out to our sick members when we know of the problem, and our services are always available to perform memorial rites for members in good standing, when requested. It then appears that beyond this, we are limited. We know you will do all you can as an individual, to help your Lodge, to be aware of these unfortunate circumstances, and as an Ambassador of your Lodge, to pass on the Brotherly Love we all contain.

Brethren: Once again the dark and dreary days of February are past us and we look forward to the beautiful days of Spring. However, during the winter months the Craft has been busy. Brothers Harry L. Rondot and William E. Budd were raised Master Masons on January 23 and we extend them a hearty welcome to the Craft.

On January 30, in spite of the inclement weather, over 30 Master Masons and guests attended the Masonic Education Night program which was presented under the chairmanship of brother Duane Cole. Brother Arthur Paulison gave an excellent history of Masonry in Allen County and of Scottish Rite Masonry in Indiana. This was followed by a film depicting the part that some Masons have played in the history of America. Those who could not make it to the meeting missed a real treat.

Officers meetings are being held regularly. At one held in the Temple on February 10, plans were completed for Past Masters Night to be held on March 27 and for Ladies Night on May 17 and for Charter Night May 29. Brother Si Hartsing announces a Fellowcraft party will be held at the home of Past Master Robert Witchey on April 11, at 7:00 p.m. Let us have a large turnout of the Craft.

Wayne Lodge Vets Hospital visitation will be March 3. Let's have a good turnout. The next visitation is on April 21.

We have received word of the illness of several brothers, but fear there are others of whom we are not aware. If any member learns of the illness of a brother it would be greatly appreciated if the word is called to me or to the secretary.

Our prayers go out for those who are ill and for those in sorrow we extend our sympathy.

For your Worshipful Master another year has been logged in the Book of Life. A few years ago I ran across a short poem which fits into my philosophy of life quite well.

I know the reason why our life seems brief,
When we are young, we wish the years away;
But later on, in spite of pain and grief
We bid life stay.

If we can teach our children to hold fast
Each shining hour, until it pays its gold,
They will have lived to twice our own life's span
When they are old.

Brethren: At our stated meeting in January a Resolution was introduced to raise our annual dues from $15.00 to $20.00. This was discussed at length and then held over until the Feb. Stated meeting at which time it was unanimously adopted by the members present and will be effective with the dues payable for the year 1970.

This is the first increase in dues in the past 18 years.

Home Lodge now has a membership of 769 and of this number there are 38 fifty year members whose dues are remitted and 9 who are unable to pay. This leaves a total of 723 paying members. Following is a partial breakdown of what happens to the $15.00 which we now pay.

Associated Masonic Trustees for building maintenance and labor — $7.00.

Masonic Home Assessment —$4.00
Grand Lodge Assessment —$1.15.
Secretarys Fee — $ .60.

Misc. disbursements such as food, entertainment, printed forms, office supplies and postage used by secretary — $1.28.

Total remaining after above subtractions — $ .97.

This last item does not include Tylers fee, flowers for deceased Brethren, and various other items which cannot be predetermined.

Furthermore the Masonic Home at Franklin, Ind. is in financial difficulty and this assessment will definitely be increased when Grand Lodge convenes in May of this year.

I will give a report on the status of the Masonic Home in my next article.

Our Good Brother and member of the Craft Moe Mitzman underwent surgery on Feb. 4. We sincerely hope that by now Brother Moe is back home with his charming wife and feeling fine.

Also our condolences to the wife and family of Brother Arthur Steele who passed to the celestial lodge above on Feb. 2.

Brother Lloyd Bouillon, chairman of our Masonic Education Committee is giving us a short talk at the conclusion of each stated meeting on some of the things about Masonry that each Mason should know.

Our thanks to W.M. Ivan A. Planck and Wayne Lodge No. 25 for sponsoring the most interesting meeting on Masonic Education which was held in the Ionic Room on Jan. 30 and featured an interesting talk by Illustrious Bro. Arthur M. Paulson 33° and also a film on Famous American Masons which was narrated by Lowell Thomas.

Brethren time is fleeting and it won't be long until tickets will be available for our annual Ladies night on April 27. I understand entertainment will be of the variety that we had last year and some of the same personnel will be involved. You'll be sorry if you miss this one.

The combined Lodges of Fort Wayne and Allen County are planning a family party at the Jack and Jill amusement park on Saturday, June 7. I'm sure everyone will be interested in this one. More details later. We have had no degree work in Jan. or Feb. but should be able to get back to work on the Trestle Board in March.

Did you know that King Edward VII of England when he was Prince of Wales was initiated into Masonry at the age of 27. The ceremony having taken place at the instance of King Charles XV of Sweden when he was on a visit to Stockholm in 1868. On his return to England he became Master of Prince of Wales Lodge No. 259 and on April 28, 1875 was installed as Grand Master of England. He was very active in Masonry until he ascended to the throne of England in 1901. He died in 1910 and was such a wise and Benevolent Ruler that he earned the Illustrious name of "The Peace Maker."

Three new petitions were read at the February 11th stated meeting and are now in the process of being investigated. The Lodge also received a request for a waiver of jurisdiction from Columbia City Lodge and that request is also being investigated. Balloting on these three petitions as well as the request for Waiver will be held at the next stated meeting to be held March 11th. If the ballots are clear, there will be degree work this month.

Each candidate will be given the Entered Apprentice Degree separately with the first receiving it on March 18th, the second on March 25th and the third on April 1st. A chile dinner will be served at 6 p.m. April 1st before lodge is opened.

The Masonic Education Committee held another interesting presentation at the February stated meeting when the chairman Delbert Dennis gave a talk on the meanings of some of the words that are used in lodge. The definitions of many of the words are in the Indiana Monitor and he suggested that all the members should take time to read it. A better understanding of what these words mean will help every mason to understand the lessons that Masonry is teaching its members. This is the second Masonic Education Program taken from the monitor this year. This emphasizes the vast amount of information that is contained in this little book as only a very small part of it has

Since there was not any degree work in February, members of the lodge visited Decatur Lodge on February 18th. They opened on the Entered Apprentice Degree with their Senior Deacon William Murry and their Senior Warden Dean Boltz presiding in the East for two candidates. On February 27th, Huntertown Lodge was visited and the Master Mason Degree was put on. Their Senior Warden, Earl Riley presided for the first section and their Worshipful Master Charles Hedges presiding over the second section. A ham and bean dinner was enjoyed before lodge was opened. The friendship that these two lodges extended was appreciated by all the Three Rivers Lodge members that were able to attend.

Veterans Hospital visitation was held on the 17th of February. The patients always seem to enjoy these visits which help to make their time go a little faster. The next visitation will be held April 7th and committee chairmen Kenneth Disler and Lee Garrison would like to see a large turnout.

The smorgasbord and square dance was held on February 15th with over 300 attending. After dinner the following officers of the Corinthian Club were introduced. Past Master Thomas Franklin, president; Ralph Blair, vice president; and Robert Peterson, secretary treasurer. Joe Taylor and the Red Birds furnished the music for round and square dancing which lasted until 11 p.m. The decorations from the Knights Templars Sweet Hearts Ball added to the atmosphere.

May 24th is a date to mark on the calendar as that will be the date of this years Family Night. More about this at a later date.

Bretbren: January and February have been full of rich and rewarding experiences, but I know the following months will be equally rewarding. With each new discovery we should try to pass some information along to others, hoping that someday this may help lighten their tasks.

Attendance has been good at Waynedale and the bretbren are doing their part to hold me to the pledge I made at the start of the year.

Committees are taking shape. Work is starting on various projects, more and more of the Brothers are volunteering to help. Do not be content with this. We still have ten months to go and a new temple to raise. Remember, a working Mason is a proud Mason and it takes proud Masons to make a good Lodge. Waynedale is a great Lodge. You know this and I know it, so lets tell everyone else. We can do this by working at Masonry. Lets do this by our actions, not merely a paid-up dues card or a lapel pin. This Sunday take your Masonic Bible to Church, and also use it throughout the week at home. Pick up your Indiana Monitor, read the various charges and review some of the fine lectures found there. Then go out and tell the world by your actions that you are a Mason. Let someone else say it of you, "He is a member of Waynedale Masonic Lodge!"

Hugh Bassett, our Junior Warden, has been busy making plans for our annual Ladies Night Banquet. Tentative plans are for Saturday, April 26, at the Calvary United Methodist Church on the Winchester Road.

Senior Warden, John Conaban is promoting a picnic, to be sponsored by the Fellowcraft Club, at the Waynedale Memorial Park, across the street from the site of our new temple. There will be more on this later, but for now please call John at 747-2213 if you have any ideas or wish to help on this project.

One Committee that is showing great results already is our Publicity Committee, headed by Junior Deacon, John LoVerde. Come to Lodge some Wednesday night and see "Quick Draw LoVerde" in action with his trusty Polaroid. Leaf through the photo album that is growing each month. Find out how the Finance Committee is progressing by the poster John has displayed in the recreation room.

Wednesday, March 5, at 8:00 p.m., John R. Capin, the Worshipful Master of 1957 will be the honored guest at our stated meeting. I am sure some of the brethren will have questions for him about his year in the East. Those who were raised in 1957 are especially urged to come see this Past Master at work again.

The following three Wednesdays could be busy with degree work as follows: March 12, 7:30 E.A. March 19, 7:30 F.C. and March 26, 6:00 p.m. Social Hour. M.M. degree at 7:00 p.m. The recreation room will be open during these hours so come use your Lodge and have some good fellowship.

First, I'd like to thank the officers for a job well done on the Initiatory Degree and Flower Talk on February 12th. Also Mike Isley, chairman of the entertainment committee has done a fine job, and more plans are in the making.

Dave Gregg is working on plans for DeMolay Week this year, also we are celebrating our 50th anniversary.

On Saturday, March 15th, we are starting off with a Father-Son Breakfast of pancakes and sausage, which we will be selling tickets for in the near future. This will be held at the Masonic Temple and the Mother's Circle will be serving. Then on Sunday we will be attending the Master Councilor's Church, St. Joseph United Methodist, Reed and St. Joe Center Roads, for the 10:45 a.m. services. The rest of the weeks' plans are now being completed.

Gary Thomas has started making plans with the Job's Daughters for the Spring dance at the Masonic Temple.

We also have a new money making project in which we will be cleaning out a woods by the Towne House Retirement Home. This project was offered us by our Chapter Advisory Council Chairman, Rev. Marvin Isley.

I would like to end by thanking all the boys and advisors for working so well and beginning to place our DeMolay Chapter back where it belongs in our community and our state.

I don't believe where all the time has flown. Here it is March already and I feel as if I just started my term. First off, I would like to congratulate the girls who gave birthday parties in February. I talked to the mothers you helped and they really appreciated it. If you remember in my last article I said you could hire Job's Daughters to give birthday parties for your children in your home. For $5.00 donation for two hours, or $7.50 for three hours, you can hire three girls to come and manage the party, plan games, and clean up the mess afterwards. If you wish to have a party please call either Mrs. Frederick or myself.

March 5th we have friends night and March 19th we will be visited by the Grand Guardian. That night will be a joint inspection with Leo at 7:30 p.m. I hope to see as many people there as possible. March 15th we are having a practice for inspection at 9:00 a.m. with a lunch at the temple. In the afternoon we're going to make Easter table favors for the Allen County Nursing Home. March 29th is our paper and magazine drive. If you live at the north end of town call either Marianne Blue at 748-8396; or Pam Collins at 485-5610 for pick-ups. If you live in the south end of town call either Sue Brandt at 456-2923 or myself at 432-3140.

I have a few last minute reminders. Mothers Club will be at my home this month, 10129 Covington. Remember girls that because of Spring vacation our first April meeting will be on the 16th and the second on the 29th. Last but not least, don't forget to visit our friends at the Allen County Nursing Home. Until next month remember MIZPAH!

Delinquency?

Hosea C. Stotlar, 32°
4218 31st Street
Mt. Rainier, Maryland 20822

As members of a fraternal organization, we relate the word "delinquent" to the status of one's membership dues in the Lodge.

It can be possible that a paid member, or a life member, can be delinquent so far as their moral duties to their Lodge are concerned. Often the tendency to shun his moral duties to his Lodge has influenced a member becoming delinquent in his financial dues.

We are as delinquent if we fail to take our moral share of responsibility in the operation of our Lodge as the man that has allowed his monetary dues to fall into arrears. Often, due to old "reliables" who pay their dues and assume responsibility, the Lodge continues to function, but this does not excuse the member from sharing responsibility moral as well as financial. If we refuse to accept an office that we are capable of filling, we are delinquent in our duty to our Lodge and to our brothers of the Fraternity. We may also be delinquent in assisting new members welcome in the organization, in offering them help or encouraging them to participate more in the activities of the Lodge.

It might be wise for us to look back at our actions before we condemn a delinquent dues member. First we must correct our own delinquencies." This, in turn, will cause the delinquent dues member to correct his delinquency.

Let us remember for every situation there is a cause; remove the cause and the situation will change. Cast off your coat of delinquency. Don one of usefulness and Brotherly Love to our fraternal brothers.

three New Members were added to our roster of Membership.

Our Worthy Matron, Helen Walker and Worthy Patron, Leslie Sliver were honored at a dinner party in the dining room of the Masonic Temple, on the evening of Jan. 30th. The decorations were of Red roses forming a large Heart on a white background behind the head table. A centerpiece of Red Roses and green fern was placed on the guest of honor's table while small silver vases with a single red rose was placed on the other tables. The delicious dinner was served in a fine manner by the Estrellite Girls. A chapter of the "Sweet Adeline's" gave us a short journey in song to several parts of the world. The officers also gave a short play of "Helen's Days at the Store".

During the month of March we will have Advanced Officers Night on the 11th. The last meeting of this lovely year will be on March 25.

The installation of the New Officers will be March 28th. Sister Sonoma Woodruff, Past Grand Matron of Indiana, will be the installing Officer.

Your Ways and Means Committee would like to "Thank" each one who gave the $1.00 voluntary contribution. It is greatly appreciated by this hard working Committee.

As our thougbts go wandering back over the past year and its many activities, we find a multitude of memories sweet and dear.

"We think of the friends who walked by our side, of the help they gave on the way,

And we know down in our innermost hearts Those friendships are there to stay.

We think of our offieers and of the service they lovingly gave, as they followed the light of our Star, and they'll find that the good they've done will come back to bless them wherever they are."

Tomorrow

Across the hills from yesterday
And just beyond today,
Tomorrow waits so patiently
To greet you on your way;
Elusive though it seems to be
Beyond the setting sun,
Although today is in the past
Tomorrow cannot come.

A treasured thought is in our minds
Of yesterdays gonehy,
And sweet remembrance fills our hearts
To light a weary eye;
Today, a treasure to behold,
A shining glowing dream,
Tomorrow, ever waiting there,
Beyond our reach would seem.

Tomorrow, what a precious word!
A promise rich and real,
The chance to realize a hope,
A glowing dream ideal;
Another dawn that's yet to be
A day that's ever fair,
Beyond the realm of yesterday . . .
A new tomorrow there.

I am sure we are all guilty of putting off until TOMORROW to do something or other. I wonder how many of us say — tomorrow I will attend the Court meeting and then when tomorrow comes we forget. This year is rapidly coming to a close. Your Royal Matron and Royal Patron would like to see many of you at our meetings in March. Let's make that tomorrow today.

"Another year has passed. What has it brought?
A little deeper and a little wiser thought—
A little truer sympathy of friend to friend—
More earnest striving to a common end?
If this be so, blest was this year, indeed,
And heartily we wish it now God-speed."

And so it is, that with a mixture of sadness and relief, we bring to a close another year in our Shrine. Our motto this year was "Our way to life and living is not in keeping, hut in giving" and we have sincerely given our time and talents in endeavoring to further friendship and good will, not only in our own Shrine hut in others throughout the state. By so doing, we create a bood of fraternal friendship which unites us all as Sojourners striving for the same goals in the White Shrine, although our approaches may differ.

As I stood in the East on that cold, snowy night last March and assumed leadership of our Shrine, I could only hope and pray that our plans for the coming year would materialize and that I would find the strength and ahility to serve well as your Worthy High Priestess. Most of our plans have been fulfilled with the help of an understanding family, friends, and most of all, hy the Sojourners. And we can't help hut feel that God has heen watching over us as we traveled to various Shrines, Official Receptions, and Supreme Shrine Sessions these past few years and hrought us safely hack home again.

I would like to thank my Ways and Means Committee for their untiring efforts in making our various projects successful. A special thanks to my Decorating Committee for making our tahles so attractive when we have refreshments. And a very hearty thanks to our Social Committee for providing us with the goodies to make our social hour after Shrine so enjoyahle. A sineere thanks to the Sunshine Committee for doing such a fine joh of remembering our sick and shut-ins. I would also like to thank the Past Worthy High Priestess Cluh for entertaining us at our Shrine Birthday Party last June and for heing of such great assistance to me throughout the year. An extra special thanks to Soj. Lavon Reim whose clever write-ups in this paper stimulate interest in the activities of our Shrine.

And, most important of all, my sincere and heartfelt thanks to my Mother and Father, Soj. Florence and Soj. Paul Wolf, without whose constant encouragement and support, this year in the East would not have been possihle.

Companions, we welcome as Master of the Third Veil, Clester Platt. He has long been a faitbful worker in the crafts both in the Blue Lodges and the Chapter.

Our Captain of the Host, Dan Dale, has been ill since last month. Dan, we all wish you a speedy recovery.

Our Third District Festival has set the date of May 3rd for Chapter degrees to be held at Bluffton. Fort Wayne Chapter is scheduled to put on the Mark Master Degree which will start at 1 p.m. We will need tbe help of many Companions so if you want to help us please let us know. If we call on you to take a part don't say "no". Many Companions feel that they can't learn parts but we all have that same feeling before we start. We will give you all the help you need.

On Saturday, March 8th there is to be a dinner at South Bend at 6:30. There is no charge for this dinner and includes the ladies. If you have any friends who you think might like to take York Rite invite them and take them to this dinner. Just be sure that you let them know that you are coming and how many. Jim Johnston can tell you who to contact or maybe he will do it for you. There is to be entertainment also. So plan to attend if at all possible. This is an excellent way to get new petitions.

Wednesday, April 2 will be the next York Rite Association meeting at Bluffton. Any Companions are welcome to attend this meeting which will be at 7:30.

The Quarry Festival will he held on August 23rd at Bloomington. If you have never attended one of these Quarry degrees by all means plan to attend and if you have attend anyway. In case of bad weather cover will be furnished. You can take your ladies along as entertainment will be provided at Indiana University. There is no charge for the dinner. Let's have a good attendance from Fort Wayne Chapter for this occasion. This is also an excellent opportunity to get candidates started in York Rite as the Mark Master Degree is put on by an all star cast in the setting of a real quarry.

Remember our stated meeting is on Thursday, March 20 with a dinner at 6:15. So come down and join us.

Judge Kindly

Don't expect perfection in a man just because he is a Mason. If you do, you will be disappointed. Masonry makes men better, but no human agency makes them perfect. If he is a Mason, you have a right to presume he is a fairly good man, but do not condemn Masonry even if a few Masons turn out bad. Even the great Teacher Himself had a Judas. The aim and purpose of Masonry is to receive none but good men, keep them good, and make them better. Judge the Institution, not by a few failures, but by the average of its success. That average is high and it consequently gives standing to its members, but it cannot be an infallible guide.

The Fraternity may decide to do something which you, as an individual member, may oppose. But do not feel that you must condemn the action on that account. You may be right but do not pull away. Even you are not infallible, and the Institution has stood for so many years, you may feel assured that its average performance will be good.

When a Man Is Poor

A man is poor when he has lost the confidence of his friends, when people who are nearest to him do not believe in him; when his character is honeycombed by deceit and punctured by dishonesty. He is poor when he makes money at the expense of his character, when he does not stand out clear, supreme in his idea. When this is clouded, he is in danger of the worst kind of poverty. To be in the poorhouse is not necessarily to be poor. If you have maintained your integrity, if your character stands forth square to the world, if you have never bent the knee of principle to avarice, you are not poor, though you may be compelled to beg bread.

—Queensland Freemason

Remain Free

Tyranny is not easily conquerred, yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheaply, we esteem too lightly. It is dearness only that gives everything its value, and it would be strange if so celestial an article as FREEDOM should not be lightly rated.

Thomas Paine

SAMENESS

Many articles are written which seem to suggest that the "sameness" of the ritual is one of the reasons why brothers do not attend lodge regularly.

What is the natural conclusion? Do these articles suggest that we have a different ritual for every meeting?

We should understand that immortal truths are contained within the Ritual of Masonry. If one witnesses the ceremonies with both heart and mind he will be the recipient of that which is priceless.

Ritual is part of the discipline of Masonry. It has sometbing to impart to us regardless of the countless times that we see and hear it.

The majestic and eternal truths embodied in the teachings of Masonry are not imparted in haste or at a given time. The process is by repetition and by degrees.

Sameness, when the ultimate goal is envisioned, should be regarded as an opportunity to learn, and not as an unjust demand.

Leo Lodge honored our venerable Brother Alvan Tharp on January 24, 1969 for 23 years of faithful service as Secretary of our Lodge. We enjoyed a Pot Luck Supper, then Brotber Tharp received our sincere adulation in a touching ceremony, including the presentation of a beautiful Past Masters Apron as a token of our sincerity.

Mrs. May DePew, our guest at the Indiana Masonic Home, passed away on February 6, 1969, at the Methodist Hospital in Indianapolis. She was interred at the Masonic Home Plot on February 8, 1969 beside her husband who bad preceded her to the house not made with bands.

Our Valentine's Day Box Social on February 15, 1969 at Brother Art Popp's Artisan Organ Studio, was well attended. The Brothers and their wives enjoyed a bit of old fashioned fun. Brotber Popp entertained his guests with beautiful organ music.

We plan to raise two Brothers on March 1, 1969 and three more Brothers will be raised on March 29, 1969. Our Temple Committee has mailed bluc prints to Grand Lodge. One of these days we will have our beautiful new Temple.

The Entered Apprentiec Degree was conferred on January 25. All officers did a good job and I was very proud of them. This is the first candidate we have had since a year ago last October.

Our stated meeting was held February 13, starting with oyster stew at 6:00 o'clock. The stew was excellent and enjoyed by a goodly number of members. Brother Gwen Rinker, P.M., of New Haven, visited us and enjoyed our stew (at least he said he enjoyed it). We were very glad to have him with us and are looking forward to seeing him come back. He promised to help us put on some degree work next time. I am going to hold him to this promise, because he always put me to work when I visited him.

Brother Lloyd Brown presented a short program commemorating George Washington's birthday. The program was very interesting. Thank you, Brother Lloyd.

The Fellowcraft Degree was held February 15 and everyone did his work well.

Plans are now being made for a Guest Night dinner with Monroeville Lodge. A letter will be sent out as soon as the plans have been completed.

"Mason of the Month" — If you would like to see a member in lodge who has not been there for awhile, give his name to Brother Jim Irwin. He will make the selections and arrangements for your friend to be in lodge as "Mason of the Month."

A "Seventeen Fund Club" plaque is being prepared and will carry the names of all our club members on it. This plaque will be placed in our ante room and later moved to our new building.

Our Secretary reminds me that our dues are payable on December 31 and to date there are a few who have not paid. Don't wait until the deadline..

Brethren: It is time again to try to transpose on paper our thoughts and deeds for the past month. Our thoughts are plentiful but our deeds are few. If our thoughts and deeds were more equal then Masonry would be a "progressive science" indeed. It seems a shame that science, electronics, and material things are being developed so much faster than something as useful as Masonry.

Now that the year is off to a good start and much more settled, the planning of coming events are being made along with one or two special events which we hope will improve interest in the lodge. At the last meeting the idea of presenting a Masonic play was received with mixed emotion, but with the help of all one can be presented, and I'm sure it will improve relations. The assistance of all is needed.

Try to attend lodge next month, it might bring back fond memories and renew old aquaintances.

The Quiet Youth

The youth who protests, dissents, and disrupts gets most of the headlines today.

The youth who dedicates himself to be a better son and man; to honor his parents; to love and serve God, his country, and fellow men; to uphold the public schools; to slander no one; and to exercise tolerance in the opinions of others makes less noise and gets fewer headlines.

More than 165,000 boys who belong to more than 2,500 chapters of the Order of DeMolay have dedicated themselves to the old fashioned virtues listed above. Next month DeMolay will celebrate its 50th birthday and can look back on the initiation of nearly three million boys, each of whom dedicated himself to the order's standards.

DeMolay is typical of many organizations in the United States which attract bright, hopeful youngsters who want to live useful lives as adults. Many physicians are among the adults who contribute their time and talents as sponsors for DeMolay —and the other organizations — to help the young people reach their goals.

DeMolay, its boys and its adult sponsors, are to be congratulated for 50 years of achievement.

Scottish Rite To Open Spring Convocation

A. A. Scottish Rite will open their Spring Convocation April 12th. Degree work will be given Saturday, April 12th and Saturday, April 19th, closing with a banquet Saturday evening at 6:00 p.m.

The speaker for the banquet will be the Ill. Edward S. Piggins 33°, Past Commander-in-Chief of the Detroit Consistory.

He is judge of the Third Judicial Circuit of Michigan with a brilliant background in crime at all levels. He has served as Detroit Police Commissioner and in that position gained invaluable knowledge of crime and criminals. He is also a past president of Detroit's Civic Plan Commission and a Past Master of Zion Lodge No. 1 F.&A.M. as well as a former Grand Commander of the Michigan Grand Commandery.

Those Scottish Rite members who have been privileged to hear Bro. Higgins speak can testify to the eloquence of his plea for all to join in the fight against the crime and violence so prevalent in our country today.

A THANK YOU NOTE

To the Shrine Masquers and Jobs Daughters, Bethel No. 71, Huntertown. I wish to state my deepest appreciation along with many other Veterans for the entertainment which you gave at the Fort Wayne Veterans Hospital on January 30th, sponsored by the Masonic Service Association of the United States.

It really relieves the tension of being confined day in and day out, and stay abreast with the times, in the variety in which it was offered. I for one doubly appreciate the fact that they are taking time away from their families and personal efforts to do this for us.

Also must mention the wonderful refreshments and the way they were served by the girls was outstanding.

Thanks again and come back again.

Good Old Days

They Weren't So Bad, After All

By WAYNE GUTHRIE
Grand Steward and Tyler

Are you an old-timer?

If you can remember some of the things that were commonplace you're an old-timer, at least in the minds of some moderns.

Let's conjure a few of them. See whether you can remember:

When everybody left the front door of the home unlocked all the time.

When riots were unthinkable.

When a drive Sunday afternoon was a pleasure, not an ordeal.

When everybody took it for granted that women, elderly persons and members of the clergy would be treated with respect.

When you knew the law meant justice and you got a shiver of awe running up and down your spine when you saw a policeman.

When popular songs had a tune.

When "socialist" and "socialism" were bad words.

When "liberal" was not.

When a boy was a boy, a girl was a girl and you could tell one from the other.

When everybody knew, recognized and respected the significance of the Fourth of July.

When a nickel was worth five cents.

When a dime would get you into the movies Saturday afternoon to see not one, but three, movies.

When a woman or girl was considered unladylike if she dared smoke at all—let alone in public.

When you always could find somebody willing and able to do a repair job when you wished something done.

When a person who went wrong got the blame instead of it being placed on his father's income or his mother's rearing habits.

When you weren't afraid to go out at night.

When all sermons invariably were about religion—not sociology.

When you never dreamed the United States could lose a war.

When almost without exception the poor were too proud to take charity.

When people of a community took care of any and all cases of need and distress in their locality without fanfare or public notice.

When criminals went to jail.

When the American flag was a sacred symbol that was respected and never desecrated.

When young fellows tried to join the armed forces.

When everyone knew and respect-

Greeting Brethren:

It was indeed pleasing to see the large turnout for the Master Mason degree on March 3rd. Brother Arthur G. Spirou was raised to the sublime degree of a Master Mason. The complete degree work was put on in full form and was accompanied by beautiful organ music played by Past Master Albert Jay Fisher.

We received many favorable comments on how beautiful the degree work was with organ music and in full form. We plan on music for all degree work, Won't you come and join us . . .

Plans are being formulated for an Easter Card Party to be held Friday evening, April 11th. Members will be contacted by our telephone calling committee, or you may reserve tickets by calling one of the officers. Refreshments will be served.

Lodge will be dark during April, except stated meeting on April 14th.

Coming events in May: PAST MASTERS NIGHT Monday night, May 19th. Veterans Hospital visitation May 12th.

DON'T FORGET DEADLINE IS FAST APPROACHING FOR 1969 DUES.

Brother Ward Milton is again confined to Parkview Hospital Room 711. Other brethren who are ill and confined to their homes are Robert Oliveri, Blaine Jones and Guy O. Hunt. I am sure that these brethren would appreciate a visit from some of you.

See you in lodge brethren.

My Brothers, this month of April brings Easter and the renewal of our joy in the promise of life everlasting. On Easter Sunday, the minister views from his pulpit a capacity crowd, all dressed in their new finery. The congregation listens intently to the minister's message as he lifts his gaze to the heavens and exclaims, "Hallelujah, Christ is risen." They join exuberantly in the singing of the triumphal hymns of this most meaningful religious season. The collection plates reflect the generosity of Christians on this holy day. The members leave the church with a feeling of satisfaction, peace, and security.

The following Sunday, however, finds the church attendance back down to normal, the "Once-A-Year Christians" absent for another year.

The Masonic lodge faces this same problem. For our important social functions, such as Ladies Night and Homecoming, we see a number of Brothers that we see at no other time. When the officers of the lodge take their stations on lodge nights, we find only the "faithful few" in attendance. A lodge can be as strong (or as weak) as the collective interest of its individual members. The best efforts of the officers can accomplish little without dynamic and committed efforts on the part of the membership. We need the advice and counsel of our senior members just as much as we need the active participation of our newest Master Masons. Our Past Masters are invaluable guides for all of us and should not consider their participation as finished when their year as Master is completed. We urge you to join us on Friday nights in Masonic fellowship; don't be just a name on a membership roster.

Highlights of April: The Fellowcraft Club will journey to Tippecanoe Lodge No. 492, Lafayette, Indiana, on April 5th, to put on the second section and lectures of the Master Mason degree. We have four candidates in April and dinner will be served at 6:30 prior to the Entered Apprentice degree work on April 11th and the Master Mason degree work on April 25th. In May, on our stated meeting night, May 2nd, we have a noted explorer, Edgar Keefer, 50-year-Mason and Past Master, who will present his travelog on Alaska. This will be open to all Master Masons of all lodges and their guests, any men who might be prospective members. Refreshments will be served following the meeting. Saturday, May 3rd, we will be host to the members of Tippecanoe Lodge on their return trip to confer the Master Mason degree.

Support your local Blue Lodge.

Greetings Brethren: I am sure you have heard the words "As we advance in Masonry so should we advance in knowledge". How true these words are for me, especially after serving as your Worshipful Master for three months. This is certainly the greatest challenge of my life, having this opportunity to be your Master. Each month, each week, and in fact each day I find and learn new things that I had not known before. As many of the Past Masters have put it, and all ready I know why they say it "by the time your year has ended as Master you feel like you are qualified to be a Master." But this is true with everything as we go through life.

I am happy to report that Sol D. Bayless is having a very prosperous year as for receiving petitions. We have three being investigated for April. April 7th will be stated meeting, with Entered Apprentice April 14th, Fellow Craft April 21st, and Master Mason April 28th.

Brethren, please do not forget that your dues must be paid by the Stated Meeting of April or charges will be constituted for non-payment, as set forth in Sec. 1 of Article 6 of the By-Laws of your Lodge.

May 10, 1969 we will be hosting our ladies at our annual Ladies Night. Our plans as of this writing are not complete, but will be shortly and will be announced in Lodge and in the May issue of the Square and Compass. We have a real fine program planned, and hope that you will keep this date open. This is the eve of Mothers Day and we hope that you will want to treat your favorite lady to a fine meal and some exceptional entertainment.

Tickets are available from all officers, at the Temple or at the door.

Since my last article, Brother George Liminger has been called to the Celestial Lodge above. Burial was in Pompano Beach, Fla. To the family and friends we extend our deepest sympathy.

As of this writing brothers Fred Figel is in Parkview Hospital, and Robert McClure is in the Lutheran Hospital, Brothers Howard Walker, Donald Monroe, Frank Hickman, and Past Masters William I. Butz, and Charles Fuschuber have gone home. To all of these brethren, and any one else that may not have been reported we wish a very speedy recovery.

Brethren; Why don't you kick the Monday night habit, leave the Boob Tube, and the little women and come to lodge? You might be surprised at what is going on there, and your wife might enjoy having a night home alone. See You in Lodge?

Brethren, I would like to thank all who put themselves out to call and comment on last month's article. Apparently, from the number of people commenting, I must have struck a nerve with the portion about respect for prayer and the flag, and maybe this would be a good standard to bear, or project to undertake. In this day and time when architectural treasures are being destroyed by dissenters, national symbols being defiled by objectors, authority being tested to find the breaking point, and security of home, body, and mind being undermined by pornography and obscenity, maybe it really is time for Masons to pass on to those less informed some of our teachings . . . for You, my Brother, have been taught respect for religion, prayer, flag, country, and particularly yourself. Let us attempt to "walk tall", to exemplify that complimentary term "Good Mason" that we have heard many times. By our conduct and examples, we can lead the way.

April 30 will be the night we honor our Past Masters and Charter members with our annual dinner. This will be served at 6:30 p.m. in the Dining Room of the Temple, and we would ask that you pass the word along to all our good Master Brothers, as there will NOT be a mailing to specifically call attention to the dinner. Past Master Robert Gutman will give us an inspirational message, and we hope to present at least one 50 year award.

June 7 will be the day of our annual Golf Party. We hope to have tickets in the hands of the officers and all the committee by the middle of April, and hope to be in touch with a great number of members so we will have a good turn out this year. In order that some may learn more about this affair, we have a day of golf, arranged individually and open to our Ladies, after which we have a fine dinner, enjoy some fellowship, cards, and conversation. A large number of our members seem to look forward to this event and we hope you will join in the fun. Look for more details in the May Square and Compass.

February saw us almost raise a Fellowcraft. We met, "et", but the poor candidate had the flu and couldn't make it, so a good practice session held by the Fellowcraft Club now insures us a fine performance in March, and we hope to have raised two candidates by the time you receive this article.

A number of questions have been put to your Master and the Secretary about our financial status . . . and we have any plans to present an amendment to the By-Laws to raise the dues as some have already done. By late fall, we will know if we must do so or if we can operate another year without this action. Regardless of the present I sincerely hope

believe we can continue our fine programs of fellowsbip without an increase. We are certainly going to do all we can to stay within a proposed budget, however, that budget is predicated on retaining our membersbip at the same level as 1968, and we have now arrived at tbat time of year wben it is the painful duty of the Master to suspend those who have not paid their dues. Have you paid yours? Grand Lodge regulations cover the problem very thoroughly, and the Master bas very little choice in the matter, so if you haven't, please do immediately, and if you know of one who bas not sent his check yet, please urge bim to perform this duty at once.

Greetings Bretbren:

How fast the time fliesl Here it is April already and time for yard work, golf and the bundred and one things to keep us away from the lodge.

As this column is being written, we anticipated a good turn out for our Annual Past Masters Night. The P.M.'s, those stalwart supporters of the Lodge, occupied all chairs for the work in conferring the Master Mason Degree. We congratulate Brother Stanley Wajiescbowski and welcome bim as our newest Master Mason. Congratulations are also in order for Brother William E. Budd wbo was raised on January 23 and is already active in the degree work, and to Brother Harry Rondot who was raised on the same date.

Two 50-year veterans were bonored at Past Masters Nigbt with the award of gold. Brothers Thomas J. Errington, Sr., and Earl J. Gobert have reached that milestone in Masonry.

Plans are being completed for the first of the Ladies Nights to be offered this year. The date is May 17, Dinner at 6:30 followed by an interesting program presented by Rev. C. S. Overmeyer of Waterloo, Indiana. Rev. Overmeyer visited Israel shortly after the 7-days war and has a number of interesting slides of that historic land so important in Masonic circles. Tickets may be obtained from any officer of the lodge or from Mrs. Leiter.

Brotber Kenny Rayl reports excellent turnouts for the Vets bospital visitations. Next ones for Wayne Lodge will be April 21 and May 5.

Memorial Services were held at Klaehn's for Brother Clarence A. Olds, a 60-year member, wbo was called to the Celestial Lodge above on February 18. Brother Charles W. Winbaugh, wbo was made a Master Mason in 1910, was called on March 11. To the family and friends of these Brothers, the sincere sympathy of the lodge is extended.

Your Master called on Brother Tom Errington, Sr. who was bospitalized and am happy to report he is well on his way to recovery. Brothers Harry Starke and Fred Goshorn also had brief bospital visits but report well on the road to recovery now.

Our Secretary wishes to remind some brothers that there are a few delinquent dues. Please contact Brother Smith if you have forgotten to do so.

Again we wish to remind the lodge of the great help the 10-10 pledge affords our Masonic Home. Why not contact our Secretary today. Just think, only ten cents per week, and the good it can do.

Before closing we wisb to pass on some thoughts to those who receive petitions from friends and acquaintances. The petitioners for the degrees are the life blood of the lodge. The transfusion (or should we say, transplant) of the new ideas and enthusiasm of the new members are vital to the ongoing and growth of the lodge; however, be particularly careful to remember the admonition given to every newly made Mason, and in addition be certain the desire to become united with us is a real and sincere one.

Watch the Masonic Calendar for lodge activities. See you in Lodge.

This will be my last chance to remind you of our Ladies Night which is Saturday night, April 26. Tickets are now available and may be obtained from any of the officers. Also you may call the following for reservations secretary James Lucas Phone 484-5353, Senior Steward Max Zimmerman 747-2027, Junior Steward Robert K. Wehner 456-8734 or myself phone 426-5352. Ticket donations will be $1.50 each. No reservations will be accepted after Tuesday, April 22. This is necessary so that we may know how much food will be needed. Our Senior Warden Carlos Porter advises that entertainment will be provided by the "Four to Go" group comprised of Wanda Pohl, Carolyn Brown, John Smith and Luther Patrick.

This will be a musical comedy variety show and an evening of excellent entertainment is assured. Dinner will be served at 6:30 with the entertainment following. Get your reservations in at once.

Our sympathy to the families of Bro. Cecil Coil wbo passed away on Feb. 18 and Bro. John J. Welch who passed to his eternal reward February 9.

Last month I stated that in this issue I would give some data and information on the Indiaoa Masonic Home wbicb every Masoo ought to know.

First I would like to quote from Brother and Dr. Bill Martz of Mount Moriah Lodge No. 77 as follows.

"Do you Bretbren know what you have in the Indiana Masonic Home at Franklin and do you appreciate it, be asks? Well let me tell you something, Dr. Martz continues; I have visited many geriatric institutions throughout the country, and I can say without fear of contradiction, that no finer facility for the care of the aged can be found anywhere in America".

This statement certainly carries a lot of weight for Dr. Martz is president of the American College of Cardiology, a member of the faculty of the Indiana University School of Medicine, and Director of the Clinical Research Division of Eli Lilly and Co.

I will now give you the following statistics taken from the report of the Board of Directors as of March 31, 1968. The total number of guests at the Home was 435 and is broken down as follows:

Masons 85, wives 12, widows 165, O.E.S. 157, boys 6, and girls 10.

There were four women and one man on the hospital waiting list and none on the regular waiting list as of March 31, 1968. There are 197 beds in the hospital and as of above date 190 were occupied. The average age of the guests is approximately 82 years and it is necessary to bave beds available at all times to take care of emergencies which arise. This is the reason for the 7 empty beds.

The daily cost per guest in the hospital is between $14 and $15 and this includes everything. The daily cost for eacb ambulatory guest is approx. $6.00. One look at the above figures will certainly convince anyone that the superintendent of the Home, Bro. Roy O. Turner Jr. is doing a commendable job.

The Home is now however in financial difficulties and following are a few of the reasons why.

The per capita assessment bas not been increased since 1958 but some of the increases in operational costs follow.

In 1958 nurses were receiving $375.00 per mo. Now they are getting $635.00 per mo. Nurses aids from .62½¢ per hour to $1.40 per hour. Orderlies from .77¢ per hour to $1.86 per hour. Drugs and supplies have increased 2 to 3½ per year and so on down the line.

This is why the Masonic Home assessment must be raised when Grand Lodge meets in May and one reason why our annual dues had to be raised to $20.00.

Brethren we must come to grips with our commitment at the Indiana Masonic Home unless we want it to revert to the status of an old time poor farm.

We now have three candidates and will be having degree work during April.

A busy time is ahead for Three Rivers Lodge. Two new petitions were read at the March 11th stated meeting and are in the process of being investigated at this time. They will be voted on in the April 8th stated meeting.

Voting on three petitions was also held at the March stated meeting with the ballots clear. Two candidates have started their work. One receiving the Entered Appreotice Degree on March 18, and the other receiving it on March 25. They both will receive the Fellowcraft Degree on April 1. A meal will be served at 6:00 p.m. and lodge will open at 7:00 p.m. Another candidate was voted on, but will not be able to start his work until May.

The lodge also granted a waiver of jurisdiction to John Forrester that was requested by Columbia City Lodge.

The secretary, Curtis Heston, reminded tbe members that dues must be in by the April 8th stated meeting as a committee must be appointed at that time to investigate the reasons for non payment of dues.

Past Master T. C. Mohr, director of the play "Rose Upon The Altar" has been in contact witb Daleville Lodge and we will probably be traveling there on April 30th. He has also been contacted by two other lodges concerning the play this fall but no date has been set at this time.

Past Master Albert White reported that James Bowser P.M. bad been elected as president of the Associated Masonic Trustees at their annual meeting. Three Rivers is proud that Brother Bowser was elected to this high honor and know he will keep up the good work.

Brother Mason,

April to me is a serious month. One in which we should pause for awhile and review our blessings, then consider the faults we may have and try to correct as many of these as possible. This my brother is what Waynedale Lodge will be doing this month. We start at our Stated Meeting by honoring the memory of Brother Dan A. Niebel (deceased) Past Master of 1958, and William H. Herman, Past Master of 1959. By honoring the fine men who have served as Masters we can indeed see how blessed Waynedale Lodge has been. Reviewing the problems and accomplishments of the dedicated Past Masters will afford us the opportunity to compare Waynedale Lodge of today with that of yesterday. Such a comparison can show us where we might need to "Raise our Masonic Sights" just a little higher. April gives us a chance to really study this challenge as our candidate this month will be an experienced one. We will trace his footsteps from the time he first makes it known that he is interested in Masonry till he receives his dues card. The new Mason who may have some questions, the brother who wants some practice, or the member who seldom attends hut would like to review some of the ritual, all are cordially invited to attend.

Waynedale Lodge wishes to extend its deepest sympathy to the family of PFC Gary Genth. This inspired young man received his Entered Apprentice Degree Novemher 8, 1967, was passed to the degree of Fellowcraft Novemher 15, and was raised to the Suhlime Degree of a Master Mason November 29, 1967. He entered the Army May 27, 1968 and was serving with the First Air Cavalry Division in Vietnam. At the age of 22, he was killed in action on February 19, 1969. Masonic Memorial Services were held on March 4. There were 38 Brothers in attendance.

We know of three Brothers who are on the very sick list. In March our Treasurer, Mack Fehman entered St. Joseph Hospital, Room 409, our Tyler, LeRoy Vulgamott and Brother Merle Rust entered the Lutheran Hospital. Their respective room numbers are 327 and 668. Hope this article finds them on the road to recovery. I am sure they would enjoy a visit or phone call.

March 5, we had the pleasure of awarding Brother Wayne Carsten a 25 year pin. Wayne was raised to the degree of a Master Mason Feb. 8, 1944 at Roanoke Lodge No. 195. He affiliated to Waynedale Lodge May 24, 1955 and is a Charter Member. Congratulations Brother Wayne!

March has shown considerable progress on our new Temple. The walls are raising, steel has heen added, wiring and plumhing is heing roughed in. The efforts of many hrethren are really showing results. These men have a right to feel they are 10 feet tall, everyone can see what they are accomplishing. You too may have this feeling, simply hy stopping at the huilding any day of the week and asking what you can do to help.

I have asked a few men to call and personally invite you to join us in this great undertaking, hut please don't wait for us to call you, we may not he ahle to make contact and you might miss this great opportunity.

The date and place for our "Ladies Night Banquet" has heen established as 6:30 Saturday, May 17, 1969 at the Calvary United Methodist Church on the Winchester Road. Reservations in advance only, so contact any officer.

Waynedale Lodge will have called meetings April 9, 16, and 23, all to start at 7:30 p.m. These meetings will he devoted to "Raising Our Masonic Sights", hy practicing the ritual, instructing uninformed Brethren, and improving our service to new candidates. The fifth Wednesday, at 7:30, there will he a Social Night, no meal, just good fellowship, a film, and a light hed snack.

May you and your loved ones bave a Happy Easter!

The world is full of problems,
There's much to cause distress;
We are all bowed beneath cares
That round us press.
There's only one solution,
It's simply stated thus;
A little less of you or me
A little more of us."
The rule of each one for himself
Most foolish is to follow;
It brings no savor to the game,
Its victories are hollow.
For the other plan has never failed
To bring satisfaction plus;
A little less of you or me,
A little More of us."
A flake of snow is very small,
Its lost to sight quite quickly;
But many flakes combined will fill
The roads and pathways thickly.
United we can face the fight
Without distress or fuss;
A little less of you or me,
A little more of us."

It is our hope and prayer to guide our Chapter through another useful and successful year, but to do so, we need the assistance of each member of our Chapter. So when you are asked for help, remember your obligation and lend your support.

Under the leadership of Sister Jeanette Stonebreaker and Brother Dick Stonebreaker another successful and a memorable year of Shiloh Chapter has been completed. They wish for Sister Kay and Brother Art and their officers a happy and successful year as they assume the offices of Worthy Matron and Worthy Patron.

On March 29th the newly elected and appointed officers were installed in the Commandery Room of the Masonic Temple. Before the 1968 officers retired Sister Betty Scott presented to Sister Jeanette her Past Matrons pin and Brother Phil Holman presented to Brother Dick a Past Patrons lapel emblem. These gifts from Chapter in gratitude for their service to us.

The Commandery Room was lovely in its decorations. The East as a rose garden. White picket fence and trellis with red and white roses. The open bible with Worthy Matron's scripture. Her Motto "Prayer is our telephone to God". The praying hands, red roses and two topiary trees of red roses on platform and in front of the podium. In the west was a fireside basket of large red roses.

Installing officers were:

Installing Grand Officer, Sister Justine Miller; Installing Grand Marshal, Sister Ruth Petty; Installing Grand Chaplain, Sister Helen Hutchison; Installing Grand Organist, Sister Lucille Thompson; Obligation, Brother Murray Petty; Prayer, Brother Clayton Herrick P.G.P.; Soloist, Brother Floyd Mettler.

Sister Kathryn was escorted East by her son, Lon, as Brother Floyd sang "As long as He needs me". Star points with whom she had served and her own points formed her escort and she was presented a bouquet of red roses as she approached the East.

Brotber Arthur was escorted by fellow employees from the post office as Brother Floyd sang "He".

Officers installed were: Worthy Matron, Kathryn Vonderau; Worthy Patron, Arthur Vonderau; Associate Matron, Geraldine Crouch; Associate Patron, Paul Wolf; Secretary, Rose McGraw; Treasurer, Dorothy Adler; Conductress, Vancha Collins; A. Sister Jeanette was escorted to the Marshal station by Sister Betty Scott and her appointed officers as Brother Floyd greeted her in song. Sister Ruth Petty and Brother Murray Petty were escorted to the East where they were introduced as Sister Kay's Fraternal Mom and Pop. Brother Dennis Eldridge approached the East and presented our W. Matron a gavel which he had made from Monkey Pod wood which Kay and Art had brought back from their Hawaiian trip.

A word from our Worthyy Matron: There are three lessons I would write, Three words as with burning pen in tracing of eternal light, upon the hearts of men.
Have Hope, though clouds are gathered low, and gladness hides her face in scorn, Put off the shadow from thy hrow; no night but hath its morn.
Have Faith, where'er thy bark is driven — through sullen calm or tempest's mirth, Know this: God rules the hosts of heaven, and the inhabitants of earth.
Have Love — not love alone for one, hut man, as man. Thy brother call: And scatter, like a circling sun, Thy charities on all.

Thanks to everyone who took part in her installation. Her four little granddaughters dressed alike in dresses she had made. And her five grandsons who were there. She especially thanked Sister Justine for being installing Grand Officer, not only hecause she is a Past Matron of Shiloh Chapter but because she is her aunt.

Sister Kay and Brother Art were escorted to the Altar where they signed our Holy Bible.

A reception was held in the ballroom which was beautifully decorated in red and silver. Red from the red rose of Electa and silver for her 25th year as a member of Shiloh Chapter,

I will forgive to keep me strong.
When others speak an unkind word,
I will forget what I have heard.
When others fail to do their part,
I will do more with loving heart.
When others fail to give me praise,
I still will go the loving ways.
When some are praised for what I do,
I will do more and praise them too.
I will do more so I may know,
God's peace and joy where'er I go.

In the West was the scripture chosen for the coming year — "For we walk by faith, not hy sight." Four foot six inch broken columns entwined with yellow roses stood hehind the point chairs.

As Sister Louise was escorted to the East, she was greeted in song hy Sister Carol Munk, Past Matron. Our new Worthy Matron was escorted to the East by her two youngest sons, Carl and Doug, through an aisle of her Star point sisters and her appointive officers, who held an arch of star-tipped wands.

Brother Bob was escorted to the East through an aisle of his brother Masons by his two oldest sons, Baron and Bill.

The watchwords, "Faith, Love, Friendship," surrounded by yellow roses formed the back drop in the ball room where the reception was held, following the installation. A punch fountain was the center of the serving table, from which punch, coffee and cake were served to the many members and guests. The refreshment tables were decorated with arrangements of yellow roses and fern.

"May love open the book, And faith turn its pages, May hope never faileth in Thee. For we all need a guide, And someone to follow; And, Lord, our choice is Thee." This is our prayer as we start our year in the East. We have chosen as our theme "Lasting Friendships", with watchwords of Faith, Love, and Friendship. Our colors are Green, White, and a touch of Gold; and our flowers are the yellow rose with fern and a touch of evergreen. Our emblem is the Broken Column and our symhol "A Book". As we "serve with a smile", we ask that Fort Wayne Chapter serve with us — "for we walk by faith, not by sight." See you in chapter.

Louise and Bob

Dear Lord,

That we who have seen the Star,

And help them wherever they are
May envy and bate and malice
Wither before the flame,
And the eternal fires of God light up
Our hearts in the Fathers Name.
Worthy Matron

Thank you Beth, your officers and committees for giving Trinity Chapter a Happy Year.

We now turn the page to another year. Trinity Chapter held its installation March 22nd in the Masonic Temple. The room was beautifully decorated. The East represented a garden with a buge dimensional star, representing the light, a star lit pathway, in the garden, reaching to an extended hand. In the background were the Matrons watchwords "Love and Service" her motto, "Light a pathway and lend a Hand" this was all done in silver. In front of the dais, was a velvet colored emblem, a Bible within a Star, flanked by palms and lilies. In the west were stained glass Cathedral windows. Behind each star point chair, were double Topiary Trees, the ball on the bottom representing the color of its station, the top covered with the peace rose, the Matrons flower for the year.

Officers entered the room in yellow dresses. The Worthy Matron was escorted to the east by her husband thru an arch formed by Chaplains and Past Matron, while the soloist sang "The Lords Prayer". My Task

To lovc some one more dearly every day,
To help a wandering child to find his way,
To ponder o'er a noble thought and pray,
And smile when evening falls—
This is my task.

To follow truth as blind men seek for light,
To do my best from dawn of day till night,
To keep my heart fit for his holy sight,
And answer when He calls—
This is my task.

And then my Saviour by and by to meet,
When faith hath made ber task on earth complete,

These are my riches

My riches are the fellowship and friendships I have made,
The neighbors and companions, yes, and kindness they've displayed.
My wealth is all the blessings that a lifetime's given me;
The dreams and all the memories of days that used to be.
My fortune is the mellowness of age that years convey,
Without regrets for 'might bave been,' or 'cbance that got away.'
My treasures are the promises, tbe happiness, the cbeer,
The bopes fulfilled, the faitb restored and confidence sincere.
My riches, yes, are dreams I've had, the peace I've striven for;
And wben the books are balanced, who could ask for anymore.

This is our wish to all Sojourners as we begin our year of service to Faith Shrine. Our Theme, This above all to Thine own self be true, Emblem, Triangle, and a goal to strive together.

Sir Knights:

We welcome Sir Knights Charles Taylor, George Diemond and Joseph Stall into the fellowship of Knights Templar. They were Knighted in a very well conferred Order of the Temple on March 13. Thanks to all who assisted with the work, and to those who attended.

The plans for Easter Sunrise Service are all made, and our Prelate tells me all is guaranteed except the weather. The committee chairman may ask for help, if you are asked, pitch in and help make this the biggest and best service yet.

Plans are in the making for Knights Templar Boys Camp at Camp Crosley. The camp fee for each boy is $25.00, which includes $2.00 for spending money. We would like to send 15 or more boys from Fort Wayne Commandery, but we need contributions to do it. If you wish to assist us in this worthy cause see Phillip McCague, Bernard Smith, or myself.

Group 3 will be putting on the York Rite work on May 3 and May 10. Remember these dates and get in those petitions. The Chapter and Council degrees on May 3 at Bluffton and the Orders of the Commandery on May 10 at Fort Wayne.

Companions, we will install two more Masters of the Veils. Companion Guy Sills as master of the Second Veil and George Diamond as Master of the First Veil.

We know that Masonry does not exist to combat any particular cult, or propagate any precise dogma on the outside world.

It is not constituted for benevolence alone, although benevolence has a significant place in its precepts and practice.

It is not for social fellowship; although that forms part of it.

It teaches no science, yet science holds an important position in it.

It favors no philosophic school, yet a profound philosophy permeates its system of symbolism.

It instructs no special art, yet all the arts are honored.

It has no religious creed, yet religion forms its foundation and crowns its pinnacles.

It is not the product of any age, nor the work of any nation.

It is the evolution and growth of centuries, and has received contributions from many nations and peoples.

The mission of Freemasonry is the building of the ideal Temple, and he is the true Mason who works true to the plan of that Temple.

He has to build himself, and thereby contributes to the building of humanity. — Edward Leslie Beers, Grand Master, New South Wales.

The degrees of the Chapter are known as Capitular degrees where the degrees of the Blue Lodge are Symbolic degrees. The term Capitular is given these degrees because they are the capstones of Ancieot Craft Masonry. These degrees complete the knowledge gained in the Symholic degrees. Thus you will find how the work of the Blue Lodge and the work of the Chapter are connected together in the most intimate way, neither being complete without the other.

Ask your Blue Lodge Brethren to complete their Masonic work by joining York Rite. Actually a great number of Blue Lodge Brethren know nothiog or little about our degrees and it is up to each of us to enlighten them and getting their interested participation.

Remember our stated meeting is April 18th and petitions should he in for the May 8 All Degree Day at Bluffton. Come down at 6:15 and join us at dinner.

Greetings Brothers, Spring has arrived and the Easter season is upon us. By the time you receive this we will have raised one Brother to the sublime degree of a Master Mason. We congratulate this brother and welcome him into Huntertown Lodge.

I would like to report that at our stated meeting of March 6 there were two petitions read and are in process of being investigated. Also, one has been elected to receive the degrees. A committee has been appointed to revise the By-Laws of our lodge.

A group of the officers from Huntertown visited Rome City Lodge on March 4 for the F.C. Degree and had a very enjoyable evening. The Master and some of the members gave us a guided tour of their new lodge, which is nearly completed.

This lodge has a membership of 68 members and they have been doing the work themselves. I would like to commend them for a job well done. They can well be proud of their new temple.

Dates to remember for the month of April.

April 3—Stated Meeting 7:30.
April 7—Jobs Daughters Royalty Night 7:30.
April 8—O.E.S. Stated Meeting 7:30.
April 9—Veterans Hospital Visitation 7:15.
April 10—F. C. Degree 7:30.
April 21—Jobs Daughter Friends Night 7:30.
April 24—M. M. Degree, Ham Supper 6:00, open Lodge 7:30.

Since the month of April brings to mind Income Tax. I would like to close with this little ditty called

INCOME TAX BLUES

We work and work and strive and strive
Until we're only half alive,
And then along comes Income Tax
And shovels in our dough in stacks,
And after we are left forlorn
With harried nerves all worn and torn,
Then we begin to wonder, Chum,
If it's not best to be a hum.

See you in lodge.

The March Mason of the month is Brother James F. Harkless, raised a Master Mason March, 1917. Brother Frank has served his lodge as Tyler 1937, 1938, 1939, 1962 and 1963, as Senior Steward 1924 and 1931, as Junior Warden in 1926 and received his Award of Gold March 11, 1967. We appreciate the help Brother Frank has given us and we are proud to name him Mason of the month. Congratulations! Brother Frank was escorted to the East and seated at the right hand of the W.M. for the entire meeting.

If you have a brother you wish to have named Mason of the Month, please give his name to Brother James Irwin and he will make all the arrangements for our next Mason of the month.

The buildings are gone and at this writing clean-up has begun. There is still a lot of work to be done before our lots are cleaned up and I wish to thank Bro. Clarence Lyharger and all the Brothers who helped take down the buildings. I understand that some who helped were not members of our lodge. Thanks to all who helped.

Now that the lot is almost clear, the job of keeping it clean and mowed will soon be at hand. Bro. Phil Lydy is Chairman of the committee to keep it presentable. We need volunteers for grass cutting, etc. Please contact him and a schedule will be worked out. This is a job that will only take an hour or so a week, and prior to this year we depended on the good neighbors to keep it clean. A lot of attention is on us now and I don't want anyone to say we don't take care of our new property.

The Master Mason degree was conferred on Bro. Cecil Ray Gottschalk March 20. Bro. Ray was raised by his father, Bro. Cecil. Thanks to all the Brothers who helped, especially to W.M. Don Stark and P.M. Gwen Rinker from New Haven lodge. Congratulations, Bro. Ray. Refreshments were served after the meeting and enjoyed by all.

Our Seventeen Club is growing. This month we welcome two new members, Bros. Edgar Kraft and Lloyd Brown. Thanks to both of you and welcome to the club. This brings the total number of members to nine, and we still have a lot of pins to give away. Our total contributions are now over two thousand dollars —a good start, but we still have a long way to travel.

Our Guest Night Dinner is set for April 19. For particulars, see the front page.

Bro. Cecil Jamison had quite a serious accident and almost lost an arm in the power take-off of his tractor. Due to the quick action of his brother, Alvie, the mishap was not as serious as it could have been. We are sorry this happened, Bro. Cecil, and hope you have a speedy recovery. At this time Bro. Cecil is able to be out and around some, but does not have the use of his arm yet. I suggest that the brothers take a little time off and go visit him.

Spring is here once more, but let's not lose sight of our lodge. Our stated meetings are still the second Thursday of each month.

Brethren: It gives me a great deal of pleasure and my personal thanks to all the Brethren who are attending lodge. I hope it continues to grow with each meeting as it gives the officers an incentive to do the best work that they can and when they meet together our knowledge of Masonry grows as well as Brotherly love for one another.

Our "hard times" pot luck was enjoyed by those that attended on March 14. I hope all of you were contacted by phone as this committee, headed by P.M. Jean Wineshurg is in full swing. Our J.W. Kenny Gibson prepared the meat, rolls, and coffee with the assistance of his wife "no douht." Thanks for this and to Brother Frock for the movies.

At this time I would like to personally thank Mervel Smith, Worshipful Master of Olive Branch Lodge for the invitation to the oyster stew supper. It was delicious! I would also like to thank him for the many times he has come to our lodge to help out in various capacities. To those who have never met this brother; he is "one heck of a swell guy."

We have got two petitions for transfer and one for the Degrees. If the ballot is clear, the second Wednesday of April will be Entered Apprentice Degree so to those with ritual work, "bone up" and to all brethren, come down and support us!

We wish a speedy recovery for P.M. Lyle Tustison who has been in and out of the hospital a couple of times. Our thoughts and prayers are with you.

This is all from the East for this month. Hope to "See You in Lodge."

We are planning an officers meeting and supper with the wives attending in April.

Our Temple Committee is restless and active as the plans for the new Temple slowly unfold.

At this time we will appreciate your gfits, donations and a letter explaining your donation of labor or material.

We have been very busy with degree work this Spring and will confer the M.M. degree on the 20th and the 27th of March. We are planning a Father and Son banquet for early spring.

Masons must continue to be the architects and builders of our great Nation. We must maintain our integrity and hold the torch of freedom high.

A Portrait by J. J. Metcalfe "The Trust You Earn"; tells this story gently but firmly.

THE TRUST YOU EARN

You need not worry in this life . . . Whatever you may do . . . If you deserve your neighbors and . . . The trust they put in you . . . There is no higher honor than . . . The trust you really earn . . . And happy are the dividends . . . You gather in return . . . The dividend of friendship and . . . The ever-ready hand . . . To help you out in time of need . . . To care and understand . . . The dividend of gratitude . . . For keeping every vow . . . As promptly and as thoroughly . . . As health and time allow . . . Trust is a golden trophy that . . . Belongs upon your shelf . . . But only when you earn it, as . . . You dedicate yourself.

THE BASIS OF FREEMASONRY

by V. M. Burrows, M.P.S.

Masonic scholars of today agree that Free and Accepted Masonry bad its origin in the building crafts of the Middle Ages.

But H. L. Haywood reminded us that Lodges of Free and Accepted Masons are not descended from Medieval Operative masons in general; they are descended only from that particular branch of the craft wbo were called Freemasons. Moreover, it was only in England that the Lodges developed into what we now call Speculative Freemasonry. That development was within Operative Freemasonry which had in it as much intellectual work as it had of manual work. After the Fraternity had become wholly Speculative, being completely disconnected from Operative Masonry and divorced from control by its rules and regulations, Masons gave their whole thought and attention to that in the Lodge which always had been Speculative.

In the early Operative Period, when a Mason was a trained Craftsman who worked in the art of architecture and building as a means of livelihood, there was a special group of Masons of greater knowledge and higher skills than others, who in reality were architects.

They worked together on a building, formed themselves into a lodge, and if they were to work together for years they erected a building of their own in which to meet.

When they had completed their work they sold their building or tore it down, dissolved the lodge, and each Freemason with his family moved elsewhere to work. Such a lodge was therefore by nature a temporary lodge.

In the middle portion of the Fourteenth Century, which was six centuries ago, a group of Freemasons somewhere did not dissolve their lodge or move away, but remained, and decided to keep their lodge permanently.

According to the Medieval law, no body of men could meet or act or have a name or be under protection of the laws, unless they had a charter. Such a charter could come from the church, through the agency of a bishop, cardinal, abbot, or the pope; or it could come from the government, from the King or a King's deputy.

But regardless of its origin, any body of men had to have a charter to prevent it being condemned as an adulterine guild and its members subjected to excommunication by the church or fines by the government, or both. The problem before the Freemasons who set out to constitute themselves a permanent lodge was how they were to obtain a charter.

Instead of petitioning for a charter those Freemasons who constituted the first permanent lodge about I350 drew up, or hired a clerk to draw up for them, a statement. This they attested, and presented to the civil authorities, and the authorities were satisfied with it. This written statement was roughly divided into three parts.

In the first part it was stated that the art of Freemasonry was as old as the world, and that it had been established as an art by such learned men as Pythagoras and Euclid. It was asserted that this proved the Freemasons had always been honorable and law-abiding men.

The second part gave an account of the Royal Charter granted by Prince Edwin, and laid claim to exist and work as a body of men, or fraternity, on the basis of authority contained in that Royal Charter.

The last part set forth the regulations according to which Freemasons were governed, and it was made clear that these were the same, at least in substance, as the ancient regulations of Athelstan's time.

This document came to he called The Old Charges. The first lodge working under the Old Charges was so successful that other permanent lodges were established here and there, and each of them had its own copy of the original Old CHARGES.

In 1716, and acting on their own initiatives, some four or more old London Lodges held a conference to see if they could not set up some center which could unite the lodges in harmony and friendship. The following year, 1717, the same lodges met and they set up a Grand Lodge. It is the original source from which regular lodges and Grand Lodges are descended.

This Grand Lodge itself soon discovered the need for a charter of its own. It appointed a committee to collect and examine as many copies and versions of the Old Charges as it could. In 1723 the Grand Lodge published the result of the work in a printed volumn called The Book of Constitutions. Each Grand Lodge of today has such a book, and every one of them originated with that hook of 1723.

The view of some people is that the old standards of morality are incompatible with the modern conditions of life and that they require adaption tn the new conditions. Freemasonry, however, gives no sanction to such a view. Its foundation principles remain the same through all generations.

My Brothers, on May 2nd we will have our first Summit City Guest Night, with the noted explorer and traveler, Edgar Keefer, narrating his adventures in Alaska. This is open to all Masons and guests, including their wives. To make the evening successful, please bring any friend or relative who has shown the least interest in Masonry. This is an excellent opportunity for prospective Masons to meet some of our members. Refreshments will he served following the travelogue. The stated meeting will begin at 7:15, with the Guest Night program to start at 8:30, in the Lodge room.

In this year of 1969, your officers have tried to devise enthusiastic programs for the Brothers and ladies. For the first six months of the year, this has been met with great enthusiasm and participation by the craft. We were very gratified by the obvious enjoyment of all of you who attended our Ladies Night. Following our summer recess, the highlight of our fall activities has traditionally been Homecoming. However, because of lagging attendance and the problem of Brothers who send in their reservations and then don't show up, causing needless expense and waste of food, it has been suggested that we might have an alternative activity. I would like to hear from the Brothers and their wives, by letter or phone, as to what suggestions they might have for a major fall activity. Please give us your ideas, Brothers and ladies, because many of the suggestions that were made to me during my progression in the line were used to instill more enthusiastic programs. Your officers are constantly striving to make our programs stronger and better, not only for the members but also their wives and families.

The Fellowcraft Club has announced that we will have a baseball trip to Chicago on Sunday, July 20th, to see a double-header between the White Sox and Kansas City. The cost is $20 for transportation, food, refreshments, and admittance ticket. Call Kenneth Rasor at 745-4017 or myself for reservations.

In June, there will be a recommendation to raise dues in Summit City. This will be introduced in June, a committee will be formed for investigation, and it will be voted on in the September meeting. To let your voice be heard, please attend these two meetings in June and September.

We will have five candidates in April. Therefore, we will have dinner before the Entered Apprentice degree, Friday, May 9th, and before the Master Mason degree, Friday, May 23rd.

My Brothers, because of all the telephone calls and letters the officers and I have received on the program we had in April, and the number of Brothers asking us to do it again, we are going to have a repeat performance and do it again in May, so don't miss it.

Support your local Blue Lodge.

My Brethren; Our calendar for May is as follows, May 5th Stated Meeting, and Veterans Hospital Visitation, May 10th Ladies Night; May 12th E.A.; May 19th F.C.; May 26th M.M. This appears to be a very busy month. We have candidates being investigated, so there will be degree work. I am proud of many of our newest Master Masons for their regular attendance in lodge, and in helping on our Kitchen Committee. This is one of the things that we need most in our lodges, is to keep our Brethren active.

May 10th is our Annual Ladies Night. We will eat at 6:30 p.m. Our dinner music will be provided by our own Brother James Pocock, our lodge organist. Our program is one of the very best. The New Haven High School Swing Choir will provide the musical entertainment, and our speaker will be Phil Gutman. Bro. Phil is a Past Master of Maumee Lodge No. 725. He is an outstanding Mason, Lawyer, Indiana State Senator, and Speaker. I am sure that all of us will enjoy the message that he will bring to us. Tickets are $2.00 each and can be gotten from any officer, at the Temple or by calling Ray Davis 422-5156, or Bobbie Warner 436-8825. No reservations will be accepted after Wednesday, May 7th.

Since my last writing Bro. Grover Shannon has been summoned out of the dim lights here on earth to the brighter, more glorious lights above. To his family and friends we extend our deepest sympathy.

May 11th is Mothers Day, and I think we want to remember the ladies of Sol D. Bayless on this day, especially our wives that have meant so much to all of us through the years. We as Masons need the love and understanding of our wives that we might be able to carry out our Masonic obligations and still maintain a happy home. I would like to share an article which appears in a book entitled The Beauty of Motherhood which was given to my wife by one of our daughters. The article was written by John Ruskin and is entitled Home.

This is the true nature of home—it is the place of Peace; the shelter, not only from all injury, but from all terror, douht and division. In so far as it is not this, it is not home . .

But so far as it is a sacred place, a vestal temple, a temple of the hearth watched over by Household Gods, before whose faces none may come but those whom they can receive with love, — so far as it is this, and roof and fire are types only of a nobler shade and light, — shade as of the rock in a weary land, and light as of the Pharos in the stormy sea, — so far it vindicates the name, and fulfills the praise, of home.

And wherever a true wife comes, this home is always round her. The stars only may be over her head; the glowworm in the night-cold grass may be the only fire at her foot; — hut home is yet wherever she is; and for a noble woman it stretches far round her, better than ceiled with cedar, or painted with vermillion, shedding its quiet light far, for those who else were homeless.

See you in lodge?

Greetings Brethren: Circle your calendar for May 19th as this is the date we are planning to Honor Our Past Masters. Remember this is an all member affair. Dinner will be served at 6:30 p.m. in the Temple dining room. Very Important however is that you make definite reservations for the dinner, as the purchase and preparation of food will be for only those who have made reservations. Be sure and call the W.M. Bill Brase at 483-1656, the J.W. Harold Lash at 484-4689 or P.M. Franklin I. Bryan secy. 426-8262.

Our Easter Card party was a huge success and was well attended. Many have asked for a repeat card party in the fall, which we are planning. My thanks to our Junior Warden Harold Lash and his lovely wife Alice who planned and Hosted the party.

I would like to remind our members that on Monday night May 12th is V.A. Hospital visitation Night. We have let our V.A. Hospital Chairman Paul Muller down the last month when only one member showed up. Did you ever stop to think, that some day you might also be in a hospital far away from home and with no close relatives able to come and visit with you for a few moments. Give it some thought and try and give at least one night a year to this worthy cause.

be counted as Christians, for had our Trust not been in God, we would never have advanced beyond the Altar of Masonry. The principles of Free Masonry are such that every freeborn man who has advanced toward the Altar of Masonry and has been raised to the sublime degree of Master Mason, and who proved his proficiency as a Master Mason, must recall his duties as a Master Mason along with his privileges. Faith, revealed to the uninformed by our conduct and example, Hope, expressed as our spoken opinion and cheerful outlook on life and its complexities, and Charity, by our support of organized societies, and by our quiet help to those less fortunate. Constant exercise of these virtues will insure public esteem and result in an inner satisfaction that can not be matched by Tranquilizer pills or any of the "happy" products, as advertised.

To those Brothers of Maumee who are on our delinquent list, and those who will be suspended for non-payment of dues at our May 7, I would like to inject just a word about this unpleasant task that becomes the duty of each Master about this time of year. Number one — membership in other Masonic affiliated bodies is contingent upon the Blue Lodge membership in good standing. Number two — We believe we are doing all possible to salvage the membership, by personal contacts from the Master, the Wardens, the Secretary, and by a special committee. When we have exhausted these lines of communication, a certified letter is sent to the delinquent member with a return receipt required of the Post Office. If after all this effort on the part of the Lodge, the member still is not inclined to pay his dues, we must suspend him, according to regulations set down by the Grand Lodge. And the funny part of this whole spiel is that most times, those who are suspended are members who can well afford the dues, not anyone in financial distress, temporary or otherwise. For one who is financially embarrassed can have his dues remitted by the Lodge, by application, if deemed proper by the Secretary, Master and Dues committee. It is not my intention to embarrass anyone by the above statements, merely to bring to the attention of those involved the facts about Lodge Dues. I hope the above information may eliminate a problem for at least one of our members. If so, then the space has been well spent.

Your Lodge continues to function, although we haven't had turn-a-way crowds, we have been pleased with the attendance. We continue to receive petitions, and have work scheduled for every Wednesday. It would now appear we will have three to be raised in May and three petitions for June voting and work. Our Fellowcraft club will be on the road to Avilla Lodge in May, and we look forward to an evening with our Brethren. The Annual Golf Outing will be Saturday, June 7 at the Garrett Country Club, and tickets are now in the hands of our good workers and officers, courtesy of Jim Craw our ticket chairman. We are limited to 70 dinners, so be sure to get your dinner tickets early if you plan to attend. We have paperwork in process at the present time clearing 50 year awards for 6 members — egads — that is 300 years of Masonry. It is a great honor, and one that will be presented in October to one of our members who will make a special journey all the way from Ft. Lauderdale, Florida to receive. We sincerely hope that YOU value your Masonic membership as much. See you Wednesday night — Corinthian Room at the Temple.

Brethren: This is the month in which our Grand Lodge holds its annual stated meeting which this year will be on May 20 and 21 in Indianapolis.

The Grand Lodge of Indiana is composed of all of the Symbolic Lodges of the state of which there are now 550 Lodges.

The voting members of the Grand Lodge are all of its officers plus the Past Grand Masters and the Worshipful Master of each Lodge in the state.

The total membership of all the Lodges of Indiana as of January 1, 1968 was 175,962. According to the Grand Secretarys report there was a total of 6,020 members whose dues were remitted for various reasons. The amount of dues remitted adds up to a total of $84,476.75.

There are now 4,500 or more 50 year members in the state of Indiana.

Since there was no business transacted at the 1968 Stated meeting on account of the Sesquicentenial celebration there will probably be plenty of business on the agenda for this year.

While the Grand Lodge of Indiana celebrated its 150th anniversary in 1968 nothing in the Masonic world could equal the importance and wide spread interest surrounding Englands observance of its 250th anniversary in June of 1967. I quote from our Grand Sec. Bro. Dwight L. Smith as follows.

More than sixty six hundred Master Masons were on hand in Royal Albert Hall, London, to attend the Especial Grand Lodge commemorating the event of St. Johns Day 1717 in Goose and Gridiron Alehouse.

Sixty nine of the 101 Grand Lodges recognized by the United Grand Lodge of England were represented.

The highlight came when H.R.H. The Duke of Kent was installed as Grand Master, the first member of the Royal family to head the craft in 25 ears.

Brethren, time is running out for the payment of 1969 dues so if there are any who have neglected to take care of this please do so at once.

According to Grand Lodge regulations we must proceed as follows.

At the first stated in May your Lodge must file charges for non payment of dues which will he sent by registered mail. At the stated meeting in June if the charges are not answered or the dues paid the member is suspended from the right and privileges of Masonry and will he so notified by registered mail.

According to Grand Lodge regulations a registered letter to the last known address is sufficient notice.

We are now busy with degree work and should be busy through June. Come out and help us with the work and enjoy the fellowship around the festive board. We need you.

Did you know that in the music world the following all were or are Masons. Mozart, Lizst, Sousa, Romberg, Irving Berlin, Paul Whiteman, John Charles Thomas, and Arthur Pryor.

Ballots were taken on two petitions at the stated meeting on April 8th and with the ballots clear, two candidates were elected to receive the Degrees of Masonry.

Worshipful Brother Delbert Dennis received help from several of the brethren in the masonic education, when a demonstration of masonic law was held. The Worshipful Master was kept busy trying to keep the simulated lodge on an even keel as it was his duty to stop all violations of the Blue Book.

The secretary, Curtis Heston reported that a few of the members have not paid their 1969 dues.

On April 15th, two candidates received the Entered Apprentice Degree. Junior Warden Theodore Arthur presided over the degree when one was initiated and Past Master Hoyt Campbell was in the east when the other received his degree. Coffee and cookies were enjoyed in the kitchen after the lodge was closed.

One candidate received his Fellowcraft Degree on April 22nd when Senior Warden Ralph Blair assumed the Worshipful Master's chair. The Fellowcraft Degree was conferred on two candidates on April 29th with the Senior Warden again presiding in the East.

On Wednesday, April 30th, the members of the cast "Rose Upon the Altar" performed before a good crowd at Daleville Lodge. The cast had to leave Fort Wayne right after work in order to travel the 80 miles there to be in time for the dinner that was served at 6:30. The fellowship enjoyed by everyone present makes this activity of the lodge well worth the time spent. Past Master Thurber Mohr, director of the play, made all the arrangements.

The month of May will find the lodge busy with degree work. On May 6th the lodge will be opened at 5:30 for the first section of the Master Mason Degree to be conferred. Dinner will then be served at 6:30. Past Master Hoyt Campbell will preside over the first section and Past Master Curtis Heston will raise the candidate after dinner.

Grand Lodge will be Tuesday and Wednesday, May 20 and 21. Senior Warden Ralph Blair, and Secretary, Curtis Heston will be going to Indianapolis with the Worshipful Master to attend. There will be a number of items to come before the Grand Lodge as much of the business of the past two years was postponed due to the Sesquicentennial Celebration last year. Important items that will come up will be a proposal to increase the part of the annual dues of all members that goes to the Masonic Home at Franklin. A review of the Ritual with possible changes will also be made.

Family Night will be held Saturday, May 24th. Dinner is to be served at 6:30 with the program following which will be over by 9:00.

The Lodge will be active every Tuesday in May. The tentative schedule follows, however the Sunday newspaper should be checked for the actual schedule.

May 6—5:30 Master Mason, 6:30 dinner.

May 13—7:30 Stated meeting.

May 20—5:30 Master Mason, 6:30 Dinner.

May 27—7:00 Master Mason.

June 3—7:00 Entered Apprentice.

June 10—7:30 Stated meeting.

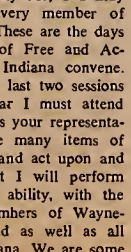
year in the East, I am sure the month of May will have many cherished memories and be remembered as one of the most enjoyable months of this year.

During our Stated Meeting, May 7, at 8:00 p.m., we will honor another of our Past Masters. Elmer M. Spahr, who has served the Lodge in various capacities for many years, and presided in the East during 1960. I want to be the first to say "Thank you, Brother Spahr" and I invite all the Brethren that were raised in 1960 to send a card of appreciation if they are not able to attend in person.

We have one candidate to vote on at our Stated Meeting, and if elected to receive the degrees, I will call a meeting May 14, 1969, at 7:00 p.m. for the Entered Apprentice Degree.



The "Time Capsule" we plan to bury in the ground at our new Temple will be on display in our Social Room. Come see this item and think of something to deposit in it.

Ladies Night Banquet

Saturday, May 17, 6:30 p.m. at the Calvary United Methodist Church, Winchester Road. Reservations in advance only please. Junior Warden Hugh Bassett has promised a fine steak dinner, and some musical entertainment for the ladies. (Sort of a second chance to honor your lady, just in case you forget Mothers Day, May 11th). Contact any officer for details and your reservation.

May 20 and 21st will be two very important days in my life, and may very well effect every member of Waynedale Lodge. These are the days the Grand Lodge of Free and Accepted Masons of Indiana convene. I have attended the last two sessions as a guest, this year I must attend this great meeting as your representative. There will he many items of business to discuss and act upon and I promise you that I will perform to the best of my ability, with the interest of the members of Waynedale Lodge in mind as well as all the Masons of Indiana. We are some 230 members strong at Waynedale Lodge, and it is a high honor to be chosen to be your representative.

The days are getting longer and our new Temple is getting taller. We do need help! Please don't wait until you find time, because time is just like "Masonic Light" you won't find it unless you search for it. Make the time to help your Lodge, and get that good feeling of being an active member!

Brethren: At our stated meeting on April 3 two petitions for invitation were read and now are being investigated. There is degree work planned for May with E.A. on May 8; F.C. on May 15 and M.M. on May 22.

On May 17 the members will entertain the Ladies on the first of the planned Ladies Night Programs. There will he a buffet dinner at 6:30, followed by a program presented hy Rev. C. S. Overmeyer of Waterloo, Indiana. Tickets are available from all lodge officers and from Mrs. Leiter in the Temple.

Brother Kenny Rayl reports fair attendance at the Vets Hospital visitations. The next of these visits wlil he on May 5, and we hope for a good turnout.

Nearly 50 Past Masters and members attended our Annual Past Masters Night on March 27. The stations for the sections of the Master Mason degree were filled by our worthy Past Masters who raised brother Stanley Wojcichowski to the sublime degree of a Master Mason.

Belated congratulations and welcomes to James Gumm who transferred to Wayne Lodge from Columbia City on January 2 and to Lavern Smith who transferred to Wayne Lodge from Waterloo No. 307 on March 6. We hope these three newest members of the lodge enjoy the work and fellowship of the lodge as much as we enjoy having them with us.

The lodge is in the process of preparing a new roster of members for distribution to the members. Brothers Bob Bogenschuetz, Bernard Smith and Wayde Cleckner have been named to the committee ,to prepare the roster.

The ritual committee is working on plans for music with the conferring of the degrees. I am sure the committee would welcome suggestions as to tape recorder systems, music etc. that would be appropriate.

On April 11 a fellowcraft party was held at the home of Past Master, Bob Witchey. A good evening of fellowship was enjoyed by all. Thanks, brother Bob, you are an excellent host! It was especially pleasing for me to see our Past Master Harry Stark out with us again enjoying the fellowship.

Lastly, my brothers, we must always remember that a Master Mason is more than a man who has taken the three degrees. The brothers should take interest in the new hrother; greet him, show interest in his job and hobbies. His recommenders should see that he shares in some of the activities of the lodge and introduce him to those officers responsible for those activities.

For the Ladies Night Program there will be need for help in the kitchen during the morning 9-12 and in the afternoon 3-5. Lets turn out and show the ladies we can put on a good program.

Widows of Wayne Lodge members who desire to attend this ladies night program are invited to phone Robert Bogenschuetz at 748-1336 for a dinner reservation.

See you in Lodge —.

Here it is May already. It's hard to believe my term is almost over. I've had such a wonderful time working with everyone. I don't know where all the time has gone. In April we took the table favors we made out to the Allen County Nursing Home. While we were there we visited the two people the Bethel adopted. I would like to thank the girls that took time out on Palm Sunday to go. April 15, some of our girls went to Huntingtons Buddy Night. I'm sure everyone had a good time. April 16, we had Royalty Night and April 30 was Past Guardians and Past Associate Guardians Night. It was so nice to see everyone on the side lines. May 7, we have Mom and Dads and Master Masons Eastern Star Night. After the meeting the DeMolay will give the flower talk. Everyone should remember to mark May 21, on their calendar. That's the night that we hold elections for the next term. I want to wish everyone Good Luck. I would like to close with one last thought. "In all the land were no women found so fair as the daughters of Job."

Spirit of Greed

When a nation becomes poss with a Spirit of commercial p beyond those just and favored set hy a due regard to a mod and reasonable life of general individual prosperity, it is a n possessed by the devil of comm avarice, a passion as ignoble demoralizing as this avarice i individual and as this sordid pu is based on more than unscrup ambition, so it is more hateful at last makes the infected natio be regarded as the enemy of human race.

To grasp at the lion's share commerce, has always at last pr the ruin of States, because i variably leads to injustices that a state detestable; to a selfish crooked policy that forbid nations to be the friends of a that cares only for itself.

At this writing the first stated meeting of Shiloh Chapter under the leadership of our new officers has been recorded. The meeting was well attended and our Worthy Matron extended a warm welcome to all present and opened the meeting with this poem —

"The Magic of Prayer"

When the trials of this life make you weary
And your troubles seem too much to bear,
There's a wonderful solace and comfort
In the silent communion of Prayer.
When you've searched for the sun without ceasing
And the showers continue to fall,
There's a heavenly lift in this wonderful gift
That God has extended to all.
From the magic of Prayer there comes power
That will minimize all of your care,
And you'll gather new hope when you're able to cope
With the troubles that once brought despair.
So lift up your heart to the heavens—
There's a loving and kind Father there
Who offers release and comfort and peace
In the silent communion of Prayer.

At our meeting on April 3, the new officers were escorted to the West where they were introduced to the Sideliners by Sister Irene Lyttle and welcomed to their positions in serving our chapter by Brother Bob Mumuagh. The choir greeted them with a song. As this year is dedicated to the Sideliners and this meeting was the reception for our new officers, Sister Irene gave each of the Sideliners an opportunity to meet each of the new officers personally as we all went to the West to extend our best wishes to the officers before they resumed their regular stations.

The Chapter room looked lovely with a large book in the East which held yellow roses and a broken column. The lectern resembled a shelf holding a row of books named for the Star Points.

Sister Carol Munk was in charge of installing Sister Marjorie Rodemeyer into the Past Matron's Organization. With the assistance of Brother Paul Hayden, she presented Sister Marjorie at each station she held on her way to the East where she was presented with appropriate momentos by Past Matrons.

Following our meeting the Past Matrons furnished and served delicious refreshments on the Mezzanine. The tables were attractively decorated with gold vases of yellow roses and fern.

On May 1, we will have a Back to Chapter or "Home Coming" night. On May 15, the first initiation by our new officers will be given. As sideliners, this is a thought we might carry with us throughout the year—"Are you an active member, — The kind that would be missed? Or are you just contented That your name is on the list? Do you attend the meetings and mingle with the flock? Or do you stay at home and criticize and knock? There's quite a program scheduled that I am sure you've heard about. And we will all appreciate it if you'll come and help us out. So come to the meetings often and help with a hand and heart; Don't be just a member — Dig in and do your part. Think this over, member, (you know right from wrong) Are you an active member? Or do you just belong?"

My Mother

We read about the mothers, of the days of long ago,
With their gentle, wrinkled faces and their hair as white as snow.
They were "middle-aged", at forty, and at fifty donned lace caps,
And at sixty clung to shoulder slawls and loved their little naps.
But I love the modern mother who can share in all the joys,
And who understands the problems of her growing girls and boys;
She may boast that she is sixty, but her heart is twenty-three —
My glorious bright-eyed mother who is keeping young with me.

By Florence Wolcott

Together

Ho, brother, it's the hand clasp and the good word and the smile.
That does the most and helps the most to make the world worth while!
It's all of us together, or it's you and I—
A ringing song of friendship, and a word or two of cheer,
Then all the world is gladder, and the bending sky is clear.
It's you and I together—and we're brothers one and all
Whenever through good fellowship we hear the subtle call,
Whenever in the ruck of things we feel the helping hand
Or see the deeper glow that none but we may understand—
Then all the world is good to us and all is worth the while;
Ho, brother, it's the hand clasp and the good word and the smile!

Our beautiful installation on March 29th is now a matter of record but we do wish to thank everyone who had a part in planning and helping to carry it out. It will always be sweet in our memories.

Our first meeting was April 9th and we initiated a new member, H.L. Frances Studiman of Garrett. Plans for the Court for the year as well as for Graod Court were discussed and everyone was eager to do their part.

At the close of the meeting we celebrated the Court's birthday and honored our Charter members.

Our next meeting, May 14th, will include a visit by our Grand Lecturer. Honored Ladies don't forget to bring salads that night for our Salad Bar. Grand School of Instruction will be held at the Sheraton Hotel May 11th and we would love to have 100 per cent attendance from Truth Court. We will have practice of opening, closing and initiation on Monday night, May 12th at the Gold Dome Bank on California Road.

Our Associate Matron, H.L. Bonnie Groves, is in Lutheran Hospital and H.L. Ethel Grossman has been confined with an injured foot. We wish you both a very speedy recovery. H.L. Margaret Hall has been suffering with her back but she is back to work and we hope that she continues to improve.

To our own H.L. Gerri, Grand Royal Matron, we wish you a perfect "Shining light" Session of Grand Court. We are very proud of you and we hope
That you gather up the sunbeams

Companions: Four more Master Masons took the R.A.M. degree at Muncie March the 3rd to learn to search, to keep and to raise a Royal Arch. We now become aware of the fact that the Holy Book is full of wisdom, truth and good advice. We already have learned of the power of prayer when the wisdom and strength of man fails.

This reminds me of the first amendment in the constitution of the United States which our founding fathers (many of them Masonic Brothers) were fully aware of and wrote it into this great document. It says in the first two parts: Congress shall make no law respecting the establishment of a religion or prohibiting the free exercise thereof.

It makes no mention of excluding schools, public buildings, parks, or anything. The language is simple and is impossible to twist it around to mean anything different than what was written. Today an attempt is made to take this right from the armed forces whose life is always in great danger. Could someone have made a mistake and not have read this amendment?

Let us all read tha amendments to the constitution of this great Country, search the Holy Word and invoke the power of prayer.

Brethren: I know with Spring comes a lot of work around the house. The yard and garden needs to be tended to but with all the work this is one of the most beautiful times of the year as everything begins to grow and turn green.

By tbe time you read this I hope we have a lot or maybe all of the work in the kitchen at the lodge done. We have brotbers who are very energetic on this project and they are to be commended for it.

A brother in our lodge is to be thanked for tbe new pockets on the pool table. Thank you!

I welcome Bro. Bill Horton and Bro. Ray Kline who were elected to become a member of our lodge by affiliation.

On Wednesday, April 9 tbe Entered Apprentice Degree was conferred on one candidate and we welcome bim into the fraternity.

Grand Lodge is May 20th and 21st and tbere will be a lot of business to be taken care of at this session.

The rest room in the basement is getting a face lifting by paint and floor tile.

Congratulations to all tbe new officers of the Eastern Star with Sister Marie Stark as Wortby Matron and Bro. Gordon Lough as Worthy Patron. The best to them for the year!

As I said Spring makes things grow so why not make our lodge attendance "Spring" up? Hope to "See You in Lodge"!

It is our pleasure to honor Brother Robert Flora as our Mason of the Month. He was raised at Wildcat Lodge 311, Cutler, Feb. 25, 1920. He transferred into our lodge September 20, 1932. In the years he has been with us he has served his lodge well. For many years he bas been very active, particularly on our M.M. degree. Next year he will he eligible for the Award of Gold.

We are very glad to have him as our Mason of the Month, and also to welcome him into our Seventeen Fund Club. A show of bands revealed that all but two Brothers present had met Brother Bob somewbere along the road to their M.M. Degree. The two who had not were from Ill. and Michigan. Brotber Bob was then escorted to the East and remained with the W.M. until the close of the meeting.

We had a very pleasant meeting this montb and a very pleasant surprise also. It was also my pleasure to welcome three new members into our Seventeen Fund Club. The new members are Brothers Gerald (Jack) Lybarger, Homer Kinerk, and Robert (Bob) Flora. Congratulations, Brothers, and thank you very much for your contributions. This brings our Seventeen Fund Club Membership to thirteen.

The new Worthy Matron of St. Mary's Cbapter O.E.S., Margetta Gottschalk, has designated as her project for the year the Seventeen Fund Club. Past Matrons Kathryn Scherrer, 1966-67, and Marilyn Shultz, 1967-68 have also decided that the money they have on band for their projects will go to the Seventeen Fund Club.

Seventeen Club earrings have been designed and made to he presented to any of our Eastern Star women who donate one bundred dollars or more to the Seventeen Fund Club.

With tbis kind of cooperation from our lodge and our Eastern Star cbapter, I am sure that we will some day, sooner than we think, have our new building. However, it is going to take a lot of work and more and more support to achieve tbis goal.

Brother Phil Lydy tells me that the lots are nearly cleaned up and that some dirt is needed to level it off. He wants to get this done soon so that be can plant some flowers, etc.

I wish to thank again all tbose who belped work on our lot. This was not a small or easy task, and I tbink that all who helped deserve a lot of credit.

Brotber Cecil Jamison is improving well and we hope to bave bim with us soon.

Brother Russell Neireiter and his wife had a narrow escape when an oil transport truck skidded and turned over on their car, smashing the left portion of the car. Neither was hospitalized, but Mrs. Neireiter will remain at home for a few weeks. We are thankful that this accident was not any more serious than it was.

With the support we are now receiving, Olive Branch is moving ahead. Let us all get behind her and push a little harder.

Fort Wayne Chapter Honored by Grand Chapter Appointment

Sister Lucile Mumaugh was appointed Grand Organist by Worthy Grand Matron, Helen Mitchell and Worthy Grand Patron, Leo Provence at the 95th Session of the Indiana Grand Chapter Order of Eastern Star. Sister Lucile has served as organist of her Chapter for seven years. She is well known throughout our District for her exceptional talent at the piano and organ. She is a member of the Faith United Methndist Church and was organist there for twenty years. She is a past member of the Organist Guild of Fort Wayne. She is serving as an appointed officer of Daughters of the Nile. Sister Lucile is employed by C. & C. Construction Co. as Payroll Supervisor. Her husband, Brother Bob Mumaugh, served as Worthy Patron in 1965.

District 14 is very proud that our Worthy Grand Matron recognized the charm and ability of one who so well deserves this honor, and we wish for her success and happiness as she serves our Grand Chapter.

Fort Wayne Chapter will honor Sister Lucile with a reception September 6 at the Masonic Temple in Fort Wayne.

MASTER'S GAUGE OF PERFORMANCE

The New York Committee on Lodge attendance has developed a check list for Worshipful Masters to serve as a gauge of their own performance and help them determine for themselves whether they are living up to the trust reposed in them.

The check list follows:

1. At your Lodge meetings is there a spirit of friendship that comes from the heart and is so real that you can feel it the minute you enter the room?

2. Are you interested in the presence of each Brother, not merely because he adds to the statistics, but because you want to see him and visit with him, and you would miss him if he weren't there?

3. Do you know the interests of your members, and do you stand ready to share their problems?

4. Are you concerned with the welfare of every Brother and his family?

5. How many in your Lodge need help in order to attend?

6. How many could come and would if they were asked?

7. Do your officers perform the ritualistic work so as to convey the real spirit of Masonry, and in a manner which is a joy to behold?

8. Do you know what it means to receive the gratitude of the family of a deceased Brother for the beauty and consolation of a funeral service that you and your offieers have conducted?

9. Are your meetings and programs interesting and stimulating so that the end is reached with regret and not with a sigh of relief?

10. Are the activities and conduct of your members such that Masonry is honored and respected in your community?

What Is An American?

He whips the enemy nations and then gives them the shirt off his back. He yells for speed laws that will stop fast driving, and then won't buy a car if it doesn't go 100 miles per hour. He gripes about the high prices of things he has to buy but gripes still more about the low prices of things he has to sell. He knows the lineup of every baseball team in the American and National Leagues and does not know half the words in "The Star-Spangled Banner."

An American will get mad at his wife for not running their home with the efficiency of a hotel and then he will get mad at a hotel for not operating like n home. He will fall out with his wife over her cooking and then go on a fishing trip and swallow half-fried potatoes, burnt fish, and gritty creek water coffee made in a rusty bucket and think it is good.

An American will work on a farm so he can move into town where he can make money so he can move back to the farm. He will spend half a day looking for vitamin pills to make him live longer—then drive 90 miles an hour on slick pavement to make up for the lost time.

But we're still pretty nice folks. Calling a person "a real American" is the best compliment we can pay him. Most of the world is itching for what we have—but they won't have it until they start scratching for it the way we did.

Degrees Do Not A Mason Make

A man's true Masonic value cannot be determined by the number of degrees he may join.

Degrees are received, but unless Masonry is instilled in their hearts, no amount of degrees will produce Masons.

The great principles of our ancient and honorable institution may be summed up as a philosophy of life, designed to promote a greater feeling of brotherhood among men. A Lodge, after all, is but a school of Masonry; and whether our great Fraternity has fulfilled its lofty purposes and ideals depends largely upon the powers of assimilation and application of those who become members of the Craft.

The lessons learned by initiates must be put into their daily contacts with their fellow men. Then, and only then, will Masonry have achieved its purpose and be entitled to continue existence.

Don't Sell The Lodge Short

My friends, we cannot combat opposition by argument, but we can overcome unjust criticism by living a moral and upright life, by practicing brotherly love and making it real, and by bearing enthusiastic witness to the benefits and works of the Order. If we put ourselves to the task of zealously promoting the work of our beloved Order, and also bear faithful and happy witness to what we know and firmly believe, we will be amazed and overjoyed at the response of those to whom we bear our witness. Instead of worrying about loss of interest and members, and the lethargy of many hearts in regard to the work that awaits willing workers, we will see and thrill at the sight of candidates seeking membership. This upsurge of interest and daily witnessing will inspire many members to renew their interest and active participation in building the brotherhood of man. Don't sell the Lodge short. We have good news. Many await our witness.

Patient Thinking

Most of the men the world labels brilliant are no more brilliant than the rest of us; they just do more thinking than we do. They concentrate on an idea while the rest of us flit, like humming birds from one triviality to another.

Sir Isaac Newton, something of a wool-gatherer in his youth, worked out the laws of motion and universal gravitation, invented calculus and did quite a few other mental chores of note. But, looking back over his life, he denied vehemently that he was any smarter than the next fellow. He attributed his accomplishments simply to "the power of patient thought." Practically every important benefit that has been evolved for mankind has been the result of somebody's "patient thinking." So, in the unlikely event that you should come upon someone thinking, think twice yourself before you disturb him!

Veterans Hospital Visitation

There will be no Veterans Hospital Visitation during June, July and August.

HOW ABOUT POINTING WITH PRIDE?

As never before we are confronted with a most frustrating and exasperating paradox. Our troubles seem to stem not from the competition of others who are seeking to achieve, but from the self-defeatism of those whose energies are wholly destructive of self as well as of others. It is "rule or ruin" in the worst sense.

We are in danger of being caught up in a frenzy of mass suicide. Are we to become like those crazy little mouse-like animals, the lemmings, rushing headlong into the trackless sea of despair? On every side we find candidates for public office rushing to tell us what is wrong—what is wrong in the city, what is wrong in the country, what is wrong in the state, what is wrong in the nation, what is wrong in the world. They are all alarmingly articulate in telling us what they are against.

What a relief it would be to have at least one, who—to use a now unfortunate obsolete phrase—one who would "point with pride" to something done!

Have we nothing left to be proud of? What is wrong with a reasonably well contained sense of pride in substantial accomplishment?

Have we no heroes any more? Have we no great achievements? Have we no real goals? Have we no inspiration to build, instead of to tear down what someone else has built?

Why are those, who seem to have the least, so ready to destroy what little they do have? — those whose loudly proclaimed grievance is that they have so little respect — for these are the ones who seem so bent on destroying what respect they do enjoy. Those whose complaint is poverty seem to do least to preserve and increase what they do have. Are we coming to the point where some suicidal maniac, in a last act of desperation, will push the button that will blow our whole earth to oblivion?

The essence of Freemasonry is the tradition and the work of the builder. We work with heart and hand to build. We hew and cut stones. We fit these stones together to form great structures, constantly testing our work with the plumb, square, and level. We want our buildings to be true, useful, and enduring—and beautiful as well. Simultaneously we are creating the spiritual temple, eternal in the heavens.

Has there ever been a time in the history of the world when there was greater need for sound builders? Has there ever been a greater need for honest and inspired operative builders, builders of the material buildings so needed today? Has there ever been a more crying need for the inspired and devoted symholic builders in the hearts of men? Has there ever been a greater opportunity for the spiritual builders we claim to be?

This is a time when we as Freemasons ought to he doing so much that really counts. It is a time when our good works ought to be a great inspiration to others, who would rush to join us. I often fear that we are giving priority to tinkering with the mechanics of maintaining and operating our organization, when we shonld he sharing the hasic truths of our fundamental and positive philosophy with our fellow men, both by precept and example, particularly by example.

Brothers, our stated meeting on June 6th will be an important one and I urge you to attend. We will discuss the possible increase of our Summit City dues. The measure will be submitted to a committee for investigation, and this committee will make its report at the stated meeting in September, at which time it will be voted on. Please be present and let your voice be heard.

Also at the stated meeting June 6th, the officers will make their reports on our trip to Grand Lodge.

We still have a few seats left for our baseball trip on July 20th to see the Chicago White Sox play. The cost of the trip is $20, which includes breakfast, steak dinner, refreshments, ham sandwiches on the way home, and tickets to the game, as well as transportation. You baseball fans can call me at my office, 484-8572, or Kenneth Rasor, President of the Fellowcraft Club, 745-4017, for reservations.

We were delighted at the large attendance at our Guest Night May 2nd. All those who were there were treated to a most interesting travelogue of Alaska. We might look forward to another travelogue in the fall.

It was also very heartening to see the enthusiasm in May, having six men being obligated for their Entered Apprentice and the raising of eight men to Master Mason. It has been a long time since we have seen this many candidates come through Summit City. For June, we will have two candidates.

As we look forward to the summer season, the officers of Summit City Lodge want to wish you a happy vacation and enjoyable summer.

There will be no degree work in June unless we pick some up that are not proficient as of this writing. I would advise you to watch the Masonic Calendar in the Sunday Journal Gazette for any changes.

We have been invited to worship as a body at Trinity United Methodist Church, corner of Putnam and Short Streets at 10:45 a.m. Sunday, June 22nd. This is in observance of The Feast of St. John The Baptist. I hope many of you will mark your calendars and keep this in mind. I also would like to extend to you this invitation as Master of your lodge to bring your families. We will have a social hour from 9:40 until 10:40 a.m. in the Fellowship Hall of the church, for you and your families. The members of Sol D. Bayless will then be seated at 10:45 in a reserved section, and our families will be seated with the remainder of the congregation.

June 23rd is visitation night for Sol D. Bayless at the Veterans Hospital. It is unfortunate that this is the same night as our lodge meets. But I am sure there are many of you that could spare an hour or so every seven weeks to visit our friends and brothers in the Vets Hospital. If you were hospitalized hundreds or even thousands of miles from your family or friends would you not enjoy a visit from a brother Mason? Why don't you try it once? All you need do is report to the information desk of the Hospital and tell them you would like to get with the Masonic visitation group, and they will take over from there.

Brethren we have come to vacation months, and this will be my last article until September, I might add that this has been the shortest six months in my life. Many of us will be taking to the great outdoors and the Nations highways during the next three months to enjoy our summer or vacation. It doesn't, matter which you do, but please be careful and do take care, we need every one of our Masonic Brethren, and we'll see you in September. Happy Vacation.

Greetings Brethren: We are happy to announce that a new Brother has been welcomed into the fraternity. On May 5th at a well attended meeting the Lodge raised Artis Jessie Stacey to the sublime degree of a Master Mason. The entire ceremony was in full form and acompanied by beautiful organ music by P.M. Jay Fisher. We would like for all South Gate members to witness and enjoy our degree work.

Your Worshipful Master has received an invitation from his Pastor Brother and Reverend R. Edward Green pastor of Wallen United Methodist Church, 8405 Lima Road to attend in body with their Worshipful Master on Saint John the Baptist day Sunday, June 22nd at 8:30 a.m. Services. I hope you will honor me with your attendance at this service to pay homage to our parent saint and demonstrate to the community that Masonry and the Church both receive their strength from the inexhaustible source from on high.

On Monday, May 19th we held our Past Masters nite Banquet at which time we honored our Past Masters, as well as our charter members and 50 year members. We also presented quite a few 25 year awards. Following the dinner, which was topped off with the traditional strawberry pie, we were entertained by the famous New Haven High Swing Choir under the direction of Mr. Carl Nicholas. This was followed by a very interesting talk by Brother and Judge Louis Bloom and some of his experiences as City Court Judge.

Indications are that we will have a full schedule each Monday evening with degree work thru June 30th. Mark your calendars as follows:

June 2nd — F.C.
June 9th — Stated meeting.
June 16th — E.A.
June 23rd — F.C.
June 30th — M.M.

Brethren since my last article, two more Brethren of South Gate have been called to the Celestial Lodge above. On Wednesday, April 30th Memorial services were held at Sloans Funeral Home for Brother Robert Oliver. On Thursday, May 15th Memorial services were held at Chalfant-Perry-Klaehn for Brother Richard Ray. To these families the lodge wishes to express a sincere condolence in their loss.

See you in Lodge Brethren.

To recommend only those qualified and found to be morally clean and of good repute before the world is the responsibility placed in your hands when you were first initiated. By diligent search and research our investigators confirm the recommendation of the brother bringing the petition into Lodge, and we are happy to say we have a fine bunch of men whom we are proud to take by the hand and address as Brother. Will you come to Lodge and perform that privilege?

Brethren: At our stated meeting on May 6 it became necessary for us to file charges for non payment of dues against our brothers who are delinquent for the year 1969.

If these charges are not answered or the dues paid by June 3 which is our next stated meeting, then judgement by default will be rendered against them according to charges preferred and they will be suspended from the rights and privileges of Masonry.

One who has been suspended or dropped for non payment of dues has the status of an unaffiliated Mason without a Demit and is not entitled to any of the rights and privileges of Masonry except that of petition for restoration of membership. General regulations of the Grand Lodge also prohibits a suspended member from wearing any type of Masonic jewelry including rings and pins.

By the way, I wonder if you ladies know that the wife, daughter or sister of a Master Mason in good standing may wear Masonic Jewelry without offense. I would here like to express my thanks to all those who cooperated in making our ladies night a success.

Thanks to Dick Barkley and Mrs. Jim Bowser for an excellent Swiss Steak dinner, also to Dick and Mrs. Barkley for the table decorations and to the "Four to Go" quartet who provided such excellent entertainment.

We are now very busy with degree work and urge all of you brethren to come and help us out. We now have six candidates and can be assured of degree work through Sept.

Congratulations and welcome to Bro. Wm. Maurisak who became a Master Mason on April 23.

It is not too early to start planning for our annual Tri State Reunion which will be held in Chicago on Sept. 27 and 28. Advance Lodge will be the host and brothers from St. Louis, Peoria Heights and Fort Wayne will be renewing acquaintances. Any Master Mason in Fort Wayne is invited to accompany us on this trip. Just contact Jess Lewis or Irv Burelison, who are in charge of arrangements.

Brethren, Sunday, June 22 is the day upon which we observe the feast of Saint John the Baptist.

Our Grand Master has issued a proclamation asking the full cooperation of all Masonic and related organizations that they urge their membership to worship with the Brethren of their Lodges as Master Masons on this Sunday for the purpose of rededication to Masonic ideals.

This observance once occupied a place of primary importance in the activity of every Craft Lodge and has been revived to the distinct benefit of the entire fraternity.

Certainly one day per year is not very much time to set aside so that we might, as a group of Masons, reaffirm our faith in the God and Father of us all.

In the month of June it will be our privilege and distinct honor to pay a tribute of respect and esteem to four of our Brothers who have attained the half century mark in Masonry. They are Bros. Wm. Arthur Rodemeyer, Harry M. Gill, Thomas Leroy Marks, and Harry E. Zimmerman.

Most worshipful Bro. Orvis A. Dellinger will make the presentation of the Grand Lodge award of gold on June 24.

This is our Master Mason Degree night and the honored Brethren are invited to bring their wives and have dinner with us, after which we will return to the Lodge room where the presentations will be made.

Finally Brethren let us remember that our standards of performance must be higher than the community around us if we are to attract anyone.

Also did you know that in the movie world the following were or are Bro. Masons. Wallace Beery, Joe E. Brown, Eddie Cantor, Douglas Fairbanks Sr., Clark Gable, Al Jolson, Harold Lloyd, Dick Powell, Will Rogers, Red Skelton, and Ed Wynn.

Masonic Education was the highlight of the May stated meeting. Since Three Rivers Lodge was twenty years old in May, Worshipful Brother Hoyt Campbell held a program on the period of time that the lodge was under dispensation and after the charter was received at Grand Lodge May 17, 1949. Portions of the articles appearing in the Square and Compass and written by the first Worshipful Master, Ward Bailey, were read. Senior Warden Ralph Blair told how he came to make the square and compass which, with the open Bible is placed upon the Altar when the lodge meets. Ward Bailey P.M. then told of many of the trials and accomplishments that were experienced before the lodge received the charter it had worked so hard to receive. These masons who pioneered the formation of Three Rivers Lodge worked long and hard and all who have followed owe them a debt of gratitude.

The members of the cast drove to Fort Recovery, Ohio on May 16th to present "Rose Upon the Altar". After the performance, refreshments were enjoyed which gave everyone a chance to get acquainted. The director, Thurber Mohr, would like to see some new faces on the cast and wants to bear from anyone — experienced or not — who is interested in taking a part. The play has made Three Rivers Lodge well known in Indiana, Ohio and Michigan as there are some brothers that come to see it every time it is in their area. At Fort Recovery, two brothers drove from Cincinnati to see the play. It is not uncommon to have someone come up after a performance and inform the cast that he has seen the play seven or eight times. Each time they see it, something new is learned. In this respect the play is similar to the Masonic Ritual. Every time a person takes part in the degree or sits on the sidelines and listen closely something new will be learned.

Grand Lodge was held May 20 and 21. Since this article was written before that meeting, nothing can be reported until the next Square and Compass issue.

Also on May 20th, Junior Warden Ted Arthur opened lodge on the Master Mason Degree, when Past Masters Albert Fisher and Delbert Dennis conducted the degree. Brother Paul Doty was raised to the third degree. Mrs. Garrison with help from several of the brothers prepared the meal.

Family Night was held on May 24th with a ham dnner served, after which Earl Wells, Director of the Childrens Zoo gave an interesting talk about the zoo and the animals there. After his talk everyone had a chance to hold some of the animals he had brought along. Fort Wayne is fortunate to have Earl as director of the zoo.

May 27th was the second Master Mason Degree of the month when Ed Byers and Ward Coolman were raised. The Worshipful Master and Past Master James Bowser presided in the East for these two new Master Masons.

In June the schedule will again be full. The Entered Apprentice has been tenatively scheduled for June 3rd. On June 10th will be the stated meeting, with a Fellowcraft Degree on June 17th and Master Mason June 24th. Be sure to check the Sunday paper each week for the actual schedule. There will not be any degree work in July or August. The July stated meeting is July 8th and the August meeting is on the 12th.

739'ers: With the coming of June we realize time is fleeting. The next Square and Compass will be for September, so there is much to say at this time.

April 23rd we were pleased to have as an honored guest, Past Grand Master Clyde E. Flowers. Most Worshipful Flowers discussed the 1969 Grand Lodge, the problems our Masonic Home has and the expected raise in the Per Capita Tax. April 30 saw a crowd of 25 attend our "Father, Son Night", a real nice group of people. We hope to have more nights like that before this year is over.

We do not have a candidate for June but our Stated Meeting promises to be an interesting one. A report will be given about Grand Lodge and our Honored Past Master will be Ernest L. Walker, Worshipful Master of 1961. At each of our Stated Meetings a Past Master has assumed the East for a part of the evening. These meetings have been very pleasant and unusual, to say the least, and I ask each of you who are not able to attend in person to send a card and help us honor our Past Masters.

For the "out of town" Brother who might be visiting Fort Wayne during June, July, or August, please call me, your Secretary, Shockley Lockridge, or any brother. Let us know you are in town, and get a guided tour through our new Temple. If you travel in a different direction than Fort Wayne, just drop a card in the mail and let us know how the weather is. That goes for you "in town Brethren" also. As the members of Waynedale Lodge No. 739

travel this year, let your Lodge know the various places you visit. It would be very interesting to list all the States and Countries our 230 members visit in a years time.

Our "Phone Committee" received nearly 100 reservations for the Ladies Night Banquet, a very nice response. I wish to thank each of the Committee members for a job well done. I made a promise to each person attending, that if they signed the register, they would receive special consideration for our "Past Masters Banquet" planned to be held in our new Temple this Fall.

Waynedale Lodge now has a "Time Capsule". We plan to hury this capsule in the ground at our new Temple this Fall. This capsule will remain buried for 35 years, and when it is opened on the eve of our 50th year, I hope it will show the Masons of tomorrow some of the things we tried to do today. You can participate in this event. Simply bring some item to Lodge and see if it fits in the Capsule. Don't wait until the last minute, it may fill up in a short time.

During July and August, at our Stated Meeting, we will be honoring Past Masters Vernon M. Foulks, 1962; John Womack, 1963; and Walter K. Hertzog, 1964.

Interest has been growing about a family picnic. I am sure we will be able to announce a definite date soon. Watch for your letter.

Your new Temple is nearing the completion stages, but there are still a few Brethren who have not seen fit to pledge anything for this great undertaking, a few that have pledged labor and have not been hy to help us. Now comes the moment of truth Brother. Your Temple is nearing the completion stages, hut it will not reach that point unless each member does his part. Large or small, we need your support. The Building Fund is getting low and we need labor every day. At the end of this year I would truly like to say that every member has taken a part in building this Temple that will serve Masons for years to come. If you have any pride at all of being a Mason, being ahle to wear that lapel pin or ring, then you should be eager to beat a path to one of the Building Committee members, or our Secretary, and lend your hand in raising this new building. Waynedale Lodge is one of the greatest Lodges in the State, as proven at Grand Lodge, help keep her that way.

Have a nice summer, see you at the huilding site!

Brethren: When you read this article your Worshipful Master will be at his summer home in Montana. Although distant, never-the-less, my thoughts will be with each of you.

A communication from the Grand Master alerts us to the needs of our Masonic Home. With the rising cost of operation and the need to provide for more of our brothers, widows and orphans it is imperative that there be a substantial increase in the per capita payment to the Grand Lodge.

Your Master and wardens attended Grand Lodge on May 20 and 21 and as always enjoyed the business-like handling of the affairs of that great organization.

On May 17 the last social event of the lodge until Fall, was held. With the members of the lodge preparing the food and making all the arrangements, the men entertained their ladies at the Spring Ladies Nite. Rev. C. S. Overmeyer provided an interesting program after dinner with a slide illustrated talk on his travels to Israel. There will be a repeat of this kind of event with a Fall Ladies Night.

Your officers have plans for a Father-Son banquet this Fall with Past Master Dan Dale as chairman of the committee on arrangements.

Brother Glen Cartwright has been seriously ill and confined to the St. Joseph Hospital. He would appreciate a visit from the brothers.

Your Master was grieved by the death of Brother Robert O. Burton who was summoned by the Supreme Grand Master on May 11. Masonic services were conducted by the lodge on May 15 with burial in Lindenwood cemetery. I had dinner in Los Angeles on Saturday, May 3 and Brother Burton, at that time, expressed his great pleasure at receiving his 25-year award. He was raised a Master Mason on November 24, 1943.

To all those who are ill we express our prayers for a speedy recovery and to those who grieve the loss of dear ones we extend our sincere sympathy.

Until September, brethren, I leave you in the charge of our competent Wardens and will see you in lodge on September 4.

This is my last article for my term as Master Councilor. These six months have gone by swiftly and I hope that through my efforts, DeMolay is keeping up to its standards as being the world's largest youth organization. This is the 50th Anniversary of the founding of DeMolay and I urge everyone to help out and make this next term great.

I would like to thank you all for your support during my term. I would especially like to thank, Dave Gregg, PMC, RD and Chevalier, who has helped me throughout my term, also Mrs. Haver, our Chapter Mom, who has had the refreshments for the meetings, Rev. Marvin Isley, the Chairman of the Advisory Council, for his support from the Council and for his printing of handbills and tickets for DeMolay Week. I want to thank Dad Arick for his help in seeing me through my term.

On May 14th, the elections of officers for the fall term were held. Duncan Whyte was elected Master Councilor; Martin Procise, Senior Councilor; and John Kinast, Junior Councilor; Ron Haver, treasurer. My congratulations to all of you and to the new appointive officers.

On May 16th, Fort Wayne Chapter, Order of DeMolay was presented a Certificate by the Veterans Hospital for helping in Civic Projects, for our Masonic help and especially for our DeMolay Week activities, one of which was presenting a U. S. flag which flew over our Nation's Capitol.

On May 19th, the last Initiatory Degree of the term was held. Thanks fellows for doing such a fine job. Then on May 20th the "Traveling Flower Talk Team" presented the Flower Talk for the Waynedale Job's Daughters.

On May 28th was the Installation of Officers, headed hy the Installing Officer, David Gregg; the passing out of awards, and especially the conferring of the Chevaliers Award to David Gregg. James Steeg, and Michael Westfall.

Coming up is the DeMolay State Conclave, June 12, 13, 14 and 15th.

In closing I would again like to thank all my officers and everyone who has helped make this term a success. I also want to wish Duncan Whyte, the new Master. Councilor, and all of his officers the best of luck, and I hope that your term will add much to the success of DeMolay in this the 50th Anniversary year.

Most of all, I wish to express my deep gratitude and thanks to my parents who have always been there to help when I needed it most.

Again I want to thank my Chapter for giving me the opportunity of serving as Master Councilor, it was an experience that I shall never forget.

It's June and this is my last article for the Square and Compass. There have been so many people who helped me this term, I don't know where to start. The most important is my mother. I know there were several times she would have liked to do something else. Instead she stood by me and helped get things done. She also encouraged me to do some things I wasn't quite sure of.

I would also like to thank the Mothers Club for all their help. It was the mothers who helped prepare the food after the meetings.

I can't think of any Honored Queen that has had as fine a corps of officers as I did. The girls themselves are the ones that make a bethel. No one can do it alone. It takes cooperation from everyone.

Last but not least I would like to thank the DeMolay. Many people don't know how these boys have helped. Who do you think it was that helped carry all those tons of newspapers for our paper drives? When I first joined Job's Daughters it was a year before I knew the DeMolay were. Now I feel two groups are getting back together again. I would like to thank everyone that has helped make this possible.

May 21, was election. I would like to extend my congratulations to the new officers. I know the new Honored Queen will have a beautiful year.

I want to remind the girls that church Sunday has been changed again. It is now scheduled for June 15 at Plymouth Congregational Church.

Our next initiation is June 8th. I hope everyone can come to see the Initiatory work. I'm sorry this interferes with South Sides graduation. We'll be thinking of you seniors.

June 18, is retirement, and the Honored Queens night. I hope that the Past Honored Queens will be able to attend. It's so rare that I see any of you any more. This will also be my last meeting. I want to say what a wonderful year I had as your Honored Queen.

I'm going to be going to school in town next year so I'll still be at the meetings. Until then, may the Lord watch between me and thee when we are absent one from the other."

The sun is always shining in the home where friendship lives. Where life is measured not by tears, but hy the joy it gives. Where hands are clasped in greetings, and the warmth of love is shown and every word is spoken in an understanding tone. The flowers are forever fair, where kindly thoughts abide; where there is never any room for jealousy or pride, Where sympathy and sacrifice, and cheerfulness prevail. Where smiles of true encouragement are like an endless trail. The sun is always shining, and the sky is always clear. Where friendship lives and sentiments are bonest and sincere.
Our first meeting was very inspiring, each officer knew their work and did it beautifully, a large crowd was in attendance, every one repeated the obligation, and all those who had a birthday in April, were escorted tn the west and presented a gift. At close of Chapter we all gathered on Mezzanine for delicious refreshments and a social hour.
The Mothers day program was lovely; each officer gave a tribute to all mothers. Sister Mabel Robinette sang "Mother". The oldest mother present was Sister Vida Wood, the youngest mother was Sister Roxan Bissell, both were introduced and given a gift, all mothers present were presented gifts. Sister Vida responded with a poem "No Exchange".
There are two meetings in June, before vacation time, be sure and come, and then for that nice long vacation. Every one have a nice summer.

The Indiana Grand Chapter has honored Fort Wayne Chapter by the appointment of Sister Lucile Mumaugh as Grand Organist. Sister Lucile has been our organist for seven years and all who attend our meetings know how much her beautiful music adds tn our work. Her dedication to music and her humility in her talent makes her a lovely lady and nne we are all very proud to be associated with. Won't ynu attend your Chapter meetings and get acquainted with our Grand Organist.
The dictionary says "A Homecoming is a gathering to renew family tics." This was the theme of the May first meeting and many attended and renewed fraternal ties. The decorations carried out the idea and Sister Irene Lyttle was crowned "Homecoming Queen" for having the largest percentage of her initiates at the meeting. The Worthy Matron recognized our new Grand Officer and had her escorted to the East. The choir, which is very dear tn Sister Lucile, sang a fitting tribute to her.
May 15th meeting we bad our first initiation and are happy to welcome into our order the following: Patricia Bleich, Roberta Whitner, Robert Cook and Robert R. Bishop. We welcome Louanne and William Tuttle by affiliation.
The Chapter is preparing to make new rosters. If you have a change of address or name please send the correction to your secretary.
Due to the raise in per capita assessment by Grand Chapter it will be necessary to raise the dues. A hy-laws committee has been appointed and will read their recommendation at the first meeting in June.
All members are urged to attend and help make this important decision.
The Chapter History books, written by Sister Helen Howard, are ready for distribution. Have you ordered a copy? Please pick up your copy at a Chapter meeting. The cost of mailing is too high so only those out of town and shut ins will be mailed. We have a limited supply of extra copies for sale if you would like one please contact Dorman Walker or your Worthy Matron.
The following members names were placed in the "Book of Memories" at the Memorial Service, June 5; Fay Mentzer, Dessie Fretz, Edward Uebelhoer, Frieda Burton, Bessie Bishop, Harry Wineland, Flora Brown and Katheryn Muir. A beautiful duet by Carol Munk and Pat Walker was dedicated to our departed members.

Your Worthy Matron and Patron wishes for each of you a happy and safe summer and hope to see you on the sidelines in September. Mark your calendar for Sept. 4, our first meeting, when we will renew our ohligation. Sept. 6 we will honor our Grand Organist, Lucile Mumaugh, with a reception at 3 o'clock. What is a Rose?

What is a rose? It is a treasure chest of love, a gift from the heavens, A kiss from the angels, A token of his kindness.

What is a rose? It is a message that inspires faith, a sign of infinite wisdom, A symbol of life-giving power, A reason to marvel.

What is a rose? It is a delight to the eye, A joy to the nostrils, A lift to the soul, A touch to the heart.

What is a rose? It is a hymn of design, A symphony of color, A song of beauty, A poem of precision.

It is a study in harmony, A lesson in balance — And its own tranquil world Sheds crystal tears For a troubled humanity.

t the all degree day held at fton May 3rd the third district nine candidates for the Royal degree, three of these from t Wayne Chapter. Bluffton has a Temple and it was a pleasure put on the work there. I hope Bluffton Chapter has a good and we would welcome having to put on some work some time. Companions get busy on those tions. With the Quarry Festival ing up on August 26th we have excellent selling point. This is thing for the members to see well as the candidates. This is a quarry and how often do you to see work put on in the real e. They have a large cast and work is expertly put on. Arrangements have been made this year that should the weather not be good a large tent will be available so the show can go on. You can take your wives and entertainment will be furnished for them. On top of all of this the meal is free. Where else can you see a free show plus a free meal. Put a circle around this date and plan to go and take your wife and be sure you have gotten some candidates. This isn't a requisite for going but we want to try and give our Blue Lodge friends the opportunity of seeing this very fine degree.

Here it is vacation time again. Companions, we hope you all have an enjoyable summer whether you go away on a trip or not. But lets try to make this a safe summer. If you are driving stop before you get too tired and be sure to keep your eyes on the other driver. We have one more meeting, before the summer break, on the 19th of June. Try to come down for the dinner at 6:15 —to the others—see you in the fall.

Sir Knights: The month of May has been a busy one, with Graduations, Festivals, Ceremonials , and Grand Commandery. We had a very good spring York Rite Festival, with the orders of the Commandery conferred here at Fort Wayne. S.K. Barney Smith, P.C., did an excellent job organizing the cast of Past Cammanders for the Order of the Temple. He had 4 Commanderies represented, with a Past Grand Commander, and an Active Grand Line officer working in cast. We Knighted Eleven Members of a class of Attentive Candidates, four from Fort Wayne No. 4. We welcome Sir Knights Robert M. Mathisen, Michael W. Heaston, Homer E. Bennett and Gerald V. R. Walker as Members of our great Christian Order.

The St. Joseph United Methodist Church was very kind to invite Fort Wayne Commandery to ascension day service on May 18. Our Pastor, A. C. Underwood, is a member of Greenfield Commandery.

Camp Crosley Boys Camp will be coming up soon, lets all get behind it with our contributions and really make it a big week for a large group of boys.

I will report on Grand Commandery next month, since at this writing it is several days away.

Companions: We welcome in to our midst these three very fine companions. Mr. Robert O. Biedenweg, 1331 Kensington; Mr. Noel Love, Grabill, Ind.; and Mr. Robert M. Mathisen of 2207 Legoma. This is the type of work and the type of men who when banded together can accomplish the things that seem impossible. They can guide the destiny of a community or of a nation in a good wholesome direction just as George Washington, Patrick Henry, Benjamin Franklin and many other good men did in our early history.

Companions, find these men and bring them in to join hands with other good men to help preserve constitution and the God Fearing traditions of this great country. We need only six more candidates to fill our quota. Lets go over the top.

Make plans to attend the barbecue picnic coming up Aug. 17 at the Artisan Studio. Come early before Rev. Marvin Isley gets there. He eats lots of chicken.

There will be more degree work this fall. Let each of us have a candidate ready.

BURNT TOAST

Sooner or later, we all learn life is not a bowl of cherries. It's a salad of good days and bad, victory and defeat, give and take, joy and sorrow.

It's not so much what happens to us, as how we meet the exigencies of daily living and how we conduct ourselves in all contacts with our fellow human beings that really counts.

We learn that it doesn't pay to be overly sensitive souls; that we should let some things slide off like water off a duck's back. We learn that those who lose their tempers usually—lose uut. We learn not to take the other fellow's grouch too seriously — everyone has burnt toast for breakfast now and then. We learn that carrying a chip on the shoulder is the easiest way to get into a fight.

We learn that the quickest way to become unpopular is to carry tales and spread gossip about others. It doesn't take a genius to discover that buck passing always turns out to be a boomerang. We come to realize that through cooperative effort we move on to better things — no man ever got past first base alone — and that it doesn't matter so much who gets the credit so long as the job is done well.

We learn that most of the other fellows are as ambitious as we are, have similar goals, that their brains are as good or better, and that bard work, not cleverness, is the secret of accomplishment.

Experience teaches us that if we always give our best, averages will break pretty well — and it doesn't pay to worry if we lose a decision.

We learn to consider the other fellow, and realize he has problems equal to or greater than our own. We learn to sympathize with the newcomer to our midst, remembering our own bewilderment when we started out.

DeMolays have a head start on other young men in learning these lessons of life early, through teamwork and in an atmospbere containing the plus ingredient of brotherhood.

For them the knowledge comes quicker that understanding and getting along with other people depends to a great extent on their OWN REACTIONS AND BEHAVIOR.

They can be quicker to concede that a friend or Brother may have had burnt toast for breakfast.

With the right attitude, it really doesn't taste so bad after all — if you scrape off the surface.

The bread is still there.

International DeMolay Cordon

What People Say

Is your conception of wrong and right your own ideas or something you have borrowed from someone else? Would you really do some of tbe things you do if you were not influenced by what somebody might say or think?

Few among us will admit we are bound by a lot of rules and conventions set by someone else, writes C. V. McLain in the Washington "Masonic Tribune." Still, admit it or not, much of our very existence is guided by rules laid down by someone we don't know . . . individuals of whom we have never heard.

We don't bother to do much thinking for ourselves. We readily accept things because they have become the general practice and seldom pause to consider anything but that everyone is doing it. We have a compulsion to follow the flow of the crowd.

Right or wrong most of us feel we must stay in step and keep up with our neighbors. So strongly are we driven by this impulse, we are too often found arguing that we are within our rights when we bend our laws and common codes of living because we see the other fellow doing some of the tbings we want to do.

Hardly! We all know there is quite a difference between right and wrong and we know how to recognize that difference. Since our childhood, we have been indoctrinated with the rules and guides for knowing wrong from the right living as set forth in the Ten Commandments.

It doesn't take too much thought to classify our thoughts and actions and as Masons, we should be more than acquainted with the rules of living which have come down to us through the ages.

It doesn't require too much intelligence to determine how we should conduct ourselves. We know and yet it has been said there have been more than five million laws enacted in many feeble attempts to enforce the ten simple rules God gave Moses for man's use to plumb his life and square himself with God.

—The Masonic Chronicler

What Is It All About?

What Masonry Is—

It is a voluntary association of men.

It is a system of moral conduct.

It is a way of life.

It is a fraternal society.

It is religious in its character.

It teaches the Golden Rule.

It seeks to make good men better men.

It teaches morality through symbols.

It uses secret rites and ceremonies to instruct its members.

It is based on a firm belief in the Fatherhood of God, the Brotherhood of man and the Immortality of the Soul.

Its tenets are ethical principles such as are acceptable to all good men. It teaches toleration toward the beliefs of others, and charity toward all mankind. Masons should be proud to proclaim that their fraternity consists of men bound together by bonds of brotherly love and affection, universally applicable throughout the world . . .

What Masonry Is Not—

It does not solicit members.

It is not an insurance or benefit society.

It is neither a religion nor a creed.

It is not a charity organization.

It is not organized for profit.

It dictates to no man as to his beliefs, either religious or secular.

It seeks no advantages for its members through business or politics.

It is not a forum for discussion of partisan affairs.

It is not a secret society, as it does not conceal its existence . . .

In spite of the many difficulties which we encountered, Olive Branch's Guest Night dinner of fried chicken, haked beans, and cole slaw which was held on April 19 was enjoyed by 37 members and guests.

After dinner Brother Sam Shinabery, P.M. South Gate Lodge, gave a very informative talk on Masnnic history. We all enjoyed his talk and I am sure we learned qulte a bit we never knew before.

Brother Henry Lantz from Leo Lodge showed us pictures he took recently while visiting Egypt, The Hnly Land, and Europe. Both the pictures and the narration were very enjoyable and interesting, and I wish more of you could have been there.

We were unable to have a meeting in May because for some strange reason not enough nfficers were able to attend. I hope that our officers do not let this happen again, because it causes some embarrassment both tn your lodge and tn your Worshipful Master.

Bro. Phil Lydy had several loads of dirt hauled on to our lot and a number nf Brnthers leveled it nff. It has made quite an improvement to nur corner. Flowers and shrubs are to be added and I think this will add some beauty where it is needed. I want to thank those who were willing tn help on this project.

Our Seventeen Fund Club is growing and I am very sorry that the name nf Bro. Murl Lybarger was inadvertently nmitted last month from the list of new members. Sorry, Murl, and thank you very much for your contribution. Cngratulatinns!

We have a first this month. It gives me great pleasure to announce two new members who have joined nur Seventeen Club — Mrs. Selma Headford, who gave her donation in memory of her late husband, Ralph Headford, and Mrs. Jenny Greek, who gave her donation in memory of her father, Clinton Thompson, and her mother, Lillian Thompson. Mrs. Headford received her set nf earrings on May 12, and Mrs. Greek will receive hers as soon as time will permit. Both women are members of the O.E.S. Thank you very much, ladies, and congratulations. Ob, yes, your Wnrshipful Master finally made his contribution. This hrings nur Seventeen Fund Club membership to sixteen.

By the time you get this your Senior Warden and myself will have been at Grand Lodge and there will be a lot of discussion on per capita dues tn the Masonic Hnme. This is our obligation tn maintain the Home and like everything else the cost index on the nperation is rising. We have nne of the nicest Homes in the Nation. FREEMASONS IN THE SPACE AGE

A little more than 10 years ago the National Aeronautics and Space Administration (NASA) at the Manned Spacecraft Center in Houston, Texas, chose seven astronauts for the Gemini Program to provide scientists and engineers with information required to land "a man on the moon." This goal has now become a reality.

The astronauts, who have grown to numher 55, are the men we associate with being responsible for these feats, requiring skill, courage, and endurance. Among these men are participants in Lodge, Chapter, Council, Commandery, and Shrine. We present them here with pride and respect for their deep commitments to American ideals and Christian beliefs.

The first astronaut to be honored with a statewide York Rite class was Gordon L. Cooper, Jr., January 18, 1963, when 167 candidates were knighted in Brevard Commandery No. 24, Cocoa, Florida.

Sir Knight Cooper was one of the original seven astronauts and has been awarded the NASA Distinguished Service Medal, the NASA Exceptional Service Medal, Air Force Commander Astronaut Wings, the Scottish Rite 33rd Degree and has received several York Rite recognitions.

Many Americans know him for establishing a new space endurance record and becoming the first man to make a second orbital flight, winning for the United States the lead in space man hours, accumulating a total of 225 hours and 15 minutes.

Sir Knight Cooper is a member of Carbondale Lodge No. 82, Carbondale, Colorado, a dual member of Clear Lake Lodge No. 1270 in Clear Lake, Texas, a member of Indian River Chapter No. 27, R.A.M., Hiram Council No. 13, R.N.S.M., Orlando Valley Scottish Rite and Arabia Temple, A.A.O.N.M.S., Houston, Texas, and Chapter No. 366, National Sojourners, Patrick AFB, Florida.

He is the recipient ot Honorary Legion of Honor, Order of DeMolay and a Life Sponsor of the Knights Templar Eye Foundation, Inc.

Sir Knight Cooper carried two flags with him on the MA-9 flight, a 22 orbit mission which he plloted. One flag was presented to his home lodge and the other was exhibited during the New York World's Fair.

A second Templar class in honor of the late astronaut Virgil E. Grissom was held in Orlando, Florida, October 12, 1963, wherein 351 candidates were knighted. Sir Knight Grissom lost his life during a simulated countdown at Cape Canaveral, January 27, 1967. A memorial class which knighted 401 candidates was held in Orlando October 14, 1967.

Grissom was also one of the original seven astronauts and commanded a three-orbit mission March 23, 1965.

He was a member of Mitchell Lodge No. 228, Mitchell, Indiana, and Indian River Chapter A.A.R.O.N. Council, Brevard Commandery in Cocoa, Orlando Valley Scottish Rite, Arahia Temple, A.A.O.N.M.S., Hous-

Greetings, Brethren: I hope all of you had a good vacation, and have returned home safe and sound. If you are like most of us, when September rolls around you can say "the race is on." This is when it seems like everything breaks loose and no one has any free time until we reach July of the following year, so it is good to have a couple of months to enjoy the good outdoors and do many of the things that one enjoys. But it is September and it's back to work for the Craft.

No doubt by the time you read this article we will have had our stated meeting for September. The remainder of the calendar for September is, 8th, Entered Apprentice; 15th, Fellow Craft; 22nd, Master Mason; 29th, Veterans Hospital Visitation; 30th, Lodge of Instruction, with the host lodge Maumee No. 725.

So far this year we have had, as of this writing, twenty-two of our brethren summoned home by the Grand Master of the Universe. This is a very sizeable number. I would extend to the widows, families, and friends of all these men our most sincere sympathy, and hope that the same ties that united us with our brothers may continue to unite us with their families.

To our brethren that may be ill at home or in the hospital, we wish for them a very speedy recovery and hope that before many days pass they will be back in the swing of things.

You have already noted that on Sept. 30th we will be having our Lodge of Instruction with Maumee. Brethren, this would be a fine time for all of you to attend lodge. In the years that I have been in line there have been very few on the sidelines. I think the brethren believe this is just for officers. Well, maybe it is, but I am sure you would receive so much from it, and also show your officers you appreciate what they are doing.

You know there are many of us that want to be Masons, yet once we are we don't want to do anything about it. We tend to forget what it takes to carry on the lodge day after day, week after week, and year after year.

It is very hard to find officers who can or want to spend the time it takes to carry out the work of your lodge. Oh, yes, if there wasn't this one, there would be another, but there still have to be those few to carry on. Many of you do not realize that there is not just lodge on Monday nights. From January 1st until July 1st your officers had one free Monday night. There were many nights other than Monday on which we were holding meetings, funerals, and other functions.

In the six years that I have been going through the line of officers I have worked with some very fine men. Some now are Past Masters, some had to drop from the line for various reasons, and the line that I now have behind me. I cannot take anything away from those that have gone ahead, for they were all wonderful to work with, but I think as Master of your lodge you look at those behind with a different outlook. I am happy to have these brethren that serve the lodge under me. I believe with all my heart that these are the finest anywhere on the face of this good earth. I have worked closely with them from one to six years, and it has been a wonderful privilege for me. I am sure that if you attend the Lodge of Instruction or any other meeting, for that matter, you will understand what I mean. These brethren are proficient in their work and do it well. Won't you please support your officers and lodge with your attendance at least once a year? Or is that too much to ask? When we see that we are losing more men that we have coming in to Masonry, it is past time for us to start living up to our Masonic and moral obligations and teachings. Will I see you in Lodge?

My Brothers:

The lodge has been dark and at ease for the last few months, but our Fellowcraft Club, under the direction of President Ken Rasor, and our Transportation Committee of Ronald V. Brown, Bill Scott, and Mel Jurnigan, planned an exciting and successful trip to Chicago to see Kansas City and the Chicago White Sox play a double-header. Many of those who went on the trip asked if we could have a similar trip to see a professional football game. This suggestion was referred to our Fellowcraft Club and Transportation Committee and they are trying to arrange tickets to see the Detroit Lions play sometime this fall. If this can be arranged, we will let you know in our October article.

We have at least three or four candidates to kick off our fall degree work, and if all of them are accepted, we will have dinners on our Entered Apprentice and Master Mason nights.

As an added attraction for September, Summit City Lodge will host University-Landmark Lodge No. 442 of Chicago, who will put on the first and second sections of the Master Mason degree on September 27th, in Illinois form. The degree work for the first section will start at 4:00, with dinner at 6:00 and the second section at 7:00. Heretofore, all of our lodge work has excluded the women. For this occasion, the Chicago lodge will bring their wives along and we are inviting the wives of Summit City members for cards and a festive evening, beginning with dinner at 6:00.

As a closing thought, I was astonished to learn that local DeMolay membership has diminished to around 300. This is very disturbing because when I was a DeMolay, twenty years ago, we had one of the largest chapters in Indiana and the United States. Many of our Brothers have sons who are of DeMolay age. How about getting petitions for these boys and encouraging them to join. These boys will be our future Master Masons and will replace us in control. If any of you need a petition for DeMolay, please call me and I'll see that you get one.

Support your local Blue Lodge.

Summer has come and gone and some of our Brethren have gone to their great reward. We mourn their passing, and look forward to that glorious day when we shall all be reunited in the hereafter. For those left behind, the work of the Craft must be carried forward and we shall begin by voting on our all important amendments to the by-laws to make our lodge financially sound, and to appropriate sufficient funds to care for our less fortunate brethren. As mentioned in numerous artieles, and widely discussed, the assessment for the operation, enlargement, and maintenance of the Masonic Home at Franklin, Indiana has been increased from $4.00 to $8.96 per dues paying member in the state of Indiana. Much controversy has come out of this move, and your Master has had many questions asked about the operation of the Home, etc. . . . which I am unable to answer. Statements have been made available to the Master and Secretary of each lodge detailing the expenses for the Home. Either of us will be glad to forward a copy to any brother requesting same, for your own analysis of the report at your pleasure.

We had a goodly number of Master Masons raised during the spring months, and we hope to continue our degree work this fall in our usual way. Our fall calendar calls for ladies night to come on Wednesday, October 29. Dinner, entertainment, and a speaker who will be particularly interesting to the ladies (and men) is our goal. Tickets will be in the hands of the officers and committee hy the last week of September; however, you should be sure and mark your ealendar now so you have that date reserved. Watch the Sunday paper for the weekly schedule, and we sincerely look forward to having you attend lodge.

Brethren: The summer is almost over and the call of the locust reminds us that fall and winter are close at hand.

I sincerely hope that all of you have enjoyed the past two months, hut now it is time to get hack to work on the Trestlehoard. It would appear that we are going to have much to do in the next few months. We have two candidates who are ready for their E. A. Degree this month, so we will he having Degree work all through Sept. The following Brothers have all heen raised to the Sublime Degree during the first six months of this year: Donald Diller, William Maurisak, Kenneth Hoefelmeyer, James Lihka, David Terry, and Jack Jones. Welcome to these fine gentlemen from the officers and members of Home Lodge.

On Sept. 27 and 28 we will renew acquaintance with members of lodges from St. Louis, Peoria Heights, and Chicago when we attend the annual Tri-State Reunion which will be in Chicago with Advance Lodge acting as host. The price will be $25.00, which will include transportation, lodging, entertainment, Saturday night dinner, and Brunch on Sunday morning hefore we start home. Jess Lewis is the Chairman of our Tri-State Committee and is most ably assisted by Irv Burelison. Please contact either of the above or myself for reservations. The deadline for reservations is Sept. 15, so hurry. Don't miss this one. Remember, this is not only for Home Lodge members, hut any Master Mason in this area is invited to come along.

On Friday, Oct. 3 we will have our annual Lodge fnr Instructions along with Wayne Lodge No. 25. Home Lodge will he the host lodge this year and Assistant Grand Lecturer Bro. Allan Bennett will he here to put us through our paces.

There are a couple nf changes this year in that we now know that we will be examined on the M.M. Degree and parts will be assigned after Lodge is npened. It therefore hehooves every officer to be profieient in whatever part ho has in this degree.

Then on Oct. 8 the Grand Lodge Masonic Education Committee will be in Fort Wayne, and Home Lodge will again be the host lodge. This meeting is for all lodges in this area and we hope for a good attendance at this important meeting.

Our family night and Christmas party will he on Saturday night, Dec. 13. We will soon be making plans for this party, so be sure and mark your calendar for this date.

This pretty well covers our schedule, which along with degree work will surely keep us husy for the halance of the year.

It is rather unfortunate that Grand Lodge convenes at a time so that we are unable to report it to you until this late date, as the Square and Compass is not printed in July and August.

There were many things on the agenda and the most important was, I suppose, the increase in the Masonic Home assessment. I have had many inquiries about this and I assume that the officers of the other lodges are having the same experience. I am convinced beyond a doubt that if every Brother were given the facts about the Home, then there would be no contention about this small increase. In the next issue of the Square and Compass, therefore, I am going to try, to the best of my ability, to give the members of Home Lodge all the information I have been ahle to accumnlate on this matter.

The annual meeting of Grand Lodge was held since the last article for the Square and Compass was written. There were several things of importance brought up, but the assessment for the Masonic Home will he of most interest as it concerns every member of the Masonic fraternity. For the past 12 years, $4.00 of each member's dues went to support the home and was included in the $15.00 dues. Starting with the 1970 dues, the Masonic Home assessment will be $8.96 and will be separate from the dues. This means that the dues will be $15.00 plus the assessment making a total of $23.96.

In 1957 when the $4.00 per capita tax became effective, the cost of operating the Masonic Home was $818,036. Last year the cost was $2,038.913. At the same time, the number of Masons paying the $4.00 has fallen 13,487 making it necessary to increase the assessment in order to continue to provide adequate care for nur guests there. Since the assessment is now separate from the dues, it becomes tax deductihle. Also the assessment may change each year because it must be voted on at Grand Lodge every year.

It is a good feeling to know that the Home is there for any of the members or their widows. In the August stated meeting, a resolution was passed to nominate one of nnr own members and his wife to be admitted to the home and it is hoped they will be there shortly. The need for the Home has been prnved to the membership with the passing of this resolution.

There being no degree work during the summer months, only stated meetings were held and the main topics discussed were the Masonic Home assessment and the admitting of our brother and bis wife to the home.

No new petitions were received during the summer, so there will not be any degree work in September.

The stated meeting will be held September 9th at 7:30 p.m.

I now know some of the reasons why most of the Lodges go dark during July and August. It gives a weary Worshipful Master the chance to review his first few months in office, examine his program, renew his faith and vigor, then prepare fnr the four husy months ahead.

Indeed the coming months will be busy, too husy to list all the activities in this space, so watch for your monthly Lodge letter.

At this time I would like to thank Lillian V. Lee for the help she gavo me in getting past articles in the Square & Compass. With this issue of the paper the new Editor and Puhlishers, Mr. and Mrs. Mervel Smith. Congratulations and best wishes to hoth of you.

Congratulations are also in order to Tom Woodward, John LoVerde, and T. Mack Fehman, elected nfficers of the Waynedale Fellowcraft Club. I am sure you will hear more of this group in the near future. If you have any questions or suggestions on the Craft Club, please call the President, Tom Woodward at 622-4541.

Welcome hack to the list of regular attenders, T. Mack Fehman, Treas., who had been quite ill and John LoVerde, J.D. who has been away at school. Welcome back Brothers, it is good to see you again.

Best wishes to LeRoy Vulgamott, our Tyler, from all the Officers and Brethren at Waynedale. Hope you are back with us again soon.

Please mark your calendar for the following events:

During the remainder nf the year the lodge has a number of activities planned. During September we have stated meeting on the 4th. Bring in the petitions, hrothers so we can get to work. Hi! As newly elected Honored Queen of Bethel No. 8, it is with a great deal of pride that I write this article.

The new term began, June 21st with my installation. The installing officers were: Sharon Farrar and Jane Witmer, Installing Honored Queens, Jan Leatherman, Installing Guide; Carol Bakker, Installing Marshal; Sue Exner, Installing Chaplain; Margaret Bleeke, Installing Recorder; Cathy Highley, Installing Sr. Custodian; Marianne Means, Installing Jr. Custodian and Mrs. Jean Roth, Installing Musician.

A great big thanks goes to the Installing Officers for the lovely job they did. I also extend my thanks to my hostesses, Mrs. Thomas Byers and Mrs. James Farrar, the Commandery for their lovely escort and the DeMolay for the impressive honor guard, to the Mothers Club and to Rev. Robert Priest for his inspiring invocation.

My mother and dad were such a big part in the making of my plans for my installation that I realize now how indispensable they are to me. My gratitude goes to them without saying.

Other officers installed that evening were: Marianne Blue, Elaine Young, Sue Brandt, Julie Byers, Perri Smith, Micki Chochran, Cheryl Coleman, Ann Edsall, Cathy Cope, Vicki Doster, Marsha Book, Stephanie Heurer, Deb Arthur, Phyllis Ross, Cheryl Krewson, LaVerne Knisley, Ann Voorhies, Jane Lehman and Jill Russell.

Job's Daughters Grand Council Session was held at Bloomington on the Indiana University Campus. All the girls and chaperones who attended had a fabulous time and those of you who were unable to attend should be thinking of next year. Jane Witmer, Past Honored Queen of Bethel No. 8 was selected to be Region 8 Chairman, which is a very nice honor.

Several paper drives were held during the summer which turned out to be quite profitable for the Bethel. The girls who offered their help were certainly appreciated. Every girl should be collecting papers so that on the next drive we can fill at least a couple of trucks.

The fall term begins on Sept. 3rd with a potluck at 5:30 for all Job's and their families. At our 7:30 p.m. stated meeting we will honor all Past Honored Queens.

Next on the agenda is Franklin Sunday. Girls, I urge every one of you to make it a point to be on the bus going down there. Job's from all over Indiana come and it's always a very fun day.

Sept. 17th, our second meeting, will be Past Guardians and Past Associate Guardians night. This is their night to be honored for all their many contributions.

A paper drive will be held September 20th so start making plans to collect papers and your help will be appreciated to help load and unload.

This ends the news for this month and I sincerely hope many of you are planning on giving Bethel No. 8 your complete and loyal support because you will be rewarded time and time again by what Job's Daughters can give you in return.

Remember always that "God is Love."

The time is growing near. Time to go back to school . . . and to the chapter. As things look so far, it's going to be a very good term. Already we've almost reached our quota. However, this is no reason to stop working for new members. I would like to see Fort Wayne Chapter gain its rating on the statewide and national level; and membership is the best way to start.

Conclave was again held at Ball State University, June 12th to the 15th. I was disappointed in the fact that only three boys were able to attend, John Kinast, Doug Knauer, and myself. But, even with our small delegation, we brought back two medals in swimming and the Frank E. Burt trophy for second place in the Flower Talk.

We have a good schedule set up for this fall term, but I feel that we could add a few more projects or activities. I would like to hear from you, the Chapter, any ideas or suggestions to add to our schedule. Feel free to call the S.C., J.C., or myself at any time.

Fort Wayne Chapter has a new "Dad". His name is Ralph Latham. Dad Latham has many things planned for our Chapter, and you will hear these things at our first meeting, September 10th, 7:30 on the fourth floor. I hope everyone possible will plan to attend.

Our fifth astronaut, Walter M. Schirra, Jr., was made a Master Mason at sight by the Most Worshipful John T. Rause, Jr., Grand Master of Masons of Florida in Jacksonville, November 4, 1967. This was the third occasion of such an event in the history of the Grand Lodge of Florida.

Schirra has received two NASA Distinguished Service Medals and a NASA Exceptional Service Medal.

He occupied the command pilot seat on the history-making Gemini 6 flight, which made a rendezvous with the already orbiting Gemini 7 spacecraft. This was the first rendezvous of two manned maneuverable spacecraft, establishing another first for the United States.

Thomas P. Stafford, who was Commander of the Apollo 10 team which orbited in May to prepare for the July moon flight, is affiliated with Western Star Lodge No. 138, Weatherford, Oklahoma.

He was awarded two NASA Exceptional Service Medals and the Air Force Astronauts Wings.

Stafford also participated in the Gemini 6 mission which rendezvoused with the orbiting Gemini 7 crew.

The two remaining astronauts with Masonic affiliations are Edgar D. Mitchell, a member of Artesia Lodge No. 28, Artesia, New Mexico and Paul J. Weitz, a member of Laurence Lodge No. 708, Erie, Pennsylvania.

Mitchell and Weitz were two of the 19 astronauts selected by NASA in April 1966. They are currently involved in training for future manned space flights.

Masonry can be proud to have members of these teams among its membership.

But sayl there's a lot of cheer in it,

In spring, when the hilltops are greening.
Right after the cold and the snow,
I think when it comes to real meaning
There isn't a word like "Hello."

All Americans shared the success of a mighty Apollo roaring off the pad at Cape Kennedy this summer. Its mission: to land two astronauts on the moon, "to lift hy hand a rock from the moon," and then to return them safely to earth. Throughout that dangerous flight, the hopes, the prayers and the pride of Americans were riding in the capsule with Neil Armstrong, Mike Collins and Buzz Aldrin.

That event — the moon landing —will very likely he the most exciting, most dramatic single event in our lifetimes. Ranking along with that historic event, Fort Wayne Chapter will honor Sister Lucile Mumaugh, Grand Organist, with a reception September 6 at 3:00 p.m. It is our hope that each of you can be with us then, to demonstrate our love and appreciation; that our prayers will he with her as she travels throughout the state; and that she is the pride of our chapter. On June 28th, our Court was honored with the Official visit of our Grand Royal Matron H.L. Lora Feldwish and Grand Royal Patron, S.K. Ernest Roller, accompanied by many of their Official Family. The meeting was called to order at 7:30 p.m. with all officers in their respective stations and the work was exemplified in a very dignified manner and the degree conferred upon our newest member, H.L. Edna Bergdahl. We wish to extend a very warm welcome to H.L. Edna, and thanks to the officers for a job well done.

This was a very busy day and Truth Court No. 21 had been visited officially, and then a smorgasbord dinner was enjoyed by all. All guests and members were invited to the dining room after the evening meeting for refreshments. We wish to thank Truth Court for their assistance and cooperation in making this day a successful one.

July 17th — Several H.L. and S.K. enjoyed a cook-out and picnic dinner at the home of Royal Matron, H.L. Ann Galbreath. Sorry S.K. Claud and H.L. Ruby were unable to attend as well as many others. We missed you.

July 18th — H.L. Norma Jean Miller and H.L. Hazel Dehler were hostesses to several tables of card playing. Delicious refreshments were served and of course there were some lucky people, the winners. Several individual card parties have been held, also. All those who can host a card party of 1, 2 or however many tables you like, please contact H.L. Hazel Dehler.

If you have any other preferences of helping the Ways and Means, please contact H.L. Agnes Godfrey, General Chr.

See you in Court!

September

The goldenrod is yellow,
The corn is turning brown,
The trees in apple orchards
With fruits are bending down;
The gentian's bluest fringes
Are curling in the sun;
In dusty pods the milkweed
Its hidden silk has spun;
The sedges flaunt their harvest
In every meadow nook,
And asters by the brookside
Make asters in the brook.
From dewy lanes at morning
The grapes' sweet odor rise;
At noon the roads all flutter
With yellow butterflies—
By all these lovely tokens
September's days are here,
With summer's best of weather
And autumn's best of cheer.

Yes, September is here again, and our meetings will mean seeing the faces we have missed all summr.

My fellow companions: Vacation days are now about over and we are back to work. Such work as helping other companions with their degree work, doing good for all people and more especially a companion, living upright before God and man so that our light may shine and reflect goodness out to all men. The world is indeed in need of that kind of leadership today.

Quarry Festival is coming up and degree work this fall.

The R. E. M. picnic at the Artisan Studio was not quite as large this year as many were still on vacation and Beauceant picnic was the following Sunday at the same place.

'Everybody Does It'

The following was originally published in The Chicago-Sun Times and then quoted in The Texas F Mason.

When Johnny was six years old, he was with his father when they were caught speeding. His father handed the officer a $5 bill with bis driver's license. "It's O.K., son," his father said as they drove off. "Everybody does it."

When he was nine, his mother took him to his first theatre production. The box office man could not find any seats until his mother discovered an extra $2 in her purse. "It's O.K., son," she said, "Everybody does it."

When he was twelve, he broke his glasses on the way to school. His Aunt Francine persuaded the insurance company that they had been stolen and they collected $27. "It's O.K.," she said, "Everybody does it."

When he was fifteen, he made right guard on the high school foothall team. His coach showed him how to block and at the same time grab the opposing end by the shirt so the official couldn't see it. "It's O.K., kid," the coach said. "Everybody does it."

When he was sixteen he took his first summer job at the big market. His assignment was to put the over-ripe tomatoes in the bottom of the boxes and the good ones nn top where they would show. "It'a O.K., kid," the manager said. "Everyhody does it."

When he was eighteen, Johnny and a neighbor applied for a college scholarship. Iohnny was a marginal student. His neighbor was in the upper three per cent of his class, but he couldn't play right guard. Iohnny got the assignment. "It's O.K.," they told him. "Everybody does it."

When he was nineteen, be was approached by an upper classman who offered the test answers for $3. "It's O.K., kid," he said. "Everybody does it." Johnny was caught and sent bome in disgrace. "How could you do this to your mother and me?" his father said. "You never learned anything like this at home." His aunt and uncle were also shocked.

If there's one thing the adult world can't stand, it's a kid who cheats.

The American Way

They're the respected family living
faithfully down the way,
And appreciate their blessings with
the bounty of each day;
And behold the star-lit heavens with
the awe of twinkling light,
With peace of mind and tranquility
of each restful night.
They daily live their Christian lives
with little thoughts of fear;
And strive to make the best of
things that life allots them here.
They refuse to accept charity and
be humbled for their needs,
But instead choose self reliance and
abide by Christian creeds.
They take pleasure in their efforts
to lend a helping hand,
And forgive another's failings with
a will to understand,
They support their schools and
churches and not cringe to any threat,
And prize the American heritage
they possess and don't forget.
They respect the Constitution and
our flag for what it stands,
And keep alert for scheming by the
foes from foreign lands.
They stick together, and stand erect,
in all they do and say,
And are thankful for their freedom,
and their lot the American way.

—Brant B. Jones

There Isn't Time

"As we go through life, there isn't time to stop and fret about each petty ill or wrong that comes our way, whether they be real or imaginary. There are many more important things for us to do. Kind acts towards those with whom we daily come in contact will more than offset the petty disturbances folks put in our way."

Old Words Need Dusting Off

This is the time to bring nut the old words and dust them off. Words like Liherty, Democracy, Freedom, Independence — battlecry words that served us through the darkness of the late war.

This is the time, too, that we take stock of the stuff these words are made of. Words — even the greatest wear thin with use. We need new inventories of the things they mean. It isn't definitions we want—they are for all dictionaries. You can't "define" freedom for a man—you have to "point it out" to him.

Freedom is a man at the lathe, or at the desk, the joh he likes tn do, and speaking up for himself.

It is a man in the pulpit, or on the street corner, speaking his mind.

It is a man puttering in his garden in the evening, and swapping talk with his neighbor over the fence.

—Exchange

Profound Words Of Wisdom

That man alone understands the true use of society who learns from it to act more and more from his own deliberate conviction, to think more for himself, to be less swayed by numbers, to rely more on his own powers. One good action, springing from our own minds, performed without the exitement of an urging and approving voice from abroad, is worth more than hundreds that grow from mechanical imitation . . In truth, all great actions are solitary ones . . . That is most valuable which is individual — which is marked hy what is peculiar and characteristic in him who accomplishes it.

Tbe American's Creed

I believe in the United States of America, as a government of the people, by tbe people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies.

Passing Thoughts

By C. V. McLain, Jr.

Have you ever seen a building with its walls leaning, all unlevel and out of plumb? Have you ever noticed buildings and houses witb their windows and doors crooked and out of square?

Sure, you have seen these kinds of building. We have all seen them and not all of them were old buildings, dilapidated and run-down beneath the burdens of time. Too often, we see these examples of poor workmanship in many new buildings, be it a house, a garage, a tool shed or a barn.

We have all seen these things and frequently have thought to ourselves, "What a pitful example of workmansbip! What a manifestation of carelessness and irresponsibility!" Even worse, bowever, to sit idly by and allow a fine, well-built structure to run down and rot for the simple want of proper attention.

Man, too, is made of fine materials. The kind of a bouse be lives in is of his own choice and that choice is reflected in the quality of workmanship he employs to put togetber tbe timbers of his life.

Man is truly God's Temple and yet we daily see tbose who back away at that temple with immorality, lying, stealing and every other conceivable ungodly act.

Perhaps there are some who feel these people have ample justification for living in the midst of the sbambles they, tbemselves, have created.

Most of us bave been provided with the proper foundation to build a good life. A Mason builds on that foundation. He plumbs his life and squares his actions in accord with the plans of the Supreme Arcbitect, never allowing the walls of his life to bulge and become distorted by simple thoughtlessness that leads to a useless, dilapidated life.

Every Master Mason bas been invested with the tools, the square, the compass, the rule and plumbline to build within himself a temple, square and true. Tbe man who works at building sucb a temple bas truly become a true Master Mason.

A Young Mason Meditates

Masonry promised me nothing except the opportunity for mental and spiritual growth and the opportunity to be serviceable to God and man.

I came of my own free will and accord as all men in all ages have done. I was received as all men have been received in the ages past.

I learned that Masonry is interested in the character of man as a thinking, feeling being.

I learned that Masonry is not a religion in the sense that we speak of the church, but that it is a place of worship and the true ally of churcbes. I found that one grows stronger in his own religion, whatever it may be, as the result of moral and spiritual teaching in Masonry.

I learned the real meaning of charity, and that one's integrity of mind and soul is his most precious possession. All that I had learned before was enhanced by the manner in which Masonry teaches its lessons.

About me I see brothers, both young in Masonry, others who have been Masons for many years. To all I feel a bond of friendship and fellowsbip whicb is indescribable. I have the confidence of such a group of brothers, and to know that I am joined to them by immutable bonds, as you are to every Mason in the world, is indeed a privilege.

All of this I learned; and I learned as well, that to maintain and perpetuate all that I bave received I must give back my best to Masonry and to society. —Exchange

A MAN'S WORTH

A man's worth depends on what he contributes; not on what he obtains; it depends on what he does with his life — on how much he adds to the peace, happiness, and beauty of the world. Think of the people you know. Which of them would be most missed, most regretted? Is it those who are kindest, the most generous, the most tenderhearted, the most honorable, the most just? Would it not be far easier to spare the wealthy and the famous than the gentle and the sympathetic? When you assess yourself, your position, your character, your achievements, do it in this light. Judge yourself, not from the standpoint of the world, nor of your friends, nor even of yourself, but try to see yourself in the light of Eternity.

WHAT MASONRY MEANS TO ME

by Edgar A. Guest

I take great pride in my Masonry. I was received into the Craft almost a quarter of a century ago and am sure today I have not exhausted even the smallest vein of its richly laden ore.

It is a source of help and comfort and pleasure I can absolutely rely upon. When I have wearied of other labors, I can turn confidently to my lodge room and find companionsbip and courage. There is something indefinable in Masonry I can find nowhere else in the world. Familiar as I am with the Masonic ritual it continues ever fresh and ever new. Always it seems to me, as I hear it again repeated, I catch a new thought or a new inspiration and a new grip on the eternal truths of life.

Masonry has greatly enriched my life. It has given me friendships that I cherish dearly. It has, I think, whispered subconsciously to me in silent hours words of caution and encouragement.

I like the going back to my lodge. I have found it refreshing and good to step aside out of the path of my busy life and sit again with the Masons who have carried on in my absence. To this experience I come gladly and joyfully, as a boy returns again to his old home which he left to seek his fortune. Still some of the old brothers await to welcome me. Grown a little older I find them, but still strong and eager for the duties of a Mason! With them I can be what I long so often to be — just one of the Craft. Their aprons and mine are made of the same cloth; their dreams and mine are similar; their pulses beat to the same inspiration and we are all at peace.

Rich and poor, high and low make no difference there. The pomp of life is thrown aside. Only that which is important counts.

Masonry has taught me the follies of petty distinctions and the shams of pride and place.

—from California Freemason

Faith In Four-Letter Words

By Walter J. Klein

I would encourage my brother Masons to restore their faith in four-letter words.

Descriptive Saxon words offend us only briefly in life. And there are much more important four-letter words in the English language that guide us all through our years. For openers, let me suggest: Lord. Soul. Love. Work. Hope. Good. Free. Life.

You can think of others. Together they far outnumber and out-weigh the unimportant four-letter words that try to compromise man's dignity hut never make the grade.

WAYNE LODGE LADIES NIGHT

Wayne Lodge will entertain their ladies on Octoher 11, with dinner at 6:30 p.m. followed by a program presented by the "Northern Notes" choral group.

"A Father's Prayer"

Build me a son, O Lord, who will he strong enough to know when he is weak, and brave enough to face himself when he is afraid; and who will he proud and unbending in honest defeat, and humhle and gentle in victory.

Build me a son whose wishes will not take the place of deeds; a son who will know Thee—and that to know himself is the foundation stone of knowledge.

Lead him, I pray, not in the path of ease and comfort, hut under the stress and spur of difficulties and challenge. Here let him learn to stand up in the storm; here let him learn compassion for those who fail.

Build me a son whose heart will he clear, whose goal will be high, a son who will master himself before he seeks to master other men, one who will reach into the future, yet never forget the past.

And after all these things are his, give him, I pray, enough of a sense of humor, so that he may always he serious, yet never take himself too seriously. Give him humility, so that he may always remember the simplicity of true greatness, the open mind of true wisdom, and the meekness of true strength. Then I, his Father, will dare to whisper, "I have not lived in vain."

BUILDING THE BRIDGE

by Will Allen Dromgoole

An old man, going a lone highway,
Came, at the evening, cold and gray,
To a chasm, vast, and deep, and wide,
Through which was flowing a sullen tide.

The old man crossed in the twilight dim;
The sullen stream had no fears for him;
But he turned, when safe on the other side,
And built a bridge to span the tide.

"Old man," said a fellow pilgrim, near,
"You are wasting strength with huilding here;
You never again must pass this way;
You have crossed the chasm, deep and wide—
Why huild you the bridge at the eventide?"

The huilder lifted his old gray head:
"Good friend, in the path I have come," he said,
"There followeth after me today
A youth, whose feet must pass this way.

This chasm, that has been naught to me,
To that fair haired youth may a pitfall he.
He, too, must cross in the twilight dim;
Good friend, I am building the hridge for him."

WILBUR BRASE

On Sunday, Sept. 7, 1969, South Gate Lodge No. 731 F&AM lost a true and faithful servant when our devoted and beloved Worshipful Master, Wilbur Brase, was called to the Celestial Lodge above. Bill was a hard working, very devoted person, and had friends the entire length and breadth of these United States. Bill was loved by all who came in contact with him.

Bill was horn November 17, 1910, in Fort Wayne, Indiana. He is survived hy his wife, Margaret, a son, Randall, his mother, Della, a brother, Sigmund, a sister, Eloise, and a granddaughter.

Bill was raised a Master Mason on June 28, 1943 in Ancient Landmark Lodge No. 319 F.&A.M. of Indianapolis, Indiana, transferring to South Gate Lodge No. 731 F.&A.M. on June 9, 1952. He was a member of Indianapolis Valley Scottish Rite, Mizpah Shrine of Fort Wayne, Eastern Star, Moose Lodge, and United Commercial Travelers. He was a member of Wallen United Methodist Church.

He was appointed in the line officers a J.S. in 1964, progressing through the various offices, and was elected and installed Worshipful Master for the year 1969. He was a devoted officer of the Lodge, serving on various committees throughout his association with South Gate. No matter how busy he was with his own personal business, he was never too busy to help a friend in need.

Once again a Brother Mason, having completed the design written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and has received as his reward, the white stone with the new name written thereon.

The Officers and Brethren of Sol D. Bayless wish to express to the family of W. T. (Bill) Brase, and to the Officers and members of South Gate Lodge our most sincere sympathy in the death of their husband, father, and Worshipful Master. South Gate, and Masonry, bave suffered a great loss. Many of us that had contact with Bill knew that he was one of the finest persons and most energetic Master any lodge could ask for. We know that Bill has received his heavenly reward.

Brother Herbert H. Meyer was summoned Home by the Grand Master of The Universe since my last writing. To his family and friends we extend our deepest and heartfelt sympathy.

We will be having degree work in October. Our October calendar is as follows: The 6th will be our stated meeting; Oct. 8th will be a Masonic Education Forum, with Home Lodge as host; Oct. 13th, Entered Apprentice; 20th, Fellow Craft; and 27th Master Mason with a dinner being served at 6:00 p.m.

Please hold open November 24th. This is the date of our Annual Past Masters and Homecoming night. We have a fine program planned, and will give you all the details in the next issue of the Square ' and Compass.

Two of our Past Masters have been in the hospital. Bro. Harry L. Henry, and Harold W. Houser. Also Bro. Sethbert Sapp is in Lutheran Hospital. We wish all of these brethren a most speedy recovery.

Now that it is October 1st your 1970 dues are now due and payable. If they are not paid on or before January 1, 1970, you are in arrears, according to Article 6, Sec. 1 of your By-Laws. By action of Grand Lodge in May of 1969 your 1970 dues are $15.00 plus $8.96 Masonic Home assessment. Each of these must be paid or you will be considered in arrears. The $8.96 Masonic Home assessment is for every dues paying member in Indiana, and is now tax deductible on your 1040 tax reporting form. Formerly your dues were $15.00, out of which $4.00 was going to the Masonic Home, but by the Grand Lodge action your Masonic Home assessment has been increased from $4.00 to $8.96 with your local Lodge dues remaining at $15.00, making a total of $23.96.

The Worshipful Masters of Indiana make up your Grand Lodge, and we were the ones that had to decide. "Do we close our Masonic Home or do we increase our assessment and keep it open?" I am sure that each of us, and this includes myself, after searching our minds and hearts, and remembering what induced us to become Master Masons (if you don't remember, you've beeo away too long), would have voted for the increase just as we did, to keep our home open. Remember this home is for destitute Brothers, their widows, and orphaos.

Where has the summer gone? In a few days now we will be noting the fall colors on our trees and other plant life. This is truly a beautiful time of year. It won't be long then until the snow, and bad weather in all probability will be with us. I hope many of you are planning on attending lodge this fall or winter. You might be surprised at what your Temple looks like. Sol D. Bayless may be a little prejudiced, but brothers, Sheldon W. Leiter, Norman R. LaRue, and David L. Hileman who are the employees of the Temple, are also members of Sol D. Bayless. It is remarkable the way it is painted, decorated, and cleaned. One can hardly believe that this is the same place it was some ten years ago. Our House Committee along with our employees have done a very fine job of maintenance in the Temple. So Brethren why don't you take a good look at the beautiful colors inside your Temple after you take a good look at the beautiful colors outside. Remember each of you has a part in maintaining this magnificent structure, and you ought to look over your property ooce in awhile. See you in Lodge?

My Brothers, as October rolls around, we come to one of our most gala and enthusiastic occasions of the year, our annual Homecoming. Your officers have been very busy and have planned a most exciting program for you. Our speaker for Ladies Night last March, Rev. Joseph G. Wick, received such a warm and enthusiastic response that we have prevailed on him to return as speaker for Homecoming. His topic will be "If There Be A Need." We are sure that those of you who attended Ladies Night will be eager to hear Rev. Wick again. At Homecoming, the Award of Gold will be presented to 11 brothers, which is the largest group I have ever seen receive this award at one time. The Mizpah Shrine Band will entertain us with dinner music. The proceedings will start promptly at 6:30, October 17. When you get your letter in the mail, please send your reservations in immediately, so that we will have the necessary information to plan the dinner, to avoid wasting food and money.

It looks like we will have another large class of 4 or 5 candidates for October. If all are accepted, we will have dinners on Entered Apprentice night, October 10th, and Master Mason night. Since Homecoming is on the 17th, our Master Mason night will be held on the fifth Friday, October 31st. We will enjoy a fish fry put on by the Social Order of the Beauceant.

Our Fellowcraft Club and Transportation Committee are still working on tickets for a trip to Detroit to see a professional football game. We have run into problems of securing tickets to one of these games. Keep watching the Square and Compass for details, and it will be announced at our stated meeting io October as to whether their efforts have been successful.

My Brothers, when you receive your Homecoming letter, your dues cards will not be enclosed. There has been a change in the format of our dues cards and they will be forwarded to you later in the month of October in a special letter, after Homecoming. You will oot be able to pay your dues at Homecoming as you have in the past.

Before completing this article, I would like to direct my thoughts to our retired brothers who have free time in the afternoons. We find many times when we put on the Entered Apprentice and Master Mason Degrees io the afternoon, we run shorthanded. Many of you have the talents and the know-how to put on the degree work. I would encourage you to come back to the lodge even though you haven't been there for several years, to assist us in making this degree work more impressive and beneficial for the candidates going through in the afternoon. Please come — we oeed you.

See you at Homecoming.

Brethren, we had a good stated meeting on September 3, and the amendments to the By-Laws presented by our Finance Committee at the June stated meeting were approved by a goodly number of members. Our special thanks to Bob Mathiesen, Jim Bolyard, and Wayne Doehrman, all Past Masters who labored on this very necessary change in our rules. A new roster of members which will include the revised By-Laws and certain lodge records will be distributed with the dues notice so that each member will be aware of the changes.

Don't forget Ladies Night — Wednesday, October 29. Dinner will be at 6:30 p.m., and we will have a Style Show of International Fashions presented by Mrs. Stephen Adair, the daughter-in-law of our Congressman E. Ross Adair, presenting costumes collected around the world by Mrs. Adair. This fine presentation should be particularly interesting to our ladies. Tickets will be on sale from all the Officers and a number of members of the lodge at a bargain price of $2.00 per couple. The evening is customarily set aside to entertain our Ladies of Maumee, however, we have a number of friends from other lodges and you should feel free to bring guests if you so desire. Our degree work is going forward in fine shape. We are on the road to a year of success in the work of Freemasoory and I sincerely urge you to be a part.

In studying our current world problems as well as local conflicts, it would appear to me that a quick summary of the cause might be to say that Pride Is In Short Supply Today. Do you reach [illegible] joy your church service? If you [illegible] have you really joined in (with your [illegible] in the responses and the hymns? [illegible] Have you thought to yourself that I am proud to be a Mason, [illegible] support the Masonic Home, to be [illegible] associated with men who believe [illegible] I do, in the Supreme Being, and [illegible] the Code of Conduct as set forth [illegible] in the Ten Commandments? Brethren, [illegible] I sincerely believe if we all spent [illegible] only a couple of minutes a day [illegible] viewing our own conduct of the [illegible] past twenty-four hours, this [illegible] world would be a better place to [illegible] live in. Brethren: Our charter is draped in black; the Lodge is dark; the brethren are in mourning due to the unexpected and untimely death of Bill Brase, Worshipful Master of South Gate. Our deepest regrets are extended to his family. May God grant the strength and wisdom necessary for them to endure this time of loss.

We have three candidates who will receive the E.A. degree on October 20, F.C. Oct. 27, and M.M. Nov. 3. Plan now to attend. Dinner will be served in conjunction with the first and third degrees.

Our Ladies Night banquet was held September 20. It was our annual affair to honor our wives. Rev. Philip Philbrook's presentation and the music of the New Haven High School Swing Choir made it an evening to be remembered. Fifty year pin presentations were made to Joseph A. Straub and Millard E. Langdon.

Annual Lodge of Instruction was Oct. 1 held with Summit City Lodge and the officers are anxiously awaiting the reports of the Grand Lodge representative.

Mark your calendars now for Family Night December 6. Part of the entertainment will be furnished by Santa Claus.

Support your lodge and its officers; attend the meetings!

I stated in my last article that I would try this month to explain to the best of my ability the reason for the increase in the assessment for the Masonic Home which was voted by the Grand Lodge at the recent meeting in June.

Since 1958 the per capita tax has been $4.00 and has been a part of the dues which we have paid during these years.

This has now been increased by $4.96, making a total of $8.96, which will still be a part of the dues but will be listed separately on your dues statement so that it may be turned in as a tax deduction; however, this $8.96 is still a part of the dues and must be paid the same as dues. There are those who have said they will withhold this amount and pay their dues only, but to those I would point out that the assessment must be paid or charges for non-payment of dues must be filed against them. The reason for this increase can pretty well be explained as follows:

When the $4.00 tax became effective in 1958, the total membership of our Indiana Lodges was 185,211 and at the same time we had 1,960 fifty year members who paid no dues. Each of the eleven years since then the total membership has declined by well over 1,000 per year until December 31, 1968 when lodges reported a total of 174,155, which is more than 11,000 less than when the $4.00 per capita became effective. The number of fifty year members who pay no dues has also increased from 1,960 in 1958 to 4,391 in 1969.

During this same period, Home operating expenses have more than doubled and during the last three years disbursements have exceeded receipts until reserves have been depleted and the Home cannot continue to operate without increased revenue.

In 1958 the $4.00 tax provided 61.8% of the Home operating expense, but now this same $4.00 tax provides only 40.1% of same. This, then, is the reason for the increase to $8.96.

There are those who object to the increase for various reasons:

Some say we should close the Home and place our guests in nursing homes. Some say they will not pay the assessment and others that they will demit from Masonry and still others will pay the tax but will no longer pay the ten for ten.

Brethren, as of June 1969 there were 425 guests in the Home, of whom 83 were Masons; there were 17 wives, 154 widows, 156 O.E.S., 5 boys, and 10 girls. These boys and girls attend the Franklin community schools and of the 10 girls six were recognized for their achievements on Awards Day as follows:

Cheryl Clem, sixth grade, received the higbly coveted Ferrara award in recugnition of improvement in citizenship and scholarship; Mary Jo Hauck, grade eight, spelling champion, perfect attendance, school patrol certificate, and two ribbons in sports; Cheryl Ann Hauck, Junior, scholarship certificate in French; Becky Kelly, Junior, second place in kitchen planning contest of her Home Ec. class; Linda Kelly, Freshman, three ribbons in sports; Marcia Hauck, grade eight, perfect attendance and second semester Honor Roll, and Shirley Clem, grade seven, receiver of Gold Key prescnted by Girls' Atbletic Association.

Above, then, are the people we are helping when we pay the per capita tax of only $8.96 per year. The Indiana Masonic Home and Hospital is rated as the best geriatric institution in the United States and remember that if we pay the $8.96 and add to it the $5.20 for ten for ten, it amounts to less than fifteen dollars per year, which would not buy a pack of cigarettes per week.

One new petition was received at tbe September stated meeting and an investigating committee appointed. If the ballot is clear, the Entered Apprentice Degree will be on Oct. 21, the Fellowcraft on Oct. 28 and the Past Masters will put on the Master Mason Degree on November 4 on Past Masters Night.

The Secretary, Worshipful Brother Curtis Heston, reported that he bad received word from the Indiana Masonic Home that the applications of our Brother Ward Bundy and his wife were in order and complete except for one part of the medical report. This has been obtained and sent to the Home and the Home should be well on its way in processing the application. The Masonic Home Committee consisting of Worshipful Brotber Leslie Sills, chairman, F. Martin Donahue and Roscoe Bowersock should be commended for their job in filling out the application and in making the investigation. The questionnaire is quite complicated and took a lot of the committee's time.

Senior Warden Ralph Blair presided over the stated meeting. The Worshipful Master was late as he attended the Memorial Service held for W. T. Brase, who was the Worshipful Master of Soute Gate Lodge. The death of Worshipful Master Brase was a shock to Three Rivers Lodge. The members of South Gate Lodge have lost a fine leader.

Inspection by Deputy Grand Lecturer Allen B. Bennett will be held Thursday, Oct. 2, at Waynedale Lodge at 7:30 p.m. Waynedale Lodge will open on the Entered Apprentice Degree with both Lodges doing part of the degree work. Many questions have come up during the year that Brother Bennett will be able to answer. Waynedale Lodge is located on the Lower Huntington Road just west of Old Trail Road.

October 14th will be the stated meeting when the ballot will be taken on the petition that was presented at the last stated meeting. Past Masters Night will be November 4. Tbe Past Masters have been invited to put on the Master Mason Degree. The Lodge will open at 5:30 p.m. with dinner at 6:30 p.m. There will also be a number of 25 year pins presented at the dinner.

It has been several years since a candidate has been raised on Past Masters Night. The officers are looking forward to sitting on the sidelines and watching the work put on.

October Calendar

October 2, 7:30 p.m. Lodge of Inspection, Waynedale Lodge.
October 14, 7:30 p.m., Stated Meeting.

Brethren: We are entering that time of the year when we have warm days and cool nights. Soon the leaves will start changing color and I hope that in the next issue of the Square and Compass I can say the walls of our new temple are changing color. This project can be completed this year if we all work at it. Periodically there will be requests for help at the building site and then there is the ever present need that pledges be kept up to date.

October 1, our Stated Meeting will be a busy night. H. Stewart Trainer, P.M. of 1966 will be our honored guest. Brother Stewart bas been quite active on the Craft Team and should have many friends that would like to see him preside in the East again this evening.

October 2, Waynedale will host Three Rivers Lodge No. 733 and Assistant to the Grand Lecturer, Allen B. Bennett at our Lodge for Instruction on the Entered Apprentice Degree.

Waynedale now has another distinction it can be proud of. The Grand Master has just named the Rev. Phil L. Stephens as Assistant Grand Chaplain. Rev. Stephens was a member of Waynedale Lodge from 1960 to 1963.

1970 dues are now starting to come in and as hoped, the Brethren are continuing to support the 10 for 10 program.

Our time capsule has a few items in it, but there is still space for more. The capsule is on display in the social room, so bring your item up any night.

I am sure that by now every Mason in the Fort Wayne area knows of the untimely death of Brother Bill Brase, W.M. of South Gate Lodge No. 731. As Master of Waynedale Lodge, I offer the condolence of all our members to the bereaved family.

Your monthly news letter will contain more information about the Lodge calendar, but for now we expect Entered Apprentice Degree work Oct. 8 at 7:30 and the Master Mason Degree Oct. 22 with a meal preceding the work at 6:00 p.m.

Remember Veterans Hospital visitation October 13.

Brothers:

October will be a very busy month for all of us. Stated meeting on Oct. 2 is followed by the Grand Lodge of Instruction on Oct. 3, with Home Lodge 342 being the host lodge. Examination on the M.M. degree.

October 8, Home Lodge 342 will be host for the Masonic Forum. The theme this year is "Freemasonry on the Move." All Masters, Wardens and Chairmen of the Education Committee are expected to attend; however all Master Masons are welcome.

On October 11 we will entertain our ladies with a ladies night. Dinner at 6:30, followed by a program presented by the "Northern Notes" choral group.

On September 4 Brother Merlin Granger was presented the award of gold with Bro. Smith making the presentation on behalf of the Grand Lodge.

Several brothers have been ill. John Neal in Lutheran Hospital and Bro. Dan Dale in Irene Bryon.

Bro. Jim Pollos returned to Veterans' Hospital in Indianapolis on Sept. 13. These brothers know the prayers of the lodge are for them, and we hope for a rapid return to their homes.

Again the members are reminded of the increase in the per capita for the Masonic Home. Your statement this year from the Secretary will carry two items. The first is the lodge dues of $15.00; the second is the assessment of $8.96. Total due the lodge is $23.96. It is sincerely hoped that those who have been contributing to the 10-10 program will continue to do so.

Be sure and mark your calendar for the Annual Dinner Dance November 15.

Brothers: attend the lodge meetings and functions, add your voice to the suggestions and plans for the lodge and let us contribute to "Freemasonry on the Move."

Ralph Latham _____ Advisor
4085 North Drive — 485-0207

Our hayride this year was held on September 27th, celebrating DeMolay's Fiftieth Anniversary. We had a record turnout, and, I would like to thank publicly at this time M. L. Procise and John Kinast and all the advisors who helped make the hayride successful.

Moving on to the present, on October 8th, Fort Wayne Chapter is conferring the Initiatory Degree upon approximately 175 boys from thirteen chapters from northern Indiana at the Scottish Rite starting at 7:00. I would like to invite all of the Scottish Rite from the Fort Wayne Valley and the men from the Fort Wayne Blue Lodges to attend this degree. These boys are your sons, your grandsons, and just as important, we want to show our sponsoring body just what we can do. Hope to see you all there.

We are having a dinner meeting on October 22nd at 6:00, with a business meeting following. I would like to see the entire mezzanine filled with all the officers, the older members, and all the new boys recently initiated. Following the dinner there will be a "brain pooling" session to find out what you boys have on your minds, because it seems at a formal business meeting, nobody feels at ease standing up and voicing their opinions and ideas—so this is your chance. Part of this time will be devoted to re-orienting the new members — to make them feel wanted and welcome in Fort Wayne Chapter and in DeMolay.

We are again selling jackets this term for our Chapter and any other body or organization wishing to display and promote their name. Anyone interested should call either one of the Councilors or myself. I would like to see all of the officers, and you other boys too, wearing jackets to all functions.

Our October 8th Initiatory was very successful in promoting a membership drive. However, we have another initiatory for a large class scheduled for December 13th. Keep the petitions coming in, for the benefits will return to you boys that are active now. A larger membership means more and better functions and activities, so don't stop now.

For you young men who haven't been to a meeting or activity lately, Fort Wayne Chapter is going through a "Renaissance," or new birth, so to speak. Why not come and find out what is really going on in Fort Wayne Chapter and in DeMolay? I truly feel that you will really like what you will see and hear. See everyone the 8th and the 22nd.

With two meetings, a successful paper drive and our annual pilgrimage to Franklin behind us, we Jobies can look ahead to this month's activities.

October 1st will be Friends Night with girls from surrounding Bethels joining us. October 15th is scheduled to be initiation. This will be verified at a later date. It is a good idea to have your ritual work down perfect so everything will run smoothly. Another paper drive will be held in October, so keep collecting your papers.

My officers deserve a big pat on the back for the good work they turned out at our September 3 meeting. The potluck before our stated meeting was enjoyed by everyone and I must say the large attendance and the very willing assistance from the Mothers was certainly appreciated. It was also a good night to have our Past Honored Queens with us.

The September 17th meeting found quite a few of our Past Guardians and Past Associate Guardians on our sidelines. It's nice to know you still have an interest in our Bethel.

The trip to Franklin, Indiana proved a very exciting day. We chartered two buses and everyone had a fabulous time. DeMolays, Masons and Eastern Stars joined the Bethel No. 8 Jobies in making our annual pilgrimage to the Masonic Home. Job's Daughters from all over Indiana participated in forming the cross for the pleasure of the Masons and Eastern Stars living at the Franklin Masonic Home.

A special tribute and thanks should be included in appreciation of the efforts of a hard working and enthusiastic friend who was the impressive Master of Ceremonies of this Queen's installation, Mr. Ralph P. Troyer.

After serving Bethel No. 8 faithfully and loyally for quite a few years Mrs. Wynnette Fredericks and Mr. Fred M. Collins passed their offices of Guardian and Associate Guardian respectively on to Mrs. James Ross and Mr. Max Young. The task Mrs. Fredericks and Mr. Collins fulfilled was not an easy one, as it required a great deal of planning, decision-making and supervision over the Job's Daughters. Speaking for the girls, I want to say we appreciate all of your efforts and thank you for what you have contributed to our Bethel. To Mrs. Ross and Mr. Young, I know it will be fun working with you and we can all learn together.

The Job's Daughters who sit on the sideline are very important people and it helps the girls of the Bethel to see such smiling faces.

Make plans for being a part of all of our October activities!!!

LIVING FOR THE INDIVIDUAL

Masonry does not exist merely to provide friendship and fellowship. That wonderful world of familiar association is all that some members want, but there are more expectations that Freemasonry creates in those who seek its benefits. Too often these hopes are ignored and the individual Mason suffers. Too many Masons don't even know what they're missing. Their great expectations were never fully developed.

One Brother has written, "It wasn't until I began reading the books supplied by Grand Lodge that I started to get a true conception of the purposes of Masonry. As I read, I saw that by applying Masonic principles to every day life, I could make a better world for myself and those with whom I came in contact. I learned to be more tolerant of other people's ideas and their mistakes. If someone's opinion differs from mine, it may be due to variations in our experiences and knowledge. To understand and to respect each other, we must recognize those differences. People make mistakes, but no one in his right mind makes them intentionally. With this in mind my approach to correcting an error and the person who made it has changed for the better. I found that by being patient I didn't get my nerves all stirred up."

Obviously this Brother has had some of his great expectations of Freemasonry come true. He realized that the Fraternity teaches a philosophy of living for the individual.

—Masonic Service Assn.

MASONRY YOURS

Every Mason has an equal right to his part of Masonry. The supply is inexhaustible. In fact, the more you take of Masonry the greater will be the supply. It is yours if you are willing to pay the price in study in the application of Masonic principles and teachings, in the practice of patience, and making the sacrifice that is required.

No Mason is denied his share of the vast privileges of the Institution. A Brother who cannot attend lodge regularly and take an active part in the meeting still may partake generously of all that Masonry has by contributing to the welfare of the community; by representing in his life the ideals that he has accepted as a Mason and by using Masonry as a force for good in the pursuance of his daily labours.

It is by having a part that we are enabled to receive more. It is by being Masons that we may enjoy the limitless opportunity for growth in Masonry.

Four-Leaf Clovers

I know a place where the sun is like gold,
And the Cherry blooms burst with snow;
And down underneath is the loveliest nook,
Where the four-leaf clovers grow.
One leaf is for hope, and one for faith,
And nne is for love, you know;
And God put another in for luck—
If you search, you will find where they grow.
But you must have hope, and you must have faith,
You must love and be strong; and so
If you work, if you wait, you will find the place
Where **the four-leaf clovers** grow

It was our pleasure to honor Sis- ter Lucile Mumaugh, Grand Organ- ist of Indiana Grand Chapter on Saturday, September 6, with a re- ception and program.

The mezzanine of the Masonic Temple was filled to overflowing with Lucile's many friends who came tn share this day with her. The reception room was decorated with Maids of Music in black sil- houette and musical notes skirted the gift table canopied with a cherub- held swag — a lovely setting for our own lovely Music Maid.

Del Proctor, Lucile's Star Pal, presented an organ prelude to the program in the Commandery Room, which was decorated with a lyre and red roses. Worthy Matrnn Louise Biedenweg welcomed the Grand Family and many visitors, and Past Grand Patron Clayton Herrick gave the invocation. Sister Lucile was escorted by the 65'ers and the Past Matrons and Patrons for whom she has served. The Ramblers of Can- ton, Ohio presented a very enter- taining musical program to the de- light of us all. The son of Joyce and Frank Bidlack, Lynn, is a mem- ber of the group and special friends of tbe Mumaugh's. We were so happy they could be with us. Lucile introduced the Grand Family and members of her own family. Worthy Grand Patrnn Leo Provence gave the benediction and The Lord's Prayer was beautifully sung by Patricia Walker to close the pro- gram. It was Sister Lucile's privilege to present honorary memberships to the Worthy Grand Matron and her husband and to the Worthy Grand Patron and his wife. She presented Brother Leo with a monetary gift toward their project for the year, the new elevator for the Masonic Hme.

The dining room tables were cleverly decorated with telephone poles and lines and centered with replicas of the state graphically showing our Star districts, while the backdrop behind the speakers' table glistened with dew drops and red roses. The Grand Family are known as the "Helln's," which naturally brings to mind telephone lines and poles.

In the Commandery Room the backdrop was studded with silver stars and held the Wnrthy Grand Matron's watchwords, "Loyalty, Truth and Love." Red rose covered trellises filled the East, which was accented with the cup nf Electa. Beauty vases of red roses stood be- hind the chair of each point, and the Worthy Grand Matron's motto "Service in Love" was framed in the West.

Awards of Oold were presented to Lorena Bowen, Alice Ensley, Hannah Doswell, Mabel Henney, Alberta Hickman, Vera Jeffery, Gertrude Kemp, Frances Kline, Loma Koopman, Sara Logue and Evelyn Loomis and six 50-year members of Shiloh Chapter.

Fort Wayne Chapter had the open- ing and closing ceremonies and Shiloh Chapter conducted the initia- tion service at the joint inspection by Sister Helen Mitchell, WGM.

We've been looking forward to the time when we would he honoring Lucile and to the visit of the Wor- thy Grand Matron and Patron. We were happy so many could come and share these privileges with us.

The Bible, a broken column, fern and yellow roses graced the East at our first stated meeting in our newly decorated Colonial Room. Sheldon Leiter and his helpers cer- tainly have our appreciation for making our Temple even mnre beautiful.

Bill Hardy was installed as War- der, replacing Jack Robinson who found it necessary to resign.

Our new rosters will soon be printed and it's planned they will be mailed with the dues nntices. Remember to get your dues in to the Secretary as soon as possible and avoid that second dues notice.

Remember, too, the project of the Worthy Grand Matron and Patron and get your trading stamp book in to Sister Louise.

The officers introduced their Star Pals at the September 18th meeting. Star Pals are just that — a pal to help out when needed and these past officers stand ready to serve chapter when called upnn. Our thanks to each of you.

Esther Schaberg was Worthy Ma- trnn twenty-five years ago when 59 members were initiated! These 25- year members will be our special guests October 2 when the chapter and dining rooms will be decorated in silver and each member is pre- sented with a 25-year pin and silver rose.

A highlight of each year's pro- gram — Friend's Night — will he observed October 16th. You'll want to he there to meet and greet nld and new friends.

It's not too early to start planning your table for our Card Party and Bazaar Nov. 3rd. It's our main money making project for the year and needs the support of each of us to make it a huge success. Each com- mittee will be in charge of a bazaar table and we plan to have lots of goodies to tempt you. Get your tickets from committee chairmen or the officers.

Something Beautiful

There's something beautiful I see
No matter where I look
A climbing hill, a spreading tree,
A soft and shaded nook,
And then the sky with clouds of white,
The far off rainbow's end . . .
My heart can see the golden sun
Around the river's bend.
There's something beautiful I know
Where'er my path might lead;
The wonders of a bright new day
Are all that I shall need.
My heart will be a happy heart,
My mind aglow and free,
As long as something beautiful
Can be God's gift to me.

We all know the beautiful colors that come with the Autumn are God's gift and Nature's wondrous workings. With the help of each H.L. and S.K. we can help bring out the beauties of our Order.

This is the one committee everyone should take part in, and you are most welcome at any meeting, and of course ideas are always acceptable. We are still wanting to hear from those who will bost card parties in their homes, remember H.L. Hazel Dehler is in charge of the card parties, of course H.L. Agnes Godfrey is General Chairman of Ways and Means.

Until the next issue, we leave you with this thought—

The two most beautiful things in the universe
are the starry heavens above our heads,
And the feeling of duty in our hearts.

Sharing

Is someone happier because
You passed his way today
Did you bring a smile to a clouded face
When you did not turn away?

Is someone's burden lighter
For just a little lift,
A pleasant word, a little boost,
Or perhaps some little gift?

Do you feel content and happy
When you settle down at night
Because you found a troubled friend
And helped to set him right?

A load is always lighter
When a friend walks by your side.
You cannot cure all the ills,
But at least you know you tried.

Let not one single day go by
At bome, at work, at play . . .
Unless someone is happier
Because you passed his way.

It is very nice to have all of you back from your vacations, nice to hear of your trips and so glad you were able to go.

God took a bit of sunset,
Colors bright and rare.
He took from the mountains a hazy blue—
Gold from a maiden's hair.
From the ocean came a ripple of jade,
From the rivers a misty gray—
He blended them all together,
And made an Autumn day!

Don't forget to ask your friends if they want to take York Rite. One candidate when asked why he hadn't gone into the work earlier replied that he had never been asked before. Let's make sure that all of our friends and Blue Lodge Brethren have been asked.

Companions: Did you ever try to tell about something that happened that has not happened yet? That is why some of these articles do not always seem accurate. Now I am going to tell you about what is going to happen. There is going to be a stepped-up promotion program of the York Rite in the State of Indiana. This is a continuation and explanation of the Blue Lodge Degrees and is very important to all Master Masons. Their convocations are held in the Masonic Temple and their degree work makes some of the greatest pageantry that I have ever witnessed.

The work will be put on in any of the Temples in the district that are large enough and have facilities to handle it. Each Chapter will do its part in putting on the work and if a Chapter is short an actor for any part, can borrow from another chapter such help as is needed so that the ceremonies can be very impressive to the candidates.

The most important thing now is that there must be candidates. These men must come from the Blue Lodge. That means that they must be invited into Royal Arch Masonry and that must be done by you and me. Come to the meeting, get a petition and help York Rite perform its duty.

MASON-IN-LAW

Who has not run across the Mason-in-Law? The man in your office who has an axe to grind and expects you to turn the grindstone, opens by telling you that though he is not a Mason, he comes of a Masonic family. His father or his uncle or his brother or at least the husband of his sister, is a Mason of high degree — so high at times that it makes you dizzy to contemplate the elevation. He would himself have been a Mason except for a roving disposition, and the fact that he has not been long enough in any one place to receive the degrees.

It's all very nice, but just about the time you are willing to acknowledge the Scotch relationship, the fellow gets out the axe he expects to grind and the handle of the grindstone is proffered for your turning. He somehow expects that his aunt's cousin, who was of the Craft, or the probably mythical Masonic granduncle will dispose you to deal generously with his scheme.

It's a poor devil indeed who cannot rake up a Mason somewhere along the line of his near ancestry or find one in the collateral relationships of his family. These failing, he can and most times he does, manufacture a Mason of high degree to stand sponsor for his purpose or his cussedness.

—Ohio Mason

Somebody Was Wrong!

If you have confidence in yourself and your potential abilities, don't let anybody talk you out of them. Consider the following:

F. W. Woolworth, founder of the five and dime chain, was once hired as a janitor for 50 cents a day by a retail store owner who didn't think Woolworth had enough business sense to wait on customers.

When Zane Grey was still an unknown trying to sell his book manuscripts, a publisher told him he had no ability for writing fiction, and Louisa May Alcott (Little Women) was a tomboy marked by her fellow townspeople as a girl who would never amount to beans. A publisher once told her to give up the idea of writing.

Albert Einstein's teachers classified him as a dunce, and even his parents thought him backward.

And when Thomas Edison was in school he was always at the foot of his class because he could not remember his three Rs. His teacher called him stupid and doctors predicted he'd have brain trouble.

—from California Freemason

MAGIC WITHIN

A famous motion picture actress, asked what she would wish for if she could have a single wish with the assurance that it would be granted, answered, "I would wish that all men might know that God is impartial," and with this answer preached one of the greatest sermons of this or any other generation.

Our Creator is impartial. His laws and forces apply to all. There are no "reserved" signs on any of them. Bad people can — and do unconsciously — use them as well as good people. It is how we use them —even whether we use them—that determines the kind of persons we are. The sam power of gravity that enables men to sink piles to build bridges is available for an evil man to hurl another off a cliff. The same force that enables your TV to bring you beautiful pictures and lovely music is available to bring lying propaganda to millions. The same atomic energy that some day will light and heat our homes can blow our civilization to smithereens.

Spiritual power is as available to you as it is to anybody else. You need only ask for it — wordlessly, continuously — and let it work through you with quiet, humble confidence.

—The Little Gazette

LONG HISTORY

Jersey, in the Channel Islands, can trace its Masonic activities back for 214 years. In the early days it had Lodges under the jurisdiction of both the Premier Grand Lodge of 1717 and the Ancient, or Atholl, Grand Lodge of 1753. Following the Union in 1813, a Provincial Grand Lodge of the Channel Islands came into being, but in the middle of the last century Freemasonry was concentrated on the Island of Jersey and a Provincial Grand Lodge of Jersey formed. Jersey was occupied by the Germans from 1940 until 1945; the temple, library, and the museum were looted and the contents sent to Berlin. Since, however, some of this has been recovered.

PASSING THOUGHTS

By C. V. McLain, Jr.

Standards!

By whose standards do we compare our conduct and desires and beliefs?

A standard is defined as "that which is established by authority as a fixed rule or measure; an established rule, model or a criterion."

Are we not living during changing times when everyone is trying to set some kind of a standard?

It seems that someone is forever trying to change a standard or to create a new one. Our mode of dress is but one reflection of someone declaring they have accepted another style or standard. Our National moral conduct seems to undergo a constant change which is another reflection of our times, and many accept these new standards without questioning the who or why of a new trend. It very seldom creates any kind of a question or doubt.

At our September meeting we had the honor of welcoming another new member into our Seventeen Fund Club. Mrs. Emma B. McMahon gave us a donation in memory of her late husband, John McMahon. Bro. John was one of our fifty year members until his death last year.

I was very proud to receive my 25 year pin at our September meeting.

The following is a list of donors to our building fund: Rex Marquardt, Roy W. Emrick, Truman Bell, Sr., Cecil Gottschalk, Clarence Lyharger*, Herbert Jesse*, Alhert Heiser*, Cecil Jamison*, Gayl Sheets, Rohert Mix, Don Chaffin*, Charles Alsman*, Garland Keister, Earl Hamrick, Howard Morton*, Edgar Kraft*, Floyd Neff, St. Mary's Chapter O.E.S., Sam Shinahery, Lloyd Brown*, Murl Lyharger*, Jack Lyhargar*, Rohert Flora* Henry Kinerk*, James Laisure, Frank Harkless, M. Smith*, Mrs. Jenny Greek*, Mrs. Selma Headford*, Russell Neireiter*, J. Louis Felger*, Mrs. Emma McMahon*. Thank you all for your support in a worth-while project and in helping to make a dream start to come true. The * signifies full-fledged Seventeen Fund Club members.

To those who were not ahle to attend the picnic Saturday, Sept. 13, I would like to say you missed a picnic that will long he remembered hy those who were there. Everyone had a real good time. We played haseball, horseshoes, and Jarts. The younger and more energetic ones played ball and entertained the less energetic ones. When someone stole a base, they really stole it—picked it up and ran with it. We had several "rhubarhs" and several real stars playing—Eastern Stars, of course.

The potluck dinner was hetter than I have ever eaten. The only things wrong were not enough room to eat it all and the Worshipful Master burned several of the hot dogs.

The free ride for the kids turned out to be a ride for the adults as well and thanks to Kate Scherrer and her little red wagon we had plenty of room. We had a trailer bringing up the rear to hold the overflow from the wagon. Movies were taken and at our earliest convenience we will show them.

I was very pleased with the turnout. I would judge ahout sixty people enjoyed the picnic. This just goes to show that friendship travels far beyond the portals of our lodge and chapter and that the two organizations can join together and have a real good time.

Our Octoher Mason of the Month will he Bro. Edward S. Kinerk. He will he 90 years young September 16 and if we can persuade him to be at our Octoher meeting, we will have a surprise for him. I would like to see all of you who are able, to attend this meeting. It isn't very often we have the opportunity to celebrate an occasion such as this. Come if you can.

Don't forget our annual fish fry which will he held on Saturday, Nov. 1 from 5:00 o'clock till 7:30 p.m.

Brethren: This month will be quite busy for the homecoming committee and all others who are helping prepare it. All the invitations will have to he sent, and returned reservations must he counted, so you also understand the Secretary will be husy. I've always said I wouldn't want his job. He deserves a lot of credit.

Rev. Philip Philhrook has consented to he guest speaker for the homecoming. Everyone who has heard him must agree that he is excellent, and to be able to hear him speak again will he an honor.

It saddens us to report the loss of two brothers recently. We're sure Masonry, as well as those who know and loved them, will surely miss them.

Someone once said, the greatest of all things is happiness. I wish I knew his definition. Webster defines it as merry, cheerful; the state of heing glad or contented. We all know it includes being involved. Become involved in your lodge, attend it regularly, and support its principles. There I'm sure you'll find some form of happiness or contentment.

It was not until some 3,000 ... ago that men began to sort ... mathematical facts from other ... of facts to make a system or science of them, a subject for specialized and professional study. Another suggestion was that our brothers adopt the Big Brother idea and when we have a new member, have that big brother accompany our newly made brother to the next several meetings and explain to him what is going on and get him acquainted with his lodge and his new brothers. Get him used to attending lodge.

It was also suggested that our brothers who are fortunate in having a new lodge building hold an open house and invite the public. This does not necessarily mean a brand new building. How about a newly decorated or newly furnished lodge room? It was also pointed out that many of our lodges are now furnished with antiquated furniture which should be sold as antiques and replaced with new, more modern furniture. Our young people today live in new homes with modern, up-to-date furnishings and conveniences and expect our lodges to be the same.

How about a lighted bulletin board in front of the lodge building announcing coming events?

Many other ideas were given and it is the opinion of this writer that this Forum could not answer all of our questions, but they did make a lot of sound suggestions. Why not give them a try? What can we lose? We have some pretty stiff competition these days, and I am sure we can do as well, and in some cases a lot better, than some of the TV programs I have seen lately.

I feel that the Forum was well presented and much could be gained by following its suggestions. We should have more of this type of educational program if we expect to keep Masonry in its rightful place in our society.

We must ask for your cooperation in notifying the Square and Compass of your change of address. There were 196 returns on the June issue, which we thought was a considerable amount. However, in September there were 225. October promises to be just as heavy. As third class mail is not forwarded, even if you leave a change of address at the post-office, the Square and Compass will be returned. The September returns from the far western states did not reach us until the October Square and Compass had been mailed, which means they will also be returned in October.

Many of the changes bave been due to Florida, California and Arizona residents moving back for the summer and now many of them are returning for the winter. If you will notify the Square and Compass directly of any address change, the number of returns can be cut down considerably, which will result in a postage savings to the lodges.

Brethren: Our annual Past Masters and Homecoming Night will be November 24. We have the distinct honor of having 18 brethren eligible to receive the 50 year award of gold and 71 eligible to receive the 25 year award of silver. We will pay tribute to those Past Masters who through the years have been summoned out of our midst here on earth to a more glorious lodge above and will honor our still living Past Masters.

Our evening will begin with a traditional Thanksgiving dinner at 6:30 p.m. followed by the entertainment of the Shrine Chanters. The Grand Master has been invited and if he is able to be with us, I am sure he will have some remarks. Our featured speaker for this occasion will be Brother Roy O. Turner, Jr., Superintendent of the Indiana Masonic Home at Franklin. Our evening will be concluded with the presentations of the 50 year and 25 year awards.

I am sure that many of you will want to plan now on being there. We will be sending flyers to our membership with a portion to be torn off and returned. It is necessary to know how many to prepare for so that we can cut costs as much as possible, because this is free to our members.

We will indeed be having degree work in November. We are investigating four petitioners for November. Our calendar is as follows: 3rd, stated meeting; 10th, Entered Apprentice; 17th, Fellow Craft; and Saturday, 22nd, Master Mason. We are attempting something a little different, as we are planning to open lodge early on Saturday morning, and have breakfast after the first section. Watch the Sunday Journal Gazette November 16th for time of opening.

Brother Truman R. Buckles has been called to his beavenly reward since my last writing. To his family and friends we would extend our most sincere sympathy. Past Master Delmar J. Proctor is now out of the hospital and back to work, and doing fine we hope. We bave four of our brethren in hospitals that we know of as of this writing. Earl Wolf is in the Lutheran, and at the Veterans we have Robert E. Wible, Otto J. Bowman, and John K. Boan. We hope these bretbren are on the mend and back at their normal activities very sbortly.

On October 8th I had the great pleasure of witnessing my two sons being initiated into DeMolay at the Scottish Rite Auditorium, along with approximately 100 other young men from Fort Wayne and its surrounding area. This was the first experience for me to witness the DeMolay work. Needless to say, I was very much impressed with the caliber of their degree work. I am certain tbat every mother was impressed by the flower talk. I would like to congratulate Master Counselor, Duncan Whyte, and all the officers of the Fort Wayne Chapter for a marvelous job.

Before my next and my last article appears in the Square and Compass we will have had our stated meeting for December. To me, brethren, this is one of tbe most important meetings of any lodge. This is when you choose those officers with whom you want to entrust your lodge for the year 1970. I am sure that your officers would like to see many more on the sidelines at this meeting, voicing their opinions as to whom should be elected for the year ahead. In my mind, you have two very sacred rights and duties as members of this lodge. That is to elect those brethren who you think are worthy to become your elected officers, and to elect those friends who you think are worthy to become united in this great and good work. Why not mark your calendar right now so you can be there to carry out your sacred right and duty?

Will I see you in lodge, and at the Past Masters and Homecoming Night?

As a culmination to my year, the officers of Summit City Lodge have one final activity for you.

On November 28, 1969, the day after Thanksgiving, we will have a Master's Ball and Card Party for all the Master Masons, their wives, guests, and prospective Masons. This event will start at 7:30, and at 8:30 we have a surprise for all attending. It is something that over 90% of tbe Masons in Fort Wayne have not seen, and you will come away richer for the experience. The dance will be informal, and soft drinks and sandwiches will be served in the later hours. Tickets may be purcbased, at $1.50 per person, from our Fellowcraft team, officers, and members of Summit City Lodge. You may also call me at my office, 484-8572, or my home, 748-8552. If I am not there when you call, leave your name and telephone number with my secretary, my business partner, or my wife.

This dance will be dedicated to the memory of Bill Brase, Master of South Gate Lodge No. 731. Bill, a good friend and dedicated Mason, had conceived the idea of tbis event several months ago, before his untimely death, and we are following through with bis wish for a gala evening, bringing together all of our Masonic Brothers and guests in the area.

Looking forward to November, we will have one or two candidates. Also, this is the month the officers move up to their new stations and show their proficiency in assuming their new positions in Summit City's line.

As you know from reading my articles in the past, I have never regressed to the preceding month, but I am making an exception this month. During our Homecoming, October 17th, two Past Masters were recognized for their meritorius service to Summit City Lodge. Past Master Abner R. Wolverton was presented the Abner R. Wolverton Presidential Plaque by his Fellowcraft team, in honor of the past and future Presidents of the Fellowcraft team, which has been under his direction for over thirty years. This plaque will bang in our Tyler's Room as a fitting tribute to his labors and dedication to his team and bis Lodge. For his personal use, the team presented him with a Masonic Barometer set, a one-of-a-kind design.

The second Past Master to be honored was Dwight M. Myers, for his dedicated service to Summit City Lodge as Secretary for over thirty years, thirty-one to be exact. The members of the Lodge, through voluntary contributions, presented bim with a one-of-a-kind Accutron calendar watch with a Past Master's jewel engraved on the face, inscribed on the back as follows: "1969 Dwight M. Myers 31st year as Secretary, Summit City Lodge No. 170, F&AM." The debt that Summit City Lodge owes to these two Past Masters cannot be repaid, but we were most happy to present them with these tokens of our esteem and appreciation for a total of over sixty years of dedicated service to our Lodge.

After both men were accorded standing ovations, Dwight asked for a few moments to address the craft. He announced his retirement as Secretary of Summit City Lodge. He added that, during the stated meeting on November 7th, he would announce his recommendation for a successor, so Brethren, please be at the meeting November 7tb, and also December 5th for the balloting of the new officers for Summit City's line.

I will be unable to attend tbe stated meeting November 7tb, and the position will be filled by Senior Warden Cledith L. Martz. I will be on Masonic business with my good and long-time friend, William E. Hinkle. Bill will receive the Legion of Merit, an honor award from the Indiana DeMolays, which will be presented to him at Cumberland, Indiana on that date. I am sure that all of Bill's many friends join me in extending sincere congratulations to him.

viously loathed. How about helping one less fortunate than yourself? Money, civic honor, position, and responsibility, dnn't always make a happy person. Some of the most respected leaders, living in buge bomes, decnrated, and admired by throngs, are among the most miserable in their own thoughts. As a Mason, you were taught to apply tn the Deity for wisdom and strength, and by the application of this principle you found fellowship, friends you might identify in the dark as well as tbe light, and we hupe, peace of mind, in the knowledge that no matter how bad things seem, there is always someone who cares for you and will assist in helping you to recover from your immediate depression. If you can accomplish some little thing and reflect in your own mind that in so doing you have pleased the Almighty Creator, you will be well on the road to recovery. Next question — can you make it a daily habit?

Don't forget our annual meeting Wednesday, December 3. Hope to see you in Lodge before that.

Bretbren: Your lodge is now busy at labor; three Fellowcraft will be raised to the Sublime Degree of a Master Mason on Nov. 3. Lodge will be called at 5:30 p.m. and dinner served to all present after the first section. Plan to be present.

December 6, at 6:30 p.m., Southgate will hold its annual Family Night Banquet. Our J.W. Harold Lash has planned a delicious meal and fine entertainment for young and old alike. The price is right too — free! Bring your family and friends.

Richard L. Phillips, a member of Southgate, has been nominated to receive the 33°. Congratulations from your lodge, Brother Phillips!

As I, the S.W., have now been acting as Master for two months, I have had the opportunity, more than ever before, to observe and evaluate tbe interrelation and need for cooperation between us all, not only in making the works of the lodge run smoothly, but also the same requirements as applied to life and every day living. I am fortunate and very thankful to have the officers of Southgate to assist me with my duties in the East. No finer or more dedicated group of men could any Master have or even hope to have to support him. Your attendance not only shows support for your lodge, its officers, and Masonry in general, but it will also help you by refreshing your memory of tbe concept of brotherhood and universal benevolence.

Somewhere, sometime, I read a prayer, part of which has been very meaningful to me. The proper credits I am unable to give, but the phrases I would like to share.

"God grant me the wisdom to know the difference between right and wrong and the strength to do what is right."

I would like to make a few more comments on our increase in dues before I change to annther subject. Last mnnth I stated that the $4.00 assessment had been taken from the $15.00 and added to the $4.96, making a total of $8.96 for the Masonic Home. I have been asked the following question: Why, then, dn we still have the $15.00 and shouldn't it have been reduced to $11.00?

Brethren, our own Hnme Lodge has been hard pressed to make ends meet and therefnre the dues had to be raised by $4.00 in order that we might remain solvent. If anyone has any furtber questions concerning this or any other thing pertaining to the lodge, do not hesitate to contact either myself or any of the officers and we will do our best to serve you.

On Sept. 23 two more fine gentlemen, Paul Raymond Taylor and Roland Clark Smith, were raised to the sublime degree of a Master Mason. A hearty welcome to both of tbese brothers.

On Sept. 27 we made our annual pilgrimage to the Tri-State reunion which was hosted this year by Advance Lodge of Chicago. Twenty-two of us made this trip and it was one of the most enjoyable reunions that I have attended.

Our motel was only a short distance from O'Hare Field and it was most interesting to watch the planes come in for landing, one about every ninety seconds. It almost has to be seen to believe that this goes on twenty-four hours per day.

On Oct. 8 Home Lodge was host at a Forum which was called by the Grand Lodge Committee on Masonic Education, of which P.G.M. Joseph Batchelor is Chairman. This meeting was most interesting and I am sure everyone who attended was well rewarded with many new ideas on lodge administration and the many problems which confront us today.

At our stated meeting on November 7 we plan to make anotber presentation of tbe 50 year award to five of our brethren as follows: Oliver E. Bly, Fred C. Dreyer, Claude S. Howard, Edward F. Sonday, and Roscoe Herman Tapp. We hope that each of these brothers will be able to be present at that time.

We are now planning for our annual family and Christmas party which will be held on Saturday, Dec. 13 at 6:30 p.m.

This year we will have the usual Christmas tree, Santa Claus, candy and treats for the children, and in addition we will bave some good entertainment for the adults. We will have our own Jim Lucas, who plays the drums for the "Indiana Troubadors," and who will set up his drums and give us some good, rousing music with John Philip Sousa accompaniment. By the way, when Brother Jim was eleven years old, be was privileged to play as guest drummer in the band of John Philip Sousa.

We have also booked the "Wayne Beaus," which is one of the top barber shop groups in this area. They have promised to give us a good, fast moving variety sbow.

I will have more information on this in my next column, but in the meantime, get this date on your calendar.

Good Masons of Waynedale Lodge: I know the members who read the Square and Compass are good Masons. You pay your dues, tbe Masonic Home Assessment, and you contribute well to the 10 for 10 program, you are concerned about what is going on at Lodge, the progress of the new Temple, the activities of the Fellnwcraft Club, the welfare of otber members, and other lodge functions, but will this make us a gnod Mason just being concerned? Sometimes as we read the Square and Compass we are reminded of the Obligation we vowed while receiving the three degrees. Once in a while a Charge of one of the degrees will be referred to in some article. As we read these, we may promise ourselves to fulfill this Obligation a little better or try to the best of our ability to live up to the various Charges. Does just a pnmise make us a good Mason? As we continue reading we may feel better for being a part of this Great Organization and we might say to ourselves, "I'm going to learn that lecture. I'm going to take part in the Craft Team," or "I'll surprise that W.M. and show up at the next M.M. meeting." At least we could say to ourselves, "Maybe there will be a banquet that I can attend soon." Then we lay the paper down and go back to our own busy little world, and what happens? Most of the time we are good Masnns, quiet and peaceful subjects, true to our government and just to the cnuntry in which we live. But is this enough? Can we be truly good Masons without actually being active Masons? Can the Brotherhood grow and prosper without active members? Will the honor, glory, and reputation of the institution be firmly established? Can the community or the world at large be convinced of its good effects if each Brother is not active in some way?

Many of you have been active tbis

There have been Hospital visitations, Investigating Committees, coaching of candidates for the work lectures, huge Telephone Committee that functions very well, then also many Brethren have taken an active part in raising our new Temple. Brothers: We are now in the season when numerous events compete for our time. Nowhere is this competition more evident than when we look at lodge attendance and the attendance at our social events. Some one once wrote that we could reasonably expect 10% of our membership to be present at a meeting. Brothers, how many times have you seen 10% attendance during the past year?

Our inspection was held on October 3, jointly with Home Lodge 342. The comments and suggestions of Deputy Grand Lecturer Bennett are always welcome and appreciated.

The Fall Ladies Night was held on October 11, with a dinner prepared under the direction of Bro. Doctor, and followed by a program presented by the "Northern Notes" choral group.

Balloting on petitions will be held at stated meeting on November 6. Anticipating degree work for November, we will have Entered Apprentice on Nov. 13, Fellowcraft on Nov. 20, and Master Mason on November 26. Please note that the Master Mason degree work will be on Wednesday evening. Lodge will open at 7.00 p.m. and refreshments will be served after lodge.

Mark your calendar now for November 15. That is the date of the Wayne Annual Dinner Dance. Dinner of your choice of ham or turkey will be served at 6.30 in the dining room. There will be round and square dancing from 8:00 to 11:00. Music by Berdett Book's "Gay Notes" with Arnold Cramer as caller.

Tickets are available from any of the lodge officers or from Mrs. Leiter in the Masonic Temple. Donation is $2.50 per person. Admission by ticket only. No tickets will be sold at the door. Reservations may also be made by calling 483-0050, 432-2788 or 744-2552 before Nov. 11.

Our prayers go out for Bro. Jim Pollos in the Vets Hospital and to Bro. Dan Dale at Irene Byron. Drop these brothers a line to cheer them.

We have just learned of the passing of Bro. Henry Sanford on June 16 in California where Bro. Sanford resided.

Mark your calendar for December 4. On that date the annual stated meeting and election of officers will be held. Dinner will be at 6:30 in the dining room.

Installation of officers will be on January 3, 1970 at 3:00 p.m.

Remember the Vets Hospital visitation on Nov. 3. See you in lodge?

Another month has passed us by, and has been very profitable to the chapter, and to the order. Our October 8th Initiatory brought us 43 new members, for whom we have many activities planned. We held another one of our dinner meetings on October 22, with a re-orientation and business meeting following. This re-orientation proved to be very profitable, as it brought to view many of the things the boys learned on the 8th, in addition to coming activities of the chapter. On October 25th we took a busload of boys to Bloomington, Indiana for the dedication of the Indiana DeMolay camp, plus a tour of the Indiana University campus. The trip gave Fort Wayne chapter a very good showing on the state DeMolay level, and it dissolved the doubts in anyone's mind that Fort Wayne chapter is number one.

November brings about the start of our calendar "sale," so we are again asking the support of the Masonic Bodies, especially the Scottish Rite. There is a stated meeting on November 12th. This meeting will include a tribute to our founder, Dad Land. This night will also mark the start of our new "Back up line," which will be made up entirely of the new members as of October 8th. This will give all of the new boys, in some measure, some responsibility in the chapter and will give them new interest in functions.

I would at this time like to give my officers a public "thanks" and congratulations for your hard work and the great job you did at the initiatory on October 8th. I've never been any prouder to be a member of Fort Wayne Chapter. It is said that once you are at the top, there is only one way to go. Entirely wrong. There are new heights to reach, boys, so keep up the good work and we'll not only set the heights, but reach them too.

I would also like to thank the men who attended our degree last month. We appreciate the interest which your visit proved, and we hope that you will continue to give us your support. It would be our pleasure if you men would visit our meetings and see how our chapter really operates.

There will be a supplement to the calendar sent in the mail for the activities of November and December. Watch the mail, and see you all on the 12th.

The month of November promises to be a busy and fun filled one. First off, November 5th will be our election of line officers to serve for the ensuing term. The date of election was changed from our traditional second November meeting due to the fact that our Inspection will be held that night, thus causing the meeting to be a rather long one.

There are many Job's Daughters eligible to be elected as they have the willingness to work on projects, the qualities and abilities to be a good representative of Bethel No. 8. It is up to each member to decide for whom to cast her vote.

An exciting event coming up is our Style Show on November 13th at 7:30 p.m. at the Masonic Temple. This presentation will be open to the public and everyone is encouraged to come as they will be missing quite a lot if they don't attend. Jobies may secure tickets to sell at our meetings.

The 19th of November will be an important one for our Bethel. This is Inspection and our Grand Guardian and Grand Associate Guardian of Indiana will be present and new girls will be initiated so girls, let's have our work perfect. This night is also set aside to honor the Master Masons and Eastern Stars from whom we receive our heritage. All chapters and lodges are welcome to attend.

Jobies, how about going on a scavenger hunt in your neighborhood for magazines and newspapers to donate for our paper drives. We can't ever get enough papers — so keep collecting. Everyone in the South area please take them to Sue Brandt's at 1020 Drexel Avenue and all in the North area can bring them to my house. How about all of you Jobies offering to help and donate papers with the rest of the girls who are always on hand to help? These money making projects are for your Bethel.

God bless all of you and see you at the meetings.

A MIGHTY CAUSE

If we think about the long past, the efforts of Masons through the centuries to perpetuate the ideals and principles of Masonry, the courage and determination of Masons to defy the despotism, the insistence that man walk in dignity as an individual we will be more conscious of our obligation to strive to make Masonry a force in our world today.

We want our children and grandchildren to live in a world in which moral and spiritual values are stressed. We want to preserve for future generations those ideals which account for our country's greatness.

How much do we want them? To the extent that we will work for them while there is yet time? To the extent that we will keep the flame of liberty burning brightly in our lodges and in our minds and hearts?

If sacred teachings are lost to future generations, must we not assume blame for such a tragic loss?

As Masons who have assumed sacred obligations to God and humanity,we cannot stand idly by in a neutral corner.

We are engaged in a mighty cause. The realization of this truth by every Master Mason must be the clarion call for an alert and militant Freemasonry.

LET US GIVE THANKS

Let us be humble in our hearts,
And most sincerely say a word of
gratitude to God, on this Thanks-
giving Day.
Let us be grateful for our health,
and for tbe strength of mind,
To serve our neighbors of the world,
by being good and kind.
We thank Thee for faith, and free-
dom, work and rest, for our homes
our children near and far;
Enough to eat and drink and words
of wisdom from your lips, to guide
us when we think;
And for every little dream that tries
to touch a silver star.
Let us give gratitude to God, for
every song we sing,
And for the wondrous beauty and
the joy of everything.

Amen

A FAIRY TALE

Once upon a time there were five little stars and they all lived together with their mama. One day mama called them all together and said, "The time has come for yon to go out into the world and make your own way. As you travel along life's road you will learn many lessons, for life's road may be very hard and you will need guidance along the way. Go out and search very deeply and the one who brings me the most valuable virtue of all, will be rewarded with a very dear and true friend."

The little stars went out, each to search in her own way. Soon they returned, each hringing a virtue. The blue star brought fidelity, hut mama said, "Not good enough, it may waver on your way." The yellow displayed constancy and mama declared, "It may fail you in your need." White's loyalty was sure to falter on life's rough road. Mama was afraid that green's new-found faith would grow dim and leave her path in darkness. To red she said, "Love alone cannot hring happiness." None had found the most valuable virtue, so again, mama sent them away to search. Not one was worthy of a true friend.

This time the little stars searched together, taking their virtues with them. They traveled far and wide. Often they glimpsed that virtue which surpasses all others, hut it continued to evade them.

Then one night each little star had a dream. Wheo they awoke, they knew that the most valuable virtue had been revealed to them. They hurried home where mama awaited them. Before her they unveiled their wonderful virtue. Mama rejoiced, "Together you have found TRUTH. Together you sball be rewarded. I give each of you a true friend."

To tbis day there can be seen in the heavens a bright and glowing star, which is truth. As for the five little stars and their virtues . . . they lived happily ever after.

This charming story unfolded on Friends Night Oct. 16 from a book of fairy tales in the East. The little stars were figures with star-shaped heads who were dressed in the colors of the points. The happy ending came with the officers introducing their true friends from our neighboring chapters, who had such exciting names as Queen of Hearts from the Land of Leo; Knave from the Kingdom of Markle; Queen Midas from the Counting House of Warren, just to name a few. Del Proctor, Jr. waved his very magic wand to present a delightful program. The dining room was cleverly decorated with fairy tale characters parading down the center of each table.

We hope each of you have a table for our Nov. 3 card party and are planning to support the hazaar with your donations and purchases. A cosmetics demonstration will be an added touch of glamour to the evening. Don't miss out.

Our chapter royalty — the Past Matrons and Patrons — will be honored guests on Nov. 6. Be there for an especially good hour of fellowship and a special repast from Gertrude Marchant's committee.

Nettie Ransford Day at tbe Masonic Home is the date of our chapter visitation Nov. 8. Anyone desiring transportation should contact our Associate Matron. The Elevator Fund Projeet is officially wrapped up on that date. Don't be left out —get your book of trading stamps to our Worthy Matron.

We invite all readers of the Square and Compass to a real nice program on Nov. 20 when our very talented choir will entertain. Be sure and come.

Now is a good time to put a big red circle around Dec. 4, whicb is Masonic Night when a very special program is planned. Everyone is invited — plan to be with us.

Our chapter will be dark on January 1st, a legal holiday.

The month of October is now a matter of record. It has beeo a very busy and pleasant time for Shiloh Chapter. The committees have really worked overtime and deserve a most hearty "Thank You" from all.

On October 3 we had our usual smorgasbord which requires many bours of preparation. October 1 was our rummage sale. October 23 we observed Friend's night. October 9th was a stated meeting at which time our Past Matrons and Patrons were bonored. The Worthy Matron opened her meeting with the following poem dedicating it to Past Matrons and Patrons.

I Thought of You and Said A Little Prayer.

"This morning when I awakened
and saw the sun above,
I softly said Good Morning, Lord,
bless every one I love.
Right away I thought of you and
said a loving prayer,
That He would bless you especially,
and keep you free from care.
I thought of all the happiness a
day could hold in store,
I wished it all for you because no
one deserves it more.
I felt so warm and good inside,
my heart was all aglow.
I know God heard my prayer for
you, He hears them all, you know."

During the meeting each officer greeted the Past Matrons and Patrons and gifts were presented to each. After Chapter was closed the Past Matrons and Patrons assumed the chairs and a memorial was held for Brother Claude Roser, Past Patron who had passed away during the year. Worthy Matron announced that our Grand Matron has approved the by-laws as amended, two of which are: Dues will be six dollars per year and initiation fee twelve dollars.

November 19th we will have our annual card party and Bazaar. Come, bring your friends and enjoy a nice evening. Tickets may be purchased from any committee member or purchased at the door. Don't forget we have a nice assortment of calendar towels.

WINTER

When Winter waves his magic wand,
A fairyland appears;
The shrubs along the picket fence
Are knights with sbining spears.

The fountain is a crystal tbrone
Where old king Jack Frost rules;
The evergreens are stately queens
In silvery lace and jewels.

The fence-post sentinels at the gate,
Whose hats are frosty globes
Command that all who enter here
Be dressed in ermine robes.

Ball Award to Albert Groff, winner of the Honor Camper Award at Camp Crosley. There will be Fifty Year Awards, the K.T. Companions: The end of the year comes upon us quite rapidly. How many times did you get to the stated convocations? Did you invite any brother to become a companion? Did you attend any of the social affairs? Help put on any of the work? We are now up to the sixth day of the week and it is time for the craft to receive their wages. How much did you earn?

The Royal Arch Degree was put on Oct. 4 in Fort Wayne and our own Mack Fehman was able to complete his degree. Mack who had been troubled with a heart ailment in the early part of the year showed such determination and courage along with the companions who occasionaly seated him on a chair so that he might continue made the whole work seem like a great moment in Masonic history. Be sure to welcome this courageous companion into our midst.

And now a hit of advice from your High Priest: Work diligently at your usual avocation. Read a hit from the Holy Bible in the evening and when alone, communicate with the Great High Priest of the Universe.

THE YEAR IS 1621

The year is 1621. The place is the year-old Plymouth Colony, a brave, new haven in the New World.

In the Old World, Freemasons of the day were still practicing a respected but waning operative art; their Brotherhoods or Fraternities were responsible for the great cathedrals and other religious edifices of the period.

But, even then, there were irresistible forces in motion which, in less than a century, were to see these operative associations transform themselves into heroic speculative organizations — to become the Freemasonry of the present day, a sublime institution which presents all over the habitable earth the most wonderful system of moral living the world has ever known.

Plymouth Colony was the earliest permanent English colony in New England. It was located a bare fifty miles from Boston, where, in 1733, Brother Henry Price, newly-deputed Grand Master of North America, organized the Grand Lodge which immediately granted a warrant to "St. John's Lodge" in that city, making it the oldest Lodge existing in America today.

In 1621, while our ancient Craft was in the throes of a rebirth, 55 English-speaking colonists (only four of whom were women) were joined by 90 friendly Indians in the very first feast of ingathering, a day of thanksgiving. Actually, it lasted not one, but three full days.

After that time, the setting apart of a special day on which to give thanks for the blessings of the year became general throughout New England. Since President Lincoln set the example in 1863, successive presidents have issued proclamations annually.

In this Thanksgiving season, as Freemasons, let us not fail to take a few moments to think on our blessings, large and small. Let us not fail to give thanks, first, for the presence all about us of a living and loving Supreme Creator, from whom all blessings flow. Let us not fail to give thanks for the great and free land in which we are privileged tu live and for its fertile fields and abundant harvests.

Let us not fail to give thanks for the heroic founders of our nation, many of them numbered among our Colonial membership. Let us not fail to give thanks for those who gave us our Declaration of Independence, our Constitution and the Bill of Rights and for those among them who proudly wore the emblem of our Fraternity.

Let us not fail to give thanks for our flag, under whose folds personal liberty is guaranteed and under which we may attain any heights of achievement of which we are capable in a land where we may hear and see and read what we choose, express our own opinions and worship God in the church or synagogue of our choice.

And, with thankfulness and charity in our hearts, let us also be mindful of the needs of others that none may be in need of that which we are able to give.

Finally, let us not fail to give thanks for our tender associations through the years as Freemasons, one with the other, in a proud and respected institution which fosters only the noblest of buman ideals in an endless quest for the attainment of a true Brotherhood of Man under the Fatherhood of God.

Beauty Of The Ritual

Secrecy is not the key to Freemasonry. Everything concerning its aims and its rituals is available to the public in books and manuals. Indeed, some well-informed outsiders know more about the Craft than many a mason of lower degree who should not have and does not wish any premature knowledge. Masonry keeps no secrets from the uninitiated! Yet there is a masonic secret, a mystery, an experience that cannot be taught or explained because it lies, like every mystic experience, beyond the realm of controlled consciousness. At its deepest level it is identical with intense feeling and empathy. The secret of Freemasonry is the secret of experiencing true love for all mankind, a positive attitude towards man and life, aod broad affirmation of God. It is the realization that beyond the dark and material world there is a realm of light towards which all men must strive. The peculiarity of Masonry is its symbolism, with its roots in the distant past, intensifying this experience whose sensuous aspect lies in the beauty of the ritual.

—Paul Nettl, Mozart & Masonry

I THANK HIM

I do not thank my heart for beating nor my eyes for seeing. I do not thank the sun for shining nor the rain for falling. I thank God, who is the maker and giver of all things needful to my life.

I do not thank a constitution nor a Magna Carta for political freedom; I thank God. I do not thank congress nor a parliament for church doors that are open; I thank God.

I owe Him my life. The claims of all others are secondary. My family, my country, my friends, my church — all are gifts that I hold in trust for Him.

My most difficult problem is to keep Him in first place. I get exaggerated notions of my needs. I pay exorbitant prices for pleasures. I cripple myself with monthly payments for things I could do without. Finally, the secondary demands have squeezed God out, and I find Him getting what is left over, if there is anything left over.

But I do want to thank Him. He gives me all that I have. Best of all, in Christ Jesus He has given me forgiveness of sins and reinstatement into His everlasting Kingdom.

WHY WOMEN AREN'T MASONS

It is true that the rules of admission forhid the cnnferring of the Degrees of Masonry on females; not, hnwever, frnm a want of esteem for her sex, nor regard for her influence, nor hy reason of the absurd and lihelnus assertion that "No woman can keep a secret."

At the building of King Solomon's Temple, women did not labor with the Craft, nnr are they required to dn so at this day, nor go to the field of carnage and slaughter in defense of their country. No; wbere Masonry is cherished hy the other sex, their females are saved from these and the sterner duties nf active life. And, instead of heing the lahorers and defenders, they are the protected.

But there is a higher and a hetter reason why they are not admitted. They do not require the incentives or the obligatinns of Masonry to induce them to practice the virtues which we, as Masons, are taught. What Mason is there who practices mnre eminently that Inve which forgives injuries or returns good for evil, than woman?

Temperance, which is taught and enforced upon man, is her habit.

In Fortitude — that which bears the ills of life without repining and undergoes every privation without a murmur — what man or what Mason can equal woman?

Where will you seek Prudence but in the modest refinements of woman?

Justice is wisely represented by a female figure with an even balance.

And Charity could not be better personified than in the character of helpless children clustering around and hanging upon the angelic eyes of wnman.

I have said sbe does not require the incentive that man dnes to induce the practice nf noble virtues or to enlist ber energies in the cause of humanity. If more proof of this fact were needed, we bave it in the testimony nf the intelligent Ledyard, who had visited every quarter of the globe and carefully observed the dispositinn and habit of both sexes.

He says, "In all countries, civil and savage, I bave found man rude, cruel, and inhospitable; hut in no country, savage or civilized, bave I ever addressed woman in the language of decency and politeness, hut I was respnnded to with kindness and attention."

Whn, then, can see the necessity nr prnpriety of wnman's taking upon herself the ohligatinns of

Who does not, rather, man — the rough ashlar suhmit to artificial bonds moral influences as Masonry that he may become strong principles and the virtues, in deeds nf kindness and as in woman?

So you see, ladies, if you this explanatinn, what it dnwn to is this: it is not dnn't want you in Masonry DON'T NEED IT.

Search For Truth

MERRY CHRISTMAS

...Light That ...er Goes Out

...December 27, many Masons ...serve the Feast of St. John ...vangelist. Because the Evangel- ...one of our patron saints and ...e this is the month of Christ- ...it is especially fitting to center ...inking upon St. John's simple ...of the coming of the Carpenter into the world. He writes, "This life was the light of men, the light shines on in the dark, and the darkness has never quenched it."

Today we are inclined to say, "this is a dark world." Many are on the edge of despair and believe that the light of man's bopes and achievements will go out. It was into this kind of world that Jesus was horn. It was a world of paganism and violence. Rome compelled its slaves to carry burdens and hear taxes heyond the people's strength. Three out of every four persons living were slaves. Twenty families of the empire controlled most of its wealtb.

Cruelty was a sport with 2,500 captives being slain for fun to help Domitian celebrate bis birthday. Bad harvests had reduced many shareholders to slavery. Malnutrition and years of war filled the streets with a crop of maimed, deformed and mentally unbalanced souls. Women were mere chattels — girl babies were often left to die on infanticide island. It was a dark night when the star shown over Bethlehem—so dark and sinister that Herod plotted the death of all the babies in the village.

Yet St. John could write, "The light shines on in the dark and the darkness has never quenched it." Certainly this is the word for us today. There can he no wiser strategy to keep man's hope alive than to fix his eyes on whatever light there is, helieve in it and follow it.

There is first of all the light of truth which no darkness of error can extinguish. The poet has said it better than we can in these words:

Truth forever on the scaffold,
wrong forever on the throne.
Yet the scaffold sways the future,
and behind the dim unknown
Standeth God within the shadow,
keeping watch above his own.

Moreover, there is the light of right which no darkness of wrong can extinguish. Why do we panic when a puny human cries, "We will hury you?" History has heard that irrational cry before. Where are these men today? What happened to Khan — to Alexander the Great and Caesar? What has become of Napoleon and Mussolini? Last summer I saw the hunker where Hitler shot himself and had his body hurned. The only monuments tbere are weeds and tall grass and jutting chunks of concrete from bombed out huildings. All of them are gone —their light has gone out. So the poet writes:

Then all they perished from the earth,
As fleeting shadows from a glass
And, conquering down the centuries,
Came Christ the Swordless on an ass.

Finally, there is the light of love which no darkness of hate and suffering can extinguisb. How much do you remember about the Crimean War? Where was it fought . . . why? What issues did it settle and who were the generals that barked the orders? Their light is gone from all our memories. But we still remember the angel with a lamp and how the wounded kissed her shadow as she passed by in mercy. Florence Nightingale alone, is remembered. The light of love never goes out.

Not many years ago the world's most vocal atheist, Bertrand Russell, spoke to the students of Harvard University. He was exploring with them some light of bope for a hleeding and unhappy world. Let me quote his final words:

"The root of the matter is a very simple and old-fashioned thing, a thing so simple that I am almost ashamed to mention it for fear of the derisive smiles with which wise cynics will greet the words. The thing I mean — please forgive me for mentioning it — is love, Christian love, compassion. If you feel this, you have a motive for existence, a guide in action, and a reason for courage."

Indeed there is a light that never goes out. Can you see it? Can you helieve in it? Can you give it your personal allegiance? If you can, you too will he "the light of the world" for all who "seek further light."

The Gift of Christmas

Are you willing to forget what you have done for others and to remember what others have done for you; to ignore what the world owes you and to think what you owe the world; to stoop down and consider the needs and desires of little children; to remember the weakness of those no longer young; to stop asking how much your friends love you and ask yourself whether you love them enough — are you willing to do these things, even for a day? If so, then you can keep Christmas. And if you keep it for a day, why not always?

We have just passed through what probably was the busiest month we have enjoyed in a long while. We carried four candidates through all three degrees. Our Past Masters and Homecoming was a great success. We had a good crowd, and everyone seemed to enjoy the fine banquet, the music of the Shrine Chanters, and the speaker, Bro. Roy O. Turner Jr., Superintendent of the Masonic Home at Franklin. We congratulate the 18 brethren that received the Grand Lodge award of gold, also the 71 that received the award of silver. We held a Master Mason degree on Saturday, November 22, and it was well attended. We also held an Entered Apprentice degree on November 29. During the month we held memorial services for Bro. Robert G. McClure who was taken by death. To his family and friends we offer our deepest sympathy.

By the time you read this, your officers for 1970 will have been elected. The installation for those new officers will be on January 5, 1970 in the Corinthian Room of the Temple with lodge opening at 6:00 p.m. We congratulate those elected, and also the appointed officers. We wish for them every success for the year 1970, and know it will be truly a great year.

December will again be a busy month. We are investigating three petitions. Our December calendar is, Stated Meeting 1st, Entered Apprentice 8th, Fellow Craft 15th, Master Mason 22nd, Merry Christmas 25th and January 1st Happy New Year. We will have dinner in the kitchen on December 8 and also 22. Please watch the Masonic calendar in the Sunday Journal Gazette for these dates and times.

Brethren, as I took my pen in hand to write this, my last article, I could not help having mixed emotions. One of these is joy, for you see this means that the six long years of hard work are coming to an end. I think we all look forward to the day when we can retire. I don't plan on retiring, but it will mean that I do not have to be in a certain station in the lodge room at a given hour as I have in the past six years. The other emotion, you cannot call sorrow, because it isn't, but you feel as you think of the years just behind and then of the future that you certainly will miss the circle of friends and brothers you have enjoyed while on this travel toward and in the East. I know they will still be there as I will also be, but it is in a different way. I will miss the officers with whom I have associated in the six years and the wonderful Past Masters not only of the past six years but also those back through the years; the associations of Masters from the other lodges, and the respect of every Master Mason, whether he be a member of Sol D. Bayless, or of any lodge. It has been an experience that words cannot express, and the past six years could not have been possible for me without the love and understanding of my wife and family, and the members of Sol D. Bayless. Now another Master is about to gain that respect that I have lost and that is the way it should be. After this long, one loses some of his "git up and go," and it is time for a change. I wish for my successor the greatest year that he has ever known, for I have just finished that kind of year. All I can say is, thank you all from the bottom of my heart, and may God bless each one of you. Will I be seeing you in lodge?

My Brothers, as I prepare to write my final article for the Square and Compass, I find it most pleasant to reflect on the activities of the past year. Your officers have tried this year to bring a new spirit of enthusiasm to Summit City Lodge, to build up the ranks of our Lodge and to re-dedicate our members to Masonic ideals.

In January, we made the change of having the Second Section of the Master Mason degree put on in full form and make-up, which brought many favorable comments. In February, we sang "Happy Birthday" to two of our almost 50-year men, Sam Evans and Al Dornick, and climaxed the month with a Past Masters Night, when Past Masters put on the degree work. March brought a most enjoyable Ladies Night, with the enthusiasm of the "Sing Out Fort Wayne" group shaking the rafters of the Temple, followed by Rev. Wick's hilarious and informative talk. In April, the Fellowcraft team journeyed to Lafayette to put on the Fellowcraft degree. A travelog for Masons, wives and guests was enjoyed in May, and in July, the Fellowcraft team sponsored their first bus trip to Chicago to see major league baseball.

Summit City Lodge played host to the Chicago lodge in September and had the opportunity of watching them put on the Master Mason degree in Illinois form. We will return their visit next year. The highlight of the year, our annual Homecoming, was held in October, with the festivities opened by the Mizpah Shrine Band, building to the presentation on two meritorious awards given to two Past Masters, Dwight M. Myers and Abner R. Wolverton, for over 30 years' service each. One of the most moving moments of the evening was reached when Fred Bloemker, one of our 50-year-men, stepped from the ranks of the Mizpah Shrine Chanters to sing "That Old Gang of Mine." Rev. Wick proved to be one of the most popular speakers we have ever had, as he again kept us captivated with a mixture of humor and information. In November, we culminated the year with the Masters' Ball and Card Party.

Now we must look ahead. The thrilling 60's are almost over and we stand on the threshhold of the soaring 70's. We look forward to the new Master and officers, who will bring more enthusiasm and new innovations to Masonry. Masonry is not static but is a living, growing force, and we in Summit City are fortunate to have that dynamic leadership to set forth new programs. Let's get behind these men in the soaring 70's and give them more and greater support and dedicate them as the rebuilders of Masonry, these men who will again lead us to raise ten and twenty Master Masons in an evening and fill the lodge rooms to overflowing. At social events, we will see the ballroom again filled to capacity.

I cannot close this article without a sincere thank you to all the many people who have helped me this year. Serving as Master has been an enjoyable and enriching experience for me, and I can never give back Summit City all that I have received this year.

Finally, please come to the stated meeting December 5 for the election of officers, including the election of a Secretary to follow Dwight Myers. The man elected to this position will be only the third Secretary of Summit City in 69 years. Come also to wish farewell to Dwight Myers, who has completed 31 years as Secretary.

Support DeMolay, the stairsteps to Masonry.

As I come to the end of my year as leader of the Craft, I look forward to having my Wednesday evenings free, and look hackward over the past year's Wednesday nights with a great deal of satisfaction and gratitude; satisfaction, in having served a great order in my small way; gratitude, for having had the privilege of serving, for having such a host of brothers ready to assist in every way, for the lessons I have learned, and for the privilege of associating with such fine people as you, my Brethren.

I was particularly gratified to have such a fine turnout on our annual Ladies Night, and relieved that everything worked so well. You must take on a project such as this some time if you think you aren't relieved when it is finished. My special thanks to all the Brothers who made tickets available to the general membership, and to Doris Leiter, who did so much for me in the arrangements and helped with the tickets as well. Our guests were extremely receptive to our entertainment, and I wish to apologize for the poor viewing arrangements, hut we just can't take the pillars out of the dining room. Welfare service, in whatever phase of life your interest may lie. You, then being a well-informed, active member, will be proud to stand up and be counted as a Mason, as a Lutheran or Presbyterian or Methodist, Republican or Democrat, or United Fund Director or Gray Lady.

Each of us was given a talent by the Almighty Creator. What we do with it will determine our satisfaction on being laid to rest when our worldly chores are done. It is never too late. There is a place in the wheel of society for each and every volunteer. All cannot be leaders, but we all know it is not the leader that turns the wheel. It is the blood, sweat, and tears of many that will insure the perpetuation of ideals for future ages to enjoy. Will you join me, to see what we can do about saving the world? I cordially invite you to attend our annual meeting as a beginning. New officers to lead us will be selected. Your participation in their selection is most earnestly solicited, and mayhap this small beginning will put you on the track of some real participation.

Thank you for reading my final message, and for your support during the past years. I hope to see you in Lodge, where I can now relax and enjoy life once more.

Seasons Greetings, Brethren, to you and yours, and may the joy of the holidays remain with you throughout the comming year.

Three South Gate events in December are worthy of your notice and attendance.

(1) Master Mason Degree on December 1, starting at 5:30 with dinner served at 6:30.

(2) December 6, Family Night Dinner at 6:30 for Masons, their families and guests. Entertainment by the Mizpah Temple Shrine Band, Santa Claus and others.

(3) December 8, Annual Meeting at 7:30. Be present to elect next year's officers and meet the brothers who are governing your lodge.

On November 3, Bro. Dennis Cook was raised to the Suhlime Degree of a Master Mason. The work was put on in full form, the beans, ham and cornbread were delicious, and all of the Brothers present enjoyed the work and the fellowship associated with it.

A New Years' Resolution for us all —

I will make 1970 a year to renew Masonic friendship, enjoy Masonic fellowship, review Masonic ritual and I shall become a better man for having done it.

First I would like again to call your attention to our family party which will he held in the dining room on Saturday, December 13 at 6;30 p.m. As stated in my last article, we will have a Christmas tree, Santa Claus, and treats for the children. Entertainment for the adults will be the "Wayne Beaus" and also Jim Lucas and his drums. All this and an excellent meal, and the cost will he only 50 cents for adults, with children 12 and under admitted free. This is for members and their families only. Please advise how many children you will hring so that wc can have a treat for them. No one will he admitted who has not made a reservation or purchased a ticket. This is necessary so that we may know how much food to prepare. Tickets may he ohtained from any of the officers or from Doris Leiter at the desk, or you may make reservations hy calling either myself, 426-5352, or Jim Lucas, 484-5353. Please call at once, as we should have your reservation not later than December 10.

I am writing this article with mixed emotions, as this will he the last time I will be ahle in this manner to communicate with the memhers of Home Lodge. It is only natural, I presume, to feel a sense of relief that the responsihilities as an officer and more especially as Master of the lodge will he coming to an end; however, when I look hack over the last seven years which I have spent in the line and realize that it is ahout to end, I feel rather sad: I am deeply grateful to my hrother officers whose wholehearted cooperation made my year as master so enjoyahle. I will, indeed, miss those mcetings in the room across the hall.

My thanks to all memhers of the craft who gave so unselfishly of their time and talents so that the second section of the M.M. degree might he put on in an impressive manner. I might add here that our ritualistic work was rated as "excellent" hy the Assistant Grand Lecturer.

Thanks to those faithful Past Masters who are always on hand to take part when needed. They are indispensihle.

A special thanks to our most efficient Secretary, who made my task as Master so much easier. Thanks also to Sheldon and Doris Leiter for their cooperation during the year and to Mrs. Bowser and Mrs. Garrison, who have prepared our hanquets for the last few years.

You have all heen so nice and I will miss working with you.

Since our increase in dues, some have found that they are financially unahle to pay their dues and are requesting demits. This is especially true among our older hrethren who are retired and are forced to live on fixed incomes. If any hrother feels that he is financially unahle to pay his dues, then I would suggest that he contact the Secretary and request that his dues he remitted. If the dues are remitted, then the hrother remains in good standing and is entitled to all the rights and privileges of Masonry, whereas, if a demit is taken, then he reverts to the status of a non-affiliate and is entitled to none of the privileges of Masonry except the right to petition for reinstatement. So, to all of you who feel that you are financially unahle to pay your dues, I would suggest that you contact the Secretary and I assure you every consideration will be given.

The highlight of the November stated meeting was the Masonic Education. Worshipful Brother Delhert Dennis led a question and answer session where each hrother was asked a true or false question on Masonic law.

The committee looking into new officers' aprons has written for several sample aprons to examine. These had not arrived at the time the mceting was held, so action was delayed until they arrive for the memhers to see.

The vote for two petitions for the degrees was clear and these two candidates will hegin their work in January.

On Friday, Decemher 5, members of the lodge will travel to Larwill to put on the play "Rose Upon The Altar." Anyone interested in attending can contact T. C. Mohr or the Worshipful Master and arrangements will be made.

Decemher 9 will be the annual meeting. This is, hy far, the most important meeting held all year. The selection of the officers for next year will determine the future of the lodge. All the officers, therefore, would like to see as many members attending as possihle. Lodge will open at 7:30 p.m.

I would like to take this opportunity to thank every member of Three Rivers Lodge for all the help they have given me this year. If I were to list everyone who has helped me this year, the list would take in most of the memhership. A special thank you should go to the officers. The joh they have done this year has been greatly appreciated. I feel that the lodge has had a successful year hecause everyone was working together and I know that everyone will give the new officers the same help I have been given.

Brethren: This is it. Yes, Brethren, this is it for many things. The end of one decade and the start of the space age. The end of a year designated "Past Masters' Year" and the start of a new era at Waynedale Lodge. We are coming to the time when construction of our new Temple will he complete and we can start enjoying facilities of our new edifice. We have also reached the bottom of our Building Fund and the Lodge is going into deht. Yes, Brother, we do need your help. It would be nice to record in the minutes of the Lodge that we had 100% participation in this great undertaking, and if the few remaining Brethren who have not pledged will call me I will personally see to it he gets a pledge card and will add his name to the list of contrihutors.

The Decemher 3 stated meeting will he our annual meeting with reports from the Secretary and the Treasurer. There will be halloting on two candidates, one for the degree work and one hy transfer. We will vote on a change in our By-Laws and elect the officers for 1970. Decemher also holds the possibility of moving our Charter to the new Temple, the conferring of the E.A. and M.M. degrees. On Decemher 27 we will open Lodge as Entered Apprentices for the Feast of St. John the Evangelist. Watch for your news letter for more information.

Brethren, it has indeed been a high honor to serve as Master this year. I have always felt that Waynedale is one of the greatest Lodges in the state. What makes it even more of an honor to serve as Master is the fact that it is the members in general which make a Lodge great and makes it function. The officers only serve the members and try to follow the Blue Book.

Now, Brother, it is time for this Master to look hack over his year and try to thank all of the Brethren that helped so much. May I just say it this way. Thanks, God, for allowing me to serve Waynedale Lodge this entire year in good health. Thanks, Brethren, for everything you have done for the Lodge this year, and thanks to God again that I have such Brothers as you.

Best wishes to the Officers of 1970.

Merry Christmas and Happy New Year.

Brothers: How fast time flies. It seems only yesterday tbat your Master wrote his first column for the Square and Compass. By the time you receive the December issue it will be time for the annual stated meeting and election of officers for the year 1970. The meeting will be preceded by dinner at 6:30.

Every Master starts his year with many plans. He has high hopes that these plans will meet with tbe approval of his officers and tbe brothers and will come to fruition.

Many of the plans do not develop due to lack of support, conflicts witb other scbeduled events, the whimsical bebavior of the weather or for other reasons. Your Master needs the support, encouragement and prayers of all of the brothers.

Wayne Lodge members, their ladies and guests enjoyed a fine dinner and dance the evening of November 15. Tbe "Gay Notes" furnished the music.

Your Master wishes to express his tbanks to his officers and committeemen who served during the year. Special thanks are due to our Senior Warden, Don Marvel, who served in my absence during July and August; to our Junior Warden, Dick Doctor, who carried the responsibility for refreshments and dinner during the year; to brother Bob Bogenschuetz, who ramrodded the telepbone committee and to Bro. Kenny Rayl as chairman of the Vets Hospital Visitation Committee. We would surely be remiss if we did not extend our thanks to brothers Cles Platt and Wayne Coker for their faithful aid in the kitcben.

Brother Walter Littlefield was summoned by the Grand Architect of the Universe on Oct. 19. To his family and friends we extend our sympathy.

Bro. Jim Pollos is now home from the hospital. He would especially appreciate a card to his home at 1214 Bartbold Street. Bro. Dan Dale is still a patient at Irene Byron Hospital. He also would appreciate a card.

Remember the Annual Meeting Dec. 4 and Installation of Officers at 3 p.m. on January 3, 1970.

I would like to close out this year with a bit of philosophy that I picked up somewhere along life's trail.

I know tbe reason wby our life seems brief,
Wben we are young we wish the years away;
But later on, in spite of pain and grief,
We bid life stay.

If we can teacb our children to hold fast
Each shining hour until it pays its gold;
They will have lived to twice our own life span
Wben they are old.

The last month of tbe term bas finally arrived, but we're going to end term gloriously. December 10th is the election of officers and the chapter sweetheart, the 17th is an officers' practice for the 20th, which is our 1st annual ritual competition. The competition will be at the Masonic Temple, starting at 12:00 noon. There will be DeMolays from all over northern Indiana, so Fort Wayne, let's show them who's best. I'd like to see every boy take a part in one of the degrees in the competition. It's not too late, so if you would still like a part, call one of the councilors. The 30th is our annual Christmas Ball, whicb is sponsored by the Scottish Rite. This is a personal invitation to every boy in the chapter to attend this function. Atlantis will be providing the music, and semi-formal attire is proper. This year, tickets will be necessary for entrance into the dance, so see one of the councilors, or better yet, come to a meeting and get them.

During this term we made many giant steps. Membership was at its height in the past ten years. Attendance was the best since I entered DeMolay. More honors have come to Fort Wayne Chapter and its members in this term than in the past five years put together. I sincerely urge the next Master Councilor to continue this trend, as Fort Wayne now has the potential to overtake almost any chapter in tbe nation. Use this potential, the membership and enthusiasm, and glory will come to the Summit City once again.

I would, at this time, like to thank Ralph Latham and Neil Tiffany for their belp and moral support during this fall term. Without their help, Fort Wayne Chapter would still be in the Dark Ages. I would also like to thank the officers and the members of the Advisory Council for their support. I just hope that you will give the same aid and support to the next Master Councilor.

I especially thank the members of the Scottish Rite in Fort Wayne Valley for their help in membership in the early part of the term. I just wish we could bave put on a better degree for you men.

"Let your light so shine before men that they may see your good works." Brethren, the Order of DeMolay has many great works; be proud of your chapter and your Order — display the name and live the teachings, and "glorify your Father, who is in Heaven," and you shall not fail as men. Thank you all for everything.

Mrs. Gloria Heuer ____ Secretary
4025 Tacoma Ave. — 456-8802

The month of December draws my term to a close. When the time comes to pass on the very coveted office of Honored Queen, I will do so with feelings of sadness and on the other hand, happiness. I will truly miss working so closely with the wonderful Bethel No. 8 girls and taking such an active role in our activities. I am happy in one aspect because I have learned so mucb from the Bethel and from the experiences I've had during my term. Glad, too, due to the girls who were always volunteering their belp. The Jobies who were willing to offer their time for every activity are the ones wbo have helped tremendously to make my term a successful one. It is girls such as these who are the foundation of our Bethel. The ones who have helped this Honored Queen have my thanks because it's a great feeling to know there's someone to depend on. Our Bethel needs more members like these.

There are some people in your life whom you always look up to and depend on. The people in my life are my mom and dad. When problems began appearing, they stood by me. My parents have devoted a lot of their time and efforts to Job's, but this they did willingly and I love them all the more for it. An Honored Queen needs her mom and dad to support her during her term and I'm very fortunate my parents are the way they are.

Mr. and Mrs. Leiter deserve sucb a huge thank-you for all their patience in answering my endless questions and always helping me. I also want to tbank the Fort Wayne Chapter of DeMolay for all the services they performed for me, as they were certainly appreciated.

Our election was held last montb and I would like to extend congratulations to tbe Honored Queen-elect and wish her a very successful and rewarding term.

Before I retire from office, there remain a few events whicb will take place. For example, Church Sunday is to be December 7 at St. Joseph United Methodist Church, Reed Road at 10:45 a.m. Officers are to be there no later than 9:45 a.m. A practice will be held Saturday, Dec. 6 beginning at 9:00 a.m. All officers are to attend. Each member, her family and friends are welcome to join the Jobies for tbe second service.

December is Master Mason and Eastern Star Night, plus initiation. Please encourage all Masonic affiliated people to attend. December 17 will be my retirement night, witb the DeMolay presenting the beautiful Flower Talk. Also, this evening is set aside to honor our Moms and Dads. So, bring your parents along witb you to this meeting; we would enjoy having them on tbe sidelines.

During the month of November our Fashion Show was held and it was a fabulous success. The Ballroom was filled with many people and I'm positive they had a good time. You girls worked very hard and the guests certainly appreciated all your efforts. Also, on the 19th we had a triple inspection with the New Haven and Waynedale Betbels. We drew initiation and I want to commend my officers for the fine job they did. You made a very good impression on our grand officers.

It is very hard to think back and visualize myself as 12 years old again and as an initiate for Bethel No. 229, in California. That first night when I became acquainted with Job's was meaningful to me, because it was the beginning of sometbing which has bad a great effect on my life. The teachings and lessons I've learned from Job's will be brought to mind time and time again. If we truly consider Job and think of him as our example to follow, we surely can not help but be thought of as "true" daughters of Job. My theme, "God is Love" has helped me through many trials and if you seriously ponder over the meaning, you would discover He truly is love, life and all things connected with us.

I remain indebted to you for bestowing upon me such an bonor.

CHRISTMAS GREETING

I believe that God's greatest gift
Was that of true friends. The birth
Of Jesus gave to the world the best
Friend. On the night of His nativity
The angels sang, "Peace on earth,
Good will toward men." That is the
Heart of the Christmas message. It
Is the love of God and the spirit
Of Jesus that finest friendships are
Formed. Whatever Christmas and the
New Year may bring us of material
Blessings, they shall not be treasured
At so much as the knowledge we
Have friends. We desire, therefore,
To breathe a wish, which is also a
Prayer, that He whose birth we
Celebrate so joyously this Christmas-
Time may fill your hearts with joy
And peace and that God's blessings
Will rest richly upon you and yours
Throughout the New Year.

Your Worthy Matron and Patron
And officers wish you all a very
Merry Christmas and the best the
New Year can bring.

Our October 17 meeting was de-
Lightful. Our Worthy Matron and
Worthy Patron read several poems
On Halloween, bringing to many
Of us thoughts of our school days
And our youth. Our Past Matrons
And Past Patrons night November
3rd was well attended. A delicious
Dinner preceded the meeting; decor-
Ations in the dining room and chap-
ter room were lovely.

December 5 will be Friends' Night. Come and meet new and old friends.

December 19 will be a Christmas program. We will also celebrate the December birthdays.

At the Oct. 28th meeting the members of the Estrellita Club entertained the Chapter with "Highlights of 1927," the year Star of the East Chapter was constituted.

How many remember that Calvin Coolidge was president then? The popular songs were mostly about Lindberg. Popular cars at the time were Hudsons, Auburns, Packards, Nashes and Hupmobiles. Shrine Circus seats sold at 75 cents and 50 cents. Valentino, Lillian Gish and John Barrymore were the movie idols. Movie tickets were 20 and 25 cents.

Clothes were not so expensive then and Fishman's and Wolf and Dessauer are still selling them. The Boston Store, then popular, has gone out of business.

Other prices hard to believe: eggs 25 cents per doz. Coffee 36 cents per pound. Milk 9 censt a quart. Bacon 45 cents.

"It's fun to look back and compare, Especially if you're among those who were there.
But were those really the good old days?
Or is the future more exciting in many ways?
However you feel about time and change,
We know you all try each day to arrange
To contribute to life while you are here,
And live up to the Star we all hold so dear."

The Worthy Matron in 1927 was Maude Lee; Worthy Patron Harley Somers; Associate Matron, Mayme Cripe; Associate Patron, Judson West; Conductress, Mabel Goshorn; Associate Conductress, Katherine Doudt; Treasurer, Wava Noe, and Secretary, Elizabeth West.

Delicious refreshments were served on the mezzanine after Chapter. Thanks, Estrellita members, for the lovely program, and special thanks to Dianne Passwater for researching this information.

At a tea Oct. 30th, the Worthy Matron and several officers and members met at the home of Ward and Hazel Bundy. The Worthy Matron presented Brother Ward with his 25 year pin from Star of the East. In the evening Brother Ward received his 50 year award of gold from the Three Rivers Lodge.

Dec. 9th the Chapter will have their Christmas meeting. The Choir will entertain. Dec. 23rd will be a regular stated meeting.

The Worthy Matron extends her thanks to all who helped to make the card party and bazaar held Nov. 5th a great success.

Roving reporter Dorman Walker interviewed 36 Past Matrons and Patrons on their night Nov. 6, and unearthed many interesting bits of history and humor. We think his definitions of Queen, "A woman of first rank," and King, "One who is distinguished among others," portrays our chapter royalty. Each honored guest was greeted in the East by Sister Louise and Brother Bob and presented a small gift from chapter.

Our wonderful choir did it again —another great program for our enjoyment. The theme Nov. 20 was in keeping with the year's symbol — books. The dining room was transformed into a library whose shelves held song books of old favorites and some good new tunes. The program opened with several songs about smiles; clever parodies on songs about the moon as the astronauts might have coined — "I Am the Nation" was one of the new numbers and one of the best. Some favorites of some very special people — Past Matrons, Sister Louise, Sister Lucile, choir members — and audience participation helped make this night one of very good fellowship. The program was thoughtfully presented in the round for the greater enjoyment of the large crowd. The closing number was entitled "This Book" and was an inspiritional experience. Sister Carol Munk and all the choir worked very hard to present this delightful program — the many hours of rehearsal surely were labors of love and greatly appreciated by all of us.

Our annual card party and bazaar was quite successful with a good attendance and a very nice profit. Sister Louise expresses her appreciation to all who participated by their contributions and presence.

Isn't it sad? The elevator fund for the Masonic Home is falling short of its goal! If you haven't contributed your trading stamp book (or cash equivalent), do so now to Sister Louise. It would be hard to get more for your money anywhere —the elevator is greatly needed.

We pay tribute to our Master Masons on Dec. 4, with a very special program. You'll be sorry if you miss this evening, so plan now to attend.

"The Legend of the Fir Tree" will be the yuletide program on Dec. 18 so plan to be there and enjoy the decorations of greens, pine cones, and candles and the singing of favorites of the season, which are sure to put you in the holiday spirit.

A message from our Worthy Matron and Patron — "Behold, I bring you good tidings of great joy . . . which shall be to all people." Luke 2:10. The open pages of the Great Book are an invitation to seek within for truth and wisdom and especially for the glad tidings and great significance of the Nativity. May all the blessings of Christmas be yours in this glad season and in all of the days that are to come.

Louise and Bob

Sir Knights: Decemher 18 will be the Annual Stated Conclave and election of officers. I hope you will all see fit to attend and show your support to the newly elected officers. The installation of officers for 1970 will be held on January 3, on the fifth floor. Plan to attend and witness this beautiful ceremony.

As I write this article, no official inspection report has been received from the Grond Commandery, but I feel that our Commandery made a fine showing, and I wish to commend the Officers, Drill Team, Band, and Committees for a job well done. We welcome S.K. Jack Brunson, our inspection candidate, into this great Christian Order, and hope he will become active in our York Rite affairs.

I wish to extend our congratulations to S.K. William Hinkle, who received the Legion of Merit, an honor award presented hy the Order of DeMolay on November 7th at Cumberland, Ind.

As this is the last article I will write as your Commander, I want to take this opportunity to thank all for the help and assistance they have given to make this a memorable year for me. I wish to especially commend and thank Dorothy White, Worthy President, and the Social Order of the Beauceant for their fine cooperation and assistance, S.K. Shuhle Boggs for the fine Easter Service, and usual good ritual work; S.K. Jim Johnston and the Drill Corps for their fine showing at Grand Commandery and general assistance throughout the year; S.K. Roger Shafer and Mary for the help and guidance they have given me is greatly appreciated; S.K. Don Smith and Sarah, and the Program Committee for the very fine Ladies night; S.K. Companions, this is my last article as High Priest. How time rolls hy, the faster it seems to move as the older we get. Our Masonic lectures constantly remind us of how fast the sands of our lives are running out.

In November we had the pleasure of installing Companion Jack Brunson into our Chapter line as Master of the First Veil. Jack is a dedicated Mason and an excellent officer. He is at present finishing out his year as Master of Summit City Lodge No. 170. York Rite welcomes him and I know he will find his work rewarding in the coming years.

Our inspection will be held in Ianuary. Companion Inches will shortly set a date. We would like everyone who can to be there to give us moral support. The inspection this year will be the Past Master Degree. Watch the Masonic Calendar in the newspaper for the date.

Speaking of dates — Companions, the third Thursday of this month is our annual meeting and election of officers. We will have our dinner at 6:15. Make an effort to get down to this meeting.

Companion Marvin Isley, Right Eminent Grand King, Grand Chapter of Indiana, presented Companion Harold Doswell with the 50-year Award of Gold and pin at the Commandery Inspection. Companion Harold thus joins that very select and distinguished group who have served York Rite 50 years and more, some of whom are still active in our Chapter.

I want to thank all of my officers for their excellent work this year and also those other Companions who continually serve us so faithfully through our years. We would be lost without their help. Thanks also to those who by their presence lend help and inspiration to those giving the work, also, the candidate knows that there are Masons who care ahout the Chapter and them. Finally, I want to wish for all of you the hest of everything this Christmas and may the new year bring you every hlessing.

My fellow companions: The end of the year is almost here and as I look back I find that all that was planned did not get accomplished. Much was in the plan but some remains unfinished. Therefore incoming officers must carry on the work just as the Craftsmen finished the work of our Grand Master Hiram Abiff. The Bible tells us that one man sets his mark at ten and makes it. Another sets his mark at one hundred and misses by ten. Which accomplished the most?

New officers will be elected in December. Choose well these men and then give them your support. These officers are not elected to do the work but to oversee the work. Let us all be good craftsmen.

The world today needs strongly the deeds of men of this caliber and of the Masonic bodies whose belief in God and His rules has kept them alive longer than any other existing organization in the world.

The banquet was well attended and we were afterward entertained by organ and piano duets. A guessing game of "Name the Song" ranged from the songs of today back to Casey Jones.

This past year has gone by so fast I find it hard to believe that my year will soon be over. It seems that I am just getting started to do the things I wanted to do when all at once I am through.

I wish to thank everyone who has supported our building fund. We now have nineteen members of the Seventeen Fund Club. The response has been rather good. Of course, we can always use some new members. Now that my year is about over, this does not mean the end of our Seventeen Club. The Club will still continue until we build our new building.

Our fish fry was a good success. We made a tidy profit, though not as much as we had hoped. The large deep fryer and the pies were a big improvement to our meal over the one we had last year.

We have accepted an invitation to celebrate the Feast of St. John with our good brothers and neighbors at New Haven Lodge on Dec. 27 at 6:00 p.m. All who wish to atteod please let me know on or before our next stated meeting.

I wish to take this opportuoity to thank the members of St. Mary's Chapter No. 203, O.E.S. for furnishing the pies for our fish fry. They were all very delicious. I want to thank those two wonderful brothers who did the frying, all those who attended, and last, but not least, my wife, who made the coleslaw and has helped me on so many other occasions.

We will have election of new officers at our next stated meeting. This is the most important meeting of the year so far as the interest of our lodge is concerned. It should he a "must" for each member. I urge each and every one of you to attend, so please reserve this date, Dec. 11, at 7:30 p.m. Then, when you have reserved it, DON'T FORGET IT!

Harlan Lodge No. 296 will have the Feast of St. John this year on December 27. Leo Lodge will be the guests of Harlan Lodge.

The following is my farewell and Christmas message to my brethren.

In Appreciation

Go placidly amid the noise aod haste, aod remember what peace there may be in silence. As far as possible without surrender, be on good terms with all persoos. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they, too, have their story.

Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans.

Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; aod everywhere life is full of heroism.

Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass.

Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be geotle with yourself.

You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefore be at peace with God, whatever you conceivo Him to be, and whatever your labors and aspirations,in the noisy confusion of life keep peace with your soul.

With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

—The above was found in Old Saint Paul's Church, Baltimore; 1692.

My brethren, as you read this you will realize it is my last message to you. This year has meant much to me in ways that words do not describe. It is with humility and honor that I write this last message. ASONRY IN ACTION

The first fifty years are the
lect.

This year marks the fifty-first
of the Masonic Service Associa-
of the United States formed in
as the result of the need, de-
ed in World War I, of a means
which American Freemasonry
function unitedly. Although
government and military recog-
Freemasonry's legitimate in-
terest in helping the members of the Craft, it refused to deal with forty-nine individual agencies.

As a result of this need, the brethren who gathered in Cedar Rapids, Iowa, in 1918 for preliminary discussion and again in 1919 for the formation of the Association knew that more than one bond between Grand Jurisdictions was required; insurance against forced inactivity in some future war or disaster was not enough. There were other common interests and projects which had been neglected; hence the educational, statistical, informative and other services to the Craft were provided for from the beginning.

No honest man insures his house against fire thinking that it will burn tomorrow. He pays a small premium every year so that, if fire destroys his home, money will be available to rebuild. The Association came into being as an insurance policy issued to American Freemasonry to make certain that when disaster came, the Fraternity would not be helpless to give from its great heart to those in need, as it was in World War I.

Early in World War II, the Association established an Advisory Committee for the Masonic Service Center and Welfare programs, of which the then Senator and now Ex-President Harry S. Truman was and is Chairman. This Committee consists of members from the Supreme Court, Senate, House of Representatives, Army, Navy, National Guard, and Public Service. Their names upon the Association's letterhead have been testimony that the work of the Association has the approval of distinguished brethren. They have many times rendered service in advice and counsel.

Field agents in Masonic Service Centers visited government hospitals to determine the circumstances of wounded and ill veterans. At the close of the war this service was expanded and at present it is the principal relief work of the Association.

The Association has worked in one hundred sixteen government hospitals, not including post hospitals and Army dispensaries visited during the war in connection with Masonic Service Centers.

Hospital visitation is conducted in Army, Navy, Marine, and Veterans Hospitals with the approval and cooperation of government authorities, who recognize that personal service for patients, regardless of creed or Masonic affiliation, is an outstanding contribution to the welfare of service men. Countless letters are on file from hospital managers, doctors, special service officers and other hospital personnel commending these labors.

Hospital visitation service is an extensive undertaking. It is supported by voluntary contributions from Grand Lodges, individual lodges, Masons, and Masonic bodies.

The small dues paid to the Association by its members are spent wholly for operation of the Association's educational and research work.

The Association is a member of the Veterans Administration Voluntary Service National Advisory Committee. Chief Field Agent William C. Edmunds and Paul S. Murphy D.C. Field Agent, our representatives on the Committee, attend all regular meetings and have frequent conferences with V.A. officials.

Membership on this important Committee is one of the Association's proud attainments. In addition to giving the Association a voice in planning welfare activities at a national level, it enables this organization to certify locally chosen representatives for active participation on hospital committees. The Association is happy to do this for all Grand Lodges.

(The above, in part, was taken from a booklet entitled "The Masonic Service Association of the United States" 1965.)

At the Fort Wayne Veterans Hospital, under the leadership of Field Agents Henry F. Lindemann and his competent assistant, Frank J. Baptist, fourteen lodges participate in visitation: Maumee No. 725, Waynedale No. 739, Three Rivers No. 733, Home No. 342, Wayne No. 25, Summit City No. 170, Sol D. Bayless No. 359, South Gate No. 731, Huntertown No. 689, Harlan No. 296, Monroeville No. 293, Olive Branch No. 248, New Haven No. 740, and Leo No. 224.

The members of these lodges have been doing a wonderful job of visitation and deserve a lot of credit for the time they have spent.

If you wish to see Masonry in action, go along with your lodge brothers on visitation night and see for yourself. You will be glad you did.

The annual Founders' Day Conference will be held at Murat Temple in Indianapolis on Saturday, January 12. The program begins promptly at 10 o'clock and closes at three.

Founders' Day is always held on the Saturday nearest to January 12 which is the anniversary of the founding of the Grand Lodge of Indiana in 1818.

The conference will discuss such subjects as "The Pride of Being A Freemason," "Insurance Protection for Lodges," "Friendship with the Knights of Columbus," and many others too numerous to mention. This short course is designed particularly for Masters, Wardens, and Secretaries, and it is important that every Lodge be represented. Please contact your Worshipful Master for bus information.

My Brothers, as my first pleasant duty, as Master elect of Wayne Lodge No. 25, I would like to wish all the brethren and their families a most prosperous and happy New Year.

It is with mixed feelings that I am installed in the highest office of our Lodge. I feel very humble and insignificant at being chosen to occupy this office of responsibility; however, as no man should ever enter into any great undertaking without first invoking the blessing of Deity, this I reverently do. Since no Master can have a successful year without the help of his officers and the brothers in general, I have no doubts about the coming year, for we have a good line of officers, and the Past Masters and bretbren have always been most helpful.

I offer special thanks to Past Master Joe McDowell, Past Master Simon Hartsing and Past Master Charles Bandy, who generously answered the call to act as installing officers. Many thanks are due to my wife, Anondas and all the ladies who added so much to making the reception a success.

We offer our prayers for our bretbren who are ill, especially Jim Pollos, who is seriously ill in the Veterans Hospital, and our Past Master, Dan Dale, who will be confined for some time yet at Irene Byron Hospital, although he does enjoy spending weekends at home.

Now, for another serious thought. As no Lodge can operate without dues collected, please, my brothers get your dues in to our Secretary, Barney Smith, and to save him much correspondence and many calls, I might add that the dues and assessment must be paid in full to receive a dues card as a member in good standing. This is a ruling handed down by the Grand Lodge session of May 1969. However, any Brother who can show his inability to pay can have his dues remitted, but we must be informed of this condition.

At the installation of officers Jan. 3, 1970, the following officers assumed their new posts for the year of 1970: Donald R. Marvel, Worshipful Master; William R. Doctor, Senior Warden; F. Nathan Roembke, Junior Warden; William J. Allen, Senior Deacon; David A. Lorentzen, Junior Deacon; Nile W. Hake, Treasurer; Bernard Smith, Secretary; Robert J. Koerber, Senior Steward; Malcolm W. Kestner, Junior Steward; William D. Duncan, Chaplain; Daniel D. Dale, Tyler.

Friday night, Jan. 23, 1970, we will have a Fellowcraft Stag party at the home of Robert J. Bogenschuetz, 3525 Kirkwood Drive, at 7:30 p.m. Let's make a good turnout.

Thursday night, Jan. 29, 1970, we will have another Masonic Education program, under the able direction of Brother Duane Cole, who promises another interesting program. All Master Masons of all the Symbolic Lodges are invited to attend.

Let's see you all in Lodge.

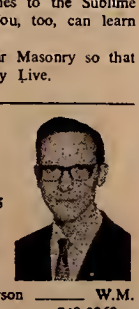
My Brethren, you have paid me the highest honor possible for you to bestow — election to the position of Worshipful Master of the best Lodge on earth. Your expression of confidence in my integrity and of my ability to lead our Lodge into the "Soaring Seventies" shall not be taken lightly. No words can adequately express the great pride and the awesome humbleness that I feel when I think of the many wise and wonderful men who have gone this way before me. You have given me the opportunity of following in their footsteps — come now to assist me. We have only one short year to do the many things that must be done.



Last year's keynote was "Enthusiasm" — let us retain the Vim, Vigor and Vitality of last year's youth (as the True Iron of the Blacksmith) tempering it with this year's "Dignity and Decorum" (in the Forge of Maturity) thus producing the Strong, Durable Steel of Manhood for the betterment of our Lodge.

Our active Lodge will never grow old as long as we, YOU and I, care enough about our young ones to expend the necessary time and energy to teach them how to replace us. They will replace us, you know, whether we like it or not; so let us teach them now, by our own actions, how we would like them to be when they have grown as old as we. Setting an example is the surest way of teaching; therefore, if we desire that they become good, honest, honorable and dependable men, we, ourselves, must cultivate those very virtues. Thus, by attempting to teach them, we shall find that we have actually become better men. We will be setting better examples for them to follow and they will be more inclined to follow; teaching their young ones by example, and so become the good, honest, honorable and dependable men that we were striving to develop.

It was ever so — 'tis the young that teach the old — and not the other way around.

January 23rd and 30th will both be devoted to the Master Mason degree work. We will be raising eight or nine young ones to the Sublime Degree. Come! You, too, can learn from them.

Let us Live Our Masonry so that our Masonry May Live.

". . . and a Happy New Year". This phrase is heard often this season and it seems to remind us that we are entering the first days of 1970. The first official act of the new year will be the installation of officers Jan. 3 at 7:30 p.m. in the Corinthian Room. Following tradition, the installation will be open to Master Masons, their wives and guests. A reception will follow on the mezzanine. The officers for 1970 are:

Robert A. Nickerson, W.M.; Rhys D. Cook, S.W.; Charles W. Taylor, JW.; Richard C. English, Treasurer; Wayne A. Doehrman, Secretary; Grover H. Scott, S.D.; Tony M. Dunbam, J.D.; Frank L. Bales, S.S.; John K. Levick, J.S.; Edward J. Innis, Chaplain; Robert V. Kohlenberg, Tyler; and Herbert C. Foreman, Shirley L. Scholer, and Herschel D. Bolyard, Trustees.

The start of a new year is always a time of beginning, of reflection, and of resolution.

It is a time of beginning for your officers as they look forward to the challenge of a full year of duties and responsibilities, starting with a full month of degree work in January.

It is a time of reflection as we honor those who have faithfully served Maumee Lodge over the past years. Particularly, we wish to honor Brother Fred Raake who has just retired after more than 20 years as Treasurer. We are deeply endebted to him for his valuable counsel, which has contributed greatly to Maumee's financial soundness. We also wish to thank Brother Dick English for his past service as Secretary and for accepting the new task of filling the Treasurer's post.

Finally, it is a time of resolution. Therefore, let us all resolve to be truly proud of our Masonic affiliation, that, because of us — "the work at large will be convinced of its good effects."

Thank you, Brethren, for electing me to the East of Sol. D. Bayless Lodge. It will give me great pleasure to be able to serve you as Master for 1970.

Freemasonry is capable of bestowing many laurels upon its members, but none so great as that of Master of the Lodge. There are higher degrees to which, through diligence and devotion to duty, we may attain, but no man ean, unless he enjoys the respect and confidence of his Brethren, be elevated to the honored station of Worshipful Master. A new year is here. Let us resolve to finish all projects begun in 1969, and start those to be finished in 1971. Hopefully, we will be completing at least a few in between.

Before starting the program for '70, here is a review of late 1969:

The Masters Ball, held on November 28, was an evening enjoyed by all present and one to be remembered as well. Held in memory of W. T. "Bill" Brase, W.M. of South Gate, hosted by Summit City Lodge, the dance's proceeds of $300 will soon be used to purchase, erect and illuminate a flagpole in front of the Temple. It will be dedicated to Bill, and will be a fitting memorial for this great and good man. Many thanks to those who made this possible, especially Jack Brunson, Master of Summit City.

Bro. Robert Brosius was raised to the Sublime Degree of a Master Mason on December 1. Congratulations to him and may his Masonic progress continue to guide his life agreeable to the designs of the Supreme Architect of the Universe.

To the family of Bro. William D. Starling, called to the Lodge above on Nov. 26, South Gate Lodge extends its sympathy. We hope that the Masonic Funeral service helped the family endure this time of grief.

Family night, December 6, was well attended and an evening of fun for young and not-so-young alike. The Mizpah Shrine Band provided musical accompaniment for the dinner of beef and noodles. Santa Claus was there to answer the children's questions and listen to their wishes.

Your Lodge's officers for 1970 are:

Master, Emory W. Bryan, Jr.; Senior Warden, Harold L. Lash; Junior Warden, Robert C. Roddy; Treasurer, Clarence O. McIntosh, P.M.; Secretary, Franklin I. Bryan, P.M.; Senior Deacon, Charles M. Hart; Junior Deacon, Glen C. Robinson; Chaplain, Howard C. LeClair; Senior Steward, R. Wayne O'Dier; Tyler, Huhert J. Steinhacher, Sr.

South Gate's Annual Meeting, held on Decemher 8, ended the functions of your Lodge for 1969. The aforementioned officers were elected or appointed. The Annual Reports were read. Committees were appointed. All of the affairs of South Gate were put in order, ready to start a new year. Two petitions were approved to begin affiliation hy initiation.

The schedule for January, 1970 is as follows:

January 3—Installation of Officers, 7:30. Past Masters Guy J. Mausteller, Dale E. Shupe and Robert R. Marsball will act as installing nfficers.

January 10 — Founder's Day in Indianapolis.

January 12 — Stated meeting, 7:30 p.m.

January 19 — F.C.° 7:30 p.m.

January 26 — E.A.° 5:30 p.m. Dinner at 6:30.

Brethren, plan nnw to attend your lodge in 1970, to share in the joys of bringing a Brother to Masonic Light.

Brethren, hy the time you read this articlc we will have started our centennial year. Past Master Jim Peters and his centennial committee are hard at work on plans for celebrating our one hundred years of Masonry. It will surely be a busy and exciting year.

We have an excellent line of officers to direct the lodge activities for 1970. They are: Richard Barkley, Senior Warden; Richard Stresser, Junior Warden; Herman Rausch, Treasurer; James Lucas, Secretary; Max Zimmerman, Senior Deacon; Rohert Wehner, Junior Deacon; Richard Friddle, Senior Steward; David Terry, Junior Steward; Clark Smith, Chaplain; Rohert Dawkins, Tyler; and Elmer Barcus, Organist. They are working hard on their lectures and degree work. Come to lodge and give them your encouragement.

We would like to welcome Brother Philip Knapp who was raised to the Master Mason degree November 25, 1969.

On December 13 we had our annual family Christmas party. A large crowd attended and enjoyed the entertainment provided by Jim Lucas on the drums, and hy the "Wayne Beaus" with their barhershop harmonies. The children were particularly delighted with a visit from Mr. and Mrs. Santa Claus (Mr. and Mrs. Moe Mitzman). A delicious meal was prepared and served hy Mrs. James Bowser assisted hy Mrs. Garrison.

The new line of officers is very capable, and the craft team is talented. We will have degree work for the month of January. Come down and give them your hrotherly support.

John C. Conahan _____ W.M.

Shockley Lockridge _____ Secy.
3425 Mono Gene Dr.—745-5982

The officers of Waynedale Lodge extend to you "Season's Greetings." May God in His Wisdom Bless you with Health, Happiness and Prosperity for the coming year.

I would like at this time to thank the Brethren of Waynedale Lodge for electing me to the East for the coming year. It is an honor to serve our fraternity as Master.

As I write this message, there are three questions that come to mind. First. From whence came you? Second. What came ye bere to do? Third. Whither are ye traveling? Let us answer the first question. We came from all walks of life, lahorers, carpenters, masons, skilled workers, doctors, lawyers, and from other trades. Second . . . What came ye here to do? My hrother, We Came to Work. To prove that, I would like for you to take a ride some day along Elzey Ave. in the south part of town. There you will see a heautiful huilding, that is what we Masons of Waynedale Lodge have come to do. Third. Where are you Traveling? That, my brother is up to you. Have you made a pledge to help finance the huilding? If not, why not? The Finance Committee is willing to take all pledges, all you will have to do is call your W.M., Secy., or Past Master Bill Winans and one of the above Brethren will see that you receive a pledge card. To those of you who have made pledges, we would appreciate your co-operation, hy sending in the pledge. Thank you.

The following Brethren were elected and appointed to office at our stated meeting December 3. C. Hugh Bassett, S.W.; Thomas B. Woodward, J.W.; T. Mack Fehman, Treas.; Shockley Lockridge, Secy.. The appointments are John E. Lo Verde, S.D.; Leo R. Trim, J.D.; Ronald D. Smith, S.S.; William M. Roberts, J.S.; Glen F. Hedges, Tyler and Richard E. Krinn, Chaplain. Jnhn R. Capin was elected trustee. This is the fifteenth year that Brother Capin has held office in Waynedale Lodge.

At our stated meeting in December we were honored hy twenty guests, among whicb were three Illustrious Brethren of the 33rd Degree, Brother Byron H. Smith, active for the State of Indiana, Brother Brown Cooper and Arthur M. Paulison, besides several Past Masters of our Sister Lodges. There were also in attendance forty-seven members of Waynedale lodge, several Past Masters included.

Another milestone has passed, and it is time to pay dues. The Secretary informs me that he is waiting to hear from all of you so please don't keep him waitnig. And while you are paying your dues, Don't Forget our Masonic Home. It only costs one penny and a half a day. I don't believe we will miss that, will we? And it will do so much good. So why not include the $5.20 for the Home. Some day we might care to use the facilities that we are now erecting.

Although our Temple is not completely finished for installing the new officers, we hope to have a Public Installation on Jan. 2, 1970. This falls on Friday, so we will be ahle to sleep in on Saturday. Lodge will open on the M.M. Degree at 7:00 p.m. Installation at 7:30, with refreshments in our new dining hall after the close of Lodge.

The calendar for January is as follows. Stated Meeting Jan. 7 at 8:00 p.m. Entered Apprentice Jan. 14th at 7:30, Master Mason Jan. 28, at 7:30, with dinner in the dining hall at 6:30.

The 'Square' in Masonry

By Robert C. Hill, P.M.

Speculative Masonry bas adopted the indispensable tool of the operative Mason to symbolically represent the fundamental principles of the Order. It is one of the strongest words in the Englisb language as it stands for morality, truth, integrity and all the virtues taught in the Great Light of Masonry.

Thus the Square and Compasses are the emblem of Masonry, the Master's jewel is the Square and, with the plumb and level, the Square is one of the working tools of Fellowcraft Masons. In many other instances the Square is used in Masonry to represent all that points to a higher and worthwhile life — "squaring our actions." Its straigbt sides and right angles point out to the Mason tbe proper course be should follow.

But in these days in whicb we have experienced an explosion of rebellion, protest and revolt, this venerable and respectable word has been debased, degraded and defiled by those wbo would overtbrow the Establishment but have nothing to offer in return.

In the parlance of the minority seeking a new society, the word bas been given a meaning opposite to the original. In the language of the dissenters, the army of the unwashed and unbarbered, this bonorable word is now applied contemptuously to those who cling to the traditions of the past, who still believe in morality and honesty, bard work and integrity, square dealing and upright conduct. The queer characters who belong to this group of dissenters have prostituted the meaning of the word and apply it witb derision and scorn to those who fail to accept their strange ideology.

So Masons are "squares"! They still cling to the virtues of our forefathers. They believe in law and order. They seek a better life. They repudiate the modern effort to undo all that is true and in keeping witb Divine command. The principles and virtues represented by the word "square" are fundamental truths that can never he repudiated or laid aside. They are eternal and will prevail.

So Masons will continue to be "squares" and will continue to live uprightly and within the boundaries of law and order. They will continue to "meet upon the level and part upon the Square."

"A New Year's Thought" printed by the American Journal of Nursing in 1934.

"One of these days I must go shopping. I am completely out of self-respect. I want to exchange that self-righteousness I picked up the other day for some humility, which they say is less expensive and wears longer.

I want to look at some tolerance, which is being used for wraps this season. Someone showed me some samples of peace. We are a little low on that and one can never have too much of it. And, by the way, I must try to match some patience that my neighbor wears. It is becoming to her and I think it might look well on me.

I might try on that little garment of long-suffering they are displaying. I never thought I wanted to wear it, but I find myself coming to it.

Also, I must not forget to have my sense of appreciation mended, and look around for some inexpensive, every day goodness. It is surprising how quickly one's stock of goodness is depleted."

With best wishes to every one from your Worthy Matron and Worthy Patron for a very good yenr in 1970.

At our No. 11 meeting on Veterans Day, the Worthy Matron read "Democracy's Voice." This was a prize winning address written by Elizaheth Ellen Evans, a sixteen year old junior at Buchtel High School in Akron, Ohio.

The Choir sang "God Bless America." All members joined in the second chorus. Refreshments were served on mezzanine after chapter.

Nov. 27th was the Thanksgiving meeting. The Allah Signet Club entertained. Marguerite Smith read a poem "Be Thankful" and the choir sang "We Gather Together." Ruby Mowery invited everyone to the mezzanine where the Allah Signet members served pumpkin pie and coffee.

Dec. 9th was the Christmas meeting. The Choir entertained with several Christmas songs. They were joined by brothers Leonard Fletter, Gale Davison and Ray Sink. The Worthy Matron read "A Prayer for Christmas" by Helen Steiner Rice.

The Jan. 13th meeting will be Mason's night.

Jan. 27th will honor the sideliners and new members.

The party for the Worthy Matron and Worthy Patron will be a dinner at 6:30 p.m. Jan. 29th. Call Crystal Moorman for reservations before Jan. 25th. 744-9465.

As you enter this unlived year of 1970, your Worthy Matron and Patron wish for you A Very Happy New Year.

Looking back to December, we were very proud to initiate 25 Master Masons into the "Petticoat Lodge" on Dec. 4. To the tune, "Hey, Look Me Over" our brothers were escorted into a semi-circle in the West, where their representatives for the initiation ceremony were selected. They were presented paper petticoat badges and escorted to each point, who greeted them with appropriate verse and pinned a bow of her star color on the petticoat. The ceremony went without hitch until they were presented at the Green Ray; closing her bit of verse, DeAnna said, "I now add my bow of lovely green, which I can't 'cause I dropped it on the way in!" The brothers were joined in the West by their ladies and serenaded with a parody on "Together," and we really "Are glad you are here" and hope "We always will be together."

Several new members were added on Dec. 18, which also was our Christmas Program. Sister Louise's reading and our voices joined in Christmas carols were enhanced hy Sister Lucile's music which is always beautiful.

The new roster of Membership, which was mailed last month to the members, is the result of much labor by Vera Hayden, Helen Helms, and Elsie Brown; our thanks for this tremendous job well done.

This is just a reminder — you don't need urging to attend, Men's Night on Jan. 15. Brother Owen and his committee are planning a program and food for our enjoyment, and I, for one, don't intend to miss it!

Feb. 5 is probably the most important night of the year, when each of you has the privilege of casting your hallot for next year's line officers. Give thought now to those you'd like to see lead our chapter, and then come vote.

For Beginnings

God, for the tender beauty of beginnings . . .
Hear now the song of praise we lift to Thee . . .
Dawn of the day and twilight of the evening . . .
Bud of the flower . . . A Child, the man-to-be . . .
For these we lift our praises here . . .
For these and this beginning year.
God, from the sweet, frail promise of beginnings . . .
Heed now our prayer that all things may . . .
Grow with the certainty of day and evening . . .
A life-adoring, every · wondering way . . .
God of soft snow and star-crisp height . . .
Bless this beginning year tonight.

The year 1969 is closed, the record is made;
The last deed done, the last word said;
And now with purpose full and clear
Let's turn to greet another year.

We trust all sojourners had a pleasant Holiday Season and welcomed in the New Year with all the usual fanfare.

While Winter will be with us for some time yet, we can dare hope for an early Spring and anticipate the return of the first rohin. In the interim, we can all work diligently to hring our current Shrine year to a successful close. Selection of 1970 officers will take place in March.

Looking hackward a hit, two stated meetings were held in December, and on December 14, the Orion Past Officers held their Christmas Party at Manochio's Restaurant. It was well attended and enjoyed hy both the members and their guests.

Remember, starting in January, we will only hold one meeting per month. The stated meeting will be held on Friday, January 23. We will be expecting out-of-town guests and a program is planned. Why not join us?

The Orion Past Officers Club will meet on Sunday evening, January 25, at the home of Sojourner Ann Galbreath, 1519 Waldron Circle.

Illnesses: Sojourners Shirley Bly and Mildred Igney have both heen ill; Joe Duncan suffered a slight injury, and the hushand of Ruby Mowery had surgery. Among our sbut-ins are Dora Freyman, Lloyd Leas and Helen Fraser.

Death: Sojourner Ina Hull passed away on Novemher 24, at South Whitley.

Many of our sojourners have left for Florida and other warmer climates for the remainder of the winter months. We hope they enjoy the sunshine and relaxed way of living and return to us safely in the Spring.

In closing, let's put into this new year God's love and grace each day, that this may he a year of Peace on Earth in His own way. It is our wish that all your trouhles in 1970 be as short-lived as the usual New Year's resolutions!

However, let your New Year's resolutions include a firm resolve to regularly attend Shrine meetings fourth Friday of each month, commencing in January.

I welcome all Sir Knights to the new year. We will have a busy year ahead of us.

On the 24th of January we will work on the Order of Red Cross, Malta and the Temple. Come down and help us or watch the work being done.

Saturday night the 14th of February will be the Drill Team's "Sweetheart Ball." Myron Millhorn has committees working for this big event and he will need a lot of help in preparing the ballroom.

We will have a Spring Festival, probably in March. This will be all degree work for this district. I will give you the dates in a later issue. Have your petitions in for this event.

Our Excellent Prelate, Shubel Higgs, is hard at work for our Easter Service. Let's make this one the biggest yet. He will also need lots of help.

The drill team is working every Monday evening preparing for the Grand conclave at Bloomington. They are also working towards the Triennial at Deaver later in the summer. If you have ever drilled, come down and help us. If you haven't drilled, come down on a Tuesday evening at 7:30 and you will be surprised at how they will help you. If you don't have a uniform, don't let that stop you. Come down and join us.

Past Master Degree with a candidate for the degree. Companion Marvin Isley, Right Eminent Grand King, Grand Chapter of Royal Arch Masons of Indiana will be our inspector. The date will he announced in the Sunday Masonic Calendar.

On Saturday, Jan. 17, we will start at 9 a.m. with work on the Mark Master Degree and continue with the other degrees of the Chapter and Council with all work to be completed on that day. A noon lunch will be served in the kitchen. We are looking forward to having the other Chapters of the Northeastern York Rite Ass'n. bring their candidates and put on some of the degree work. Any questions should be directed to our Recorder, the chapter officers, or Don Friend, the new president of the Northeastern Ass'n.

In the coming year, as in the past, the fine cooperation and combined efforts of all the chapters working together can be a rewarding experience for the candidates and members alike.

The fine degree portrayal draws the best from every chapter and gives an ample number for each cast. I urge you to become part of it.

The next item I will address to our recent exalted candidates off the past year: I hope to see you often in the chapter in the coming year and that you too will participate in the work. You will find there is a certain satisfaction in helping others to receive the lessons of the degrees. If you are interested in becoming a part of the officer line, make your desires known.

Our newly elected Scribe, Dan Dale, is making a good recovery and all of us send our wishes for a complete recovery as soon as possible.

Remember supper on stated meeting nights at 6:30 p.m. and the fellowship at the meeting afterward. Plan to be at our first stated meeting Jan. 15.

Whene'er a Noble deed is wrought,
Whene'er is spoken a noble thought,
Our hearts in glad surprise
To higher levels rise.

Greetings, Companions. As I write this, my first article, I wonder about the coming year. You have elected me to be your Excellent High Priest, and I shall do my best to be worthy of this high honor.

My corps of officers, at this time, is incomplete. Just as soon as I can make some more contacts, I hope to be able to have a full corps.

At our first meeting, January 16th, we will be inspected on the Past Master Degree. I have asked Companion Howard Carr to be my Director of Work. He informs me that he has a full cast for the work that night, but what about the other nights and other degrees? If you can help us out in any way in any of the degrees, contact either Companion Carr or me.

The inspection will follow our regular meeting. Garrett Chapter will open and close the degree. Thomas R. Marshall will put on the work. Refreshments will follow the meeting.

May I urge all Thomas R. Marshall members to attend as many meetings this coming year as they possibly can. We meet the third Friday of every month except July and August. You have elected us as your officers; don't make us carry the work of the Chapter by ourselves.

If you have any ideas to better our Chapter or meetings, please let me know. Don't forget the meeting will open at 7:30 p.m. January 16th.

It is well to have a better life
Than that of every day,
But it is the life of every day
From which elements of a better
life must come.

As your new Worshipful Master I will take this opportunity to wish everyone a Merry Christmas and a Happy New Year.

The problem which plagues most Masters each month is how to get its members out to stated meetings. Raising our attendance will be one of my major goals in the coming year. In order to solve any problem it must be broken down into questions which can be answered. What actually constitutes a Lodge of Master Masons? The general answer is seven members or more. But what exactly can seven members do? To be quite frank, not very much. So the answer must lie in the individual members themselves. Each one of us must ask, "What effect can I have on an organization?" Here are a few profound statements which came to my mind. The more members who attend and participate in the dispatch of such business which normally comes before it, voice a final vote which is more suitable to all of its members.

Many good ideas fall by the wayside due to the lack of proper temper. Good ideas are forged every day but lack the word or sign of approval from a brother. The assistance of a brother could motivate others to be the supporting light required. The more members, old and new alike, who take an active part in lodge give a better cross section on how a lodge should act on issues which come before it. Once a member has an active part in the activities, he is able to take pride in the fact that he has helped shape the lodge to where it is serving not just a few but all members. Higher thoughts and greater achievements have come from individual members who have demonstrated that they are outstanding among men and Masons. The only reward for assisting their Master in making the Lodge a better community activity is a final well done.

We will have a new roster of officers next year and I sincerely hope each one of you gives them your full support by attending and adding a larger voice to our future plans. Their public installation will be held at 7:30 p.m. January 3, 1970. The following members are the men who will require your full support: Worshipful Master, James H. Irwin; Senior Warden, John Snarr; Junior Warden, Phil Lydy; Treasurer, Russell Neireiter; Secretary, Lloyd Brown; Senior Deacon, Vaughn Myers; Junior Deacon, Ray Gottschalk; Senior Steward, William North; Junior Steward, Dallas Ake; Tyler, James Laisure; Chaplain, Donald Chaffin.

Again I wish to take this opportunity to thank all the brethren for the support they have given me through my year of being the Master of Harlan Lodge 296. It has been very rewarding to me.

On Dec. 2 we confirmed an E.A. degree.

Dec. 16th was election night for our new officers. Good luck to all of them. We hope to keep the Masonic symbol strong.

Thanks to Home Lodge for letting us be their guest for the Past Masters Degree on Dec. 23rd. I am sure it was a rewarding evening for our new Master.

To complete my year on Dec. 27th was Feast of St. Johns Day. Our guest was Leo Lodge No. 224 an outstanding and co-operative Lodge. Thanks Leo. You are always very welcome.

As I close I would like to leave this as a memory to all of us:

The leadership of the Masonic Service Association at the Fort W VA Hospital has been exceptional, dating back to Mr. Fred Krueger Mr. Frank Hunt and now Mr. Henry Lindemann. Under Mr. Lind and Mr. Baptist, the program has expanded to regularly assigned da the hospital with an operating office. In addition, Mr. Lindemann has st utilizing units throughout the county which has broadened interest in Monday night visitation program. He is also most helpful in securing e entertainment from the Shrine, Scottish Rite, and other Masonic or tions and most appreciated assistance from the Masonic young peopl the DeMolay and Joh's Daughters. YOUNG MEN OF ACTION

ORDER OF DE MOLAY

olays are "Young Men of " Not only will "action" be me for 1970 but action will at DeMolay is all about in oung year.

50th Anniversary Year, 1969, dynamic year for everyone ed with DeMolay, and the sm that the 50th Anniversary moration generated on all s destined to carry over into 70's.

pcoming year promises many milies for DeMolay members ctive and take part in out- g activities on the internation- jurisdictional levels such as eMolay Congress, Leadership and jurisdictional conclaves.

chapter also plans and its own activities during tional DeMolay Week March This affords each chapter the unity to join a unified effort aint the public with the out- g goals and activities of the of DeMolay.

g with the international and rnal level activities, each early 2,500 chapters associat- h DeMolay is busy with rship drives, ritual work, athletic and civil activities.

In the spring of eacb year, the International Supreme Council holds its annual session. Along with this year's session, which will be held in Omaha, Nebraska, the third Annual DeMolay Congress will convene. The Congress is a gathering of two delegates from each jurisdiction for the purpose of suggesting to the Supreme Council new programs and activities for the Order. This Congress also reviews current projects.

One of the most popular summer-time activities is leadership camp. In 1970 another camp site has been added and a total of six (6) sessions will be available to DeMolay members to learn leadership qualities and DeMolay programs. The camps are located in each geographic area of the United States and run from June thru August.

During the summer months also each state or jurisdiction holds an annual conclave where its members come together in fun and fellowship and enjoy several days of DeMolay activities and competition. Normally, new officers are elected on the state level and plans are made for the coming year.

On the chapter level, exciting events are happening. In Wells, Maine, Highpine Chapter designated 1969 as "Children's Service Year" and spent the year cleaning up and maintaining a camp for retarded children, and made donations to other camps and scholarship funds. In Massachusetts, the DeMolays selected a day for state-wide participation to give a gift of "life" — blood. The Knoxville, Tennessee, chapter raised $599 to give to the Knoxville Journal's Milk Fund to provide milk and medicine to needy infants.

Far East Chapter, Clark Air Force Base, Philippines, recently held a drive to collect used clothing for destitute villagers near the Base as a civic service project, and when Hurricane Camille struck the southern states, Three Pillars DeMolay Chapter in Sacramento, California, promptly went to work organizing a Disaster Relief Drive. Soon they had collected, sorted, and boxed over 11 tons of supplies for the disaster victims. Two airlifts, supplied by the Air Force, were necessary to transport the supplies to Biloxi, Mississippi. The entire project was planned, organized and executed by DeMolays.

The 1970's will be "action" packed for DeMolays everywhere. Take a good look at these "Young Men of Action!" — you will like what you see!

Curiosity

It is a very general opinion among Masons that a candidate should not be activated by curiosity in seeking admission into the order. But, in fact there is no regulation nor landmark on the subject.

An idle curiosity is, it is true, the character of a weak mind. But to be influenced by a laudable curiosity to penetrate the mysteries of an institution venerable for its antiquity and its universality, is to be controlled by a motive which is not reprehensible.

There are, indeed, in legend of the higher degrees, some instances where curiosity is condemned, but the curiosity in these instances led to an intrusion into forbidden places, and is very different from the curiosity or desire for knowledge which leads a profane to seek fairly and openly an acquaintance with mysteries that he has already learned to respect.

Brothers, as we embark on the second month of the new year, we must announce that there will be no degree work for this month but we do hope to see a good turnout at the Stated Meeting. We plan light refreshment after each regular meeting, so come out and enjoy an evening of good fellowship.

Last Jan. 10, 1970, your Master and Wardens braved sub zero weather to attend the 1970 Founders' Day Conference at Indianapolis in the fine Murat Shrine Temple. Much food for thought was received by them. The session was closed by a fine talk from our Grand Master Robert P. Joyce.

We are most proud of the fine work that has been done in the past and is being done now by three of our largest committees. Our hats off to the Telephone Committee headed by Past Master Bob Bogenschuetz. To our Vets Hospital Committee, led by Kenny Rayl, and with a real spirit of Brotherly Love. Last, but not least, to our Masonic Education Committee, headed by Duane Cole, who has already enlightened us with one evening of education with a fine talk by Bro. Harlan Miller, 33rd. These committees have so much to do with making any Master's year a success.

A fourth committee which has much to do with the full form presentation of the Master Mason degree is again headed so ably by Past Master Si Hartsing.

Our best wishes go out to all brethren who are ill and we wish them a most speedy recovery. Bro. Past Master Dan Dale is still at Irene Byron Hospital, but improving. We hope to see you soon, Dan.

Now my Brothers, as a closing thought, let's all make a special effort to get out and attend all our meetings, as one cannot know what transpires unless he attends and finds out what goes on.

My brethren, your Worshipful Master, Senior Warden, Junior Warden and Secretary attended the Founders' Day Conference at the Murat Temple in Indianapolis, Ind. on Saturday, January 10, 1970.

Many items of interest were presented and discussed in detail. We will be reporting to the Lodge during our Stated meeting Friday, February 6, 1970. Some of the questions that might be answered that evening are:

(1) How much and what kinds of insurance should a Lodge buy?
(2) How much should it cost?
(3) Can we be friends with the Knights of Columbus?
(4) Just what is our Masonic Home at Franklin, Ind.?
(5) How is the Home operated?
(6) How much does it cost?
(7) Can we really afford to keep it in operation?
(8) Does that $8.96 assessment pay all the expenses?
(9) Are we really going to build a new Hospital?
(10) Didn't we just build a new hospital 14 years ago?
(11) Is the Grand Lodge actually serious about "Statewide Concurrent Jurisdiction?"
(12) What do they mean by "Statewide Concurrent Jurisdiction"?
(13) Who or what is The Grand Lodge?
(14) How can we find out more about these things?

Friday night, February 6, 1970, 7:30 p.m. is our question and answer night; we may turn the spotlight of curiosity on some of these, and other, questions. You too may have some questions, or better than that, you may have the answers to some of ours. Some of the questions will, undoubtedly, be brought before The Grand Lodge at its annual meeting in May and we will be asked to make decisions on them. How much do you know about these things? Which way would YOU vote?

We shall have at least three men taking the Entered Apprentice degree on February 13 and we will be sitting down together at 6:30 p.m. to enjoy another one of "Willie" Witmer's wonderful dinners. If the way to a man's heart is through his stomach, Willie really knows how to get the job done.

Tempus fugere. See you Friday.

Some years ago it was suggested that although February has the least number of days of any month in the year, yet it seems to be the longest. Winter has settled down for a seemingly eternal stay and the promise of spring is still a long way off.

Time may have hung heavily on the hands of an earlier generation, but in 1970 we no longer find this to be the case. In fact, there are so many demands on our time that most of us find it necessary to assign priorities to our myriad activities. Church, school, civic and fine arts groups, service clubs, hobby clubs, and numerous other organizations are truly worthy of our time and talents. It then becomes necessary to ask ourselves, what about Masonry and where does the Lodge stand on my priority list?

The light of Masonry is to shine in and through our lives for all the world to see. Let's keep the light shining brightly, powered by the inspiration and warmth found within our Lodge's walls. Let's also let the world know where Masonry stands in our lives by being ACTIVE Masons.

Activity and Maumee go hand in hand with another full schedule for February. Check the Masonic Calendar in your newspaper for times and details. Also, note that our next Veterans Hospital visitation date is Monday, February 9. Put this date on your calendar as these visits are appreciated by the VA patients as last month's Square and Compass so vividly pointed out.

We are again at that time of the year when our Lodge dues must be paid. Many have already submitted their dues but some have not as yet. If you have not received your dues card for 1970, look under that stack of old letters and see if your bill is still there.

We are sorry to lose temporarily the services of Past Master Jim Peters as our Funeral Orator. Jim is in the hospital and will be laid up for a short time. Past Master Harold Martin, who did such a beautiful job for many years, has graciously consented to fill in for us.

On Monday evening, January 12, we held our organizational meeting. The officers and committee chairmen were present and received their new assignments. On Tuesday evening, January 13, we put on the Entered Apprentice Degree with the officers in their new stations. The work was exceptionally good and it looks like a fine year ahead. Come down and give us your support.

The shortest month of the year is here already — how swiftly time flies!

I would like to thank each person who took part in and everyone present at Installation January third for making that evening one I will happily remember.

Founder's Day, January 10, was attended by your Wardens and Master. Group insurance for lodges was discussed by an insurance counselor for corporations and will probably be voted on at Grand Lodge. The increasing cooperation between Masons and K of C members was discussed and interbody functions were encouraged. The Masonic Home is embarking on a building plan to bring existing hospital facilities up to Board of Health standards and provide room for twenty more guests. Your ten for ten dollars are needed to help finance this construction — keep up with the donations!

January 31 is the date for a Round and Square dance for members and their guests. A smorgasbord dinner will be served from 6:30 to 7:30; dancing to the music of Joe Taylor and his Indiana Redbirds will make this an evening of fun for all.

The February Calendar is as follows:

Feb. 2 — Master Mason Degree, 5:30 p.m. Dinner at 6:30 p.m.
Feb. 2 — Vets Hospital Visitation 7:15 p.m.
Feb. 9 — Stated meeting 7:30 p.m.
Feb. 16 — Fellowcraft Degree 7:30 p.m.
Feb. 23 — Entered Apprentice Degree 5:30 p.m.

Brethren, your officers are ready, willing and able to make 1970 a great year for you as members of South Gate Lodge, but we need your help. All we ask is that you be present at our social functions and at just a few of our meetings — to enjoy the friendship and fellowship of our fraternity.

God bless you and yours.

Greetings My Brethren. The Holiday Season is over, and we must return to work. Installation of Officers was held, and a goodly number of members were present, also many visitors.

We are sorry that the report of our friend and Brother Doral Feasel was omitted in our last report. We wish at this time to express our deepest sympathy to the family. Also to the family of our Past Master Bill Winans, at the passing away of his mother. We would like to report on the welfare of two of our Brethren who have been ill. Charles Graves is recuperating from an auto accident, and is at home. Bro. T. Mack Fehman is in St. Joseph Hospital room 807. He is also slowly recuperating from a heart attack. Best wishes go to our Brethren for a speedy recovery.

Your W.M., Wardens and Secy. made a trip to Indianapolis on Founders' Day Jan. 10th. Report on this meeting will be discussed in our February stated meeting. Be there as there is something of importance on the agenda. We also had the pleasant company of Past Master Wayne T. Mitchell, who will also have something to report.

At our Stated meeting in January we had a candidate elected to receive the Degrees of Masonry. One Brother elected by transfer, Benjamin F. Rainwater. Welcome to the Portals of Waynedale Lodge. We also had a petition for Masonry that is being processed at the present time, so you see we will have work; come out and give us a hand, and meet old friends and make new acquaintances.

I would also like to remind the Brethren that have not paid their dues, that March 1st is deadline. Also don't forget the ten-for-ten. The home is in need and I am sure we won't miss the few pennies that will help some brother to enjoy life a little longer.

And while we are speaking about money, yes we are in need of the pledges that have been made on the Temple. I know that you don't like to hear about this, well I am speaking from my heart, if the pledges were paid I wouldn't have to remind some of us about them. Why not visit the Lodge and see what your pledge is doing for you? This building is a memorial to the members of Waynedale Lodge.

I would like for you to keep March 14th open (Saturday). That is the day that our Lodge will be dedicated. Plans are being formulated for the Members of Grand Lodge to be present. This is the first time in 26 years that a Masonic Temple has been erected in Fort Wayne, and I am sure that you will not want to miss it. Again I wish to thank the Building and Financial committees for the wonderful job they are doing. This dedication will be a public affair, so be ready to bring your friends and family.

I will be seeing you in Lodge, don't forget, You Get No More Out of Life than You Put Into It, so the same with Masonry, What You Put Into Masonry You Will Receive The Same Back. So Come to Meetings and Receive.

The first month as Master has passed so rapidly; mainly because we have had lots of things to do, and so short a time to do it. I am happy to announce we will have degree work.

Theodore Arthur, Senior Warden; Curtis Heston, Secretary; along with your Worshipful Master traveled to Indianapolis on January 10th to the Grand Lodge Founders' Day conference. Much of the time was devoted to a great Masonic cause, the Masonic Home at Franklin. Problems have arisen which should be the concern of every Master Mason. The welfare of all destitute Master Masons, their widows and their orphans is our concern.

Delbert Dennis P.M. conducted the first Masonic Education program this year. I have always enjoyed these programs. A great deal of time is spent to prepare such a program. Your Worshipful Master believes that a well informed Master Mason is a better Mason, not only for this life, but for all eternity.

Brother Waymeth W. Bundy and his wife Hazel have taken up residence at the Masonic Home, at Franklin. Best wishes to them from all members of Three Rivers Lodge.

February Calendar

Feb. 3, 5:30 p.m. Master Mason. Dinner at 6:30 p.m.
Feb. 10, 7:30 p.m. Stated meeting.
Feb. 17, 7:00 p.m. Entered Apprentice.
Feb. 21, 6:30 p.m. Smorgasbord and Square dance.
Feb. 24, 7:00 p.m. Fellowcraft.
March 3, 5:30 p.m. Master Mason. Dinner at 6:30 p.m.

Three Rivers Lodge will again host the Corinthian Club at the annual smorgasbord and square dance on Saturday, Feb. 21st. The smorgasbord will be at 6:30 p.m. Dancing will be from 8:00 p.m. till 11:00 p.m. with Joe Taylor and the Red Birds providing the music. Junior Warden Robert Peterson is in charge of the ticket sales and all the officers have tickets available.

DEDICATED TO YOUTH

I love you for what you are, but I love you yet more for what you are going to be.

I love you not so much for your realities as for your ideals.

I pray for your desires that they may be great, rather than for your satisfactions which may be so hazardously little.

A satisfied flower is one whose petals are about to fall. The most beautiful rose is one bardly more than a bud wherein the pangs and ecstasies of desire are working for larger and finer growth.

Not always shall you be what you are now. You are going toward something great.

I am on the way with you and therefore I love you.

How is everybody out there in good old DeMolay Land?

January 7, over 100 people witnessed formal installation of officers. Meeks as Installing Senior Councilor, and Junior Past Master Councilor Duncan Turnbull Whyte as Installing Senior Deacon; also Rev. Marvin Isley as Installing Chaplain. As I have already said, out of the six times I bave witnessed this fantastic ceremony, Wednesday night was the most outstanding. I have yet to see sucb perfection in any form of DeMolay or Masonic functions. I would like to extend a special thanks to these men for a great job done.

Along with my many blessings to everybody I would like to especially thank my parents who made all that has happened to me possile.

The young men installed for the ensuing year are as follows: Master Councilor, Martin Luther Procise III; Senior Councilor, John Lambeth Kinast; Junior Councilor, Robin Wayne Rhodes; Treasurer, Ronald Alan Haver; Scribe, Gregg Parrisb; Senior Deacon, Thomas Jobnston; Junior Deacon, Mike Ladig; Senior Steward, Art Labrman; Junior Steward, Mark Milton Haller; Chaplain, Tim Jones; Sentinel, Bob Lahrman; Standard Bearer, Leo Kinast; Alamoner, Richard Doll; Marshall, William Flickinger; Orator, Dave Colcord; 1st Precepter, Kian Porter; 2nd Precepter, Ricky Scott; 3rd Precepter, Gary Parrish; 4tb Precepter, Mike Haller; 5th Precepter, James Brickley; 6th Precepter, Craig Beaverson; and 7tb Precepter, Richard Hanauer. I am sure that all these boys are as proud as I am and will serve this next term to the fullest of tbeir ability.

Activities turned out great in tbe montb of December. Jr. Past Master Councilor Duncan Whyte ended bis term running at full speed banding the baton to me just around the first turn of Fort Wayne's rehabilitation period. He did a fantastic job, and without his guidance and experience I wouldn't be bere now. I will look forward to working witb Duncan in the upcoming years of DeMolay.

On Dec. 10 we elected officers and the chapter sweetheart. Jackie Snyder of New Haven, Liz Lillie, and Pam Collins were the contenders, with Miss Snyder pulling out. Sbe was crowned at our annual Christmas dance at the Scottish Rite. On Dec. 20 Fort Wayne held its first annual Northern Indiana Ritual Competition at the Masonic Temple. Boys from the northern part of tbe state attended, with medals and trophies going to the individual winners.

The spring calendar bas been planned and many activities have already gotten under way. Plans for DeMolay Week, the father and son breakfast, tbe mother and son banquet, and our different fund-raising activities are in process. Tbe committees have a good start also. Committees for sickness, athletics, civic service, masonic service, membership, public relations, awards, obligatory days, and obligations are all beaded by the officers.

Our first meeting was held Jan. 14. The Representative DeMolay award was conferred on Martin Luther Procise III at 8:30 the same night. Refreshments were provided by the Mothers' Circle. All motbers!! Do you want to see your son grow in DeMolay? If you do, join the Mothers' Circle. For information call Mrs. Haver at 747-2633. Boys, encourage your mothers to be active in the DeMolay Mothers' Circle.

At our stated meeting on Jan. 28 we made the final plans for the Rush Party on Jan. 31. At 1:00 p.m. on Saturday, Jan. 31 every boy in Fort Wayne between the age of 14 and 21 was invited along with his parents to attend tbe Cbapter's big Rush Party. The Mothers' Circle served refreshments and a film was watched.

Wbat all you boys bave been waiting for — the Masonic bodies of Fort Wayne are enabling Fort Wayne DeMolays to go to Detroit to a NBA basketball game between the Detroit Pistons and Chicago Bulls. A chartered bus will leave Saturday morning, Feb. 14. We will go to the Ford Museum Saturday afternoon and attend a DeMolay installation at night. We will stay overnight in the Dearborn Inn and rise early for churcb. In tbe afternoon we will go to Cobo Arena for tbe game. All your meals are included for $10.00, but we can only take 39 boys. Requirements for the trip are, you must know your obligations and have 100% attendance at all meetings. More trips will come for those boys learning your obligations. For those wbo don't, you know wbat. So learn your obligations!

There will also be a stated meeting Feb. 18 at 7:30 p.m. sharp. Bring tbose petitions.

I would like to tbank Dad Latham, along with the rest of tbe boys, for the great job he has done in the past six months.

Don't be afraid to call your officers, boys, if there are any questions.

Objective of Masonry?

The great objective of Masonry is to teacb. It teacbes good men to be better men. It teaches the Fatberbood of God and the Brotherhood of man. It teaches the need of knowledge and tbe need of virtue. It teaches men to circumscribe their passions. It teacbes toleration and uprightness and cbaracter. A Mason is taught to live a true, bonorable, upright, affectionate life from the motive of a good man.

Many people have the impression tbat tbe Masonic order is founded and conducted entirely for charity, for relief and assistance. Masonry is not an organization conducted for cbaritable purposes. It is not a mutual benefit association, but Masonry is devoted to teaching, not to helping with material aid.

The true Mason must be, and must have a right to be content with himself; and be can be so only when be lives, not for bimself alone, but for others wbo need his assistance and bave a claim upon his sympathy. Masonry expects every man to do something, witbin and according to his means; and if not alone, tben by combination and association.

Masonry is not a religion, not a church, but a worship in which men of all religions may unite. It is not the rival of any religion, but the friend of all, laying emphasis upon those truths whicb underlie all religions and are the basis and consecration of each. Masonry is not a religion, but it is religious.

Its great end is to make all men better men and tbus the world a better place in which to live.

IS MASONRY FREE?

The question: "Is Masonry Free?" The answer is obviously "No." Many of our brethren and Companions have misinterpreted 'Free Mason' to mean free from attending Lodge, free from fulfilling obligations voluntarily assumed, free from giving any effort of time and taking part in the work towards the welfare of the Lodge and Chapter.

The rights, lights and benefits of 'Free Masonry' can only be purchased with your time and effort. Let us start now and not wait until we have a free evening before we attend Lodge or Chapter but sacrifice a few other pleasures to support our great Fraternity in which we claim to bave so much pride. Remember, any one of us can wear a pin, a ring or proudly state, 'I am a Mason' but wbat are you doing to exemplify to your brethren, your neighbors and to your community that you are a Mason as expressed through your heart?

The first month of a new decade is past and what a cold reception it was given weatherwise. Now we can be looking forward to spring and with it comes much to do. It does not take much strength to do things, but it requires great strength to decide what to do. Each day let us expel critical and negative thoughts. Let us seek one good quality in each person we encounter and watch the effect on each person you meet. The stated meeting on January 8th was the night our Brothers planned the entertainment after Chapter and refreshments. As usual the weather was such that kept many home. I hear that program and eats were best as always. The first meeting in February (12th) we will have our election of officers. IN GOD WE TRUST

They coined a phrase, "In God We Trust,"
Those sturdy pioneering few,
And conquered prairie trails of dust
And watched an empire as it grew.
For those oppressed by self-disgust,
For those who hope, for those who grieve,
They coined a phrase, "In God We Trust,"
Inspired a lyric, "We Believe."

Betty Keeler

Down through the years as our forefathers had faith in themselves through the guidance of our Heavenly Father we are privileged to live in this wonderful country as a free people. In this month of February we pause to celebrate birthdays of those important people who played such a great role in making this possible by their great devotion and leadership.

We as members of the Amaranth by our relations to the Masonic Order can help spread Love, Loyalty and Liberty, and further the goal of Peace on Earth at all times.

February is upon us again. It is a short month calendarwise, but is significant for memorable anniversaries. There is Ground Hog Day, when that sly little fellow tells us how soon we may put the snow shovel back into storage. Ash Wednesday on the 11th is the religious start of the Lenten Season. Then come Lincoln's birthday and Valentine's day. We also commemorate the birthday of that great Master Mason, George Washington.

Our monthly meeting will take place on Friday, February 27. We will be celebrating the 48th birthday of Miriam Shrine. A dinner will be served in the K of P Hall at 6:30 p.m. The stated meeting and party will follow.

On Friday, March 27, our annual meeting and election of officers will be held. Plan now to be present for this important event.

The Orion Past Officers Club will meet on Sunday, February 22, with Sojs. Dale and Reuah Davis in Waterloo.

Illnesses: Soj. Erma White had eye surgery at Parkview; Soj. Mary Wilson is home from another stay in Lutheran; Soj. Edna Biddle had a broken toe; Soj. Florence Nahrwold was confined with a bad cold; Our shut-ins remain about the same.

To become known as good sojourners, we should always try to give ourselves in humble service . . . When comfort, help and hope are needed there . . . And to pass a bit of faith along to others . . . Or offer from the heart a simple prayer. Resolve to perform good deeds. Why not start today. It could become a beautiful habit!

A MASON SAW STARS

The Order of the Eastern Star started about 120 years ago with an idea in the mind of Robert Morris, who became a Master Mason in 1846. He felt that Masonry's great storehouse of knowledge, beauty and culture should in some way be opened so that women of Masonic relationship might at least share in its benefits. He began a research and shaped a philosophy which evolved the ritual of a New Order, one destined to girdle the globe in its power and influence in making Masonic principles a family heritage.

In 1850, in his own home, he conferred for the first time, the degrees which his fertile mind had evolved. The candidates were his wife, Charlotte, a Masonic neighbor and the neighbor's wife. This was the first Eastern Star meeting. The ceremonies were further polished so that in 1885 he was able to publish a ritual for what he called a "Constellation." Then followed an intensive period of propagating the new Order. According to his own version, he "initiated country ladies in homespun and city ladies in satin."

In 1886 Robert Morris took an extended trip to the Holy Land, leaving the ritual and materials of the Order of the Eastern Star in the keeping of his Masonic friend, Robert Macoy, who afterwards became Grand Master of New York. Robert Macoy elaborated on the ritual and published a new edition.

The idea of an Order for women was not original with Robert Morris. As early as 1765, degrees for women under the title of "Masonry of Adoption" were in vogue on the continent of Europe. These were administered under the patronage of the ruling Masonic body and flourished in France, the Empress Josephine being head of the Order, and many women of highest standing were active members. Albert Pike made a translation of the ritual into English. In his preface he says. "Our mothers, sisters, wives and daughters cannot, it is true, be admitted to share with us the grand mysteries of Freemasonry, but there is no reason why there should not be also a Masonry for them, which may not merely enable them to make themselves known to Masons, and so to obtain assistance and protection; but by means of which, acting in concert through the tie of association and mutual obligation, they may cooperate in the great labors of Masonry by assisting in and in some respects, directing their charities, and toiling in the cause of human progress."

The Order of the Eastern Star as designed by Robert Morris has become just such an organization, strong enough to take an active and powerful cooperative concern in the beneficent labors of Masons for the care of the indigent and the afflicted. While entirely different and distinct from the Masonry of Adoption, all the expectations expressed by Brother Pike have in no other fraternal association been so admirably fulfilled as in the Order of the Eastern Star.

There are now approximately three million members of the Eastern Star in the world.

MASONRY NEEDS YOUR SUPPORT

Masonry has always been for America, and indeed for the world. The more of M and more of its philosophy dom and its beneficial influence good are needs of the times don't we see more of Masonry its good works in these times?

Only because a trend has de in our social and political opposed to the basic facts of opposed to the truth of the mentals which bring happy On every hand we see the elements of life sacrificed temporary. Those men and who are willing to devote the and influence for freedom beneficence are not fully by the rank and file. What do to change the trend?

Don't Be A Knocker! Knocking one of the easiest things in the world to do. It only takes a thimbleful of brains. It is the cheapest and surest way to attract attention, but it is a mighty expensive amusement. Everybody hates a knocker.

No man ever got very high by pulling other people down. The independent merchant does not knock his competitors. The sensible worker does not knock those who work with him. Don't knock your friends. Don't knock your enemies. Don't knock yourself.

Don't say cutting things. Speak pleasantly of everybody whether you feel pleasantly disposed or not. Boost and you will be boosted. Knock and you will be knocked.

Greetings, Companions: I am a member of a number of organizations Labor, Fraternal, and Church. In each of them there are knockers. There are various ways of knocking among them are active and passive. An active knocker speaks harsh words against people, things and institutions, while a passive knocker doesn't do or say anything. The most frequent way they knock their organization is by not attending meetings and not caring if the business is transacted. They say "no" when they are asked to help.

At the December meeting you elected me your Excellent High Priest; William M. Roberts, King; Noble E. Warner, Scribe; Louis J. Smith Jr., Treasurer; Richard B. Jones, Secretary; Byron Weilbaker, Captain of Hosts; Robert Waldo, Principal Sojourner; William H. Kelly, Jr., Royal Arch Captain; and Howard Carr, Trustee. I appointed Whitley Lockridge, Master of Third Veil and Robert Mathisen, Master of Second Veil. I need three more officers, Master of First Veil, Chaplain and Guard. If you are willing to serve in one of these positions, please contact me.

On December 26, Companion Noah E. Hickman passed away.

I hope that sends a shining ray
Down the future's broadening way,
A peace that only Thou canst give,
With Thee, O Master, let me live.

The February meeting will be held Feb. 20 at 7:30 p.m. Come for supper at the YMCA at 6:30.

Greetings Companions: First let me announce your officers for 1970 in the Fort Wayne Chapter.

John A. Inches, Excellent High Priest; Sheldon Leiter, King; Dan Dale, Scribe; Roger Shafer, Secretary; G. Royal White, Treasurer; Francis Studler, Capt. of the Host; Guy Sills, Principal Sojourner; George Diemond, Royal Arch Capt.; Jack Bronson, 3rd Veil; Guy Mausteller, 2nd Veil; Bob Gahman, Chaplain; Bob Dawkins, Tyler; and Don Smith, Al Ungerer and Ralph Roller, Trustees.

Companions, I feel we have a fine active group of line officers. I am sure of their interest in the work and that they will be deserving of your support. Also I wish to thank Al Ungerer for filling the station of Scribe for Dan Dale until he returns.

The Mark Master degree was conferred on Jan. 8.

The Past Master degree was presented on Jan. 13 for. Inspection and the officers are to be commended for their fine work. When you receive this issue, the Fort Wayne Chapter All Degree day will be history, but at this writing several candidates from the other chapters are scheduled to receive their Chapter degrees with our own Fort Wayne candidates on that date.

Your High Priest attended a recent meeting of the North Eastern York Rite Ass'n. and plans are under way for an All Degree day March 7 at Fort Wayne. The different chapters in the North Eastern Jurisdiction will bring their candidates and their team to present a degree or assist in presenting the work with another chapter. There will be more details on the date and the Chapters giving the work later as the plans develop.

As we look at the idea of the All Degree Day we recognize that the work presentation takes less preparation on the part of an individual chapter as well as solving cast problems in the smaller chapters. Thus a chapter can work on sharpening their performance when they can concentrate on one degree to give the candidate a clearer, more pointed lesson of the degree. An important point is that the candidate will readily accept the fact that he can get his Chapter and Council work in one day.

As we talk with our prospective York Rite Candidate, we need to stress the time required.

As membership build up is needed to make the smaller chapters more self-reliant, this Degree Day accomplishes its purpose.

Bring your Masonic brothers to more light. Help your York Rite move ahead in 1970.

Don't forget supper on Stated Conclave night February 19.

Sir Knights, we have a very important day coming up on the 14th of March. The Third District York Rite Festival will be held on the 7th and the 14th. The Commandery will put on the work on the 14th. Sir Knights, we will need every petition that we can get, so plan to visit your Blue Lodge and ask your lodge brothers for their petitions.

Battle Creek Commandery is coming down to put on the Order of the Temple, and will also bring their 36 man drill team to give an exhibition. South Bend Commandery has been asked to put on one of the orders. In addition to many distinguished visitors from the surrounding states, we may have some very important guests about whom I can say very little at this time. We want the petitions for this class and your reservations for the luncheon and dinner as soon as possible. You may call Dick Peden 485-5334 or Don Smith 747-0038.

Plans now call for the Order of Red Cross to be put on before lunch and the Order of Malta right after lunch. Battle Creek will put on the Order of the Temple. After dinner our band will give a concert in the auditorium followed by an exhibition by the Battle Creek Drill Team. The ladies will be entertained by the Fort Wayne Assembly No. 139, Social Order of the Beauceant on the second floor of the Temple.

I also want to remind you, Sir Knights, of the "Sweetheart Ball" to be held on Feb. 14th. Also our Easter Service in the Scottish Rite Cathedral on March 29th at 7:00 a.m. followed by the breakfast.

Companions: In January we completed degree work on a very fine class of candidates, but we can't stop there. We are now preparing for one of the largest Spring Festivals in Battalion Three's history. The dates are March 7th for chapter and council degree work, and the Orders will be conferred on March 14th in the Commandery. Battle Creek Commandery No. 33 K.T. will confer the Order of the Temple, Michigan Style, at 3 p.m. and after supper will floor a thirty-six man Drill Team for an exhibition in the fifth floor asylum.

The dinner and drill team work in the evening will be open to all K.T.'s, their ladies, Masons, and friends. All the Order and Degree work will be finalized at the Battalion Three meeting at Auburn on January 29th, but too late for this issue —so check the March 1st issue of the Square and Compass for all final details for the Spring Festival.

The Illustrious Grand Conductor of the council, James G. Wright, would like to inspect Fort Wayne Council No. 4 between February 23rd and April 3rd, but confirmation of a date is not available at this time, so check your Masonic Calendar and be present to help your council.

We would like to have a large class for this Festival, so get those petitions in by January 19th stated meeting. If you do have a last minute petition, contact your officers. We are planning to get a dispensation to vote on late petitions.

Don't forget to come early on the third Thursday of each month and have a nice supper at 6:15 p.m. with your companions. Call another companion and bring him with you.

MASONRY CAN MAKE THE DIFFERENCE

History records the struggles of nations, the crises of wars, the ravages of disease, the toll of economic disaster, and the temporary disappearance of moral responsibility.

Yet, man has managed by courage and faith to survive ordeals and to move in the direction of a better world. Perhaps there were only a few men at such times who had the strength and fortitude to carry on in the face of what seemed to be insurmountable problems, but what they achieved resulted in a lasting good for humanity.

We may have problems that man has never been called upon to face, but the demand for men who are resolute of purpose, strong morally, and fired with the zeal to fight against all odds remains the same.

So much depends upon Masonry and the Mason today. We should see ourselves as men who have the moral equipment to turn adversity into well being, and to proclaim to all our unswerving trust in God and in the triumph of right.

Adversity can be the spur which should stimulate us to make Masonry's influence felt in the midst of the tumult and the shouting.

In various periods of history, Masons have met the demands for courage and unfaltering faith. We are the inheritors of their strength and their courage. Will we meet the challenge?

Despite the foul weather our area has been baving, -45 degree chill factor, a brave group of men opened our stated meeting for the month of January. The business meeting went on as normal although the lodge was a cool 55 degrees.

Our lodge's Master Mason of the month for January was Brotber Murl Lybarger, P.M., who gave us some facts about his Masonic past and some personal highlights pertaining to his business career. Everyone enjoyed listening to his extenporaneous speech and many members were able to reminisce about the "good old days." The rural community in whicb many of our brothers have presided for the past 80 years holds in its bosom many wonderful secrets which can only be told by our senior generation of members. Much of our Masonic heritage comes from men just like Brotber Lybarger and I am positive his comments about the past could have been enjoyed by all of our members.

In my haste last month, I forgot to add that Brother Mervel Smith was elected Trustee of the lodge. I know he will be a capable person in this position since he has done an outstanding job in all the positions he has held by being either elected or appointed. In the past few years our lodge bas relied on this fine Mason very strongly. The greater the responsibility given to Brother Smith the better this man seems to operate.

Our Master Mason of tbe month for February will be Brother Herbert Jesse, P.M. I am sure he will have a great deal to tell us about Olive Branch's history. He was raised fifty years ago and he will be able to enlighten us even further. I hope to see as many of you Master Masons attend lodge as possible to congratulate Brother Herb and may he labor many more years among us.

Anyone, no matter how far or near, needing assistance to attend lodge contact me and I will do my best to arrange transportation where it will be no inconvenience to anyone. This will be a fine opportunity to renew old acquaintance and share in the business at hand.

I'd like to report a good turn out for the public installation we had Jan. 3. In the last Square and Compass I announced Duane Studebaker as Chaplain. There has been a change and Past Master Jesse Haines was installed as Chaplain.

Since we didn't have our oysters for installation, we decided to have them on the first M.M. degree. The first M.M. this year will be February 7th. Come then for the oyster soup.

The schedule for February is:
7th — M.M. degree, 7:00 p.m.
9th — Stated meeting, 7:30 p.m.
16th — F.C. degree, 7:00 p.m.
23rd — M.M. degree, 7:00 p.m.

You members that haven't paid your 1970 dues, I hope are getting them lined up. Don't wait for that second notice.

Unfortunately, your lodge must start February with one of its most staunch supporters and members no longer available for counsel and service. Brother Floyd Gause, a fifty-year Award of Gold member who was raised in August of 1912, passed on to better things on January 4, 1970. Floyd served your lodge as Treasurer for twenty-six years; he also served as Trustee for eight years. This fine gentleman was active in the craft work until his health failed him several years ago. The members of the lodge will miss Floyd, and we will all pray that his dedication to duty may be a constant reminder to us to strive for the proper respect for those words we have all heard, "Well done, good and faithful servant, enter thou into the joys of thy Lord."

Brothers, you should all be aware that we now have a Brotber in residence at the Franklin home. Charlie Robinson was taken to the home on January 10; if you get the opportunity, go see him or drop him a card. We all wish him a long, healthy, and happy stay at the home.

This should prove to be an eventful year for the lodge. We have appointed a committee to determine the needs of your lodge for proper physical facilities. Most of you will be contacted for an expression regarding your lodge home. I urge you to consider the questions which you will be asked and to guide the committee so correct decisions will be made.

Several of your officers journeyed to the annual Founders' Day at Indianapolis on January 10. A very interesting presentation was made on lodge insurance and the Franklin home. You will be bearing more details from us at the lodge meetings regarding these programs.

During February, keep these dates in mind:

February 2, Job's Daughters (Parents night).
February 5, Stated meeting.
February 10, O.E.S. Election.
February 16, Job's Daughters Royalty night.
February 19, Job's Daughters Initiation.
February 24, O.E.S. meeting.

Brothers, I close with this message. Although most of us have the dues and assessment paid for 1970, some have still not been received. When you send your dues and assessment, please consider the Brothers, Sisters, and children at the Franklin home and if possible, add the 10 for 10 contribution which is so badly needed. Please take the time today to send your check. Thanks.

Brethren: First a big thanks to Senator Phil Gutman for the inspiring talk at our St. John's Table Lodge, held December 27.

After a fine Installation of Officers officiated by Bro. Murray Petty and assisted by Bros. Gwen Rinker, Wm. Youtz and Lowell Myers Jan. 3, we started our year off with a bang by two petitions for the degrees. The second Wednesday of February should be an E.A. degree.

On Jan. 11 Bros. John Summey, Kenneth Gibson, Wayne Rothgeb and myself journeyed to Indianapolis to attend Founders' Day. Bro. Kenneth Gibson will make this report at our next stated meeting.

On Jan. 21 James Ballard, Executive Officer of DeMolay in Indiana, was our guest to reactivate our DeMolay chapter. All we need are "Men and Boys"!! Although this meeting will be in the past by the time you receive this, may I encourage anyone wishing to help make this chapter a growing, prosperous one to please contact John Summey (our secretary), he will be more than happy to add your name to any committee you wish, or offer any information you may desire. This chapter is "Begging" for your needed help.

Don't forget Masonic Visitation at the Vets Hospital. Anyone who has not attended has missed a very heart-warming experience, one that cannot be expressed in more words.

To all the members of New Haven Lodge, try to make a few meetings this year. We have done a lot to our Lodge the past few years, and it should be enjoyed by all. Thank you, brethren, and see you in Lodge.

Memorial services were conducted in memory of our late brother, Leroy Sapp, who had been a member of Harlan Lodge some 53 years. The services were conducted under the leadership of brother Clifford Gorrell. A living memorial contribution was made to our Masonic Home by the lodge, in brother Sapp's honor.

Public installation of officers was held at Harlan on January 6, at 6:30 p.m.

The officers for 1970 are: Ronald P. Smith, W.M.; Kenny James, S.W.; Max Mason, J.W.; Stan Love, Secy.; Roland Johnson, Treasurer; Keith Pierson, S.D.; Vance Amstutz, J.D.; Elmer Strautman, Tyler; Otho "Jake" Gustin, Chaplain; Gil Smith, S.S.; Ken Koch, J.S.

A word of thanks to my father, Lester Smith, for serving as installing officer, Richard Harris and Clifford Gorrell for serving as marshal and chaplain respectively.

Refreshments were served after installation, followed by our first stated meeting of 1970. Some of our plans for 1970 were discussed. Among the most important of these is a change in the policy of how we shall pay honor to a deceased brother. We learn from our memorial services that if any good is to come from honoring the dead, it must be reflected in the living. One way we can do this is by making a living memorial contribution to our Masonic Home. By doing this we not only honor a deceased brother but we "contribute to the relief of poor distressed brothers, their widows and orphans."

A second policy we hope to start is that of saving a few moments at the end of each meeting for the discussion of some type of Masonic education. Our goal is that every time you come to a meeting you will go away feeling that you have learned something worthwhile.

We welcome ideas and suggestions from all our members — most of all we need your "help, aid, and assist" in making plans a reality.

MW Grand Master Robert P. Joyce, leading the delegation, will arrive at the Temple at 4:30 p.m. and will start the ceremony at 5 o'clock. The dedicatory exercises will require about 45 minutes, and will be open to the public.

The Temple will be open to the public from 1:30 to 4 o'clock, with Lodge officers present to guide visitors through the building, located at 7039 Elzey Street. The Temple grounds, just north of the old Waynedale elementary school, afford parking for 100 cars. John C. Conahan, Master of the Lodge, extends a hearty welcome to all Masons and their families and friends to participate in the historic event.

The Grand Lodge officers and their wives will be honored with a dinner at about 6:45 p.m. at the Calvary United Methodist Church, 6301 Winchester Road. All area Masons and their wives are welcome to attend. Reservations, with donation of $3 per person, should be mailed by March 7 to the Lodge secretary, Shockley Lockridge, 3425 Mono Gene Drive, 46806.

The two-story masonry and steel structure, 40 by 90 feet East to West, faces the pleasantly wooded Waynedale Memorial Park, removed from the din of traffic and industry. The facade, of Indiana limestone, is accented by two stained glass windows, portraying conventionalized figures, preserved from the old Scottish Rite cathedral. Many observers have commented that these beautiful windows, relics of a vanishing art, appear more striking and colorful in their new setting than they did when recessed in the monolithic front of the old cathedral.

A canopied walk leads from the parking area to the main entrance. The foyer, one and one-half stories high, is distinguished by handsome

Masonry Has No Boundaries

A fine example of fraternal courtesy was exhibited recently when the Sojourners Masonic Funeral Team of Phoenix, Arizona held Masonic services at the funeral home and at the graveside for Bro. Cecil Elzey, P.M. of Ossian Lodge No. 297, whose body was taken to Goodyear, Arizona. This funeral team also served as pallbearers. They were members of Wayfarers Lodge No. 50, Phoenix. Interment was in Sun City Cemetery, Sun City, Arizona.

Brethren, it is with a great deal of pleasure that I can announce that we will have degree work for the month of March, so make your plans to attend all Lodge nights and give our candidates a favorable opinion of the Lodge they chose to petition for membership.

Our plans are to observe our annual Past Masters Night on Master Mason night with a fine dinner, followed by the conferring of the Master Mason Degree by as many Past Masters as wish to take part. Any Past Masters having a favorite part they wish to do, please contact either myself or Si Hartsing.

Monday, March 2, will be another Wayne Lodge visitation at the Vets Hospital. Although I am afraid this issue will reach all of you too late to serve as a reminder of this date, we should all find out these dates from our Vets Hospital Chairman, Kenny Rayl, or myself. These members of our Craft who are patients really appreciate our visits and to know that someone cares. If you miss this visit, there will be others, so let's make it a big attendance.

Sunday, Feb. 8 I had the pleasure of a nice long visit with our Tyler and Past Master Dan Dale, who is feeling quite well. His last tests showed negative, so with the help of our Supreme Builder we may have Dan back with us before too long.

To our brethren who are not officers I would like to say that there is plenty of ritual work that could be learned. There no doubt are many who like ritual work, but do not wish to be obligated through the chairs. If such is the case, just contact me and we will work something out for you to do.

With the coming of the Easter season, I would like to wish all Brothers and their families a most pleasant Easter, and may you all enjoy good health. See you in Lodge.

There is no confusion in the Temple. All is right in God's world. His trestleboard is never bare — his designs are always there. Sometimes they seem to be invisible, but look a little closer, closer please, they will appear as we approach them. Now, let us do the bit of work we find before us — do it now — we cannot tarry — time and us move on together. The design is gruwing and, even while we work upon it, the pattern is appearing — a man grows good and then grows better. Lo! That house not made with hands is forming in the heavens. There is no confusion in the Temple. All is right in God's world.

Four new brothers joined with us during the month of February. Four more will be taking their degree work during March. We have been thoroughly enjoying ourselves; the work has never been better, the food is wonderful and the crowd is growing. These are better than the good old days.

How the sands of time roll by. Here it is, March already and we hope the worst of winter is behind us. Our attendance has been off the last two months, but with the coming of better weather we hope to see more of the brethren out to our meetings.

We had no candidate for the month of February, but we took this opportunity to get some other things taken care of. On the 17th the officers met and compiled the list of members for our new roster which will be published with our centennial program. On the 24th the Craft Club met and practiced the second section of the Master Mason Degree, saw a good movie, and enjoyed refreshments.

On Monday night, February 16, we had our regular visitation night at the Veterans Hospital. We wish mure of you would take part in tbis very rewarding experience.

We wish to express our sympathies to the families of the following brethren who passed away since the first of the year: Brother Harold W. Carr, Brother Ralph W. Ditton, Brother Martin L. Wasson and Brother Lewis H. Limecooly.

We expect to have degree work in the month of March. Please come down and join us and take part.

It was billed as "Contemporary" theater for youth. The critics praise this production's content as being in tune with the times in which we live. At the end of Act I, 10% of the audience left in disgust. They had seen parents depicted as selfish fools, Communists extolled as our friends, and adultery encouraged as the normal tbing everyone does.

Those who walked out of that theater had the courage to stand up for what they believed and were not afraid to act in accordance with their convictions.

How many times have we as Masons failed to act in accordance with the excellent principles of the order? Do any of us give our silent approval to smut, immorality, and the desecration of our country and what it stands for? We do if we are among those who allow themselves to be intimidated by dissident radicals to accept in silence that which we know to be basically wrong.

But, we ask, is there need for this kind of action in our community? Perhaps it might shock some of us out uf our apathy to know tbat the play described was produced and presented in Fort Wayne, Indiana.

Masonry, you will remember, does not engage in partisan activities and it avoids active participation in any type of campaign or movement. Rather, it seeks to improve the community through the individual member as he translates Freemasonry's principles and convictions into action.

Perhaps it would sound more familiar if I said — "Let the Light of Masonry shine through you for all the world to see." This is, of course, the theme I have chosen for this year. I hope that it will become more than a Master's theme — I hope that it will become a rule for everyday life.

March will offer the usual schedule of activity for Maumee. We anticipate having at least one candidate. The times of the Called Meetings will be announced in the newspapers' Masonic Calendar.

I also remind you of our visitation to the VA Hospital Monday, March 30th at 7:15 p.m. Maumee was well represented in February and the patients very much appreciated the few moments spent with them. Can they count on you this montb?

Faith, Hope and Charity, the principal of these is Charity. In the early 1900's Brethren assembled at Grand Lodge session and unanimously approved a resolution to establish, build and maintain an Indiana Masonic Home. Through the tireless and devoted efforts of dedicated Masons, fund raising campaigns were embarked upon, a location site for the Home was obtained, and arrangements were made with contractors to build this Masonic Home. The resolution finally became a reality when, years later, the first buildings were completed and their doors were opened to receive and welcome guests. The Indiana Masonic Home Foundation, Incorporated, was chartered in 1936. One purpose of the Foundation was the support of the Indiana Masonic Home at Franklin, Indiana.

Many articles on the Indiana Masonic Home and its operation have been written by Masons far more knowledgeable on the subject than myself, sn I can only offer a brief history and synopsis of the Home. Since its beginning, the Home has grown in physical size and number of guests. The Home is governed by a dedicated Board of Directors including past and present Grand Lodge officers and representatives from the Indiana Lodges. The Home is dependent partially on an assessment imposed on every dues paying member in Indiana.

There are approximately [illegible] dues paying Masons in 551 in Indiana. In May 1969 necessary for the Grand Lodge officers to increase the assessment $4.00 to $8.96. The $4.00 assessment was established in 1957. Th years of rising costs and operating losses, it was necessary either increase this assessment every dues paying member or the Home. The $8.96 was established after a careful review of all come sources, dues paying members in Indiana, the financial obligations needs of the Home, and many other factors. The assessment is reviewed again each year in light of the aforementioned factors adjusted accordingly — either up or down.

Included in your 1970 dues statement sent you in October the a pamphlet written by our Grand Master explaining the need for the increased assessment. To his clear and well chosen words I can add nothing except to personally urge each member to re-read this pamphlet.

Today there are 422 guests in the Indiana Masonic Home consisting of Masons, wives, widows, members of the Eastern Star, and boys and girls. To the older guests the Home haven where they may enjoy the company of others, reminisce and build Faith to guide them through their remaining golden years. To the youngsters it is a Hope for the future. Many of these young guests have already distinguished themselves scholastically in the Franklin community. Thus, brethren, in the Charity of your assessments and voluntary for ten pledges, you are giving guests of the Indiana Masonic Home Faith and Hope as well as fulfilling an obligation to help, aid and comfort all poor, distressed Master Masons their widows and orphans.

In 1957 your Lodge dues were raised from $10.00 to $15.00 included in the $15.00 was the

mentioned $4.00 Masonic Home assessment. Of the remaining $11.00, your Lodge paid fixed expenses of $7.00 to the Associated Masonic Trustees in Fort Wayne for the operation and maintenance of the Temple building and $1.15 assessment by Grand Lodge in Indianapolis for its operation. This left $2.85 for the operation of your Lodge. Over the years and with rising costs, this amount became inadequate, and even with the frugal management exercised by your officers and trustees, your Lodge was finding it necessary to dip into cash reserves to continue Lodge activities and cover operating expenses. When Grand Lodge increased the assessment for the operation of the Masonic Home from $4.00 to $8.96 or a $4.96 increase per dues paying member, your Lodge dues as stated in our by-laws at $15.00 were not changed which gave the Lodge, in effect, an increase from $11.00 to $15.00 or an amount. of $4.00. It is hoped that this increase in Lodge dues will suffice for several years to come.

In summary then, Brethren, as of January 1, 1970 the Grand Lodge assessment for the operation of the Indiana Masonic Home was increased by $4.96 and your Lodge dues were increased by $4.00. The increase in your dues was automatically amended by the Grand Lodge. Article 6, section 1 of our by-laws was thus amended by Grand Lodge to read "The dues of this Lodge shall be $15.00 per year for each member to which shall be added the per capita assessment as establisbed by the Grand Lodge each year for the operation of the Indiana Masonic Home." The due date for payment of dues and assessment remained at on or before January 1 of each year.

At this writing, I congratulate and welcome to our membership a newly raised brother, Robert M. Brown.

Reported ailing since last writing are Glenn Hopper, Russell Osborn and Perry Wright. We hope these brethren are well on their way to recovery by now.

We started February with two (2) new candidates and hope to have more degree work in March. Check your Sunday Journal-Gazette for the called time for degree work.

Tidings from the East:

With Spring around the corner, South Gate Lodge is busy making final preparations for its Charter Members and Past Master's Banquet. This annual celebration will be held on March 30, beginning at 6:30 p.m. Plan now to be present.

On January 31, the Square and Round Dance following a dinner was attended by many fun-loving people, but very few square dancers. Although the floor was full of people having a good time wearing themselves out, I think those just watching their antics had as good a time and felt better on Sunday. Sore muscles and all, there were a dozen proficient "squares" by the end of the evening.

On Feb. 2, Brother Merle Grimm was raised to the sublime degree of a Master Mason. Congratulations to him and may his life reflect the dignity of the character he now bears.

The schedule for March is as follows:

March 2: 5:30 p.m. MM°, dinner at 6:30.

March 9: 7:30 p.m. Stated meeting.

March 23: 7:15 p.m. Vets Hospital Visitation.

March 30: 6:30 p.m. Charter Members and Past Masters Banquet.

Your officers are beginning to arrange a golf outing and a trip to see a major league baseball game in the spring (May or June). If you have any suggestions, please notify them. More information will be available soon.

Exercise your Masonic knowledge this month, attend your Lodge or visit another — or both!

Brethren: Now is the time and here is the place. What is the time? It is at 4:00 p.m. Saturday, March 14. Where is the place? It is at 7039 Elzey Ave., Fort Wayne, Ind. What is going to happen? The brethren of Waynedale Lodge 739 F. & A.M. who broke ground on September 7, 1968 are dedicating their Temple. Put a circle around that day, because it will be a day to remember. This will be a public ceremony, so inform your friends.

The Most Worshipful Grand Master of the State of Indiana and the Grand Officers will officiate at the ceremonies. The Lodge building will be open for viewing by the public at 1:30. The Grand Lodge officers will arrive at the Temple about 4:30, with the dedication ceremonies starting at 5:00 p.m. Preparations are being made to serve a dinner at the Calvary United Methodist Church located at 6301 Winchester Road. Further announcements will be forthcoming in the newspapers — watch for them.

We have received into our Lodge this past month two brethren by transfer, Bro. B. F. Rainwater and Bro. Robert E. Robinett — welcome to the portals of Waynedale Lodge. We also raised two brethren to the Sublime Degree on January 28. The honor of being the first brother to receive this degree in our new temple went to Bro. Thomas B. Harker. The Past Masters of Waynedale were given the honor of conferring the work, and a fine job they did. The second brother was Mark C. Hoover. Congratulations, my brethren, may you receive much light from Masonry. Again I will remind you and all brethren that Masonry is like life—you get no more out of it than you put into it. There is only one way to receive, and that is to attend meetings. We also had a wonderful turn-out of visiting brethren from our Sister Lodges, many Past Masters, I believe I counted eleven in attendance. In fact, we had sixty brethren present. Thank you, brethren, come again.

Word has been received of the brethren that are and have been on the sick list. We wish a speedy recovery to Charles Graves, Frank Eddington, and M. Scott Parkison. We are also happy to have our Treasurer, T. Mack Fehman, back on the job from an extended illness. While speaking of the ill, we wish a speedy recovery to the wives of Bro. Milroy Plougbe and Mrs. Harold Guyot. If you hear of the sick, give me a ring.

Again I wish to thank the many brethren who have been answering the call to labor at tbe Temple. The Brethren have been laying tile in the dining room and rest rooms. The kitchen will be laid soon, or will be laid by the time this goes to press. The electricians have been hard at work. Many thanks go to Bros. Kenneth Marti and Leo Trimm, as well as to all wbo are always willing to lend a hand. Sorry to have one of the brethren hurt while on the job, but he was soon back on the job again. That was the love of Masonry. Thank you, Roger. Bro. Chick Mann has been laying the facing of the Temple, assisted by many brethren, and with a few nice days it will be completed.

Lest I forget, you who missed our Master Mason night of Jan. 28 not only missed seeing the Past Masters work, but you also missed a very good meal prepared by our J.W. Tom Woodward and his good wife. Thank you, my good friends. I hope we will have the pleasure of more of them — and don't forget the apple pie.

Again we are making the call for past dues. Yes, they are in the past. They become delinquent March 1, so please remit. And please don't forget the ten for ten for the Masonic Home. The gift will be appreciated. By donating to the Home you make it possible for some Brother or a member of his family to enjoy a few more years, and besides, the donations are deductible from your income taxes. Yes, our Secretary is always willing to receive dues, donations to the Home, and also pledges on the Temple.

We will have work this month, stated meeting March 4th; E.A. 11th; F.C. 18th, and Master Mason the 25th. But don't forget the Dedication date March 14. Do you remember the night that you received Light, and you say "those friendly faces, what a friendly feeling that was." Well, think of the candidate who is receiving Light this month and the months to come. Will see you in Lodge.

March is here and for some reason about this time of year we start thinking of spring. It has been a long winter, but in Three Rivers Lodge we have been busy, and time has passed very rapidly.

When we have degree work, the first Tuesday of each month will be Master Mason degree. Lodge will open at 5:30 p.m., dinner at 6:30 p.m., so remember this date each month. We would like to see you each Tuesday night in Lodge. Your Lodge needs you and your presence in Lodge makes a much better impression on the candidate.

By the time you read this article our first social event of the year will be passed. The way things look at this writing everything is going well. I want to thank everyone that helped us; your help is what makes these social events a success. Thank you very much.

Our Masonic Education this month was given by Bro. Hoyt Q. Campbell P.M. The subject was our Masonic Home at Franklin, Ind., how it started and how it grew each year to what it is today. The program was very well conducted, and I want to thank Bro. Campbell for a job

How is everybody out there in good old DeMolay land?

As we zoom into a new month, many, many activities have been planned. I think that our main concern will he DeMolay Week. First, let's go back and catch up with a few things that happened in January and February.

On January 31, fifty-two young and very enthusiastic men and their parents attended Fort Wayne Chapter's first Rush Party. Everything went great as we all met briefly on the second floor social room of the Masonic Temple for introductions and a movie "The DeMolay Story." Witb me addressing the boys and members on the second floor, "Dad" Tiffany spoke to parents on the Mezzanine. Refresbments were then served by the Mother's Circle afterwards.

Also two officers' meetings and practice were held January 29 and February 5.

February 1, 1970 Fort Wayne Chapter held a stated meeting on the fourth floor with approximately sixty-five boys in attendance. I have to say the topic most talked about had to be the Detroit trip coming up the following Saturday.

Saturday morning at 7:30 a.m., 39 boys and 2 advisors gathered behind the Masonic Temple wbere they all got into the bus. Arriving Detroit and checking into the hotel they were getting ready to visit the famed Ford Museum, after which we attended a dinner and public installation of officers at Dearborn Chapter with Past Executive Officer of the state of Michigan, "Dad" Harold Kock presiding. It was an occasion that will live in the minds of the boys because everything was just fantastic.

Going back to our botel, the Dearorn Inn, the boys had a good night's rest, waiting for the big day tbat followed. Early to rise, the group enjoyed breakfast while getting ready to attend church. The best was yet to come because at 2:00 p.m. Fort Wayne Chapter, Order of DeMolay invaded CoBo Area to view the Detroit Pistons and Chicago Bulls in a NBA basketball game. We topped the cake when we unrolled our 20 ft. sign saying "Fort Wayne Cbapter, Order of DeMolay says: Go, Pistons!" Everybody had fun and the trip will live in their minds for the rest of their lives.

Officers' practice at the Masonic Temple on February 18 saw more and more petitions pouring in for the big Initiatory class being held during DeMolay Week at the Scottish Rite.

DeMolay Week, a new money making project, and the last of the petitions for the next class headlined the February 25 stated meeting at the Masonic Temple on fourth floor. Scissors that are rust proof, have magnetic tips, won't tarnish and will cut meat, poultry, fish, open bottles, and have a screw driver will be our first money-making project of the term. They will sell for one dollar and will be on sale in the lobby of the Masonic Temple in the middle of March. To be able to spend money any organization has to earn money, so boys get out and beat your brains out because it will mean a lot of nice activities for the future.

There will be a stated meeting on the fourth floor of the Masonic Temple, March 11 at 7:30 p.m. on the dot. Refreshments will he served by the Mothers' Circle.

Probably the biggest talked about activity in any year in DeMolay Chapters all over the world is the Annual DeMolay Week. It is held during the week in which March 18th falls. It is to commemorate the founding of the Order in 1919 and in remembrance of the great hero and martyr, whose name we have taken upon our lips — Jacques DeMolay, who was burned at the stake near the Cathedral of Notre Dame on a small island in the River Seine, fearless to the end. An inspiration fills the body of every DeMolay in the world and we really have some fun.

Our DeMolay week activities should be for the most part aimed at catching the attention of persons outside the Order, for only by achieving such contact can the organization hope to gain its full potential in membership, good will, and the opportunity to work with others for the good of our communities and our nations.

Fort Wayne Chapter, Order of DeMolay, hopes to make this year the biggest and best DeMolay Week it has ever seen. We have planned the week with a lot of publicity. Twenty window posters, a 24 sheet billboard poster, plus radio, television and newspapers. It's going to be fantastic. This is the tentative schedule for the week starting March 15, ending March 22:

Mareh 15, Sunday — Reverence. We will attend Trinity English Lutheran Church at the 9:00 service.

March 16, Monday — Courtesy. We will meet at the Masonic Temple after school at 4:00 to put "Lock Your Car Cards" on all the windshields in downtown Fort Wayne.

March 17, Tuesday — Fidelity. The Initiatory Degree will be held at the Scottish Rite at 7:30 p.m.

March 18, Wednesday — Patriotism. We will present the first flag to tbe new City-County building at 4:30 p.m.

March 19, Thursday — Patriotism. We will all attend traffic court in City Hall at 7:30 p.m.

March 20, Friday — Comradeship. Everybody will wash the County Police cars and then take a tour of the jail.

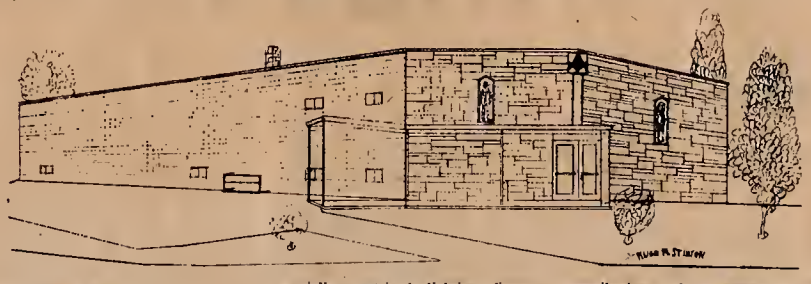
March 21, Saturday — Filial Love. Father and Son Breakfast at the Heritage House at 8:30 a.m. with Dr. Mohammed Fazell, professor at Indiana University speaking on the "Myth of the Happy Hippy." for all you can eat — eggs, sausage, hash browns, juice, milk and coffee.

March 21, Saturday — Take cakes and cookies to Home at 2:00 p.m. Meet Masonic Temple.

March 22, Sunday — Swim party at Club Olympic 6:00-8:00 p.m.

The Fort Wayne Chapter of DeMolay, will gain a new friends and an abundant prestige if our chapter will part by carrying out an DeMolay Week effort. So let's DeMolay Week in 1970 the ever.

Fort Wayne Chapter will stated meeting March 25 at fourth floor of tbe Masonic at 7:30 p.m. on the dot. Bring petitions in!



The Mother-Son Banquet is ing up in May and a Lake in June. Remember Conclave sharpen up. The Gasoline Sale will also be coming up in M keep these things in mind and them on your calendar a couple months in advance.

Each chapter has an important part in the overall international of making 1970 the greatest year. With your dedicated efforts assistance, the goal will be reached.

Be a Representative DeMolay Bring in those Petitions!

And live up to tbe high ideals and Principles DeMolay teaches.

Good Luck and God Bless

Waynedale Cont.

marble wainscoting and a massive solid oak settee, also preserved from the old Scottish Rite edifice.

The Lodge hall proper, 40 by 50 feet, provides seating capacity for 200 and ample space for ritualistic use by all Masonic bodies, including Waynedale Bethel No. 128 of Job's Daughters and potential chapters of Eastern Star and DeMolay. All rooms necessary for Masonic purposes are on the main floor, seven feet above grade level. These rooms, and a lounge area off the foyer, are enhanced by heavy and durable carpeting, richly colored in shades of blue and red. The Lodge room walls are covered with plaster of an appropriate cerulean hue. A system of specially contrived lighting fixtures includes complex connections for Lodge and Eastern Star ritualistic use.

The lower floor, about half below grade level, contains rest rooms, furnace room, kitchen, and a dining room to accommodate 200 persons. The floors of the washrooms and the dining hall are tiled. The entire building is gas heated and air-conditioned. The lower floor facilities will be available for use by non-Masonic organizations. Kitchen equipment will be installed in a year or two; meanwhile, members have refrigerator and coffee-making facilities. Hugh M. Stinson, a registered engineer, who is a member of Summit City Lodge No. 70, designed the building for maximum beauty, durability, and utility at minimal expense.

The Lodge conducted groundbreaking ceremonies September 7, 1968 and held its first meeting in the new Temple December 3, 1969. Lodge members who are experienced contractors, builders, and craftsmen accomplished the major part of the construction. Many other members worked on the Temple evenings, Saturdays, and other free days.

Brother Conahan stated, "From the onset, the leader in this great and important undertaking has been Bill K. Winans, master in 1967 and chairman of the Building Committee since 1966. Richard C. Fisher, master in 1968, when our drive for building pledges was formally launched, and Edwin L. Teeters, Jr., master in 1969, worked closely with Brother Winans in coordinating the multitude of details of construction. Brother Stinson, our architect, provided constant advice and supervision."

He added, "Of course, the only way our Lodge of 226 members could have erected such a fine edifice in less than two years was through the combined efforts and contributions of so many of our loyal members and the generous cooperation of members of other Lodges and of non-Masonic friends. Our heartfelt thanks go to all who belped, in large measure or small, for they symbolically laid stone upon stone in building a Temple which will serve Masonry and the community for many years."

In addition to those named, other Lodge members who have served on the Building Committee are John R. Capin, Harold Bodey, Leonard V. Johnson, Carl Ray, Paul Huth (deceased), William K. Geake, and Shockley Lockridge; and on the Finance Committee, Wayne T. Mitchell, Ernest L. Walker, H. Stuart Trainer, Bennett A. Noel, William L. Blackburn, and John C. Conahan.

March 31st Installation.

"Tonight I'm very happy and also a wee bit sorry, because this is my last night to preside as Matron of Star of the East, but as I look back on the year that has just passed, I come across so many pleasant memories. Amongst those memories are Mothers' night program, and Past Matron and Past Patrons night. We enjoyed Friends' night, our annual Card Party and Bazaar. Then we went back in time to remember styles and prices of everything with the Estrellitas. Then our Christmas program. Songs by our Choir were so very enjoyable. Masons' night was fun also. Our Birthday Party was an opportunity to favor our attentions on Charter Members, 50 year members, and award our members who have attained 25 years of service to the Order their pins. That is such a pleasant duty to perform.

Now we can't begin to thank each and everyone who has taken time from her regular duties to help ease the duties of your Worthy Matron and Worthy Patron, but we do thank you each and every one, our committees, their officers, those special committees who helped revise our by-laws and collect stamp books for the Worthy Grand Matron's project, our own officers who have been so faithful throughout tbis past year.

We do want to thank my fraternal "Mom," Sister Gladys Coe, for the special services and advice she has given us this past year, but I must say our Chapter members were truly perceptive when they elected her our Secretary because she works hard and long at the job of promoting the principles of our Order. Also we must give special thanks to my fraternal Grand-Mom, Sister Mildred Wahle, my Mom's fraternal Mom; perhaps she has done more than her share in helping inspire Sister Gladys in her love and hard work for the Cbapter, because she stepped in when our need arose for a prompter and advisor. I mustn't forget my fraternal "Pop," Brother Herdis Helmuth, who has helped us in so many ways in addition to being our Associate Patron again. He has also helped promote our principles by all the means allocated to our Brothers, who are limited somewbat because of the position tbey occupy in the Order. My "Pop" has been special to us in so many ways, in advice, physically belpful in lugging tbings around, and just being there to give moral support. Thank you, Herdis. And last, but not least, my husband Les, and my Mom, Virginia Reichelderfer, who, by various means, have helped me do my duties tbis year, and make it more pleasurable to do.

Before I finisb, we want to wish Sister Crystal Moorman and Brother Herdis Helmuth the best of wishes and luck for a pleasant and successful year, and if I can be of help feel free to give a call for belp:

And now to everyone:

"My words, I know, are not enough,
They're very weak and small,
And they can never really show
The way I feel at all.

"But for the lovely memories
You've given me to treasure,
God bless you all with happiness
That comes in double measure."

Vincent Westfall W.P.

Our year in the East is drawing to a close and we'd like to share this thought.

The friendships which we have enjoyed,
Will glow through the coming years,
And will bring happy memories,
To banisb doubts and fears;
There is no effort that is lost,
When hearts are full of love,
So may each day in passing bring,
God's blessing from above.

To all members, we thank you for the trust and faith you had in allowing us to serve our Cbapter—a privilege we shall treasure always.

To fraternal "mom," Irene Lyttle, our grateful thanks for the many, many times you've belped, inspired, encouraged and understood. Your friendsbip is precious to us.

To Sister Marguerite and Brother Owen, every good wish to you and "your family." May happiness and success be yours as you assume the duties and responsibilities of our cbapter.

—Fraternally,
Louise and Bob Biedenweg

The newly elected officers for the year are: Worthy Matron, Marguerite Arnos; Worthy Patron, Owen Arnos; Associate Matron, Elsie Brown; Associate Patron, James Peters; Secretary, Helen Howard; Treasurer, Helen Parrott; Conductress, Geraldine Cook and Associate Conductress, Reathel Blue. We extend congratulations and best wishes for a successful year. Installation will be March 21 at 8:00 p.m. in the Commandery Room.

Feb. 5 marked the 50th wedding anniversary of Helen and Claude Howard. We joined in song to wish them every happiness. Brother Claude joined Sister Helen at the Secretary's desk and read an original poem relating how their romance blossomed into 50 years of sharing life together. Our prayer is that they'll have many more years together.

At the stated meeting of Feb. 19 we reviewed our signs and passes, and also balloted on new members; keep those petitions coming in. We enjoyed refreshments and fellowship on the mezzanine.

A delicious carry-in dinner Feb. 23 launched a very delightful All Committee Party. Sister Elsie was in charge of the evening, which was highlighted by a program based on the Worthy Matron's Symbol "A Book." Each officer read an appropriate verse and placed in a memory book her sentiments for Louise and Bob to read and cherish in years to come. On a backdrop behind the head table was the emblem, "The Broken Column," and watchwords "Faith, Love and Friendsbip," and the tables were decorated with books. The points planned a social hour of bingo for all to enjoy.

Our hearts beat fast as we lift our eyes in humble gratitude as the book of another Year is ended. Dedicated to friends, both old and new, its pages are full of happy memories, kind thoughts and loving deeds. It has been a perfect story, for all have so nobly played their parts.

With every joy that a heart could wish to light the glow on faces of friends we love, we humbly say, "We thank you and God bless you every one."

Dear Sojourners: Once again I would like to share with each of you the fond memories of the past year. As I was escorted around the cross on the arm of my son, it was with mixed emotions. And when our daughter-in-law escorted my husband to share the East with me, I was very humble to the Shrine for giving me this pleasure. The highlight of the evening was when our grandson came to the East and presented me my gavel. We feel that we had a wonderful and prosperous year.

I wish to thank my Ways and Means Committee for doing a wonderful job this year. I also wish to thank the Decorating Committee for our wonderful decorations, and the Social Committee for all the good food after Shrine and our wonderful chicken supper and Christmas ceremonial banquet. Finally I wish to thank all of the sideliners who gave us their wonderful support this past year. An extra special thanks to Sojourner Chloey Lee for the fine articles this past year.

Although Winter is still with us, the annual yearning for an early Spring is already in evidence. For some weeks now the stores have been displaying Easter finery, and the seed catalogs challenge us to plan ahead for lovely gardens. Meanwhile, we are in the Lenten season. We should prepare ourselves spiritually for the advent of Easter, a time which should inspire a rebirth in the hearts of each of us.

On February 27, Miriam Shrine celebrated its 48th birthday. A dinner preceded the meeting. Our birthday cake was beautiful even though we couldn't find room to place four dozen candles on it.

Our Shrine was instituted on February 6, 1922, with 188 charter members. Out of that number, only three sojourners remain on our roster; namely, Hazel Dehler and Shirley Bly, both of Fort Wayne, and Bess Banks Marion residing in Oakland, California.

Where are these sojourners of yesteryear,
The ones we used to know?
Friends who sat with us in meetings—
Who shared our fun and woe?
Some have moved to distant spots,
And others have passed along;
But they've left behind precious memories
Of friendships that are gone.

On Friday, March 27, Miriam Shrine will hold its annual meeting and election of officers for the coming year. Since this business meeting is most important, why not make a special effort to attend?

A memorial service for the sojourners who have passed on to the Great White Shrine above during the past year will be held.

Illnesses: Shirley Bly is ill at home; Florence Nahrwold suffered a bad fall, but has recuperated nicely; Mary Wilson is at home; Erma White has recovered from recent eye surgery.

Many of our sojourners have had bouts with the flu. We trust they are all over the effects by now and stay well.

Our shut-ins remain about the same, but our good wishes are extended to them as well as to those who have had recent illnesses or accidents.

The time of year is here again
For happiness, joy and ease.

Greetings, Companions:

Down through the centuries men ve sought to explain the meaning art of happiness. Millions upon ions of words have been written the subject. Poets and priests, sophers and scientists, teachers, achers, and leaders of every age sought to work out a simple mula for what is called "the al quest of mankind" — a ppy and contented life.

w in the end happiness is what people want, regardless of the ny ways they may seek it. To happy is the ultimate goal of all ition, all endeavor, all hopes plans. "Happiness is the mean- and purpose of life, the whole e and end of human existence," ired a great philosopher of the ent world.

But what is Happiness? Clearly, means vastly different things to ferent people. Since earliest times ve have sought and found their ppiness along amazingly divergent ths — in work, achievement, in ve and family ties, in the affection friends, in religion.

There is one point, however on ch people in every age agree; e happiness stems from a quality hin ourselves, from a way of ding of life. Of all the millions words written on happiness, this the oldest and most enduring rch. If the principles of content- nt are not within us, no material ess, no pleasures or possessions make us happy. The quest for ppiness is always in vain unless e can find it within yourself, hin your own heart and soul.

Our inspection on the Past Master gree last month was a success. e members of the cast were old ds with one exception. The Com- ion who portrayed King Hiram formed like a veteran. We can d forward to a lot of work from m, he's good. We had a "live" dodate for this inspection and it my understanding that on the lowing day he finished his work ing All Degree Day. Let us all welcome our new Companion, James G. Salyer.

At the last District meeting, Thomas R. Marshall was assigned a quota of nine new members this year. This leaves us eight more to get, so look over your Masonic friends to see if you can find a candidate.

At our meeting on February 4 we honored our Past Guardians and Past Associate Guardians. The turn out was not very good because of the weather and the many illnesses going around, but many thanks to those brave souls who trudged through sleet and snow to come. We all enjoyed your company very much.

Initiation was given at our February 18 meeting. We welcome the new girls and hope they enjoy Job's as much as the rest of us.

Our decal sale is almost over, but there are still a few left. Jobies, make sure you give your money to Laverna Knisely.

Our slumber party was held on Friday, February 13th. It was a lot of fun even though we all left rather exhausted. A very special thank-you to Mr. and Mrs. Max E. Morrow for donating their lovely home for our party.

See you at the next meeting on March 4 when all Past Honored Queens are going to be honored.

The paper drive is planned for March 14, but this date may change. Save your newspapers and magazines!

TIME AND CHANGE

All that has reference to all that is eternal, all that in our earthly life by way of image or parable suggests what is imperishable, should rightly be made the subject of debate, difficult though such exclusion may be. For, in so far as we translate our ways of thinking and feeling into terms of outward circumstance, in so far as we form a society about us or join such a one, something belonging to the inner world becomes externalized. What is thus established whether received with favor or disfavor, must be maintained and defended. And so, despite ourselves, we have made a retreat from the realm of the spiritual to that of the secular, from the celestial to the earthly and from the eternal and immutable to that which is subject to the laws of time and change.

—Exchange

NEEDED

The world needs men who can be depended upon, who put others before themselves, and who are not afraid to stand up and be counted; those who are able to add something to the uplifting of political life, something to the brotherhood of social life, something to the practical efficiency of spiritual life. Then we shall have done mankind a real service.

During our stated meeting I asked a series of questions. "What is Morality?" "What is Friendship?" "What is Brotherly Love?" Each member had a chance to participate in answering the questions in his own way. The response by the Craft was so enthusiastic that for a time I thought lodge would continue all night. Unknowingly to myself at the time I could have started something; because if you think a stated meeting is a humdrum affair you sure missed a live session this month. To carry the Craft participation momentum further along, our Master Mason of the Month was escorted to the East and after Bro. Herbert Jesse's opening statement, questions and answers to past events flared up again. Needless to say, many "cats were let out of the bag." I personally enjoyed the meeting very much because everyone let his hair down and all had a good time. This was one of the few meetings that I can remember where people had nothing better to do than enjoy themselves and let the rest of the world go by.

The Trustees are getting bids from local contractors to put a new roof on the lodge hall. Should any of you readers know anyone who is qualified and guarantees their work that might want to make a bid, please contact the Lodge. I am sure our Trustees will follow up the leads as soon as possible.

Bros. Lloyd Brown and Herbert Jesse gave a report that Russell Neireiter's wife has had a set-back and has returned to the hospital. The entire Lodge is very concerned over the situation. Our prayers go to the Neireiter family for her fast recovery.

So next month come to where the action is, and I will see you in Lodge.

We have lost three brethren since the first of the year due to deaths.

I want to thank the brethren that have helped and attended our degree work during the extreme bad weather this past month.

We haven't any degree work scheduled for March, but would like to see you up at stated meeting.

Brethren: We have lost another of our older members, Fred Preston, who passed away recently in California.

At the stated meeting in February, the newly-appointed building committee presented a preliminary report on their plans and outlined their approach to reviewing the needs for a new home. They will be pursuing this earnestly and will be back in March with an outline of necessary activities which ultimately will, we hope, result in a new home for Huntertown Lodge 689.

The Grand Lodge proposal for a new insurance set-up for local lodges in Indiana was discussed previously, and PM Jesse Jeffries will make a detailed report at the March meeting.

As your Worshipful Master, I would like to point out that the Grand Lodge in May will discuss statewide concurrent jurisdiction for all Indiana lodges, and I would appreciate any thoughts you may have on this item.

Brethren, in closing I once again bring to your attention the fact that approximately 40 members have not submitted their dues. It will be necessary shortly that your lodge discuss this with you in detail, and we would appreciate your early remittance.

Brethren: I wish to express my appreciation to all the Brothers that filled the sidelines at our February stated meeting. I'm sure everyone enjoyed the fellowship that followed the meeting.

The new DeMolay Advisory Council elected Bro. Roy Hart as Chapter Advisor, we know a finer choice could not have been made and extend to him many good wishes in his new position. Other members of the Advisory Council are Bros. Donald Stark, John Summey, Bill Crouse, Gordon Lough, Robert Frock and Tom Murphy. With the above leadership we know the Chapter will succeed. They have designated Feb. 24 for DeMolay Rush Party.

March will be a busy month in Lodge so mark down the following dates to attend: 4th Stated meeting; 11th E.A. Degree; 18th F.C. Degree. Also starting at our March stated meeting, we will try to have a short discussion on Masonic law, Rules and Regulations. We feel that the better informed a Mason is the better Mason he will be.

One more thing before we close for this issue; we can use more help on our Craft Team. Anyone interested contact Bro. Gordon Lough, our Jr. Deacon. See you in Lodge.

Save this date! March 28, 1970 has been selected as the night when we will take our ladies out for dinner. The time and place will be on the reservation cards that you will soon receive.

A member of Harlan Lodge wrote the following while waiting on his partners to go on a fishing trip. It is called "This Road Called Life."

I started down a pleasant road
that was built just for me — I
laughed and played along the way
— Healthy, happy, and carefree.

Of course I ventured out on other
trails — To seek a thrill or two —
But somehow always found my way
— Back home to friends I knew.

As time plies its relentless course
— Enriching things that we have
known — It teaches men along life's
way — That each must build his own.

The tools I have were given me
— By God, and home and mom
and dad — They're friends and
strength and hope and faith and
love — The finest tools man ever
had.

I must build a road that is sure
and true — For those I love to
travel on — And teach them well
that they may know — How to
build when they must build their
own.

Life's road must travel high and
far — Must wend its way o'er
mountains steep and valleys wide —
Man must press on with sweat and
toil — And feel God's Presence at
his side.

I'll mark the curves the steep
hills too, — As I press my way
toward Life's Journey's end — Along
the way I build a place for you to
stop and rest — And thank Your
God for all your friends.

I build My Road down life's
waning slope — Toward God's Sunset in the west — I pray that when
My Life's Road is finally finished
— I'll find Eternal Rest.

Brothers, at our stated meeting February 18 we celebrated George Washington's birthday. Past Master Harlan Miller from Fort Wayne was guest speaker. The Eastern Star Masonic committee served refreshments.

By the time you receive this copy our building dedication will be history, but we will have full details in the next issue.

We are sorry to report that Brother Glenn Fisher is a patient at Parkview Hospital. Let's remember him with cards and visits. His room number is 439. Brother Wilmer Webster is recuperating at home following recent surgery. From all reports, he is doing quite well.

At our second stated meeting of January, Brother Ralph Peckham was presented his 50 year Award of Gold by Past Master Byron Webster. Brother Ralph reviewed the history of the lodge and his fifty years as a Mason. Then, looking to the present, he presented the Lodge with a check covering the cost of the new Masonic emblem which was recently erected on the pylon in front of the building.

We would urge all Brothers who have not paid their dues to make an effort to do so in the near future.

It is not ornamental, the cost is
not great
There are other things far more
useful, yet truly I state.
Tho of all my possessions there's
none can compare
With that white leathern apron,
which all Masons wear.
As a young lad I wondered just what
it all meant,
When Dad hustled around, aod
so much time was spent,
On shaving and dressing and looking
just right,
Until mother would say: "It's
the Masons to-night."
And some winter nights she said:
"What makes you go,
Why up there to-night
sleet and the snow,
You see the same things
of the year."
Then Dad would reply
I know it my dear,
Forty years I have seen
things, it is true,
And though they are
always seem new,
For the hands that I clasp,
friends that I greet,
Seem a little bit closer
time that we meet."
Years later I stood at
same door,
With good men and
have entered before,
I knelt at the altar, and
was taught
That virtue and honor
be bought,
That spotless white lambskin
Masons revere,
If worthily worn grows
precious each year,
That service to others
blessings untold,
That man may be poor
surrounded by gold,
I learned that true
flourishes there,
That enmities fade 'neath
compass and square,
That wealth and position
thrust aside,
As there on the level
and abide.
So honor the lambskin,
always remain
Forever unblemished,
from all stain,
And when we are called to
Great Father's love
May we all take our
that Lodge up above.

OPEN HAND VS. THE CLOSED FIST

Two basic attitudes toward
are symbolized by an open hand
a closed fist. The open hand
sents friendship. It is clearly
that in it no weapon is
and the hand may be grasped
another. But you cannot shake
with a fist.

We also learn that the open
may give or receive. It is stretched
out to offer what it has to
and it takes an open hand to
ceive another gift. A fist
gives or receives. It only grasps
it intends to keep for itself.

In Masonry we are taught
the open hand is the way of
It offers friendship and helpfulness
to all who will receive it. Our
is to extend the hand of fellowship
to every brother, lift up the
guide the wavering, and meet
with cheerful greeting. The
use of the hands is one of
most important lessons.

Masonry outlines by a definite
process a life to be lived and a
to be done. Whatever thoughts
have existed before a man's
into the Fraternity, he soon
that Masonry is for labor as
as refreshment. He learns that
only way by which he may advance
himself is through a knowledge
the teachings of brotherhood
the service he may render to
fellowmen.

SHRINE BAND TO PERFORM

Mizpah Shrine presents the Shrine Band in its annual ing concert Sunday, April 26 at 3:00 p.m. at the Scottish auditorium. Admission is free.

The program will include popular and classical num-, as well as trumpet, trombone, and saxophone solos.

It is seldom that you have an opportunity to hear a of this caliber without charge. Plan now to attend and your friends.

E YOU A MASON— ARE YOU SLIPPING?

very time you attend a Masonic ing of any kind, you learn some- . You rekindle the flame of nic Light which was lit when were Raised and you spread that e to light the way for others.

ere are those of us who pay dues to the Lodge and think, I'm a Mason for another Masonry lies in the heart, not pocketbook!

ink back to your obligations. much of them are concerned your paying your dues? How of them are concerned with making yourself a better man and helping others to do likewise? You have a serious obligation to your Lodge, your Brethren and, most of all, to yourself.

Once you have been Raised to the Sublime Degree, you are entitled to all the knowledge that the Lodge can bestow; however, whether or not you get that knowledge and what you do with it is up to you. Knowledge is like a fire, for when you stop feeding it, it dies. The more knowledge you receive, the brighter your fire will burn. If we neglect our knowledge and fail to feed it, we slowly fade into darkness.

If you feel yourself slipping, go back to Lodge! Eagerly grasp new bits of knowledge whenever you can, while you can. You will be a better man and a better Mason.

Which One Are You?

I watched them tearing a
building down
A gang of men, in a busy town.
With a Ho' Heave-Ho' and a
lusty yell
They swung a beam and a
sidewalk fell.
I said to the foreman "Are these
as skilled
as the men you'd hire, if you had
to build?"
He gave me a laugh, and said,
"No indeed!
Just strong-arm muscle is all we need.
Why, we can wreck in a day or two
What it took the builders a year
to do."
So I said to myself as I went
my way,
"Which of these roles have I tried
to play?
Am I a builder who works
with care,
Measuring life by rule and square,
Or, am I a wrecker, who walks
my town,
Content with the effort of
tearing down?"

UNFRIENDLY, OR JUST NOT FRIENDLY?

We read much about our Masonic brothers, the universal bonds of friendship between brother Masons, etc. For just a moment, let's look at the other side of the coin.

It is the editor's custom to give copies of the Square and Compass to Masons with whom he works but who have their lodge affiliation elsewhere and are often newcomers to Fort Wayne. In some instances the Mason or his Eastern Star wife has attended meetings of a lodge or chapter which sounded interesting. A recent social function sounded like a lot of fun and this particular couple decided to attend, thinking it would be a good chance to become acquainted in a strange city.

Unfortunately for all concerned, the couple reported that no effort was made to welcome them or to bring them into a group. Their impression was that those present were divided into cliques who could not have cared less whether newcomers were present or not. As a result, they left quite early, much disillusioned with their brothers and sisters, and still strangers.

We are not trying to point a finger at any one organization. This situation is too prevalent in our lodges and chapters, and has occurred in our own group. Think back — did you make any effort to welcome newcomers who attended your meetings? If not, why not? Somewhere in the Bible it says "Remember the stranger within Thy gates." I think it is perhaps not so much that we are unfriendly — we are just not friendly. We can't be bothered. We have our own friends and have no desire to go out of our way to make new ones. If you have wondered why that visitor attended only one meeting, perhaps this is why. A cheery "hello" is fine, but that is only a beginning. Stay with your visitor, introduce him to the others, eat with him if refreshments are served, tell him you are glad he came, and invite him back.

At our meeting on March 4 we honored our Past Honored Queens. Past Honored Queen Pam Collins pro-temmed for me at this meeting, because I was unable to attend. On behalf of myself and the Jobies of Bethel No. 8, we thank Pam very much for helping us out. I would also like to thank all the Past Honored Queens who attended our meeting.

Our last meeting of this month was held on March 18. We had our Proficiency Test at this meeting. The Jobies who took this test did a lot of studying and did very well. We also had a special election to elect a new Marshal. I am sure that our new Marshal is very honored and will represent us well in the coming months.

Twelve girls served at the York Rite luncheon, and over twenty served at the night banquet. This was quite an experience for all of us, and we thank all the people who made it possible for us to be there.

Our paper drive was held on March 21. We had a giant truckload and then some. Thanks to all who contributed toward our drive! And a special "thank-you" to all the Jobies' parents who contributed their garages for the storage of these papers.

Our next meeting will be held on April 15. This is another initiation night, Jobies — let's all brush up on our ritual! It's much more impressive for the pilgrims if things run smoothly. See ya then.

Olive Branch To Award 50 Year Pins

On May 9 Olive Branch Lodge will present the Award of Gold to Brothers Herbert Jesse and Robert Flora at a dinner to be held at Antioch Lutheran Church in Hoagland. Tickets are $2.00 per plate. Please contact secretary Lloyd Brown before May 2 for reservations, telephone No. 639-3740.

THE WORLD IS MINE

Today, upon a bus, I saw a lovely
maid with golden hair;
I envied her—she seemed so gay—
and I wished I were so fair.
When suddenly she rose to leave,
I saw her hobble down the aisle;
She had one foot and wore a
cruteh, but as she passed, she
smiled.

Oh, God, forgive me when
I whine;
I have two feet — the world
is mine!
And when I stopped to buy some
sweets,
The lad who sold them had such
charm.
I talked with him — he said to me
"It's nice to talk with folks like
you. You see", he said, "I'm
blind."

Oh, God, forgive me when
I whine;
I have two eyes — the world
is mine!
Then, walking down the street I
saw a child with eyes of blue.
He stood and watched the others
play; it seemed he knew not
what to do.
I stopped for a moment, then
said: "Why don't you join the
others, dear?"
He looked ahead without a word,
and then I knew he could not
hear.

Oh, God, forgive me when
I whine;
I have two ears — the world
is mine!
With feet to take me where I'd go,
With eyes to see the sunset's glow,
With ears to hear what I
would know,

Oh, God, forgive me when
I whine;
I'm blessed indeed! The world
is mine.

My God must love me very much —he's been so good to me. He has given me this life to live — on this beautiful world of his — in this wonderful time — with friends like you. Even with all my egotistical arrogance I cannot claim to have created any given part of the present situation. Each given moment is the summation, the culmination, of all that I have lived for — and each succeeding moment must, necessarily, be the same. A far greater intellect than mine has planned it so. I can only do that which seems to be correct at this particular moment, assume the responsibility for my action, and trust that such action is acceptable to God and man. I know, within the heart and soul of me, that God is. I also know that "Nature" is the evidence of God's actions. Saying "Nature cares for its own" is only one way of saying that God has planned extremely well in all respects.

I sit now gazing out over a little bit of wilderness, the thicket that is a part of our backyard, and watch my lovely little lady casting bread-crumbs and bird-seed over an area that we call our "Feeding station." The squirrels are jumping lightly through the tree tops to move easily down the trunks and join a dozen different species of birds that are already congregating, even as my wife is moving back toward the house. Could this be "manna" from the heavens? It must seem so to them. All is right in God's world—Nature does take care of its own. With a little help from her, you say? Well — yes, but don't you see that God has already taken that into consideration — she too is a part of his creation. Even you and I, my brethren, have been created to fulfill some part of His great plan. We have no guarantee that we shall see the morrow — we needs must do it NOW — now is the time and HERE (right where you are) is the place to make this world better. Your God must love you very much to put such trust in you.

Three new friends became EA's on March 13, 1970.

Five may finish the FC and MM degrees in March.

Four others are applicants for the degree work in April.

Your Officers and Fellowcraft club will be visiting University Landmark Lodge in Chicago, Ill. on April 25th. You may still be included.

If you have not seen the degree work that is being done this year, you are missing a rare treat. It has never been better. We still have a few empty seats available. If you'll come early, we'll save one of them for YOU. It's your Lodge too, you know, don't let the other guy have all the fun. We are really enjoying ourselves and becoming better men and Masons while doing it.

The weather is better, work has picked up, and we are ready for a busy spring. At the time of this writing it looks as though we will have two candidates for the month of April.

We have started the practice of presenting each newly raised brother with a Masonic bible. This is a beautiful blue bible with the brother's Masonic history properly listed and signed inside the cover. Past Masters Gil Plummer and James Peters have mastered the bible presentation lecture. This adds a lot to our Master Mason Degree and gives the new brother something I am sure he will cherish the rest of his life. By buying the biblcs in lots of 25, we were able to get a good discount on the price. If any member of Home Lodge would like to have one, he may purchase it from the secretary for what we paid for it.

This is the time of the year when those who have not yet paid their 1970 dues must do so soon. If you have not sent in your check, please do so immediately. This will save considerable paperwork and commotion. June is the absolute deadline, and we would hate to drop anyone from the roster for failure to pay their dues.

We are very pleased to learn at the time of this writing that our secretary, Brother Jim Lucas, is feeling much better. Jim has been in the hospital for several days and had us worried. At times like this we realize what an important part an excellent secretary such as Jim plays in the proper function of the Lodge. Get well, Jim, and hurry back.

The first of Maumee's two major banquets planned for 1970 will be held on Wednesday, April 29, at 6:30 p.m. This will be our annual Past Masters' and Charter Members' Dinner. I believe it will be a very interesting and enjoyable occasion, and I encourage every member to be in attendance.

Tentative plans are for Past Grand Master Clyde E. Flowers to present the Grand Lodge Award of Gold to those brothers who have become eligible to receive it since last fall. We have made every effort to be sure that we have overlooked no one. However, any brother who believes that he should be receiving his 50 year award should contact the Secretary or myself immediately.

Our speaker will be a man whom I have long admired and who is known to thousands in our tri-state area. He is an educator, composer, author, multiple recipient of Freedom Foundation Awards, agriculturist, broadcaster, and a Master Mason. That description, of course, could fit no other person than Brother Jay Gould. Jay's talk will deal with what we may call today's communications gap. If you have never heard Brother Gould speak in person, you are in for a real treat. Those of you who have know why I am so pleased to have him address us.

In the way of additional announcements for April, we expect to have two candidates for the degrees with dinners on both EA and MM nights. Also, I have been asked to note that the Senior Masons' Club meets every Monday at 1 p.m. in the social room of the Temple.

All in all, April will be a busy month for Maumee, but it is the kind of activity that indicates health and life. If you aren't participating, you aren't living.

On February 28th we had our annual dinner and round and square dance. A good time was had by all who attended. Although there was a fairly good sized crowd in attendance, there was room for more. Remember, brethren, these social events are planned for the benefit of our membership and the success or failure of these events is dependent on the support received from our membership.

On Saturday, May 9th we will have our annual Ladies Night dinner. This is the day before Mother's Day and accordingly is an event planned to honor our ladies. There will be an announcement and reservation form sent to you in the near future. In the meantime, mark this date — May 9 — on your calendar. This year, brethren, your officers and I would like to honor an unintentionally forgotten group of ladies — the widows of our members who have been called by the Grand Architect of the Universe to His workshop. We would like to invite these ladies to be our guests on May 9th, but in order to accomplish this goal, we must ask the assistance of the brethren. Many of these widows have moved and their current address is not known. However, if you brethren know of any of our widows, please so advise your officers so that we may arrange to have them as our guests on Ladies Night. Or better still, when you mail in your reservations for this banquet, please note on your reservation that you, in addition to bringing your own lady to this event, will also provide transportation for a widow of our Lodge. We would like to have as guests this evening at no cost to them as many widows as we possibly can.

Our Lodge owns several cipher rituals which are loaned to brethren for their use. We have on our books ritual number 228, but through an oversight we do not have the name of the brother who holds this ritual. Any of you brethren who hold a ritual (except officers), please to see if it is number 228 have this ritual, please immediately so that our records be brought up to date and name entered as having made deposit for the use of this ritual.

brothers, for it is ever our aim to share our light with those less informed.

I feel it quite fortunate indeed to have such a fine bunch of willing and able officers for Wayne Lodge, but at the same time we need the support of all members in attending all meetings possible and we look forward to having you with us to share Masonic fellowship throughout the year.

It was my pleasure and that of Wayne Lodge to present 25 year pins to two of our most faithful members. Kenny Rayl has spent much of his 25 years working with the Craft and has spent much time and effort acting as Chairman of the Vets Hospital Visitatioo Committee. Nile Hake, who was Master of Wayne Lodge when I first stood in the North-east corner as the youngest Entered Apprentice, has served the lodge most faithfully the last few years as Treasurer, and has always been willing to help in the Craft and with the lecture work. Since taking over the office of Worshipful Master Nile has often given wise suggestions which are greatly appreciated. To these two brothers, we can only say thanks, and congratulations.

Our next Vets Hospital Visitation will be April 20 which will be on Monday night as usual, so let's turn out and show these patients that Wayne Lodge really cares. These less fortunate brethren really appreciate a chance to talk Masonic news with us.

During the month of March we will recognize three distinguished brothers with awards of gold for fifty years membership. They are Henry C. H. Hoffman, Clarence Wiebke, and Victor Cartwright. Brothers, we are proud of you and you have our best wishes for many more years of continuous membership. In April we also have three brothers eligible for this distinguished award of gold: Hubert J. McComb, Clifton J. Ross, and Arthur W. Wilke. For these brethren we will be happy to present this award at a later designated date.

Our sympathy go to all those families of members who lost loved ones during the month. To those who are ill, our best wishes for a speedy recovery.

We'll see you in Lodge.

I know that many brethren who cannot be there will have wished that they had made arrangements for that particular day. I hope that I will be able to give a better report in the next issue.

Again I wish to thank the brethren who have beeo so faithful in helping in the construction of the Temple. Many thanks. And while we are speaking about helping on the Temple, there are many ways in which a person can help, some in actual labor, some in donating of material, some in money. There have been some pledges paid this last month, but still there are some outstanding pledges. We would appreciate it if you can see yourself clear to please remit. Thank you. If you have not pledged, contact the secretary or myself and we will be glad to accommodate you with a pledge card. March 1 is past and if you have not paid your dues, well, the last word is that you are in arrears. We would appreciate the dues, although there are not many, but if they are paid it makes it so much easier on the secretary. Thank you.

At this time I would like to express our sympathy to Mrs. Leroy Vulgamott, whose husband, Brother Leroy Gilbert Vulgamott, passed away on March 3. Services were held for Bro. Vulgamott in the D. O. McComb parlors on March 5 with Brother Bruno Belbutcski, Past Master of Summit City Lodge, in charge, assisted by Richard E. Krinn as Chaplain. We wish also to extend our sympathy to Brother Clayton E. Yoquelet, on the death of his mother. Get well greetings go to the wife of Past Master Ernest Walker and to Mrs. Maude Lepper, wife of Elliott Lepper, also to our Treasurer T. Mack Fehman.

Our congratulations go to Brother Raymond Allen Sipe, son of Robert W. Sipe, on being raised to the Sublime Degree of Masonry on Feb. 25th. We will be having work during the month of April, so try and plan to be at our meetings. Stated Meeting April 1, E.A. April 8, F.C. April 15 and Master Mason April 22. We will expect you to attend some of these meetings and maybe take an active part.

To all Master Masons, their wives and daughters, there is in the process of organization in Waynedale a Chapter of the Eastern Star. An organization meeting will be held March 16 in the Waynedale Masonic Temple. Watch the paper for further information on this subject. I would like to announce the paper drive of Bethel 128. If you have any newspapers, bring them to Waynedale Masonic Lodge and the Job's Daughters will take care of them. They have a project in mind, so if you help them with the papers you will be helping our own cause.

In closing I would like to remind you of your past dues, your contributions to the Masonic Home, and the pledges, which are all worthy causes. We will be seeing you in Lodge.

Three Rivers Lodge has had work each month this year, and we have two petitions to vote on at our April 14th stated meeting. I want to thank my officers and members for the very fine work they have been doing.

On Friday March 13th members of the cast "Rose Upon the Altar" performed before a good crowd at Winchester Lodge. We had to leave right after work in order to be there in time for the dinner that was served at 6:30. The fellowship enjoyed by everyone present makes this activity of the Lodge well worth the time spent. Past Master Thurber Mohr, director of the play, made all the arrangements.

Our Masonic Education this month was given by Bro. Orville Roberts. The subject was "What Freemasonry Means To Me." It was very well presented. A great deal of time was spent to be able to give such a fine program.

Our secretary, Curtis K. Heston, wishes to remind the members that dues must be in by the April 14th stated meeting as a committee must be appointed at that time to investigate the reasons for non-payment of dues.

Best wishes go out to all brethren who are ill and we wish them a most speedy recovery.

FORT WAYNE CHAPTER Order of DeMolay

How is everybody out there in good old DeMolay land?

We are just a little past the one-quarter mark on our rehabilitation period and are going to finish ahead in the long run. Really, everything is just going great right now. As I write this article, Fort Wayne Chapter is in the midst of making the annual International DeMolay Week the biggest it has ever seen. Up to this point we have met at Trinity English Lutheran Church for Reverence and have initiated thirty hrand new members waiting to take their part in the events. Next month I will have a complete report on DeMolay Week.

At its stated meeting on March 11 a new resolution was passed. As nobody, including myself, cares to sit through an hour and a half or two hours just listening to a lot of talk that doesn't mean a whole lot to them, we have come up with something which I hope will not only be interesting but will boost active membership. For the rest of the spring term, unless otherwise notified, the second stated meeting of the month will be reserved for films, entertainment, speakers, etc. I will once more pass out member survey sheets to determine what you would like to see at the second meeting. Those who have the surveys which were passed out previously, please return them to me filled out. The main topic of the meeting was DeMolay Week and the planning of same. Petitions were voted on and passed to receive degrees March 26

March 14 fifteen young men helped seat and serve a fantastic crowd at the Masonic Temple for dinner. It was the beginning of a long day for DeMolay and for the guests and candidates of the J. Edgar Hoover Class of the York Rite; a kind of kick-off for DeMolay Week, some of the boys called it, as they earned Masonic Service hours toward a merit bar. At 5:00 p.m. 1400 people

were bused from the Temple to the Scottish Rite where twenty-two DeMolay boys waited to seat and serve. Later on during the banquet the Indiana DeMolay Foundation, Job's Daughters, and Rainbow Girls became $628.00 richer, thanks to all those who attended and contributed. A party afterwards was a fine way for relief.

On Friday, March 13, John Kinast and I watched the signing of the proclamation proclaiming International DeMolay Week by the Mayor of Fort Wayne, Harold Zeis.

This is for those members who are what I call delinquent in the aspect that they don't know their obligations as yet. Also newly initiated take notice. Those members who haven't memorized their obligations aren't eligible for any extra-curricular DeMolay activities. Boys, there are lots of things coming up in which I am sure you would like to participate, but this will be possible only if you learn your work. If there are any questions, please call Robin Rhodes at 485-3107.

The Councilors have planned upcoming events for April and May and there will be bulletins at a later date.

An awards banquet has been planned for the end of May and your award slips should start coming in at any time. The last date that the awards can come in is May 1. Turn them all in to Senior Councilor John Kinast. Everyone likes to feel that his efforts and accomplishments in behalf of some purpose or goal are appreciated and most everyone is not unfavorable to suitable recognition. To fulfill these requirements the Supreme Council has provided numerous honors and awards for the official recognition of such services and achievements. Fort Wayne Chapter is no exception and would like to give you the benefits that come with your hard work. Be sure to write the hours on the back of the award slips.

Scissors will be coming in pretty soon, so remember, if we get out and sell them there will be a lot more trips just like Detroit, but even better.

I may mention that the best way of getting money is for you to bring in those petitions, because we receive $15.00 out of the $25.00.

Speaking of petitions, we have planned another rush party which will probably take place in early April. At the beginning of the term we set a goal of 100 new members. We have 30 new members and we need only 70 more.

If anyone should ask the main purposes of DeMolay, just answer like this: "The main purposes of DeMolay are the building of better citizens and creating leaders through the development of character in young men."

Mothers, do you want to see your son grow in DeMolay? Then call Mrs. Haver at 747-2633.

I don't think I can say this too many times — each chapter has an important part in the overall international goal of making 1970 the greatest year ever. With your dedicated efforts and assistance, the goal will be reached.

We are on the top in Indiana! Next the world!!

Be a Representative DeMolay and be the best! Bring in those petitions! And above all, live up to the high principles and ideals DeMolay teaches! Good luck and God bless!

On March 28, 1970, the installation of Trinity Chapter No. 576, O.E.S. was held.

The following officers were installed:

Worthy Matron, Mae Ernst; Worthy Patron, LaVerne Knisley; Associate Matron, Ann Galbreath; Associate Patron, Elmer Spahr; Secretary, K. Eugenia Wood; Treasurer, Dorothy White; Conductress, Della Weesner; Associate Conductress, Sharon Knisley; Chaplain, Claude Hoover; Marshall, Ann W. Hughes; Organist, Elizabeth Smith; Adah, Martha J. Bier; Ruth, Janet Henderson; Esther, Dolores Anspach; Martha, Kay L. Albertson; Electa, Arlene Swaidner; Warder, Louella Sproat; Sentinel, Charles Kinch.

Installing Officers were: Installing Officer, Past Matron Jeanice Kemp; Installing Marshall, Past Matron Elizabeth Smith; Installing Chaplain, Past Matron Winifred Pabst; Obligation, Past Matron Mabel Robinett; Installing Organist, Grand Organist Lucile Mumaugh.

The new officers elect entered the room wearing white dresses. Each Star Point's dress was accented with the color of the Star Point Station. The room was beautifully decorated, using a garden theme.

In the East was a back drop of various shades of blues and floating clouds. A flower garden with a weeping willow tree was surrounded by a white picket fence. At the entrance were white arches on each side of the gate. In the background were the words "Grow in Grace." The emblem, a large white cross with a red rose, stood in front of a red velvet backdrop.

A picture of the "Sunset Over a Lake," on an easel, stood in the West. Behind the West was a Scroll with the motto "Seeds scattered today are the flowers of tomorrow."

At the Star Point Stations was a beauty vase of garden flowers with a red rose in the center, and a ribbon the color of the Star Point's Station.

Past Electas and the Star Points, who formed a cup, were awaiting the new Worthy Matron as she was escorted to the East by her two sons. Her sister presented her with a bouquet of red roses. Sister Mabel Robinett sang the "Impossible Dream."

Men from Trinity Chapter, wearing white butcher coats, were awaiting our new Worthy Patron as his wife escorted him to the East. Words and music written especially for the occasion were sung by Sister Mabel.

After the installation the Rev. Benjamin Antle, minister of Forest Park United Methodist Church, invoked the blessings of our Heavenly Father.

Sister Mae and Brother LaVerne were escorted to the Altar for the Bible singing ceremony during which time the song "Only One God" was sung.

A reception was held in the ball room. A large basket of garden flowers graced the buffet table and small baskets of flowers and white candles were on the tables where the members and guests were seated.

A word from Sister Mae and Brother LaVerne:

A new Chapter year has begun and while I am grateful for the honor and for the confidence placed in me, I am not unmindful of the responsibilities that come with the acceptance of the office. It is a privilege for me to work with you and I shall try to perform each duty, great or small, with faithfulness. Not only do I ask your co-operation, but also your patience and understanding.

The next year is ours to advance or to go backward. May we scatter seeds of charity and loving kindness and place our Order near its God-given destiny.

As the activities for the 1969-70 year drew to a close we gathered on March 5th to fete the Marthas, past and present, who have served as the Green Ray down through the years. Patron Bob Biedenweg read "The Story of Martha" and the officers presented a skit entitled "The Temple of Faith." Sister DeAnna Bishop, representing all of the Marthas, was escorted East where she was given keys to open the door of the Temple of Faith. The Choir sang a lovely song and each Martha present was given a miniature broken column. We were especially pleased to have with us Sister Catherine Smith, Grand Representative to Indiana in Ohio. Resolutions were read and our Charter was draped in memory of Sisters Minnie Johnson and Edna Ruple and Brother Weaver Carmer.

The March 19th meeting was set aside to honor our newly-elected Worthy Matron and Worthy Patron, Marguerite and Owen Arnos. There is a daisy called the Marguerite and a lovely tribute to our Matron-elect was presented using this flower as the Star Points added flowers to the basket she carried. The choir sang a parody to the tune of "I'm Looking Over a Four Leaf Clover."

Perhaps it would be fitting to close the final page of the book of Louise and Bob's year with the thought they shared with us each meeting: "Our lives are books written through with good or ill, with false or true; and as the blessed angels turn the pages of our years, God grant they read the good with smiles, and blot the ill with tears."

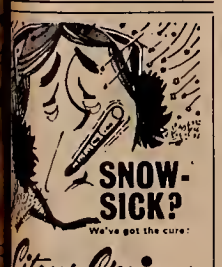
The Commandery Room was the scene of the installation of Sister Marguerite Arnos as Worthy Matron of Fort Wayne Chapter on March 21st at 8:00 p.m. The room was beautifully decorated for the ceremony. The Worthy Matron's watch words 'Faith, Love, and Prayer' and the lovely Eastern Star Emblem in color were mounted on the snow-white back drop and streamers of the point colors were arranged in a graceful swag to a large pair of Praying Hands. The dais was amassed with flowers and greenery and in front of it was the shadow box with the open Holy Bible, a redwood Cross, and the Praying Hands which is the simple and impressive emblem our Worthy Matron will use this year. Her flower, the white carnation, was used with star-point color carnations in tall vases behind each Point chair and in the West was posted her memory verse — "Commit thy way unto the Lord; trust also in him; and he shall bring it to pass." Psalms 37, v. 5.

Past Patron Forrest Finnell gave the invocation. Presiding as Installing Grand Officer was Clayton L. Herrick, Past Grand Patron and Grand Trustee of the Indiana Grand Chapter. He was assisted during the ceremony by Grand Marshal Mary Knauer, Grand Organist Delmar Proctor, and Grand Chaplain Evelyn Snarr, Past Matron of St. Mary's Chapter, Poe, Indiana. Past Patron Harold Houser gave the obligation.

Sister Marguerite was escorted from the altar to the East by her son, Daryl, while Sister Carol Munk (Past Matron) sang "You'll Never Walk Alone." Two lines quickly formed a path for our new Matron at the head of which was her daughter, Janis Koenig, and daughter-in-law, Sheryl Arnos, and Marguerite's two wee granddaughters, Julie and Jenny Koenig. Others who made up the line of escorts were the Star Points who will serve this year, and the Points who served with Marguerite during her year as Chaplain; Eleanor Houser, Lou Ann Tuttle, Sherry Rugh, Mildred Waldo, Ethel Daub, Louise Caldwell, Jean McQueen, Patricia McKinney, and Miriam Hardy.

Owen Arnos was installed as Worthy Patron. As his daughter, Janis, led him toward the East, Brother Bob Mumaugh narrated the beautiful "How Great Thou Art," assisted by the men of Fort Wayne Chapter's Choir. Brother Owen, "Shorty" to his close friends, was surprised by a motley crew in his escort lines. The group was led by his son, Daryl, and son-in-law, Jack Koenig, and was further composed of members of the 3-5-7 Club for Masons at Tokheim Corp. where he has worked for many years. They were dressed in hunting and fishing garb and carried symbols of their sport — guns, fishing poles, etc. There was a horse collar to remind Owen that he has been called a horse-trader, and there were signs and cans for burying the money they say he hides deep in his back yard.

Other officers who were installed were: Associate Matron, Elsie Brown; Associate Patron, James Peters; Secretary, Helen Howard; Treasurer, Helen Parrott; Conductress, Geraldine Cook; and Associate Conductress, Reathel Blue. Other officers who compose the Fraternal Family are Chaplain, Patricia McKinney; Marshal, Miriam Hardy; Organist, Grand Organist Lucille Mumaugh (who has always been "The Grandest Organist There Ever Was" to us); Eleanor Houser, Adah; Sherry Rugh, Ruth; Lou Ann Tuttle, Esther; Mildred Waldo, Martha; and Ethel Daub, Electa. Brothers William Hardy, Warder, and Claude Howard as Sentinel complete the roster. Dorothy Finnell, Past Matron, will serve as Prompter.



At the conclusion of the installation rites the new Worthy Matron and Worthy Patron entertained with a reception in the Ballroom. The lovely decorations featured a large wooden Cross and three-dimensional Praying Hands spotlighted at the far end of the room behind the refreshment tables which were arranged in T-formation. Centering the table was a huge gold metallic star with an arrangement of white carnations at the center. Each point of the star had a candle holder with a hand-made candle in the appropriate Point color. The guest tables were similarly decorated with sunburst star centers and rose candles alternated with tall white tapers. Presiding at the punch bowls were Marjorie Rodemeyer and Eleanor Costello, Past Matrons with whom Marguerite has served. Helen Helms was in charge of the guest register, the reception was in the able hands of Mabel Nahrwold and Madge Harshbarger and their group of Hostesses. Gladys Grunewald, Martha Bonham, and Arlene Baumgartner were in charge of the gift tables.

As our former Chaplain, Worthy Matron seeks the blessings of our Heavenly Father and shares with us this Prayer for guidance and the message which follows: "Our Father, we come to Thee asking Thy blessing upon our plans and activities during the coming year. With Thy help we shall accomplish much for the benefit of our Fraternal order. We thank Thee for the blessings which have been given to us in our past years of service. We ask Thy help in all we do and say, for the uplifting of Faith and Love in the year we are now entering. Help us to make our obligations sacred to Thee and to each member. Bring us together in spirit and love, always. Amen."

"This is our prayer as we begin another year for Chapter. It takes so many hands to help make a year a success. We are in need of many more helping hands. If you have not been called, why not make a call to your Matron or one of the committee chairmen and offer to help? Make yourself a part of a committee that you think you will enjoy, and this will make your Chapter a part of you."

Another year in the history of Shiloh Chapter has been completed and we are beginning a new one. We would pause to say "Thank you" to Sister Kay and Brother Art for giving of your time to serve us as Worthy Matron and Worthy Patron the past year and give a warm welcome to Sister Jerry and Brother Paul who will serve in those stations for the ensuing year. We pledge our assistance and support and wish for you and your officers a most happy year.

On April 1 the newly elected and appointed officers were installed in the Commandery Room of the Masonic Temple. The room was very beautiful with the colors of violet and white predominating. Sister Jerry's motto "Fidelity, Understanding, and Peace" was on the back drop in the East. Arrangements of violets suspended from overhead. Her flowers are the violet and white rose; emblem, the open Bible; and scripture from John 20:27 "And be not faithless but believing."

Before the 1969 officers retired, Sister Ruth Petty presented to Sister Kay a Past Matron's pin and Brother Harvey Petty presented a gift to Brother Art. These were from Chapter in gratitude for their services.

Sisters Thelma Bailey, Hazel Riethmiller, Amelia Brown and Jessie Holman greeted and extended a warm welcome to those attending the Installation ceremony. Sisters Pat Nehls and Betty Mann were in charge of the programs. Worthy Matron invited Sister Sonoma Woodruff, Past Grand Matron, to be the installing officer. The 1969 officers retired.

Those assisting the installing officer were: Sister Ethna Hasty, Installing Grand Marshal; Sister Ethel Miller, Installing Grand Chaplain; Sisters Shirley and Sandra Gordon, Installing Grand Organist and Soloist; Brother Ben Thompson, Invocation and obligation.

Our Worthy Matron, Sister Jerry, was escorted East by her husband, Brother John, a Past Patron of Shiloh. An aisle was formed by ten Shiloh members and Jerry's two grandchildren, Darron and Wendy. Beautiful soft blue silk scarfs were worn as head pieces by the escort, this in recognition of the Adah point for our W.M. Each presented her with several white roses. At the end of the escort her fraternal Mom tied these together with a bow of blue. Her special song was "He."

Our Worthy Patron Brother Paul was escorted East by his wife, Florence, through an aisle formed by his Masonic Brothers. His song was "I Believe."

Other officers installed were: Associate Matron, Vancha Collins; Associate Patron, Grover Scott; Secretary, Rose McGraw; Treasurer, Dorothy Adler; Conductress, Phyllis Farmer; Associate Conductress, Doris Proehl; Chaplain, John Crouch; Marshal, Kathryn Vonderau.

As Sister Kay approached her station she was met by her points and other members of Chapter.

Organist, Lucille Thompson; Adah, Diane Gingher; Ruth, Clara Outlaw; Esther, Jane Witmer; Martha, Elizabeth Witmer; Electa, Anita Collins; Warder, Esther Mossburg; Sentinel, Donald Proehl.

Brother Dennis Eldridge approached the East and presented to our Worthy Matron a lovely gavel which he had made.

Sister Jerry introduced her own Worthy Matron and Worthy Patron, Sister Ethna Hasty and Brother John Crouch, she having served as their Adah. She thanked all who had any part in this lovely installation and both she and our Worthy Patron thanked the Chapter for giving them this honor and privilege and asked the loyal support of all members.

Sister Jerry and Brother Paul were escorted to the altar where they signed our Holy Bible.

Our newly installed W.M. and W.P. were host and hostess to the reception held in the ballroom. The refreshment table was lovely. It was skirted in blue satin with an overskirt of nylon net. Tall blue tapers in silver holders, clusters of violets, white roses and silver bows completed the decorations.

"Easter's over — yet its glory lingers.
Hope eternal shines from out the tomb
Birds sing, as they did that wondrous morning.
Children laugh and play, and flowers bloom.
He who rose amid the glow of springtime,
Brought us hope and peace, and joy and love.
Nature's resurrection on each springtime
Brings us thoughts of that new life above."

As we begin our year of service to Faith Shrine, we wish to thank the Sojourners for placing their trust in us and ask for your support in the coming year.

Greetings Companions: I am happy to tell you our Companion Guard Bob Dawkins is bome from tbe hospital and recuperating.

Companions, this past week your Fort Wayne Chapter was indeed fortunate to have a part in the conferring of the Chapter Degrees on more than fifty candidates from Fort Wayne and the surrounding area. Many chapters were represented by having candidates and even more represented as their members came here to watch the work portrayed. Through the constant efforts of our Grand Lecturer, Lloyd Young, and Grand King, Marv Isley, officers, casts and all the companions, the degrees became a living lesson to us all.

The companions have indeed shown what can be accomplished with combined interest, ingenuity, and persistence. Even to that extra effort it took to fill in a role or do something not before attempted here gave impetus to the fervency witb which each part was portrayed.

I know I speak for all who participated when I say it was a pleasure to present the degrees to a fine attentive class. To you new companions welcome to York Rite. We want you to be part of it—not just a member.

Hope to see you at supper on Stated Meeting.

Is your son or brotber a Mason? Is he a York Rite Mason? If not, help bim along the way to Masonic light.

April Rain

April washed the world last night
Then hung it up to dry.
A sleepy sun now starts to climb
The stairway to the sky.

Not only can a world be cleansed
And dressed in bright array.
But April rains refresh the soul
And wash our cares away.

Brethren: Another month has gone by and we are busy with degree work. On Feb. 11 an outstanding job was done on the E.A. Degree with Bro. Wayne Rothgeb in the East, then on Feb. 18 Bro. Ken Gibson presided in the East for another job well done on the F.C. Degree.

At our April 1st meeting our historian, Bro. Ken Gibson, will give us an outline of the Lodge's History to date and information on the original New Haven Lodge bere years ago. It should be a very interesting evening.

Many thanks to all the Brothers who have been attending the meetings. Our side line has been growing real well. See you in lodge.

In January the lodge was opened upon a "Lodge of Sorrow." To our sorrow Brother Edward Kinerk passed away February 18, 1970. A memorial service was held at the Elzey Funeral Home February 19, 1970. Brother Edward had been a Master Mason for more than twenty-five years. Last November he was our "Master Mason of the Month." If you remember, we also celebrated Edward's 90th birthday. It was my privilege to participate in this grand old man's final stated meeting function.

During the course of our regular stated meeting, Brother Mervel Smith installed Brother Vaughn Myers as Senior Deacon. That act finished our installation of officers for the year.

It was reported that the lodge's roof repairs had begun but were not completed at this time. The contractor told the trustees that "The condition of your roof is the worst I have seen in ten years." As a result a complete roof overhaul agreement was reached.

Senior Warden Snarr gave a report on the Founder's Day meeting. He was Olive Branch's representative that day in Indianapolis.

Secretary Loyd Brown was named "Master Mason of the Month." This selection came much to his surprise since he has been the person who gives the statistics for this part of the ceremony. This recognition has been long overdue for this loyal brother.

On May 9 we will hold a dinner at Antioch Lutheran Church at which time the Award of Gold will be presented to Brothers Herbert Jesse and Robert Flora. Dinner tickets are $2.00 per plate and reservations should be made with lodge secretary Lloyd Brown, 639-3740, before May 2.

But my soul I could not see.
I sought my God,
But my God eluded me.
I sought my Brother
And I found all three."

Brethren: Unfortunately, I must again report the loss of two brothers during this past month: Brothers Joseph Kugler and Don Simon.

We wish to report to you that the Lodge has again become active in working with new members. The Entered Apprentice degree was put on on the night of March 19, and our tentative plan includes Fellow Craft degree on the evening of April 9. We will open Lodge at 7:30 p.m., and the Master Mason. degree will be April 30 with dinner at 6:00 p.m. with the Lodge opening for work at 7:30 p.m. Mark these dates on your calendar as we are sure you will want to be present.

At the stated meeting, the Lodge voted to allow the building committee to have detailed plans drawn for a new home to be constructed, hopefully in the very near future. The Lodge building committee is becoming extremely active, and if any of you would care to become a part of this activity, please notify one of your officers as we can use any additional help.

As you may know, Charles Robinson, who is our member in residence at the Franklin Home, has been in the Methodist Hospital at Indianapolis for Major surgery. We can now report to you that he is recovering very nicely and is back at the Franklin Hospital for recuperating care. If you have a chance, drop Charlie a note; I am sure he would appreciate it.

Keep in mind the stated meeting which will occur April 2, and hopefully, we will see you then.

By the time this is in your hands the March 28 Ladies Night will be history. We bope you and yours were able to attend and had an enjoyable evening.

We are looking forward to an active spring as we just received two petitions for membership. Please let us know if you would like to help out with some of the degree work.

Brother Clifford Gorrell P.M., lodge historian and scholar, wrote this story while preparing a history of Harlan Lodge for our centennial observance.

The Crossroads of Life

I came one day to my first crossroad, which way?
How should my little feet know?
Then a strong hand took my tiny hand and led me the way I should go.

Another day at the crossroad
The sign was over my head
When a sweet and lovely lady
Took time to read what it said.

And then once again at the crossroad
The markings had faded away
A kindly gray haired gentleman
Remembered and told me the way.

Then one day I came to the crossroad
The markings were clear and bold,
But I willfully went the wrong direction
In search of pleasure and gold.

Finally I came to another crossroad
My friends were waiting there
True friends wait long and patiently
They wait because they care.

One day I'll stand at a crossroad
It's Eternity's Shore, they say.
I trust that my Heavenly Father
Will be there to show me the way.

It's tonight I stand at a crossroad
Where the way is dim, without mark
Can I find someone to help me,
To ask before I embark?
I stand not alone at this crossroad
Humanity's hordes stand here too
We're watching and waiting for someone,
Someone to help us through.

If I wait tonight at this crossroad
Will I learn that I waited in vain
That the one for whom I had waited
Thought only of earthly gain.

Dear Friends, Please stop and wait at the crossroad
See if someone is there
Someone watching, waiting, boping
Praying that someone will care.

We thank brother Clifford for sharing these beautiful thoughts with us.

(Editor's note: Because we felt that many people would enjoy this poem, we made an exception to our rule of not using any poems exceeding 8 lines in length. However, in all fairness to the other groups, we must stick to this rule in the future. We have had months when as many as six groups sent in long poems, and space will not permit this.)

Brethren: I would first like to thank all who made the dedication program and banquet a success. Without the help of many loyal Brothers and Eastern Star members it would not have been the memorable day that it was.

The very eventful day started with an open house at the Temple from 12:30 to 3:30. During the open house we were surprised by the presentation and planting of two Acacia trees by the Leuenberger families. They will beautify the front of our temple and will serve as a reminder of the importance of this tree in our ritualistic work.

Due to the limited space in our temple the wives of the Grand Lodge officers and other ladies present were entertained at a tea and program at the Monroeville United Methodist Church from 4:00 to 6:00.

After the opening of lodge, with about sixty-five Masons present, we witnessed the escort of Most Worshipful Grand Master Robert P. Joyce and other Grand Lodge officers and distinguished guests. The dedication program was beautifully exemplified by the Grand Lodge officers.

After the closing of lodge by the Grand Master, we traveled to the Monroeville Elementary School where we were joined by our ladies for dinner. Following dinner, Most Worshipful Grand Master Robert P. Joyce gave a very inspiring address about the life of Abraham Lincoln.

With a long and memorable day, enjoyed by all, coming to a close we joined in singing "God Bless America" in unison. The events of this day, February 14, 1970, will live forever in the bearts of the Monroeville Masonic families.

Brethren: We would urge all who can to attend our stated meeting, April 1st. We will have three representatives from the Veterans Hospital Visitation Program Committee with us. They will explain the importance of this program and participation in it.

e Do We Go Here?

question was recently asked new brother who had been only a few months before. an intelligent man and he ked forward to his initiation Masonic Craft as a notable ce. Being intelligent he did get any sudden brilliant light upon his sight to reveal deep secrets of life and living. observed around him men had been Masons for many e saw them as not much dif- from himself. If they possessed wers to the several unsolved that baffle men he saw little on of it. Yet, he realized they mething he did not have; he the presence of some intang- od between him; and it seemed good. Therefore, he wanted to in it.

man did find the work of egrees most interesting. The many men of diverse opinions a common ground of agree- on definite principles of thought conduct was pleasing. Under- ng that before any worth while can be done by groups of men, the groups be large or small, must be agreement on basic ples, he felt that here was an nation soundly established and le of great good for its own ers and for the world.

this appeared to be an aus- s start for the newly made e; yet within three months be- ment began to settle over him; ons began to arise in his mind; ion began to cloud the new he had received until he felt elled to voice the query, "where e go from here?"

s new brother's confusion is s all unique. It is probably ntered by a great many nf the unds of new Masons made each Unfortunately, far too many of never get the answer to that on, which fact may explain in why so many attend a few gs and then begin to skip until are seldom seen or heard from. recommendations bave been fully made and the work of in- ating committees thoroughly candidates for the degrees will the quality desired. These men not be expecting miracles nor e. They will not anticipate initia- nto a secret organizatinn en- in hidden propaganda or de- schemes of any kind. They understand that their initiation to join a great brotherhood, the ose of which is to make good better and that through them s influences and ideas may be fully offered and exemplified to world. But they do expect to something being done about this. hen, after a few weeks or months gns of such activity are appar- when not even any small tasks duties are found for the new to do, and when they observe ers who have been Masons for ore or more years with never work to do, the new members n to wonder what it is all about. ourse the newly made Mason ot from ready to fill any of the portant offices of the lodge. In- ent men do not expect that. they do look for something re than the regular degree work in which they can be nothing more than observers. They anticipate something more than an occasional dinner, special nights, picnics, or a visit from a dignitary. They observe a membership of perhaps five hundred or more belonging to the lodge and are inclined to look around and wonder what they are doing and why they do not attend very often.

The spirit of Masonry is of slow growth and these newcomers have not been exposed to it as yet. They cannot see what it is that holds the lodge together. Philosophic study of symbols and allegories is mnre or less a process nf individual research and contemplation. What these new Masons expect is action. They want to do something. Finding that something for them to do is a general lodge responsibility and it is the answer to the query, "where do we go from here?"

THE MOTHER'S WATCH

She never closed her eyes in sleep
until we were all in bed.
On party nights till we came home,
she often sat and read.
We little thought about it then when
we were young and gay
How much a mother worried when
we children were away.
We only knew she never slept when
we were out at night
And that she waited just to know
we'd come home all right.
Why sometimes when we'd stay away
till one or two or three,
It seemed to us that mother heard
the turning of the key,
For always when we stepped inside
she'd call and we'd reply.
But we were all too young back
then to understand just why
Until the last one had returned she
always kept a light,
For mother couldn't sleep until she'd
kissed us all good night.
She had to know that we were safe
before she went to rest.
She seemed to fear the world might
harm the ones she loved tbe best.
And once she said, "When you are
grown to women and to men,
Perhaps I'll sleep the whole night
through—I may be different then."
And so it seemed that night and day
we knew a mother's care —
That always when we got back home
we'd find her waiting there.
Then came the night that we were
called to gather round her bed.
"The children all are with you now,"
the kindly doctor said.
And in her eyes there gleamed again
the old-time tender light
That told she had been waiting just
to know we were all right.
She smiled the old familiar smile
and prayed to God to keep
Us safe from harm throughout tbe
years—and then she went to sleep.

TODAY

Today is in the full bloom of life. The petals of yesterday have shriveled into the past and tomorrow is an unopened bud, a bud that may be blackened by the frosts of fate. And the future is but a seed not yet planted — of unknown quantity.

But today — today is a gorgeous blossom of beauty and fragrance, It is yours — for today.

Today is a new page in the book of life. Upon it, and upon it only, can you write a record for your accomplishments. It awaits your pen, but once turned, it is gone forever.

Yesterday is a page turned. You cannot add one line to it, nor erase one word from it. It is closed forever and can affect the new page only as it has affected your heart and your courage. Your mistakes and fears of yesterday need not be carried forward in the ledger of life. The past holds no mortgage on today.

Today is a loaded gun — yesterday a spent bullet. Tomorrow is your target. On it will be recorded your aim of today.

Yesterday is gone, tomorrow unknown. But today — today is yours, an unmeasurable treasure house of golden opportunities, a sea of unfathomed possibilities, a forest of budding prospects.

Today is the first clear note in your song of life. It is the color tube from which you will tint your future.

There are fourteen good working hours in today — and ten hours for thought and rest. No man has yet discovered the limit of accomplishments that may be crowded into them.

And they are your — today.

—Exch.

Be A Living Example

Freemasons recognize the fact that all men are subject to error and that all Masons do not achieve the same moral and spiritual stature. However, every true Master Mason strives to so live that his life will reflect his faith in thoughts, words and deeds. This is in accord with the word of the apostle James: "Faith without words is dead." It is also in harmony with the words of Jesus in his sermon on the mount: "Let your light so shine before men, that they may see your good works and give glory to your Father who is in Heaven."

We cannot combat opposition by argument, but we can overcome unjust criticism by living a moral and upright life, by practicing brotherly love and making it real, and by bearing enthusiastic witness to the benefits and work of the Order. Do not sell the lodge short. We have good news. Many await our witness.

—The Royal Arch Mason

CONGRATULATIONS

The Square and Compass wishes to extend its congratulations to Right Excellent Grand King Marvin L. Isley, who was elected to the office of Most Excellent Grand High Priest of Royal Arch Masons of the state of Indiana at the 125th annual Grand Chapter Convocation held recently at Lafayette. 86 chapters were represented.

In his acceptance speech Companion Isley pointed out the requirements for better ritualistic work and the need, continuance, and acceptance of festivals for increasing the membership thrnughout the state.

POEM POLICY

In the future we will not accept any poems exceeding eight lines in length. Many times several groups submit long poems with their copy the same month and space prohibits publication of them all. It is obviously unfair to one organization to throw its material away and use that submitted by another group. Therefore, to be fair to everybody, no poems, please — except short ones. Also, many times a typewritten line of poetry becomes two column lines, so keep the poems either short or non-existent, please! Thanks for your cooperation.

THE WHEAT AND THE CHAFF

"He that is not with Me is against Me." (Matthew 12:30)

The Bible is disconcertingly blunt in the way it classifies people. It speaks of only two kinds of people: the wheat and the chaff.

Many people dislike such a clear-cut division of classification. They imagine three kinds: the very religious, the irreligious, and a middle group, to which they think they belong. They admit they are not in the first, and they do not want to be considered in the second — hut the third — that is an invention of their very own. However, nowhere does the Bible speak of such a middle class. You are either the wheat or the chaff.

There were two classes in the days of the Flood — those within the Ark and those outside; two in the Parable of the Net — the good and the bad; the wise and the foolish; two roads to travel — the narrow and the broad; two classes in the picture of the Judgment throne —the right and the left.

So, there are two classes, only two, in the world, converted and unconverted; believers and unbelievers; saved and unsaved; those who are with Christ and those who are against Him. Only two groups — there were no others than these.

Therefore, with only two in the world, who has the right to judge? Who has a right to shun truth? The philosophic person recognizes that if a thing is true you must accept it no matter how incredible or unpalatable it may be. No real values are destroyed or impaired by learning the truth about them. The falseties and prejudices of the world are allergic to truth and will die if sufficiently exposed to it. However, philosophic as one might be, the truth hurts in many instances.

Most of us shun away from truth because we lack courage and are weak. We are afraid to show our hand or to stand up and be counted for fear it would retard our personal desires and ambitions. We agree with those who are wrong even though in our hearts we know they are wrong, rather than to face the actual truth and jeopardize our chances of advancement. It really does not make sense — but it is a fact.

As long as we are selfishly concerned only with ourselves, our ambitions, our successes, we can only display our weaknesses. There are too many people these days much too willing to go along with the mob rather than to dn their own thinking. It takes courage to defy convictions; it takes courage to stand for what one believes in and it takes even more courage to insist on telling the truth regardless of the consequences. Right or wrong, the truth is, above all else, the hnnest way of life — the one way.

There will come a day — a day of judgment — and we hope that we might see it in our generation, when the honest, intelligent, truthful people will be in the majority and will rule once again. The trend of the mob cannot last because it has nothing firm to stand on. Courage and truth can never be downed for any length of time. If it is trampled, it will rise again. It will have to if we are to survive as people, as organizations, as a nation. We cannot continue on as we are without disaster.

Let us never forget that there are only two ways — the good and the evil. The person who can be easily led; who is told what to do and how to do it, how to think and believe, can hold little faith in himself or his friends. That person is and always will be a puppet unless he finds courage and truth in his make-up before it is too late.

Ladies Night is May 8, 1970 and tickets are now available.

I have no words — alas! — to tell The loveliness of loving well.
Edgar Allan Poe

The bards can phrase it so much better than I. Oftentimes I find that I must use their words to coovey my meaning. Would that I were brilliant of mind and glib of tongue that I might somehow express my sentiments in a new and wondrous manner. It would seem that it has all been said before — but it will not lessen the intensity to say it just once more.

Come, join with me, to tell our ladies that we love them.

Four more EA's have joined with us during April and by the time this goes to press we will have visited University Landmark Lodge, in Chicago, for the MM degree. If you didn't make the trip; you missed the fun and fellowship again. We enjoy it; you could too.

Don't miss all the fuo — Ladies Night is next — it's your Lodge and your mooey — enjoy it while you may.

One aspect of letting the Light of Masonry shine in and through our lives is that of responsible citizenship. One of the most basic responsibilities, even duties, of American citizenship is that of voting. I make the particular point of brioging this to the attention of the Craft because of the approaching May Primary Elections. It is here that we may shape the character our political parties will assume this fall by selecting candidates with the philosophy we want to see emerge. It is indeed unfortunate that more people do not understand this fact and are willing to let a mere handful decide such an important issue. I sincerely hope that all of Maumee's brethren will demonstrate responsible citizenship this May.

Among other items that need to be brought to the attention of the Craft, I wish to announce that Maumee's annual Golf Outing and Spring Dinner will be held June 20. Past Master Bill Hanes is chairman of this event and expects to have details complete early this month.

Also, Brother Lawrence Place has been confined to Parkview Hospital since last December. He was seriously injured in a construction accident and, while he is recovering, rebabilitation is slow, painful, and sometimes discouraging. All of his brothers wish him an early "homecoming" and a brief visit or cheery note will certainly help make that day approach more rapidly.

May 18 is the next VA Hospital visitation date. I again encourage you to spend an hour or so visiting with those brothers who must stay indoors on these beautiful Spring days.

Finally, remember that the work of your lodge continues with the conferring of the degrees upon our newest brothers. Demonstrate your Masonry by planning to be in lodge this month.

Brethren, the month of May will be a busy one. May 2nd is Ladies' Night; May 19th and 20th Grand Lodge Meeting at Indianapolis; and we should have two candidates.

We would like to welcome Brother Stanley W. Larison into the Lodge. Brother Larison was raised to the sublime degree of a Master Mason on March 24th. Congratulations, Stanley.

We regret the loss of Mrs. Della Schwartzkoph who has been our guest at the Masonic Home in Franklin, Indiana, since June 1963.

On Tuesday, May 19th, some of the officers will be in Indianapolis for the Grand Lodge meeting. Our junior warden, Richard Stresser, will stay behind to take care of the Fellow Craft Degree. Come down and give him a hand.

On Saturday night, May 9th we will have our annual Ladies night. This is the day before Mother's Day and, accordingly, is an event planned to honor our ladies. An announcement and reservation form have already been sent to you. Reservations are necessary and must be in by May 4th. We will have a dinner at 6:30 p.m. in the Temple ballroom. After dinner we will be entertained by two outstanding youth groups — the Fort Wayne Chapter of DeMolay will give their impressive flower talk and the New Haven Swing Choir will sing for us. For those of you who may already have seen these groups before — you will want to see them again. For those who may not have seen them — don't miss this chance. So mark this date and event on your calendar— Ladies night, Saturday, May 9th, and mail or call in your reservations on or before May 4. Tickets may be obtained from any officer or you may call Bob Holmberg, WM at 745-9913 or Bill Hardy, JW at 745-0151. Tickets may also be obtained from Doris Leiter at the Temple office.

Our Lodge owns several cipher rituals which are loaned to brethren for their use. We have on our books ritual number 228, but through an oversight, we do not have the name of the brother who holds this ritual. Any of you brethren (except the officers) please check to see if it is number 228. If you have this ritual, please notify me immediately so that our records can be brought up to date and your name entered as having made a deposit for the use of this ritual.

Reported ailing since last writing are brothers Harley Springer and Eugene Van Curao. We hope these brothers are well on their way to recovery by now.

A final reminder to any brethren who have not as yet remitted their 1970 dues and assessments totalling $23.96 to our secretary to do so before our May 4 business meeting.

The dedication ceremonies of Waynedale Lodge are over, and they were a success. The Most Worshipful Grand Master, assisted by the Grand Officers, performed a magnificent piece of work. The Grand Lodge Officers were led into the Lodge Hall by John E. LoVerde, Senior Deacon of Waynedale Lodge, they were accompanied by several distinguished visitors, Brother Alfred Apple, Most Excl. Grand High Priest, Grand Chapter R.A.M.; Brother H. Hanley Hammel, Most Ill. Grand Master, Grand Council R.&S.M.; Brother Walter P. Worland, Very Em. Dept. Comm. Grand Commandery K.T.; and Ill. Brother Byard Smith, Active for Indiana, Supreme Council A.A.S.R. They were escorted into the Lodge Hall by the following members of Grand Lodge, by virtue of their standing in their respective Lodges: Brother Ralph D. Blair, W.M. Three Rivers Lodge ,733; Brother Timothy A. Kaehr, W.M. Ossian Lodge 297; Brother Charles E. Hecht, W.M. Monroeville Lodge 293.

The Temple was found to be "square," the walls found to be "plumb," and the floor found to be "level."

The Grand Master then sprinkled the "corn" of nourishment, the "wine" of refreshment, and the "oil" of joy. The ceremonies were completed with the singing of our National Anthem, with Brother Bill Wetzel at the piano. We wish to thank the Fred Myers Piano Co., for the use of the piano. All of our sister lodges in Fort Wayne were represeoted, also twenty-nine representatives from other Indiana lodges, and one from Canada and one from Japan. All in all, the Temple was packed. The Grand Master remarked several times on the attendance and the beautiful Temple that Waynedale Lodge had erected.

After the ceremonies at [illegible] Hall, there was a delightful dinner served at the United Methodist Church to two and twenty-six guests. We a short talk by Past Master T. The month of May is here and spring is well on its way. Many of us are thinking about our annual meeting of the Grand Lodge Free and Accepted Masons of Indiana at Indianapolis May 19 and 20, 1970. Senior Warden Theodore R. Arthur and Secretary Curtis Heston will be going to Indianapolis with the Worshipful Master to attend.

On Friday, April 24 the members of the cast "Rose Upon the Altar" performed before a good crowd at Redkey, Indiana. On Friday, June 12 members of the cast will present the play at Wolcottville, Indiana. This is one activity of the Lodge that the time spent is well worth while.

Worshipful Brother Delbert Dennis will present the Masonic education program on April 14. At this writing I do not know what it is going to be about, but I am sure it will be very good.

Family Night will be held on Saturday, May 16th. Dinner is to be served at 6:00 p.m. Brother Harold Hamrick will present "John Hamrick's Variety Show" following the dinner. We are looking forward to this Family Night, your officers of Three Rivers Lodge would like to see all the Brothers and their families attend this social event.

Best wishes go out to all Brethren who are ill and we wish them a most speedy recovery. It was nice to have Worshipful Brother Albert E. White back at work with us again. Thanks for everything.

Brethren, with the coming of springlike weather, and looking forward to mowing the lawns and our eternal struggle against crabgrass for another summer, we have a tendency to forget about the Lodge room. Far be it from us to take you away from these pleasant tasks, but we do need to set aside one night a week to come up to Lodge and give us your support. As I have mentioned before, any brother who bas a desire to take any part in the work has only to let us know and it will be well received. I do wish to express appreciation for all the brothers and Past Masters, who so willingly fill in any place that they are needed.

It was our pleasure, in March, to give the degrees of Masonry to Reed Mahlon Brosius, the son of our Past Master Monroe W. Brosius, who also has another son, Craig A. Brosius, in Wayne Lodge. It has been called to my attention that there are other Masonic members of the family, making in all four generations in the Craft. Our congratulations to a fine Masonic Family.

This being the month of May, your Master and Wardens will be attending tbe Grand Lodge sessions at Indianapolis, at which time we hope to bear many interesting items to bring back to the membership, along with a word from our newly elected Grand Master, who will be installed at the end of the session.

To those of our members who are ill or have illness in the family we extend our best wishes for a speedy recovery. Many who have been ill we knew nothing of until long past, so please, my brothers, let me know when there is a member who is ill.

How is everybody out there in good old DeMolay land?

May is just around the corner and is probably the most important month throughout the globe in DeMolay land. Besides the fact that it is coming close to the end of another term, it is also the beginning of all the spring activities open to DeMolays.

One of the most important occasions in a DeMolay calendar, International DeMolay Week 1970, started when representatives from Fort Wayne Chapter met with the Honorable Mayor Harold A. Zeis in his office March 13 for the purpose of signing the official Proclamation kicking off the week starting March t5 and ending March 22.

Before the week began, we arranged for loads and loads of publicity. Radio, T.V., newspapers, posters, buttons, and bumper stickers were just some of the publicity methods used.

Months of preparation were finished as we attended Trinity English Lutheran Church on March 15 with over twenty boys, representing the cardinal virute of Reverence.

Monday, March 16, Fort Wayne Chapter had its first initiation of the term, initiating thirty-one young men, three from Garrett. Approximately one hundred and thirty-five looked on as "Dad" Neal Tiffany gave the flower talk. At tbis meeting we also saw something new, the Fort Wayne Chapter official DeMolay Escorts. Fourteen young men organized an official escort which will do various floor work and introduce guests to the East. This group is rapidly expanding and if there is anyone interested, please call me or "Dad" Tiffany.

Tucsday, March 17 thirty boys met behind the Masonic Temple to distribute handbills saying "Lock Your Car" and "Drive Safely," courtesy of Fort Wayne Chapter, Order of DeMolay.

Wednesday, March 18 a group of boys met at the County Court House to present County Commissioner Charles Hoemig with the new and first flag which will fly atop the new City-County Building still under construction. The building is scheduled to open January 1971 and DeMolays will be on band to watch their flag go up.

Thursday, March 19 fifty boys attended probably one of the biggest events of the week. At 7:30 p.m. the boys watched as Judge Larry T. Miller called City Traffic Court to order. The boys were the Judge's guests for the night as he explained the Court's judicial system. Also, five DeMolay boys served on the City Traffic Court Teen Jury that night, all this representing tbe Cardinal Virtue of Patriotism.

Friday, March 20 thirty boys again helped as we washed the county police cars, representing the Cardinal Virtue of Comradeship. Sheriff Robert Bender invited us back some evening to tour the County Jail.

Chapter held its annual Father and Son breakfast at the Heritage House. Approximately ninety fathers and sons ate scrambled eggs, bacon, hashed brown potatoes, and toast as they listened to Architect James McCarron talk on the subject of how parents can get along better with their teen-agers.

Also on Saturday some of the boys took cookies and cakes out to the Fort Wayne Children's Home. This is an annual event for our chapter representing the Cardinal Virtue of Courtesy again.

Last, but not least, on Sunday, March 22 fifty-one young men ended a week long activity list at Club Olympia with a splash party. Everybody had a lot of fun, even though they were extremely tired, as I officially declared International DeMolay Week 1970 over, at least until another year.

We feel that DeMolay Week 1970 had to be the greatest ever, with 100% participation in all the activities. DeMolay members, Advisory Council, Scottish Rite, Mizpah Temple, York Rite, Blue Lodges, and just the general public indicated that they were very well impressed by DeMolay Week 1970. We feel that we not only achieved our goal of bringing DeMolay into the public eye, but proved and did much more — we showed the public the purposes and high ideals that DeMolay represents. The members of our Chapter were also impressed, as DeMolay week generated a greater sense of high ideals and spiritual values. We feel that the true profits of this week cannot be expressed by words, but felt through the interest and service put forth by the young men who participated.

International DeMolay Week 1970 was truly a success, and may it be even better in 1971.

Saturday, April 18 approximately twenty-five boys drove to Syracuse, Ind. to Camp Ella J. Logan Girl Scout camp, where they put up the tents and did things that girls could not do to get ready for summer camp. Just another public service of Fort Wayne Chapter.

Fort Wayne Chapter has initiated several new activity ideas which are starting to work out very well. First we have the DeMolay bowling teams. In both the North and South parts of town there are teams, bowling every Monday afternoon at 4:00 p.m. Any and all boys interested are urged to bowl with us at Village Bowl on Bluffton Road in Quimby Village or Northcrest Lanes by Northcrest out north. You don't have to be a good bowler — I'm not. It's all for fun. At this time we have a top game of 227 by South side bowler Bruce Clarke. Also at this time we are getting the rifle club and chess club planned and these should be going strong soon.

The 1970 conclave at Muncie, Ind. on the Ball State University campus should be the most talked about event of the year. I don't believe the newly received members realize how important it is to attend this three day affair on June 27, 28 and 29. Each boy is required to be an obligation card holder to attend. Conclave is based on a competitive standard in the categories of Ritual and Athletics. Each boy attending must participate in both areas. Individual and Chapter awards are presented. All initiatory and DeMolay degree parts are available. Bowling, Billiards, Golf, Tennis, Ping Pong and Track are there to choose from. You can also partieipate in the all-state DeMolay Band and Chorus if you like. All meals plus the grand banquet and ball are included. I will have applieation blanks until June 1.

For the first two weeks during April Fort Wayne Chapter held a scissors sale, with 1000 to sell for an approximate profit of $400. At this time of printing we have sold over 800 and have a few days to go. I would like to thank all the boys who contributed their efforts to selling these. In the long run it will be well worth your while. The boy who sold the most — Mike Crain —will be treated to dinner at Hall's Gas House with "Dad" Latham and me. Congratulations.

On April 25 Fort Wayne Chapter held a rush party at the Scottish Rite from 1:30 to 3:30. As this happened after the printing of this issue, I will fill you in more fully next month.

This year rather than have a Mother and Son banquet alone we have decided to include the Awards eeremony together with the annual affair and make it twice as big. In the past, I don't think the parents have realized how important it is to witness their son being presented his awards. We hope things will change, with a large attendance also.

It has been arranged through the International Supreme Council to present awards to everyone this year. All boys will receive their membership certificates along with any merit bars they may have earned. It is vitally important that the boys be recognized for any service they may have contributed, so when the boys come home with a reservation sheet for this yearly event, don't pass it up. Mothers and fathers, this means you.

Also something that is rather regular in the Chapter each year that's coming up in May is Gasoline Sales Day. Every year we pump gas, wash windows, and check oil for customers at a local gas station, but first we go out and sell as many tickets as possible worth $1 of gasoline on a certain date at a certain station. If they don't show up, we make the buck, plus we receive three cents on every gallon of gas pumped that day. There is no way you can lose. This will be more detailed in the May activity bulletin.

An award which has never been presented before in our chapter will make its debut for the first time this year. Every voting member will have a chance to determine who will be "DeMolay of the Year" in our chapter—the young man you think has done the best job for the chapter. It doesn't have to be an officer, either. It will be awarded at installation in June, so think it over carefully.

Petitions at this time of year are most important. With initiation coming up at the end of May, it is the time of year when DeMolay activities really soar high, so talk your friends into becoming DeMolays and bring in the petitions.

While I'm doing all the preaching I might as well touch on another subject. Obligations must be known to do anything. To vote, to be an officer, or almost anything. So, new members, get to work.

At our stated meeting April 22 Jim Kelly showed his war films.

There will be stated meetings on May 13 and 27, the second one being entertainment.

Mothers, if you want to see your son grow in DeMolay, call Mrs. Haver at 747-2633.

Be a Representative DeMolay! Live up to the high principles and ideals DeMolay teaches! Good luck, and God Bless!

At our meeting on April 15 we had initiation. Three girls joined our Bethel, and we all welcome them.

Our last meeting of this month was Royalty Night and was held on April 29. On behalf of the Jobbies of Bethel No. 8 and myself, we thank all the girls who visited us from the other neighboring Bethels. It was beautiful to see so many capes and crowns in our room.

On April 30 we formed our cross at the Veterans Hospital. I am sure that the people there enjoyed us doing it just as much as we thank them for letting us come.

Our next meeting will be on May 6. At this time we will be honoring the Eastern Stars and our mothers. Hope to see you all there.

LIGHT OF LIFE

Time has lighted a bright, new candle for us to carry. No man's candle burns brighter than another's. Some will be content to let theirs lie at their feet. Others will attempt to hold their candle higher by climbing upon the shoulders of others. Still others, through labor and faith, will keep their candles high — inspiring the timid, assuring the doubting, guiding the lost. Freemasons should hold this light of life aloft to illuminate their path of service and accomplishment.

We forgot to mention Crystal's grandson Tim Kelly was in her escort at installation. Also, after the officers were installed, Rev. LaVern Sandys of the Calvary Presbyterian Church gave a very inspiring prayer.

April 14th meeting was obligation night. The members all renewed the obligation taken at their initiation. A reception for the officers was held after the meeting. Refreshments were served on the mezzanine. The tables were beautifully decorated with pink roses and candles.

There was no meeting April 28th because of Grand Chapter.

At the May 12th meeting we will honor Mother's Day. The Madonna Club will furnish entertainment and refreshments.

The May 26th is the Memorial Service.

Another year has begun for Fort Wayne Chapter with a new group of leaders to guide us as we look toward the East and try to follow Our Bright Star.

For the April 2nd meeting the decorating committee had placed the Worthy Matron's shadow-box emblem of The Holy Bible, a Cross, and The Praying Hands in the East. On each side of the emblem was a lovely white net topiary tree blooming with the Worthy Matron's white carnations. The motto "Commit thy way unto the Lord; trust also in Him; and He shall bring it to pass" highlighted the West.

We were all indeed proud of our new officers as they took their places for the first time. They all looked so nice — the girls in their lovely white dresses, the Points wearing their colors so proudly, and the men adding just the right touch of solemnity. The officers, of course, have the responsibility of presenting the first and sometimes lasting impressions of our Beloved Order to all who enter our Chapter Room. One of the most amazing things about our ritual is the fact that it really has more depth of meaning and becomes more beautiful to us each time we hear it repeated. It is very gratifying, therefore, to see each new set of officers as they endeavor to impart to old members, new members, new candidates, and visitors the very best impression they can convey. So we were very pleased with the first appearance of these new officers and feel that our trust in them is justified. However, just as the officers present the ritual for our instruction, it is the obligation of the sideliners and each individual member to try to exemplify in our lives the lessons we have learned here.

As our Worthy Matron was escorted to the East for her first meeting the Choir greeted her with "Somebody Bigger Than You and I" the song she has chosen for the year. Brother Clayton Herrick, Grand Trustee and Past Grand Patron, Indiana Grand Chapter, Order of the Eastern Star, was introduced and escorted to a place of honor in the East to the strains of "Old Man River" (his song) and Sister Lucile Mumaugh, Grand Organist, Indiana Grand Chapter, and our own beloved organist, was introduced and welcomed. Sister Dorothy and Brother Forrest Finnell, Fraternal Mom and Pop of Marguerite and Owen were escorted East to share the night with their "Children."

While the Chapter was at ease wiht Dot Finnell presiding, the new officers were led into a semi-circle in the West where each one was introduced and the Choir sang a parody to "Consider Yourself One of the Family." The officers were then led once around the room and returned to their stations (all except our Electa, Sister Ethel Daub, who decided she'd do it her way and go once around alone—to the amusement of the crowd).

By the ringing of the cow bell Sister Irene Lyttle sounded the invitation from the Choir corner of the room for Sister Louise Biedenweg to join the Past Matron's Club. It was noted that she qualifies for membership because she has "passed in and passed out" of the several stations to the East and she was therefore escorted to the rooting section who gave her three lusty cheers. Each Past Matron present made a short speech of welcome and presented her with books to read and study to make her adept at all of the social graces required for membership in so illustrious a group —there was one on pinochle — how to win, even if you have to cheat a little (but we know our lovely Past Matron would never do that); diets —a subject our diminutive Louise has never needed to pursue so far; operations—the very latest in both major and minor surgery (if you haven't had any yourself, at least you can discuss it intelligently with those who have!); famous quotes and jokes, a book on "no rules and regulations" (which will certainly be a welcome change); high fashion for the lady of leisure; advice to the traveler, and an extra large pair of glasses and a book mark. One especially lovely gift, the traditional tall purple candle hand-made by Past Matron Esther Schaberg for each retiring matron, also was presented to Louise.

On April 16th the officers honored their Star Pals. On that night we also honored our organist and she was escorted to the East where the Worthy Matron introduced her and wished her well as she now leaves the Grand family of officers and once again becomes our own grand organist. We have been so very proud of her as she has represented us and our Chapter, making friends with her friendly smile, her warmth and grace, and of course, her exceptional talent. We know it has been such a busy year for Lucile and her gallant husband, Bob, and we would add our own special good wishes as the year comes to a close. The Choir, singing their own arrangement of the song they wrote especially for her, conveyed for all of us the thoughts we somehow just could not find the words to say.

Every officer knows the importance of a faithful Star Pal and each of our officers in turn introduced his or her Star Pal and our Matron read an impressive tribute to the obligations they fulfill. The Fraternal Mom and Pop were escorted to the East and the Choir sang their tribute. Past Matron Mary Knauer responded with appropriate verse for the Star Pals, and they were invited to be the special guests of the officers at the next officers meeting to be held May 26th at the home of the Worthy Matron.

The May 7th meeting has been set aside for the reports from the Grand Chapter sessions, and will also honor the Mothers. The second meeting in May, on the 21st, will be the first initiation for the new officers.

Mother

"To one who hears the sweetest name
And adds a luster to the same,
Who shares my joys,
Who cheers when sad,
The greatest friend I ever had.
Long life to her for there's no other
Can take the place of my Dear Mother."

What a joy now that Spring is here and the earth is turning green again as new life begins once more. To see the flowers peep through the ground and the blossoms appear on the trees reminds us of the awesome power of our Creator who has a plan for all living things. Other officers are Ceremonial Mistress, Mae Husted; Prompter, Vancha Collins; Make-up, Rodney Snook; Stereopticean, Arnett Bickel; and Pro-Tem Officers are Betty and Grover Scott.

Greeting Companions:

On April 10 and 11 your secretary Roger Shafer and I attended the 125th annual Grand Chapter Convocation at Lafayette, Ind. There were 86 chapters represented.

The delegates elected Right Excellent Grand King Marvin L. Isley to the office of Most Excellent Grand High Priest of Royal Arch Masons of the state of Indiana.

Companion Isley in his acceptance remarks pointed out the requirements for better ritualistic work, and the need, continuance, and acceptance of festivals for increasing the membership throughout the state.

On behalf of the Fort Wayne Chapter I'll take this opportunity to offer our congratulations, pledge our willing cooperation and wish him a successful year.

The business of the Grand Chapter was conducted swiftly and with much preparation. The annual banquet was held at the Purdue Memorial Ball room at which Past Grand High Priest was awarded the citation of Kentucky Colonel hy the Grand Delegate from Kentucky.

Companion Jim Johnson brought more honor to the Chapter as he was appointed Grand Guard for the current year. Congratulations, Jim, on receiving this singular honor.

On May 2nd Fort Wayne Chapter will again host the Northeastern York Rite Assn. Festival.

The work will start at 9 a.m. with the conferring of the Mark Master Degree. We will have a lunch at the Temple and conclude the Chapter and Council work around 5 p.m. There will be no supper at the temple. This will give everyone the evening for his own needs.

This will be the last opportunity before fall to bring in that brotber Mason to our York Rite Companionship.

Remember we do not have to wait until he asks to helong. Our York Rite progress rests in your initiative. Your Masonic brother may be waiting on you. It is his decision — but give him the chance to make it.

Next year we hope the auditorium will be filled so Sir Knights, Blue Lodge Masons, Eastern Stars, Jobs Daughters and DeMolays, make plans to attend and bring your friends. I want to thank the ladies of the Social Order of the Beauceant, and the members of the Band and Drill Corps for their good assistance with the hreakfast. It's something to see such a large number of people being served in a very short time. It takes a lot of teamwork.

It is good to see some of the new Sir Knights becoming active in our work and drill team. We would like to see some of the others around helping us and at the same time learning more about York Rite. See you on the 9th of May.

In May
So long, O God, life has been tuning me,
Fingering my soul's half-yielding strings!
So long I have sent forth but feeble sounds,
Shivering like cold and frightened things!
I do not ask to yield rich melodies
Like tropic gardens, lush with light..
But let me, God, make one glad, lilting song
Like my backyard Maytime night!

We would like to take this opportunity to again thank Brother Harold McGinnis, Chief Medical Administrator of Fort Wayne Veterans Hospital; Brother Heory Lindeman, Chairman of the Masonic Service Association at the VA Hospital; and Brother Kenneth Rayl for taking the time to come to our lodge and explain the importance of the visitation program and our participation in it. We would like to remiod our brethren that our next visitation is June 1st. We would urge all members to make a sincere effort to become active in this program. Frankly, those who have not particiipated don't know what they're missing.

Recently our oldest member, Brother Wally Purman, celebrated his 94th birthday. Wally has always been a very dedicated Mason. We have always enjoyed the very inspiring messages he has written and presented at our lodge meetings. His portrayal of the wayfaring man in the Master Mason degree is a souree of inspiration for us all. We will look forward to seeing him in lodge again soon after being somewhat confined this winter.

The year is rapidly approaching the halfway point and that means our thoughts are turned to the annual meeting of Grand Lodge. This year our Senior Wardeo, Brother Ray Baumert, and his lovely wife will be joining my wife and me in the trip to Indianapolis. We will be looking forward to renewing old friendships and making new ones.

At our stated meeting special emphasis was given to three main categories.

Our attention was first turned to the Award of Gold dinner. Plans and arrangements are shaping up to make this evening one of the most memorable events in this year'a Masonic Calendar for Olive Branch Lodge. Our secretary, Bro. Lloyd Brown, is sending each one of you a special notiee as a reminder for the Award of Gold Dinner. I would hope each one of you could give this notice quick attention since it would help Lloyd and myself culminate the final plans and agenda. The guest speaker will be Brother Donald Chaffin. Our award recipients are Brothers Robert Flora and Herbert Jesse. It will be necessary for you to have your own reservations made by May 2 for the meal, so as a close friend to these men, set this evening aside (May 9) to honor these two fine Masons.

Sec'y. Lloyd Brown presented the bills and among them was the bill for resurfacing the lodge's roof. The roof should last another eight to nine years with only preventive maintenance. The lodge, as a body, acted to pay the amount in full. At that time the treasurer reported that that amount depletes our general fund, therefore, it will be necessary for him to draw mooey out of our savings account to operate the lodge for the rest of the year. Should anyone wish to contribute to this general fund, Brother Russell Neireiter is the person to cootact to make a contribution.

The Mason of the month is Russell Neireiter. Russell has been one of the most faithful members since being raised in 1934. He served as master in 1938 and since 1949 has been our treasurer. Prior to this time, Russell's father was treasurer for twenty-five years. This combined service has put them at this position for 46 years of endless duty. After being escorted to the east as Mason of the month for April, Russell set an unprecedented action by closing our lodge. Russell is a member of the Seventeen Club.

Saturday, May 2, will be our annual clean-up day for our two vacant lots. Bring your own lawn tools and pitch in. There is plenty of work to do so hope to see as many as possible there to help out. We have enough volunteers to cut the lawn this year, but special atteotion is first required to get the lawn in shape to do a good job.

"I Pledge Allegiance . ."

By RICHARD B. (RED) SKELTON
Vincennes Lodge No. I

Getting back to schools, I remember a teacher I had. I only went through seventh grade in school. I left home at 10 years old because I was hungry. I'd work in the summer and go to school in the winter.

I remember this one teacher. To me he was the greatest teacher, a real sage of my time. He had such wisdom. We were all reciting the Pledge of Allegiance, and he walked over. Mr. Laswell was his name . . . Mr. Laswell. He said:

"I've been listening to you boys and girls recite the Pledge of Allegiance all semester and it seems to me as though it is becoming monotonous to you. If I may, may I recite it and try to explain to you the meaning of each word.

"I—Me, an individual, a committee of one.

"Pledge—Dedicate all of my worldly goods to give without selfpity.

"Allegiance—My love and my devotion.

"To the flag—Our standard. Old Glory, a symbol of freedom. Wherever she waves, there is respect because your loyalty bas given her a dignity that shouts freedom is everybody's job.

"Of the United—That means we have all come together.

"States — Individual communities that have united into 48 great states. Forty-eight individual communities with pride and dignity of purpose, all divided with imaginary boundaries, yet united to a common purpose, and that's love for country.

"Of America . . .

"And to the republic—Republic, a state in which sovereign power is vested in representatives chosen by the people to govern. And government is the people, and it's from the people to the leaders, not from the leaders to the people.

"For which it stands . . .

"One nation—Meaning, so blessed by God.

"Indivisible—Incapable of being divided.

"With liberty—Which is freedom and the right of power to live one's own life without threats, or fear of some sort of retaliation.

"And justice—The principle or quality of dealing fairly with others.

"For all—Which means, boys and girls, it's as much your country as it is mine!"

Back in January, 1969, when Brother "Red" Skelton did the above monologue on one of his programs, the letters of appreciation ran well into five figures. It was the kind of talk Americans wanted to hear, and they told him so. Brother Skelton said that after his teacher had recited the pledge in the words printed above, he asked the pupils to repeat it. They did—that time with meaning. Then he added: "Since I was a small boy, two states have been added to our country and two words have been added to the Pledge of Allegiance: 'Under God.' Wouldn't it be a pity if someone said, 'That's a prayer,' and that should be eliminated from our schools, too?"

NOTE: Mr. Laswell, the teacher to whom Red Skelton refers, was a Freemason and a member of Monroe City Lodge No. 548 from 1907 until his death in 1938. His former pupils remember him as one who rarely, if ever, raised his voice, but was a disciplinarian without peer.

They say, too, that he would be embarrassed by the national publicity he has received as the teacher whose eloquent lesson on patriotism inspired the popular comedian, and, through him, touched millions of other Americans.

Although Red Skelton did not complete his public school education, several years ago the school board at Vincennes decided that he had completed the requirements for graduation in a very special way, and in a public ceremony presented him with an honorary diploma from Lincoln High School.

The months of April and May were very busy; the attendance was good, the fellowsbip was great, and the work was excellent.

We would like to welcome into the fraternity Brothers Richard L. Bennett and Chauncey (Bruce) Payton, who were raised to the sublime degree of Master Mason on April 28.

Your Master, Secretary, and Wardens went to the Grand Lodge Annual Meeting May 19 and 20. At the time of this writing it is impossible to give you a report on this meeting, but will do so in the next edition.

Saturday night was Ladies' Night. The attendance was very poor, the food was excellent, and the entertainment by the Scottish Rite Choir was superb.

I know it seems a long time off, but mark on your calendar October 17, 1970. This is the date of our Centennial Celebration.

We will not have degree work for the month of June, and as we are dark in July and August, we will have a long break. Have a good summer. Don't forget the stated meetings and come back in September ready for some good degree work.

Thank you, Dear God, for blessing the ladies with beauty — and for blessing the men with ladies. Last night, Friday, May 8, 1970 was Summit City Ladies Night and they filled the Banquet room with a beautiful radiance. They were lovely.

Doris Leiter played the Organ while we enjoyed an excellent meal that was topped off with strawberry pie prepared by Willie Witmer and her faithful crew.

We listened to Tommy Mont's fast flowing stream of fact and fancy, as he, with athletic terminology, conveyed the message that History does repeat itself and that those persons who will not learn from history are doomed to repeat it more and more. His humorous discourse took us quickly through the "Football Games" (wars and conquests) that were "Quarterbacked" by Emporors, Pharaohs, Caesars and Kings. We traveled through Asia, Persia, Arabia, Egypt, Turkey, Greece, Carthage, Sicily, Italy (crossing the Alps with Hannibal's elephants) into Germany, France and Spain (conquering Western Europe with Attila) and on to England (where we rode with Lady Godiva) then on to the New World and through a couple of World Wars and across the Oceans to Japan, Korea and Vietnam. We suddenly found ourselves back on the Asian continent — having completed a trip around the world — through all the recorded history of the Ages — only to discover that man is still trying to "Win-the-Game" by forcing his own thoughts and beliefs upon his neighbors.

We are still faced with wars and rumors of wars, my brethren, it has been this way throughout the ages. We protest much — but accomplish very little. How can we accomplish more? Have we learned nothing from the past? Is this the God-given nature of man? I do not have the answer. I am asking the questions. You will provide the answers.

Our Masonic beliefs and traditions do seem to provide some hope for the future — but they must be known before they can be practiced — and they must be practiced before they can become effective.

THINK ABOUT THAT

Our brother Samuel Evans is starting his second "Fifty years of Masonry" this month. Brother Sam will "Obligate" the EA degree and "Raise" a MM. Come, help him to help the youngsters to a better way of life. You can help solve the problems of the world — by passing your "goodness" on to others.

Three more Entered Apprentices are joining with us this month. I'll see you at the Temple.

Brethren: during the months of July and August there will be no degree work. We will meet only for our regular business meetings. Although our Lodge room will be closed for degree work, let me remind you that this does not mean the extinguishing of the Great Light of Freemasonry within our hearts. The teachings of Freemasonry extend far beyond the portals of our Lodge room into the hearts of all true and loyal Masons and they are evident in all their dealings with their fellow men. Let us, therefore, make the summer months fruitful ones in the extension of our individual practice of the great principles of Freemasonry. May the coming summer months be filled with enlightening Masonic experience for all of us.

On May 9, 1970 we had our annual Ladies night banquet. To those of you who did not attend, we had a delicious dinner prepared and served by Celia Stahler and her Eastern Star assistants. After dinner we heard the Flower Talk given by Martin L. Procise III, Master Councilor, Fort Wayne Chapter DeMolay and were also entertained by musical selections from the New Haven High School Swing Choir under the direction of Carl Nicholas.

At this writing, I congratulate and welcome to our membership two newly raised brothers — William Bordner and Charles Knox. We welcome these new members and earnestly solicit their attendance at our meetings.

Reported ailing since last writing is Oliver Linn, PM. To Ollie and any other ailing brethren we wish a speedy recovery.

We have several new petitions and are looking forward to degree work in June. However, at this early writing it is impossible to set any definite time. Watch your Sunday Journal Gazette for the scheduled time and dates for degree work.

Have a pleasant and enjoyable summer.

Brethren we are now entering upon our summer vacation, so we will be without work in June, July and August, but be ready for a busy fall and winter. We have several prospects for membership in the Order. So, my brethren, study well this summer.

We had the pleasure of raising three brethren to the Sublime Degree of Masonry in April, Brothers George L. Reavis, Neil R. Trim and Brother Wayne E. James. We also received a brother by transfer, Brother Carl F. Rackeweg. Welcome to the Portals of Waynedale Lodge. I was also pleased to see our three newly raised brethren in Lodge at our stated meeting in May.

We are sorry to hear of the sickness of Brother Victor McCoy, who has been in the hospital with an operation, happy to know that you are feeling better, Vic. We were also happy to see our Treas., back on the job. May you recuperate very fast, Mack.

It has been called to my attention by our Sec'y that there are still a few brethren who have not paid their 1970 dues. Please remit. Also to those who have not made a pledge to the building fund, monies received on this project are always happily received. Some one has said, "Eventually, why not now," thank you.

We will again attend the Waynedale United Methodist Church in observance of "Saint John the Baptist Day" June 21, 1970. We will meet at the Church Street entrance not later than ten-thirty so that we may attend the ten-forty services. Thank you, let us make this a gallant occasion. If you do not attend with your own lodge, make it a point to attend with some group of Brethren.

We are happy to announce that the Brethren have been responding to the Job's Daughter's paper drive. Keep it up. Just bring them to lodge with you and the girls will take care of them. Your W.M. had the pleasure of presenting a beautiful bouquet of red roses to the Worthy Matron of Waynedale Order of Eastern Star, W.M. Mrs. Leona Walker, at the installation at the Masonic Temple. They are off to a flying start. The Job's Daughters are doing well. So, brethren, what do you say about a Chapter of DeMolay? If there are any brethren who would like to help on this project, please be at the June stated meeting.

Our Sec'y has acquired a Dedication medallion in honor of the Dedication of the Wayne[illegible]ple. I hope that all who [illegible] the ceremony received one [illegible] beautiful keepsake piece.

Lodge will open at 5:30 p.m. dinner at 6:30 p.m. On Friday, June 12th we will present the play "Rose Upon the Altar" at Wolcottville. I would like to see more members of Three Rivers Lodge attend these events. I am sure you will have a nice dinner, and an evening of fellowship is well worth the trip.

Grand Lodge was held May 19 and 20. Since this article was written before that meeting nothing can be reported until the next Stated meeting, and the next issue of the Square and Compass.

Family Night was also held after this writing so there is not much to report. We have made plans for a very enjoyable evening, and I hope to see you on Family Night.

Worshipful Brother Hoyt Q. Campbell presented the Masonic education program on May 12th. I wish every member of Three Rivers Lodge could have been there and heard Worshipful Brother Campbell. It was one of the best educational programs I have ever attended.

Best wishes go out to all Brethren who are ill and we wish them a most speedy recovery.

"June Is Bustin' Out All Over" is an appropriate opener for this last issue of the Square and Compass until Fall. Most of us are beginning to plan our vacations, weekend trips, and just about every kind of outdoor activity from yard work to golf. All of which serves to remind Maumee's members of our annual Golf and Dinner Party to be held at the Garrett Country Club on Saturday, June 20. And the best part is that you don't have to be a golfer to enjoy this event. Of course, if you are anything from a duffer to a pro, P.M. Bill Hanes, Chairman, will be happy to have you join him at tee-off time. On the other hand, those of you who, like myself, have never been bitten by the golf bug, will he welcome at the dinner.

We always have a lot of fun and I hope many of you will be there. Tickets are available from any of the officers or from Bill Hanes.

On a more serious note, it looks like we are going to be in for one of the most distressing summers of turmoil yet. Communists are actively working on our campuses in their untiring effort to cause dissent, rebellion, disloyalty, and the complete destruction of our society and the Republic in which we live. Have you even considered how ineffective they would be if an equal number of us worked as untiringly with our DeMolay's and Jobs' Daughters?

The answers to this question can only lead to one conclusion. We as Masons must serve as a positive influence in the lives of our young people.

In the Grand Lodge's Declaration of Principles we read, "Masonry abhors Communism as being repugnant to its conception of the dignity of the individual personality, destructive of the basic human rights which are the Divine heritage of all men, and inimical to the fundamental Masonic tenets of faith in God."

We can put out the fires of destructive rebellion being built by the Communists on our campuses. Summer is an excellent time to bridge the generation gap and inspire our young people to be builders, just as our Operative Brothers were builders of both buildings and lives.

June will also be the last month of degree work before we "go dark" for the summer months. Tentatively we plan for light dinners for both the EA° and MM°. Plan now to join us. Finally, have a pleasant, safe summer. See you all next September.

June finds our lodge making plans for the dedication of the impressive, new flagpole in front of the Temple. Grand Lodge has been notified and will appoint a date for the celebration after their annual meeting in May. Notification will then be sent to local Masons. The ceremony will he for the dedication of the flagpole to the glory of God, the honor of our country, and the memory of W. J. "Bill" Brase.

June 21 is the date set by our Grand Master to celebrate Saint John the Baptist day. Members of South Gate lodge will attend the 10:00 worship service at Plymouth Congregational Church as a body.

Our big pancake breakfast and Master Mason degree will be held Saturday, June 27 at 7:00 a.m. Plan to be present.

How is everyone out there in good old DeMolay land? Well, believe it or not this is the last three weeks for me in the office of Master Councilor and this is also my last article in the Square and Compass. It is traditional that the Master Councilor make some thank yous in his last issue and I believe I'm no better than anyone else. There are really some people I want to thank. First of all I would like to thank the editor of this paper, Mrs. Smith, for reminding me to get my article in on time every month and for putting up with my terribly long articles.

There are a certain bunch of hoys I would like to kiss on the cheek for all their devotion and all their hard work this past term. I think most of you know who these hoys are. The officers have just been great. There were a few times I got pretty mad at them hut there probably were a few times they got mad at me too. I just have to acknowledge them at this time. John Kinast, Senior Councilor; Robin Rhodes, Junior Councilor; William Flickinger, Marshall; Tim Jones, Chaplain; Tom Johnston, Senior Deacon; Mike Ladig, Junior Deacon; Greg Parrish, Scribe; Ron Haver, Treasurer; Art Lahrman, Senior Steward; Dave LeMasters, Junior Steward; Richard Doll, Alamoner; Leo Kinast, Standard Bearer; Bob Lahrman, Sentinel; and Precepters, Kian Porter, Ricky Scott, Gary Parrish, Mike Haller, James Brickly, Craig Beaverson and Richard Hanauer.

I think my most important thank you goes to the person who has helped me the most. We have worked throughout this term helping one another at times and doing everything on a warm and friendly basis. All the hoys are right behind me when I say thank you, Dad Latham, for everything. We would also like to thank a man who not only helped us in heing proficient in our ritualism hut who has shared his guidance and counsel throughout this term and the terms before. Everyone knows good old Dad Tiffany.

I would also like to thank the Advisory Council for all their help and their understanding of everything from personalities to money.

As I have already said, this is my last inning and sure wish it could of lasted another six months, hut I'm sure my successor is very competent. We have gone through two rush parties, two initiations, ten meetings, a trip to Detroit and DeMolay Week. I hope everyone will be as cooperative with the new Master Councilor as you have been with me. I don't want to make everything too mushy, so I'll cut the thank yous.

On May 13th Fort Wayne Chapter had its first stated meeting of the new month. It was labeled Election of Officers for the Fall Term of 1970. It gives me great pleasure to congratulate Master Councilor-elect, John Lamheth Kinast; Senior Councilor-elect, William Flickinger; and Junior Councilor-elect, Tom Johnston. All three of these boys stand out in mind for all the willingness and drive they have shown in previous terms.

Remember, Conclave is coming up and Fort Wayne Chapter must

be represented well!!

On May 16th, eighteen boys participated in Fort Wayne Chapters annual Gasoline Sales Day at Lakeway Phillips 66 Service Station where they washed car windows, checked oil and water and pumped gasoline. The object was to sell tickets redeemable at this gas station during 8:00 a.m. and 8:00 p.m. worth one dollar of gas. Those who forgot to redeem their tickets or just didn't want to made up the dollar. Everybody had loads of fun and enjoyed the work.

On May 23rd, Fort Wayne Chapter held their second Initiatory Degree of the term and their first DeMolay Degree at the Masonic Temple starting at 1:00 p.m. We initiated approximately twenty and conferred the DeMolay Degree on approximately sixty. We welcome these fine young men into DeMolay and hope they will live up to the ideals that DeMolay teaches.

There is one event that nohody that has anything to do with Masonry or DeMolay should miss. On June 6th Fort Wayne Chapter will hold its Installation of Officers. Throughout the four years I have belonged to Order of DeMolay I have beard a lot of talk of how much DeMolay has done. I have also heard a few words spoken against Fort Wayne Chapter, mostly from people who don't know too much about our organization. Wbat I'm trying to say is that a lot of people talk about how good a job we're doing, but I haven't seen too many of them supporting us. We need people to come to our functions and watch us work. The boys feel so much prouder when they can show off to people and Masons. I say right now if Masonry sees any future they should be more interested in the young men who are most likely to be candidates of Masonic lodges. Installation of Officers is one of the most important events on a DeMolay calendar. Please mark that date on your calendars.

I better knock it off before I really get started. Its been such a pleasure writing this article every month I hate to give it up. I'll be seeing all of you this summer and next fall so get ready for another six months of greatest youngs men fraternal organization in the world. DeMolay, DeMolay, DeMolay!

At our May 6 meeting the Eastern Star members and our mothers were recognized. Final plans were made for our car wash and inspection. Thanks to all the people who came and visited us that night.

Inspection practice was held on Monday night, May 11. It was a lot of tedious work, but it sure paid off. Inspection was May 20 at the Fort Wayne Masonic Temple. The Huntington Bethel joined us which made things much easier. Everything went just as planned. A special thanks goes to Mrs. Fritz for helping us have things run smoothly. On behalf of the Jobbies and myself, we thank everyone who pitched in and helped.

Our last meeting of last month was held on May 20. At this meeting we had our election for the next term which starts very soon. Congratulations and good luck to all the newly elected officers.

On May 23 we had our car wasb. It was held at Edsall's Citgo and Kensill's Gulf. Tbe money made from our car wash went toward tbe points for Grand Council. Thanks to all who took the day and helped.

This is the last Square and Compass article I will write. I have a few remarks and thanks to be said. First, I would like to tbank my mother for all the help sbe has given me. Sometimes I became rather depressed with these last months, but she always stayed right there with me. I also extend a special tbanks to Mrs. Ross and Mr. Young, and the rest of the Council members who helped me along. Thanks to all the officers, too. I could go on and on with thank-yous, but I probably would still leave someone out. There are so many wonderful people who made this last term possible and a big thanks to all. I have learned a lot from Job's — not only about myself, but about people in general. Some of these learnings are good and some are bad. Nevertheless, I thank all the people who gave me this great honor.

Our next meeting is on June 17. This is retirement and I bope as many of you who can will come and visit us.

FREEMASONRY'S BIRTHDAY
June 24, 1717

You have a birthday. It marks the beginning of your individual existence, but not your real beginning, for you are the product of countless generations. Indeed, the pulsation of your heart is but the rhythmic beat caught from a mother's heart, and so on back to the first mother. This too, is true of Masonry.

Freemasonry's birthday is St. John the Baptist's Day, June 24, 1717. The place is London, at an insignificant alehouse known as The Goose and Gridiron. At that time and at that place was organized a Grand Lodge of Free and Accepted Masons, the first Grand Lodge of speculative Masons ever organized. From this organization every body of Freemasons of whatever name or rite, must show either directly or indirectly its origin, or else it is not Masonic as we know Masonry.

The Goose and Gridiron Tavern had an odd paneled bar and a very narrow winding staircase which led upstairs to a dining room of considerable dimensions. It was without douht in this room that tbere assembled those early fathers in Masonry to lay the foundation of their brotherhood. Robertson says: "In this room, where was held the Festival of St. John the Baptist . . . Mr. Anthony Sayer, Gentleman, was placed at the head of the Craft as Grand Master,"

The second meeting of the Grand Lodge took place on the recurrenee of the same Festival in 1718, and George Payne was elected Grand Master. Tbere was a third meeting in June, 1719, wben Dr. Desaguliers succeeded Payne; and a fourth on St. John's Day 1720, wben Payne was elected Grand Master a second time. During the year thus begun the General Regulations of the Society were compiled by George Payne, the Grand Master, wbo, as we learn from Dr. Stukeley, "read over a new set of articles to be observed" and these were afterwards printed in the first Book of Constitutions, which appeared in 1723.

Be Glad of Life

Be glad of life because it gives you the chance to love and to work and to play and to look up at the stars; be satisfied with your possessions but not contented with yourself until you have made the best of them; despise nothing in the world except falsehood and meanness, and fear nothing except cowardice; be governed by your admirations rather than by your disgusts; covet nothing that is your neighbor's except his kindness of heart and gentleness of manners; think seldom of your enemies, often of your friends.

The Merry Month of May ushered in the warmer days of spring, the first green leaves, and the beautiful tulips, daffodils, and lilacs after the long winter melted away. Our first Maytime meeting was given to honoring Mothers. The decorating committee had placed a lovely little rocker in the East. It was draped with a shawl over the back and a bag of knitting alongside, a very appropriate setting for the program which follk ved. Our Worthy Matron read a beautiful poem — "God's Masterpiece — Mother," and Dorman Walker added a tribute to home life as our organist played softly "Sweet Hour of Prayer."

The attractive and colorful floral centerpieces from the refreshment tables were awarded to Loma Koopman, the eldest Mother present — she's 83 years young, but who would guess it? — and Helen Howard and Celia Stabler who bad tbe distinction of having the largest number of children and grandcbildren. Dorothy Finnell, Fraternal Mom of Marguerite and Owen, also received one of the centerpieces as the "Mom of the Evening."

One very important event which drew the interest and whole-hearted support of Fort Wayne Cbapter and otber Cbapters in this city and throughout the entire state of Indiana was the instituting of the new Waynedale Chapter U.D. The ceremony was held in the Commandery Room of the Fort Wayne Masonic Temple on the evening of April 18th, with Leo Provence, Worthy Grand Patron, presiding as instituting officer. He was given much valuable assistance by Brother Clayton Herrick, our own beloved and capable Past Grand Patron whom he had appointed to make tbe necessary arrangements. Our organist, Lucile Mumaugh (who was at that time the Grand Organist) served as organist throughout the entire event; Sister Vera Hayden, P.M. and Past Secretary, served that station, and Carol Bakkar as the Esther Point, and Past Matron Irene Lyttle as Prompter, completed the group of Fort Wayne Chapter members who participated in the ceremony. Seventeen candidates were initiated and fifty Cbarter members signed. The jewels which the new officers wore were a gift from our Chapter.

Everyone who attended the Grand Chapter Garden of Love sessions in Indianapolis April 27 thru 29 reported the ceremonies were exceptionally beautiful and meaningful. Our Worthy Patron, Owen Arnos reported on conditions and items vitally concerning the Masonic Home at Franklin, Indiana. Elsie Brown said she had visited witb Ida Jones, Bethel Stickler and Edna DeWeese, our own Sisters of tbe Masonic Home Family. Clayton Herrick expressed his most grateful thanks to all those who so willingly gave their assistance both at the ceremonies which instituted the Waynedale Chapter, and to Pat and Dorman Walker and Lucile Mumaugh who entertained with music and home-spun honor to delight those attending the Grand Chapter meetings.

A most unusual event took place on Sunday, May 17 wben Clayton Herrick, Marguerite and Owen Arnos, and a nice group of friends traveled to North Manchester to present an Award of Gold to P.M. Blanche Rasmus who now resides at the Peabody Memorial Home.

During the May 21st meeting the new officers initiated their first group of candidates in a very exemplary fashion. The Charter was draped in loving memory of Brother Russell Adams, Thelma Wire, and Margaret Evans.

The East was transformed into a beautiful flower Garden of Memories for the memorial service which was the highlight of the June 4th meeting. Each of the Star Points moved to the East to present a flower as the tribute of her station to the memory of those who have departed, and the Choir sang "Beautiful Garden of Prayer." Brother Forrest Finnell presided as installing officer when Mildred Waldo was installed as our Martha. Mildred was ill at installation time and our faithful Past-Martha, DeAnna Bishop, has been serving until she should be able to assume her office. Our grateful thanks, DeAnna! The activities of the spring will come to a close with the initiation of two couples on June 18.

There are a few important dates to be marked on our calendars for the summer and early days of fall. One of these is the reception for Sister Evelyn Miller, Deputy of District 14, to be held at Columbia City on July 31. Our first meeting after vacationtime on Sept. 3 will feature a Family Reunion, carry-in supper at 6:30. Each member is urged to attend and bring along as a guest a member who hasn't attended for awhile. Each one is asked to bring a covered dish and his own table service. Coffee and rolls will be furnished. The meeting which follows will honor the sideliners. Then too, the big event, our annual card party and bazaar, will be October 19. The

summertime is a good time to plan and make those handmade items which we will need for the bazaar. If we get those all done early, we will have more time to make the baked foods and other goodies which are such popular sale items.

Remember — our grand visiting committee is on the job all summer while the rest of us are vacationing, but — have a safe and healthy summer and don't make them have to visit — you!

I saw a muddy stream
That turned the fairest blue
Because the surface caught the gleam
Of Heaven's azure blue.

And so this life, whate'er it be,
Might turn to haven fair,
If we could lift our eyes and see
The beauty everywhere.

It seems the spring weather is a start of more than flowers blooming, as we pick up the pace in our chapter, we see our Grand Chapter session is over and everyone enjoyed the trip to Franklin Home. Sister Dora was in good health and in a happy frame of mind. She is so happy to have a lovely place like the home to call her own and wanted us to thank all of Shiloh Chapter for their support and to say hello for her.

Our May breakfast was lovely and well attended; also, the rummage was a success. Our thanks to Sisters of our chapter for all the hard work. Our Ways and Means committee may be small, but they are mighty. Our Past Patrons were a help on the rummage, thanks so much, all of you.

On June 5th we are looking forward to the afternoon card party. As you know this is free, refreshments, table prizes, with a blind auction to enjoy.

I've asked the wind to sing for you,
A star to shine within the blue.
And, oh, I've said a little prayer
God's great unmeasured love may he
For you a wide and shining sea.

Well, here we are, a brand new chapter getting started. We have had our first meeting, and we had 15 petitions turned in. Isn't that a good start? Thanks to all the wonderful Eastern Star members over the state we have a nice little fund to start off. We have all our emblems and jewels, a lovely Christian flag, pole and holder. Our district deputy and our Grand Esther were visitors for our first meeting. Of course, our Past Grand Patron, Clayton Herrick, is always on hand to help us out, also his lovely wife, Helen.

We have some of our committees set up and getting right down to work. Our officers are working hard on their work; many of them have never seen an initiation except when they were initiated and then they were sitting behind all the points so they couldn't see too much. Don't you think we are a brave bunch?

We will be glad to have visitors, especially you Fort Wayne and New Haven members, but give us a chance to get rolling, as the saying goes!

Your W.H.P. Myrtle Glass, was among those attending Supreme Sbrine at Cincinnati the week of May 4. She reports a most interesting and harmonious Session.

The official visit of our S.W.H.P. Soj Mildred B. Shepperd, which took place on Saturday, May 23, is now history. Faith Shrine No. 29 of Fort Wayne and Mary-Martha Shrine No. 26 of Kendallville, were co-hostesses. We will bring you the details in a later issue. We feel sure everything went well.

The Orion Past Officers Club held their annual meeting on April 26, at Platner's Restaurant in Garrett. Election of new officers took place. Soj. Mildred Igney is the new President; Reuah Davis, Vice-President, and Florence Nahrwold, Secretary. On May 17, the Club met with Soj. Katherine Douht for a pot-luck supper meeting.

The June meeting of the Club will be at the home of Sojs. Alton and Erma White.

The next stated meeting of Miriam Shrine will take place on Friday, June 26. Plans for our Fall meetings will be revealed.

Illness: The husband of Clara Bolyard had surgery at Lutheran Hospital.

Death: The brother of PWHP Mary Wilson passed away in April.

Blessed Event: Soj. Mary Rhea of Kendallville has a new baby girl.

To our shut-ins:
We'd much rather drop in and see you today
Instead of just sending a greeting this way;
But until we can drop in, I hope this will do
To show you today that we're thinking of you.

We wish to take this opportunity to wish all sojourners a most pleasant summer and a happy vacation time. We earnestly hope to see you at Shrine this Fall.

Should there be any cases of illness during the summer months, please contact Soj. Florence Nahrwold, our Cheer Chairman, at 744-6258; or Katherine Doubt, co-chairman, at 744-9435, or your W.H.P.

May God keep you well and safe and look with favor on all your undertakings.

"A bird at your window to sing you a song,
A rose in your garden to bloom the day long,
A rainbow of hope that brings comfort and cheer,
A star in the sky when shadows appear,
The smile of a friend who is loyal and true —
May these be the joys each day holds for you."

The past month has been a very busy but enjoyable one for our Shrine in general and our Worthy High Priestess and Watchman of Shepherds in particular. They attended Supreme Shrine in Cincinnati May 3rd through the 8th, arriving home in time to turn around and preside at our stated meeting. There were 29 Sojourners from our Shrine attending all or part of the Triangle Session which saw the election of Soj. Sinclair Tebo as Supreme Associate Watchman of Shepherds and Soj. Leona Graves as Supreme Worthy Guide. Our Patrol performed their drill dressed as hobos and were a big hit with the audience. Credit must be given to Soj. Rodney Snook for his terrific make-up job on the Patrol which made the costumes so successful.

Another enjoyable occasion for our Shrine was the Offic- tion May 23rd by our Su- thy High Priestess, Mil- pard. Soj. Mildred School of Instruction wi- Shrine having the Open- the Escorting and Mary-M- Closing. Further details w- in the September issue.

Our Shrine is very proud two Supreme Appointments and wish to extend our co- tions to Soj. Tama Christo- trict Deputy, and Soj. La- Supreme Credentials - Re- Committee.

We will be giving the D- the Order to a large class dates at our Ceremonial I- so plan to attend and wel- new Sojourners into our W- White Shrine.

Sir Knights: We look forward to Boys Camp. Last year we sent 20 boys to camp and we hope, with your help to send 25 boys this year. This is a worthwhile project and is one of the highlights of our, Commandery. We need your donations to make this possible. At press time we had enough to send 11 boys. It takes $23 per boy, plus $2.00 we give each boy for spending money. These boys really appreciate this week, and this is one way we have of building for the future. Get your donations in to Phil McCague, Dick Peden, or Barney Smith. If you know of a boy you would like to send, between 8 and 14 years of age, submit his name along with your donation.

We had a very fine Saturday, May 9th. Our candidates were taken to Huntington on May 7th to receive their Red Cross- Fort Wayne put on a fine Malta Degree on Saturday morning, and after lunch the Order of the Temple was given. Sir Knight Harold Houlihan, Past Grand Commander put on the work, assisted by Fort Wayne and 3rd Battalion Officers.

As I wrote this article the Fort Wayne Drill Team was hard at work preparing for the Grand Commandery at Bloomington, May 23rd. I hope to have a good report for you next time.

Sir Knights, we will be putting on work the last two Saturdays in October, so bring petitions in and perhaps get candidates for the Quarry Festival at Bloomington in August. See you at stated meeting.

Greetings Companions:

Reflecting back we note that the first half of the year is nearly gone. During these months your chapter has been very busy. The last class of Companions were exalted on May 2nd with the combined efforts of Group 3 making up the casts. The make up crew again did a fine job.

At a recent District 3 dinner meeting two of our Companions, Richard Peden and Bill Hinkle, received the York Rite Membership Award for their efforts in obtaining petitions. Congratulations are in order.

As our summer season draws near it reminds us that the Chapter will be dark during July and August. However, there is one activity I'm sure you will want to attend. The plans are being made for a family picnic. More on this later.

Dates to Remember

June 6. All Compaoions and their Ladies are invited to a reception given by Shelby Chapter honoring the newly elected Most Excellent Grand High Priest, Marvin L. Isley, in Shelbyville, Indiana. For further details contact our recorder Roger Shafer.

June 6. Companions your High Priest has received a letter of invitation for all Chapter members to attend the installation ceremonies of DeMolay to take place on the 5th floor of tbe Masonic Temple at 7:30 p.m.

August 15. Mark Master Quarry Festival to be held in Bloomington, Indiana. Do you have a Masonic brother who would like to be in this class? If so get his petition in to the stated meeting June 19 to be voted on. This production puts the degree work in its natural setting of the stone quarry. The cast of 100 or more portray the degree with a profcssional touch to make the candidate feel he is part of the work and the lesson is one to be long remembered. Are you interested in attending in a group, maybe a bus load? Come to the stated meeting in June.

The new Companions exalted thus far this year are: Jack Leslie Biggs, Charles Flancher, Guy I. Mausteller, William H. Scott, Clifford S. Fortney Sr., David C. Gastineau, Urban H. Teders, Michael D. Gingher, William L. Walter, Franklin A. Hart, Donald W. Proehl, Herschel D. Bolyard, J. Robert Snowball, Dale L. Stedman, Donald R. Parrish, Donald G. Case, Ronald L. Stabler, Kenneth M. It was our privilege to pay a tribute of respect and esteem to honored members on May 9. Freemasonry has always taught a proper reverence and veneration for those whose years have brought them to positions of eminence in our craft. Happy indeed is the occasion when years of age stand united with years of service, and when an honor may be conferred upon a brother who is both worthy and esteemed.

The Award of Gold dinner afforded an opportunity to reflect upon the past; from experiences of the past the present receives that useful counsel and guidance which enables us to erect a more glorious future.

The two recipients were Herbert Jesse and Robert Flora, who have been members in good and regular standing for more than fifty years as Master Masons.

Accompanying them at the head table were their wives, along with Worshipful Master James Irwin, selected as Special Deputy to the Grand Master for the Award of Gold ceremony, and his wife, also special speaker Donald Chaffin. The ladies of Antioch Lutheran Church served a delicious meal and their hospitality was very gracious. The highlight of the evening was Bros. Herb and Bob saying a few words and introducing their guests. Our hats are off to Bros. Lloyd Brown and Don Chaffin for making this major event a complete success.

Our Master Mason of the month for May was Dallas Ake. I will report more information on him in the next issue.

I attended Grand Lodge in May, so this has been a very busy month for our lodge. Hope to see as many as possible at our future stated meeting.

Join us at the Hoagland United Methodist Church on Sunday, June 21, at 9:00 a.m. when we will attend church in a body in honor of St. John the Baptist Day.

We are still having very good attendance, I'm pleased to report, and know all our officers with myself look forward to our sideliners.

Huntington DeMolay Chapter journeyed to New Haven and initiated our new boys. The new advisory council is doing fine with getting our DeMolay Chapter back on its feet.

As members of our lodge, if you know of any young man who may be interested give his name to a council member for future contact.

As you read this issue we will have been to Grand Lodge. Mark the first Wednesday evening of June to hear this report.

This being the last paper till September, I wish for you a very good summer and enjoy your vacations.

Brethren: On Sunday, June 21st, we will join other lodges in Indiana in the observance of the Feast of Saint John the Baptist. We invite all Masons and their wives to worship with us on this day. The church we will be attending will be announced in lodge at a later date.

We would like to report that we are considering air conditioning our new temple. We would appreciate any suggestions or donations toward this worthy goal.

As soon as weather permits, the landscape committee will be busy planting shrubs and other plants to beautify the grounds surrounding the temple.

We would like to take this opportunity to thank Brother Floyd Waterman for the donation of a flood light and Brother Kenny Bauserman for the donation of the installation charges. This light will serve to illuminate the beautiful Square and Compass emblem on the pylon in front of the building.

DESCRIPTION OF AN AMERICAN

He whips the enemy nations and then gives them the shirt off his back. He yells for speed laws that will stop fast driving, and then won't buy a car if it doesn't go 100 miles per hour. He gripes about the high prices of things he has to buy but gripes still more about the low prices of things he has to sell. He knows the lineup of every baseball team in the American and National Leagues and does not know half the words in "The Star-Spangled Banner."

An American will get mad at his wife for not running their home with the efficiency of a hotel and then he will get mad at a hotel for not operating like a home. He will fall out with his wife over her cooking and then go on a fishing trip and swallow half-fried potatoes, burnt fish, and gritty creek water coffee made in a rusty bucket and think it is good.

An American will work on a farm so he can move into town where he can make money so he can move back to the farm. He will spend half a day looking for vitamin pills to make him live longer — then drive 90 miles an hour on slick pavement to make up for the lost time.

But we're still pretty nice folks. Calling a person "a real American" is the best compliment we can pay him. Most of the world is itching for what we have — but they won't have it until they start scratching for it the way we did.

DARE WE BE MASONS?

Freemasonry must be a force to be used, and not a form to be served. The importance of this is seen when we realize that this is one of the most difficult and treacherous days in all history. It is difficult because it is impossible to estimate, or control, the forces that hold the world in their grip. It is treacherous because of the plausible half truths that are thrust into the minds of men as new-found theories. Values are no longer mutually exclusive. All we have are contrasting points of view —contrasting ideologies. Things are no longer right or wrong, true or false, good or evil; but are profitable or unprofitable, convenient or inconvenient, popular or unpopular, expedient or inexpedient. We may use any set of contrasting adjectives as long as we do not suggest moral values. The result is that ideals are mocked as the vestigial remains of childhood taboos, and principles are ridiculed as a euphemism for prejudices. Life is no longer a series of choices between right and wrong, but a series of rationalizations, in which fundamental moral values are eliminated through our refusal to acknowledge and standards as having inherent validity, or absolute authority. Freemasonry must meet this with the force of its insistence that there is a truth that must be believed; there is a law that must be obeyed; there is a moral sovereignty to which we must submit, and which we deny or defy at our peril.

—Thomas S. Roy
Masonic Tribune

SUPERFLUITIES

Every Mason is familiar with the symbolic teaching of the Gavel.

Superfluities are those things which are not necessary and which add nothing to our mental and moral progress.

What we add to our lives is important. Also important are those things which we may have added in the past which we should change or subtract from our lives.

Envy is a superfluity which we add. It is a burden which we carry around which results in unhappiness. The Common Gavel should help us to free ourselves of this unnecessary burden.

The habit of wishing others ill, not just in words, but in thought, is the way to replace the beauty of life with the ugliness of envy and hate.

A lack of respect for the opinions of others is another superfluity. We should bear in mind that just because a brother differs from our opinions does not mean we differ from his. Let us not be guilty of petty thinking with a small amount of understanding and tolerance toward the opinions of others.

Perhaps morality is a matter of addition and subtraction.

What is applicable to our attitude toward others is also applicable to the possession of material things. We are either content with what we have, or we carry the burden of constantly striving to attain more things which represent the superfluities of life, and which do not result in happiness, even if attained.

'THANK YOU, GRAND MASTER!'

The editors of the Square and Compass wish to add their congratulations to the many received by M.W. Grand Master Richard E. Hickam for his wise decision in banning the controversial play "Hair" from all Masonic buildings and all buildings operated by organizations associated in the public mind with Freemasonry in the State of Indiana. If more of us took a decisive stand against plays and movies which we consider to be "indecent," what good might be accomplished! We are very proud of our Grand Master.

TWO FAMOUS MEN BECOME MASONS

Senator Harry F. Byrd, Jr., of Virginia was made a Mason "at sight" on May 9 of this year by the Grand Master of Masons in Virginia, William T. Watkins of Roanoke. The ceremony was held in Winchester Hiram Lodge No. 21, Winchester, the same lodge in which President William McKinley was made a Mason in May, 1865, while serving as a major in the Union Army. Senator Byrd has affiliated with Winchester Hiram Lodge No. 21, to which his late father, Senator Harry F. Byrd, Sr., also belonged.

Motion picture star John Wayne, popularly known as "the Duke," was made a Master Mason on July 11, 1970, in Marion McDaniel Lodge No. 56, Tucson, Arizona. Famous for his portrayal of rugged Western characters, Brother Wayne regards Arizona as a second home because of his extensive business interests in that state.

Summer has gone, and it is time to go back to work. I hope everyone had a good summer and am looking forward to seeing all of you in Lodge this fall. We have work for the month of September, so come down and get involved. We need you!

October 17, is our Centennial Celebration. Past Master James Peters and his committee are busily making plans. A large turn-out is expected, and I am sure everyone will have an excellent time. In the next few weeks you will receive a letter with a return post card for your reservation. Please send for your reservation as soon as possible so we can make our plans.

September 26 and 27 is our annual Tri-State Meeting. This year it will be in Peoria Heights, Illinois. Brother Jess Lewis is making all the arrangements and must know soon how many are going. If you have never gone to one of these meetings, I strongly suggest that you take the time to enjoy the fellowship.

On Saturday night, September 19, the Lodges of Fort Wayne will hold their Masters' Ball. Tickets for this may be obtained from any of the officers of the Lodge.

Again, let me remind you that after a long quiet summer, we go back to work in September; come and help.

Greetings my Brethren all, here summer is past, and we are entering the Fall season with the promise of much degree work to come. I hope all the officers and brothers are refreshed from their summer vacation, and ready to show our new candidates what real Masonry is.

Before going dark for the summer, we had the pleasure of welcoming into our great fraternity, Bro. Charles Larson, and we had the unusual privilege of conferring the first two degrees on a father and son, Steven G. Diller was welcomed as a Master Mason, and we all offer him our congratulations.

Too late for the last article before the summer, we received notice of a very high honor being conferred on our most efficient Secretary, Bernard L. Smith. Brother Barney was elected to receive the most exclusive York Cross of Honor, which is only given to those who have served as Worshipful Master of the Symbolic Lodge, and served as presiding officer of each of the three York Rite bodies. I believe Barney is the only living Wayne Lodge Past Master to hold this very high honor, and he is most deserving of it.

Word has just been received that the annual Grand Lodge for Instruction will be held Tuesday, October 27, with Wayne Lodge No. 25 and Home Lodge No. 342, and we will be acting as host. This year the inspection will be held on the Fellowcraft degree, and we hope the membership will show their interest in their Lodge by attending. See you in Lodge.

Greetings, Brethren, and wishes that you and yours had a wonderful summer. The changing colors of autumn will soon be here and your Lodge will be hard at labor.

Since the last issue, South Gate had its annual Master Mason Degree, the last Saturday of June at 7:00 a.m. The pancakes were delicious and the degree work well done. We welcome into our Brotherhood newly raised Brothers J. Wallace Brown and Franklin A. Bryan.

Brother Samuel C. McCollum was called to the Lodge above on July 2. To his family, South Gate Lodge extends its sympathy in their time of sorrow and loss.

July 18 saw some of our Brethren taking a bus trip to Chicago to view a baseball game. All who went enjoyed a great day of fun and fellowship.

Plans for the Second Annual Masters' Ball are progressing! Plan now to be present for the festivities! Highlight of the evening will be the dedication of our new flagpole. Distinguished Masons from all over Indiana will be present. Dancing and Cards will follow the dedication. Bring your friends and show them your Temple. All local lodges will be in attendance.

Brethren, your lodge is about to begin another fall season, a season which I know will be an enlightening and entertaining one for all of us. It's good to be back and it is hoped that we will all be able to join within the lengths of our cabletows to enjoy the teachings and pleasures of Freemasonry throughout the remainder of this year.

We are living in an age when we have more leisure time than our grandfathers, or even our fathers deemed possible. The inventive genius of our civilization has made great strides in lightening our toil and shortening our working hours. But at the same time this very inventiveness has produced a vast array of entertainment forms to beguile away this time. We are faced with the dilemma of having more free time than ever before and yet at the same time being unable to fit into this span all the things we wish to do.

The temptations of entertainment today are varied; some may compete with our Masonic activities. But let us pause a moment in our deliberations and consider — think back to our first thrills of our entrance into the Order, the initial joy of receiving Light at last. What better way to spend our time than to continue the search for more light? What joy more rewarding than that of new discoveries on our journey through Masonry? And how better to further this journey than through participation at meetings, in the Temple where such learning is taught?

I congratulate and welcome to our membership four newly raised brothers — Charles Inman, Len Thornson, Charles Swihart and Carl Simon. We welcome these new members and earnestly solicit their attendance at our meetings.

be a little more comfortable in the building. Come and see.

During the month of August some of you have had callers from the financial committee asking for pledges for the building fund. I thank you for your response. Your contributions have helped considerably. During our visitation we found that some of the brethren have not had the time to visit the Temple, so when you are out riding with the family, let your car drift down Elzey Ave., and see the beautiful building that has been erected in honor of Masonry and you. There is a beautiful lawn growing all around the building, thanks to Tom Gross and the hours of labor that he and his son have put into the work. A flag pole has been erected by the faithful labors of many, so come and take a look.

I wish at this time to thank the many brethren and their friends for the paper donations to the Job's Daughters paper drive. If you have any papers, put them in your car and bring them to Lodge with you. Some day you will see the end results of the little effort of bringing them in. I would also like to thank the Eastern Stars of Waynedale for the contributions that they have made to the Lodge.

It will soon be Dues time again. Please do not forget your contributions to the Masonic Home, this is a very worthy cause. So, until we meet in Lodge, and bring along a Masonic friend, I'll be seeing you.

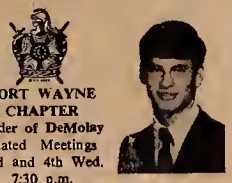
The 1920's were good years for Masonry and for Maumee Lodge. We received our charter in 1926 and our Masonic Temple was built in 1925.

This particular era has become my favorite, although I never lived in it, and therefore a 20's theme has been chosen for this year's Ladies Night Banquet which will be held on September 30 at 6:30 p.m. Plans are being finalized for what promises to be an outstanding evening. Mrs. Witmer is planning one of her usual fine dinners and I have arranged for my very good friend, Bud Nolan, to provide the entertainment. In keeping with the 20's theme, Bud will be at the console of a Theater Organ (Sorry, I couldn't supply pipes but we have a good electronic substitute) and as a part of his show, he plans to include a few of the ever popular sing-along numbers.

As in previous years it will be necessary to obtain tickets in advance. They will be available from any of the officers and from Mrs. Leiter in the Temple office. The ticket deadline will be September 25. By all means, put this important date on your calendars today.



September will also be a busy month for degree work. The exact schedule will be carried in the local papers; however, we do plan for dinners at 6:30 for both EA and MM degrees. Remember, Maumee Lodge is YOUR Lodge and it needs your active support and participation to be effective. As the Fall and Winter season begins, make definite plans to attend Lodge and share with our new candidates the profound experience as the beauties of Masonry are unfolded again — ever the same, yet always fresh and new.

Well, my term has started with a bang. June 6 was Installation and Awards Night. The following Officers will serve our Chapter for the Summer/Fall Term: M. C., John Kinast; Sr. Councilor, William Flickinger; Jr. Councilor, Thomas Johnston; Treasurer, John Langdon; Scribe, Bruce Dewey; Sr. Deacon, Mike Haller; Jr. Deacon, Rick Hanauer; Sr. Steward, Richard Wilken; Jr. Steward, Jim Brickley; Chaplain, Kian Porter; Sentinel, Jim Spiker; Standard Bearer, Richard Doll; Almoner, Leo Kinast; Marshall, Dave LeMasters: Orator, Ricky Scott; Preceptors, First, Jim Chaney, Second, George Spiro, Third, Lynn Cooper, Fourth, Tom Wetzel, Fifth, Rocky Smith, Sixth, Dave Castator, Seventh, Wes Kuhne; Musicians, Tim Shideler and Randy Carr; Dad Advisor, Ralph S. Latham; Chairman of Advisory Council, Neal Tiffany.

This is the first term in many years that the Fort Wayne Chapter of DeMolay has continued to function during the summer. We have been busy. For our summer meetings and activities, we have had an excellent attendance. I wish to commend the boys that made an effort to come.

At our Annual State Conclave at Ball State University, we had a fine delegation to represent Fort Wayne. We have every right to be proud of them. Ten of us went to Conclave, three came home with awards: Ritual, Robin Rhoades, 1st for 5th Preceptor; Dave Bartbolomew, 3rd, DeMolay Degree, and Athletics, John Kinast, 1st Backstroke.

I wish to thank all the boys who were hosts at the American Cancer Society Air Lift. The following boys did a fine job: Bruce Dewey, Max Mertz, Dave Castator, Joe Snouffer, Kurt Wallenstein, Rocky Smith, Dick Wilkin, John Landgon, Bill Mallers, George Spiro, Jim Spiker, Jeff Stuckey, Jim Motter, Dave Motter, Wes Kuhne, Ron Haver, and Mike Haller.

We had a smashing weekend July 17-19 at Donald Parrish's Lake George home. There were 30 boys in attendance, who spent most of the time skiing and enjoying fabulous meals. I can truly say each boy had a great time and did not go home hungry. Thanks to everyone.

Thank you, Bill Flickinger, for taking care of everything while I was abroad. I know you and the other boys did a great job with the refreshment stand at the Shrine Horse Show at Columbia City.

This year we have worked out the most complete program we've had for awhile. You should have received your program book by now. If you have not, please let me know.

September looks like it will be a success. In order to make our goal of 50 Members for the Rush Party, we need your help now. Be sure to get your friends who are not with us now to come. The Rush Party is Sept. 19, Saturday, 1:00 p.m. to 3:00 p.m. at the Scottish Rite Building. Our first meeting is Wednesday, Sept. 9. The second meeting, Sept. 23, we will have a film and speaker is to be Moose Meyers.

In closing I wish to remind everyone to tell their friends that our annual Hayride and Dance will be Oct. 10 at Meyers Barn, Parent Road, New Haven. See you Sept. 19.

I would like to introduce myself, Sue Brandt, as the new Honored Queen of our Bethel. My installation was held during the middle of June and was a wonderful way for me to begin my term as Honored Queen. I would like to thank all of those who helped make it such a wonderful and memorable experience, and a special thanks to those people who made my position possible. I will remember them always with gratitude and appreciation.

We Jobies were kept quite busy, during the summer, with paper drives, car washes, and a lake party. We also participated at the Shrine Horse Show, at which the Fort Wayne Chapter of DeMolay also served.

During the month of September there are several activities in which we hope everyone can become involved. Our first meeting will be Past Queen's Nite, honoring Past Honored Queens, on September 2nd, with a potluck dinner. Our official inspection by the grand officers will be held on September 9th in the Commandery Room. Also, the Jobies will have a paper drive during the latter part of September. Please, everyone save your papers, and call Mrs. Ross, 485-4850 or Sue Brandt, 456-2923 for paper pick-ups.

On September 13th, the Job's Daughters and DeMolay will take a bus trip to Franklin, Indiana to participate in Franklin Sunday. We encourage all of you to attend not only Franklin Sunday with us, but to take part in all other events, giving us the moral support which is deeply appreciated.

IN SEARCH OF THE UNSELF

For forty years a famous New England headmaster outlined his sermons for Sunday afternoon vespers services in four notebooks which have been preserved by friends and admirers. For the opening of a new school year he entered the following abbreviated sentence to suggest the idea he wanted to develop: "First lesson here and everywhere lesson of unself."

While the last word is obviously an abbreviation, it leaps out of that phrase as a name for one facet of a man's character or personality. Psychologists talk about the id or the ego. Let's consider a man's unself, as if it were another alter ego. As the cultured Dr. Jekyll developed an evil other self, the infamous Mr. Hyde, can not a committed Mason develop a beneficent alter ego, his charitable unself?

Freemasonry's great tenet of Relief is the motive that aetivates a Brother's unself. Much has been written about the individual's "search for the self"; for a Mason there should be just as intensive a search for his unself; if he wants to be relevant to his Masonic obligations and ideals.

When Brother Walter heard the report of the Siek Committee at lodge the other evening, he recognized the name of an elderly Brother who lived in the next block and appeared to have few close friends or visitors. Next evening he stopped for a half hour to visit the older man and learned of his loneliness and need for help in some of the small details of living. He ran errands for him while his illness lasted; he brought him words of cheer and comfort as often as he could. Brother Walter had found his unself!

When Brother Harry was asked to contribute to the fund for a new building at the Masonic Hospital, his first thought was of a token contribution, quickly given and as quickly forgotten. Business hadn't been good this year. His daughter's long illness had drained the family resources heavily. But then he remembered the year he served as Master and the lodge had helped the Widow Jones to be admitted to the Masonic Hospital when she needed such help so desperately. The wonderful care she had been given! The brotherly love and sympathy with which that care had been given by doctors, nurses, orderlies, and all the members of the staff! No, his first thought was unworthy of his Masonic knowledge and insight. After talking it over with his family, he pledged a significantly larger amount because he knew it was needed. Brother Harry had found his unself.

Brother George read about the work of Masonic Visitors in Veterans Hospitals. He was a veteran himself. The stories he read about the loving services performed by Brother Masons to cheer the suffering, to furnish some needed creature comfort, to ease the last moments of a dying man stirred his sympathies and imagination. "Ten cents," he read, "ten cents from every Master Mason in our country would put a Masonic Visitor in every one of our country's VA Hospitals!" Next lodge meeting Brother George told his Brethren what he had read. "Ten cents from each of you tonight!" he pleaded. For those who had no dime or weren't there to give one, he gave the dimes that made a 100% contribution from the members of his lodge! Brother George had found his unself.

MASONRY HELPED MOLD AMERICA

Every line of America's history is written with Masonic ink, sweetened with Masonic love, blessed with Masonic brotherhood, and reddened with Masonic blood and sacrifice.

Scan only a few highspots and you find Brethren making the American Dream, from Colonial days to these times of international peril.

There's Kit Carson, Lewis and Clark, Sam Houston, Davy Crockett, Oglethorpe, Lindbergh, Samuel Gompers, Luther Burbank, Tom Paine, John J. (Blackjack) Pershing, John Phillip Sousa, Irving Berlin, Clark Gable, Eddie Cantor, Will Rogers.

A long string of Presidents.

Generals from Washington and Robert E. Lee to McArthur, Ridgeway, Clark and Doolittle.

Admirals from Farragut to Halsey.

Developers of men like coaches Alonza A. Stagg, Andy Kerr, Dana Bible, Bernie Bierman.

Empire makers like Astor, Morgenthau, Wanamaker, Mellon.

Yes, Masonry has molded America, made it tick and click, defined its great dream of Brotherhood, sent its message of hope and courage ringing throughout the world!

The Craftsman

'I SAT IN LODGE WITH YOU'

When those words are spoken the ice is broken — two men, strangers till then, become friends, and the fire of fellowship burns. It was a true stroke, a tender touch, a fine flash of insight when Wilbur Nesbit wrote those lines, which will surely become a classic of the Craft. What a world of difference it makes to hear those words! Somebody can vouch for you. Doors open. Hands are outstretched. The old loneliness melts into a mist, like a bad dream.

What more can we do in this world than vouch for one another, anyway? The richest man is a pauper if nobody will vouch for him. What is the matter with the criminal? Chiefly, that no one will vouch for him. God of dreams, what a text for a thousand sermons! But it is not preaching we need, but just to take the text to heart and live up to it.

"Those words hold all of brotherhood
And help me face the world anew—
There's something deep and rich and good
In this: 'I sat in lodge with you'."

THE ART OF HAPPINESS

By Wilfred A. Peterson

You can't pursue happiness and catch it.

Happiness comes upon you unawares while you are helping others.

Happiness is like perfume — you can't spray it on others without getting some on yourself.

Happiness does not depend upon a full pocketbook, but upon a mind full of rich thoughts and a heart full of rich emotions.

Happiness does not depend upon what happens outside of you but on what happens inside of you; it is measured by the spirit in which you meet the problems in life.

Happiness doesn't come from doing what we like to do, but from liking what we have to do.

Happiness comes from putting our hearts into our work and doing it with joy and enthusiasm.

Happiness does not come from doing easy work, but is the afterglow of satisfaction that comes after the achievement of a difficult task that demanded our best.

Happiness comes from keeping constructively busy; creative hobbies are the keys to happy leisure hours and retirement years.

The master secret of happiness is to meet the challenge of each new day with the serene faith that "all things work together for good to them that love God."

—Masonic Chronicler

AN ESTATE

Not every father is able to leave his son a big estate made up of lands, mortgages and bonds. But any father can bequeath to his children an estate worth infinitely more — one for which they will rise up and call his name blessed.

He can leave an honorable name, a good reputation, a memory of a Godly life, and a record of fair dealing. He can teach his son to have profound respect for fact, a deeper reverence for character, a thirst for knowledge and a willingness to work.

If any youth has all this, he will not need any money that may be willed to him. If he does not have this, no money left him will do much good. This is an estate any man can leave his children.

Vacation time has come and gone, leaving us with memories of long trips, short trips, picnics, sunburns, and visits with family and friends. The summer is slyly slipping away and now it is back to work time, Hay Fever time, and back to school time. One of the pleasant tasks awaiting us is turning on the lights of our Chapter Room again. It seems it has been so long since our June meetings that maybe it is well to tarry a moment to remember the lovely Garden of Memories ceremony with which we paid tribute to our loved ones who have departed during this year. The meeting of June 18th was planned by our Worthy Matron to do honor to all of the excellent committees which are working together this year to make it the happy, harmonious, and gratifying year we all hope for. Our Matron Marguerite used the theme of the Worthy Grand Matron "You cannot hope to enjoy the harvest if you do not labor in the fields." She recognized each committee and thanked each one for their devoted efforts. She also thanked the Past Matrons and Non-Pariel for their special helpfulness. She expressed to our Organist and Choir Directors, Lucile, Carole, and Marjoric, and the entire choir her deep appreciation for their special contributions to the beauty and solemnity of our ceremonies. She said our Ways and Means committee, composed of a fine group of willing workers have been serving dinners whenever asked to do so, serving the lunches and coffee we so enjoy during the social hour that follows our regular Chapter meetings, and selling the gift and household articles which bring in such a tidy profit. This grand group could always use more willing hands. Anyone who would like to volunteer should call either the Worthy Matron or the Associate Matron and they will see that you are assigned to the place where you would be happiest to lend your help. The more you put into an organization, you know, the more you get from it, and many of these people have found they possess talents they never realized they have, and are putting them to good use — and having fun doing it. They have been devoting the time they usually use for their social hour at their monthly meeting to the projects which need their attention.

The June birthdays were celebrated at the meeting on the 18th, too. Did you know that the contribution you make to the birthday bank will be added to the fund dear to the heart of the Worthy Grand Matron and Worthy Grand Patron — namely, to purchase a portable X-ray machine for the home at Franklin?

During the initiation rites Marcia and Douglas Lary and James and Claudette Wolf were added to our membership. We welcome them whole-beartedly and hope they will attend the Chapter meetings regularly so we can become better acquainted and so they will come to love the ritual and enjoy the fine fellowship of our beautiful order as much as we do.

Marguerite announced the Oct. 19th date for our largest project of the year — the Card Party and Bazaar — and urged us to get started this summer on our bazaar projects to have them ready in plenty of time for this big event.

And now it is time for us to gather together to resume our labors and enjoy the good times for which Fort Wayne Chapter is so famous. The first meeting of the new season will be a Family Reunion. The decorating committee has promised to set the scene with a gay checked tablecloth and picnic accessories. There will be a basket dinner at six o'clock in the Temple dining room. Bring a covered dish and your own table service. Rolls and coffee will be furnished by the ladies of Non-Pariel. Let's make this a big evening and come back and see all the sisters and brothers you haven't seen for awhile. If you know of someone who would like to come but does not have a way, why not arrange to call for them and bring them along with you? Following the dinner, the regular meeting will honor the Forget-me-nots, the sideliners. They are as important to the meetings as the officers and the Choir. If there were no sideliners, there would be no reason to have meetings at all! They tell me they used to have to set extra rows of chairs in the Chapter room to accommodate all those who attended the regular meetings. Wouldn't our Matron and Patron and the other officers be pleased if we had every chair filled? Wouldn't we be proud to have our newest members see such a crowd of devoted sideliners? Let's make this an evening to renew friendships and make new ones. Let's be real Stars, not just members!

The Chapter will be draped to commemorate the passing of Sisters Mary Mae Miller, Nellie Emerson, and Helen Lauterberg.

During the year of 1945, with Sister Marian Goff and Brother Lester Helms as Worthy Matron and Worthy Patron, quite an enviable list of new members was added to the roster. The 17th of September has been set aside to add thirty-three of these members to our proud list of 25-year Silver Star members. We hope that most of them will be able to be with us to receive this bonor.

Sister Marguerite announces the visit of Sister Evelyn Miller, Deputy of District 14, will be Oct. 1st. Also, we should all take note of the change of date of our Friend's Night. Originally scheduled for Dec. 17th, the date now will be Dec. 3rd because of other inspections being held in the building on the 17th. Remember — Friend's Night Dec. 3rd. Our inspection date will be Dec. 16th. Be sure to mark these dates on your calendar so you will have these special nights reserved far in advance.

Twice during the summer our Matron met with Beth Karrick, W.M. of New Haven, and Crystal Moorman, W.M., Star of the East, to make plans for our joint inspection on Dec. 16th. The Social Committee and officers group met at the home of Chaplain Pat McKinney to work on the table prizes for the October Card Party and Bazaar.

The desire to be well liked, to enjoy the affection of friends, to get along easily and pleasantly with other people, is one of the fundamental instincts of human nature.

Since earliest times philosophers have taught the basic principles of human relationship, have emphasized the qualities that go to make a well-liked, agreeable personality — the qualities that mean most in association with others. There has never been a time when kindness, unselfishness, and consideration for others were not considered essential qualities. "A person completely wrapped up in himself makes a small package," said an eminent spokesman.

One of the oldest and most enduring rules of human relations is "to do unto others as you would have others do unto you." It remains now, as it has been for centuries, the most important single rule of life, the basis of all moral and ethical principles. Another way to express it is, "The only way to have a friend is to be a friend."

Greetings Companions: I trust that you had an eventful, enjoyable summer. It is now time to return to our labors. There are several things on the agenda for the balance of the year; at least one more All Degree Day by Group Three (Thomas R. Marshall portrays the Past Master Degree), several pieces of important business, and finally the Annual Stated Convocation and High Priests' Night in December.

Don't forget our meeting September 18th at 7:30 p.m. in the Chapter Room and lunch at 6:30 p.m. at the "Y" for those who can make it. I hope to see you at both places.

OLIVE BRANCH LODGE No. 248 F. & A. M. POE, IND.

Lloyd C. Brown _____ Secy.
Box 31, Hoagland, Indiana

I hope everyone enjoyed the summer and all vacation plans were highly successful. It is now time to turn our attention to the harvest months.

Olive Branch will begin its September calendar with the stated meeting on the 10th. Final assignments to all officers and members for our Grand Lodge of Instruction will be discussed and any problems will be resolved. We will also have to set a date for a fish fry. Our anglers this year were Mr. and Mrs. Mervel Smith, Mr. and Mrs. John Snarr, and Mr. and Mrs. Cecil Gottschalk. In planning for the fish fry our fish fry committee may need extra help in the kitchen and dining room. Therefore, if you are able to assist us, contact Jim Irwin and I will pass along the information to the committee.

On September 12 at 4:00 p.m. at the Mervel Smith residence in Hoagland Olive Branch Lodge, along with St. Mary's Chapter, Order of the Eastern Star, will have a picnic. Last year we had the largest turn-out in quite some time. This year let's break the record. All that is required to attend the meal is to bring a covered dish and your own table service. Those who would just like to drop by for the afternoon are also welcome, so get the family together and bring along a good appetite.

Our Grand Lodge for Instruction will be held Sept. 24 at 7:30 in Olive Branch Lodge. It is my responsibility to make certain that all of our officers are notified of this meeting and that they make every effort to insure 100% attendance for the session. All officers must be ready to give their parts. The instruction will be on the Master Mason degree. All materials must be returned to Lloyd Brown prior to this date by either yourself or a responsible Master Mason. The easiest way to insure that Brother Lloyd will have his records completed by Instruction session is to attend our Sept. stated meeting. We will host with Grand Lodge Lecturer and Members of Decatur Lodge 571. It will be Olive Branch's responsibility to serve refreshments after the meeting.

The vacant lots look real nice this summer; our thanks to Bros. Mervel Smith, Phil Lydy, Ray Gottschalk, Clarence Lybarger, John Snarr, Albert Heiser, and Jim Irwin for their efforts. I would hope a different crew will make themselves available next season.

There was a large turn-out for the observance of St. John the Evangelist Sunday in June. Olive Branch attended Antioch Lutheran Church in Hoagland. The sermon was about St. John and fitted the occasion quite well. This was the first time Masons as a group attended Antioch Lutheran worship services. Should we ever receive an invitation again, we should give it serious consideration after receiving such a warm welcome this year.

We welcome Bro. George Droddy into our Seventeen Club and thank him for his contribution to our Building Fund.

Olive Branch Lodge is scheduled for Veterans Hospital visitation on Sept. 28. All who can come are welcome.

during the summer months.

Brethren: Because of vacations and other summer time interests, our lodge operated on a limited business schedule through July and August. However, with fall rapidly approaching we will return to our normal activities.

Please keep these upcoming special dates in mind: Sept. 8th, 8:00 p.m. practice for inspection. Sept. 15th, 7:30 p.m. visitation at Veterans Hospital. Sept. 22nd, 7:30 p.m. Inspection at New Haven.

There is a motion before Lodge at the present time to return to one meeting night per month. Each member will receive a letter with all the pertinent details. If you have any feelings one way or the other, please be present in lodge to express them.

Beginning in September, each member will be required to bring a nonperishable food item or monetary donation for admission into lodge. This project will aid some needy family in the area at Christmas time.

We would like to thank the Brethren for their inspirational ideas concerning the mission and growth of our lodge and a special "Thank you" to the Brethren who have helped maintain the lodge grounds

MASONRY'S PLACE IN THE WORLD

A study of the purposes and goals of Masonry will reveal Masonry's place in the world. Hundreds of books have been written on George Washington and only a few perhaps mention anything about Washington as a Mason. It cannot be denied, however, that Masonry's place in the world is made known through the life and the deeds of Washington.

The works of great composers may not always point directly to Masonry's place in the world. But when the compositions of a Mozart include Masonic thought and feeling there is no question of Masonry's place in the world.

The poems of Robert Burns may not reveal Masonry to the non-Mason. But a study of the part that Masonry and Masons had in the life of Burns, tells the place that Masonry has in the world.

The lives of Masons are marked with the signatures of honesty and integrity. This vast body of men create Masonry's place in the world.

The place that Masonry has in the world is not established on numerical strength. It has no place based on political or military strength. It cannot boast of power through wealth.

Masonry's place in the world is the place where the influence of the individual Mason is brought to bear on the side of right, on the side of freedom, on the side of righteousness, on the side of morality, on the side of humanity.

— Ohio Mason

HISTORY WILL ATTEST

The abuse of a right leads to the destruction of all freedoms.

The voice of the mob is one that comes in loud, if not clear. It should not be mistaken for the voice of the vast majority of the people.

There is always the struggle between forces which use freedom to preserve freedom, and those which convert freedom into license to destroy freedom.

What the mob shouts for and what is attained bear no resemblance. There is created a condition in which all voices are subdued except those of the "leaders" who then rule with an iron hand.

In time of war, when Americans are sacrificing their lives on the field of battle, there is but one course to pursue. It is the course of loyalty and patriotism to the United States of America.

Confusion and noise may obscure the issues of the day, but history will not err in its final attestation. "The mob is man descending to the beast."

GOOD OLD DAYS

Grandmother, on a winter's day milked the cows, slopped the hogs, saddled the mule, and got the children off to school; did the washing, mopped the floors, washed the windows, and did some chores; cooked a dish of home dried fruit, pressed her husband's Sunday suit, swept the parlor, made the bed, baked a dozen loaves of bread, split some firewood and lugged it in, etc., etc., to fill the kitchen bin; cleaned the lamps and put in oil, stewed some apples she thought would be good, churned the butter, baked a cake and then exclaimed, "For goodness sakes the calves have got out of the pen again" and went out and chased them back again; gathered the eggs and locked the stable, back to the house to set the table; cooked a supper that was delicious and afterward washed up all the dishes; fed the cats, sprinkled the clothes, mended a basketful of hose; then opened the organ and began to play, "When You Come to the End of a Perfect Day."

Think For Yourself

Masonry stands for courage, conviction, honesty of opinion and straight-forward conduct. It does not tell any of its members how to think or what to believe. It places before every member the vital facts of life and expects men to think for themselves and to follow their convictions.

HOME LODGE TO CELEBRATE CENTENNIAL

Plans are now finalized to mark another milestone in the history of Home Lodge. One hundred years have passed since Home Lodge was born. To celebrate this great occasion, designs were placed on the trestle board early in 1968. The Craft have been working toward the completion date set for October 17, 1970. Although our birthday was in May of this year, the Committee felt a fall program would be better attended. Russell Prince, then Worshipful Master, appointed James T. Peters, P.M., to serve as General Chairman. Subsequently, Committees were appointed and have accomplished their various duties. A complete roster listing the names of all the members, past and present has been compiled, no small task for the Roster Committee. Past Master James Farrar, appointed Lodge Historian in 1965 by the then Worshipful Master James T. Peters, has compiled a history of Home Lodge, covering the first one hundred years. Brother Farrar has worked diligently with his committee reading the minutes of all the meetings, and picking out the highlights of events regarding Home Lodge.

The Grand Lodge line will be in attendance to re-dedicate Home Lodge. This ceremony is open to the public and the members are urged to come and bring their family and friends. A delicious banquet is planned, but due to limited space, only members and their ladies will be able to attend. Entertainment will be by the Shrine Masquers of Fort Wayne. The dinner music will be furnished by the Indiana Troubadours.

The Grand Master of Masons of the State of Indiana M.W.B. Richard Hickam, will be the principal speaker. Plan on attending this once in a lifetime event. There will be no charge to the members for the dinner, but your reservation must be sent in and be on file at the reservation desk for the banquet.

The Program Schedule is as follows:

2:00 p.m.	Registration
3:45 p.m.	Opening of Lodge
4:00 p.m.	Presentation of Grand Lodge Officers
4:30 p.m.	Rededication Ceremony
5:30 p.m.	Closing of Lodge
6:15 p.m.	Banquet
7:30 p.m.	Entertainment
8:30 p.m.	Principal Address Benediction

Dr. Norman Vincent Peale, minister to the Marble Collegiate Church on Fifth Avenue, New York recently was named prelate of the Grand Encampment of Knights Templar of the United States of America by G. Wilbur Bell, Chandlerville, Illinois, following Bell's installation as presiding officer of the Christian Masonic order at its triennial assembly in Denver, Colorado.

Dr. Peale, whose books, radio and television programs, speeches and published sermons give him a far-flung pulpit reaching millions of people throughout the world, was born in Bowersville, Ohio, the son of a clergyman, and was reared in the state of Ohio. He was graduated from Ohio Wesleyan University, worked for a time as a newspaperman, then enrolled in Boston University where he received both his Master of Arts and theological degrees.

DEADLINE POLICY

We have heard several rumblings lately about early deadlines and believe an explanation of the deadline policy may be in order.

Our printer works on the Square and Compass on specific days, and our copy is due there on the Tuesday preceding the 15th for us to get the paper out by the first of the month. For example, the copy for the October issue was due at the printers by Sept. 15. This means the editors needed to have it by the 14th to have time to edit it, make necessary changes, front page material, etc. The copy was set, the proofs returned to us for checking, and they were due back at the printers by the following Tuesday, the 22nd. The final proofs were checked on Thursday. The papers were printed and delivered on Sept. 29. The mailing takes two evenings, and hopefully you will receive this issue about October 1.

There was an early deadline in August because we wanted everybody to have the September issue by the first of the month to be aware of the events occurring the first week of the month. Also, as none of the groups met in August anyhow, it would not have mattered even if the deadline had been set for August 25 — they still would have had no meeting.

In October it will be necessary to have the copy in by Oct. 12 to get it to the printers by Tuesday, Oct. 13. Otherwise, they will not start working on it until Oct. 20 and it would not be delivered until Nov. 3 which would mean you would not receive it until Nov. 5 or 6 and many events would already be over.

Many people say "The deadline has always been the 15th." This is not true. The last few years it has been set in relation to the time the 15th of the month fell. If you do not believe this, check with Mrs. Lee.

We realize this is hard on the groups that have late meetings, and we are willing to make an exception for those few groups. We have told some of those groups to go ahead and send their copy after their meeting and we would work it in. We do not see how much fairer we can get.

There will be a few cases where the 15th is extremely late, such as November, when the 15th is on Sunday. In this case, we will set the copy deadline for Nov. 16. This means the paper will not be delivered to us until Dec. 1 and you will not receive it until about Friday, Dec. 4. However, for you to receive it by Dec. 1, it would be necessary to set the deadline for Nov. 9, which would be too early.

We realize you cannot please all of the people all of the time. In the past we have heard complaints if the paper was received after something had already happened We believe the majority of the people prefer to have the paper out by the first of the month, and in order to do that it is sometimes necessary to have an early deadline, but we repeat, we will be glad to work with any group with a late meeting date to work out an equitable solution.

Bretbren, the fall season is here; the work is starting. We had two candidates for September and one for October. It was a long summer but everyone is back in the swing of things, and tbe work is fine.

On September 26 and 27 we went to Peoria Heights for our Annual Tri-State Reunion. As usual, our host (Grand View Lodge No. 1112 AF & AM) saw that everyone had a wonderful time.

On Tuesday night, September 29, our Fellow Craft Team traveled to Bourbon, Indiana, to put on the second section of the Master Mason Degree. Everyone enjoyed the hospitality of Bourbon Lodge No. 227.

Our secretary so informs me that the Lodge statements for the 1971 dues have been mailed. Every Brother in our Lodge will receive a statement, even our honored fifty-year Brothers. However, these honored Brothers, who have received their Fifty-Year Award of Gold Buttons are no longer required to pay dues to the Lodge, but tbey must have reccived the Grand Lodge award in order to be exempt. If they wish to make a donation to the Lodge or Home, they may do so. Dues are payable in advance in Indiana Lodges.

Remember, October 17 is our Centennial Celebration. I hope you have your reservations for this event. The Grand Master and his officers will be here for a rededication of our Lodge in the afternoon, and there will be a banquet and entertainment in the evening. This is your Lodge, serving masonry for 100 years. Come down and help us celebrate.

Here it is fast approaching the twilight of my year, as Master of this fine Lodge. All the duties and obligations of serving in a lodge's highest office seem very worthwhile when considering the honor of serving one's lodge in such a position of responsibility.

On the agenda for this month is our annual Grand Lodge for Instruction, which will be held Tuesday night in the Ionic room of the Masonic Temple at 7:30 p.m. This school will be held in conjunction with Home Lodge No. 342, with Wayne lodge acting as host. Although all Officers are expected to attend this session, it is open to all members who are interested in knowing how well their officers are conferring the degrees of Masonry. The school, this year, will be held on the Fellowcraft Degree.

On Master Mason Degree, the fourth Thursday, we will bave our usual fine dinner, which we hope will be prepared by our own Master Chef, Doc Planck. So since the evenings are cooler and the summer's activities are over, let's all set aside Thursday nights to attend lodge. It is a privilege which many, in foreign lands, do not have. It isn't tbe Officers alone who make a fine Lodge, but all the active members in attendance, on the sidelines. Any who wish to take any part in conferring the degrees are more than welcome to do so. Just make your wishes known to any of the Officers. Let's see all of you able members seated in YOUR lodge.

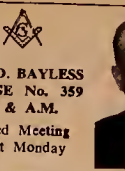
There is not much to report, we did not have a candidate for the month of September. We do have a petition to vote on at our Oct. 13 Stated Meeting.



Worshipful Brother Delbert Dennis presented a very interesting Masonic Education program at our last Stated Meeting, the subject was "What would have happened on our Stated Meeting night if the full City curfew had not been lifted."

Worshipful Brother Hoyt Campbell will present our Masonic Education program at our Oct. 13th Stated Meeting.

November 3 will be our Past Masters' Night, dinner at 6:30 p.m. The Shrine Band will furnish the music during the dinner hour. We also will present Twenty-Five Year Awards. We hope to see all of you at our Past Masters' dinner.

On Oct. 29th at 7:30 p.m. Bro. Howard O. Hunter, Grand Lecturer, will hold a Grand Lodge for Instructions in the hall of Three Rivers Lodge No. 733 F. & A. M. We urge every Master Mason to attend.

Best wishes go out to all Brethren who are ill and we wish them a most speedy recovery.

Brethren, in the rush and bustle of day to day affairs all too many members of the Craft fail to find the time to continue their study of the great truths of Freemasoory. Many brethren, once they bave received the Degree of Master Mason, are conteot to rest on tbeir laurels and, pleading the pressure of outside interests, let their minds decay, gradually losing sight of the high purposes of our Fraternity. Not only does this attitude weaken the structure of the Craft as a whole but it causes the individual Brother to miss the greatest joy of Freemasonry, that of further study and knowledge of its sublime teachings.

Further exploration of the teachings of Freemasonry is not difficult for the initiate, for there are many ways of obtaining more light. If time permits, serving in the chairs affords a splendid opportunity for more intensive study of the ritualistic work. Regular attendance at meetings, particularly those featuring degree work, is highly valuable and instructive, as is participating in the work of the degrees.

In addition to oral methods of study there is a great wealtb of printed material available to the study of Freemasonry. Masonic scholars and historians have, through the years, prepared many iostructive and informative volumes of the history and meaning of the Craft. Most of these are still in print and may be purchased or obtained from the libraries.

The material for study is at hand; it only waits for us to make use of it. All that is needed is a little time and effort. The dividends the effort will pay are far greater than the exertion rcquired, for if we once delve into the study of the meanings and origin of Freemasonry we will need no compulsion to continue our study.

As of this writing it is with profound sorrow, brethren that I announce that the Supreme Architect of the Universe has called brothers Paul H. Knapp, Arthur W. Kempf, Arthur P. Easton and Edward L. Plummer to His heavenly workshop. Our heartfelt sympathies are extended to their families.

Reported ailing since last writing are Glenn Hopper, Carl V. Lake, Charles W. Gatton and Albert H. Braun. We wish these and any other ailing brethren a speedy recovery.

Brethren: The Autumnal Equinox is upon us and with it comes the changing colors of our clime — the beautiful colors of the leaves and flowers are all about us. The harvest is over — the crops are stored away —a calm peaceful sense of security prevails — the most beautiful time of the year is with us — it is God's expression of satisfaction with the seasons just gone by. He is trying to tell all mankind that this is a wonderful, beautiful moment for meditation. Breathe deeply of the crisp cool air — raise your eyes and admire the wonders of nature — raise them higher, even unto the heavens, and Thank God for the privilege of being alive.

Let not the sorrow of the day embitter your heart and soul—rest assured that God knows what is happening. Yesteryear was not really the "Gold old days" we tend to dwell upon. Truly, think about it for a moment; the housing, the lighting, heating and plumbing, the clothing and transportation, the laborious methods by which we earned our living. Would you really want to be doing it that way not? Nay, not I!

The "Good old days" lie in the future — not the past. Today is the best day this world bas ever known — and tomorrow shall be better. Enjoy each day for what it holds as we go through it — bead held bigh, chest out, chin in, eyes wide open and heart full of hope—step forward into the future (it always has been better than the past) give me another, then another, and yet another of the coming "Good old days!"

You see, God does know what is happening, he has known it all the time — he has built a better world for you and me—he continues building for tomorrow. You and I are the transitional components by which he accomplishes his aims. We need to do the thing that lies before us — do it now — do it right — this thing must last until it can be bettered. When we are resting, others will be building even better than we now know. Fear not, the world is getting better — God is in control.

University Landmark Lodge No. 422 AF&AM of the state of Illinois, city of Chicago, visited us on Saturday, Sept. 19, 1970 and performed the Master Mason Degree (Illinois style) in a very impressive manner. Their flawless presentation of the Third Degree was indicative of the many hours of concentration necessary to attain such a high degrec of perfection. These very good friends, and brothers, have added much to our knowledge and understanding of the Masonic traditions. The lovely wives that accompanied them to our fair city were entertained by our ladies during the afternoon hours and then became our guests at the Second Annual Master's Ball where a good time was had by all. Once again we tbank them for the wonderful food they served to us when we visited tbem in Chicago.

Things are really "bubbling" down at Lodge on Friday nights. If you want "in" on it you'd better come. It is your Lodge that we are enjoying and your money tbat we are spending. We thank you, very much.

As some of you may know, these articles are written about 15 days prior to the time you receive your issue of the Square & Compass in the mail. The obvious consequence is that it is often difficult to tie the subject matter in to a current event, however, I feel that we need to stop a minute and evaluate what has been going on in our city these past few months.

We have experienced another period of lawlessness with rioting, fire bombing, demonstrations and the resulting curfew to bring things back under control. I am sure that tbe sociologists and phychologists have examined the situation and are offering their usual academic answers to the causes and cures for what ails our society. Freemasonry has its own tried and sure solution. We charge our new Entered Apprentices to be ". . . a quiet and peaceful subject, true to your government and just to your country." We are further admonished ". . . not to countenance disloyalty or rebellion . . ." It seems to me that this nation had best so instruct its youth if we are to survive the onslaught of Communism that is attacking us on all fronts.

Masons, you will note, had much to do with the founding of our Republic. I am convinced that there is much that Masons can do to preserve it.

In addition to our usual degree schedule, we will be visiting the brethren at the V.A. hospital on October 19th along with Waynedale Lodge. Also of note is our annual Lodge of Instruction which will be on October 30th. This particular evening always proves to be most informative and all of the brethren are invited to share in this valuable learning experience.

Now with our first month of school behind us, things are looking very good for the Fort Wayne Chapter. I want to especially thank Bill Flickinger and Tom Johnston for all their work in August and this past month. Everyone has been great.

Bill Flickinger, Dave LeMasters, and Wes Kuhne attended the Shrine Band's Concert at the Veterans Hospital, July 31. They helped get the disabled men to the concert and visited with them during the evening.

The boys had a great time at the Shrine Horse Show in Columbia City. They dispensed Teem and Pepsi to the crowd and made money for the Chapter. Thanks to the following members, Bill Flickinger, Tom Johnston, Martin Procise, Lynn Cooper, Dave LaMasters, Joe Bishop, Leo Kinast, Dave Castator, Wes Kuhne, Dave Bartholonew, Gary Parrish. Tbese members really earned Merit Bars.

On Sept. 2, we made some money for the Chapter distributing posters. Thanks to these boys, Dave LaMaster, Marty Procise, Dave Castator, Rick Hanauer, Lynn Cooper, Mike Wiggins, Bobby Wolfe, Joe Snouffer, Randy Carr, Tom Johnston, Leo Kinast, and John and Dad Latham. We really covered the city.

After four years of talking about cleaning up 5B, Sept. 5, Wes Kuhne, Rick Hanauer, Kian Porter, Dave LaMaster, Mike Haller, Leo, John, Mr. Leiter and Neal Tiffany painted the walls. There is still much to do. I want to ask any boy who can devote some time to help on our project, 5 B; to contact Wes Kubne, Scribe. We plan to use Teachers Convention Oct. 22-23 to really finish getting 5 B in great condition for our use.

I wish to remind all of you, tbat on Oct. 10 from 8 to 12 we will have our Annual Hayride at Meyers Barn, Parent Road. We must sell at least 200 tickets to make any money. Ask your friends and sell them tickets.

In closing, attendance is lacking, so is membership. Ask a friend.

Both Degrees will be given on October 31 at 1:00 p.m. at the Masonic Temple. The Flower Talk will be at 3:00 p.m. Your mother and father are invited to the Flower Talk. Refreshments will follow. There are 17 boys who have not taken the second degree. Be sure you are there. See you all at meetings and initiation.

Our potluck supper on September 2 was a very successful first meeting after the summer months of inactivity. Besides the exceptionally good food, everyone enjoyed sharing summer experiences and seeing friendly faces.

On September 9 an informative presentation was given by Mrs. Sara Dempster, the State's Grand Guardian. She provided informative clues to the proper procedures for Initiation. She was honored by receiving a nosegay made with her own flowers, presented to her by four of our girls, Ann Achleman, Beth Newby, Laurel Morrow, and Kathy Knisley.

Our annual pilgrimage to the Masonic Home Sunday, Sept. 13 was fun for all. The performance of the living cross was a thrill to not only the girls participating but to the other guests as well.

There are also some interesting and exciting activities coming up in October.

Our parents will be the honored guests at the first meeting on October 7, along with Master Masons and Eastern Stars. Don't be the one to miss this special night for our families.

October 21st will be the scene of Friends' Night. At this event we will be visiting with Jobies from tbe surrounding Bethels. We urge you to participate in these activities with us. We are certain if you attend we will all have an enjoyable time.

AN AUTUMN DAY

God took a bit of the sunset
Colors bright and rare
He took from the mountains a haze blue
Gold from a maiden's hair.
From the rivers a misty gray
He blended them all together
And made us an autumn day.

Chapter is back in full swing with a delicious pot luck dinner and a visit from Sister Evelyn Miller, our District Deputy in September. Sister Evelyn Fry, Grand Esther, also visited us that night, we hope they both will return soon.

Here it is October and Autumn Days are upon us. Don't forget our Past Matrons' and Past Patrons' Dinner October 2. This is just a small way we can show our appreciation to ones who are the backbone of our order.

We will be making Peanut Brittle this month, please call Louise Wilkerson, 436-8081 to place your order.

"This is my Father's world,
The birds their carols raise,
The morning light, the lily white,
Declare their Maker's praise.
This is my Father's world;
He shines in all that's fair;
In the rustling grass I hear Him pass,
He speaks to me everywhere."

With the lovely words of this favorite old hymn our Worthy Matron opened our meeting of September 3rd. There was a good crowd of sideliners, our own special Forget-me-Nots, to help launch the exciting programs and projects in store for us for the rest of this fast-moving year. It's good when old friends get together to chat and work and share the experiences which bind us so closely into our Star family.

Our Matron voiced special thanks to the Non-Pariel group who got the whole evening off to such a grand start by making things ready for the picnic supper which everyone enjoyed so much. The decorating committee had everything looking very festive, and the cooks took it from there! Fort Wayne Chapter really has the Very Best Cooks, don't we?

Carolyn Wehner pro-temmed for our missing Electa, Ethel Daub, and Carol Munk sang such a lovely song "There is no sorrow in the presence of God" when the Charter was draped in memory of our Sisters—Nellie Emerson (who had been a member for 51 years), Mary Mae Miller ,and Helen Lauterberg.

A gala celebration was planned for the meeting on September 17th to honor our new Quarter-Century members. Doesn't that sound elegant? Twenty-five years! I wonder just how many hours and years of service that would all add up to if we counted all the tasks, great and small, that these "Worthy Ones" have performed to make and keep this Chapter the fine organization we all know and love so well. There have been a lot of songs sung, refreshments prepared and served, banquets and dinners served, decorations made, and calls on sick and distressed — just to mention a few!

The Worthy Matron's emblem in the East and a huge Eastern Star centered with silver figures "25" standing in the West set the scene for the initiation of Sister Patricia Gregg and Brother Tommy Gregg. We are pleased to welcome you as our newest members, Patricia and Tommy, and hope that soon we will be very good friends and you will then know why this fellowship and our beautiful ritual mean so much to all of us.

The officers of twenty-five years ago were introduced and those who were able were asked to assume the station they held at that time. Marguerite expressed the pleasure she felt in planning this evening of tribute and opportunity to renew old friendships which have stood the test of so many years and so many experiences shared. Because we also believe that all we say and do, and each hour we spend together is a gift from our Loving Father. Our Chaplain, Pat McKinney, knelt at the altar to offer a special prayer. The "Stars for 25 Years" were then escorted to the West where they introduced themselves and were presented their Silver Star awards from the Chapter. Marguerite promised that all those who could not be present to receive their pin would receive it later.

And that brings us to the wonderful month of October. Remember how the poet said "O suns and skies and clouds of June, And flowers of June together, Ye cannot rival for one hour October's bright blue weather."

We start off the very first day of the month with a most important meeting. We will be entertaining our Deputy of District 14, Sister Evelyn Miller. The East will be arranged to remind us of the Adah Station, with the sword and veil and the open Holy Bible, and Sister Evelyn's flowers, the pink rose and blue violets accented with tiny blue bows will enhance the West. The refreshment tables also will be decorated with the flowers of Adah, the station she honors this year.

On October 15th we will be all decked out in our finest array to greet our Master Masons, the men who gave heritage to the Order of the Eastern Star. They are the hub of our "Friendship Wheel" and we want to show them just how proud we are and how much we appreciate the things they do for us. The decorations in the East, the vouchers, and the table decorations are all planned to show our men that we care about them. They say "The way to a man's heart is through his stomach". I'll tell you a secret, Men, the hostesses are planning something special — just for you.

Again we want to remind you — the card party is coming up soon—Monday, October 19th. There will be a bazaar and bake sale, and something special for your entertainment. If you have items for the bazaar table and the bake sale which you are unable to bring in, call the Worthy Matron, Associate Matron Elsie Brown, or Conductress Gerry Cook and they will arrange to have them picked up for you. For tickets see Marguerite and Gerry Cook, or tickets may be purchased at the door. This is our only big money-making project of the year, so let's get behind it and give a big PUSH.

"Back to Chapter" meeting Sept. 8th, greetings from your Worthy Matron. "We have all heard it said many times that there are only two things of which one may be sure in this life of ours, death and taxes. For my part, I feel that something is missing from this list of certain and sure things. I think we could add 'faithful members' to this list without any reservations at all. For, since the very beginning of our Chapter life, in all kinds of weather, in good times and bad, we have witnessed a steady stream of faithful members who have supported our activities with unfailing enthusiasm. It is indeed a pleasure to welcome our membership to this 'Back to Chapter' meeting. It is also a pleasure to be able to commend you for your faithfulness constancy and dependability. A special welcome to those who have traveled several miles to be with us tonight, and do take with you our warmest fraternal greetings to our Chapter members at home."

Before the meeting a delicious carry-in dinner on the mezzanine, arranged by the Program Committee, was enjoyed by a large number of our members.

Autumn's Here

The air is mellow
The trees are turning
Red and yellow
All the world
Is bathed in gold—
What a lovely Vision
To behold!

Also another lovely vision was our Chapter room on September 10 following our delicious Carry-In Supper. With the help of many hands our General Chairman, Willie Witmer, and Co-Chairman, Leola Meyers, really outdid themselves as always. This being our first meeting in September we were proud to renew our Obligation to our wonderful Chapter. Our Worthy Patron, Paul Wolf, and Sister Ethna Hasty, Past Matron, were in charge of the program. This was a lovely evening for all. We were so proud to renew our vows.

On Sept. 24 we honored our friends from other Chapters. We had a surprise planned for entertainment, and we are sure everyone enjoyed our fun. The decorating added much to the beauty of the evening. Our thanks to both committees.

Do remember our Smorgasbord on October 2nd. Our first meeting on October 8th we will honor our Past Matrons and Past Patrons. A dinner will be served in the Ballroom at 6:00 p.m. with these wonderful people as guests of the Chapter. Reservations in by October 6th. Call Jessie Holman 422-6766. Any member of the Eastern Star or family are welcome to join us for dinner, a donation of $1.50 per plate.

October 22nd will be another night of fun and surprises but you will have to come to Chapter to find out.

May we remind you that it is dues paying time again. Dues are delinquent in Indiana after December 31. All who can pay their dues before November 1, which is the time to mail the dues notices, please do so.

By so doing you will save the Chapter not only the work, but the cost of mailing the notices. Why not come to Chapter, enjoy a night of friendship and pick up your dues card? We will be looking forward to seeing you in Chapter.

It is a good and safe rule to sojourn in every place, as if you meant to spend your life there, never omitting an opportunity of doing a kindness, or speaking a true word, or making a friend.

Summer is gone, fall is here in all her beauty of red, gold, and brown.

We enjoyed a nice potluck at our first meeting for fall, a good crowd, (could always be better).

We started off with more petitions, so we will soon have initiation.

Our district deputy will visit our chapter on October 19.

We are planning a Fort Wayne night for Monday, November 2. Please note, sister Fort Wayne chapters.

October 24th will be our rummage sale in the basement of the Waynedale Masonic Temple. Bring rummage to Temple or call 432-1076, 747-2831, or 747-2590 for pick up. We need help.

Officers will meet at the home of Soj. Hilda Campbell in Auburn.

Friday, Oct. 23 — A Ceremonial will be held in the K of P Hall at 8:00 p.m. for a class of candidates. A salad bar will follow the meeting. Don't miss out on this opportunity to see our beautiful ritualistic work portrayed.

A rummage sale was held at 1207 E. Creighton on August 31. We can report that it was a very successful one.

Another sale was held at 1649 Wells Street at the home of Soj. Delores Faith McDaniels. Many of you do not know that Soj. Delores was elected and installed as Noble Prophetess of our Shrine at our June meeting.

The next sale will be at the home of Sojs. Alton and Erma White on Oct. 9 and 10. We can use a lot more good rummage. Can you contribute anything? Phone the Whites at 745-5664 or your W.H.P. Myrtle, if you want us to pick up what you have.

The Orion Past Officers kept busy this summer. The group met on Aug. 23 at the home of Forrest and Marge Brattain in Spencerville with a wonderful attendance. On Sept. 20, the Club met with Ruth Hensel in South Whitley.

We are more than happy to report that Miriam Shrine recently presented the case of a baby born with birth defects to our Supreme Material Objective Board. We received a check in September to cover outstanding hospital and medical bills. Little Andrea, now 1½ years old, has required a lot of corrective surgery and treatment since birth and is coming along nicely. We are now applying for supplemental financial assistance, as the costs have been more than the parents could handle without outside help, such as our Supreme Shrine offers. Your yearly donation of 52¢ goes to this worthy cause.

Illnesses: Soj. Erma White had ton.

9—Stated Meeting, Honor Past Officers.

10—Reception for Soj. August Kuhn, Supreme Watchman of Shepherds, Rochester, N.Y.

October is here in all its autumn splendor! What a joy to ride through the countryside and see the fields of ripened wheat, the orchards and vines heavy with ripened fruit, the beautiful fall flowers, the leaves starting to turn color. A little sad too as one thinks of the winter to come—but such is God's plan.

A pleasant way to enjoy all this beauty is by coming along with us on the bus to State Association on October 17th. If you haven't made your reservation yet with N.P. Dorothy Smith, please do so at once. Exact time and place of departure will be announced at Shrine October 9th. Several Sojourners plan to attend the Reception for Soj. Bernice Geyer, Supreme Worthy Shepherdess, in South Bend on October 3rd and hope they will share their visit with us at Shrine on October 9th when we honor Past Officers.

Now that you've all been officially welcomed to the fall season by our Worthy High Priestess and Watchman of Shepherds, as well as having enjoyed the delicious potluck at our first meeting and the salad bar on Friend's Night, try coming to our Card Party and Style Show which is early this year in an effort to get away from bad weather. It will be held at Glenbrook Community Hall on Friday, October 30, and you'll not get a "Trick - but a Treat" when you attend. Co-Chairmen Mae Husted and Pat Nehls will be happy to sell you all the tickets you need as will WHP Violet and all Committee Secretaries.

When life has borne its harvest from my heart
And only tarnished husks are there.
Grotesquely stacked and bristling the worn ground,
And there is winter in the air . . .
God, let me keep my sense of humor then—
Grant me some clumsy power to shield
My awful dearth just as one pumpkin mocks,
In clownish glee, this frosted field.

On September 3 we were honored by the official visit in our new meeting place of our Grand Royal Matron, H.L. Denise V. Clapp, and Grand Royal Patron, S.K. Lee Hawhee. We were also honored by the presence of Grand Royal Patron's wife, a past Grand Royal Matron.

Honorary memberships were given to the Grand Royal Matron and the Grand Royal Patron.

A salad bar was enjoyed by all afterwards.

Now that vacations are over let us get back and start things going for a good year.

H.L. Bivian Mahnensmith is home and is much better. H.L. Enid Gahman's mother fell and broke her leg.

The Officers' meeting will be held at the home of H.L. Louise and S.K. William Wilkerson.

I would like to bring you one of the most inspired bits of Masonic writing that it has ever been my privilege to read. It is Joseph Fort Newton's "When is a Man a Mason?"

"When he can look out over the rivers, the hills, and the far horizon with a profound sense of his own littleness in the vast scheme of things, and yet have faith, hope, and courage — which is the root of every virtue.

"When he knows that down in his heart every man is as noble, as vile, as divine, as diabolic, and as lonely as himself, and seeks to know, and to love his fellowman.

"When he knows how to sympathize with men, even in their sins—knowing that each man fights a hard fight against many odds—and still believe in them when they do not believe in themselves.

"When he has learned how to make friends and to keep them, and above all how to keep friends with himself.

"When he loves flowers, can hunt the birds without a gun, and feel the thrill of an old forgotten joy when he hears the laugh of a little child.

"When he can be happy and high-minded amid the meaner drudgeries of life.

"When star-crowned trees, and the glint of sunlight on flowing waters, subdue him like the thought of one much loved and long dead.

"When on voice of distress reaches his ears in vain, and no hand seeks his aid without response.

"When he feels a social iniquity as a personal sin, and a human calamity as a private bereavement—sharing the guilt and sorrows of his fellows.

"When he finds good in every faith that helps any man to lay hold of divine things and to see majestic meanings in life, whatever the name of that faith may be.

"When he can look into a wayside puddle and see something beyond mud, and into the face of the most forlorn fellowmortal and see something beyond sin.

"When he knows how to pray, how to love, how to hope, how to meet defeat and not be defeated.

When he has learned how to give himself, to forgive others, and to live with thanksgiving.

"When he has kept faith with himself, with his fellowman, with his God, in his hand a sword for evil, in his heart a bit of a song—glad to live, but not afraid to die!

"Such a man has found the only real secret of Masonry, and the one which it is trying to give to all the world."

From — The Supreme Council 33°

The Price They Paid

Have you ever wondered what happened to those men who signed the Declaration of Independence? The National Tribune (Stars and Stripes) undertook to answer that question recently, so we would like to pass it along:

"Five signers were captured by the British as traitors, and tortured before they died. Twelve had their homes ransacked and burned. Two lost their sons in the Revolutionary Army, another had two sons captured. Nine of the 56 fought and died.

"What kind of men were they? Twenty-four were lawyers and jurists. Eleven were merchants, nine were farmers and large plantation owners, men of means, well educated. But they signed the Declaration of Independence knowing full well that the penalty would be death if they were captured. They signed and they pledged their lives, their fortunes, and their sacred honor.

"Carter Braxton, of Virginia, a wealthy planter and trader, saw his ships swept from the seas by the British navy. He sold his home and properties to pay his debts, and died in rags. Thomas McKean was so hounded by the British that he was forced to move his family almost constantly. He served in the Congress without pay, and his family was kept in hiding. His possessions were taken from him, and poverty was his reward. Vandals, or soldiers, or both, looted the properties of Ellery, Clymer, Hall, Walton, Gwinett, Heyward, Ruttledge and Middleton.

"At the Battle of Yorktown, Thomas Nelson, Jr., noted that the British General Cornwallis had taken over the Nelson home for his headquarters. The owner quietly urged General George Washington to open fire, which was done. The home was destroyed, and Nelson died bankrupt. Francis Lewis had his home and properties destroyed. The enemy jailed his wife, and she died within a few months. John Hart was driven from his wife's bedside as she was dying. Their 13 children fled for their lives. His fields and his grist mill were laid waste. For more than a year he lived in forests and caves returning home after the war to find his wife dead, his children vanished. A few weeks later he died from exhaustion and a broken heart. Norris and Livingston suffered similar fates.

"Such were the stories and sacrifices of the American Revolution. These were not wild-eyed, rabble-rousing ruffians. They were soft-spoken men of means and education. They had security, but they valued liberty more. Standing tall, straight and unwavering, they pledged: "For the support of this declaration, with a firm reliance on the protection of the Divine Providence, we mutually pledge to each other, our lives, our fortunes, and our sacred honor'."

ENEMY WITHIN

America has nothing to fear save the decay of manhood, the betrayal of its own principles, the rot of luxury, and the denial of that grand moral idealism which has been the creative impulse of its history and which, so far, with whatever variatioo has been true, in the end, to its genius and its prophecy.

A LABOR OF LOVE

Masonic labor is purely a labor of love. He who seeks to draw Masonic wages in gold and silver will be disappointed. The wages of a Mason are earned and paid in their dealings with one another. Sympathy begets sympathy, kindness begets kindness, helpfulness begets helpfulness — and these are the wages of a Mason.

During the September stated meeting a resolution was passed to the effect that Olive Branch Lodge would give eight dollers ($8.00) toward the Living Memorial Fund at the Indiana Masonic Home, in the event of a death of a Master Mason, his wife or widow. The passing of this resolution has replaced the practice of sending flowers to the funeral home. The immediate family will be notified of our donation. Anyone else wanting to do the same in his own name may do so. There is no set minimum amount required to give and all donations would be greatly appreciated by the Masonic Home.

There was a good turn out for the picnic again this year. The weather was pleasant and all enjoyed themselves the entire afternoon. Most everyone took a tour around the yard on the tractor pulled trailer. Games of all types were played. Olive Branch thanks Brother Smith for his hospitality again this year.

We regret to announce the death of Bro. Carl Luginbill and extend our sympathy to Bro. Russell Neireiter on the death of his wife, Edna.

Brethren: Please circle October 21 on your calendar as this is a very special date. We will have the priviledge of presenting an award of gold to Brother Edward Erwin. We will make this a gala event for everyone with a special tribute to all our 50-year members. The ladies will serve a delicious luncheon at the close of lodge so let's really fill the temple to capacity. Come and join with us in honoring these dedicated Masons who have served willingly for half a century.

We would like to take this opportunity to remind all members of the vote to be taken at our stated meeting October 7th concerning the change in the by-laws. You are urged to be present for this very important decision.

Don't forget our Christmas Project. Admission into lodge is "one can or one coin." Help make this a real success.

Brethren: Our fall labors began by conferring the Entered Apprentice Degree on three candidates with our Jr. Warden, Bro. Wayne Rothgeb, presiding. Congratulations are in order for all the officers with a job well done.

On October 21st under the capable direction of our Sr. Warden, Kenneth Gibson, Lodge will be opened at 7 p.m. for the Fellow Craft degree. Mark this date down and give your lodge and its officers your support by taking one of the sideliners chairs.

Then come Saturday, November 21st an open invitation to all Brethren in Allen County is extended for Master Mason Day at New Haven. Any lodges wishing to have the M.M. degree conferred in this class on their candidate are welcome. Although the Lodge Secretaries will be notified of this, time is tentatively set at 2 p.m. (depending on the number in class). May I extend an invitation to those who may not be in attendance at their stated meeting but who are able to attend Nov. 21st.

Our Lodge will have a representative at the Masonic Education Forum in Fort Wayne and at our following stated meeting will give us this report.

I again would like to comment on our sideliners to date; your participation is appreciated very much.

Brethren: At the September meeting of your Lodge, the disposal of the current Lodge property and the acquisition of new property for the construction of a new home was discussed at great length. This project is very close to becoming a reality, and we would encourage all of you to become interested in this project and attend your Lodge meetings regularly so you may voice your support and opinions of this program.

The Grand Lodge for inspection was held September 23 for Fellowcraft degree, and your Lodge performed creditably, as usual. Many thanks to the Lodge officers.

Several events will occur in the near future. Two of our members will be awarded their fifty-year pins: Brothers Robinson and Appleman. Also, we will be putting on degree work during the month of October, and you are encouraged to be present.

To those of you who are familiar with the activities of the Stars at the recent Huntertown Fair, you are aware of the fine — in fact, outstanding — performance of this group. Our hats are off to them in this undertaking for their fine performance.

May we see you all at Lodge!

YESTERDAY, TODAY AND TOMORROW

There are two days in every week which should be kept free from fear and apprehension. One is yesterday with its mistakes, its faults and blunders.

Yesterday has passed forever beyond our control. We cannot undo a single act we performed; we cannot erase a single word we said.

Yesterday is gone.

The other is tomorrow with its large promise and poor performance.

Tomorrow is also beyond our immediate control. Tomorrow's sun will rise, either in splendor or behind a mask of clouds—but it will rise.

Until it does, we have no stake in tomorrow, for it is as yet unborn.

This leaves only one day—today. Any man can fight the battles of just one day. It is only when you and I add the burdens of those two awful eternities — yesterday and tomorrow — that we break down.

Let us, therefore, live but one day at a time. Exchange

Seeking The Truth

Masons are of many sorts, that much at least is sure; for some are sober, some are sports; some rich and some are poor. And some are short and some are tall, some cultured, some uncouth; but one Bond still unites us all, for all of us seek Truth.

My brother goes for jazz and blues, I think the classics fine, but I respect his different views, he has respect for mine. My day is drawing unto night, and he is still a youth, but both of us still love our Rite, and both of us love truth.

THIS IS OUR AGE

Whatever words may be used by the historian to describe this period of history, to the Mason it must be accepted as "Our Age."

With all the perplexities and problems, with all the turmoil and sordid conditions, it is the time we live in. Our age is a responsibility that we dare not evade.

We can fold our arms in despair, remain aloof from all that we do not like about today's picture, or we can resolve to apply our best thinking to the situation and discharge our obligations as Masons have done in centuries past.

We must never let conditions obscure the truth, that the same strength of character, the same determination which contributed to the solutions of vexing problems of other periods of history, must be used today with no thought of finding an easy out.

This is not the time fo
for the use of ridicule, or
against fate. It is a time fo
to do what they are t

to pray.

It is a time for Masons t

I saw him sitting in his door,
Trembling as old men do;
His house was old, his barn was old,
And yet his eyes seemed new.

His eyes had seen three times my years,
And kept a twinkle still,
Though they had looked at birth and death
And three graves on a hill.

"I will sit down with you," I said.
"And you will make me wise;
Tell me how you have kept the joy
Still burning in your eyes."

Then like an old-time orator,
Impressively he rose.
"I make the most of all that comes,
And the least of all that goes."

Truth

We are told that Truth is a divine attribute and the foundation of every virtue. Elsewhere we learn something of its permanence in nature.

"In the beginning was the Word, and the Word was with God, and the Word was God."

Always Truth has existed, from the beginning, long before man first stated it. Long before man knew anything about the mysterious faculties of electricity or of radio waves they were there — there from the beginning. The Great Architect placed them there, waiting for man to find them. Genius only discovers, it does not invent.

SURPRISE!

I dreamed death came the other night
And Heaven's gate swung wide;
With kindly grace an angel came
And ushered me inside.
And there to my astonishment
Stood folk I'd known on earth;
Some I'd judged and labeled
As unfit, of little worth.
Indignant words rose to my lips
But never were set free;
For every face showed stunned surprise,
Not one expected me.

Let's Try Masonry

John S. Rowe, 32°, K.C.C.H.
Box 468
Sioux Falls, South Dakota 57101

We hear some voices of dnom crying out that our great and beloved Fraternity is doomed.

We hear "voices of propbecy" telling us that our Fraternity is outmoded, old-fashioned, passe, that a Brotherhood of Man is no longer a dream, but a nightmare.

The critics within our ranks cite our losses in membership. They tell us that we have lost all of our prestige — that we are failing to attract young and influential men to our ranks.

Many suggestions have been made by well-meaning and sincere Masons as to what changes should be made in our Fraternity.

We are told that we should let down the barriers and safeguards, which have been erected to protect our Fraternity. It has been suggested that we should solicit members — that we should lower our age limit —that we should change our method of balloting — that we should establish or take over a youth organization, so that its members would have automatic membership in the Masonic Order, when they reach the right age, without petitioning or investigation or balloting.

We bave been told by some of our members that Masonry has no purpose! It has been suggested that Masons and Masonic Lodges should become involved in civic projects, in political organizations, in community fund-raising projects, in veteran's affairs. We have been told that we should speak out and take sides in every controversial issue whicb arises.

As interested and as sincere as these members are, they fail to understand one important thing — the purpose of Freemasonry!

Ours is a Fraternity founded upon a belief in the Fatherhood of God the Brotherhood of Man and the immortality of the soul. Ours is a Fraternity which believes in the importance of the individual and the dignity of man. The purpose of Freemasonry is to make man better than himself.

The least of our concerns is the number of members we have. We should concern ourselves with the quality of our members. Innovations and changes in our Fraternity are not the answer. The answer is simple: Let's try Masonry!

Every Mason is a living example of the teachings and precepts of our Fraternity.

Every non-Mason will judge Masonry the world over by the actions of one individual member. That one member may be YOU.

—New Age, July 1970

You have been taught lessons, within the Tiled recesses of our Lodge rooms of good moral living, upright conduct, honesty, integrity and Brotherly Love.

Every Mason has been taught to be concerned about his fellow man, to have compassion for those less fortunate, to care for the lonely, the downtrodden, the sick and the lame.

We must live by the lessons we have been taught, to set an example before the world. We must do more than this. We must do more than set an example before the profane. We must set an example before our own members.

"As a Master Maosn you are authorized to correct the irregularities of your less informed Brethren." But, we must do more than this!

Every new member of our Fraternity is looking to you and me to set the example by which they will govern their lives and actions as a Mason. Each of these men came to Masonry because of the example set by someone else.

Can we do any less than lead the way — set the example?

—New Age, July 1970

Up To The Master

The status of a lodge in its final analysis is but the reflection of tbe ruling Master. The coming Master must always be found in the subordinate officers. Should any of these fail to measure up to the standard, why sbould the lodge make the mistake of electing him to tbe position of Worshipful Master? Wbo is really responsible for the lapsing of a lodge? From whom should the lodge receive its enthusiasm and its outlook? When there is no vision on the part of the Master, the lodge as a wbole is on a fairway to catastrophe.

Freemasonry is a system of education; lodges are Masonic schools. In establishing such schools we recognize the fact and register our belief that a man who becomes a member of a Masonic lodge will become a different person than be would become did he not seek membership. It is important then that every Master should have certainly in his mind all the time the end that is to be sought in the work of the lodge, and also that he sball know how to proceed to make the desired change in the mind and character of the young Freemason. Certain mental experiences must be engendered in him. This is inevitably determined by what he thinks. If the Master can cause the initiate to think in a certain way, to experience the proper kind of mental processes, then he can effectively develop the man in the proper direction. If he does not know what the mental processes are, and is unable to distinguish these mental processes whicb the Masonic learner does experience, then his work will necessarily be blind, haphazard, and ineffective.

Verily, a Master's work is no sinecure, and the wonder is that so many of us have blundered along as well as we have. Indeed, the Master's work is professional work of the highest class, for it deals with the living spirit, and the Master who does not conceive of his work in this light cannot expert to rise to the dignity of an artist or master workman in his profession. If the work is not progressing as it should, let the Master examine himself first of all.

Brethren, the year is rapidly growing to a close. It has been a fruitful and rewarding year. By the time you read tbis, we will have celebrated our 100th year. Actually, our birthday was last May, but we decided to have our celebration on October 17.

At our Master Mason Night, September 26, 1970, Brothers Harold Schwarz, Wilford Ansley, Nathan Salon, and Lewis Young received their 50 year award of gold from Grand Lodge. Past Master Gilford Plummer did a beautiful job in presenting these brothers with their awards. Congratulations Brothers!

On our Master Mason Night, Tuesday, November 24, we will make our 25 year awards. If you are eligible and have not beeo informed, please notify the secretary.

Saturday night, December 12, will be our annual family night. Bring the wife and children and enjoy an evening of fellowship. Santa Claus will be present with gifts for the young ones.

If anyone knows of a brother who is not receiving the Square and Compass, or of a brother who is, for some reason, receiving two copies of the paper, please call or write Brother Lucas and give him this information.

I am happy to report that Past Master Harold O. Martin (whose work we have admired for so long) has consented to take charge of the Fellowcraft Club. I know of no one more qualified for this job and am sure that in a very short time the Fellowcraft Club will be again established and working smoothly. Thank you very much, Brother Harold.

Remember there is a lot of activity in November and December. Come down and enjoy it with us.

Although we are now in the month of Tbanksgiving, it is well to remember our Blessings all year long. We owe our thanks to our Grand Architect of the Universe for being able to live in a country where we can meet openly in our great Fraternity. I offer thanks for the privilege of serving Wayne Lodge. I join our officers in giviog thaoks for having understanding families, io that we must spend many nights away from a normal family life. We who enjoy good health can give thanks for that and those who are ill can still give thanks that their illness is no worse.

Last month we had the privilege of welcoming three new brothers into Wayne Lodge. William A. Diller, Ronald O. Hilton, and William T. Schauer are those new members, and we look forward to seeing them in lodge often.

We had the privilege of presenting, in fitting ceremony, an Award of Gold, for fifty years membership to Hubert F. Grage. Being unable to attend Lodge, an Award of Gold was also presented to Louis A. Bope and Ervin F. Seeger in their homes by your Worshipful Master. I would say to these Honored Brethren, we were most happy to present these tokens of a long Masonic life and you have served Masonry to the full length of your cablctow.

Degree work for November, at this time, is most difficult to plan, due to unforeseen circumstances. Membership will be advised through the telephone committee, of and work planned.

To those who are ill or have illness in the family, we wish a most speedy recovery, and our best thoughts are always with you.

Brethren, there have been many explanations as to how the term "Free" came to be applied to Masons. Operative Masons frequently were free of local laws. In some cases, they were free from taxes. Their actions were not restricted as were the actions of others. They were free to travel from country to country in following their trade or art. Masons who labored on Solomon's Temple, legend tells us, enjoyed special privileges and were free from laws others were required to obey.

In modern days, however, it seems some feel the term means free from attending Lodge, free from calling on the sick, free from obligations voluntarily assumed, free from giving aid to the officers, free from taking any part in the work, free from any responsibility, free with criticism.

Let us be the kind who do not wait for free time in wbich to attend lodge. Let us not be the kind who believe Freemasonry is free. We are free to do as we wish about these things, but no one can be a Freemason in the true and fullest sense of the word unless he purchases that Freemasonry with his time, with his energy and by use of the faculties wherewith God has blessed him.

By the time this article is published we will have had our annual lodge of instruction. In charge of instruction this year was Worshipful Grand Lecturer, Howard O. Hunter. These sessions are always enlightening as well as helpful and informative to the officers and members who attend. We are fortunate to have such dedicated Masons as our Grand Lecturer and the assistant to the Grand Lecturer, Allen B. Bennett. With the guidance of these brothers, your officers are the better enable to perform their great and good labors.

Brethren don't forget our annual Past Masters' banquet on Monday night, November 23. This is the night we honor our Past Masters and enjoy an evening of fellowship. Also, this evening we will honor a special group of members, our 50 year and 25 year brothers. This year we have thirty-five 50 year and thirty-one 25 year awards to present. You will be receiving a letter and reservation form for this banquet in the mail.

Reported ailing since last writing is brother Clyde O. Creager now recuperating at home. We wish bim and any other ailing brethren a speedy recovery.

Please put this date on your calendars, December 7. This is the most important stated meeting of the year. It is our annual election of officers and we will elect a Worshipful Master, Senior Warden, Junior Warden, Secretary and Treasurer for 1971 and one Trustee for three years. We will also hear the annual reports of the Secretary and Treasurer. So Brethren, come to Lodge this evening and support your officers.

All you brethren now have your dues statements from our Secretary. Remember, the total lodge dues aod Grand Lodge assessment for the operation of the Indiana Masonic Home is $23.75 for 1971 and is due on or before January 1, 1971. Let's "Do it Now" and get your remittances in the mail to our Secretary.

Brethren: 1970 is drawing quickly to a close, November is upoo us, and many, many things remaio undone — many things have happened —many are happening — and many more shall happen. If you are there, you are already aware of it; if you are not, then ynu must not be interested in it.

When this appears in print we will have attended our Annual Homecoming Banquet and the enjoyment of good food and good fun with good friends will be among our pleasant memories. Masonry in action is always good for the body and better for the soul. I have never yet left our Masonic Temple without experiencing a feeling of satisfaction —a sensation (if that be the proper word) that I am, somehow, a better man for having been there among men like you. We tend to become like those we admire and as our friends are so we shall be.

Dear God, spare us enough of thy divine wisdom that we might continue to chonse our friends wisely and, by association with them, become more like thee. Thus it has been, thus it is, and thus it must continue. So mote it be!

With the coming of November, citizens of the United States prepare to celebrate a holiday that is unique to our country. Of course, I refer to nur National Day of Thanksgiving.

We are following the good tradition of the early Pilgrims, who set aside one special day to give thanks to God for their blessings, when we celebrate this holiday in the intended way.

Those early Americans endured many hardships and faced death, sickness, and hunger almost daily. Yet, they found much to be thankful for on that first Thanksgiving Day. How much more thankful should we be as we enjoy the relative comfort and security of our 20th Century lives. Granted, we have our problems, but we cannot expect God's furthcr blessings when we forget to offer our sincere thanks for those things already received. When was the last time you thanked God for your home — however humble, for your job — even if it is not everything you wish, for your country — although beset with serious problems, or for your family, church, and, yes, for Maumee Lodge?

This year as November 26th draws close, let us all prepare our hearts and minds that we might, in the words of Old One Hundred —

"Praise God from whom all blessings flow,
Praise Him, all creatures here below,
Praise Him above, ye heavenly hosts,
Praise Father, Son, and Holy Ghost."

Again this November, Maumee will be enjoying a full schedule of degree work. Your officers sincerely hope that you will find time in your busy schedules to participate in the very important activities of your lodge.

Brethren: We have received our first frost, the leaves are turning color, and some are falling as we enter into our fall work. We had the privilege in September of raising two Brethren to the Sublime Degree of Masonry, Brother James A. Bearman and Brother Donald A. Parrish, Jr. Welcome to the portals of Waynedale Lodge, I hope that you brethren will become active in the Lodge.

We voted on two petitions at our October meeting so we will be busy. We also received three petitions for November, so why not come out and help us in the work.

Your W.M., S.W., and Sec'y. attended the Masonic Education meeting held Sept. 24. There were many subjects discussed, they will be spoken of as time permits in the Lodge.

There is still a little work to be done on the Lodge building. Take a look at the bulletin board and take your choice, it would be appreciated. I am sure that as you do your part you will receive a blessing, especially in knowing that you have had a part in the construction.

Brother P.M. Wayne Mitchell and your W.M. paid a visit to Bro. Jerry Richards at the Irene Byron Hospital, and found him in good spirits. If you have a chance, pay him a visit. By the time that this goes to press we will have paid another visit to the Veterans Hospital. I hope that we will have a good turn out; these brethren sure enjoy visitors. If you have missed the last one, try and make the next one, you will find the date in the Square and Compass.

Due to the resignation of P.M. John R. Capin as Trustee in August, there was an election held at our stated meeting in October. The result was that P.M. Bennett Noel was elected to fill the balance of the term.

Don't forget your pledges on the Temple, as they are needed. When the Temple is completed and paid for, you can point to your grandchildren and say, "I helped to build that beautiful building." Don't forget the paper drive for Job's Daughters; they are putting the money to good use. Just to make this letter a little shorter, I will say that I will see you in Lodge.

Stated Meeting
2nd and 4th Wed.

October has passed us by. I hope you feel as I do, that we had a very successful month.

The Hayride was a success in that everyone enjoyed themselves. Our profits were not outstanding. I want to thank all the boys that helped with the work.

Our meetings are improving, and let's make a special effort to get attendance up.

November has been planned to give every boy a chance to have some fun.

The first meeting, Wednesday, Nov. 11, 1970, will be the Frank S. Land Memorial Service. This will be preceded by a dinner at the Masonic Temple at 5:30 p.m. with Dr. Zweig as speaker. A short business meeting will be held afterwards. The cost of dinner, $1.00.

On Sunday, Nov. 15, 1970, there will be a swim party at Club Olympia from 6:30 to 8:30 p.m. Price $1.00.

The last meeting of the month will be Nov. 25 at 4:00 p.m. There will be a short business meeting, and afterwards, we will deliver our canned goods fur a needy family for their Thanksgiving Dinner. Please remember to help by bringing canned goods to each meeting.

We need the help of all the boys to help with our TaiWan painting sale. It will be Nov. 14, 1970.

Every boy that brings in a petition will get a free hockey game this term.

I wish to remind you that the first meeting in December will be election of officers, and sweetheart candidates. Remember we have a great band coming for the Christmas Dance. Get your date now.

Do Unto Others

Woodrow Wilson once said, "No thoughtful man ever came to the end of his life, and had time and a little space of calm from which to look back upon it, who did not know and acknowledge that it was what he had done unselfishly for others, and nothing else, that satisfied him in the retrospect, and made him feel that he had played the man. That alone comes to him as the real measure of himself, the real standard of his manhood."

In today's rush and hustle and bustle there is too much, it seems, of "dog eat dog" and "do others before they do you" philosophy. When we seek personal gain regardless of the results to others, when we interpret living in terms of selfish enterprise rather than in terms of love of our fellow man and social service, we betray a Brotherhood upon which are laid the foundations of a genuine fraternity of action and aspiration.

When millions in the world still deny God, the job of those nf us wbo do put our trust in God is to do our part in preaching and practicing brotherly love.

Universal Brotherhood of man under the Fatherhood of God presents the only hope for a Peace with more meaning than the mere absence of war.

Bebind the uneasy "peace" of today's world lies the hope that some day, somehow, ALL men of ALL nations will not only live in harmony but will enjoy doing so.

Friendship is like a garden of flowers fine and rare
It cannot reach perfection except thru loving care
Then new and lovely blossoms with each new day appears . . .
For friendship, like a garden, grows in beauty year by year

We will be welcoming our friends on Nov. 6th, I hope that we will have many of our members on the sidelines to greet them. There will be very special entertainment so come and enjoy the evening.

The Past Matrons' and Patrons' dinner was delicious and well attended. Berdette Book and his combo played for the dinner. Thank you, matrons and patrons, for the beautiful work you put on for us, we're looking forward to next year.

As we near Thanksgiving Day, let us count our many blessings and give thanks unto God for them. Thanksgiving Day was born on our soil in the year 1621, and we should be thankful for the privilege of living in a free land with endless choices and happiness. We are thankful to be able to think as we choose, to worship where we will, without interference or dictation and to choose our own way of life as best suits our inherited abilities. Happy Thanksgiving to one and all and let us praise God from whom all blessings flow.

We have a very full calendar the rest of this year, please mark yours so you won't forget.

'Tis autumn on the woodland path
And on the hill afar,
The autumn shines in valleys gold
And lights an autumn star,
The grandest time of all the year—
It's Mother Nature's show,
When autumn splendor crowns the world
And sets our hearts aglow.
—From "Autumn Splendor" by Garnett Ann Schultz

The crisp early autumn days have brought us a wealth of fun things to do, beauties to see, and work to be done. We all feel we must treasure each of these golden days because soon the autumn splendor will fade into the cold gray of winter and a new scurry of winter activities will catch us up and whirl us right into the wonderful holiday season.

All of the officers were in their stations for the Sept. 17th meeting, and we initiated Sister Patricia Gregg and Brother Tommy Gregg whom we welcome wholcheartedly. We also honored our newest 25-year members. Thirteen of them were present to be feted on that night and congratulated by our Worthy Matron and Worthy Patron. The guests of honor were escorted to a semi-circle in the West as Lucile Mumaugh played "It's Just a Little Street Where Old Friends Meet" and the silver pins were presented by Worthy Patron Owen Arnos and Past Grand Patron Clayton Herrick. Our Marshal, Miriam Hardy, presented the newly initiated Patricia and Tommy Gregg their Eastern Star Bible. Reminding us of the words of Our Lord "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me" Marguerite invited all the people with summertime and September birthdays to give their contributions to the birthday bank, the fund to be given to the project of the Worthy Grand Matron, to procure a new portable X-ray machine for the Home at Franklin.

Our District Deputy, Sister Evelyn Miller, came from Columbia City to visit our Chapter on October 1st. Our ever-faithful Louise Botteron protemmed for Chaplain Pat McKinney and Past Matrons Louise Biedenweg and Marjorie Rodemeyer were the initiates of the evening. Deputy Evelyn congratulated the officers on the beautiful way the opening and initiation ceremonies were conducted. We were all so very proud of our officers that night. Our lovely ritual deserves our very best efforts and we were most happy with the impressions our Deputy must have received that night. After all, the officers have the best opportunity to "Show how it really is" at Fort Wayne Chapter, and we were proud of them! The fruit fund offering also was taken at the October 1st meeting.

We are pleased and proud, too, to learn of the appointment of our own Clayton Herrick to receive the 33rd Degree of Masonry. We certainly extend our sincerest congratulations. We are glad to know that the fine works of Brother Clayton have brought to him another honor. We are so happy to add his name to our cherished list of 33rd Degree members.

The Card Party is now a thing of the past but we wish to join the Worthy Matron in thanking all those who worked so hard to make it the grand evening it was! No project of this kind is accomplished without the concerted efforts of many, many hands, and this one was no different from the rest in this respect. Pat McKinney and her committee worked the summer through on the lovely table prizes which were so popular with all the guests. Dorothy Finnell had charge of the Bazaar Table, and Celia Stabler handled the baked goods and candy. Patron Owen Arnos directed the Pop concession, and Mable Nahrwold and Madge Harshbarger were in charge of refreshments. The officers presented "My Mother's Album," a series of living pictures in a life-size frame erected in the front of the ballroom. Helen Parrott kept the whole thing rolling and narrated the unusual skit which was done in interesting costumes, and was popular with the crowd.

There are several announcements Matron Marguerite would like to call to our attention. First, Dues are now due and may be paid anytime. However, they must be paid by the end of December. Also, the official visit of the Worthy Grand Matron and our Inspection date is December 16th. Any parents who wish to have their children dedicated at that meeting should please call Marguerite (747-3022) as soon as possible so she can make the necessary arrangements.

Another item of concern to our Matron is the revelation that members of the different committees have been missing meetings because they have not been called to notify them personally of the meetings. Because the days and evenings of committee meetings are the same as they have been in the past each one should have a record of when these committees meet. The time and place are announced in Chapter meetings and published in Square and Compass each month. Because so many of these committee members work, and there is no specific calling committee for each group, our Matron suggests that when you receive your new issue of Square and Compass each month, you mark on your calendar the dates which are important to you. In case of a change of date or meeting place, you will be notified. She also suggests that it would be a courtesy to the committee chairman if you would call her if you cannot attend. If we all help in this way, we can operate more efficiently, she believes.

The October 15th meeting was planned as a tribute to all of our Master Masons. There was a large wagon wheel with the Masonic Emblem as the hub in the East. The vouchers were Mason's Aprons, and the refreshment tables also were decorated with Masonic Emblems and blue candles. Marguerite read a poem which cited the reasons why the men decided to form an organization for the ladies. The "Wheels of Friendship" theme was brought out by the program presented by the officers. The word "wheels" has come to mean many different things —for instance — to a young child a wheel may mean a bicycle or tricycle. To the teenager, wheels mean a car of one kind or another. To industry, wheels are the transportation which carries materials to from the manufacturer. A wheel the head of an organization, Boss. Our Master Masons are wheels which keep us rolling smoothly. The choir sang a parody to Wheels and the Conductresses sented each of the men with a pair of wheels! Marguerite said wished they could all be real

The fall activities are in full swing, and we are so pleased with our success and very grateful for the many helping hands. Our Friends' Night was great, the smorgasbord a howling success — all reports were the food was "Out of this World." Our Worthy Matron was so proud and wishes to thank all who helped to make the night a success.

Our Past Matrons' and Patrons' Night was another night to be proud of. These wonderful people who are the builders in the structure of our Chapter had the initiatory work. Our Associate Matron, Vancha Collins, pro-temmed with them as Associate Matron. Sister Rose McGraw pro-temmed for Past Matron Florence Obetz. This was the most beautiful ceremony our Chapter has witnessed for a long time. Our Candidates for the evening were two new affiliating Past Matrons, Sister Ruth Carrot, and Sister Marjorie Barkley. Our Chapter was so elated with the ceremony that you could have heard a pin drop at any point. Sister Ethne Hasty and Brother John Crouch, Fraternal Mom and Pop of the Worthy Matron, were escorted to the East, and pro-temming for them were Sister Pat Maecke as Chaplain, and Sister Vera Strodel as Prompter. Delta Schmoe pro-temmed for Sentinel, who is ill. Many, many thanks to these lovely people for their help.

We are looking forward to the coming events in the months to follow. Our next meeting in Chapter will be Oct. 22, this should be a short but fun meeting, as we have some surprises in store. Nov. 12th meeting will be a Thanksgiving program, and we do have so mucb to be thankful for. Please come and join us for this special occasion. As you know, our next stated meeting is November 26th. September and October have come and gone. Thanksgiving is upon us with all the trimmings and hope it finds you all with thankful hearts and minds. As we read the papers, listen to radio and TV, it seems like there isn't much to be thankful for, but walk down the street, and take a close look at God's world of beauty, living beings, boys and girls playing. I give thanks for the millions of lovely things that belong to each and every one of us.

If this paper comes out after November 2, I hope you were all at our meeting, if it comes out before then, I hope to see you all there.

Ways and Means met October 28 with Ann Shutt and will meet on November 18 with Pat Doerr. Decorating met with Margaret Snyder on October 22. Social Committee met at Helen Welch's on October 13.

Daughter of Irene Stark had surgery and is improving. Mother of Esther Myers was in hospital but is now home. Daughter-in-law of Murray and Ruth Petty had surgery but is doing very well.

"There is no treasure like the treasure
Of a faithful friend;
There is no pleasure like the pleasure
Friendliness can lend.
Fame and riches, other pleasures,
These may quickly pass away.
Friendship and its golden treasures
Last forever and a day."

As we approach Thanksgiving and count our blessings, the treasure of friendship is surely on top of our list. As our Officers and other Sojourners visited Shrines these past two months and had so many visitors in our own Shrine, I am sure the friendships formed and those renewed will be treasured for years.

State Association Day in Indianapolis was well attended by Faith Sojourners who brought back happy memories. Our Shrine will be represented in the Association with Dorothy Smith serving as an Assistant Membership Secretary assisted by Fletcher Cumbey, A.W.O.S. If you would like to join State Association, Dorothy would be happy to present a membership card to you for a small donation!

The Worthy High Priestess wishes to thank all for their help on our Rummage Sale and those who helped make our Card Party a success — not just the workers but also the guests who took time to share an evening of relaxation with us. She would also like to remind the Sojourners that November 13 is the deadline for bringing in petitions for our December Ceremonial.

Sunshine Committee reports that Sojourners Gene Roush and Mary Crabb have been ill; husband of Soj. Ruth Kelly had surgery and is improving; son-in-law of Sojs. Rodney and Audrey Snook had surgery; daughter-in-law of Sojs. Ruth and Murray Petty had minor surgery. Soj. Antonetta Rossetter is getting along fine at the Irene Byron and would welcome visitors.

Our Patrol wishes to announce their new officers who were installed at the September meeting. Advisors are Sojourners Pat Manecke and Lavon Reim; President, Mary Howard; Vice-President, Martha Newell; Secretary, Della Allread; Treasurer, Betty Scott; Captain, Vancha Collins. If you would like to buy a delicious fruitcake for yourself or as a gift, please contact any member of the Patrol and they will be happy to fill your order.

We trust all of you have been enjoying the colorful beauty of the Fall season, knowing full well that Winter, with its ice and snow, cannot be far behind.

Miriam Shrine will hold its stated meeting on Friday, November 27, the day after Thanksgiving. We plan refreshments and a program after Shrine.

Speaking of the upcoming Holiday, the following Thanksgiving prayer seems most fitting:

Almighty God, on this one day
That we have set apart
May each of us sincerely
Look up to Thee with thankful heart.

May we this day, unselfishly
Forget what we have not
May we not ask, but thank Thee
Lord, for what we've got!

The Orion Past Officers Club met on Sunday, Oct. 18, at the home of Sojs. Millard and Marguerite Harkless. This change of hostess was due to illness.

The Past Officers will meet next on Sunday, Nov. 15, at the home of our President, Soj. Mildred Ignecy, 7217 Clemson Drive.

Our Shrine will again be selling 2 lb. tins of cookies between now and Christmas. These make good eating and also make excellent Christmas gifts. Soj. Mary Wilson (485-5310) and Sojs. Alton and Erma White (745-5664) are in charge of this Ways and Means project. Phone your orders to them or purchase them at a Shrine meeting. We'll even deliver! Better yet, will you help sell for them?

Illnesses: Mary Duncan was in the hospital with pneumonia; Hilda Campbell was injured in a fall; Fannie Fry is recovering from a foot ailment; Florence Nahrwold has not been well, but is taking it easy on doctor's orders.

In Families: Husband of Lois Harrold was in Whitley County Hospital with a broken hip.

We trust those who have been ill have recovered or are much improved in health.

Soj. Hazel Dehler has a new great-grandson.

And we welcome Soj. Shirley Bly back to Fort Wayne. She has been living in Washington, D.C.

The 1970 Christmas holidays will soon be upon us. Why not try to do your shopping a little earlier than usual, so that you will have time to sit down and truly reflect upon the full spiritual meaning Christmas. It will add much to your happiness and peace of mind.

But for now, we will extend each of you a Happy Thanksgiving—with all the usual trimmings!

We would love to see you at Shrine meeting. Come and enjoy our fellowship.

The Art of Being Helpful

Shortly before her death a newspaper reporter asked Grandma Moses what, in her long life, had brought her the greatest satisfaction. To his astonishment she answered simply, "I've helped some people." Neither fame nor fortune nor artistic achievements mattered quite so much as the fact that in her quiet way she had been helpful to others.

Most of us might envy Grandma Moses her great satisfaction, yet there is a satisfaction anyone can enjoy. The reason why so few do earn it is because they keep waiting for big-sized opportunities to come along and overlook many small opportunities to be helpful.

Being helpful is pretty much a matter of habit. To develop it you start by keeping your eyes open for people who need someone's help. Then you do what you can about it! Perhaps the greatest satisfaction you get from the experience is the one that comes from helping — by keeping your mouth shut about it.

Our Ladies Night was a huge success. We had a good attendance and everyone enjoyed themselves. The dinner and the entertainment which followed were excellent. Our hats are off to Sir Knight Francis Studler and his wife Marie for making this a big success.

We have several candidates for the Orders of the Commandery and we plan to put on the Order of the Red Cross at 1:00 p.m. on the day of our Inspection. This is November 21st, and the Inspection is scheduled to get under way at 3:30. After the opening, we will confer the Order of Malta. At 6:00 we will have the dinner at which time the Award will be given to the Boys Camp winner by the Grand Commander. Following the dinner the Public Inspection will be held. The dinner and the evening performance will be open to the ladies. The Open Inspection is open to guests if you care to invite them.

On Tuesday, November 24th, the Order of the Temple will be conferred starting at 7:00 p.m. We would like for the candidates to be there not later than 6:30 and any that can be there at 6:00 we would be able to get started with them.

Our congratulations go to Sir Knights Richard Peden and Myron Millhorn, who went to Denver to the Trienniel in August. The next time you see either of them be sure to ask for the correct time.

Don't forget we are taking contributions for Boys Camp next year. Also don't forget those contributions and Life Memberships to the Knight Templar Eye Foundation which is doing so much good. You may call it a donation but actually it is an investment. When we invest in stocks or bonds, we get "x" number of dollars in return. When you invest in the future of someone's sight by contributing to the Eye Foundation, the dividends are tremendous and continue to grow.

Try to get up for the degree work and Inspection. Also don't forget our Stated Meeting on Thursday 19, just prior to our Inspection. Remember we eat at 6:15, so join us in fellowship.

Here I have come, oh, very close to God
In this high field, festooned with bittersweet . . .
Both summer and fall are done and autumn now
Creeps up this hill on silent, frost-shod feet . . .

And I give thanks that, in my heart today,
Time-harvested, the hours of peace and strife
Are linked as here are linked the earth and sky
By the enduring bittersweet of life.

Another month has rolled around and New Haven is still as busy as ever. Our Sr. Warden, Bro. Wayne Rothgeb conferred the E.A. degree on three new candidates. The F.C. degree was conferred October 21 by our Sr. Warden, Bro. Kenneth Gibson.

At our October stated meeting two more petitions for the degrees were received and with all going well we shall be marking Nov. 11th as the date for E.A. degree.

Three events coming up soon that all the Brothers should be interested in; Nov. 21st will be M.M. Degree Day, Lodge will open at 2 p.m. and will be called from Labor to Refreshment at 6 p.m. All M.M. attending are invited to the dinner but so that we will have an idea on how many to prepare for would you call our Secy. John Summey or myself; after completing the degree work, we will present 25 year awards to three of our members. We would like a large attendance for a day of fellowship, so mark your calendar.

How often have we heard members say they are not attending lodge because they have forgotten a lot of the work; and often feel could not get in to visit another lodge. So get your calendar out again as Wednesday, December 9th will be Lodge of Instruction at New Haven. We will try to give all of the Instruction that is needed plus answers to all the questions. So take advantage of this night and become a M.M. again. With this goes a special invitation to all new members of our lodge.

Again in December, New Haven will host a table lodge and an open invitation to all members to join us in the Feast of St. John.

While every member reading this is by now date conscious, this date our Eastern Stars wish for you to remember; Nov. 14th they will be serving their annual Chicken Supper. In New Haven the cooks come no finer than our Eastern Star members. Attend this supper and see if you don't agree.

See you in Lodge.

At our stated meeting October 7, the Brethren rejected the proposed change in our by-laws to reduce our meetings nights to once a month. Therefore, our meeting nights remain the first and third Wednesdays of each month.

We would like to use this opportunity to express our thanks to the brothers of New Haven Lodge for the warm fellowship and hospitality extended to us at the time of our annual inspection. We are looking forward to next year when we will be host lodge and can return all the courtesies extended to us.

We would urge all brethren to make a sincere effort to attend lodge as often as possible; not only to fill the chairs on the sidelines but also to behold the beautiful sight on our pylon. A spot light donated by Brother Floyd Waterman and installation charges donated by Brother Kenny Bauserman makes it possible for our Masonic emblem to be illuminated at night. It is indeed a very inspiring and impressive sight but it needs to be witnessed first hand to be truly appreciated.

Let's give our Secretary a break and pay our dues early this year.

The Grand Lodge for Instruction was held September 256, 1970 on the Master Mason Degree. Coffee and sandwiches were served after instruction. Our thanks to Bro. Phil Lydy for his efforts in making the food arrangements. Those of us who participated in the work were encouraged and helped by our visiting brothers from Decatur.

Last meeting Bro. Lloyd Brown informed the lodge that he would be unable to serve as secretary for the coming year. He has served in this capacity for the past eight years. This vacancy could present a major problem next year in staffing our lodge. Much of the central nerve system is commanded by the secretary. It has required a great amount of time and individual effort in and out of lodge by our secretary to carry out his duties. For this reason in November's stated meeting on the 10th, it will require that all Brothers attend, especially the Past Masters. The main idea for discussion will be 1971 lodge officers, supply vs. demand.

Brothers, The end of our year as governing officers of your Lodge is rapidly growing near. I am sure that many of you who could not join us in our Lodge activities during the past year have wanted to and have been with us in spirit. However, we would appreciate it if some of the spirit would be a little firmer and a few of you could see your way to joining us in person in physical form. Seriously, we do need more brethren to come and counsel with us at our regular stated meetings so that we can be sure we are representing the majority opinion of the Lodge members.

The Entered Apprentice degree was conferred on the evening of October 15 and the Fellowcraft degree was conferred on the evening of October 29. We currently plan a Master Masons' degree for the evening of November 12.

We hope many of you will be in attendance for that evening's meal and degree work.

There have been no new developments in the Lodge Home program since our last report to you.

During the month of October, the Jobies participated in many projects. We went to the DeMolay Hayride and had an exciting and memorable time. Before the hayride, Mrs. Ross, our Guardian, had a weiner roast for all of us. We all thank her for the effort she put into this event. Another fun project which also helped our Bethel financially, was the October Calendar. For each day of the month there was a sentence such as "Pay 1 cent for every window in your home." The girls had to be very careful not to drink pop or forget to help with the dishes so they would not have to pay a small fine.

Our big work project was our paper drive. We had many calls from Master Masons and Eastern Stars and would like to thank them all for contributing. The girls collected a lot of paper themselves and did a lot of work in getting them out to Thermtron. I would like to thank all the girls who worked, and a big thanks to the Ross family, especially Mr. Ross, for getting the truck and doing so much.

Our first meeting of the month was Eastern Star, Master Mason, and Parents' Night. We had a very good attendance, and I hope everyone enjoyed himself. We are glad that a lot of people came, because to have the adult support on the sidelines is an encouragement to each of us to do our very best, and we get a warm feeling because we know somebody cares. Please come back and visit our Bethel often.

Our second meeting was Friend's Night on October 21st, and, after the meeting, we had our Halloween Party. Royalty came from New Haven, Columbia City, Waynedale, Huntington, and Huntertown. We were glad to see everyone could make it, and many of us were happy to see friends we have made by these visits. Our own girls performed Charlie Brown skits on the Great Pumpkin as a means of entertainment. A special thanks to all the girls who helped with the

November brings us to two important meetings. The first meeting, November 4th, is initiation, we hope to see a lot of you to welcome our new Jobies.

The second meeting, Nov. 18th, is our election of officers, the new term. This is your opportunity, Jobies, to put into office girl of your choice. Be thinking the girl you believe is best qualified to do the job. I urge all of you attend.

See you at the meetings?

Christmas Greetings

Shining across the years, the light of a Star sheds its radiance. May it guide us to a blessed Christmas, with special joy for you and yours.

mid the wild confusion of our times
t us forget the laughter and the jeers
mad agnostics who have scorned our faith,
nd let us take the road back thru the years:
road whose surface has been trodden smooth
countless faithful pilgrims of the earth,
hose destination was a little town
onored forever by the Christ Child's birth

s we journey we will become aware
a star so beautiful, so blinding bright
ith its clear dust silvering the midnight air;
Star lit by God's hand that no one may
seeking for the Christ and lose his way.

ventory Time

The word "inventory" means tak- stock or compiling a list of goods d their value. As the year ends, soul-searching look at ourselves d our world seems appropriate, pecially for Masons who are con- med with measuring up as mem- s of our ancient Fraternity.

New officers are taking over the dership of our Lodges. These dges have been handed down to by our pioneer, God-fearing, God- ing forefathers. We owe them inventory, to know that we are erving of their trust.

The physical assets are not — or uld not be — the primary con- n of the officers and members. ditionally, Masons look elsewhere the true value of a Lodge. Like- e, Lodges should not be valued the number of members on their ls.

However, the quality and dedica- n of the members should be of al concern to us, for never in history of the world has the d been any greater for a con- ted drive by good against evil.

Take a good, hard look at this se of your Lodge inventory. See your roster carries members who, e long-neglected silverware, lie nished and neglected on the shelf. th just a little loving care and bit of polishing, these members ll shine anew with Masonic fervor. ey can and should take an active t in Masonic activities and they be examples for coming gener- ons if we but brighten their in- st in the Fraternity.

Those of us who have lived in generation which has spanned e from the horse and buggy to space age, have also witnessed equally dramatic change in moral, itual and political philosophies. what time has the need been ater for taking inventory of life's ues?:

A moral decay in this nation be- n to manifest itself during World s I, becoming more pronounced the "Roaring Twenties." It was further aggravated by the economic stresses and desperation of the Great Depression in the early Thirties. During World War II, it grew like a malignancy and has been spreading in the years of political and social upheaval which followed.

An example of this decay can be seen in the business world, where a man's financial worth is almost the sole measurement of his success in life, with little regard for the methods used to acquire the wealth.

Masonry teaches that we should judge a man on this basis of morality, spiritual uprightness and the way he treats his fellow man in everyday life. As we take inventory, this aspect of our lives should be weighed for its true value. We should see if we are rich in Masonic principles, not in money.

While Masonry wisely prohibits discussion of politics in the Lodge, Masonry in no way discourages — indeed, it encourages — active participation by its members in civic affairs. Politics are so vital a part of every facet of human life, we Masons should include in our inventory an evaluation of our participation in the important affairs of government. We should determine for ourselves if our country is moving in the direction our founders intended. We should remember that many Masons were among those who wrote the Declaration of Independence, Constitution, and Bill of Rights. We should concern ourselves with our country's present and future.

Masonry also wisely prohibits discussion of sectarian religion in Lodges. But Masonry encourages its members to be religious and to be active in their own churches. A good Mason dedicates his life to the brotherhood of man under the fatherhood of God. It is the privilege and duty of Masons to protect the freedom of religion — free from moral, economic or political pressures. Our inventory should take into account what we have done in this area of responsibility.

In our year-end inventory, we should evaluate what we have done that is good and what we have that is good. We should also take inventory of what the future holds that may be evil, for as surely as Rome rose and fell, this nation will have problems in the future. Indeed, our history may be running too close to that of Rome for comfort.

From the dim past, mankind has sought proven principles to serve as guidelines by which he might live a better life. Masonry has helped many men find just such principles. Many students of Masonry believe that the Fraternity holds the key to many of these time-proven truths.

Notice the use of the word "key" because, like most of the good things of life, these teachings of Masonry are not given on a silver platter. We may be members of a Lodge, but that does not mean we have availed ourselves fully of its teachings. The Lodge merely helps us find the key if we are interested enough to look for it.

Here again, let us pause to take inventory. If we are to be competent judges of the future, must we not first be students of the past and present? If we are to be of value to our fellow man in the future, we must evaluate our knowledge of the past.

He who knows nothing of the philosophy and history of Masonry will be apt to become lukewarm and indifferent, but he who devotes himself to its contemplation will feel an ever-increasing ardor for its teachings. How rich is our inventory of knowledge?

Rome abandoned the principles we should hold so dear. Rome fell as a result of corruption from within, heavy taxation and inflation brought on by reckless spending, the collapse of morals, the lust for power for the sake of power, and the breakdown in law enforcement and respect for constituted authority. Is this a lesson for today?

All of these things should be considered in our inventory. There are problems ahead. Indifferent or lukewarm Masons may not be able to measure up to the job to be done. An inventory of Masons and Masonry should determine if the Fraternity is strong enough to meet its obligations to mankind. Only then do we know the real strength and value of the Craft.

This country, this age can be wonderful beyond compare. May God give us the wisdom to make it so.

Give Thought To Leaving a Mark

Today, as we pick our way through this dizzy, giddy whirl of modern change and development, let's give thought to leaving our mark on the walls we build, so that someone a thousand years from now may see what we have done. If the works of our life are to last, we must build in accordance with the truths and precepts of our Order.

If Masonic influence is to continue to be felt long after we have passed through the corridors of the temple, we must take these truths, these mysteries to heart; to believe in them and to practice them, and to make them an integral part of our lives. Masonry is a way of life, not merely a series of ritualistic performance. Masonry is a set of virtues, of fundamental truths which must be a living, vital part of our existence. These are the only mysteries for which our symbols have eternal value in the midst of bewildering change.

My term is coming to a close with only two meetings left. I have enjoyed my term, I hope you have.

We wrapped up October with both degrees on the 31st. I wish to commend all my officers on the fine job on the Initiatory Degree. A special congratulation goes to Mr. Ron Meeks on the DeMolay Degree. For the first time, we had all Fort Wayne boys in the Degree. Bill Flickinger played the part of DeMolay, a fine job.

November brought to Fort Wayne a touch of the Orient with Taiwan paintings. These were sold Nov. 14 at the Masonic Temple. The members of the Fort Wayne Chapter thank Kian Porter for spending so many hours preparing the pictures for sale. We also wish to thank Mr. Porter for the paintings.

The Swin Party on Nov. 15 was a big success.

A little reminder for December. Our first meeting, Dec. 9, will be at 7:00 p.m. This meeting will be very important. We will elect our new officers for Spring of '71. There will be election of our Sweetheart of the Chapter. She will represent us at conclave.

Remind your Mothers. Mothers' Club will also meet at 7:00 p.m. with a speaker.

We will have the Degrees on Dec. 19, Saturday at 1:00 p.m., and the Flower talk for the Parents at 3:00 p.m. This will be on the fifth floor of the Masonic Temple.

The next meeting will be on Dec. 23. A short business meeting at 4:00 p.m. The Christmas dance will be on Dec. 26, 9:00 to 12:00 at the Scottish Rite Building. We are bringing a band from Louisville, Kentucky. They are "The Soul Soup." We heard them at Conclave and they're great.

There are plans under way to go to Pokagon State Park on Dec. 30 for a full day of sledding, skating, and other winter sports. This will wrap up my term.

Before closing, I wish to thank all those who have helped with my term, Mr. and Mrs. Leiter, for setting dates, and moving furniture, the Mother's Club for coming down to serve us. We deeply appreciate it.

I wish to give one person the most amount of credit for a great publicity job, and putting up with the boys when they got a little too noisy. He has been really a great guy. This thanks goes to the Chapter Dad, our own "Dad Latham."

I also wish to thank the Chairman of the Advisory Council for all the time spent with the officers to perform their ritual work well. He has been a great help in bringing in new ideas to Fort Wayne Chapter. I would like to thank the Advisory Council for their work in behalf of the boys.

"May the Lord bless and guide you through your work in DeMolay and throughout your life."

Brethren, it seems impossible that this is the last time I will communicate with you in this manner. The year has flown by, and the time has come fnr someone else to step in. It has been a wonderful year, and working with such a great line of officers as you has really been a pleasure. It would be impossible to express my thanks to each one who made this such a pleasant year. I would like to take this opportunity to say thanks to everyone for all their help. There is one person without whose help any Master would be lost — the secretary. I hope that each Master in the future will be lucky enough to have as excellent a secretary as our Brother James Lucas.

Some of the 1971 dues cards were sent out before we received our new By-Laws and Masonic Directories. If you are one of these brethren, please notify the secretary so that he can send you a new roster.

Brother Past Master Chester B. Warren, Master of our Lodge in 1922 and a 50 year brother, is now our guest in the Masonic Home at Franklin, Indiana.

It has been called to my attention that the name of our Brother George Harold Jacobs was omitted from the By-Laws and Masonic Directory published as of June 30, 1970. We wish to offer an apology for this mistake, Brother Jacobs. Our records show that you are very much a member of Home Lodge.

Saturday, December 12, is our annual Christmas party. There will be a good dinner, entertainment, Santa Claus, and gifts for the children. Please get your tickets from any lodge officer.

As all Past Masters know who have gone this way before me, to get here takes a little work; but more than that, it takes a lot of cooperation, patience, and understanding from the rest of the family. So, to the two people who have made it possible for me to pass this way — my wife, Marian, and my daughter, Ann — I say, "Thank you."

Brethren, it is with mixed emotions that I write this, my last article, as Worshipful Master of Wayne Lodge. It seems such a short time ago that we had our Installation of Officers, and I had so much planned, some nf which came to pass and some fell by the wayside. Some decisions made might not have met the approval of all members, but I assure you that they were all made with the best interest of our Lodge at heart.

I would like to thank all the brethren of the Lodge whn made this a most pleasant year fnr me by giving their full support tn anything asked of them. This applies also tn the line officers, whn were most cooperative, and by their diligent work earned fnr Wayne Lodge the highest praise for the work dnne in our Annual Grand Lodge of Instruction. These praises were from our own Junior Grand Deacon, George F. Becknell.

There are not words enough to express my thanks to our Past Masters, who were always at meetings and Degree work, and were always most willing to fill in wherever needed. Although there was not always an opportunity tn thank each one individually, I take this opportunity to do so and their help was always most appreciated.

The date has been set for the installation of the 1971 Officers. It will be held in the Ionic Room nf the Masonic Temple, on Saturday Afternoon, Jan. 2, 1971, at 3:00 p.m. Let's all give these new officers the same support that was enjoyed this past year and show your interest in your Lodge by attending the installation.

For our new officers coming up next year, I offer my best wishes for a most successful new year, and can assure them nf my fullest support. For all our members and officers, I wish to extend greetings for a most joyful Christmas Season.

Brethren, before stepping down from the East of Sol D. Bayless for the final time, I should like to thank all the Brethren of the lodge for helping to make my year as Master a pleasant and rewarding one. In particular I would like to thank my officers and our three trustees for the splendid cooperation they have given me throughout the year. Without a competent line of officers and trustees no Master can justly govern a Lodge. I have been more than fortunate in having such a fine group to assist me during the year.

Before I relinquish the gavel to my successor, I would like to add one thing. That is the personal and spiritual satisfaction I have derived from the privilege of being Worshipful Master of Sol D. Bayless Lodge. It is not the material achievements that make a Master's year complete; rather it is the inward thrill of comradeship that comes from leading such a fine group of Brethren. I shall cherish always the friendships that have ripened during my term of office as they provide the richest and most illuminating experiences of my Masonic life.

In closing I wish to extend my congratulations to our new elected and appointed officers for 1971. Remember, although I have completed my year as Master, I have nn intention of lnsing interest in Sol D. Bayless Lndge and will be enthusiastically supporting you from the sidelines.

I congratulate and welcome to our membership four newly raised brothers: Robert W. Gingerich, Gerard S. R. Bakker, Gerald E. LeMasters and Samuel W. Hubbard. We welcome these new members and earnestly solicit their attendance at our meetings.

Reported ailing since last writing are Harold Tracht and Joho Boan in Veterans hospital and Glenn Hopper in Parkview hospital. We wish these and any other ailing brethren a speedy recovery.

As of this writing it is with profound sorrow, brethren, that I annonce that The Supreme Architect of the Universe bas called brothers Gerald T. Humbarger, Otto J. Bowman, Charles Diee, Ora W. Waltz, Carl V. Lake and Ivan D. Albright to His heavenly workshop. Our heartfelt sympathies are extended to tbeir families.

We have candidates for degree work this month and our sebedule is as follows: Entered Apprentiee, December 14, Fellowcraft, December 21 and Master Mason, Wednesday, December 30. Consult your Sunday Journal-Gazette for the times to be scheduled for the degree work.

Franklin I. Bryan _____ Secretary
1530 Margaret Ave. — 434-0102

As I draft this, my last article for tbe "Square and Compass," I reflect on the past year, a year that has at once been the most satisfying and the most frustrating of my life.

It has been satisfying to me in many ways. The lessons nf Masonry have been firmly implanted in my mind and will, I feel, help me direct my life according to the Grand Artificer's design. They could not have been instilled in any manner more thoroughly than by serving as an officer.

It has been satisfying because I have been honored by the members of South Gate to direct their labors as Master, and as such, I have been privileged to head a line of officers second to none, ritualistically, personally, or in their dedication to the ideals of the fraternity.

It has been satisfying because of the men who have come to Masonic Light in my term of office. These men will surely be better able to serve God and maokind as a result of their experiences in lodge.

It has been satisfying because in my term, the life of a great Mason, W. T. Brase, has been memorialized in a manner fitting him.

Yes, it has been a satisfying year, but at the same time, frustrating. Despite my efforts and those of my dedicated officers, we have been unsuccessful in stimulating interest in you, our members. Our meetings are poorly attended. Our social functions, planned for your enjoyment, are failures. We even have difficulty learning nf ill brethren and getting their brothers to visit them. I have been leading South Gate Lodge — that means I have been direc- ten other officers, a group of M Masters, and a handful of dev members, directing them to f the obligations of all of the members of South Gate Lodge, cause I have been unable to more people involved and inter in the functions of tbeir lodge; cause there is too much for active handful of members to accomplish, as far as visita assistance and just plain fellow because too many of you are tent to say, "Sure, I'm a Ma but I don't go to meetings," I a failure. It takes more of a m time and effort to be a Mason just paying his dues and carry tbe card and wearing the pin. be a Mason he must live Maso to live it he must know it; to k it, he must learn it; to learn he must associate with it. I a failure because I have been able to get more of you to asso with it. I am sorry for you for the fraternity.

On December 5, your lodge host the Annual Family Night P Johnny Hamrick will present variety show of local young tale singing, dancing, acrobatics, m cians, magicians, twirlers and com A delicious dinner will be ser traditional beef and noodles. S will be there. Make plans now your families to be present at 6:

Caleodar for December

Dec. 5 — 6:30, Family Night D ner.

Dec. 14 — Annual meeting, el tion of officers.

Jan. 2 — Installation, 7:30.

I thank you for the opportun to serve as your Master. I apolog for my short comings. I hope t our lodge is just a bit better a result of my efforts in the East.

God bless you and yours, n and forever. — Amen.

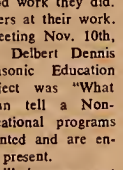
This issue of the Square and Compass is my last article as Master of Three Rivers Lodge. I am very well pleased with the officers' work this year. We have been busy witb degree work most of the year. I want to thank all Past Masters, officers, and members for the help they have given me this year.



My sincere thanks to Mrs. James Bowser, Mr. and Mrs. Lee Garrison who have labored in the kitchen preparing those delicious meals.

We had a very nice Past Masters Night on November 3rd. I want to thank the Shrine Band for the very fine music during the dinner hour. I also want to thank the Past Masters for the good work they did. they are truly Masters at their work.

At our Stated Meeting Nov. 10th, Worshipful Brother Delbert Dennis presented the Masonic Education program. His subject was "What Master Masons can tell a Non-Mason." Our educational programs are very well presented and are enjoyed by everyone present.

December 8th will be our next Stated Meeting, it will also be the annual meeting to elect officers for the year 1971. This is the most important meeting held all year. All the officers would like to see as many members attending as possible. Lodge will open at 7:30 p.m.

Best wishes go out to all Brethren who are ill and we wish them a most speedy recovery.

As we approach the end of the year, it is my privilege to address the friends and members of Maumee Lodge from this column for the last time as Worshipful Master.

I wish to express to each of you my sincere personal thanks for the honor you have conferred upon me by giving me the opportunity to serve as your Master. It is pleasing to note that Maumee has enjoyed another good year and I hope that in some small way my efforts have helped to contribute to its continuing success. May I also express my thanks to the officers and the many devoted members for their support, without which nothing could be accomplished.

Since a Master depends so much on your involvement and active participation, I encourage you to help the Master-Elect get his year off to a good start hy heing present at the Installation Ceremony for the 1971 officers. This impressive ceremony will he held in the Commandery Auditorium (on the fifth floor of the Masonic Tempie) on Wednesday, Decemher 30th, starting at 8:00 p.m. As in previous years, this will be an open installation. You are encouraged to bring your ladies and interested friends as guests. A reception on the Mezzanine will immediately follow the ceremony. Plan now to attend.

Finally, as we are all being caught up in the spirit of the coming holidays, let none of us lose sight of the real significance of this Holy Season. It is a time when man dares to hope for the future in a world in which there often seems so little to hope for. It is also a time when we once again rceognize that old, old truth that the forces of evil and darkness cannot extinguish the Light that was kindled in Bethlehem so many years ago. Therefore, my Brethren, let us join our hearts and voices with the Angel Choir and proclaim, "Glory to God in the highest, and on earth peace, good will toward men."

And may the blessing of Christmas be with you and those you love, now and throughout the coming year.

Merry Christmas, Happy New Year.

Brethren. Time marches on. Another milestone has passed by. Opportunity is like a fleet horse coming down the corridor of time. "It is coming, it is Here, and it is gone." So it was with your Worshipful Master. Your W. M. had the opportunity, he accepted, he served, and now he must vacate for another. I wish at this time to again thank the Brethren of Waynedale Lodge for giving me the opportunity — it has been one that I will never forget. Sitting here writing I glance out of the window and I see the leaves falling. I think of the time I put forth that tender shoot, and it bloomed, and now comes the frost and nips the shoot, it falls like the Autumn leaves, and so must I retire from the East.

A lot of water has passed over the dam in the past twelve months. Here are a few of the happenings. On Jan. 28 we raised our first candidate in our new Temple. The honor went to Bro. Thomas B. Harker. The work was performed hy the Past Masters of Waynedale Lodge. On March 14th we dedicated our Temple, with Most Worshipful Grand Master (now Past Grand Master) Robert P. Joyce presiding, assisted hy the Grand Lodge Officers, On March 16 an Order of Eastern Star was formulated with officers heing installed April 18 by Officers of the Grand Chapter of the State of Indiana, with Mrs. Leona Walker as Worthy Matron, and Bro. Ernest Walker as Worthy Patron.

Your Worshipful Master had the privilege and honor of presenting a bouquet of roses to Honored Queen Kathy Mann, of Job's Daughters, who was installed on June 2. The Job's Daughters will also hold their installation on Dec. 29, please try and be there and make your presence known to the girls, let them know that you are behind them. Your Worshipful Master was honored at the Job's Master Mason Night on Nov. 3, when he was made a "Member of Honor" of Joh's Daughters for the wonderful participation the Lodge has shown in the paper drive. Keep up the good work, brethren.

We have reccived ten new candidates into the Lodge in the past year hy initiation, and five by affiliation by transfer. We will vote on three Brethren who desire to affiliate with Waynedale Lodge by transfer at our Dec. Stated meeting on Dec. 2 — he there if you can. At this meeting we will elcet the officers that will guide the Lodge for the coming year. Look well to your ballots.

We were very sorry to hear of the passing away of our Bro. Jerry Richards, who has been in ill health for several years. Our deepest sympathy goes to his family. We have received word that Bro. Carl Rackeweg is confined in the Lutheran Hosp. Room 410. If at all possihle, call on him.

Take a look, brethren, the Masonic Emhlem has been installed on the front of the Temple by Brother William Roberts assisted by our Secy., Brother Lockridge. The Emblem was a gift from Bro. Robert F. Gilland. Thank you, Bro. Bob. The Lodge has purchased a lavatory for use in the kitchen, also a three compartment deep sink, the sink was a partial gift from the Eastern Stars, Thank you, ladies.

Brethren, your dues are now due; the Sec'y. would appreciate prompt payment of them as this helps bookkeeping very much. Thank you hrethren who have already sent them in. Also don't forget the Masonic Home with your ten for ten. There are a few things that should be taken care of at the Temple before we can say that it is complete. There is a list on the hulletin board. Take a look and do your best to help. Also the pledges are still coming in. Have you paid yours? If not, why not?

Don't forget the stated meeting Dec. 2. We will have no degree work in Dec., but plans are under way for a Father and Son or Fellowship gathering with some kind of entertainment. Please watch the papers or the mail.

I wish at this time to wish all a Merry Christmas and a Happy New Year. Don't forget St. John's Day Dec. 28. Dinner will he served at six thirty. Please try and attend. Meet old friends and make new ones.

Well, we've had our first snow, Thanksgiving has come and gone, and here we are, shopping and planning for the big holiday season which will catch up with us before we can whisper St. Nicholas!

The meeting of November 5th was designated as "Keepers of the Door" night, set aside to honor all of our past and present Warders and Sentinels, and especially to fete our Worthy Patron, Owen Arnos, who served as Sentinel for Dorothy and Forrest Finnell, and Warder for Marjorie Rodemeyer and Bob Waldo. In the East the emblems of the door-keepers, the crossed swords of the Sentinel and the dove, emblem of peace, of the Warder, were arranged against a back-drop of green, and flanked by potted golden yellow mums. In the West, the beautiful painting "Christ at the Door" recalled to us so vividly the words of Christ "Behold, I stand at the door and knock: if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me." (Rev. 3:20.)

The Past Matron and Past Patrons under whom Owen served were escorted to the East and introduced. Clayton Herrick, our illustrious Past Grand Sentinel, who introduced and given grand honors, and 21 Past and Present Warders and Sentinels were escorted into a semi-circle in the West where they introduced themselves and were presented a gift from our Worthy Matron and Worthy Patron — a small copy of the painting used in the West. We had one husband and wife team — Jeanette and Louis Cereghino, who have shared the inner and outer guard duties. The mums were presented to Marjorie Rodemeyer and Dorothy Finnell (in absentia). Dorothy had to miss all of the evening's festivities because of her broken foot! Carol Munk wrapped it all up neatly with an appropriate song "Open the Door."

Helen Helms reported a tidy profit on the card party and the Worthy Matron again thanked all who helped to make it so successful. Our thanks, too, to Del Proctor who protemmed at the organ for Lucile Mumaugh so she and her husband, Bob, could be Friend's Night guests at Spencerville; and also to Mary Knauer who officiated at the Bible ceremony.

Past Matrons and Patrons — we follow "In Their Steps." We are grateful for the 300-year old tradition our forefathers established for us to give thanks to a bountiful God for the blessings which have been ours to enjoy, and we also are grateful that we, in our Chapter, have had the advantage of the dedicated leadership we paid tribute to on November 19th. The Matron reminisced about her years of membership in the Eastern Star and was joined by her officers in a tribute to the Past Matrons and Past Patrons who have left their footprints for us to follow. The "Pasts" who were there were escorted to a semi-circle in the West and introduced. Elsie Brown and Jim Peters, Associate Matron and Patron, presented each of them with a ceramic turkey for their Thanksgiving dinner table—a gift from Chapter, to remind them of this special evening. Sister Dorothy and Brother Forrest Finnell shared the East with their fraternal family and Dorothy's emblem was used for decorations.

Resolutions were read and the Chapter was draped in memory of Sister Esther Klebe.

There was a slight deviation from the usual closing ceremony, in that Forrest joined the other officers at the altar while Carol Munk sang so beautifully "Bless This House." The refresbment tables on the Mezzanine were elegantly decorated with baskets of fall flowers made by Joan Coil.

It gives us a lot of satisfaction to sit back and view the things we have done. However, we at Fort Wayne Chapter have little time for looking back — It's getting to look a lot like Christmas, and there are so many good things ahead for us to focus on! On December 3rd we open our doors and our hearts to greet our guests when we have "Friends in for Christmas." Our Choir, with director Carol Munk, has planned a beautiful program in keeping with the season.

On December 16th we have our inspection by the Worthy Grand Matron, Sister Ethel Lemen. A few reminders about this special meeting may be in order: We share this inspection with New Haven and Star of the East Chapters. There will be a banquet in the ballroom at 6.00 p.m. Tickets are $2.25 and you may secure your reservation by calling the Worthy Matron or Secretary Helen Howard by December 10th. The Baby Dedication will be at 7.10 p.m. and the Award of Gold at 7:20. We have 26 members eligible for this award, Star of the East has two, and New Haven will have none. Please note — the inspection meeting will get under way a half-hour earlier than our usual meeting time —at 7:30 p.m. Fort Wayne Chapter has the opening, Star of the East has the initiatory work, and New Haven the closing.

Don't forget — we will have a regular stated meeting on December 17th, the night following inspection. This will be our own Star family Christmas meeting. Be sure to be here with us — we miss you when you aren't here! And one last reminder — before it is too late — your 1971 dues are due and payable immediately. They are delinquent after December 31st.

Members of the Club served refreshments. The tables were decorated with vases of small mums and sprays of ivy.

Nov. 10th, the official visit of Sister Evelyn Miller, District Deputy. The Chapter room was very beautiful with palms and a large Star with the crown and scepter in the East. Beauty vases with pink roses were behind each Star Point chair, the Bible reference in the West. The officers did fine work in the opening and the initiation ceremony. The Worthy Matron and Worthy Patron were very proud of their officers. After Chapter refreshments were served on the mezzanine. The tables were lovely with white branches and blue birds, and pink candles.

Sister Crystal wishes to thank everyone who worked so hard to make the card party so successful. The Ways and Means Chairman, Sister Isabelle Helton and Co-Chairman Sister Marjorie Tribbett were both in the hospital so Sisters Faythe Sliver and Helen Walker took over for them and did a great job.

May we wish for all a very happy Christmas remembering to keep the true meaning of Christmas in our hearts.

We have been a very busy but happy group and we are counting our blessings, which is a job that never ends. Our chapter room was nicely decorated for our surprise party on October 22nd which was a Halloween skit by the girls on the Decorating and Entertainment Committees. The members seemed to have a good time which was followed by a trick or treat lunch. Thank you, girls, for your help in giving us a fun filled evening.

We are happy to report on our trip to Franklin at the Masonic Home. Twenty of us found Sisters Dora Montgomery and Florence Obetz healthy and happy. Sister Florence just moved to the home and in just the short time that she has been there is well settled. Sister Dora hasn't changed. She is still doing her good deeds for everyone, and she had an apron for us all. This being our first trip to the home on Nettie Ransford day for quite some time, and the first time at all for a few, we certainly enjoyed the day very much.

Sister Leona Shady and Verna Bloom have completed their plans for the shut-ins and with the help of committee will be remembering all.

We are looking forward to the all committee Christmas Party, and are hoping everyone will be there, December 2nd.

The officers will be entertained on December 5th at 5015 Reed Road. The Christmas party will be hostessed by Sisters Anita Collins, Rose McGraw, Elizabeth and Jane Witmer. The Shiloh Friendship Club will hold their Christmas Pot Luck at First Wayne Methodist Church lounge at 6:30 p.m. December 12th. Past Matrons will meet at 3232 Rockwood Drive December 18th, 6:15 p.m. This will be a dinner party. Hostess will be Verna Bloom, Leona Shady, Alta Current, Florence Wolverton, and Ruth Carrott.

Our stated meeting of December 10th will be District Deputy Night. Let us attend this special night and show her the true meaning of love and friendship. Our joint inspection with Trinity will be Dec. 17. December 24th, Christmas Eve, our Chapter will be dark.

Illness in Chapter: Treasure Gilmer, Route 2, Wallen, Indiana. Jane Neuenschwander, surgery, Towne House Healtb Center. Georgiana Beavers, surgery, at home. Deaths in Families: Husband of Ilo Coolman, mother of Virginia Frentz, husband of Gladys Working and father of Pauline Frederick, mother of Gertrude Lombard and Betty Hummel. Word has been received that the father of Gladys Patterson died last May.

To those ill we wish a speedy recovery, those in sorrow our heartfelt sympathy.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

Christmas is upon us with all its beauty, love for others, and the greatest of all, Jesus' love for us. If this wonderful spirit everyone seems to have this time of year could live every day throughout our lives, what a wonderful world we would have!

Nov. 2 has come and gone and what a wonderful meeting. Lots of our Fort Wayne and New Haven friends were with us along with Sisters and Brothers from other chapters. The Decorating Committee did a beautiful job of decorating the chapter room and the dining room. We just couldn't get along without our Sister Bev Fleck and her wonderful deeds. Ask her how she likes camping with fifteen Girl Scouts.

We presented honorary memberships to Past Grand Patron Clayton Herrick, his lovely wife, Sister Helen, our past district deputy Ruth Boltz, and to Brother Elmer Spahr, who were instrumental in getting our chapter started. We thank you all.

Social committee will meet Dec. 1 at Princess Poorman.

Decorating committee will meet Dec. 3 at Jo Ann Wuebbienherst.

Ways and Means at Pat Doerr's on Dec. 16.

Sister Betty Eddington had surgery, got along beautifully and has returned home.

At our stated meeting on October 23, Soj. Marge Brattain was elected and installed as our new Scribe. We were sorry to lose Soj. Ruth Hensel, who had faithfully served her Shrine as Worthy Scribe for the past seven years. Her resignation was due to personal problems.

We extend congratulations and a big welcome to the six sojourners who were initiated in our Ceremonial held that same evening. They will be known as the Trinity Class. May they become interested and faithful members in the months and years ahead. We are proud of each of you.

The Orion Past Officers Club met at the home of Soj. Mildred Igney, 7217 Clemson Drive, on November 15.

The December meeting of the Club will be a Christmas party on Sunday, December 13, at 6:00 p.m. at the Lucky Steer Steak House on Lake Avenue. All Shrine officers are invited and welcome. Reservations will be required.

The December stated meeting of our Shrine will be held on Friday, December 11. Note this change which was necessary due to our regular meeting falling on Christmas Day. Please try to attend.

Your 1971 Shrine dues of $5.00 will soon be due and payable. Also try to include a donation of 52¢ to our Material Objective Fund. Our Shrine has shared this year in the type of material assistance this fund provides for those who are ill or injured.

As you know, Miriam Shrine is selling tins of cookies as our Ways and Means project. They make excellent Christmas gifts. Contact Sojs. Alton or Erma White at 745-5664 or Soj. Mary Wilson at 485-5310. They would appreciate hearing from you and need your help in making this project a success.

Illness: Soj. Cecil Allman was a patient in Parkview; Husband of Ethel Beighley has been ill.

Deaths: Soj. Edna Mapel passed away on October 29; Soj. Harriett Flaugh passed away on Nov. 11, in Indianapolis.

In Families: Brother of Elvie Ross died recently.

We trust those who have been ill are much improved in health, and our sympathy is extended to those families who suffered bereavements.

Congratulations to Soj. Mary Hunt who celebrated her 99th birthday on November 19. Soj. Mary resides with her daughter at 4260 Stellborn Road. And congratulations to Soj. Ann Hughes who is a new grandmother.

In closing, we trust you have all lived up to the best of your 1970 New Year's resolutions? If not, you still have a few weeks left in which to try to make good.

When you start your 1971 list, try to give a high priority to becoming a more active member of your Shrine. Come and enjoy our fellowship and programs.

I saw, along each noisy city street,
The trees for Christmas, standing dark and still . . .
The pines and firs, come down from field and hill . . .
Old trees and young that had known sun and sleet.
Soft needles fell on hard, dull pavements there
And forests rose in a most treeless place
And there was gladness in each passing face
And there was balsam fragrance everywhere.
Oh, lovely way to celebrate your birth
Whose birth star glistened through Judea's trees.

"If we but learn the lessons that shriek from the pages of history, there is no handicap that cannot be overcome by will power, patience, and application."

Greetings Companions: this is the final article that will appear under my name. I have enjoyed my year as your High Priest. I thank all of you for the honor and all the help and support that I received.

Our Ladies Night was a success from all reports. Dick Jones outdid himself with the spaghetti and meatball supper; while John Weyer added that salad which was the needed complement. The favors for the Ladies were the handiwork of Betty Scott, wife of your High Priest. The success of this social event leads me to believe that it might become an annual affair.

In my monthly articles I have tried to point out some of the attributes that I feel should mark a man in Masonry. I have tried to present my thoughts and feelings on various subjects. I trust that you have found some help in them. Now that my year is closing, I would like again to thank the membership for conferring this honor on me and to thank my officers and sideliners for their support.

Our next meeting will be December 18th, at which time we will honor our Past High Priests with a dinner at 6:30 and then go into the Chapter room for our meeting. The Officers for the coming year will be elected and installed.

FORT WAYNE COUNCIL No. 4 R. & S. M.

Stated Assembly
Third Thursday

1103 E. Berry St. — 743-5751
Roger W. Shafer ——— Sec'y.
2510 Farnsworth Drive
Apt. 406 ——— 483-3640

Companions it comes that time of year when your Illustrious Master must look over the many events that have happened the past year. The J. Edgar Hoover class was the most outstanding festival to take place in my twenty years as a York Rite Mason. So many Companions and Sir Knights took part in it, it is impossible to list them all. If I did, this column would be nothing but a list of names. We had so much cooperation from all three bodies, Battallion "3", and the Grand Bodies, it's impossible to know whom to thank. There is one person without whom all this work would be for naught and that is the candidate. Fort Wayne Council No. 4 is fifty-seven members richer this year. This is one of the largest gains in membership since I became a York Rite Mason.

The next question is how can we top this year? We can and plans are already being made to do so. Committees are already being formed and plans are being laid out. Publicity will start soon on a local, state, and national scale for a 1971 Festival in March. The next issue of the Square and Compass will carry them. Look for them and do your part.

I wish to thank all the officers of this council for the splendid caliber of Degree work conferred this year. It makes an Illustrious Master feel good to know the candidate is getting the lessons intended for him to receive.

Companions please don't forget December 17th is the annual stated meeting. Please attend, help elect your new officers and then help them in any way you can. Come down to the kitchen at 6:15 p.m., before the meeting and have a very fine meal.

Seasons Greetings Companions: As our 1970 activities draw to a close we can look back on the year as one of new dimension for our Chapter. The initiation of the Festival type of degree presentation has been a new experience for us all and is opening a new trend with new ideas for our York Rite presentation of degrees. The 1971 Spring Festival is such an event and one you will be hearing more about. Plans now being formulated are expected to bring to the Spring Class a new concept of the York Rite Degrees presentation in Indiana. Your present High Priest and the Chapter officers are proud to have been a part of this years inauguration of the Festival in Fort Wayne.

I am pleased to take this opportunity to announce the following companions have completed the degrees of Royal Arch Masonry. Jerry Ault, Gordon Stafford, Robert Sumpter, Lee D. Foster, Robert Bishop, Jerry Bishop, Carl Simon, Lewis Timmons, Thomas Harz, Dan Weikel, Max Ensley, W. Donald White, James A. Earnst. I wisb to welcome our new companions and congratulate each of you on being exalted to the Royal Arch Degree.

At our November stated meeting our Most Excellent Grand High Priest, Marvin L. Isley, appointed Grand Guard James P. Johnson as the Representative of the Grand Chapter of Indiana to the Grand Chapter of Scotland. Congratulations Jim.

Two of our chapter members have recently passed from our midst. They are Herman Bauss and Chester G. Schiefer. We offer our sympathy to their families.

To those companions that I will not see before the holidays I wish this to be a happy time for all of you.

Remember companions the annual meeting in December includes the election of officers for the coming year. We need your attendance at this important meeting. December 17. Don't forget supper in the kitchen. See you there.

Sir Knights, we are nearing the end of another year. It has passed swiftly, yet in this space we have accomplished some of the things we intended to do.

Our Festival last Spring and its success was the result of many people planning and working bard td get the job done. The results were beyond belief and we take our hats off to these hard working people who are hard at work again planning for the J. Rufus Hinsbaw Class to be held this next spring. This promises to be even bigger than the one last spring and your help will be sorely needed. So give these people a hand whenever they call on you.

At this time I want to thank my Officers for their splendid work and assistance this past year. I have been very fortunate to have this fine group of Sir Knights to assist me. And of course I have tbe Past Commanders to thank for this officer line as they appointed these men to the line. Also, I wish to thank the Past Commanders for their help tbis past year. With these men helping you, your year is made much easier.

And of course, I must thank the Social Order of Beauceant, Mrs. Ralph Weesner and the other ladies who helped at the Festival this spring, the Easter Service and on many other occasions. Also Marie Studler for her help in making the Ladies Night such a success.

Soon a new Commander will take over and I can assure you that he is a very capable man. I would ask that you give him your support and help as I will do. Along this line I would ask that you attend our annual meeting on the third Thursday of this month.

York Rite in Indiana is growing and each year promises better organization and programs. This just didn't happen but is the result of the beliefs of our leaders in the future of York Rite. There are still areas of jealousy and isolation but the new Grand Line Officers coming up in all of the bodies are realizing that the future of York Rite is more important that personal ambitions. We are fortunate in the Third District to have leaders who get things done. This is why we can make our Festivals such a success.

We must never forget that our Blue Lodges need our support. We must be ever alert to the petition of the Blue Lodge. Many good man are not aware that they must petition a Blue Lodge to become a Mason. How many of tbe candidates entering a Blue Lodge have expressed the wish that they bad known of this earlier in life so that they might have been a Mason long before. We cannot ask for a petition but we can offer to accept and present his petition to the Lodge.

Brethren: The year has about come to an end and I feel that I have a lot to be thankful for. As I look back I realize why a Master at New Haven Lodge will always have a good year. Why? Because all of the members and officers put forth that extra effort that can only lead to a good year.

I would like to extend to my officers my sincerest appreciation and thanks for their loyalty and help — they always come through to eliminate any small problems.

To all the chairmen and their committees who, with their smooth operating behind the scenes made our work easier and more impressive.

To all the members who filled the sidelines, you can't realize how much it means to see your faces at our meetings, it inspires us to do our best work. Thanks to all of you.

We have been kept busy this year by raising six new members to the sublime degree and two more have had their first degree.

My greatest thrill was at our November stated meeting when I was asked to sign the petition for the first of our DeMolay boys who has reached his majority.

My term will be over when he receives his degrees, but you can bet I will be there to help raise him, as I was DeMolay Dad when he was an active member.

The last date to remember this year will be our Feast of St. John December 28th at 6:30 p.m. We have an excellent speaker for that night, Ill. Bro. Ivan O. Standish 33°.

Again thank you New Haven Lodge No. 740 members for giving me the privilege of serving as your Master.

See you in Lodge.

Brethren: We would like to take this opportunity to thank everyone for the help and cooperation you have extended during the past year. It has been an honor and privilege to serve as your Worshipful Master. Now we must begin thinking about installing a new Master and we trust that you will extend to him the same help and cooperation that we have received.

A motion was made and seconded that our by-laws be changed to allow the lodge to be dark during the months of July and August. This motion will be put to a vote the first meeting of December. Please make every effort to attend so that we may act according to the wishes of the majority.

On October 21st, we had the pleasure of having Past Grand Master Orvis Dellinger present the award of gold to Brother Edwin Erwin. On hand to witness the ceremony were five other 50 year members of our lodge: Brother Harry Robinson, who is also a 50 year member of O.E.S.; Brother "Ted" Webster; Brother Howard Webster; Brother Harry Whittern; and Brother John Erwin, Ed's brother. The ladies served a delicious luncheon and everyone enjoyed the fellowship of one another.

Don't forget your lodge dues and the Christmas food project. See you in Lodge.

Seasons Greetings Brethren: How time flies. Another year has gone by and election time is here again. I was fortunate that the officers of Olive Branch Lodge comprised a corps of willing and able workers to aid me in my task. Nothing was more gratifying to your officers than your attendance and participation at meetings.

Our attendance record last year was above normal for our size of lodge. I feel one of the reasons for this good record is the possibility for all members to have a chance to work through the chairs. Masons who belong to larger lodges, where the membership is above 200, have less chance to participate as an officer. Olive Branch does not have a waiting list which discourages the enthusiasm of its members. Any members, especially new brothers, having the desire to begin the chairs have instanteous opportunity to do so.

Masonry has suffered a recession in the last few years, because we as Masons have not promoted our fraternity. Our problem has been a lack of communication between Masons and non-Masons. There are many of us who have friends and co-workers who have high morals and would be good prospects for Masonry. Encourage these good prospects to ask questions about our fraternity and explain what Masonry is about. Be sure to go one step further and inform him that you cannot solicit his membership. Tell him that he must ask for the petition. Don't make it difficult for a prospective member to petition. So my Brothers, be a salesman and communicate with non-Masons of high morals and promote your fraternity with dignity and decorum. Another point to remember is concurrent state wide jurisdiction. It is now possible to encourage men from all over the area to investigate Olive Branch as their home lodge.

Plans were made for a fish fry in our November meeting. The date is December 12th at 5:00 p.m. The fish fry will be held at the lodge hall. The proceeds will go toward our building fund and as before the fish fry is on a donation basis.

As Master of your lodge, I ask that you will give serious consideration regarding our election in December. The best way to let your desires be known is to elect and support your officers. I am looking forward to having you share in Masonic Fellowship with me in December.

Dear Brethren: As this is my final message to you as Master of your Lodge, I would like to take this opportunity to thank you for the honor you elected to bestow upon me a year ago. It has been a privilege to have been of service to you.

This has been an extremely difficult year for your Lodge as it relates to losing members through being called to their eternal reward. The most recent loss of Brother Clem Wetzer, who was your Senior Deacon, is of extreme consequence to the Lodge line of officers. Clem was an outstanding officer and individual who did everything asked of him and did it well. As you know, he served as your Lodge Secretary for three years before agreeing to accept the Senior Deacon position. His knowledge and ability will be sorely missed, and the Lodge will be hard put to replace this missing link.

Just three years ago at this time the Senior Warden was also lost in the same traumatic fashion, and the Lodge was just now beginning to come back into shape from that unhappy occurrence. It is not easy for a Lodge to build a solid line of officers, nor to have solid continuity in its continuing programs, when the Lodge line does not progress through the normal chairs.

Many times it is necessary for brothers to step out of the line because of their vocations; the Lodge, of course, must recover in the best way possible. However, when the Grand Architect calls home one of those who has spent considerable time and advanced well into the line, the break is much more severe and becomes much more difficult to mend.

Your Lodge officers for the coming year will need all the support you can give them in rebuilding the line in order to solidify the line of officers back into the control group it once was. I would have you keep in mind the annual election of officers on December 3 with the traditional oyster supper. Also, please consider the needs of our brothers and sisters at the Franklin Home when you send in your annual dues which are payable by January 1, 1971.

Again, Brothers, let me thank you for having honored me with the chair of Master. It has been a short year in many ways, and one which has offered more rewards than tribulations. May we continue to see you in Lodge as regularly as possible.

AGE IS BUT A QUALITY OF MIND

If you have left your dreams
If hope is lost,
If you no longer look ahead
Then you are old.
But, if from life you take
And if in life you keep the
If love you hold—
No matter how the years
No matter how the birthdays
You ARE NOT old.
